Authorization to purchase janitorial supplies from Network Services Company in partnership with Waxie Sanitary Supply will allow PMGAA to utilize the unit pricing that was competitively bid for janitorial supplies.

PMGAA is a participating member of the Omnia Partners, allowing it to utilize contract #202329-01 executed by the City of Tucson with Network Services Company in partnership with Waxie Sanitary Supply for Janitorial Supplies. This contract is available upon request.

Fiscal Impact
This expenditure was included in the FY24 operating budget and is funded under OPM Supplies & Maintenance: Operating Supplies.

Attachment(s)
None.

RESOLUTION NO. 23-29

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize the purchase of janitorial supplies from Network Services Company in partnership with Waxie Sanitary Supply for FY24, in an amount not to exceed $126,000.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes the purchase of janitorial supplies from Network Services Company in partnership with Waxie Sanitary Supply for FY24, in an amount not to exceed $126,000. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**

Date:	**June 20, 2023**

Proposed Motion
To authorize the purchase of Jet A fuel and 100LL Avgas from Ascent Aviation for Airport Authority resale in the amount of $3,995,750.

Narrative
The Phoenix-Mesa Gateway Airport Authority owns and operates Gateway Aviation Services, the airport's sole provider of retail aviation fuel.

Jet-A and 100LL Avgas are needed to provide aircraft fuel to tenant, transient, corporate, flight school, airline, and military customers.

Request for Proposals No. 2019-05 was issued, and Ascent Aviation was selected as the airport's fuel provider. Board Resolution No. 19-34 approved a multi-year contract between Phoenix-Mesa Gateway Airport Authority and Ascent Aviation

Fiscal Impact
This purchase was included in the FY24 operating budget and is funded under – CGS Jet-A and 100LL Avgas budgeted line items.

Subject:	**FY24 Purchase of Unleaded and Diesel Fuel – State Contract Vendors**
Date:	**June 20, 2023**

Proposed Motion
To authorize the purchase of Unleaded and Diesel fuel from the lowest priced State contract vendor at market prices for Airport Authority use and resale in an amount not to exceed $634,850. This amount will provide fuel for the 2024 fiscal year.

Narrative
The Phoenix-Mesa Gateway Airport Authority (PMGAA) owns and operates Gateway Aviation Services, the airport's sole provider of fuel for ground support equipment.

Unleaded and Diesel #2 are needed to provide fuel to tenant and airport ground support equipment.

As a qualified participant of the Arizona Department of Administration Sate Procurement Office (ADSPO), PMGAA can procure goods and services under state contracts. These contracts have been competitively bid and are available upon request.

Fiscal Impact
This purchase was included in the FY24 budget and is funded under Cost of Goods Sold and Fuel Usage for internal usage.

J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject: International Waste Management Services
Date: June 20, 2023

Proposed Motion
To authorize the purchase of international waste management services from Stericycle, Inc. (Stericycle) in an amount not to exceed $55,000.00 for fiscal year 2024.

Narrative
Services provided by Gateway Aviation Services include the disposal of international waste generated from arriving aircraft. This waste is regulated by the U.S. Department of Agriculture and strict laws must be followed in the disposal of such waste.

Animal and Plant Health Inspection Service (APHIS) regulated waste refers to all international waste from ocean liners, ships and planes which is not hazardous. Stericycle will collect, transport, treat and dispose of all APHIS waste and regulated garbage generated on all international flights arriving at the Phoenix-Mesa Gateway Airport. All APHIS waste collected by Stericycle is transported to a permitted facility for proper treatment by autoclaving and subsequent disposal.

PMGAA entered into an agreement with Stericycle on March 16, 2022, for waste disposal services under a sole source procurement as Stericycle was, and continues to be, the only vendor that provides this service in the Phoenix area. The agreement is for 36 months unless terminated earlier by either party and is available upon request.

Fiscal Impact
This purchase was included in the FY24 operating budget and is funded under Cost of Goods Sold-Ramp Services in the respective amount of $55,000.00.

Re: Resolution 23-33

To: Board of Directors
From: J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject: Gateway Executive Airpark - Lease Amendment 3
Date: June 20, 2023

Proposed Motion
To authorize Amendment 3 to the Land Lease Agreement with Gateway Executive Airpark, LLC for lots 11-14 in order to add an additional 19,386.18 square feet to the Premises.

Narrative
The Phoenix-Mesa Gateway Airport Authority ("Lessor") and Gateway Executive Airpark, LLC ("Lessee") entered into a Land Lease Agreement (the "Lease") on October 1, 2019 for lots 11-14, consisting of approximately 12.25 acres of land (the "Premises") for the purposes of developing a hangar complex consisting of approximately 180,000 square feet (the "Improvements").

When the original Land Lease agreement was executed between the Parties, there was an omission in the depicted Exhibit A's and Premises identification. This proposed Amendment #3 will add an additional 19,386.18 square feet to the Premises to correct this omission.

Financial Impact
Amendment 3 will increase Gateway Executive Airpark, LLC's lease payment by $814.80 per month, or $9,777.60 annually.

Phoenix-Mesa Gateway Airport Authority

THIRD AMENDMENT TO LEASE

This THIRD AMENDMENT TO LEASE ("Amendment 3") is executed to be effective as of the FIRST (1st) day of JULY 2023 ("Amendment 3 Effective Date") by and between the **PHOENIX-MESA GATEWAY AIRPORT AUTHORITY**, a joint powers airport authority authorized and existing under the laws of the State of Arizona ("Lessor"), and **GATEWAY EXECUTIVE AIRPARK, LLC,** an Arizona limited liability company ("Lessee").

WITNESSETH:

WHEREAS, Lessor and Lessee are parties to that certain Land Lease dated and effective the FIRST (1st) day of OCTOBER 2019, as amended by the First Amendment to Lease dated the TWENTY-FIRST (21st) day of October 2020, and the Second Amendment to Lease dated the FIRST (1st) day of October 2022 (collectively, the "Lease"), with respect to that certain real property at the Airport commonly described as LOT 11, LOT 12, LOT 13, and LOT 14 which real property is more particularly described in the Lease and referred to in the Lease as the "Premises".

WHEREAS, the Parties desire to enter into this AMENDMENT 3 in order to add an additional NINETEEN THOUSAND, THREE HUNDRED AND EIGHTY-SIX 18/100 (19,386.18) square feet of land into the Premises, which was incorrectly depicted in the original Lease.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained in this AMENDMENT 3 and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Each capitalized term used in this Amendment 3 and not defined herein shall be deemed to have the same meaning ascribed to it in the Lease.

2. The third WHEREAS is hereby deleted in its entirety and replaced with the following:

   WHEREAS, Lessor desires to Lease to Lessee, and Lessee desires to lease from Lessor, that certain real property at the Airport described as LOT 11, LOT 12, LOT 13, and LOT 14, consisting of a total of approximately 12.694 acres of land (552,936 square feet), as set forth in **Exhibit A** attached hereto (the "Premises"); and

3. The provisions of SECTION 4.1 are hereby deleted in their entirety and replaced with the following:

   4.1 Base Rent. Subject to the increases provided in Section 4.3 and 4.4 below, Lessee agrees to pay Lessor annual rent for the use of the Premises in the amount of TWO HUNDRED SEVENTY-EIGHT THOUSAND, EIGHT HUNDRED SEVENTY-EIGHT AND 80/100 DOLLARS ($278,878.80), payable in monthly installments of TWENTY-THREE THOUSAND, TWO HUNDRED THIRTY-NINE AND 90/100 DOLLARS ($23,239.90) (the "Base Rent"). The Base Rent shall be payable in advance, without any prior demand therefor and without any

abatement, deductions or set-offs whatsoever, except as expressly set forth in this Lease, and tendered in lawful currency of the United States, either by check or electronic transfer.

4. The contents of **Exhibit A** are hereby deleted in their entirety and replaced with the **Exhibit A** attached hereto.

5. Lessee warrants and represents to Lessor that: (i) all necessary actions have been taken to authorize the execution of this AMENDMENT 3 by Lessee; (ii) the persons who have executed this AMENDMENT 3 on behalf of Lessee are duly authorized to do so; and (iii) this AMENDMENT 3 constitutes a legal, valid and binding obligation of Lessee, enforceable against Lessee in accordance with its terms and the terms of the Agreement.

6. In all other respects the Lease shall remain unchanged and in full force and effect. The Lease, as amended by this AMENDMENT 3 shall continue to be binding upon Lessor and Lessee and their permitted successors and assigns.

7. All of the Recitals set forth above are incorporated into this AMENDMENT 3 by this reference.

IN WITNESS WHEREOF, the Parties have entered into this AMENDMENT 3 as of the date first set forth above.

Board Action Item

Re: Resolution 23-34

To:	**Board of Directors**
From:	**J. Brian O'Neill, A.A.E., Executive Director/CEO**
Through:	**PMGAA Executive Team**
Subject:	**PMGAA Market Adjustment**
Date:	**June 20, 2023**

Proposed Motion
To approve an unscheduled 5% market adjustment for the PMGAA Executive Director/CEO.

Narrative
As part of PMGAA's ongoing employee retention and recruitment program, all PMGAA employees will receive an unscheduled 5% market adjustment on July 1, 2023. This action was initiated to address compensation competitiveness within the industry and the region, as well as acknowledge the continued inflationary pressures being experienced by all PMGAA employees.

The PMGAA Board is being asked to consider approving a similar unscheduled 5% market adjustment for the Executive Director/CEO. This adjustment will become effective on July 1, 2023 and will also help address organizational compensation compression concerns.

Fiscal Impact
If approved, this request represents an approximately $11,800 impact to PMGAA's FY24 budget.

Board Action Item

Re: Resolution 23-35

To:	**Board of Directors**
From:	**Margi EvanSon, Operations & Maintenance Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**ARFF Maintenance IGA**
Date:	**June 20, 2023**

Proposed Motion

To authorize an amendment extending the existing Intergovernmental Agreement (IGA) with the City of Mesa for Aircraft Rescue and Firefighting (ARFF) Maintenance, effective July 1, 2023, through June 30, 2024, with costs estimated to be approximately $40,000.

Narrative

The Phoenix-Mesa Gateway Airport Authority (PMGAA or Airport) contracts with the City of Mesa (Mesa or Mesa Fire) to provide maintenance aircraft rescue and fire-fighting services (ARFF). In addition, PMGAA utilizes Mesa Fire's fleet services group to maintain its ARFF Apparatus and equipment. The existing agreement for maintenance services expires on June 30, 2023.

Both entities have determined that it is mutually beneficial for the Mesa Fire Department to provide ARFF Apparatus and equipment maintenance services for the PMGAA.

Arizona Revised Statues (A.R.S), §§ 11-951 et seq., authorizes Mesa and PMGAA to enter intergovernmental agreements for the provision of services, or for joint or cooperative actions. The IGA may be modified by a written amendment approved by the City Council and PMGAA Board of Directors pursuant to A.R.S. § 11-952.

Fiscal Impact

This agreement was included in the FY24 operating budget and is funded under RM: Vehicles.

Agreement Amendment Number 1
Agreement Number: 20200056

This FIRST AMENDMENT to the Intergovernmental Agreement for Fire Vehicles and Equipment Maintenance Services is executed to be effective as of June 5, 2023 by and between the PHOENIX MESA GATEWAY AIRPORT AUTHORITY, a joint powers airport authority authorized by the State of Arizona, its successors and assigns ("PMGAA") and the City of Mesa, an Arizona municipal corporation ("the City"). PMGAA and City may be referred to jointly as "Parties," and each separately as a "Party". This AMENDMENT 1 hereby amends that certain Intergovernmental Agreement for Fire Vehicles and Equipment Maintenance Services between PMGAA and City dated and effective July 21, 2020 (the "Agreement"), with respect to the Term of the Agreement and the compensation paid to City by PMGAA for the services.

WITNESSETH:

WHEREAS, PMGAA and City desire to enter into this AMENDMENT 1 in order to modify the Agreement;

WHEREAS, PMGAA and City desire to modify the Term of the Agreement and compensation paid.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained in this AMENDMENT 1 and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. The original Agreement expires on June 30, 2023. By signing below, City and PMGAA agree to extend the Agreement for one (1) year. The new Agreement expiration date is June 30, 2024.

2. **Section 2.2, PMGAA responsibilities and obligations, Subsection (a) paragraph (i).** Effective July 1, 2023: The hourly labor rate paid by PMGAA to the City is hereby amended to $112.49 per hour for Weekday Services during the new Term of the Agreement.

3. **Section 2.2, PMGAA responsibilities and obligations, Subsection (a) paragraph (ii).** Effective July 1, 2023: The hourly labor rate paid by PMGAA to the City is hereby amended to $125.79 per hour for Non-Weekday Services during the new Term of the Agreement.

All other terms and conditions of the Agreement, not changed by this AMENDMENT 1, remain in full force and effect.

Board Action Item

Re: Resolution 23-36

To: Board of Directors
From: Matthew McClung, Economic Development & Real Estate Specialist
Through: J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject: Straube's Aircraft Services Inc. – Facility Lease Agreement
Date: June 20, 2023

Proposed Motion
To authorize a Facility Lease Agreement with Straube's Aircraft Services Inc. for the property located at 6262 S. Taxiway Circle, Mesa, AZ 85212 with an Effective Date of July 1st, 2023. The Term for the Agreement is thirty-six (36) months, terminating on June 30th, 2026, with one (1), two (2) year renewal option.

Narrative
Straube's Aircraft Services Inc. ("Straube's") will lease the facility located at 6262 S. Taxiway Circle, Mesa, AZ 85212 and be permitted to conduct an aeronautical painting and refurbishment business.

Agreement Term and Rate
The Term of this Facility Lease Agreement is three (3) years commencing on July 1st, 2023. The Agreement provides one (1) additional renewal period of two (2) years.

The Base Rent for the facility is $70,776.00 annually paid in monthly installments of $5,898.00 plus applicable taxes. The Base Rent will increase by three percent (3%) on every twelve (12) month anniversary of the Effective Date of the Agreement.

Straube's will have the opportunity to receive a monthly Rent Credit in the amount of $868.00 for a duration of twenty-four (24) months during the Term. The Rent Credit is contingent on Straube's investing a minimum amount of $21,552.00 in facility improvements to be verified by Airport staff. The opportunity to initiate the Rent Credit expires on June 30th, 2024.

Attachment(s)
Facility Lease Agreement

RESOLUTION NO. 23-36

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize a Facility Lease Agreement with Straube's Aircraft Services Inc. for the property located at 6262 S. Taxiway Circle, Mesa, AZ 85212 with an Effective Date of July 1st, 2023. The Term for the Agreement is thirty-six (36) months, terminating on June 30th, 2026, with one (1), two (2) year renewal option;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes a Facility Lease Agreement with Straube's Aircraft Services Inc. for the property located at 6262 S. Taxiway Circle, Mesa, AZ 85212 with an Effective Date of July 1st, 2023. The Term for the Agreement is thirty-six (36) months, terminating on June 30th, 2026, with one (1), two (2) year renewal option. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**

Passed and adopted by the Authority this 20th day of June, 2023.

Phoenix-Mesa Gateway Airport Authority
FACILITY LEASE

This Facility Lease (the "**Lease**") is executed to be effective the FIRST (1st) day of JULY 2023 ("**Effective Date**") between the **PHOENIX-MESA GATEWAY AIRPORT AUTHORITY**, a joint powers airport authority authorized and existing under the laws of the State of Arizona ("**Lessor**"), and **STRAUBE'S AIRCRAFT SERVICES, INC.**, an Arizona corporation ("**Lessee**"). Lessor and Lessee may be referred to jointly as "Parties," and each separately may be referred to as a "Party."

WITNESSETH:

WHEREAS, Lessor is the owner and operator of the Phoenix-Mesa Gateway Airport generally located at the intersection of Ray Road and Sossaman Road, City of Mesa, Maricopa County, Arizona ("**Airport**"); and

WHEREAS, Lessor has the right to lease, license and grant the use of property and facilities on the Airport and has full power and authority to enter into this Lease in respect thereof; and

WHEREAS, Lessor desires to lease to Lessee, and Lessee desires to lease from Lessor, that certain real property at the Airport located at 6262 S. Taxiway Circle, Mesa, AZ 85212, and described as Building 1086, consisting approximately FIVE THOUSAND EIGHT HUNDRED NINETY-EIGHT (5,898) square feet, as set forth in **EXHIBIT A** attached hereto ("**Premises**"); and

WHEREAS, Lessor desires to lease the Premises to Lessee on the terms and conditions set forth herein;

NOW THEREFORE, in consideration of the foregoing and of the mutual covenants and agreements herein contained, the Parties do hereby undertake, promise, and agree, each for itself and its successors and assigns, as follows:

1. LEASE

Lessor hereby leases the Premises to Lessee, subject to all easements and rights of way that may encumber the Premises, and further subject to all operational and use restrictions and other terms and conditions set forth in this Lease.

1.1 Right to Use Premises. Lessor agrees that so long as no Event of Default shall have occurred and is continuing, Lessee shall peaceably have and enjoy the use of the Premises without hindrance from Lessor and those claiming through Lessor. Lessee specifically acknowledges that Lessee has inspected the Premises prior to entering into this Lease and agrees to accept the Premises in an "as is, where is" condition without any warranty or representation from Lessor, either express or implied, of any kind or nature whatsoever with respect to the Premises, including, but not limited to, any warranty of merchantability, habitability, or fitness for any particular or specific purpose, and all such warranties are hereby disclaimed, except for representations and warranties contained in this Lease. Should Lessee desire any inspection report, environmental assessment, survey, creation of a legal description, drainage report, or any similar study, Lessee shall be responsible for the same at Lessee's sole expense. Lessor agrees to cooperate with Lessee, at no or nominal cost to Lessor, in connection with such activities and undertakings.

1.2 Substitution of Premises. In addition to Lessor's other rights set forth in this Lease, Lessor reserves the right, upon no less than Ninety (90) calendar days prior written notice to Lessee, to substitute Comparable Areas for all or any portion of the Premises, including any additions, alterations or improvements thereon, should Lessor, in its reasonable discretion, determine that taking of the Premises, any portion thereof

or any improvement thereon, is required for other Airport purposes, and there exists no appropriate alternative. In the event Lessor makes the determination to exercise its rights to substitute, all title, right and interest to the portion of the Premises taken shall immediately vest in Lessor on the date that is Ninety (90) calendar days following receipt of Lessor's notice, or such later date as specified therein. Furthermore, Lessor may require Lessee to vacate any portion, or all of the Premises taken. For the purposes of this Section 1.2, the term "Comparable Areas" is defined to mean other facilities at the Airport, or any additions or extensions thereof, similar in size to the Premises, brought to the same level of improvement as the Premises and having the same or similar usefulness to Lessee as the portion taken. Lessor shall bear all expenses of bringing the substituted area to the same level of improvement as the Premises, and of moving Lessee's improvements, equipment, furniture, and fixtures to the substituted area. If any of Lessee's improvements, equipment, furniture or fixtures cannot be relocated, Lessor shall replace, at Lessor's expense, such non-relocatable improvements and other property with comparable property in the Premises, and Lessor shall be deemed the owner of the non-relocated improvements and other property, free and clear of all claims of any interest or title therein by Lessee, or any other third party whomsoever. It is the specific intent of this Section 1.2 that Lessee be placed, to the extent possible, in the same position it would have been, had Lessor not substituted new premises for the Premises; provided, however, that Lessor shall not be obligated to reimburse Lessee for any damages, including lost profits or revenues, due to such substitution. Notwithstanding the foregoing, Lessor shall use reasonable efforts to avoid disruption to Lessee's business.

1.3 Access. Lessee is granted the right of reasonable access to and from the Premises via such portions of the Airport as are or may be necessary to allow Lessee to conduct its business operations permitted herein at and on the Premises and the Airport. Lessor reserves the right to designate the location of such access and to change its location from time to time, as Lessor deems reasonably necessary and appropriate; provided such changes do not materially interfere with Lessee's use of or access to the Premises.

1.4 Permitted Uses. Subject to the provisions of SECTION 1.5, Lessee may use the Premises for painting/refinishing of aircraft and general storage, office space, and related uses and for no other use. Lessee's use of the Premises and operation of its business at and on the Airport and the Premises is subject to all applicable laws, rules, and regulations of any governmental authority, including Lessor, and to Lessee's compliance with applicable provisions of the *Airport Rules and Regulations* and *Airport Minimum Standards*.

1.5 Prohibited Activities. Lessee shall not use or permit its agents, employees, contractors, invitees, licensees or customers to use the Premises or the Airport for any use that is in violation of the *Airport Rules and Regulations*, the *Airport Minimum Standards*, any matters of record, or applicable laws, rules, regulations and operating policies of any governmental authority, including Lessor, or for any other activity or operation not specified in SECTION 1.4 herein, or that does not have advance, written approval of Lessor's Executive Director.

1.6 On-Site Manager. Upon commencement of business operations at and on the Premises and the Airport, Lessee shall designate an on-site manager for the term of this Lease who shall be available to Lessor and Lessee's customers, if any, during normal business hours, and otherwise as required by the *Airport Minimum Standards*, as applicable.

1.7 Lessee Acknowledgement. Lessee acknowledges and agrees that its obligations to pay Base Rent and all other charges due and owing under the terms hereof shall be absolute and unconditional, and shall not be affected by any circumstances whatsoever, including, without limitation: (i) any set-off, counterclaim, recoupment, defense or other right which Lessee may have against Lessor or the United States of America or anyone else for any reason whatsoever; (ii) any liens, encumbrances or rights of others with respect to the Premises; (iii) the invalidity or unenforceability or lack of due authorization or other infirmity of this Lease or any lack of right, power or authority of Lessor or Lessee to enter into this Lease; (iv) any insolvency, bankruptcy, reorganization or similar proceedings by or against Lessee, or any other person; or (v) any other cause, whether similar or dissimilar to the foregoing, any future or present law notwithstanding, it being the intention of the Parties hereto that all rent being payable by Lessee hereunder shall continue to be payable in all events and in the manner and at the times provided herein.

2. TERM

2.1 Initial Term. The initial term of this Lease shall be for a period of THREE (3) years, commencing on the Effective Date and terminating on JUNE 30, 2026, thereafter ("**Term**").

2.2 Renewal Term(s). Provided Lessee is not then in default of this Lease and subject to written approval of Lessor, the Parties shall have the option of extending the Term for ONE (1) additional period of TWO (2) years ("**Extension**"). Lessee may initiate the Extension by giving written notice to Lessor of its desire to do so no later than NINETY (90) calendar days prior to the expiration of the Term, as set forth in SECTION 2.1 herein. If Lessee has properly notified Lessor of its desire to exercise the Extension and Lessor approves such in writing, then Lessee's Extension of the Term of this Lease shall become effective and all references herein to "Term" shall mean the initial term as extended.

3. NONEXCLUSIVE RIGHTS

Lessee shall have the exclusive right to occupy and use the Premises while in compliance with the terms and conditions of this Lease, subject to Section 27 below. All other rights granted to Lessee under this Lease are nonexclusive. Lessor may, in its sole discretion and at any time, permit third parties to conduct any and all business activities at the Airport that Lessor deems appropriate, or conduct such activities itself, provided that such activities do not require or materially interfere with Lessee's use of the Premises.

4. RENT

4.1 Base Rent. Subject to the increases provided Section 4.3 below, Lessee agrees to pay Lessor annual rental for the use of the Premises in the amount of SEVENTY THOUSAND SEVEN HUNDRED SEVENTY-SIX AND 00/100 DOLLARS ($70,776.00), payable in equal monthly installments of FIVE THOUSAND EIGHT HUNDRED NINETY-EIGHT AND 00/100 DOLLARS ($5,898.00) (the "**Base Rent**").

The Base Rent shall be payable in advance, without any prior demand therefor and without any abatement, deductions or set offs whatsoever, and tendered in lawful currency of the United States, either by check or electronic transfer.

4.2 Reserved.

4.3 Rent Increases. The annual Base Rent paid by Lessee shall be increased (but never decreased) on every TWELVE (12) month anniversary of the Effective Date of this Lease by THREE (3%) percent.

4.4 Reserved.

4.5 Credit to Base Rent. Lessor shall provide Lessee a monthly credit to Lessee's Base Rent payments equal to EIGHT HUNDRED NINETY-EIGHT AND 00/100 DOLLARS ($898.00) (the "**Rent Credit**") for a duration of TWENTY-FOUR (24) months, subject to the conditions outlined in Section 4.5.1 below. The Rent Credit reflects the agreed amount between the Parties for costs incurred by Lessee for improvements made to the Premises during Lessee's occupancy thereof. The Parties acknowledge and agree that the Rent Credit comprises and constitutes full payment to Lessee for those improvements.

4.5.1 Rent Credit Commencement. Lessee shall be granted the Rent Credit, subject to the following terms and conditions:

a. Prior to receiving the Rent Credit, Lessee must invest a minimum amount of TWENTY-ONE THOUSAND FIVE HUNDRED FIFTY-TWO AND 00/100 DOLLARS ($21,552.00) in facility improvements. Lessor shall verify the amount invested by reviewing receipts, paid invoices, and other documentation provided by Lessee.

b. Lessee shall pay all other monthly rent and charges due under the lease agreement on time and in full.

c. Lessee shall comply with all other terms and conditions of the lease agreement.

d. The Rent Credit shall be extinguished after a period of TWENTY-FOUR (24) months and Base Rent shall be paid as defined herein for the remainder of the Term.

e. The eligibility period to initiate the Rent Credit expires TWENTY-FOUR (24) months prior to the expiration of the Term on June 30, 2024.

In the event that Lessee breaches any of the conditions above, Lessor reserves the right to terminate the Rent Credit and to demand payment of the full monthly Base Rent without deduction or offset. These conditions shall be included in the lease agreement between Lessor and Lessee.

4.6 Airport Rates and Charges Schedule. Lessee or its subtenants, as applicable and including its contractors, agents, etc., shall pay all fees identified in the most current *Airport Rates and Charges Schedule* and/or *Airport Fees, Services and Rental Rates Schedule* at the time of receipt of any covered service or use of any covered facilities, unless specifically outlined in this Lease. The current *Airport Rates and Charges Schedule* and *Airport Fees, Services and Rental Rates Schedule* are included as **EXHIBIT B** and are subject to change without prior notice to or approval of Lessee. Lessee acknowledges and agrees that Lessor may amend the *Airport Rates and Charges Schedule* and/or *Airport Fees, Services and Rental Rates Schedule* at any time at Lessor's sole discretion. No fee shall apply to the use of the Premises or access to the Premises.

4.7 Payment.

4.7.1 Unless otherwise specified herein, the first payment of Base Rent shall be paid to Lessor upon the delivery of this Lease, for the period from the Effective Date until the end of the calendar month in which the Effective Date occurs, prorated on the basis of the number of such days to the total number of days in said month. Thereafter, all Base Rent payments shall be paid in monthly installments, in advance, on the first day of each calendar month ("**Base Rent Due Date**"). On each such date, Lessee shall pay the full Base Rent payment.

4.7.2 No payment to or receipt by Lessor of a lesser amount than that which is due and payable under the provisions of this Lease at the time of such payment shall be deemed to be other than a payment on account of the earliest payment due, nor shall any endorsement or statement on any check or payment prejudice in any way Lessor's right to recover the balance of such payment or pursue any other remedy provided in this Lease or by law.

4.7.3 All payments (and reports, if any) required by this SECTION 4.7 shall be remitted to the following address by the due date(s) specified hereinabove:

Phoenix-Mesa Gateway Airport Authority
Attn.: Department of Finance (Accounts Receivable)
5835 S. Sossaman Road
Mesa, Arizona 85212-6014

or such other address specified in writing by Lessor to Lessee.

4.8 Finance Charges and Late Fees. If Lessee fails to pay any installment of Base Rent or any other charge due and owing to Lessor in full on or before the applicable due date, Lessee shall be responsible for interest on the unpaid installment at the rate of EIGHTEEN PERCENT (18%) per annum (but not to exceed the maximum interest rate permissible by law), from the due date until payment in full is made. In addition, in the event any installment of Base Rent or other charge owing to Lessor is paid more than TEN (10) days after the due date, a late penalty of TEN PERCENT (10%) of the amount of such delinquent Base Rent installment or other charge shall be due and payable in addition thereto.

4.9 Taxes. Lessee shall pay, prior to delinquency, any leasehold tax, sales tax, personal property tax, transaction privilege tax, license or permit fee, or any other tax or assessment imposed during the Term against the Premises or as the result of Lessee's occupancy of Premises or conduct of any activity at the Airport

under authority of this Lease, including any such tax assessable on Lessor. Lessee shall pay such taxes and assessments directly to the taxing authority charged with collecting such taxes and assessments, provided that in the event that laws or judicial decisions result in the imposition of a real property tax or any other form of tax or imposition on the interest of Lessor and to the extent such taxes are reasonably attributable to the Premises or a portion thereof or the operation of Lessee's business, Lessee shall pay such amounts to Lessor in the manner set forth in Section 4.7. Such taxes to be paid directly to Lessor include, without limitation, payment of all rent taxes, i.e., taxes imposed specifically on the gross receipts in the form of rent received by Lessor.

4.10 Survival. Lessee's obligation to pay all amounts stated herein, together with any interest thereon and/or penalties therefor, shall survive the termination of this Lease.

5. PERFORMANCE GUARANTEE

5.1 Security Deposit.

5.1.1 On or before the Effective Date, Lessee shall pay to Lessor an amount equivalent to ELEVEN THOUSAND SEVEN HUNDRED NINETY-SIX AND 00/100 DOLLARS ($11,796.00), as a security deposit ("Security Deposit") to insure the faithful performance of all of Lessee's obligations hereunder.

5.1.2 The Security Deposit, at the election of Lessor, may be applied in reduction of any loss and/or damage sustained by Lessor by reason of the occurrence of any breach, nonperformance, or default by Lessee under this Lease without the waiver of any other right or remedy available to Lessor at law, in equity or under the terms of this Lease. If any portion of the Security Deposit is so used or applied, Lessee shall, within FIVE (5) business days after written notice from Lessor, deposit with Lessor immediately available funds in an amount sufficient to restore the Security Deposit to its original amount. In the event of a sale or other transfer of the Premises by Lessor, Lessor shall transfer the remaining balance (if any) of the Security Deposit to Lessor's successor in interest, whereupon the transferor Lessor shall be released from liability to Lessee for the return of such Security Deposit. Unless this Lease is terminated as a result of Lessee's default whereupon Lessee shall immediately forfeit its Security Deposit to Lessor, upon termination, Lessor shall return to Lessee all portions of the Security Deposit which were not otherwise applied by Lessor as permitted above. Lessor shall have no obligation to maintain a separate account for such security deposit and shall have no obligation to pay interest thereon.

5.2 Construction Payment and Performance Guarantees.

5.2.1 Payment Guarantee. Notwithstanding and in addition to the Security Deposit, Lessee shall protect claimants supplying labor and materials in connection with any construction on the Premises, by providing, at Lessee's sole cost and expense and prior to commencement of construction of any improvements on the Premises, one of the following instruments, chosen at Lessee's discretion:

(a) Payment Bond. Lessee shall require the contractor to provide a labor and materials payment bond in the full contract amount to protect claimants supplying labor and materials in connection with the construction. The bond shall comply in all respects with the requirements of A.R.S. § 33-1003 as it may be amended or renumbered from time to time. The parties agree that Lessee is not a public body, and the improvements to be constructed under this Lease by Lessee at Lessee's sole cost are not public buildings, public works, or public improvements. The bond shall be issued by a surety company reasonably acceptable to Lessor and duly licensed for such undertaking in the state of Arizona and shall be accompanied by a power of attorney disclosing the authority of the person executing it on behalf of the surety. The bond and a copy of the contract shall be recorded in the office of the Maricopa County Recorder as required under A.R.S. § 33-1003, and a copy of the bond shall be provided to Lessor; or

(b) Letter of Credit. Such instrument ("**Letter of Credit**") shall be irrevocable, in an amount equal to the total amount of the construction contract(s) for the construction of the Improvements (as defined in Section 7 below) plus TEN PERCENT (10%) of such amount ("**Improvement Costs**") and be issued to Lessee by a financial institution ("**Bank**") reasonably acceptable to Lessor. The Letter

of Credit shall have a term extending from the date of commencement of construction until the date which is TWENTY-FOUR (24) months thereafter, after which date it shall be renewed on a year-to-year basis until construction of the Improvements are completed, and final and unconditional lien waivers have been obtained from all contractors supplying labor and materials in connection with the construction. Should Lessee utilize the Letter of Credit option hereunder, and should Lessee fail to pay any sum owing to contractors supplying labor and materials in connection with the construction then, in addition to any other remedies set forth in this Lease, Lessor shall be entitled to apply to the Bank, following a period of THIRTY (30) calendar days prior written notice to Lessee (which notice shall include a reasonably-detailed description of Lessee's failure to pay any sum owing), for release to Lessor (in accordance with the terms of the Letter of Credit) from the Letter of Credit of a dollar amount sufficient to pay amounts owing to contractors supplying labor and materials in connection with the construction and obtain final, unconditional lien waivers in connection therewith. Lessor's application shall contain evidence of the failure of payment and the estimated dollar amount needed to satisfy payment obligations. The terms of the Letter of Credit shall require prompt payment to Lessor for the amount set forth in Lessor's application upon satisfaction of the conditions set forth in the Letter of Credit. Upon and following any partial payment to Lessor, the Letter of Credit shall remain in full force for the remaining undisbursed amount of the Letter of Credit to accommodate further applications, if any, and shall not be subject to cancellation or revocation until fully drawn or otherwise released or satisfied upon completion of construction of the Improvements and final, unconditional lien waivers have been obtained from all contractors supplying labor and materials in connection with the construction. Lessor must approve the form and content of any Letter of Credit in writing, which approval shall not be unreasonably withheld, conditioned, or delayed.

5.2.2 Performance Guarantee. In addition to the Security Deposit, Lessee's obligation to timely complete the Improvements shall be secured, at Lessee's sole cost and expense and prior to commencement of construction of said Improvements, by any one of the following instruments, chosen at Lessee's discretion:

(a) Performance Bond. Lessee shall require the contractor to provide a performance bond in the full contract amount conditioned upon the faithful performance of the contract in accordance with plans, specifications, and conditions thereof. The bond shall be in a form reasonably acceptable to Lessor; shall be issued by a surety company reasonably acceptable to Lessor and duly licensed for such undertaking in the state of Arizona; and shall be accompanied by a power of attorney disclosing the authority of the person executing it on behalf of the surety.; or

(b) Completion Bond. Lessee shall deliver to Lessor a completion bond in form and substance reasonably acceptable to Lessor pursuant to which Lessor shall have the unconditional, direct and unilateral right to draw upon or use such bond for completion of construction of the Improvements under Section 7.1 of this Lease if an Event of Default occurs and is continuing under Section 7.2. of this Lease. The bond shall be in a form reasonably acceptable to Lessor; shall be issued by a surety company reasonably acceptable to Lessor and duly licensed for such undertaking in the state of Arizona; and shall be accompanied by a power of attorney disclosing the authority of the person executing it on behalf of the surety.

6. AIRPORT OPERATING AGREEMENT

If and to the extent that Lessee, including its subtenants, contractors, and agents, operates aircraft at or on the Airport, Lessee shall enter, or shall cause its subtenants, contractors or agents to enter, into an Operating Agreement with Lessor covering such operations prior to the commencement of any such operations. If any of Lessee's subtenants, subcontractors or agents have not entered into its own *Airport Operating Agreement* and is operating under Lessee's *Airport Operating Agreement*, Lessee shall be responsible for such subtenant's contractors or agents' compliance with Lessee's *Airport Operating Agreement*. Lessee shall be responsible for compliance by its subtenants, contractors and agents with the *Airport Rules and Regulations* and *Airport Minimum Standards*.

7. IMPROVEMENTS

7.1 Reserved.

7.2 Reserved.

7.3 No Alterations. Lessee shall make no material improvements or alterations to the Premises during the Term of this Lease without the prior written permission of Lessor, which shall not be unreasonably withheld or delayed and, if and to the extent applicable, without the approval by Lessor's Design Review Committee. Lessee shall provide Lessor with electronic as-built drawings (or their equivalent) when any improvement or alteration is completed for which such drawings are reasonably required.

7.4 Title to Alterations and Improvements. Title to all improvements and alterations on the Premises (but not personal property or trade fixtures) shall automatically vest in Lessor upon the expiration or termination of this Lease, and Lessee agrees to execute and deliver to Lessor, within TEN (10) business days after Lessor's request therefor, a quitclaim deed or other instrument satisfactory to Lessor confirming that title to such improvements and alterations is vested in Lessor. This Section 7.4 shall survive the termination of this Lease.

7.5 Mechanics' Liens. Lessee shall keep the Premises and all improvements constructed by Lessee thereon free of any mechanic or materialmen's liens. In the event that any such lien is filed, Lessee shall, at its sole cost, cause such lien to be removed from the Premises by bonding or otherwise within THIRTY (30) calendar days of notice thereof.

7.6 Permit Required. Lessee shall be responsible for determining whether it is subject to local building/construction codes or permit requirements, and for compliance with them to the extent they are applicable. All structural, electrical, plumbing, or mechanical construction or reconstruction shall conform to City of Mesa ("**City**") construction and technical codes. No such work shall be commenced without first submitting required plans and obtaining required permits from the City. All such work shall be permitted, inspected, and approved by the City prior to concealment or use. Lessee shall provide to Lessor a contemporaneous copy of Lessee's permit application and the associated plans and specifications.

7.7 Damage or Destruction. Lessee shall maintain insurance on all of Lessee's Improvements to the Premises, including any subsequent alterations and improvements thereto. In the event that all or any portion of Lessee's Improvements are destroyed or rendered unusable due to fire or other catastrophe, Lessee shall replace, repair, restore, modify, or improve said Improvements, subject to the provisions of SECTION 7.6, using available insurance proceeds together with any additional funds from other available sources, or, alternatively, Lessee shall pay the replacement cost of the Improvements to Lessor.

8. MAINTENANCE

8.1 *Lessee.* Lessee shall, at its sole cost and expense, keep the Premises and all improvements therein in a neat and clean condition and in good order, condition, and repair throughout the Term. In doing so, Lessee shall prepare, maintain, and follow a preventative maintenance schedule for all mechanical, electrical, plumbing, drain, piping and air conditioning systems on the Premises, and, upon request, provide a copy of such schedule to Lessor and, if required by Lessor, a list of the dates on which such maintenance was actually done. Lessee's maintenance of the Premises shall include, without limitation, the inspection, servicing and repair of all systems and improvements, including the boilers, interior roof and structures, hangar doors, electrical, plumbing, heating, and cooling, pavements, pest control, landscaping, and grounds maintenance.

8.2 *Lessor.* Lessor shall, at its sole cost and expense, sustain and maintain the structural integrity of the Premises, including the exterior roof, fire suppression system and all utility connections where they enter the Premises throughout the Term.

8.3 Damage to Lessor Property. Any real or personal property of Lessor damaged or destroyed by Lessee as a result of Lessee's use or occupancy of the Premises shall be promptly repaired or replaced by Lessee to the satisfaction of Lessor. In lieu of such repair or replacement, where required by Lessor, Lessee shall pay to Lessor an amount sufficient to compensate for the loss sustained by Lessor.

8.4 Trash Removal. Lessee shall at all times keep the Premises in a neat, clean, safe, sanitary, and orderly condition and shall keep such area free of all trash and debris. Lessee shall, at Lessee's expense, be

responsible for all trash removal from the Premises. Such trash removal shall be performed on a not less than weekly basis, and all trash shall be disposed of off the Airport. Prior to its removal from the Airport, Lessee shall deposit all trash and debris only at collection stations located on the Premises, in accordance with City code.

8.5 Emergency Contacts. Within FIFTEEN (15) days of the Effective Date, Lessee shall provide Lessor with a list of names and telephone numbers for 24-hour emergency contact for the Premises. Lessee shall promptly provide Lessor with updated lists and changes as they occur.

9. ASSIGNMENT, SUBLETTING AND OTHER TRANSFERS

9.1 Any Transfer of Lease Interest Requires Lessor Advance Written Approval. In the event Lessee desires to transfer, assign, encumber, pledge or hypothecate any portion of its interest in this Lease or any right or interest hereunder (including, but not limited to as part of a mortgagor deed of trust or an assignment by means of a foreclosure or trustee's sale thereunder)(individually and collectively, ("**Transfer**"), Lessee must obtain the prior written consent of Lessor, with such consent to be the in sole and absolute discretion of Lessor without exception. In connection with Lessee's request for Lessor's approval of a Transfer, Lessee and or the proposed transferee shall provide to Lessor written financial assurances, including, but not limited to financial statements, business plans and other information related to the financial condition and plans of any proposed transferee. Notwithstanding a Transfer, unless released in writing by Lessor in its sole and absolute discretion Lessee shall remain liable at law and at equity, as well as financially liable, under the Lease, regardless of whether the assignee expressly assumes in writing all of Lessee's obligations under this Lease or in the case of a sublease. Lessee understands and agrees to these terms and conditions regarding any proposed Transfer, and that any violation of this Section 9, may irreparably harm Lessor as the requirements set forth herein are directly related to Lessor's (and any Lessee's) legal and financial obligations to the Federal Aviation Administration. This Section 9 shall remain valid and enforceable even in the event of amendment to or repeal of FAA regulations, so long as this Section 9 does not directly conflict therewith.

9.2 Lessee's Required Advance Notice to Lessor of Proposed Transfer. In order for Lessor to consider approval of a Transfer, Lessee must: (i) notify Lessor in writing at least Forty-five (45) days prior to such proposed transfer; (ii) deliver to Lessor, at the time of Lessee's notice, current financial statements of Lessee and the proposed transferee (along with transferee's business plans) that are reasonably acceptable to Lessor; and (iii) the transferee assumes and agrees in writing to perform Lessee's obligations under this Lease. However, nothing herein shall be construed as Lessor providing its consent to any Transfer or relieving Lessee of any legal, financial, or other obligation under the Lease, regardless of Lessor's acceptance or refusal to accept such proposed transfer of Lease.

9.3 Deemed Transfers. For the purposes of this Lease, a Transfer shall be deemed to include the following: (i) if Lessee is a corporation, partnership, limited liability company or other legal entity, the transfer of any ownership interest in such entity resulting in a change in the present control of such entity by the person or persons owning a majority of the ownership interest thereof as of the date of this Lease; provided, however, if Lessee is a corporation whose stock is traded on a nationally recognized stock exchange, the transfer of Lessee's stock shall not constitute a Transfer requiring Lessor's consent; or (ii) the sale of TWENTY-FIVE PERCENT (25%) or more in value of the assets of Lessee. For purposes of this Lease, "control" shall mean possessing the power to direct or cause the direction of the management and policies of the entity by the ownership of a majority of the voting securities of the entity.

9.4 Subletting. Lessee shall not sublease the Premises or any portion thereof at any time during the Term of this Lease.

10. IDENTIFICATION SIGNS

Lessee may install on the building in which the Premises is located, a sign or signs identifying its business on the exterior of the Premises; provided, however, that the general type, size, and location of such

sign(s) shall conform to Lessor's Comprehensive Sign Plan, be approved in writing by Lessor in advance of installation and be subject to any signage rules, codes and/or regulations of any governmental authority.

11. DEFAULT; TERMINATION BY LESSOR

11.1 Events of Default. Each of the following shall constitute a material default of this Lease by Lessee ("**Event of Default**"):

11.1.1 Failure to pay any installment of Base Rent or other amount due from Lessee hereunder, or required by any other agreement between the Parties, provided that Lessee does not cure such failure within TEN (10) business days after delivery by Lessor of a written notice of such failure.

11.1.2 Failure to perform any of its other obligations under this Lease, provided that Lessee does not cure such failure within THIRTY (30) calendar days after delivery by Lessor of a written notice of such default; and further provided, however, if a cure of the default reasonably requires more than THIRTY (30) calendar days to complete, then the time to cure shall be extended so long as the cure is being diligently pursued, not to exceed ONE HUNDRED TWENTY (120) days.

11.1.3 The filing of any mechanic's, materialmen's or other lien of any kind against the Premises because of any act or omission of Lessee which lien is not discharged, by bonding or otherwise, within THIRTY (30) calendar days of receipt of actual notice thereof by Lessee.

11.1.4 The Transfer or attempted transfer of any interest in the Lease to any transferee without Lessor's advance written authorization, which Lessor may withhold in its sole and absolute discretion.

11.2 Lessor's Remedies. Upon the occurrence of an Event of Default under this Lease, Lessor may, without prejudice to any other rights and remedies available to a Lessor at law, in equity or by statute, but subject to the provisions of SECTIONS 9.2 and 23 herein, exercise one or more of the following remedies, all of which shall be construed and held to be cumulative and non-exclusive:

11.2.1 Terminate this Lease and re-enter and take possession of the Premises; or

11.2.2 Without terminating this Lease, re-enter and take possession of the Premises; or

11.2.3 Without such re-entry, recover possession of the Premises in the manner prescribed by any statute relating to summary process, and any demand for Base Rent, re-entry for condition broken, and any and all notices to quit, or other formalities of any nature to which Lessee may be entitled, are hereby specifically waived to the extent permitted by law; or

11.2.4 With or without terminating this Lease, Lessor may re-let the Premises or any portion thereof.

11.3 No Implied Termination. Lessor shall not be deemed to have terminated this Lease unless Lessor shall have notified Lessee in writing that it has so elected to terminate this Lease. Lessee hereby waives all claims based on Lessor's reentering and taking possession of the Premises, or removing and storing the property of Lessee, and shall hold Lessor harmless from all losses, costs or damages occasioned thereby. No such reentry shall be considered or construed to be a forcible entry by Lessor.

11.4 Lessor's Current Damages. Upon the occurrence and during the continuance of an Event of Default, Lessor is authorized to make such repairs, refurbishments or improvements to the Premises as may be necessary for the purpose of attempting to re-let the Premises, and the reasonable costs and expenses incurred in respect of such repairs, redecorating, refurbishments, and improvements shall be paid by Lessee to Lessor within TEN (10) business days after receipt of Lessor's statement. If Lessor exercises any of the remedies stated above, Lessor shall be entitled to recover from Lessee all damages incurred by Lessor by reason of the Event of Default, which shall include, without limitation, (i) the amount of the Base Rent and all other payments which would be payable under this Lease by Lessee for the remainder of the Term as if this Lease were still in effect, less (ii) the net proceeds of any re-letting by Lessor after deducting all of Lessor's reasonable expenses in connection with such re-letting, which shall include, without limitation, repossession costs, repairs,

redecorating, refurbishments or improvements to the Premises, brokerage commissions, attorneys' fees, and legal expenses. Lessee shall pay such current damages to Lessor, in the amount set forth in the preceding sentence ("**Deficiency**"), in monthly installments on the days on which the Base Rent would have been payable under this Lease as if this Lease were still in effect.

11.5 Lessor's Final Damages. At any time after an Event of Default, whether or not Lessor shall have collected any monthly Deficiency as set forth above, Lessor shall be entitled to recover (without duplication) from Lessee, and Lessee shall pay to Lessor, promptly on demand, as Lessor's final damages for the applicable Event of Default, the sum of (a) the then present worth (at a discount of SIX PERCENT (6%) per annum) of (i) the aggregate of the Base Rent and all other amounts to be paid by Lessee hereunder for the unexpired portion of the Term of this Lease (assuming this Lease had not been terminated), less (ii) the amount of Rent and any losses that could have been reasonably avoided, plus (b) reasonable repossession costs, reasonable Lessor's expenses in connection with any attempts it may have made to re-let the Premises (which shall include, without limitation, repairs, refurbishments or improvements to the Premises and brokerage commissions), reasonable attorneys' fees, reasonable legal expenses, and all other damages incurred by Lessor as a result of such Event of Default. In determining the amount of loss that could reasonably be provided, rents to be paid by subtenants pursuant to Section 9.4, if applicable, and other reasonably projected rental income from leasing the Premises shall be taken into account.

11.6 No Waiver by Lessor. No waiver by Lessor of any breach or default by Lessee in the performance of its obligations under this Lease shall be deemed to be a waiver of any subsequent default by Lessee in the performance of any such obligations, and no express waiver shall affect an Event of Default in a manner other than as specified in said waiver. The consent or approval by Lessor to or of any act by Lessee requiring Lessor's consent or approval shall not be deemed to waive or render unnecessary Lessor's consent or approval to or of any subsequent similar acts by Lessee.

11.7 Content of Default Notice. Any default notice tendered to Lessee hereunder shall be deemed to be sufficient if it is reasonably calculated to put Lessee on inquiry as to the nature and extent of such default and is made in accordance with SECTION 19 herein.

11.8 Limitation on Exercise of Termination Remedy by Lessor. Notwithstanding anything to the contrary in SECTION 11.2 hereinabove, if an Event of Default occurs, Lessor shall not have the remedy of terminating this Lease or of taking possession of the Premises unless: (i) the Event of Default consists of a failure to pay Base Rent or other amounts owed to Lessor; or (ii) Lessor has no other remedy that is adequate to protect Lessor's interests. Other remedies that are available to Lessor include self-help and recovery of damages, and nothing in this SECTION 11 shall limit the exercise of any such other remedy.

11.9 Subordination of Landlord's Lien. Lessor hereby agrees from time to time to subordinate to one or more Leasehold Mortgagees all statutory or common law landlord's lien rights with respect to property or assets of Lessee located on the Premises, including, without limitation, Lessor's rights under Arizona Revised Statutes Sections 33-361 and 362 and other similar laws. Upon written request from Lessee, Lessor agrees to promptly execute and deliver such commercially reasonable landlord subordination agreement and access agreement that any Leasehold Mortgagee may request of Lessor. Lessee shall reimburse Lessor for reasonable third-party costs, including reasonable attorneys' fees, incurred by Lessor in connection with the review and negotiation of any such agreement within THIRTY (30) days after receipt of an invoice from Lessor.

12. RESERVED

13. INDEMNIFICATION

To the fullest extent permitted by law, Lessee hereby agrees to defend, indemnify and hold harmless Lessor and its members, elected or appointed officials, agents, contractors, subcontractors, boards, commissions and employees (hereinafter referred to collectively as the "Lessor" for purposes of this Section 13 for, from and against any and all third-party claims, causes of action, liability, suits, litigation (including reasonable attorney's fees and other costs of investigation and litigation), actions, losses, damages or claims of

any nature whatsoever to the extent such arise out of or in connection with (i) any accident, injury or actual damages occurring within the Premises during the Term; (ii) any negligent act or omission of Lessee or its agents, employees, contractors, or subcontractors (hereinafter referred to collectively as "Lessee" for purposes of this Section 13.1) on the Premises or the Airport and which result directly or indirectly in the injury to or death of any persons or the damage to or loss of any property or other damages or losses to Lessor; and/or (iii) the failure of Lessee to comply with any provisions of this Lease. This indemnification shall exclude responsibility for any damages and for claims arising by reason of the acts or omissions of Lessor or its employees, contractors, or agents.

14. ENVIRONMENTAL PROTECTION

14.1 Definitions. Unless the context shall clearly require otherwise, the terms defined in this SECTION 14.1 shall, for all purposes of this Lease and of any agreement amendatory hereof or supplemental hereto, have the meanings herein specified, with the following definitions to be equally applicable to both the single and plural forms of any of the following:

14.1.1 *Environmental Laws.* The term "Environmental Laws" shall mean any one or all of the following, as the same are amended from time to time: the *Comprehensive Environmental Response, Compensation, and Liability Act*, 42 USC Section 9601 et seq.; the *Solid Waste Disposal Act*, 42 USC Section 6901, et seq.; the *Toxic Substances Control Act*, 15 USC Section 2601 et seq.; the *Safe Drinking Water Act*, 42 USC Section 300f et seq.; the Clean Water Act, 33 USC Section 1251 et seq.; the *Clean Air Act*, 42 USC Section 7401 et seq.; A.R.S. Title 49; and all regulations thereunder and any other laws, regulations and ordinances (whether enacted by the local, state or federal government) now in effect or hereafter enacted that deal with the regulation or protection of the environment, including the ambient (including indoor and outdoor) air, ground water, surface water, and land use, including substrata land, or that govern the use of hazardous materials, hazardous waste and hazardous substances and petroleum products.

14.1.2 *Hazardous Material.* The term "Hazardous Material" shall mean any toxic or hazardous material, substance or waste, or any pollutant or contaminant as defined or regulated pursuant to any Environmental Laws, per- and polyfluoroalkyl substances, and petroleum products. For purposes of this definition, petroleum includes petroleum-based substances comprised of a complex blend of hydrocarbons derived from crude oil through processes of separation, conversion, upgrading and finishing (e.g., distillate fuel oils, petroleum solvents and used oils). For purposes of this definition, per- and polyfluoroalkyl substances shall include aqueous film-forming foams

14.2 Environmental Compliance.

14.2.1 Lessee shall, at the Lessee's own expense, comply with all present and hereafter enacted Environmental Laws, including any amendments thereto, affecting Lessee's activities on and property interest in the Premises during the period of Lessee's occupancy of thereof under this Lease. To the extent that Lessor, or any Lessor's employees, agents, or contractors, conducts any activities on the Premises during the period of Lessee's occupancy, Lessor shall, at Lessor's own expense, comply with all present and hereafter enacted Environmental Laws, including any amendments thereto, affecting any of Lessor's activities on the Premises.

14.2.2 Lessee shall not cause or permit any Hazardous Material to be brought upon, kept or used in or about the Premises or the Airport by Lessee's agents, employees, contractors or invitees in violation or threatened or suspected violation of any Environmental Laws. The Parties recognize and agree that Lessee may bring on the Premises and Airport and use Hazardous Material that is ordinarily and customarily used in the conduct of Lessee's permitted activities under this Lease, provided that such use shall comply fully with all applicable Environmental Laws. Lessor shall not cause or permit any Hazardous Material to be brought upon, kept, or used in or about the Premises or by Lessor's agents, employees, contractors for any activity Lessor conducts on the Premises during Lessee's occupancy, without prior notification to and approval by Lessee

(which shall not be unreasonably withheld), and any such use or presence shall be in compliance with Environmental Laws.

14.3 Indemnification. To the fullest extent permitted by law, Lessee shall indemnify, defend (with counsel reasonably acceptable to Lessor), protect and hold harmless Lessor and its employees and agents for, from and against any and all liability, loss, damage, expense, penalties and legal and investigation fees or costs, arising from or related to any claim or action for injury, liability, or damage to persons or property and any and all claims or actions brought by any person, entity or governmental body, alleging or arising in connection with contamination of the environment, the presence of Hazardous Material on the Premises, Airport or neighboring properties, or violation of any Environmental Laws or other statute, ordinance, rule, regulation, judgment or order of any government or judicial entity ("**Environmental Damages**") which are incurred or assessed as a result of any of Lessee's activities or operations on the Premises or Airport. This obligation includes, but is not limited to, all costs and expenses related to cleaning up the property, land, soil and underground or surface water as required under the law. Lessee's obligations and liabilities under this SECTION 14.3 shall survive the termination of this Lease. The indemnification of Lessor by Lessee as described above includes, without limitation, costs incurred in connection with any investigation of site conditions or any cleanup, remedial, removal or restoration work required by any federal, state or local governmental agency or political subdivision. Lessor reserves the right to seek injunctive relief as may be permitted under law and equity. This SECTION 14.3 explicitly excludes Lessee's duty, liability or indemnity to Lessor for any claims or Environmental Damages of any kind whatsoever arising from or in connection with any contamination of any kind existing on the Premises prior to the Effective Date, except and only to the extent known contamination is caused by or exacerbated by Lessee or unknown contamination is caused by or exacerbated by Lessee's negligence.

14.4 Remediation. Without limiting the foregoing, if the presence of any Hazardous Material during the Term of this Lease caused or permitted by Lessee to be first brought on the Airport or Premises upon or after the Effective Date results in any Release on the Airport or Premises in violation of any Environmental Laws, Lessee shall promptly take action to remediate the affected property at its sole expense as necessary to return the Airport or Premises to the condition existing prior to the introduction of any such Hazardous Material to the Airport or Premises; provided that Lessor's approval of such actions shall first be obtained, which approval shall not, except in an emergency, be unreasonably withheld so long as such actions would not potentially have any material adverse long-term effect on the Airport and Lessee is not under administrative or court order related to such remediation action. Notwithstanding Lessor's approval pursuant to this SECTION 14.4, Lessor is not responsible for directing or managing any remediation action. The term "Release" means any releasing, spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, disposing, or dumping. This SECTION 14.4 also applies to Lessee's remediation of any contamination of any kind existing on the Premises or Airport prior to the Effective Date, including any such contamination that may be first discovered after the Effective Date but not caused by Lessee.

14.5 Governmental Submittals. Lessee shall, at Lessee's own expense, make all submissions to provide all information to, and comply with all requirements of the appropriate governmental authority ("**Government**") under the Environmental Laws. Should the Government determine that a site characterization, site assessment and/or cleanup plan should be prepared and/or that a cleanup should be undertaken because of any Release of Hazardous Material by reasons of Lessee's activities or actions at the Airport which occur during the Term of this Lease, then Lessee shall, at Lessee's own expense, prepare and submit the required plans and financial assurances, and carry out the approved plans.

14.6 Information Sharing. Lessee shall immediately notify Lessor of any of the following: (i) Lessee's receipt of any notification from any governmental entity either charging or informing Lessee that it will be charged with a violation of Environmental Laws, and (ii) any significant change in Lessee's activities on the Premises that is reasonably likely to adversely change Lessee's obligations or liabilities under the Environmental Laws. In addition, Lessee agrees to provide Lessor with non-privileged copies of documents reflecting the physical condition of the Premises, including but not limited to, environmental testing of soils

and groundwater, and existing, non-privileged information reasonably requested by Lessor to determine the applicability of the Environmental Laws to the Premises, or to assist in the response to any governmental investigation or claim of liability by third parties which is related to environmental contamination of the Premises, to the extent that such investigations or claims are related to Lessee's activities thereon.

14.7 Reserved.

14.8 Actions of Lessee. The activities or actions of Lessee under this SECTION 14 shall include the activities or actions of Lessee's officers, directors, employees, agents, contractors, invitees, and successors.

14.9 Clean Water Act; NPDES Permits and SWPPPs. Without in any way limiting the foregoing, Lessee shall comply with all Environmental Laws regarding discharges to water and land, including, without limitation, obtaining and complying with an individual National Pollutant Discharge Elimination System (NPDES) permit, or requesting coverage under and complying with any applicable Multi-Sector General Permit ("**MSGP**"). If applicable, Lessee shall also prepare and comply with a site-specific MSGP with an individual Storm Water Pollution Prevention Plan ("**SWPPP**") or any revisions to a SWPPP, with respect to Lessee's operations or activities on the Premises or Airport. Proof of individual compliance shall be provided in the form of both the Lessee's Notice of Intent ("**NOI**") that has been received by the Arizona Department of Environmental Quality ("**ADEQ**") and the individual Arizona Multi-Sector General Permit (AZMSGP) number associated with the NOI, within the times prescribed by law.

14.10 Reserved.

14.11 Protective Devices and Plans. If Lessee is required by the City to estimate the possible constituents of sanitary sewer discharges in order that the City may define certain discharge limitations for the Premises, Lessee shall complete and return an *Industrial Wastewater Discharge Questionnaire* ("**Questionnaire**") to the City and promptly provide Lessor with updates to the Questionnaire as they arise. Also, if the City so requires, Lessee shall install and maintain appropriate protective devices to prevent accidental discharge of any Hazardous Material into domestic or industrial drains on or near the Premises and elsewhere on the Airport, as appropriate, and for any other material for which a slug load discharge could pollute the Airport's storm water discharge or disrupt operations at the sewage treatment plant serving the Premises. Lessee shall post a notice in a prominent place on the Premises advising employees what actions to take and whom to call in the event of said discharge and shall ensure that all employees of Lessee are trained with regard to the spill protection plan hereinafter referenced. Lessee also shall provide Lessor with immediate notice of any spill.

14.12 Right to Enter Premises. In addition to the rights afforded to Lessor in SECTION 18, this Lease specifically includes the right of the United States Government, the Environmental Protection Agency ("**EPA**"), ADEQ, Lessor, and the Arizona Department of Occupational Safety and Health (ADOSH) to enter the Premises upon reasonable notice to Lessee for purposes of: (i) inspecting Lessee's compliance with environmental, occupational safety and health laws and regulations, whether or not such party is responsible for enforcing such laws; (ii) conducting environmental investigation or remediation, including, without limitation, performing tests and surveys, drillings, test-pitting, borings, compiling data and/or records, and other activities related to environmental investigation; and (iii) carrying out remedial or removal actions as required or necessary under applicable laws, including, without limitation, installing monitoring wells, pumping wells and/or treatment facilities. Lessee shall have no claim against Lessor for any entries by the United States, EPA, ADEQ, Arizona ADOSH, or any officer, agent, employee or contractor thereof.

14.13 U.S. Air Force Use and Remedial Action.

14.13.1 The Parties assume no liability or responsibility for environmental impacts and Environmental Damages or claims of any kind whatsoever caused by or resulting from the U.S. Air Force's use of Hazardous Material on any portion of the Airport, including the Premises, prior to the Effective Date, and

have no obligation under this Lease to undertake the defense of any claim or action, whether in existence now or brought in the future, solely arising out of the use of or release of any Hazardous Material or deposits of solid waste on or from any part of the Airport, including, but not limited to, the Premises, even if such claims or contamination are first discovered or made after the Effective Date. Further, the Parties have no obligation under this Lease to undertake environmental response, remediation, or cleanup relating to any contamination caused by or related to such use or release. For purposes of this SECTION 14.13, "defense" or "environmental response, remediation, or cleanup" shall include liability and responsibility for the costs of damage, penalties, legal and investigative services relating to such use or release.

14.13.2 Pursuant to Section VII.E.3 of the Deed (as defined herein), the U.S. Air Force warrants and covenants that all remedial action necessary to protect human health and the environment with respect to hazardous substances remaining on the Airport, including the Premises, has been completed prior to the date of the Deed and, further, any remedial action found to be necessary after the date of the Deed shall be conducted by the U.S. Air Force; provided, however, that the foregoing covenant does not apply where Lessor or Lessee is a potentially responsible party with respect to any portion of the Premises or the Airport.

14.14 Cleanup Requirements. Lessee agrees that Lessor assumes no liability to Lessee should Hazardous Material cleanup or related requirements, whether imposed by law, regulatory agencies, the U.S. Air Force or Department of Defense cause delays or interferes with Lessee's use of the Premises. Lessee shall have no claim against Lessor or the United States or any officer, agent, employee, or contractor thereof on account of any such interference whether due to entry, performance of remedial or removal investigations, or exercise of any right with respect to the Federal Facilities Agreement (FFA) or the Installation Restoration Program (IRP) or under this Lease or otherwise. Lessee agrees to comply with the provisions of any health or safety plan in effect under the IRP or any hazardous substance remediation or response agreement with environmental regulatory authorities during the course of any of the above-described response or remedial actions. Any inspection, survey, investigation, or other response or remedial action conducted by Governmental Authorities or Lessor shall, to the extent practicable, be coordinated with representatives designated by Lessee.

14.15 Spill Protection Plan. In the event Lessee undertakes any type of manufacturing, maintenance or other activities on the Premises involving the use or generation of any Hazardous Material regulated by Hazardous Material Laws, Lessee shall have a plan for responding to Hazardous Material, fuel, and other chemical spills prior to commencement of activities on the Premises and other approved Airport locations. Such plan shall comply with all applicable requirements of said plan which shall be updated from time to time or as may be required to comply with changes in site conditions or applicable requirements and shall be approved by all agencies that are obligated by law to approve such plan. Such plan shall be independent of Lessor's spill prevention and response plans, if any. Lessee shall not rely on use of Lessor or Lessor personnel or Lessor equipment in execution of its plan. Lessee shall file a copy of the plan and amendments thereto with Lessor's Environmental and Safety Coordinator within THIRTY (30) calendar days of receipt of a CofO from the City. Notwithstanding the foregoing, should Lessor provide any personnel or equipment, whether for initial fire response and/or spill containment, on the request of Lessee, or because Lessee was not, in the opinion of Lessor, conducting firefighting, containment or timely cleanup actions, Lessee agrees to reimburse Lessor for its actual costs in accordance with all applicable laws and regulations, except to the extent that Lessor was responding to conditions caused by events occurring at the Airport (not including the Premises) or by the negligence or omission of Lessor or its employees, agents or contractors.

14.16 Wells. Lessee shall not install any drinking water or other wells in any location on the Premises without the prior written approval of Lessor.

14.17 Surface Disturbances. After construction of Lessee's Improvements on the Premises as provided herein, Lessee shall not conduct any subsurface excavation, digging, drilling or other disturbance of the surface other than what is usual and customary for the anticipated uses without the prior written approval of Lessor, which shall not be unreasonably withheld, conditioned, or delayed.

15. PROTECTION OF WETLANDS

Lessee shall minimize the destruction, loss, or degradation of any wetlands located on the Premises. Lessor believes there are no wetlands existing on the Premises as of the Effective Date. However, before locating new construction in wetlands, if any exist, Lessee shall contact Lessor and the United States Army Corps of Engineers and obtain a permit or waivers under Section 404 of the Clean Water Act (or if such regulatory authority has been delegated to ADEQ, shall obtain the equivalent permit or waivers from ADEQ). For purposes of this SECTION 15, the term, "new construction," includes structures, facilities, draining, dredging, channeling, filling, diking, impounding, and related activities.

16. INSURANCE

16.1 Coverage Required. Lessee shall procure and maintain, or cause to be procured and maintained, the following types and amounts of insurance with respect to the Premises:

16.1.1 *Hangar Keeper's Liability* insurance in the amount of $3,000,000 per occurrence, covering Aircraft and related damage to owned and non-owned aircraft stored by or otherwise in the care, custody, or exclusive control of the operator at the Airport. Coverage may be "ground" (if no test flying or other related airborne/aircraft-powered operations are conducted) or "air" and is required anytime aircraft are moved by the operator, irrespective of whether or not a physical hangar is involved.

16.1.2 *Environmental Impairment Liability* (or Pollution Legal Liability) insurance in the amount of $2,000,000 per occurrence, covering third party bodily injury and property damage associated with hazardous material storage facilities, tanks, piping, ancillary equipment and containment systems or structures that are used, controlled, constructed or maintained on the Airport, and including expenses for defense, release mitigation and off and on-site remediation.

16.1.3 *Property* insurance in an amount equal to the full insurable value of the Lessee's essential personal property and all improvements made to buildings or facilities on the Lessee's premises, including all replacements and/or additions thereto, on an All Risks, replacement-cost basis. Such shall require an ISO Special Causes of Loss Form or equivalent.

16.1.4 *Comprehensive/Commercial Automobile Liability* insurance in the amount of $1,000,000 per occurrence, covering all owned, non-owned and hire vehicles operated on the Airport that are assigned to or used in the performance of "commercial" activities, or are operated within the AOA; an MSC 90 Endorsement also is required due to the Lessee's aircraft fuel service activities

16.1.5 *Worker's Compensation* insurance, as required by law, and *Employer's Liability* insurance in the amount of $1,000,000 covering work-related injuries to employees and others permitted to operate or otherwise conduct business on the Premises.

16.1.6 *Comprehensive General Liability* ($2,000,000.00 per occurrence) insurance covering third party bodily injury and property damage, including coverage for "premises/operations," "products and completed operations," "professional," "host liquor" and "blanket contractual liabilities."

Form. Each insurance policy obtained pursuant to this SECTION, except for *Worker's Compensation* and *Employer's Liability* policies, shall: (i) name Lessor as a certificate holder and additional named insured via endorsement; (ii) contain a provision that written notice of cancellation or modification thereof shall be given to Lessor not less than THIRTY (30) calendar days before such cancellation or modification takes effect (TEN (10) days in case of nonpayment of premium); and (iii) contain a waiver of subrogation in favor of Lessor. Lessee shall not permit any insurance policy to be canceled or modified without Lessor's written consent unless equivalent replacement policies are issued with no lapse in coverage. All policies shall be obtained from insurance companies licensed to do business in the State of Arizona and possessing a rating of at least A – VII or higher from the A.M. Best Company, or an equivalent rating and approved by Lessor.

16.2 Certificates of Insurance. Lessee shall deliver a certificate of insurance for each policy required along with an endorsement naming Phoenix-Mesa Gateway Airport Authority as additional insured, herein to

Lessor, in standard Acord or equivalent form, prior to the Effective Date and shall continue to provide such certificates throughout the term of this Lease.

16.3 Additional Insurance. At any time during the term of this Lease, Lessor may, if in its reasonable determination the insurance coverage required by this SECTION 16 is no longer adequate, require Lessee to increase its coverage to commercially reasonable amounts.

16.4 Blanket Insurance. Lessee's insurance obligations under this Lease may be satisfied by means of "blanket" or excess policies.

16.5 Insurance by Lessor. In the event Lessee shall fail to procure any insurance required hereunder, Lessor may, upon written notice to Lessee, procure and maintain any or all of the insurance required of Lessee under this SECTION. In such event, all costs of such insurance procured and maintained by Lessor on behalf of Lessee shall be the responsibility of Lessee and shall be fully reimbursed to Lessor within TEN (10) business days after Lessor advises Lessee of the cost thereof.

17. SURRENDER OF POSSESSION

17.1 Condition of Property.

17.1.1 Upon the expiration or earlier termination of this Lease, Lessee's right to occupy the Premises and exercise the privileges and rights granted thereunder shall cease, and Lessee shall peaceably surrender the same and leave the Premises broom clean and in good condition except for normal wear and tear. All trade fixtures, equipment, and other personal property installed or placed by Lessee on the Premises which are not permanently affixed thereto shall remain the property of Lessee, and Lessee shall have the right at any time during the term of this Lease, to remove the same from the Airport and Lessee shall repair, at its sole cost, any damage caused by such removal. Any property not removed by Lessee within FIFTEEN (15) calendar days of the expiration or earlier termination of this Lease, or revocation of Lessee's right to occupy the Premises, shall be deemed abandoned, and ownership thereof shall vest in Lessor. Lessee shall, however, remain financially liable to Lessor for the cost of repairs to the Premises incurred as a result of Lessor's removal and/or relocation of property formerly belonging to Lessee and not otherwise removed from the Premises, as provided herein, and shall remit to Lessor payment for such costs within TEN (10) business days of Lessee's receipt of Lessor's invoice therefor.

17.1.2 Any trade fixtures, equipment or other property affixed to the Premises by Lessee shall, if required by Lessor, be permanently removed from the Premises by Lessee, at Lessee's expense, within FIVE (5) business days of Lease termination. Should Lessee fail to remove such trade fixtures, equipment, or other property within said time, Lessor may remove and dispose of such trade fixtures, equipment or other property at Lessee's expense, and Lessee shall reimburse Lessor for the costs thereof within TEN (10) business days of receipt of Lessor's invoice therefor.

17.2 Holding Over. Lessee shall not remain in possession of the Premises after the expiration or earlier termination of the Term without the express written consent of Lessor. Should Lessee hold over without the express written consent of Lessor, such tenancy shall be at the sufferance of Lessor and not a renewal of the Term. In such case, the Base Rent, and all other charges due pursuant to this Lease shall be payable at ONE HUNDRED FIFTY PERCENT (150%) of the amount payable during the last year of the Term, and such tenancy at sufferance shall be subject to every other term, covenant and provision of this Lease. In the event Lessee holds over, Lessee shall be liable for all of Lessor's direct and consequential damages, which shall include, without limitation, costs, fees, expenses, damages, and attorneys' fees incurred by Lessor as a result of Lessee's holding over, and damages and expenses incurred by Lessor for its inability to deliver possession of the Premises to a new lessee.

18. INSPECTION BY LESSOR

Lessor may enter upon the Premises at reasonable times during Lessee's normal business hours and upon at least TWO (2) business days' prior written notice to Lessee (except in emergencies, in which event Lessor may

enter immediately and shall notify Lessee promptly following such emergency entry) for any reasonable purpose, including, but not limited to, compliance with the terms and conditions of this Lease and the exercise of its governmental functions for such activities as fire protection or security. Lessee may accompany Lessor on any Lessor inspections and entries. Lessor shall take reasonable steps to avoid interrupting or disrupting the conduct of business of Lessee on the Premises.

19. NOTICES

19.1 All notices required or permitted under this Lease shall not be effective unless personally delivered or mailed by certified mail, return receipt requested, postage prepaid, or by reputable commercial overnight courier service, to the following addresses or at such address as either Party may advise the other from time to time:

TO LESSOR: Phoenix-Mesa Gateway Airport Authority
Attn: Business Development Department
5835 South Sossaman Road
Mesa, Arizona 85212

TO LESSEE: Straube's Aircraft Services, Inc.
Attn.: Surrey Thomas, CEO
6262 S. Taxiway Circle
Mesa, AZ 85242
Phone: (928) 279-0843
Email: surrey@airstraube.com

19.2 Any notice shall be deemed to have been received TWO (2) business days after the date of mailing, if given by certified mail, or upon actual receipt if personally delivered or if given by reputable commercial overnight courier service.

20. SEVERABILITY

Should a court of competent jurisdiction declare any provision of this Lease invalid, the remaining terms shall remain effective.

21. APPROVALS, CONSENTS AND NOTICES

All approvals, consents and notices called for in this Lease shall be in writing, signed by the appropriate Party, and may not be established solely by oral testimony.

22. LIENS AND MORTGAGES

22.1 Fee Mortgagees. Lessor may mortgage its fee interest in the Premises.

22.2 Reserved.

23. GOVERNING LAW; ATTORNEY'S FEES

The laws of the State of Arizona shall govern the matters set forth in this Lease. Venue of any action brought under this Lease shall, at the option of Lessor, lie in Maricopa County, Arizona.

24. COMPLIANCE WITH LAWS, RULES, AND REGULATIONS

Lessee shall at all times comply with all Federal, state and local laws, ordinances, rules, and regulations which are applicable to its activities on the Airport, the Premises itself (including but not limited to the *Americans with Disabilities Act*), or the operation, management, maintenance, or administration of the Airport, including all laws, ordinances, rules and regulations adopted after the Effective Date. Lessee shall at all times comply with the *Airport Minimum Standards* and *Airport Rules and Regulations*, as the same may be amended from time to time.

Copies of the current *Airport Minimum Standards* and *Airport Rules and Regulations* are attached hereto as **EXHIBIT D**. Lessee acknowledges and agrees that Lessor may amend the *Airport Minimum Standards* and *Airport Rules and Regulations* at any time in Lessor's sole discretion. Lessee shall be responsible for controlling and preventing disruptive pedestrian and vehicle traffic associated with its activities on the Premises and at the Airport. Lessee also shall display to Lessor any permits, licenses, or other evidence of compliance with laws upon request.

25. CORPORATE AUTHORIZATION

In executing this Agreement, Lessee represents and warrants to Lessor that if Lessee is a corporation, Lessee has obtained and been granted the full right, power, and authority to enter into this Lease.

26. UTILITY LINES AND SERVICE CHARGES

26.1 Connections and Services.

26.1.1 Lessee Responsibility. Lessee shall, at no cost or expense to Lessor, provide or arrange for any public utility, water and sewage lines, connections and services that are needed in connection with any building(s), structure(s) or other improvement(s) placed on the Premises by Lessee, or required for Lessee's activities thereon, and shall be responsible for the maintenance of such lines and connections from where they enter the Premises. If requested in advance to do so by Lessee, Lessor will grant reasonable rights-of-way on or across the Airport to suppliers of public utility services for the purpose of supplying Lessee with such services, but Lessor reserves the right to designate the lands along which such rights-of-way shall be granted so as to cause the least inconvenience in the operation of the Airport and other Airport tenants.

26.1.2 Payment. Lessee shall pay for all utilities, including trash collection, used in its operations at the Airport and the Premises. The charges and method of payment for each utility or service shall be determined by the appropriate supplier of the utility or service in accordance with applicable laws and regulations, on such basis as the appropriate supplier of the utility or service may establish.

26.1.3 Continued Use and Repair. Notwithstanding the execution of this Lease, Lessor retains the right to the continued use of such utility lines and services as are presently on the Premises and the right to repair the same when necessary, in Lessor's sole discretion, including but not limited to, any utility easements on the Premises. Lessor shall conduct such repairs in such a manner and at such times as to not unreasonably interfere with Lessee's activities thereon.

27. RESERVATIONS TO LESSOR

The Premises are accepted "as is, where is" by Lessee, subject to any and all existing easements or other encumbrances. Lessor reserves the right to grant reasonable easements, rights-of-way, and permits, over, on, or across any portions of the Premises for commercially reasonable purposes; provided, that Lessor and the grantee, as applicable, shall not exercise such rights so as to unreasonably interfere with or disrupt Lessee's activities on the Premises, including the development of the Premises, to be determined in the reasonable judgment of Lessor and Lessee, and all such interference shall be minimized. Lessor shall provide Lessee reasonable notice of any plan to undertake the activities contemplated under this Section and shall coordinate with Lessee regarding the execution of such plans to minimize any interference with Lessee's or any subtenant's activities on the Premises. All work shall be in compliance with all applicable laws, including Environmental Laws, and the surface of the Premises shall be restored to its original condition, including any necessary remediation in accordance with Environmental Laws of any contamination associated with any Hazardous Material disturbed during any construction, at no cost to Lessee, upon the completion of any construction. Lessor agrees that any rights granted to any parties by reason of this clause shall contain provisions obligating such parties to, at a minimum, the same conditions applicable to Lessor under this Section 27, including but not limited to that the surface of the Premises and any Improvements shall be promptly restored to their original condition, at no cost to Lessee, promptly upon the completion of any construction.

28. FEDERAL AVIATION ADMINISTRATION (FAA) PROVISIONS

28.1 Lessee agrees that in the event improvements are constructed, maintained, or otherwise operated on the Premises for a purpose for which a Department of Transportation (DOT) program or activity is intended, or for another purpose involving the providing of similar services or benefits, Lessee shall maintain and operate such facilities and services in compliance with all other requirements imposed pursuant to 49 CFR Part 21, *Nondiscrimination in Federally Assisted Programs of the Department of Transportation,* as it may be amended.

28.2 Lessee agrees that: (a) no person shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination on the grounds of race, color, creed, disability, age, sex or national origin in the use of the Premises; (b) that in the construction of any improvements on, over, or under the Premises and the furnishing of services thereon, no person shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination on the grounds of race, color, or national origin; and (c) that Lessee shall use the Premises in compliance with all other requirements imposed by or pursuant to 49 CFR Part 21, as it may be amended.

28.3 Lessee assures Lessor that it will comply with pertinent statutes, Executive Orders, and rules promulgated to assure that no person shall, on the grounds of race, creed, color, national origin, or sex, age, or handicap, be excluded from participating in any activity.

28.4 Lessor reserves the right to further develop or improve the landing area of the Airport as it sees fit, regardless of the desires or view of Lessee, and without interference or hindrance therefrom.

28.5 Lessor reserves the right, but shall not be obligated to Lessee, to maintain and keep in repair the landing area of the Airport and all publicly owned facilities of the Airport, together with the right to direct and control all activities of Lessee in this regard. Lessor and Lessee agree that Lessee has no responsibility whatsoever with respect to maintenance and repair of the landing area of the Airport, or any publicly owned facilities of the Airport.

28.6 This Lease shall be subordinate to the provisions and requirements of any existing or future agreement between Lessor and the United States relative to the development, operation, or maintenance of the Airport.

28.7 There is reserved unto Lessor, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Premises, which shall include the right to cause in the airspace any noise inherent in the operation of aircraft, now known or hereafter used for navigation of or flight in or through the airspace, and for the use of such airspace for landing on, taking off from, or operation on the Airport.

28.8 Lessee agrees to comply with the notification and review requirements covered in 14 CFR Part 77 in the event future construction of a building is planned for the Premises or in the event of any planned modification or alteration of any present or future building or structure situated on the Premises.

28.9 Lessee shall not erect or permit the erection of any structure or building, nor permit the growth of any tree on the Premises, or any other obstruction that exceeds height requirements contained in 14 CFR Part 77 or amendments thereto or interferes with the runway and/or taxiway "line of sight" of the control tower. In the event these covenants are breached, Lessor reserves the right to enter upon the Premises and to remove the offending structure or object at the expense of Lessee.

28.10 Lessee shall not make use of the Premises in any manner that might interfere with the landing and taking off of aircraft from the Airport or otherwise constitute a hazard. In the event this covenant is breached, Lessor reserves the right to enter upon the Premises and cause the abatement of such interference at the expense of Lessee.

28.11 Nothing contained in this Lease shall be construed to grant or authorize the granting of an exclusive right within the meaning 49 U.S.C. §40103(e) and 47107 (a)(4).

28.12 This Lease and all of the provisions hereof shall be subject to whatever right the United States government now has, or in the future may have or acquire, affecting the control, operation, regulation and taking over of the Airport, or the exclusive or non-exclusive use of the Airport by the United States during the time of war or national emergency.

28.13 To the extent that Lessee conducts or engages in any aeronautical activity for furnishing services to the public at the Airport, Lessee shall furnish its services on a reasonable and not unjustly discriminatory basis to all users and charge reasonable and not unjustly discriminatory prices for each unit or service; except, however, that Lessee may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar type of price reductions to volume purchasers.

28.14 Lessee shall conform to Lessor and FAA safety and security rules and regulations regarding use of the Airport air operations area including runways, taxiways, taxilanes, and aircraft aprons by vehicles, employees, customers, visitors, etc., in order to prevent security breaches and avoid aircraft incursions and vehicle/pedestrian deviations; complete and pass an airfield safe driving instruction program when offered or required by Lessor; and be subject to penalties as prescribed by Lessor for violations of Airport safety and security requirements.

29. TITLE VI

29.1 Lessee agrees to comply with pertinent statues, Executive Orders and such rules as are promulgated to ensure that no person shall, on the grounds of race, creed, color or national origin, sex, age or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance. Lessee understands and acknowledges that the FAA requires inclusion of and adherence to the terms and conditions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§2000d to 2000d-4) ("**Title VI**") in all airport/aviation lease agreements where Lessor receives federal funding, including the Lease in this instance.

29.2 During the Term, Lessee, for itself, its assignees, and successors in interest agrees as follows:

29.2.1 Compliance with Regulations. Lessee will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this Lease.

29.2.2 Nondiscrimination. Lessee, with regard to the work performed by it during Lease, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. Lessee will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.

29.2.3 Solicitations for Subcontracts, Including Procurements of Materials and Equipment. In all solicitations, either by competitive bidding, or negotiation made by Lessee for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by Lessee of Lessee's obligations under this Lease and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.

29.2.4 Information and Reports. Lessee will provide all information and reports required by the Acts, the Regulations and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the sponsor or the Federal

Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of Lessee is in the exclusive possession of another who fails or refuses to furnish the information, Lessee will so certify to the sponsor or the Federal Aviation Administration as appropriate and will set forth what efforts it has made to obtain the information.

29.2.5 Sanctions for Noncompliance. In the event of Lessee's noncompliance with the Nondiscrimination provisions of this Lease, Lessor will impose such default remedies as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:

(a) withholding payments, if any, to Lessee under the Lease until Lessee complies; and/or
(b) cancelling, terminating, or suspending the Lease, in whole or in part.

29.2.6. Incorporation of Provisions. Lessee will include the provisions subsections 29.2.1 through 29.2.6 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. Lessee will take action with respect to any subcontract or procurement as the sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if Lessee becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, Lessee may request Lessor to enter into any litigation to protect the interests of Lessor. In addition, Lessee may request the United States to enter into the litigation to protect the interests of the United States.

29.3 The Lessee for itself, and its successors in interest and assigns, as a part of the consideration hereof, does hereby covenant and agree that (a) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (b) that in the construction of any improvements on, over, or under such land, and the furnishing of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (c) that Lessee will use the Premises in compliance with all other requirements imposed by or pursuant to the List of Pertinent Nondiscrimination Acts and Authorities.

29.4 During the performance of this Lease, Lessee, for itself, its assignees, and successors in interest agrees to comply with the following Nondiscrimination statutes and authorities; including but not limited to the following (which Lessor is required to disclose and include in such Lease and other agreements, pursuant to FAA regulation):

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*, 78 Stat. 252) (prohibits discrimination on the basis of race, color, national origin);
- 49 CFR Part 21 (Nondiscrimination In Federally-Assisted Programs of The Department of Transportation—Effectuation of Title VI of The Civil Rights Act of 1964);
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR part 27;
- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 *et seq.*) (prohibits discrimination on the basis of age);

- Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);

- The Civil Rights Restoration Act of 1987 (PL 100-209) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);

- Titles II and III of the Americans with Disabilities Act of 1990, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 – 12189) as implemented by Department of Transportation regulations at 49 CFR parts 37 and 38;

- The Federal Aviation Administration's Nondiscrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);

- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures Nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;

- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);

- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 *et seq.*).

29.5 Lessee agrees that in the event improvements are constructed, maintained, or otherwise operated on the Premises for a purpose for which a Department of Transportation (DOT) program or activity is intended, or for another purpose involving the providing of similar services or benefits, Lessee shall maintain and operate such facilities and services in compliance with all other requirements imposed pursuant to 49 CFR Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation, as it may be amended.

30. FEDERAL FAIR LABOR STANDARDS ACT

This Lease incorporates by reference the provisions of 29 CFR Part 201, the Federal Fair Labor Standards Act (FLSA), with the same force and effect as if given in full text. Lessee has full responsibility to monitor compliance to the referenced statue or regulation. Lessee must address any claims or disputes that arise from this requirement directly with the U.S. Department of Labor – Wage and Hour Division.

31. OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970

This Lease incorporates by reference the provisions of 29 CFR Part 1910 with the same force and effect as if given in full text. Lessee must provide a work environment that is free from recognized hazards

that may cause death or serious physical harm to the employee. Lessee retains full responsibility to monitor its compliance and their subcontractor's compliance with the applicable requirements of the Occupational Safety and Health Act of 1970 (20CFR Part 1910). Lessee must address any claims or disputes that pertain to a referenced requirement directly with the U.S. Department of Labor – Occupational Safety and Health Administration.

32. INCORPORATION OF QUITCLAIM DEED

Lessor owns the Airport pursuant to a Quitclaim Deed from the United States Government (the "**Deed**"), a copy of which is available to Lessee upon request and is hereby incorporated in its entirety. To the extent the Deed has terms, conditions, obligations, requirements, or restrictions that apply to this Lease, Lessor, Lessee or any matter in connection herewith, Lessee agrees to be bound by all the terms, covenants and conditions of the Deed, including the following:

32.1 That this Lease is subject to all terms and conditions of the Deed; and

32.2 That in case of any conflict between the Deed and this Lease, the Deed shall control.

33. REQUIRED PROVISIONS OF QUITCLAIM DEED

33.1 Section VI (A)(5)(c) of the Deed requires that the following provisions be included in this Lease:

33.1.1 In furnishing services to the public, Lessee shall not discriminate against any person or class of persons by reason of race, color, creed, or national origin, and Lessee shall otherwise provide such services on a fair, equal, and not unjustly discriminatory basis to all users thereof.

33.1.2 Lessee shall charge fair, reasonable, and not unjustly discriminatory prices for each unit for service; except, however, that the Lessee may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

33.2 If the Premises are within any of the archaeological sites identified in Section VIII.A of the Deed, then, the provisions of Section VIII of the Deed shall be deemed incorporated in this Lease by this express reference to Section VIII of the Deed.

33.3 To the extent the Deed requires that other specific provisions thereof be inserted in this Lease by express reference to the Deed, this sentence shall constitute an express reference to all such applicable provisions of the Deed.

34. AIRPORT SECURITY

34.1 Airport Security Plan.

34.1.1 Lessor's Operations Department maintains an approved Airport Security Plan ("**Security Plan**") pursuant to 49 CFR Parts 1540 and 1542, and 14 CFR Part 139. Lessee shall at all times comply with Lessor's Operations Department security directives, security bulletins, or verbal notifications existing now or in the future.

34.1.2 Lessee is responsible for maintaining security practices, facilities, and perimeter boundaries on their leasehold that meet the security standards set forth by Lessor's Operations Department.

34.1.3 Lessee shall promptly upon written request from Lessor correct physical or procedural deficiencies caused by Lessee that are located on the Premises which are contrary to Lessor's Operations Department, security directives, security bulletins, or verbal notifications existing now or in the future. Within TWENTY-FOUR (24) hours of Lessor notifying Lessee of any deficiency, Lessor shall provide

Lessee with a reasonably detailed explanation of the deficiencies. Lessee shall be given a reasonable period of time (under the circumstances) to correct such deficiencies.

34.1.4 Lessee shall, to the fullest extent permitted by law, indemnify, defend, and hold Lessor harmless for, from and against any security violation committed by any agents, employees, invitees, subcontractors, sub-lessees or independent contractors of Lessee.

34.1.5 Lessee shall conduct and document all self-audits and self-inspections as required by Transportation Security Administration ("**TSA**") or Lessor's Operations Department and make such audits available for inspection.

34.1.6 Lessee shall designate a primary security coordinator to receive security related briefings, bulletins, and sensitive security information.

34.1.7 Lessor reserves the right to modify the Security Plan from time to time, as necessary or as directed by TSA. Lessor's Operations Department shall notify the Lessee security coordinator regarding modifications that effect Lessee.

34.2 Airport Security Badge.

34.2.1 Lessee's employees and contractors that require a badge shall be obligated to complete all training and comply with all security requirements and directives issued by Lessor's Operations Department, TSA or other entity having security jurisdiction at the Airport. Lessee, Lessee's employees, and contractors will surrender security badges upon request by Lessor's Operations Department; physical security media (badges and keys) remain the property of Lessor. Within SEVENTY-TWO (72) hours of Lessor's confiscation of any security badges, Lessor shall provide Lessee with a reasonably detailed explanation of the violations that caused Lessor to confiscate the security badges.

34.2.2 Lessee and Lessee's employees and contractors shall comply with all security related audits, inspections, and screenings conducted by Lessor's Operations Department.

34.2.3 Lessee will promptly return badges to Lessor's badging office when badge holders' employment is terminated, the badge is no longer needed, or the employee/contractor is on extended leave.

40.7.4 Misuse of a badge or security procedures will bring about action, including, but not limited to, retraining of badge holders, and/or suspension or revocation of one or all misused badges.

35. DEFAULT BY LESSOR

In the event of any alleged breach by Lessor of its covenants contained in this Lease, Lessee shall have available all rights and remedies provided at law or in equity, subject to the terms and conditions of this Lease; provided, however, Lessee may not exercise any such right or remedy unless Lessee has notified Lessor by written notice of such alleged default, and Lessor has not cured such default within the THIRTY (30) calendar day period subsequent to receipt of such notice or, in the event such alleged default is of such a nature that it cannot reasonably be cured within such THIRTY (30) calendar day period, Lessor has failed to cure such alleged default with all due diligence. Notwithstanding anything to the contrary contained in this Lease, in no event shall Lessee be entitled to terminate this Lease or abate or offset any installment of Base Rent, or any other payments to be made by Lessee hereunder.

36. BROKERS

Lessor and Lessee each represents and warrants to the other Party that it has not had any dealings with any real estate brokers, finders, or agents in connection with this Lease. Lessor and Lessee each agrees to

indemnify, defend (with counsel selected by the other) and hold the other Party and other Party's nominees, successors and assigns harmless from any and all claims, costs, commissions, fees, or damages arising from a breach of such Party's representation and warranty in this Section.

37. SALE BY LESSOR

Lessee agrees to look solely to Lessor's interest in the Premises for the recovery of any judgment from Lessor, it being agreed that neither Lessor nor the holders of the equity interests of Lessor, nor the members, partners, officers, directors, or shareholders of Lessor shall be personally liable for any such judgment. In the event of any sale or other conveyance by Lessor of its interest in the Premises, Lessor shall be automatically freed and released from all personal liability accruing from and after the date of such sale or conveyance as respects the performance of any covenant or obligation on the part of Lessor contained in this Lease to be performed, it being intended hereby that the covenants and obligations contained in this Lease on the part of Lessor shall be binding on the Lessor and its successors and assigns only during and in respect to the respective successive periods of ownership of the Premises.

38. ESTOPPEL CERTIFICATE

Lessee shall, without charge, at any time and from time to time hereafter, within TEN (10) business days after written request of Lessor to do so, certify, by written instrument duly executed and acknowledged by Lessee and certified to Lessor and to any prospective lender or purchaser: (a) as to whether this Lease has been supplemented or amended, and if so, the substance and manner of such supplement or amendment; (b) as to the existence of any default hereunder to the best of Lessee's knowledge; (c) as to the date on which Lessee was obligated to commence paying Base Rent and all other charges hereunder and the expiration date of the Term; (d) as to whether the Lessee has assigned or transferred its interests or any portion thereof in this Lease; and ® as to any other matters as may be reasonably requested. Lessor and any prospective purchaser or lender to whom the same was certified may rely upon any such certificate.

39. UNAVOIDABLE DELAY

In the event either Party shall be delayed or hindered in or prevented from the performance of any covenant, agreement, work, service, or other act required under this Lease to be performed by such Party ("**Required Act**"), and such delay or hindrance is due to Unavoidable Delay (as defined below), then the performance of such Required Act shall be excused for the period of delay and the time period for performance of the Required Act shall be extended by the same number of days in the period of Unavoidable Delay. For purposes of this Lease, "Unavoidable Delay" shall mean, with respect to either Party, an unavoidable delay in the performance by such Party of any non-monetary conditions or obligations under this Lease due including but not limited to: (a) construction delay to the extent caused by the other Party, (b) legal proceeding brought by a non-Party with respect to the Improvements or any provision or requirement of this Lease which by its nature prohibits the Improvements from being commenced, continued and/or completed, (c) a Party not receiving a governmental permit, license, approval or inspection in time to meet a contractual time period imposed hereunder provided that Party, in good faith, was diligent in the application or request for and prosecution of the process to obtain that permit, license, approval or inspection, (d) floo®(e) epidemic, (f) quarantine restriction, (g) unusually severe weather not reasonably anticipated, (h) strike, (i) walkout, (j) lock-out, (k) war, (l) national emergency, (m) fire, (n) act of God, (o) act of terrorism, (p) natural disaster, (q) explo®n, (r) default by the other Party hereunder in the performance of its obligations hereunder, (s) delay caused by the discovery, presences or actions necessary to investigate or remediate Hazardous Material under SECTION 14 (but excluding Hazardous Material attributable to the Party claiming Unavoidable Delay), or (t) other causes beyond such Party's control; provided that no Unavoidable Delay shall exist unless the Party claiming such Unavoidable Delay shall give written notice to the other Party of the occurrence of the Unavoidable Delay not later than FORTY-FIVE (45) days after the commencement of such Unavoidable Delay.

40. MISCELLANEOUS

40.1 Personal Liability. No member of or employee of either Party shall be charged personally or held contractually liable by or to the other Party under any term or provision of this Lease because of any breach thereof, or because of its execution or attempted execution.

40.2 No Waiver. No provision of this Lease may be waived or modified except by a writing signed by the Party against whom such waiver or modification is sought.

40.3 Non-Waiver of Rights. No waiver or default by Lessor of any of the terms, conditions, covenants, or agreements hereof to be performed, kept or observed by Lessee shall be construed or act as a waiver of any subsequent default of any of the terms, covenants, conditions or agreements herein contained to be performed, kept or observed by Lessee, and Lessor shall not be restricted from later enforcing any of the terms and conditions of this Lease.

40.4 Amendment. This Lease contains all agreements of the Parties as of the date hereof with respect to any matter mentioned herein. No prior agreement, correspondence, or understanding pertaining to any such matter shall be effective to interpret or modify the terms hereof. Oral commitments or promises are not enforceable and shall not be binding or made part of this Lease. Any revisions or modifications to this Lease must be in writing and mutually accepted by persons with full and complete authority to bind the party.

40.5 Litigation Expenses. In the event of litigation between Lessor and Lessee in connection with this Lease, the prevailing Party shall be entitled to recover its attorneys' fees and all costs and expenses of litigation, including witness fees, expert witness fees, and court costs.

40.6 Headings. The headings contained herein are for convenience in reference only and are not intended to define or limit the scope of this Lease or any term thereof.

40.7 Entire Agreement. This Lease, including exhibits attached hereto at the time of its execution, constitutes the entire agreement between the Parties hereto and supersedes all prior negotiations, understandings and agreements between the Parties concerning such matters.

41. INCORPORATION OF RECITALS

The recitals set forth herein are acknowledged by the Parties to be true and correct and are incorporated herein by this reference.

IN WITNESS WHEREOF, the Parties have executed this Lease the day and year first above written.

EXECUTED to be effective on the date specified above.

Board Action Item

Re: Resolution 23-37

To:	**Board of Directors**
From:	**Bob Draper, P.E., LEED AP, CM Engineering & Facilities Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**FY23 Capital Budget Adjustment- Rental Car Care Facility Improvements - CIP 1242**
Date:	**June 20, 2023**

Proposed Motion

To authorize an Amendment of the FY23 Carryover Capital Budget to add $1,710,015.99 in funding to the current Rental Car Care Facility Improvements Project (CIP 1242) CMAR Contract, with Willmeng Construction, Inc. and design contract with TranSystems, due to rental car companies' requests and Phoenix-Mesa Gateway Airport Authority (PMGAA, Authority) approved changes that are necessary to meet the desired needs of the car rental companies.

Narrative

The growth of commercial service at the Airport benefits the car rental companies and generates revenue for the Airport through Customer Facility Charges (CFC). CFC's are daily transaction fees imposed upon a customer renting a vehicle from an on-airport car rental company. CFC revenues are used to pay for costs associated with the design and construction of facilities or improvements used for the car rental companies located at the Airport.

Our current Car Care Facility is outdated, inadequate, and lacks the capacity and efficiency needed to service our customers effectively. This facility needs to be upgraded and expanded in order to accommodate the increased number of rental cars currently in service. Willmeng Construction, Inc. is providing CMAR Construction Services that include removal of existing facilities, building a new car care building, vacuum, car wash and light maintenance facilities, office and restroom space, increased car queuing, signage, asphalt, pavement, striping and lighting. Additional improvements are being requested by the Car Rental Companies; these PMGAA driven changes include the paving and striping of Lot 58 for additional parking, modifications to the shade canopies, revisions to the wash facilities, increased site security improvements and City of Mesa required modifications.

Fiscal Impact

Requesting to have these additional funds, for the Rental Car Care Facility Improvements Construction Services Project and included in the FY23 Carryover Capital Budget utilizing CFC funds under CIP 1242.

Rental Care Care Budget Adjustment Summary

	A	B	C	
Original Budget	$200,000.00	$5,400,000.00	$300,000.00

Subject: RE: [EXT] FW: PMGAA Car Wash Utility Track Info

Cawlin,

Below is the email that we discussed a few minutes ago. Just wanted to confirm that the bottom of the track still needs to be installed 10'8" AFF. We can make that modification but just wanted to make sure it was still a requirement. ""

I also need verification from your team on the sump pump system style the engineer/architect is planning. There has been back and forth on in pit pumps or lift pump stations for the reclaim side would be used. We quoted the in pit 120 v 1 ph sump style per spec and need to know if that is the direction or if they want the updated plans to reflect Lift pump stations, which would be 3 ph power? Cost difference is a little under $15K and based on what direction they wanted to go with we can provide a change order and finalized drawings. Either style functionally will work with the system.

Let us know on that and we will move ahead accordingly.

Thanks again.

Temporary fence pricing for long-term projects is based on the initial term listed on the agreement which will be billed on a 28 day billing cycle. All new fence orders are subject to a minimum install fee and will be listed on the corresponding agreement. If the fence is needed beyond the initial term listed on this agreement, a residual (rental) fee will apply to all fence and related products on site. This residual percentage amount will appear on your agreement and will be invoiced each billing cycle until the fence is removed. Price includes initial delivery, installation and removal. Any additional deliveries, moves or removals will be charged based on the pricing in this agreement and the schedule below. All partial deliveries and removals are subject to a minimum trip charge as outlined in the agreement.

USS DOES NOT ENGAGE IN OR SIGN PROJECT LABOR AGREEMENTS (PLA). USS WILL, HOWEVER, PROVIDE FENCE TO OUR CUSTOMERS FOR SELF-INSTALLATION IN THESE INSTANCES.

IF THIS IS A PREVAILING WAGE PROJECT, DAVIS BACON RATES WILL BE USED TO ESTIMATE PREVAILING WAGE. RATE WILL BE CHARGED AS SITE MANDATES. CUSTOMER IS RESPONSIBLE TO PROVIDE USS WITH DIR OR CPR FORM PRIOR TO INSTALL. All installs, pickups, moves, or repairs accrue at current Davis Bacon Wage Act wages if the project is prevailing wage.

Miscellaneous Charges
Add $1.00 per ft for moves (subject to $450.00 minimum fee)
Add $1.00 per ft for rocky ground, hillside or hand carry.

Hole patching (cold patch) available in designated areas, will be $8 per hole in asphalt and $10 per hole in concrete (subject to $450 minimum fee)
Add $250 per hour based on two-person crew for waiting time related to site delays, safety classes, site orientations or any other reason for delay, etc.
It is the customer's responsibility to keep fence line free of vegetation and snow. All growth and or snow must be cleared prior to delivery or removal.

Comments & Special Instructions

SHOULD YOUR FENCE REQUIRE DRIVEN POST, CUSTOMER WILL NEED TO MARK THE FENCE LINE FOR UNDERGROUND UTILITIES LOCATE COMPANY (ie: DIG ALERT) AND LET USS KNOW ONCE COMPLETED. USS WILL CALL TO SCHEDULE THE UNDERGROUND ASSESSMENT. IN SOME STATES THE LOCATE APPOINTMENT CAN BE SCHEDULED BY THE CUSTOMER, HOWEVER USS MUST BE LISTED ON THE PAPERWORK. PLEASE NOTE THIS WILL TAKE 3-5 BUSINESS DAYS TO CLEAR BASED ON LOCAT UTILITY LOCATE AVAILABILITY.

Damaged or missing fence will be billed per the schedule below:
Chain Link: $6.00 per foot
Panel Fence: $12.25 per foot
Gates: 2x standard per foot charge for item. ie, 10' gate for panel fence will be charged at $24.50 per foot.

If damaged fence has to be removed and reinstalled, customer will be billed for damaged fence and for additional installation charges.

Re: Solicitation Notification
Date: **June 20, 2023**

This report is to provide notification of the active and upcoming solicitations to help ensure compliance with the Phoenix-Mesa Gateway Airport Authority procurement transparency clause. The active activities include the following:

Active/Pending Solicitations

Type Solicitation	Number	Title	Anticipated Contract Award (Board Action)
Invitation for Bid	2023-022-IFB	RW 12R-30L Reconstruction & TW 'H' Demolition & TW 'B2' Construction	July 2023
Request for Proposals	2023-020-RFP	ATM Services	September 2023
Request for Proposals	2023-021-RFP	Airport Vending Concessions	September 2023

Future Solicitations

Type Solicitation	Number	Title	Scheduled for Release	Anticipated Contract Award (Board Action)
Request for Qualifications	2023-024-RFQ	CMAR for Baggage Claim Makeup	June 2023	September 2023
Request for Proposals	2023-006-RFP	Car Rental Concession	July 2023	September 2023

Equipment Disposals

Fiscal year totals from sales of decommissioned / nonworking equipment total $38,144.

If you have any questions about the solicitations or the procurement process, please feel free to contract me at 480-988-7613.

NOTICE AND AGENDA OF MEETING OF THE
PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
BOARD OF DIRECTORS

Pursuant to A.R.S. § 38-431.02, notice is hereby given to the members of the Phoenix-Mesa Gateway Airport Authority and to the public that the Phoenix-Mesa Gateway Airport Authority will hold a meeting open to the public on **Tuesday, July 18, 2023 beginning at 9:00 a.m.** in the Board Room (Saguaro A & B) of the Gateway Administration Building, 5835 South Sossaman Road, Mesa, Arizona. Members of the Phoenix-Mesa Gateway Airport Authority may attend either in person or by telephone. The Board may vote to hold an executive session for the purpose of obtaining legal advice from the Board's attorney on any matter listed on the agenda pursuant to A.R.S. § 38-431.03 (A)(3)&(4).

The agenda for the meeting is as follows:

1. **Call to Order** (Mayor Chip Wilson, Chair)
   Members of the Phoenix-Mesa Gateway Airport Authority will attend either in person or via videoconference.

2. **Roll Call** (Mayor Chip Wilson, Chair)

3. **Pledge of Allegiance**

4. **Call to the Public**
   Members of the Board may not discuss items that are not on the agenda. Therefore, action taken as a result of public comment will be limited to directing staff to study the matter or scheduling the matter for further consideration and decision at a later date. Maximum of three minutes per speaker.

5. **Executive Director's Report** - J. Brian O'Neill, A.A.E., Executive Director/CEO

6. **Presentation** – Gateway Tomorrow, Tony Bianchi, Planning Project Manager

7. **Consent Agenda**

   a) **Minutes** of the Board Meeting held on **June 20, 2023**.

   b) **Resolution No. 23-39 –** Authorizing paving services with **Sunland Asphalt of Arizona, Inc. (Sunland)** for the Taxiway Circle Access Reconstruction Project in an amount not to exceed $463,155.28 under CIP 982.

   c) **Resolution No. 23-40 –** Authorizing the purchase of airfield asphalt repair services with **Sunland Asphalt of Arizona, Inc. (Sunland)** for an amount not to exceed $175,000.

   d) **Resolution No. 23-41 –** Authorizing the purchase of one new forklift from **Big Lift Material Handling**, in an amount not to exceed $65,000.

   e) **Resolution No. 23-42 –** Approving Authorization of Services (AOS) 20B-2303 Amendment #1 to the contract with **Dibble Engineering** for the RWY 12R-30L Reconstruction, in an amount of $73,774.00, to redesign the project into a single bid package, resulting in a total contract amount not to exceed $1,068,366.00.

f) **Resolution No. 23-43 –** Approving Authorization of Services (AOS) 20A-2202 Amendment #1 to the contract with **Kimley-Horn & Associates** for the Aviation Way and Utility Extensions Infrastructure project, in an amount of $28,889.18, for design support services pre and post construction, resulting in a total contract amount not to exceed $200,486.18.

Consideration and Possible Approval of:

8. **Resolution No. 23-44 –** Approval of the **Boyer Gateway East, L.C. Initial Master Plan** as provided to the Airport Authority, per the Master Development Agreement (MDA) dated June 21, 2022.

9. **Board Member Comments/Announcements**

10. **Next Meeting: Tuesday, September 19, 2023 at 9:00 a.m.**

11. **Adjournment**

Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting Misty Johnson at 480-988-7607 or mrjohnson@gatewayairport.com. Requests should be made as early as possible to allow time to arrange the accommodation.

July 2023

Gateway East Master Development

A 273-Acre First-Class Business Park being Developed by The Boyer Company on the East Side of Phoenix-Mesa Gateway Airport

Financial Snapshot

OPERATING INCOME	May		Month Variance	FYTD Comparison		FYTD Variance
	2022	2023		FY22	FY23	
Revenues	$2,614,838	$2,144,487	**($470,351)**	$24,469,998	$27,159,404	**$2,689,406**
Less Expenses	$2,037,250	$2,142,646	**$105,396**	$20,577,798	$23,201,206	**$2,623,408**
Operating Income *(Before Depreciation)*	**$577,588**	**$1,841**	**($575,747)**	**$3,892,2000**	**$3,958,198**	**$65,998**

Investment Fund Balances: As of May, the Local Governmental Investment Pool (LGIP) 700 = $6,136,335; Wells Fargo; Collateralized Money Market = $8,637,509 and Brokered CD's = $42,434,311; Total $57,208,155. The market value accounting adjustment was $203,095 for the month. The entry is for accounting purposes only. PMGAA invests in fixed rate instruments.

Finance and Accounting

Phoenix-Mesa Gateway Airport Authority (PMGAA, Authority) reported a net operating income of $1,841 for May 2023, $575,747 below financial results last May. Aeronautical revenues this May decreased by 25% compared to May 2022. The reduction in aeronautical revenue was directly related to a decrease in commercial, military, and U.S. Forest Service operations during the month. This reduction in activity resulted in lower Fuel Flowage Fees, Landing Fees, Fuel Sales, and Services Sold.

Non-airline revenues – food, beverage, and retail concessions, customer parking, and ground transportation – decreased by 3% in May 2023, mirroring a 3% decrease in passenger activity during the month.

Operating expenditures for May increased by 5% ($105,396).

Fiscal year-to-date 2023 (FYTD23), total operating revenues have increased by 11% and total operating expenditures have increased by 13%. Total operating expenditures remain 2% under FY23 budget.

PMGAA is currently conducting a long-range planning study called **Gateway Tomorrow** to help identify the facilities and infrastructure needed to relocate the commercial passenger terminal to the east side of the Airport. An important component of the study is to evaluate available funding sources and develop the beginning outline of a financing plan that includes federal, state, and local assistance, as well as the issuance of general airport revenue bonds (GARB). PMGAA staff is currently working to obtain a bond rating.

Active/Pending Solicitations

Request for Proposals	2024-002-RFP	Car Rental Concessions	July 2023

Airport Operations

Gateway Airport Sets New Total Passenger Activity Record in FY23

There are several important cornerstones of Gateway Airport's growing operation – commercial passenger service, general aviation activity (including corporate), transient military training, U.S. Forest Service – Mesa Base operations, maintenance, repair, and overhaul (MRO) services, and private aeronautical and non-aeronautical development.

Gateway Airport's Commercial Passenger Terminal

In FY23 (July 2022 – June 2023), Gateway Airport set a new total passenger activity record, welcoming more than 1.9MM sun-seeking visitors and local air travelers during the previous 12-month period.

Assuming half the total passengers last year originated from outside Arizona, that's almost one million Airport customers contributing to the regional economy by renting cars, staying in hotels, eating in restaurants, shopping, attending sporting events, and playing golf or other outdoor activities.

Gateway Airport is a major economic engine, contributing more than $1.8 billion each year to the Phoenix East Valley economy, creating thousands of jobs, and improving access to the global marketplace.

PASSENGER COUNTS		May		% Change	FYTD		% Change

Engineering and Planning

Roof Installed on 5-Gate, 30,000 Square Foot Terminal Addition

Terminal Addition Roof being Installed

PMGAA takes every opportunity to celebrate important construction milestones. Whether it's a floor being poured, walls being erected, or the roof being installed, each project represents progress. Gateway Airport's $28MM 5-gate, 30,000 sq. ft. commercial passenger terminal addition is making progress!

This much-needed Airport project is being partially funded through a $14.4MM federal Bipartisan Infrastructure Law (BIL) Airport Terminal Program (ATP) grant and a $7MM Arizona Department of Transportation grant. PMGAA would like to thank the federal government and the State of Arizona for their investment in this important Airport project.

The project is expected to be completed in January 2024 and operational in February.

Business Development

Lori Collins Joins PMGAA as Director of Business and Economic Development

PMGAA is pleased to announce the appointment of Lori Collins as Director of Business and Economic Development. Ms. Collins brings a wealth of knowledge and experience in strategic planning, economic growth initiatives, airport management, and commercial real estate to the Authority. She joins PMGAA with a proven track record of success in driving economic development in various Phoenix area municipalities.

As Director of Business and Economic Development, Collins will be responsible for executing Gateway Airport's Strategic Business Plan, cultivating relationships with local, regional, national, and international businesses, and working with aeronautical and non-aeronautical companies interested in relocating or expanding at Gateway Airport. Lori's broad experience and unique understanding of greater Phoenix market dynamics will benefit Gateway Airport's reputation as a premier aviation and business location.

The Boyer Company Presents Initial Master Plan for Gateway East

In 2022, PMGAA selected The Boyer Company (Boyer) of Salt Lake City, UT as the master developer for Gateway East, a 273-acre mixed-use first-class Airport Business Park located on the east side of the Airport. Boyer is an experienced large-scale commercial developer with a long track record of successful projects.

Conceptual Site Plan for Gateway East Development

Boyer was chosen from a group of twelve very qualified development companies because they shared PMGAA's vision for a high-quality development featuring office, manufacturing, industrial, and commercial retail. Boyer presented their Initial Master Plan to the PMGAA Board of Directors at their June meeting. Once the plan is approved by the PMGAA Board, Boyer will submit a development lease for its first project, a 275,000 sq. ft. manufacturing facility and U.S. headquarters for XNRGY Climate Systems.

PMGAA Eyes 10-Acre Site on the South Ramp for Redevelopment

As a former military base, Gateway Airport has a number of Air Force buildings remaining around its airfield. These buildings have become prime redevelopment targets for aviation companies interested in growing or relocating their business to the Airport. In 2024, PMGAA will offer a 10-acre site on the south ramp of the airfield as a redevelopment opportunity. This site is a great location for any company looking for aeronautical land with great access to the Airport's three 10,000-foot runways.

Community Noise Report

CALLERS	May		FYTD	
	2022	2023	FY22	FY23
Total	7	9	127	136

AIRCRAFT TYPE	May		FYTD	
	2022	2023	FY22	FY23
	Callers	Callers	Callers	Callers
Commercial	2	7	74	78

Queen Creek	1	2	12	17
Queen Valley	0	0	3	2
Apache Junction	0	0	1	4
Fountain Hills	0	0	1	0
TOTAL	7	9	127	136

PMGAA received communications from 9 individuals regarding aircraft noise issues during the month of May 2023, compared to 7 received last May. This time of year, when the temperature increases, noise calls tend to decrease because area residents keep windows closed and the air conditioning on.

PMGAA Team Member Spotlight

Employee Name: **Tony Steeneck**
Employee Title: **Project Manager**
PMGAA Department: **Engineering and Facilities**
Years with PMGAA: **25**

What are your job responsibilities for PMGAA? As a Project Manager with the Engineering & Facilities Team, I work to manage capital improvement projects for the airport. This includes developing scope and negotiating fees with consultants and managing/coordinating efforts through the design process. Once a project is bid and funded, the work shifts to coordinating the efforts in constructing the project and managing the budget. Communicating with many internal and external departments and agencies is essential for a successful project.

What is your most memorable Gateway Airport moment? So many to choose from. I am proud to have had a small part in the growth and development of Gateway. From working the Cox Airshows, seeing the first Presidential visit, the start of scheduled air service, the development of the passenger terminal and the many airfield improvements and private developments. In the end, the most memorable moment is likely to be the one coming in August when I retire.

What is something people may not know about you? My wife and I enjoy traveling and typically focus on the food, arts, and music scenes for the area we visit. We are also becoming Segway geeks. We have taken Segway tours in many locations like Portland, Salt Lake City, Austin, Savanah, and Washington DC. It is a great way to see a city.

Gateway Aviation Services

PMGAA pumped more than 1.23MM gallons of aviation fuel during the month of May 2023, a 21% decrease compared to the 1.55MM gallons dispensed during last May. Commercial Jet A fuel activity showed signs of improvement and was only down 5% during the month.

FYTD23, Gateway Aviation Services has pumped more than 16.47MM gallons of aviation fuel.

FUEL (Gallons)	May			FYTD		
	2022	2023	% Change	FY22	FY23	% Change

City of Phoenix Withdrawing Membership in PMGAA on June 30, 2024

The City of Phoenix has informed the PMGAA Board of Directors of its intention to withdraw its membership in PMGAA on June 30, 2024. In a letter dated June 30, 2023 to FY23 PMGAA Board Chair Brigette Peterson, Phoenix City Councilmember Jim Waring said:

> *"The City of Phoenix values its long-standing relationship with the Phoenix-Mesa Gateway Airport Authority (PMGAA) and has enjoyed our long history of supportive participation on the Board of this critical commercial reliever airport. Thanks to the Board's leadership, the airport has excelled and is now well positioned for long-term growth and success.*
>
> *Given PMGAA's strength and financial solvency, as well as Phoenix's need to continue making financial investments in its own system of airports, now is the right time to conclude our participation on the PMGAA Board."*

Allegiant Adding Nonstop Service to Portland, OR in November

Great News! Allegiant Air, Gateway Airport's largest airline is adding twice weekly nonstop service to Portland, Oregon beginning this November. Portland is an extremely popular two-way destination for Phoenix. In the winter, Oregonians flock south for some much-needed sunshine, and in the summer, Valley residents head north for some respite from the heat.

MINUTES OF PUBLIC MEETING OF THE
PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
BOARD OF DIRECTORS | June 20, 2023

A public meeting of the Phoenix-Mesa Gateway Airport Authority (PMGAA, Authority) was convened on Tuesday, June 20, 2023, beginning at 9:00 a.m. in the Board Room (Saguaro A&B) of the Gateway Administration Building, 5835 S Sossaman Road, Mesa, Arizona.

Members Present

Mayor Brigette Peterson, Gilbert
Councilmember Jim Waring, Phoenix*
Mayor Chip Wilson, Apache Junction
Lt. Governor Monica Antone, Gila River Indian Community
Mayor Julia Wheatley, Queen Creek (*via audioconference*)
Mayor John Giles, Mesa
** Neither present nor represented*

Airport Staff Present

J. Brian O'Neill, Executive Director/CEO
Scott Brownlee, Deputy Director/COO
Chuck Odom, CFO
Misty Johnson, Clerk of the Board
Jill Casson Owen, Attorney

1. **Call to Order** at 9:02 a.m. (Mayor Peterson, Chair)

2. **Roll Call**

3. **Pledge of Allegiance**

4. **Call to the Public**
   There were no public comments.

5. **Executive Director's Report** – J. Brian O'Neill, A.A.E., Executive Director/CEO
   Executive Director O'Neill provided a briefing on PMGAA financial performance, passenger activity, the community noise report, and various Airport projects.

   - Fiscal Year-to-Date (FYTD) Net Operating Income is $3,956,355.
   - Phoenix-Mesa Gateway Airport (Airport, Gateway Airport) welcomed 169,747 commercial passengers during April 2023. This is a slight dip compared to the 171,015 passengers during April last year.
   - DSV B-747 Scheduled Cargo Service - DSV Air and Sea is a global transport and logistics company. In May it celebrated the expansion of its air cargo network to Gateway Airport. In February DSV signed a lease for a 22,000 sq. ft. hangar and will begin twice weekly scheduled service at the end of June with weekly service arriving from Europe and weekly service from Asia.
   - SkyBridge Arizona is constructing two 250,000 sq. ft. industrial buildings. These two large buildings are being built to accommodate both single and multiple tenants. Once financing is secured, SkyBridge Arizona hopes to begin construction of the 127-room dual-brand hotel along Sossaman Road. Northern Arizona University (NAU), in partnership with Kind Hospitality and SkyBridge, is building a two-story facility next to the hotel. The first floor will be a sit-down, high-quality restaurant and the second floor will be NAU's hospitality program. Construction of

DRAFT

Taxilane Sierra will begin in the fourth quarter of this year. This final piece of the horizontal infrastructure will open a significant amount of aeronautical land for SkyBridge Arizona to develop.

- Matt Jensen and Adrian Evarkiou attended the June PMGAA Board meeting as representatives of The Boyer Company. Mr. Jensen presented on the Initial Master Plan for the Gateway***East*** master development.
- Progress on Phase I of Gulfstream's new 225,000 sq. ft. West Coast Service Center continues. Gulfstream is working towards a completion date in the beginning of 2024.
- Boeing is leasing one half of Hangar A in the Gateway Executive Airpark. Tenant improvement work will be completed before opening their facility in the fall of this year.
- Virgin Galactic is leasing the remaining two hangars in the Gateway Executive Airpark. Progress for the customization of these hangars continues. The steel has been erected on the 125,000 sq. ft. hangar and the reinforced footings have been poured on the second hangar. Completion of these two hangars is anticipated for Q2 2024.
- PMGAA will issue a Request for Proposals for the demolition of several older Airport buildings along with the old Air Traffic Control Tower. At that time, the older buildings on Lot 50 and Lot 45 will also be demolished. This will provide a ten-acre redevelopment opportunity of aeronautical land located on the south ramp of the airport.
- The growing population of greater Phoenix is causing some challenges for the supply of Jet-A aviation fuel in the Valley. During COVID, the need for Jet-A diminished and more diesel fuel and unleaded fuel were added to the pipeline from California. As the aviation sector has recovered, allocations of Jet-A sometimes are scarce. PMGAA is actively evaluating options to ensure an adequate supply of Jet-A in the future.
- Progress continues for the Airport's new 30,000 sq. ft. five-gate terminal addition. The concrete block walls and steel beams are being erected. The project is expected to be complete in January 2024 with operations beginning mid-February.
- Construction of the enclosed pedestrian walkway connecting the ticketing terminal and the security screening checkpoint will begin in July. This customer service enhancement project will increase the queuing area for the security screening checkpoint and will keep passengers in a climate-controlled environment from ticketing through security screening. This project is anticipated to be complete before the busy travel period begins in February/March 2024.
- Due to increasing passenger activity at PMGAA, a new TSA In-Line Checked Baggage System (BHS) is being installed to improve efficiency and speed up baggage processing. This will be paid for with a TSA grant. The design for this project will be complete in June.
- Improvements to the Rental Car Care Facility are underway. The project includes new vehicle wash and vacuum bays, upgraded maintenance facilities, additional vehicle queuing and storage and new operations offices. PMGAA, in conjunction with all its rental car companies, is investing between $9 - $10MM to make the improvements. The funding for the project comes from the Airport's dedicated Customer Facility Charge (CFC) account.
- Fuel Farm Expansion - The Authority has purchased three new 50,000-gallon Jet-A fuel storage tanks that will be delivered in August. This additional fuel storage capacity will provide the Airport with approximately seven days of on-Airport fuel storage. This project began in June and is scheduled to be completed by the end of the year.
- The Airport and the FAA are working on funding for the first phase of the inside runway reconstruction project. If funding isn't available for FY24, the project may need to be pushed into FY25.

6. **Gateway East Presentation** – Matt Jensen, Project Manager, The Boyer Company

Mr. Jensen provided an informative overview of the various components included in Gateway***East*** Initial Master Plan.

Lt. Governor Antone asked if the property had been cleared through Native American Graves Protection and Repatriation Act (NAGPRA). Executive Director O'Neill assured her the site has been approved by the Federal Aviation Administration's issuance of a Finding of No Significant Impact (FONSI) for the Environmental Assessment.

Mayor Giles stated both the Authority and the City of Mesa are proud of the partnership with The Boyer Company on this exciting regional project.

7. **Consent Agenda**

a) **Minutes** of the Board Meeting held on **May 16, 2023**.

b) **Resolution No. 23-28 –** Authorizing an agreement for financial participation between the **City of Mesa** and Phoenix-Mesa Gateway Airport Authority to share state and federal lobbyist and consulting services effective July 1, 2023 in the amount of $108,060.

c) **Resolution No. 23-29 –** Authorizing the purchase of janitorial supplies from **Network Services Company in partnership with Waxie Sanitary Supply** for FY24, in an amount not to exceed $126,000.

d) **Resolution No. 23-30 –** Authorizing the purchase of Jet A fuel and 100LL Avgas from **Ascent Aviation** for Airport Authority resale in the amount of $3,995,750.

e) **Resolution No. 23-31 –** Authorizing the purchase of Unleaded and Diesel fuel from the **lowest priced State contract vendor** at market prices for Airport Authority use and resale in an amount not to exceed $634,850. This amount will provide fuel for the 2024 fiscal year.

f) **Resolution No. 23-32 –** Authorizing the purchase of international waste management services from **Stericycle, Inc. (Stericycle)** in an amount not to exceed $55,000 for fiscal year 2024.

g) **Resolution No. 23-33 –** Authorizing Amendment 3 to the Land Lease Agreement with **Gateway Executive Airpark, LLC** for lots 11-14 in order to add an additional 19,386.18 square feet to the Premises.

h) **Resolution No. 23-34 –** Approving an unscheduled 5% **market adjustment** for the PMGAA Executive Director/CEO.

i) **Resolution No. 23-35 –** Authorizing an amendment extending the existing Intergovernmental Agreement (IGA) with the City of Mesa for **Aircraft Rescue and Firefighting** (ARFF) Maintenance, effective July 1, 2023, through June 30, 2024, with costs estimated to be approximately $40,000.

j) **Resolution No. 23-36 –** Authorizing a Facility Lease Agreement with **Straube's Aircraft Services Inc.** for the property located at 6262 S. Taxiway Circle, Mesa, AZ 85212 with an Effective Date of

July 1st, 2023. The Term for the Agreement is thirty-six (36) months, terminating on June 30th, 2026, with one (1), two (2) year renewal option.

k) **Resolution No. 23-37 –** Authorizing an amendment of the FY23 Carryover Capital Budget to add $1,710,015.99 in funding to the current Rental Car Care Facility Improvements Project (CIP 1242) CMAR contract, with **Willmeng Construction, Inc**. and design contract with **TranSystems**, due to rental car companies' requests and Phoenix-Mesa Gateway Airport Authority approved changes that are necessary to meet the desired needs of the car rental companies.

Mayor Chip Wilson moved to approve the Consent Agenda.
Lt. Governor Monica Antone seconded the motion.
The motion was carried unanimously.

Consideration and Approval of:

8. **Resolution No. 23-38** Authorizing a contract modification to the current Rental Car Care Facility Improvements Project CMAR Contract, with **Willmeng Construction, Inc**., due to rental car companies' requests and Phoenix-Mesa Gateway Airport Authority approved changes to meet the desired operational needs of the car rental companies. This contract modification amount is not to exceed $1,959,950.76 under CIP 1242 and provides an additional 90 contract days.

Mayor John Giles moved to approve Resolution No. 23-38.
Mayor Chip Wilson seconded the motion.
The motion was carried unanimously.

9. **Election of Chair and Vice Chair**

Mayor Julia Wheatley motioned to nominate Mayor Wilson to become Chair and Lt. Governor Antone to become Vice Chair.
Mayor John Giles seconded the motion.
The motion was carried unanimously.

10. **Election of Secretary and Treasurer**

Lt. Governor Monica Antone motioned to nominate Mayor Wheatley to become Secretary and Mayor Giles to become Treasurer.
Mayor Chip Wilson seconded the motion.
The motion was carried unanimously.

11. **Board Member Comments/Announcements.**
Executive Director O'Neill conveyed appreciation on behalf of the Authority for Mayor Peterson's outstanding vision and leadership as PMGAA's Chairman of the Board of Directors during FY23.

Mayor Peterson said it has been an honor for her to serve as the Chair of PMGAA's Board of Directors and expressed her gratitude for the kind words and the support of the board and the staff.

She also congratulated Lt. Governor Antone and the Gila River Indian Community on the opening of the Gila River Casino Santan Mountain.

12. **Next Meeting: Tuesday, July 18, 2023** at 9:00 a.m. in the Board Room (Saguaro A&B) of the Gateway Administration Building, 5835 S Sossaman Road, Mesa, Arizona. Members of the Phoenix-Mesa Gateway Airport Authority may attend either in person or by audioconference.

13. **Adjournment.**
    The meeting adjourned at 9:56 a.m.

Dated this _____ day of _____ 20___.

Board Action Item

Re: Resolution 23-39

To:	**Board of Directors**
From:	**R. J. Draper, P.E., LEED AP, CM Engineering & Facilities Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**Taxiway Circle Access Reconstruction – Sunland Asphalt - CIP 982**
Date:	**July 18, 2023**

Proposed Motion
To authorize paving services with Sunland Asphalt for the Taxiway Circle Access Reconstruction Project in an amount not to exceed $463,155.28 under CIP 982.

Narrative

Due to the age of the pavement and the wear and tear on the roadway after being the "haul" route for two major projects (TWY K and the new ATCT Construction), the access roadway, in front of Building 1080, is in need of replacement.

PMGAA staff propose replacing the approximately 4,500 square yards of pavement located in front of Building 1080, and the parking lot drive lanes.

PMGAA and Sunland Asphalt are both participants of the Mohave Educational Services Cooperative (MESC) Purchasing Group. Under MESC, Sunland Asphalt was awarded the Paving Contract #19P-ACE-0318, and it is through this competitive selection that PMGAA will utilize Sunland Asphalt for paving services. This contract is available upon request.

A quote was obtained utilizing the MESC pricing as noted below:

Sunland Asphalt of Arizona, Inc. $463,155.28

Fiscal Impact
The Paving Services for this Taxiway Circle Access Replacement Project are included in the FY23 Capital Budget and Carry over into FY24 with non-grant funding under CIP 982.

Attachment(s): Proposal, Map

RESOLUTION NO. 23-39

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize paving services with Sunland Asphalt of Arizona, Inc. (Sunland) for the Taxiway Circle Access Reconstruction Project in an amount not to exceed $463,155.28 under CIP 982.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes paving services with Sunland Asphalt of Arizona, Inc. (Sunland) for the Taxiway Circle Access Reconstruction Project in an amount not to exceed $463,155.28 under CIP 982. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**
>
> Passed and adopted by the Authority this 18th day of July, 2023.

Chip Wilson, Chair

Item Description	Total Price

Phase 1

Remove And Replace Asphalt $271,275.41

Provide Traffic Control And Barricades During Our Scope Of Work.
Make Necessary Saw Cuts.
Remove And Haul Off Approx. 27 Linear Feet Of Ribbon Curb.
Remove And Haul Off Approx. 28,973 Square Feet Of Existing Concrete To A Depth Of 7 Inches.
Remove And Haul Off Approx. 6,064 Square Feet Of Existing Asphalt/Base Material To A Depth Of 7 Inches.
Move Cuts To Fills.
Fine Grade For Concrete.
Form And Pour Approx. 27 Linear Feet Of New Ribbon Curb.
Add 5 Percent Lime To Approx. 28,973 Square Feet. Blend To A Depth Of 8 Inches.
Fine Grade, Moisture Condition, And Compact Subgrade To +/- 0.10 Feet On Approx. 35,037 Square Feet.
Construct A 4 Inch Aggregate Base Course (ABC) Section On Approx. 35,037 Square Feet.
Fine Grade Aggregate Base Course, Add Moisture, And Compact To Grade On Approx. 35,037 Square Feet.
Pave Approx. 35,037 Square Feet With 3/4 Inch Arterial EVAC Asphalt Surface Course To An Average Finished Depth Of 3 Inches After Compaction With A Steel Wheeled Vibratory Roller.
Stripe 1,550 Linear Feet Of Cross Hash Markings Using Yellow Latex Traffic Paint.
Stripe 1,550 Linear Feet Of Cross Hash Markings Using White Latex Traffic Paint.
Paint 1 Stop Bar With "STOP" Using 24" Stencils Using White Latex Traffic Paint.

This Proposal Is Based On Performing The Work In 1 Phase/Mobilization.

Phase 2

Remove And Replace Asphalt $23,707.68

Provide Traffic Control And Barricades During Our Scope Of Work.
Make Necessary Saw Cuts.
Remove And Haul Off Approx. 1,105 Square Feet Of Existing Concrete To A Depth Of 7 Inches.
Move Cuts To Fills.
Fine Grade, Moisture Condition, And Compact Subgrade To +/- 0.10 Feet On Approx. 1,105 Square Feet.
Construct A 4 Inch Aggregate Base Course (ABC) Section On Approx. 1,105 Square Feet.
Fine Grade Aggregate Base Course, Add Moisture, And Compact To Grade On Approx. 1,105 Square Feet.
Pave Approx. 1,105 Square Feet With 3/4 Inch Arterial EVAC Asphalt Surface Course To An Average Finished Depth Of 3 Inches After Compaction With A Steel Wheeled Vibratory Roller.

This Proposal Is Based On Performing The Work In 1 Phase/Mobilization.

Item Description	Total Price

Phase 3

Remove And Replace Asphalt $45,770.79

Provide Traffic Control And Barricades During Our Scope Of Work.
Make Necessary Saw Cuts.
Remove And Haul Off Approx. 24 Linear Feet Of Ribbon Curb.
Remove And Haul Off Approx. 2,402 Square Feet Of Existing Concrete To A Depth Of 7 Inches.
Remove And Haul Off Approx. 1,336 Square Feet Of Existing Asphalt/Base Material To A Depth Of 7 Inches.
Move Cuts To Fills.
Fine Grade For Concrete.
Form And Pour Approx. 24 Linear Feet Of New Ribbon Curb.
Fine Grade, Moisture Condition, And Compact Subgrade To +/- 0.10 Feet On Approx. 3,739 Square Feet.
Construct A 4 Inch Aggregate Base Course (ABC) Section On Approx. 3,739 Square Feet.
Fine Grade Aggregate Base Course, Add Moisture, And Compact To Grade On Approx. 3,739 Square Feet.
Pave Approx. 3,739 Square Feet With 3/4 Inch Arterial EVAC Asphalt Surface Course To An Average Finished Depth Of 3 Inches After Compaction With A Steel Wheeled Vibratory Roller.

This Proposal Is Based On Performing The Work In 1 Phase/Mobilization.

Phase 4

Grade / Install Trash Pad / Install Rip Rap $50,553.73

Provide Traffic Control And Barricades During Our Scope Of Work.
Make Necessary Saw Cuts.
Move Cuts To Fills.
Remove And Haul Off Approx. 1,410 Square Feet Of Existing Dirt To A Depth Of 24 Inches.
Fine Grade For Concrete.
Form And Pour 6" Thick Concrete Trash Pad.
Install 6, 6" Steel Bollards.
Fine Grade, Moisture Condition, And Compact Subgrade To +/- 0.10 Feet On Approx. 3,467 Square Feet.
Install Approx. 300 Square Feet Of Rip Rap.

This Proposal Is Based On Performing The Work In 1 Phase/Mobilization.

Allowances

Bond $5,639.50

Bid Price Subtotal:	**$439,447.11**
Total State, County And City Of Mesa Sales Tax 5.40%:	**$23,708.17**
Total Bid Price:	**$463,155.28**

Notes:

- **MOHAVE EDUCATIONAL SERVICE CO-OP BID**
  CONTRACT NUMBER: 19P-ACE-0318
  SPECIAL NOTE:
  The terms and conditions of Mohave Educational Services Co-Op Bid, Contract Number 19P-ACE-0318 will prevail over any and all terms and conditions stated in the proposal.
  Prices are valid until September 30th, 2023.
- **In order to hold pricing, this proposal must be signed and returned within 15 days from the bid date specified above. Due to the pricing volatility of our industry at the moment, Sunland reserves the right to update pricing at any time prior to start of work.**
- **Material pricing is good through 9-30-2023.**
- **Sunland Asphalt routinely uses recycled material in hot mix asphalt products.**
- **Sunland Asphalt will not be held liable for any underground cables, electrical lines, water lines or any other underground obstruction not locatable or not buried to a depth less than 18" below the existing finished grade.**
- **Plan Sheets**
  - Bid was generated off plan sheets: G-101 Stamped 6/7/2023, G-102 Stamped 6/21/2023, G-103 Stamped 6/21/2023, C-101 Stamped 6/20/2023, PM-101 Stamped: 6/6/2023.
- Pricing excludes night/weekend work, testing, any rebar in the existing concrete, SWPPP, badging, safety classes, fees, bonds, notifications, protection of concrete after initial placement, colored concrete, decorative concrete, rebar, fibers, wire mesh, dowels, imbeds, footings, masonry, caulking, truncated domes, ABC beneath concrete, asphalt patch back, QC testing, utility adjustment hardware, utility adjustments, gate loops, painting bumper blocks, permanent signage, herbicide, removal and disposal of existing fabric underlayment, water source, or survey/staking in price unless noted above. Any pre-existing ADA compliance issues are excluded from contract unless specifically stated in proposal.
- Additional (downtime/mobilization) charges may result from delays beyond the control of Sunland Asphalt (or its subcontractors) which prohibit the above mentioned work from being completed as scheduled. (i.e., unmoved vehicles, disregard for Sunland traffic control, sanitation/delivery services, sprinkler runoff, etc.)

- The depth of the existing asphalt is only an estimate. Additional depth may require additional charges. The removal of the asphalt has been bid for that function alone and does not include excavation of the base or subbase. If at the time of the removal, it is determined that contamination of water has weakened either the base or the subbase, additional charges would be negotiated to correct the unforeseen problem. If upon the removal of the asphalt, it is found that structures exist below such as concrete footings, abandoned pipes, metal supports, etc., an additional charge would be negotiated to remove these obstructions if they would impede or prohibit grade consistencies.

ACCEPTED:	**CONFIRMED:**
The above prices, specifications and conditions are satisfactory and are hereby accepted.	**Sunland Asphalt & Construction, LLC**
Buyer: _____	
Signature: _____	**Authorized Signature:** Tad Peters
Date of Acceptance: _____	**Project Consultant:** Tad Peters

- **Sunland Asphalt Addendum Terms and Conditions:**
  Contractor and Owner hereby accept the terms of the attached Proposal subject to = the terms and conditions set forth in this Addendum. The Proposal and Addendum shall be collectively referred to as the "Contract." This Addendum is attached hereto and incorporated herein by reference. If any of the terms of the Proposal are inconsistent with the terms of this Addendum, then this Addendum shall be controlling and the parties shall be bound by the terms and conditions of this Addendum.
- 1. WORK
  Contractor will furnish all necessary labor, materials, and equipment to complete the work specified in the Contract (the "Work"). All surfaces to which material is to be applied shall be in a condition similar to the condition at the time the project was bid. Owner shall specify one representative to represent the Owner who has authority to accept the Work and authorize changes to the Work. Owner shall provide reasonable access to a water supply source. Owner grants Contractor permission to utilize photos and videos of the Work and the project site in the promotion of Contractor's business services.
- 2. PAYMENT
  Contractor shall be paid a monthly progress payment within 15 days after receipt of the payment by the Owner for the value of work performed. Final payment, including all retention, shall be due 15 days after the work described in the Proposal is substantially completed. No provision of this agreement shall serve to void the Contractor's entitlement to payment for properly performed work.
- 3. INTEREST AND EXPENSES
  All sums not paid when due shall bear an interest rate of 1 1/2% per month or the maximum legal rate permitted by law, whichever is less, and all costs of collection, including a reasonable attorneys' fee, shall be paid by Owner.
- 4. ATTORNEYS' FEES
  In the event of litigation regarding the Contract or collection efforts by Contractor, the prevailing party shall be awarded its reasonable attorneys' fees and costs, which shall include all costs that would normally be passed through to the client, specifically but not limited to research charges, travel costs, expert witness costs, copying costs, mailing costs, facsimile costs, had-delivery costs, Federal Express or Express Mail costs, taxable costs and disbursements.
- 5. CONTINUED PERFORMANCE
  Nothing in this Contract shall require the Contractor to continue performance if timely payments are not made to Contractor for suitably performed work.
- 6. BACK CHARGES
  No back charges or claim of the Owner for services shall be valid except by an agreement in writing by the Contractor before the work is executed, except in the case of the Contractor's failure to meet any requirement of the Contract. In such event, the Owner shall notify the Contractor of such default, in writing, and allow the Contractor reasonable time to correct any deficiency before incurring any cost chargeable to the Contractor.
- 7. WORK AREAS
  Owner is to prepare all work areas so as to be acceptable for Contractor to perform its work under the Contract. Owner shall notify Contractor in advance when the site will be ready for Contractor to perform its work and shall provide Contractor with free and unobstructed access so tehat the work can be commenced promptly and completed without delay. Contractor will not be called upon to start work until sufficient areas are ready to insure continued work.
- 8. TIME FOR PERFORMANCE
  Contractor shall be given a reasonable time in which to commence and complete the performance of the Contract. Contractor provides no assurances as to a complete date since the Work is subject to weather conditions, prior commitments, mechanical failures, and other cause beyond Contractor's control. Contractor shall not be responsible for delays or default where occasioned by any causes of any kind and extent beyond its control, including but not limited to: delay caused by Owner, architect and/or engineers, delays in transportation, shortages of raw materials, civil disorders, labor difficulties, vendor allocations, fires, floods, accident hazardous waste or controlled substances and acts of God. Contractor shall be entitled to equitable adjustment in the contract price for additional costs due to unanticipated project delays or accelerations. Contractor shall not be obligated to provide any labor or materials outside the scope of work unless Owner shall first agree in writing to equitably adjust the contract price to be paid Contractor.
- 9. WORKMANSHIP
  All workmanship and materials are guaranteed against defects for a period of one (1) year from the date of substantial completion of installation. This warranty is in lieu of all other warranties, express or implied, including any warranties of merchantability or fitness for a particular purpose. The exclusive remedy shall be that Contractor will replace or repair any part of its work which is found to be defective. Contractor shall not be responsible for special, incidental or consequential damages. Contractor shall not be responsible for damage to its work by other parties or for improper use of equipment by other industry standard practices and will override strict compliance and strict performance. Contractor makes no warranty regarding drainage where the slope provided or allowable is less than two percent (2%). Contractor's warranty does not extent to or cover settlement or cracking of asphalt or pavement due to expansive soils, improperly compacted utility trenches, or for failures caused by the inadequate compaction of the subgrade. Contractor shall not be liable for damage to underground utilities which were improperly installed and/or backfilled.
- 10. WORK HOURS
  Work called for herein is to be performed during Contractor's regular working hours as agreed to by the Owner and the Contractor.
- 11. NOTICE
  Any notice or written claim required by the Contract to be submitted to the Owner, on account of charges, extras, delays, acceleration, or otherwise, shall be furnished within a time period, and in a manner to permit the Owner to satisfy the requirements of the Contract, notwithstanding any shorter time period otherwise provided.
- 12. LIEN RIGHTS
  Nothing in this Contract shall serve to void Contractor's right to file a lien or claim on its behalf in the event that any payment to Contractor is not timely made.
- 13. LABOR
  Contractor shall not be bound by any of Owner's labor agreements (in whole or in part).
- 14. LIQUIDATED DAMAGES
  The Owner shall make no demand for liquidated damages for delays in any sum in excess of such amounts as may be specifically named in this Contract and no liquidated damages may be assessed against Contractor for more than the amount paid by the Owner for unexcused delays to the event actually caused by the Contractor.

- 15. SCHEDULE
  Contractor shall submit a schedule to Owner, Owner will review and notify Contractor of any schedule conflict. If Contractor finds it necessary to change his schedule, Owner will give his best effort to meet this change in schedule. Contractor shall not be penalized for non-performance and will be paid for work performed.
  .
- 16. INSURANCE RESTRICTION
  Notwithstanding any provision to the contrary, Contractor shall maintain the types and limitations on insurance as shown on the attached certificate of insurance. Contractor is not required to waive any claims or rights of subrogation against the Owner or any others for losses and claims covered or paid by Owner's workers compensation or general liability insurance. Acceptance of the Certificate of Insurance constitutes acceptance of the insurance of Contractor, including any additional insured requirements. In addition, Contractor shall not provide completed operations under an additional insured requirement.
- 17. INDEMNITY, HOLD HARMLESS
  To the fullest extent permitted by law, Contractor agrees to protect, defend, indemnify, and hold harmless Owner from and against all liability, loss, claims, demands, damages, suits, costs, fees, fines, penalties, expenses, and causes of action to the extent caused by Contractor or any of Contractor's employees, agents, representatives, subcontractors, or suppliers. Any indemnification or hold harmless obligation of the Contractor shall extend only to claims resulting to bodily injury and property damage and then only to that part or proportion of any claim damage, loss or defect that results from the negligence or intentional act of Contractor or someone for whom it is responsible. Nothing in this agreement shall require the Contractor to indemnify any other party from any damages including expenses and attorneys' fees to persons or property for any amount exceeding the degree Contractor directly caused such damages. Contractor shall not be responsible for fines or assessments made against Owner and Contractor. Contractor retains all rights of subrogation. Contractor will not indemnify anybody for any actions except for Contractor's own negligence and only in the proportional amount of its negligence.
- 18. RIGHT TO RELY
  Contractor shall rely on plans, drawings, specifications and other information provided by Owner, Owner, Architect or representatives of each. Contractor assumes no risk for unknown or unforeseen conditions not evident from the plans, drawings, specifications or other information provided to Contractor.
- 19. HAZARDOUS WASTE
  Contractor shall have no obligation to handle (that is, to remove, treat or transport) any substance which is considered hazardous waste or substance under state or federal law ("hazardous waste"). Handling hazardous waste shall be outside the scope of work of this Contract. Title to all hazardous waste shall remain with others and shall not be property of Contractor.
  .
- 20. SOILS
  Contractor shall have no liability to Owner or any third-party relating to underlying soil conditions. Contractor will not sacrifice the quality or integrity by placing asphalt pavement on base course or subgrade that is unstable or subgrade containing frost, including top lifts or overlays when temperatures do not meet material specifications. Contractor's warranty shall be waived and have no effect should Owner direct or authorize Contractor to pave on unstable subgrade or subgrade containing frost and Owner shall be responsible for any and all resulting damage or required repairs. If Owner requests that the top lift of asphalt be placed at a later date, the cost for all clean up and remobilization is the Owner's responsibility.
- 21. ENGINEERING SERVICES
  If Contractor provides subcontracted construction stakes and/or subcontracted engineering services, Owner agrees to indemnify and defend Contractor from and against any and all claims, demands, damages, costs or expenses, including attorneys' fees, resulting from or related to these services, including drainage of water as to direction and amount, both during and after performance of the Work. If a soil sterilizer or herbicide is applied by Contractor, it is applied at the request of Owner in an effort to retard weed growth and Contractor makes no representation or guarantee that its use will have the intended effect. Owner shall indemnify, hold harmless, and defend Contractor from and against any and all damages, claims, costs or expenses, including attorneys' fees and costs, resulting from these services. Owner is advised to retain an independent licensed soils engineer for a study of the existing soils in order to recommend a specific pavement design. Contractor may modify the Proposal to include such recommendations.
- 22. AMERICANS WITH DISABILITIES AC
  Owner is solely responsible for maintaining the subject property in full compliance with the ADA and agrees to indemnify and hold Contractor harmless from and against any and all liability, claims, damages or expenses, including attorneys' fees, relating in any way to ADA requirements or issues. Contractor recommends that Owner obtain the services of a certified ADA consultant for site evaluations and recommendations as required by Federal and State law. If directed by the Owner to obtain compliance, Owner may make recommendations for such work and additional charges may apply.
- 23. DISPUTE RESOLUTION
  Final determination of contract compliance and all dispute resolutions shall be handled in the jurisdiction and venue of Maricopa County, Arizona, and be governed by the laws of Arizona.

Board Action Item

Re: Resolution 23-40

To:	**Board of Directors**
From:	**Margi EvanSon, Operations & Maintenance Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**Asphalt/Pavement maintenance and repairs**
Date:	**July 18, 2023**

Proposed Motion
To authorize the purchase of airfield asphalt repair services with Sunland Asphalt of Arizona, Inc. (Sunland) for an amount not to exceed $175,000.

Narrative
Due to use, age and weather, the condition of the asphalt requires crack-fill and seal coating maintenance to reduce further deterioration. Increased activity coincides with an increase in deterioration. There continues to be increasing GA and commercial flight activity, including heavy cargo and firefighting aircraft. Additionally, automobile parking lots and driveways require periodic asphalt crack-fill and seal coating to maintain accessibility for users.

The recommended course of action includes crack-fill and seal coat of asphalt surfaces as needed throughout the airport. Authorization of the purchase of airfield asphalt repair services is necessary to reduce FOD, repair deterioration and extend life cycles.

PMGAA and Sunland are both participants of the Mohave Educational Service Cooperative (MESC) Purchasing Group. Under MESC, Sunland was awarded Contract #19P-ACE-0318 for asphalt products and services, and it is through this competitive selection that PMGAA will utilize Sunland for asphalt services. This contract is available upon request.

Fiscal Impact
The maintenance expenses were included in the FY24 operating budget under Repair and Maintenance: Pavements.

Attachment(s)
None.

RESOLUTION NO. 23-40

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize the purchase of airfield asphalt repair services with Sunland Asphalt of Arizona, Inc. (Sunland) for an amount not to exceed $175,000**.**

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes the purchase of airfield asphalt repair services with Sunland Asphalt of Arizona, Inc. (Sunland) for an amount not to exceed $175,000. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**
>
> Passed and adopted by the Authority this 18th day of July, 2023.

Re: Resolution 23-41

To:	**Board of Directors**
From:	**Matt Nebgen, Director FBO**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**CIP 1256 - Forklift**
Date:	**July 18, 2023**

Proposed Motion
To authorize the purchase of one new Forklift from Big Lift Material Handling, in an amount not to exceed $65,000.

Narrative
Phoenix Mesa Gateway Airport Authority's Fixed Based Operator (FBO) utilizes a Forklift to assist in servicing aircraft customers and tenants that come to the Phoenix-Mesa Gateway Airport. This unit will replace the FBO's current forklift which has reached the end of its useful life cycle.

PMGAA is a member of Sourcewell, a cooperative purchasing organization. Under Sourcewell, Big Lift Material Handling, in partnership with Hyundai, was awarded Contract #101816-HCE and it is through this competitive selection that PMGAA will utilize Big Lift Material Handling to purchase the forklift. This contract is available upon request.

Fiscal Impact
This purchase is included in the FY24 capital budget and is funded with non-Grant funds as Project 1256.

To approve Authorization of Services (AOS) 20B-2303 Amendment #1 to the contract with Dibble Engineering for the RWY 12R-30L Reconstruction, in an amount of $73,774.00, to redesign the project into a single bid package, resulting in a total contract amount not to exceed $1,068,366.00.

Narrative

On September 20, 2022, the Board approved an Authorization of Services for Design and Bid Phase Services for the RWY 12R-30L Reconstruction project with Dibble Engineering, resolution #22-55, in the amount of $994,592.00. The total budget for the project is $24,548,027.00. Since the project has been underway, Airport staff has issued one amendment against the AOS for required modifications.

AOS 20B-2303 Amendment #1: Original project documents were developed based on two separate bid packages. Due to anticipated federal, state and local funding, staff directed Dibble Engineering to redesign the project into a single bid package, requiring redevelopment of the existing base maps as well as updates to designs, the Engineer's report, Contract Documents, Technical Specifications, Phasing Plans, and cost estimates.	addition	$73,774.00

The current remaining budget unencumbered for the project after all charges and the above amendment is $23,427,008.89.

Fiscal Impact

This project is utilizing FAA, ADOT and PMGAA matching non-grant funds under Capital Improvement Project 1072.

Phoenix-Mesa Gateway Airport

AUTHORIZATION OF SERVICES
Dibble, AOS 20B-2303

The signing of this Authorization (Agreement) by Phoenix-Mesa Gateway Airport Authority (PMGAA) and Dibble & Associates Consulting Engineers Inc., 7878 N. 16th Street, Ste 300, Phoenix, AZ 85202, ("Dibble"), authorizes Dibble to carry-out and complete the services described below in consideration of the mutual covenants set forth below:

1. **PROJECT**: RWY 12R-30L Reconstruction – Design & Bid Phase Services under CIP 1072

2. **SCOPE OF WORK**: Perform and provide Design and Bid Phase Services for the Runway 12R-30L Reconstruction Project. Design Phase Services will include, but are not limited to, 100% Final Plans, Contract Documents, Technical Specifications, Final Quantities, and the Final Engineer's Report. The Bid Phase Services will include Project Management and Administration, Pre-Bid Meeting, Bid Opening, Tabulation and Recommendation. All services are to be performed in accordance with PMGAA Agreement C-2020-007-B, including the Standard Terms, and the attached detailed scope of work. Services shall be coordinated with and approved by a PMGAA Authorized Representative prior to start of work.

3. **FEE FOR SERVICES**: The fee for services shall be based upon the attached scope of work, not to exceed Nine hundred ninety-four thousand, five hundred ninety-two dollars and zero cents ($994,592), without the express written approval of PMGAA.

4. **AVAILABILITY OF PROJECT FUNDING:** The approval and continuation of this contract is subject to the availability of funds provided to, made available to, or appropriated by PMGAA for this purpose. In the event that funds are not available or appropriated for PMGAA's payment requirements under this contract for the goods and/or services to be provided hereunder, PMGAA may terminate this contract by providing notice to the consultant of the lack of the availability of funds. The consultant acknowledges and agrees that one source of funding for this contract may be funds made available from the Federal Aviation Administration and/or Arizona Department of Transportation, and that this contract, its approval and continuation, may be contingent on the availability of those funds being made to PMGAA.

5. **INCORPORATED:** The following documents are hereby incorporated with this Authorization of Services and made part thereof:

   ☑ PMGAA Agreement C-2020007-B dated December 17, 2019.

6. **ATTACHED:** The following documents are attached to this Agreement and are incorporated herein by this reference made part thereof:

☑ Updated Scope and Fee Proposal dated August 22, 2022.

PMGAA and Dibble acknowledge that they are in agreement with the terms and conditions as set forth in this Authorization.

Phoenix-Mesa Gateway Airport

AUTHORIZATION OF SERVICES
Dibble, AOS 20B-2303 Amendment 1

The signing of this Authorization (Agreement) by Phoenix-Mesa Gateway Airport Authority (PMGAA) and Dibble & Associates Consulting Engineers Inc., 7878 N. 16th Street, Ste 300, Phoenix, AZ 85202, ("Dibble"), authorizes Dibble to carry-out and complete the services described below in consideration of the mutual covenants set forth below:

1. **PROJECT**: RWY 12R-30L Reconstruction – Design & Bid Phase Services under CIP 1072

2. **SCOPE OF WORK**: Perform and provide Design and Bid Phase Services for the Runway 12R-30L Reconstruction Project. The 30% plan documents were developed based on two separate bid packages, being awarded in separate years. Due to anticipated federal, state and local funding, PMGAA staff requested Dibble to redesign the project into a single bid package with multiple alternative bids. This redesign will include but will not be limited to the redevelopment of existing base maps, plan sheets, Design/Bid Schedules, updated designs for asphalt transitions, an Engineers Report, Contract Documents, Phasing Plan, project quantities, and cost estimates. All services are to be performed in accordance with PMGAA Agreement C-2020-007-B, including the Standard Terms, and the attached detailed scope of work. Services shall be coordinated with and approved by a PMGAA Authorized Representative prior to start of work.

3. **FEE FOR SERVICES**: The fee for these additional services is based on the attached Scope of Work, not to exceed Seventy-three thousand, seven hundred seventy-four dollars and zero cents ($73,774) without express written approval of PMGAA. The original fee for this AOS was $994,592, and with this change, it brings the total for this task to $1,068,366.

4. **AVAILABILITY OF PROJECT FUNDING:** The approval and continuation of this contract is subject to the availability of funds provided to, made available to, or appropriated by PMGAA for this purpose. In the event that funds are not available or appropriated for PMGAA's payment requirements under this contract for the goods and/or services to be provided hereunder, PMGAA may terminate this contract by providing notice to the consultant of the lack of the availability of funds. The consultant acknowledges and agrees that one source of funding for this contract may be funds made available from the Federal Aviation Administration and/or Arizona Department of Transportation, and that this contract, its approval and continuation, may be contingent on the availability of those funds being made to PMGAA.

5. **INCORPORATED**: The following documents are hereby incorporated with this Authorization of Services and made part thereof:

   ☑ PMGAA Agreement C-2020007-B dated December 17, 2019.

6. **ATTACHED:** The following documents are attached to this Agreement and are incorporated herein by this reference made part thereof:

☑ Updated Scope and Fee Proposal dated February 9, 2023.

PMGAA and Dibble acknowledge that they are in agreement with the terms and conditions as set forth in this Authorization.

Date:	**July 18, 2023**

Proposed Motion

To approve Authorization of Services (AOS) 20A-2202 Amendment #1 to the contract with Kimley-Horn & Associates for the Aviation Way and Utility Extensions Infrastructure project, in an amount of $28,889.18, for design support services pre and post construction, resulting in a total contract amount not to exceed $200,486.18.

Narrative

On October 19, 2021, the Board approved an Authorization of Services (AOS) for Engineering Design Phase Services for a Proposed Road and Utility Extensions project, for new Aeronautical Users Infrastructure with Kimley-Horn & Associates, resolution #21-48, in the amount of $171,597.00. The total budget for the project is $221,597.00. Since the project has been underway, Airport staff has issued one amendment against the AOS for required modifications.

Amendment #1: As the project moves into the construction phase, it is necessary to have design support during this phase from the designer, Kimley-Horn & Associates. Design support services include project administration, construction support as well as pre and post construction support.	addition	$28,889.18
Total Revised AOS Amount		$200,486.18

Fiscal Impact

AUTHORIZATION OF SERVICES
Kimley-Horn & Associates, AOS 20A-2202 Amendment 1

The signing of this Authorization (Agreement) by Phoenix-Mesa Gateway Airport Authority (PMGAA) and Kimley-Horn & Associates, 7740 N. 16th Street, Suite 300, Phoenix, AZ 85020 ("Kimley-Horn"), authorizes Kimley-Horn to carry-out and complete the services described below in consideration of the mutual covenants set forth below:

1. PROJECT: Aviation Way Design Construction Support and Observation Services under CIP1237.

2. SCOPE OF WORK: Perform and provide Design Construction Support and Observation Services for the Aviation Way Roadway and the Utility Extensions Infrastructure Project servicing the Gulfstream Service Center in the southeast corner of the Airport. All services are to be performed in accordance with PMGAA Agreement C-2020-007-A, including the Standard Terms, and the attached detailed scope of work. Services shall be coordinated with and approved by PMGAA Authorized Representative prior to start of work.

3. FEE FOR SERVICES: The fee for these additional services shall be based upon the attached scope of work, not to exceed Twenty-eight thousand, eight hundred eighty-nine dollars and eighteen cents ($28,889.18) of PMGAA non-grant funds without the express written approval of PMGAA. The original fee for this AOS was $171,597, and with this change, it brings to total for this task to $200,486.18.

4. AVAILABILITY OF PROJECT FUNDING: The approval and continuation of this contract is subject to the availability of funds provided to, made available to, or appropriated by PMGAA for this purpose. In the event that funds are not available or appropriated for PMGAA's payment requirements under this contract for the goods and/or services to be provided hereunder, PMGAA may terminate this contract by providing notice to the consultant of the lack of the availability of funds. The consultant acknowledges and agrees that one source of funding for this contract is PMGAA funds made available, and that this contract, its approval and continuation, may contingent on the availability of those funds being made to PMGAA.

5. INCORPORATED: The following documents are hereby incorporated with this Authorization of Services and made part thereof:

   ☑ PMGAA Agreement C-2020007-A dated December 17, 2019.

6. ATTACHED: The following documents are attached to this Agreement and are incorporated herein by this reference made part thereof:

☑ Scope and Fee Proposal dated April 2023.

PMGAA and Kimley-Horn acknowledge that they are in agreement with the terms and conditions as set forth in this Authorization.

Board Action Item

Re: Resolution 23-44

To: Board of Directors
From: Lori Collins, Director of Business and Economic Development
Through: J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject: Gateway East, L.C. Initial Master Plan
Date: July 18, 2023

Proposed Motion
To approve the Boyer Gateway East, L.C. Initial Master Plan as provided to the Airport Authority, per the Master Development Agreement (MDA) dated June 21, 2022.

Narrative
On June 21, 2022, the Phoenix-Mesa Gateway Airport Authority Board ("Board") approved the Master Development Agreement ("MDA") and Master Lease Agreement ("MLA") with Boyer Gateway East, L.C. for the property referred to as GatewayEast, each for a term of forty (40) years with no extensions, and each to be guaranteed by The Boyer Company, L.C.

Section 3.2.1 of the Master Development Agreement requires the Developer to deliver to the Authority, for the Authority's review and approval, a detailed conceptual land use development plan ("Initial Master Plan") as described in the MDA. Working with Authority Staff, Boyer Gateway East, L.C., provided the required components of the Initial Master Plan and it is ready for Board consideration. Once approved, the Initial Master Plan shall thereafter be the "Master Plan". GatewayEast shall be developed in accordance with the Master Plan.

Fiscal Impact

BOYER

Phoenix-Mesa Gateway Airport

Butler Design Group, Inc

Gateway East

Exhibit C (c)

- Land use plan, zoning map, narrative
- Depiction of permitted restaurant locations

The Gateway East development is zoned LI-PAD using the City of Mesa zoning standards. This classification provides the overall project with significant flexibility when it comes to developing the different areas. The project is specifically focused on attracting tenants to the area who support the airport, are engaged in technology related areas, provide skilled manufacturing, provide office space and include a variety of retail, hotel and restaurant options. Each of these potential uses has been discussed in detail with the City of Mesa and in some cases, specific limitations and direction have been included in the approving documents to that the eventual land use also reflects City of Mesa expectations.

We intend to focus our efforts on attracting tenants to the development in the following areas:

Office

The development of office space will be undertaken on an as-needed basis and is expected to be done to meet the needs of specific tenants. We are focused on attracting larger office users who will require larger multi-story office buildings. We do not plan to pursue smaller single level office projects. We anticipate individual projects all requiring some office space within their building. However, larger stand-alone office development opportunities are expected to be located along Gateway Boulevard and in the Northeast corner of the site where the project faces State Route 24. These areas all have good visibility and are easily accessed from the main surrounding streets. The development of office space will be tenant-driven, we do not currently have plans to develop any type of speculative office.

Skilled Manufacturing/Industrial

The development of larger industrial type buildings that are constructed to meet the specific requirements of skilled manufacturing will be done on a build-to-suit basis. Potential tenants will be evaluated based on financial strength and stability, the type of work taking place in the building and their overall need for space. These larger buildings along with the typical loading and inventory storage areas will be located

on the interior of the project. The project is ideally situated to attract these types of tenants since we are able to accommodate a variety of building sizes and provide opportunities for expansion as the companies grow.

Hospitality

The commercial development in the area as well as the growth of the airport, the adjacent sports complex and the area's growing population, all add to an increased demand for hotel development. The project entitlements allow for the development of up to 10 hotel facilities. These buildings are expected to be located along the perimeter of the project so that they have frontage and exposure to Ellsworth Drive and the surrounding major roadways. We expect the hotel projects to tie into the planned retail and restaurant development. There is significant interest from a wide variety of business and extended stay type hoteliers who plan to take advantage of the proximity to the growing skilled labor pool. There is also interest in being close to the businesses which support the airport.

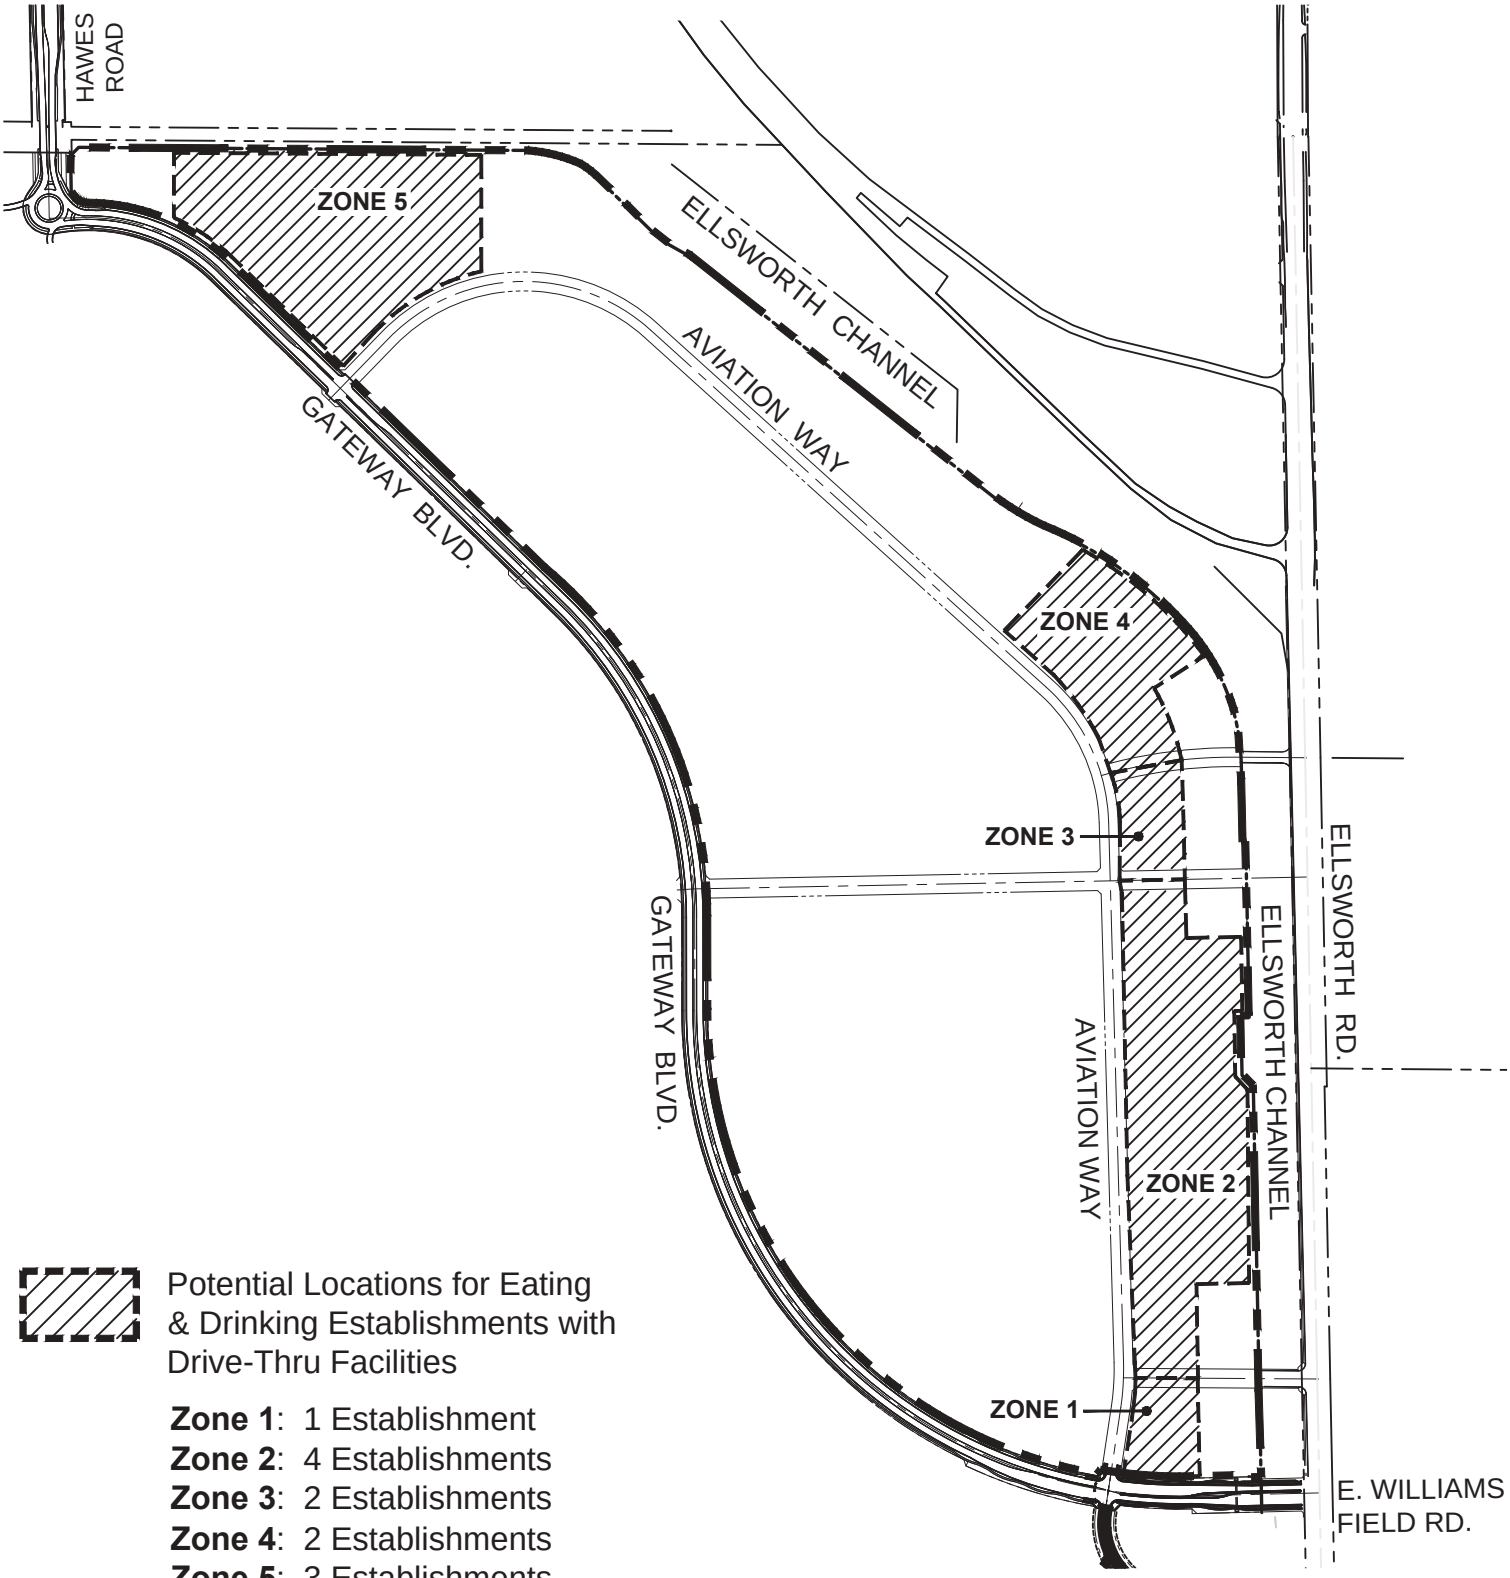
Restaurants

Throughout the entitlement process, the City of Mesa has made it clear that they would like to see additional restaurants in the area. The overall development plan includes the possibility of developing stand-alone restaurants along the Ellsworth frontage. Additionally, we have the ability to develop up to 8 drive-thru type restaurants. A variety of quality food options are important amenities as we work to establish Gateway East as the premier business park in the area.

Development Standards

The development of the project will be done in compliance with the Design Guidelines and PAD requirements that were both approved by the City of Mesa and are included as part of this overall exhibit. These development specifications and requirements were adopted after much discussion and negotiation between the City of Mesa, the airport and Boyer. The standards provide a clear vision for what is expected of each individual development project as it relates to landscaping, color palate, building quality, setbacks, exterior architecture and overall site planning.

In addition to the development standards, each individual development project will be reviewed and approved by the Airport Authority Board before it moves forward with specific City of Mesa approvals. This additional level of review insures that any project will meet the standards of the airport as well as the City of Mesa.



Potential Locations for Eating & Drinking Establishments with Drive-Thru Facilities

Zone 1: 1 Establishment
Zone 2: 4 Establishments
Zone 3: 2 Establishments
Zone 4: 2 Establishments
Zone 5: 3 Establishments

*NOTE: Conceptual road layout, subject to change.

Gateway East

Exhibit C (d)

- Horizontal infrastructure plans for Phase 1
  - Water
  - Sewer

The Gateway East master plan will be served by a vehicular street network consisting of both public and private streets. As is consistent with airport development, roadways will fall within recorded easements versus dedicated right of ways.

Gateway Boulevard will serve as the primary spine road for the overall development and provides the connection of Hawes Road at the northwest corner to Ellsworth Road at the southeast corner. Both locations will serve as signature points of entry for Gateway East and future airport development parcels located to the west and south adjacent to the airport runways. Gateway Boulevard will sit in a 110' wide public roadway easement with adjacent 8' PUE's on each side. Within the easement will be 2 travel lanes in each direction, bike lanes and a landscaped median with added turn lanes as approved with ongoing future development. Additional easement width will be recorded at specific intersections as required for additional lanes and turning movements. A detached, meandering 6' sidewalk will flank each side of the roadway with tree, shrub and groundcover landscaping up to the beginning of the PUE installed as part of the phased master infrastructure development. Earth berms and landscaping of the required 20' landscape setbacks, which include the PUE, will be provided by individual lot developments as they occur over time. Additional setback and enhanced landscape will occur at the primary entries at Hawes and Ellsworth.

Tesla Drive (to be renamed) will provide an east-west connection from Ellsworth Road to Gateway Boulevard with a new bridge crossing over the Ellsworth Channel at a full movement, signalized intersection. Tesla Drive will also fall in a public roadway easement 80' in width with 8' adjacent PUE's each side. The 46' wide pavement section will include a single travel lane in each direction with a shared center turn lane and bike lanes each side. Additional easement and roadway width may be necessary at primary intersections with final details to be determined through an approved traffic study document. A detached, 6' sidewalk and landscaping up to the PUE will be installed with the phased master infrastructure landscape development. PUE and remaining setback landscaping will occur with future lot development.

All remaining roadways are anticipated to be private and connect back to the primary public streets. CC&Rs for the Gateway East project with ensure the improvements will be maintained in an acceptable manner. The private streets will be located within a 74' wide private roadway easement with adjacent 8' PUE's. The 40' wide pavement section will include a single travel lane in each direction with a shared center turn lane. No dedicated bike lanes will be included on the private roadways. A detached, 6' sidewalk with low landscaping adjacent to the street and street trees in a 5' planting zone behind the walk will be included with the phased master infrastructure development. Earth berms and landscaping of the required 20' setback easement, which includes the PUE, will be the responsibility of individual lot developments when they occur. Landscape concepts have been developed for all setback areas and will be shared with future developments to assist in delivering consistent streetscape themes throughout Gateway East.

Additional infrastructure improvements include the installation of required culinary water lines and sanitary sewer lines to that the overall project is connected to the existing City of Mesa system in the area. The improvements will be sized to accommodate the expected development as well as additional development planned for the area. These improvements will be run under the various improved streets with lateral stub connections extended into individual lots along the primary and secondary streets.

The project will also connect to the City of Mesa storm water system. The plan includes collecting storm water on each individual site and then metering the water off into an underground storm system that eventually connects into the Ellsworth Flood Channel. Dealing with the storm water in this way will allow the land on the project to be maximized for development and simply used for on-site storm water detention. The underground pipes will be sized to accommodate the overall development.

Additional infrastructure, including phone, fiber, electrical and natural gas will all be included throughout the project. These utilities will typically be run in the PUE located along each street. Access will be provided to each project. These utilities are already in the area but will be extended as the main road and utility infrastructure work is in process.

The infrastructure for Gateway East presents some unique challenges. Working with the City of Mesa and the Airport Authority, we have developed an overall plan that takes into account the large area and significant investment required to improve the overall site. We plan to take advantage of the initial improvements being installed as part of the Gulfstream project and then add to those improvements as we develop the different phases of the project.

We are planning to do the following as per the requirements of the master development agreement:

Phase 1:
The Phase 1 improvements are expected to be installed in 2 to 3 stages. The first stage is the extension of Aviation Way from Gateway Boulevard to the Tesla Drive intersection as well as a section of Tesla from Ellsworth Boulevard to along with all required landscaping, sidewalks, electrical, sewer, water and communication conduits.

This initial stage also includes intersection improvements on Ellsworth and a bridge across the Ellsworth Channel.

Future stages will be completed as needed for individual projects. The work will include the completion of Tesla Drive over to Gateway Boulevard and the extension of Gateway Boulevard north to Tesla Drive as well as the sidewalks, remaining utilities and landscaping. Installing the infrastructure improvements in stages within each phase will allow us to maintain acceptable levels of equity investment while also not burdening any individual project stage with too many expenses.

Phase 2:
Phase 2 infrastructure improvements will be installed as required to service individual developments. This includes the continued extension of Gateway Boulevard north to Hawes Road and Aviation Way north to the planned Hawes road connection point. This will essentially open up both Phases 2 and 3 since the street extensions are critical to opening up that area. All required utilities, landscaping and sidewalks will be improved at the same time.

Phase 3:
Phase 3 infrastructure includes all of the planned streets and landscaping along any remaining sections of street. This phase of the project will benefit from lower costs since much of the major work will already be completed. This work will tie into the rest of the project and complete any outstanding work.

It is important to note that in each of these phases that the cost of the Gateway Boulevard improvements will be shared with the Airport Authority since this street will provide direct access to their property along the east edge of their runway.

Exhibit C (e)

- Detailed financing plan

The development of Phase 1 of the Gateway East Development presents some unique challenges given the many different facets of the planned project. The Boyer Company anticipates funding the various phases using a combination of company provided equity as well as project specific construction and permanent loans. The various aspects of the project will be funded using the following options:

Planning and Entitlement

The costs associated with the initial planning and entitlement of the overall project are being paid for using Boyer Company equity funds. This includes the costs related to engineering and design efforts as well as legal and miscellaneous costs incurred as part of project planning, due diligence and the design and entitlement phase with the City of Mesa and the Airport Authority.

Project Infrastructure

The infrastructure for the project, including roads, utilities, sidewalks, common landscaping, signage and other related work, will be paid for using a combination of Boyer Company provided equity and typical bank debt. Initial estimates for the Phase 1 infrastructure improvements total approximately $25M. The project infrastructure is planned to be installed in phases so that overall costs are controlled and are incurred as the project develops. It is anticipated that much of the infrastructure will be installed in connection with the construction of specific buildings. As a result, the costs associated with the required work will be shared proportionally between individual projects that share street frontage.

We intend to charge an amount equal to ½ the costs associated with the infrastructure improvements to each project, based on the amount of their respective frontage. For example, if Project A has 500 feet of frontage along Aviation Way and the costs to improve that area are $2M, Project A will be charged ½ of the total or $1M. This method will allow us to spread the burden of the overall infrastructure costs between individual projects.

Other infrastructure costs will be shared proportionally across multiple projects since the work involved, benefits multiple phases or building projects. The costs for entry signage are an example of project costs that will be shared.

Individual Building Projects

As individual buildings and ground lease pads are developed, the costs related to the development of each will be paid for using a combination of Boyer provided equity and typical construction and permanent financing options. The required construction loans will be secured at the time a lease is executed and once the construction is complete and the Tenant is in occupancy, a permanent loan will be secured by Boyer. All lender required guaranties will be signed by Boyer.

On Going Project Maintenance

The project will have ongoing maintenance requirements for landscaping, street maintenance, signage costs and maintenance and other miscellaneous costs. We intend to utilize project specific CC&Rs which will detail the level of maintenance provided while also defining how those costs are to be shared with tenants who locate into the development. The Boyer Company has a full-time property manager and a local maintenance engineer who will take care of the project and make sure that the improvements are maintained in an acceptable manner while also keeping the overall budget in check. The property manager will establish annual maintenance and operation cost budgets which will be shared with each tenant and included in their monthly lease payments.

Summary

The debt and equity markets are heading into a period of higher interest rates and tighter funding requirements. As a result, it will be necessary to work closely with a variety of lenders as we work to secure the various loans for the different aspects of the project. The Boyer Company continues to maintain positive working relationships with local, regional and national lenders. We expect to solicit multiple proposals from qualified lenders for each project and then select the financing package that has the most favorable overall terms.

PAD - Zoning Standards

1. INTRODUCTION

The purpose of this request is to seek rezoning from Light Industrial within the Williams Gateway Airport Development Master Plan Overlay ("LI PAD") to Light Industrial and establish the Gateway East Planned Area Development Overlay with multiple Council Use Permits ("LI PAD CUP") on an approximate 273-acre site located at the southwest corner of South Ellsworth Road and East Ray Road (the "Site"), as shown in the Site Location aerial below. The Site is defined by the legal description provided with the PAD. We are seeking to rezone to LI PAD CUP to replace the Williams Gateway Airport Development Master Plan for this portion of the Development Master Plan to allow a mixed-use development, including industrial, office, manufacturing, retail, and hospitality uses on the Site.

1A. SITE LOCATION

The Site is located at the southwest corner of East Ray Road and South Ellsworth Road in the City of Mesa (the "City"). The Site is located just east of the Phoenix- Mesa Gateway Airport. As envisioned by the Phoenix- Mesa Gateway Airport Masterplan, a future terminal will be located adjacent to our Site. The adjacency of the future terminal is a critical component in the land planning of the Gateway East PAD. The intent of the PAD is to be a regulatory document with the flexibility to allow for long-term master planning based on the needs of the community, which results in private sector development growth in the critical Mesa submarket.

1B. EXISTING CONDITIONS

The Site is presently undeveloped, vacant land currently owned by the Phoenix-Mesa Gateway Airport Authority and being leased to the Boyer Company. The Site is located approximately 1,200 feet northeast of the Phoenix-Mesa Gateway Airport. The Site is also located near the Eastmark and Cadence neighborhoods and the Apple Data Center, as shown below. The surrounding zoning is as follows:

Site: The Site is presently zoned Light Industrial with Williams Gateway Airport Development Master Plan Overlay (LI PAD).

North: To the north of the Site is vacant, undeveloped land zoned Planned Employment Park (PEP), Limited Commercial (LC), and Agriculture (AG).

Northeast: To the northeast is the SR-24, zoned Light Industrial (LI).

East: To the east is undeveloped, vacant land in the jurisdiction of unincorporated Maricopa County, zoned Light Industrial (IND-2).

South: To the south is the Phoenix-Mesa Gateway airport, zoned Light Industrial with Williams Gateway Airport Development Master Plan Overlay (LI PAD).

Southwest: To the southwest is the Phoenix-Mesa Gateway airport, zoned Light Industrial with Williams Gateway Airport Development Master Plan Overlay (LI PAD).

West: To the west is the Phoenix-Mesa Gateway airport, zoned Light Industrial with Williams Gateway Airport Development Master Plan Overlay (LI PAD).

1C. HISTORICAL BACKGROUND

The Site was originally located in the jurisdiction of Maricopa County (the "County"). On February 6th, 1985, Ordinance 1907 went into effect, annexing the Site into the City of Mesa (the "City"). On June 2nd, 1986, Case Number Z86-058 was approved, rezoning the Site from the County's Light Industrial (IND-2) zoning district to the City's historical PF and M-1 (today's Light Industrial zoning) zoning district in order to establish the City's zoning designations on the Site.
On May 7, 1996, the Board of Adjustment approved a Special Use Permit under Case Number BA96-018, which instituted a Comprehensive Sign Plan for the Site. Later that year, on May 20th, 1996, City Council voted to approve zoning Case Number Z96-023 to rezone the Site from the previous PF and M-1 districts to M-1 with Williams Gateway Development Master Plan (DMP) Overlay.
Finally, on May 7, 2007, pursuant to Case Number Z07-014, City Council approved an Amendment to the Williams Gateway Airport DMP which modified the conditions of the original approval and altered the Williams Gateway Airport DMP map. The zoning under Case Number Z07-014, is the zoning on the Site today.

2. CONFORMANCE WITH THE GENERAL PLAN

The City of Mesa 2040 General Plan (the "General Plan") establishes land uses and patterns which will allow the City to grow and develop in a synergistic manner in the future. The General Plan outlines policies which will help achieve the City's long term planning goals. The Site is designated as Specialty- Airport on the City of Mesa 2040 General Plan Land Use Map.
The intent of the Specialty- Airport designation is to promote development that supports the airport use. The proposed development offers a mix of industrial, office, retail, restaurants, and hospitality uses which will further the vision of the Specialty- Airport land use classification.

3. CONFORMANCE WITH THE MESA GATEWAY STRATEGIC DEVELOPMENT PLAN

The Mesa Gateway Strategic Development Plan ("MGSDP") was adopted in 2008 to account for the rapidly developing area surrounding the Phoenix-Mesa Gateway airport. The MGSDP covers a 32 square mile footprint in order to plan expansion of the Arizona State University Polytechnic Campus to the west of the Site and support redevelopment of the previous Proving Grounds, which closed in 2009.

The Site is located within the "Airport/ Campus" District of the MGSDP. The intent of that district is:

"This district refers to the area encompassing the ASU Polytechnic/ Chandler-Gilbert Community College Campus, the Phoenix-Mesa Gateway Airport, and the area immediately outside the airport's future main terminal. It is envisioned as a mixed use district centered around educational opportunities, research and development functions, and airport related uses that support the traveling public. Uses on the airport will relate to the uses across the airport boundary. Development in this area will be high-intensity and pedestrian-oriented. Its pedestrian friendliness will distinguish this district from more typical airport-adjacent developments. The transitional area or boundary of this quadrant will predominantly be high intensity employment uses that integrate well with the on-airport uses. Uses in this area will also address the needs of travelers and visitors and provide a smooth transition from the airport into the rest of the community. High density residential uses can be integrated within a mixed-use development, when appropriate. This area will be a hub of visitor activity and create the first and last impression visitors have of the community. It must provide a very high-quality image."

Below is a summary of the goals listed within the Mesa Gateway Strategic Development Plan within the Airport/ Campus district and how our PAD furthers each goal:

Goal 1: Maximize Potential of Phoenix-Mesa Gateway Airport

The Site is located directly adjacent to the Phoenix-Mesa Gateway Airport and the future eastern terminal expansion. The proposed PAD restricts land uses that could jeopardize airport functionally. Further, this PAD promotes the development of employment land uses needed to support the airport operations.

Goal 2: Job Creation

The proposed land use mix provides opportunities for high quality employment uses. In addition to the employment uses permitted within the PAD, it is envisioned to have the supporting services needed for a thriving employment center, such as hotels and retail development.

Goal 3: Connectivity - Transportation/Transit

Connectivity and ease of vehicular and pedestrian flow is crucial for the Gateway East PAD. The proposed Vehicular Circulation Plan depicts the extension of "Gateway Boulevard", which connects

Ray Road to the north with Ellsworth Road to the east establishing two major points of entry to the Gateway East Development and future airport terminal. Future secondary local streets create network of vehicular transportation to serve all future development. In addition to vehicular connectivity, all streets will be lined with detached tree- shaded walkways to facilitate pedestrian movement throughout the master-development.
Additionally, a Multi-Use path is proposed, just outside the eastern and northern boundaries of the Site on City of Mesa property as an amenity to future employees of the Site and surrounding properties. It is our hope to work with the City of Mesa to bring this trail to fruition in this specific location. In addition to the trail, multiple open space areas with amenities are envisioned throughout the Site area to further enhance the pedestrian experience.

Goal 4: Sustainable Development

The intent of this PAD is to promote a development that is walkable with integrated open space nodes. The vision of the Site is a mixed-use development where pedestrians can safely walk between uses, without the need to drive. By providing safe sidewalks, a multi-use path and ample landscaping, this PAD is providing standards to promote a walkable development.

PAD Justification

A PAD overlay district is being requested to allow for flexibility in the development for the 273-acre Mesa Gateway East site while ensuring high-quality development. In doing so, the PAD provides:

A. *Well designed and integrated open space and/or recreational facilities held in common ownership and of a scale that is proportionate to the use;*

As shown in the Pedestrian Circulation Plan, the PAD proposes multiple open space areas evenly dispersed through the development.

B. *Options for the design and use of private or public streets;*

The PAD provides unique cross sections for both Primary and Secondary streets.

C. *Preservation of significant aspects of the natural character of the land;*
D. *Building design, site design, and amenities that create a unique and more sustainable alternative to conventional development;*

The Design Guidelines proposed ensure high quality development with unique and thoughtful site design.

E. *Sustainable property owners' associations;*
F. *Maintenance of property held in common ownership through the use of recorded covenants, conditions, and restrictions; and*

There will be a private association established.

G. *Single or multiple land use activities organized in a comprehensive manner, and designed to work together in common and in a synergistic manner to the benefit of both the project and the neighboring area.*

The proposed PAD takes into context the surrounding uses, such as the airport, and identified standards to ensure a synergistic development environment.

4. PERMITTED USES

All land uses shall comply with Chapter 7 of the Mesa Zoning Ordinance, the Light Industrial Zoning District and the Phoenix Mesa Gateway Airport Land Use Compatibility Plan, unless otherwise modified through Development Agreement. If a conflict occurs between the Zoning Ordinance, the Phoenix Mesa Gateway Airport Land Use Compatibility Plan and the Gateway East PAD, the Development Agreement shall prevail.

4A. COUNCIL USE PERMIT USES

Hotels and Motels

As described in Table 11-7-2, hotels require a Council Use Permit (CUP) if located within the AOA-2. The Site is envisioned to develop as a mixed-use development that promotes uses that support the airport and future employment uses. Given the proximity of the Gateway East PAD to the Phoenix-Mesa Gateway Airport and additional employment uses, hotels are a needed land use to ensure a vibrant and successful land use mix.

The requested CUP conforms to the following criteria found in Sections 11-70-6-D of the Mesa Zoning Ordinance:

1. **Approval of the proposed project will advance the goals and objectives of and is consistent with the policies of the General Plan and any other applicable City plan and/or policies;**

   This area of Mesa is included within the Mesa Gateway Strategic Development Plan, which encourages development of employment uses. In addition, Mesa Gateway East is located adjacent to the Phoenix-Mesa Gateway Airport. As such, the Site is designated as Specialty-Airport of the Mesa General Plan map.

Employment uses and the airport both demand hotel development to serve patrons.

2. **The location, size, design, and operating characteristics of the proposed project are consistent with the purposes of the district where it is located and conform with the General Plan and with any other applicable City plan or policies;**

   As previously mentioned, the Site is located in an employment hub and adjacent to an airport. The allowance of hotels furthers the vision of General Plan and the Mesa Gateway Strategic Development Plan.

3. **The proposed project will not be injurious or detrimental to the adjacent or surrounding properties in the area of the proposed project or improvements in the neighborhood or to the general welfare of the City; and**

   The development of hotels will not be detrimental to the surrounding properties.

4. **Adequate public services, public facilities and public infrastructure are available to serve the proposed project**

   Adequate public services, facilities and infrastructure are available to serve the proposed hotel use.

This PAD proposes a maximum of 10 hotels to be located within the Site boundaries, with the following conditions:

1. These hotels will be subject to the height limitations prescribed in the height zone, as shown on the height exhibit included within the PAD, in which they are proposed.

2. Clustering of hotels should be encouraged to promote a hotel park environment.

Large Commercial Development

As defined by the Mesa Zoning Ordinance, Large Commercial Development is any commercial development that exceeds 25,000 square feet or 4 or more buildings that exceed 25,000 square feet. It is important to note that this square footage limitation does not apply to hotels. Commercial development is an important land use to support all the surrounding employment uses and the growing airport.

The requested CUP conforms to the following criteria found in Sections 11-70-6-D of the Mesa Zoning Ordinance:

1. **Approval of the proposed project will advance the goals and objectives of and is consistent with the policies of the General Plan and any other applicable City plan and/or policies;**

   Mesa Gateway East is envisioned as a regional hub for employment uses, hospitability, retail and restaurants. To create an all-inclusive development, allowances for retail and restaurant users needs to be established. The creation of a mixed-use development furthers both the vision of the General Plan and the Mesa Gateway Strategic Development Plan.

2. **The location, size, design, and operating characteristics of the proposed project are consistent with the purposes of the district where it is located and conform with the General Plan and with any other applicable City plan or policies;**

   The Site is over 270 acres with an estimated build out of 40 years. The granting of the Council Use Permit for large commercial development will allow for supporting retail and restaurant uses to be developed, which will further support surrounding employment uses and the airport.

3. **The proposed project will not be injurious or detrimental to the adjacent or surrounding properties in the area of the proposed project or improvements in the neighborhood or to the general welfare of the City;**

   The development of large commercial development will not be detrimental to the surrounding properties.

4. **Adequate public services, public facilities and public infrastructure are available to serve the proposed project.**

   Adequate public services, facilities and infrastructure are available to serve the proposed commercial development.

4B. SPECIAL USE PERMIT USES

Service Station, with ancillary retail

Service Stations will be a needed amenity for the future employees and airport patrons within Mesa Gateway East. The maximum number of service stations will be solidified through the associated Development Agreement.

The requested SUP conforms to the following criteria found in Sections 11-70-5-E of the Mesa Zoning Ordinance. All Service Stations will comply with Section 11-31-25 of the Mesa Zoning Ordinance, unless otherwise modified by this PAD or associated Development Agreement:

1. **Approval of the proposed project will advance the goals and objectives of and is consistent with the policies of the General Plan and any other applicable City plan and/or policies;**
   The Service Station use is consistent with the General Plan designation of Specialty- Airport.

2. **The location, size, design, and operating characteristics of the proposed project are consistent with the purposes of the district where it is located and conform with the General Plan and with any other applicable City plan or policies;**

Service stations play an important supporting role in a master plan development. The retail component serves as an amenity to patrons in the area to grab quick refreshments. The service station component adds convenience for rental car uses with a nearby refueling location.

3. **The proposed project will not be injurious or detrimental to the adjacent or surrounding properties in the area, nor will the proposed project or improvements be injurious or detrimental to the neighborhood or to the general welfare of the City; and**

The development of a service station will not be detrimental to the surrounding properties.

4. **Adequate public services, public facilities and public infrastructure are available to serve the proposed project.**

Adequate public services, facilities and infrastructure are available to serve any service stations.

Heliport

Given the Site's adjacency to the airport, Gateway East is a prime location for large companies, especially aviation users. It is critical to remain competitive and innovative within the entitlements so that we can respond to the changing market trends and technology. It is a possibility that a large company would like to have a heliport on their development site for efficiency.

The requested SUP conforms to the following criteria found in Sections 11-70-5-E of the Mesa Zoning Ordinance:

1. **Approval of the proposed project will advance the goals and objectives of and is consistent with the policies of the General Plan and any other applicable City plan and/or policies;**

A heliport is consistent with the General Plan designation of Airport- Specialty.

2. **The location, size, design, and operating characteristics of the proposed project are consistent with the purposes of the district where it is located and conform with the General Plan and with any other applicable City plan or policies;**

Allowing a heliport use adjacent to the airport is consistent with the surrounding area and applicable policies.

3. **The proposed project will not be injurious or detrimental to the adjacent or surrounding properties in the area, nor will the proposed project or improvements be injurious or detrimental to the neighborhood or to the general welfare of the City; and**

The proposed use of a heliport will not be detrimental to adjacent to properties.

4. **Adequate public services, public facilities and public infrastructure are available to serve the proposed project.**

Adequate public services, facilities and infrastructure are available to serve helistops.

4C. OTHER USES

Outdoor Storage

Outdoor Storage may be located in any side and rear yard and shall not be visible from Gateway Boulevard. All outdoor storage shall be screened by an 8-foot CMU wall. Any outdoor storage will be located outside of the required landscape setback.

5. DEVELOPMENT STANDARDS

The following standards shall apply to all developments located within the Gateway East PAD. The development standards shall apply to development site boundaries (as defined by each individual site plan) as property will be subdivided via lease lines. If the PAD is silent on any standard, the Mesa Zoning Ordinance shall apply.

Setbacks

Since the development areas within the Gateway East PAD are being defined by lease lines, all setbacks shall be taken from lease lines as defined by each site plan. All perimeter setbacks shall comply with the setback exhibit as provided within the PAD. If there is a conflict between the setback exhibit and the setback standards table below, the setback table shall prevail.

Development Standards	MZO Required	PAD Proposed
Maximum Building Height – *MZO Table 11-7-3*	40 feet	**165 feet in Zone A and 90 feet in Zone B (As shown on the Maximum Building Height Exhibit 5.A)**
Minimum Setback along Property Lines or Building and Parking Areas – *MZO Table 11-7-3* - Front and Street-Facing Side	Arterial Street: 15 feet Major or Midsection Collector: 20 feet Industrial/Commercial Collector: 20 feet Local Street: 20 feet Freeways: 30 feet for buildings, 15 feet for parking structures	**Gateway Boulevard: 20 feet** **Secondary Street: 20 feet** **Main Entry Segments: 30 feet (as defined on Exhibit 5.B)**
-Interior Side and Rear: Adj. to AG, RS, RSL, RM, Commercial and PEP districts	1 foot of setback for each foot of building height with minimum 20 feet setback	**Minimum 15 feet**
Perimeter Landscape Yard – *MZO Table 11-7-3* -Width	Arterial Street: 15 feet Major or Midsection Collector: 20 feet Industrial/Commercial Collector: 20 feet Local Street: 20 feet Freeways: 30 feet for buildings, 15 feet for parking structures	**Gateway Boulevard: 20 feet** **Secondary Street: 20 feet** **Main Entry Segments: 30 feet**
	Street-facing setbacks shall be landscaped in accordance with Section 11-33-3(A)	**Street-facing setbacks shall be landscaped in accordance with Section 11-33-3(A)**
Minimum Landscape Yards – *MZO Section 11-33-3(B)(2)* - Non-single residence uses adjacent to non-single residence	Width. 15 feet Landscaped according to Section 11-33- 3(B)(2)(b)-(f)	**Width. 0 feet Landscaping not required**
Averaging Depth of Foundation Base – *MZO Section 11-33-5(A)(3)*	The designated depth of the foundation base may be less than the minimum required depth required by Section 11-33-5(A)(1-2) provided it adheres to all other requirements of Section 11-33- 5(A)(3)(a-c)	**The designated depth of the foundation base may be less than the minimum required depth required by Section 11-33-5(A)(1-2) and may be further reduced beyond the requirements of Section 11-33- 5(A)(3)(a-c) to meet life safety requirements if a conflict exists between Fire Code and Zoning Ordinance standards**

Outdoor Storage – *MZO Section 11-30-7* - Permitted Location (General Commercial and Light Industrial)	Not permitted in front or street-facing side yards. Permitted in interior side and rear yards, or outside of required yards, subject to the standards of this Section [Section 11-30-7]	**Not permitted in front yards. Permitted in street facing side yards interior side and rear yards, or outside of required yards, subject to Section 11-30-7(B)(1-2)**
-Screening and Setbacks	A setback shall be provided for material stored outdoors at the ratio of 1:1 from all lot lines equal to total height of stored material above required screen wall 8 feet	**No setback is required for material stored outdoors**
Truck Docks, Loading and Service Areas – *MZO Section 11-30-13* -Location on Lot	Must be located at the rear or side of buildings, rather than facing a street.	**Must be located at the rear or side of buildings, and may not be readily visible from Gateway Boulevard or Ellsworth Road**
-Screening	Docks, loading and service areas shall be screened from public view	**Docks, loading and service areas shall be screened from Gateway Boulevard or Ellsworth Road**

Screening of Mechanical Equipment – MZO Section 11-30-9(A) -Ground-Mounted Equipment	Ground-mounted equipment facing a street or not otherwise separated from the street by intervening building(s) shall be screened to a height of at least 12 inches above the equipment. Screening devices shall consist of decorative walls and/or berms (2:1 maximum slope) with supplemental plant materials including trees, shrubs, and screen walls that are 3 feet in height or lower, vegetative materials may be substituted for 50 percent of the screening devices.	**Screening of the ground mounted electrical equipment facing a street may be adjusted as necessary to comply with the utility provider's access and design requirements**
-Exterior wall equipment	Wall-mounted equipment, including but not limited to electrical meters, electrical distribution cabinets, service entry section (SES), fire sprinkler equipment and similar valves and cabinets that face a street, or public parking and are not recessed and/or separated from the street by intervening building(s) shall be screened.	**Downspouts must be internally located and screened on building facades adjacent to streets. Downspouts located on building facades not adjacent to streets may be externally located as long as they are coordinated with other façade elements and appropriately finished to compliment the façade design**

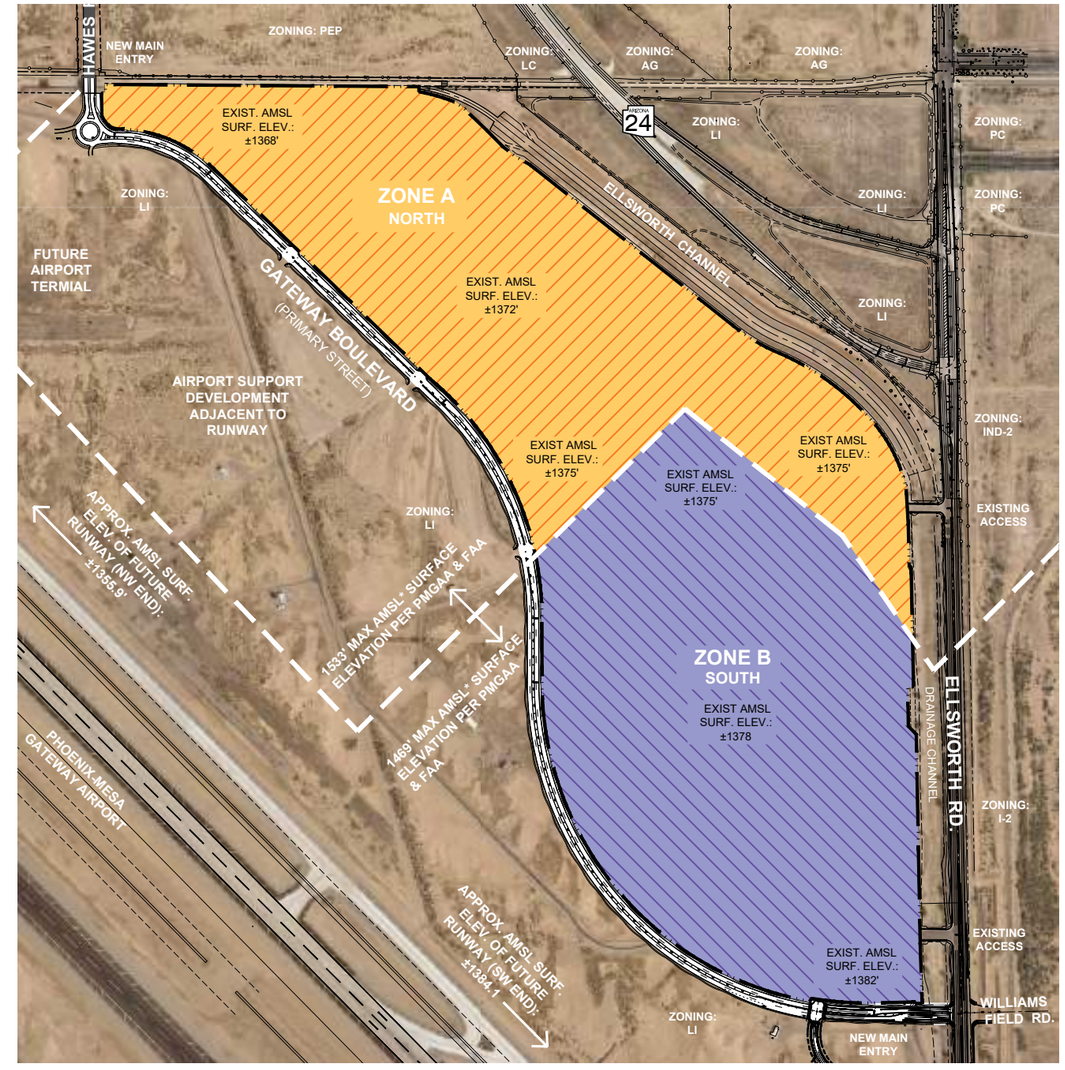
	Screening devices shall incorporate elements of the building design, e.g., shape, color, texture, and material. Vegetative materials may be substituted for up to 50 percent of the screening devices when used in conjunction with screen walls that are 3 feet in height or lower.	
Required Parking Spaces by Use – *MZO Table 11-32-3.A* - Industrial	1 space per 600 square feet of gross floor area	**Buildings less than 250,000 square feet: 1 space per 675 square feet of gross floor area** **Buildings that are 250,000 up to 500,000 square feet: 1 space per 1,000 square feet of gross floor area** **Buildings over 500,000 square feet: 1 space per 2,000 square feet of gross floor area**
Setback of Cross Drive Aisles – *MZO Section 11-32-4(A)*	Parking spaces along main drive aisles connecting directly to a street and drive aisles that cross such main drive aisles shall be set back at least 50 ft from the property line abutting the street	**Parking spaces along main drive aisles connecting directly to a street and drive aisles that cross such main drive aisles shall be set back at least 30 ft from the property line abutting the street**

Parking Lot Layout – *MZO Section 11-32-4(G)(2)*	No more than 200 parking spaces shall be allowed together in one group or cluster In office-use and industrial projects, a minimum 25 percent of the required parking spaces shall be provided within 200 feet of the building served, with the balance of the required parking within 400 feet Drive aisle intersections are to be perpendicular to each other	**No more than 300 parking spaces shall be allowed together in one group or cluster** **In office-use and industrial projects, a minimum 25 percent of the required parking spaces shall be provided within 200 feet of the building served, with the balance of the required parking within 500 feet** **Drive aisle intersections may not be perpendicular to each other**
Pedestrian Access – *MZO Section 11-32-4(G)(3)*	Where a pedestrian sidewalk crosses a vehicle lane, the pedestrian sidewalk shall be raised a minimum of 3-inches above the vehicle lane and made distinct by use of textured paving and contrasting color	**Where a pedestrian sidewalk crosses a vehicle lane, the pedestrian walkways shall be made distinct by use of textured paving and contrasting color**

Maximum Parking Spaces – *MZO Section 11-32-3(C)*	The number of parking spaces provided by any development in surface parking lots shall not exceed 125% of the minimum required spaces	**There shall be no maximum to the number of parking spaces provided by any development**
Size of Parking Spaces and Maneuvering Aisles – *MZO Section 11- 32-2(H)(1)* -Standard Parking Spaces	The minimum basic dimension for standard parking spaces is 9 feet by 18 feet	**The minimum basic dimension of a parking stall is 9 feet by 18 feet. Where applicable, the 18-foot dimension is inclusive of a 2-foot overhang over the adjacent sidewalk or landscape area**
Heliports – *MZO Table 11-7-2* Footnote 14	Heliports in Employment Districts shall be set a minimum of 2 full stories above the natural grade, unless associated with a hospital.	**Heliports may be located at the natural grade (aka ground level)**

Drive-thru Facilities – *MZO Section 11-31-18(D)*	Drive-thru lanes shall not be located parallel to arterial roadways. Where physical site conditions prevent such configuration, Provide 40-inch-high screen walls adjacent to the public right-of- way	**Drive-thru lanes shall not be located parallel to Gateway Boulevard but may be located parallel to Ellsworth Road. Where physical site conditions prevent such configuration, Provide 40-inch-high screen walls adjacent to the public right-of-way**
Site Planning and Design Standards – *MZO Section 11-7-3(B)(1)-(5)*	Per MZO Section 11-7-3(B)	**Per the Gateway East Design Guidelines**

EXHIBIT 5.A MAXIMUM BUILDING HEIGHT



LEGEND:

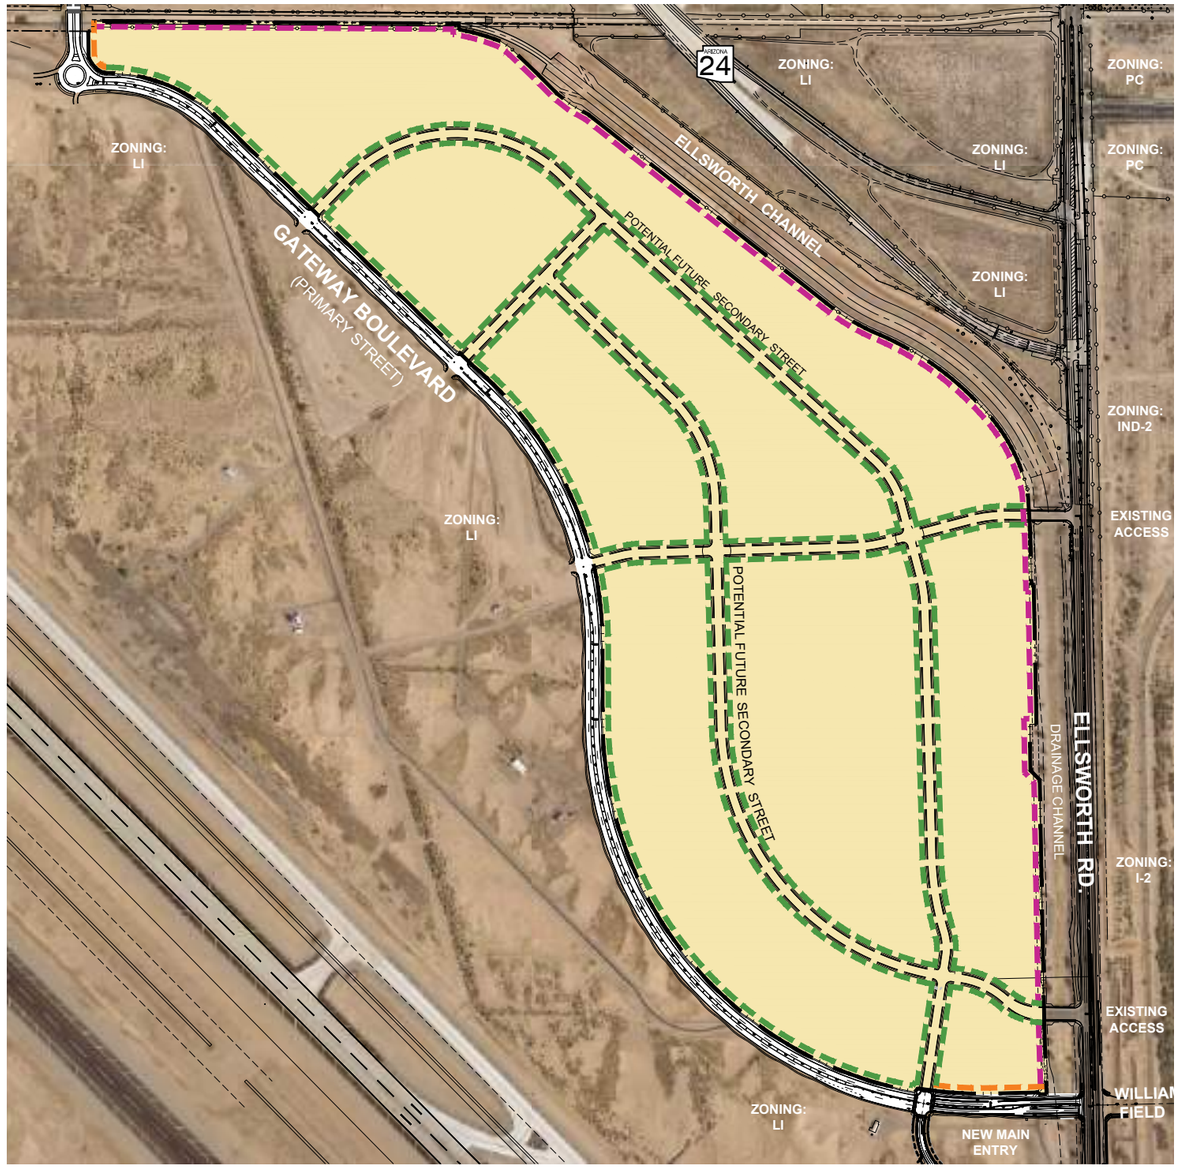
Zone A (155'-165')*

Zone B (85'-90')*

*Notes:

1. All surface elevations are referenced in feet Above Mean Sea Level (AMSL - NAVD88) and are approximate and will need to be verified by Land Surveyor
2. Max building heights include all roof-mounted equipment & appurtenances
3. Allowable height in Zone A North is 155' - 165' and in Zone B South 85' - 90'. All heights shall be measured in accordance with definitions established by the City of Mesa Zoning Ordinance. Such heights include up to 10' of height for mechanical screens or other appurtenances above the top of parapet. If no such elements rise higher that the proposed building parapets, such parapets may achieve the maximum height allowed. In no case shall the maximum height of any building element exceed that allowed by the current maximum height elevation established and approved by Phoenix-Mesa Gateway Airport. It is the responsibility of all applicants to verify current airport height limits applicable to their specific site location. The required FAA filings and approvals of height shall be approved prior to Design Review approvals and submittals of Permit Drawings. Should such maximum heights be modified by future airport studies, the allowable building heights shall be adjusted, either up or down, as required without modification to the PAD '
4. Maximum height shall not exceed 150 feet above the Airport's Field Elevation of 1384' AMSL

EXHIBIT 5.B PERIMETER & STREET SETBACKS



LEGEND:

- 15' Setback
- 20' Setback
- 30' Setback

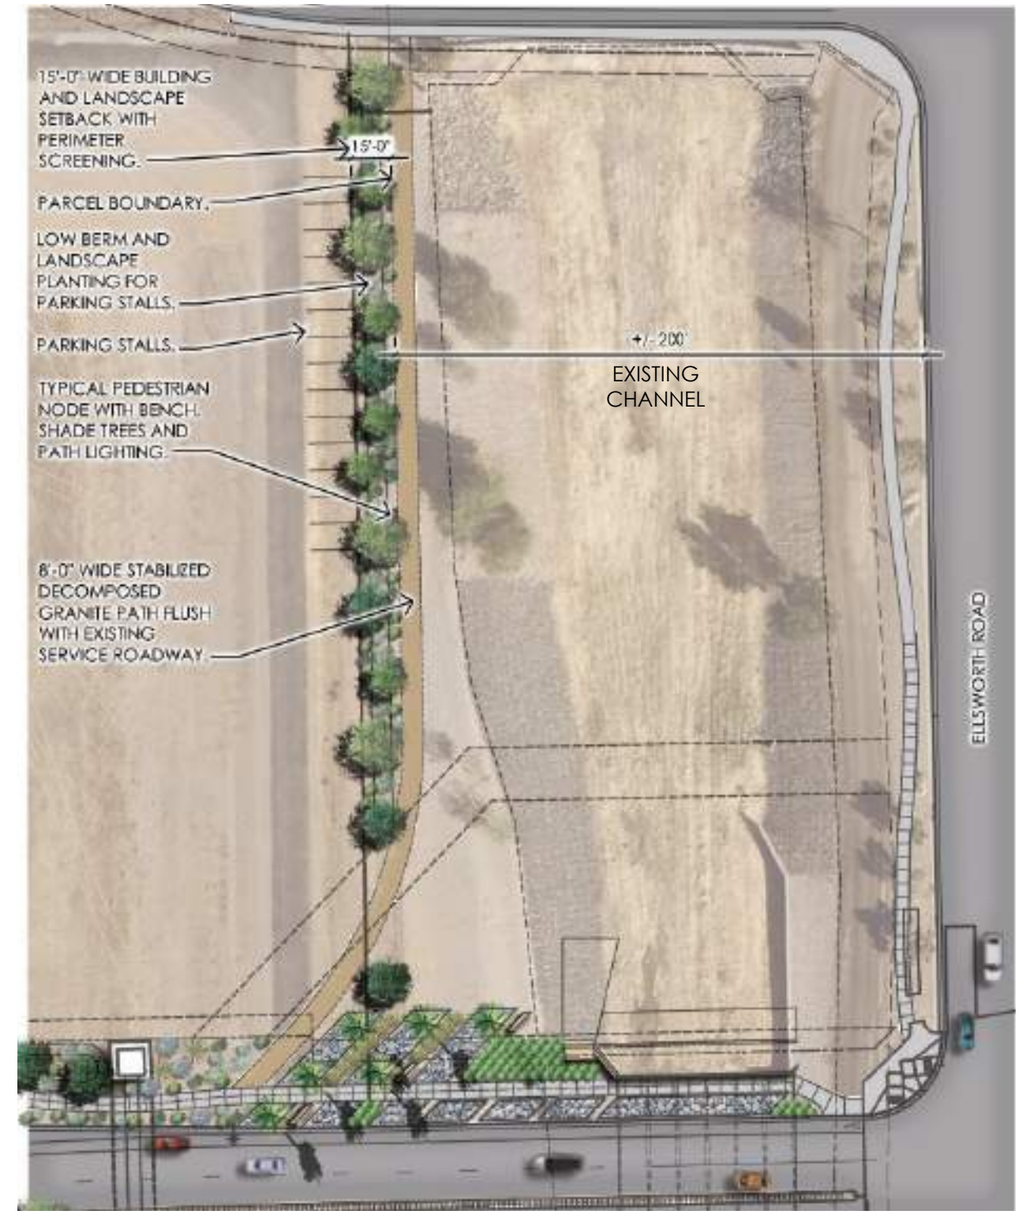


EXHIBIT 5.C VEHICULAR CIRCULATION PLAN

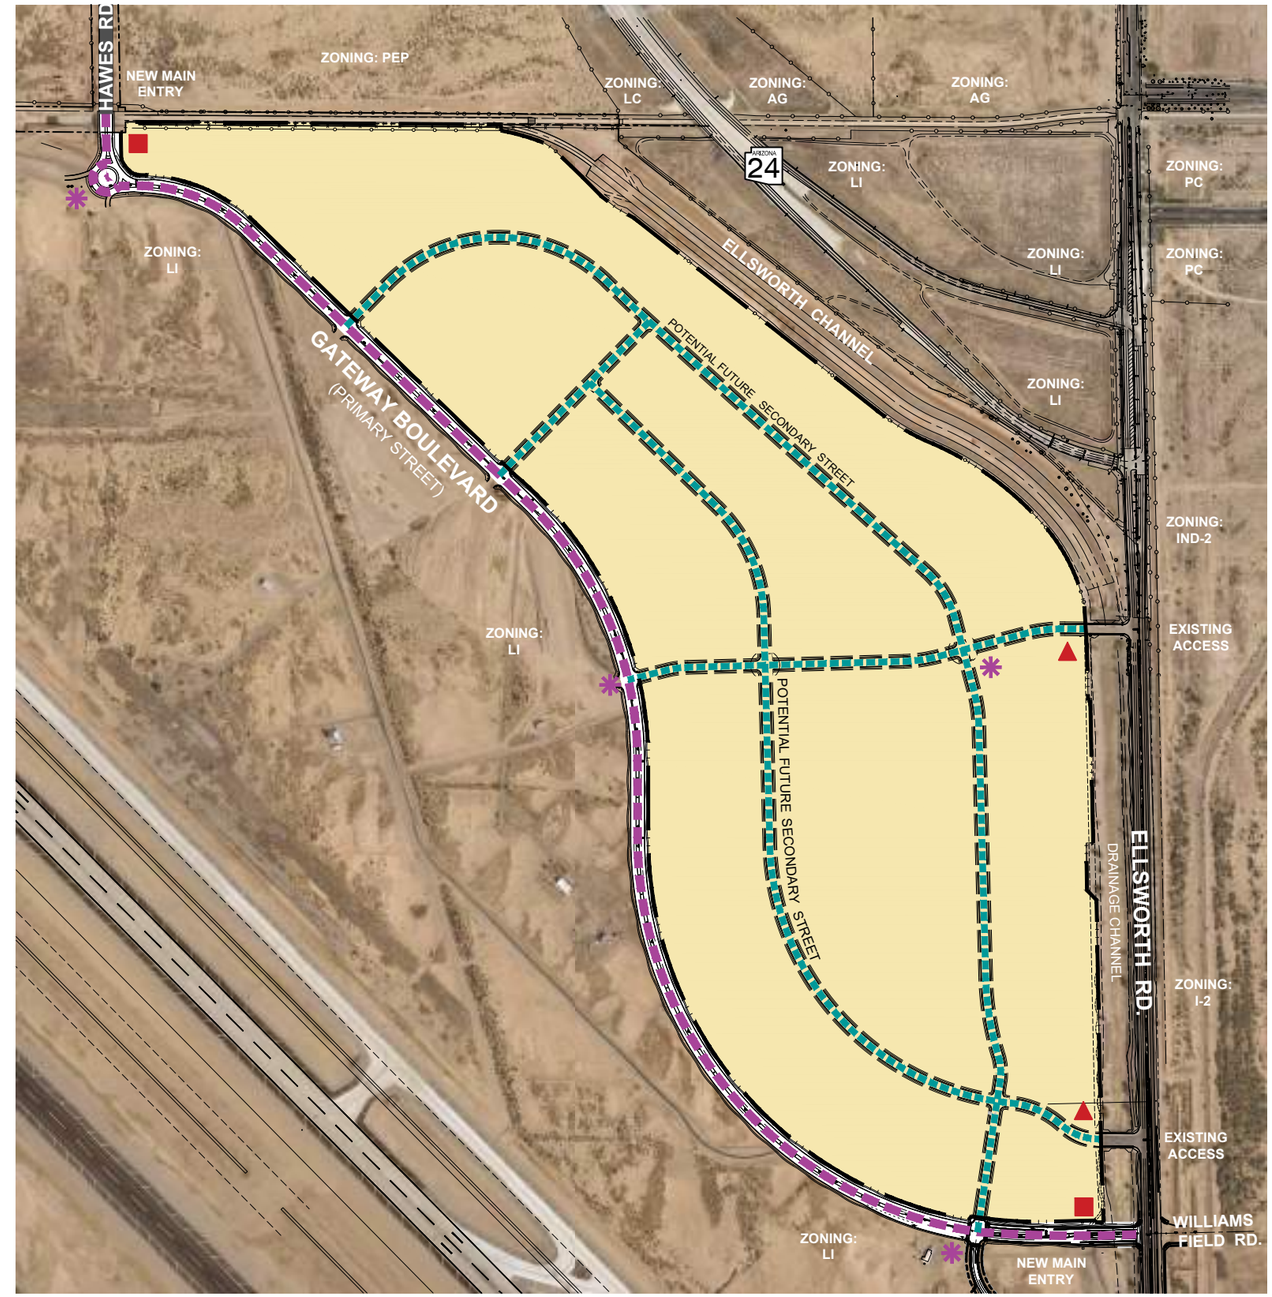
Vehicular pathways are an integral component of the Gateway East Development. The movement throughout the project should be comfortable, safe, and interesting. All areas for vehicular use shall be paved with a suitable base and surfaced with asphalt.

Each Lot within the development will provide adequate circulation and parking to accommodate future users.



LEGEND:

- Primary Street
- Potential Future Secondary Street
- Enhanced Intersection
- Primary Entry
- Secondary Entry

*NOTE: Secondary Street network shown on this plan is conceptual and for illustrative purposes only. Final design is subject to change. All streets will need to be reviewed and approved by the City's Transportation Department.

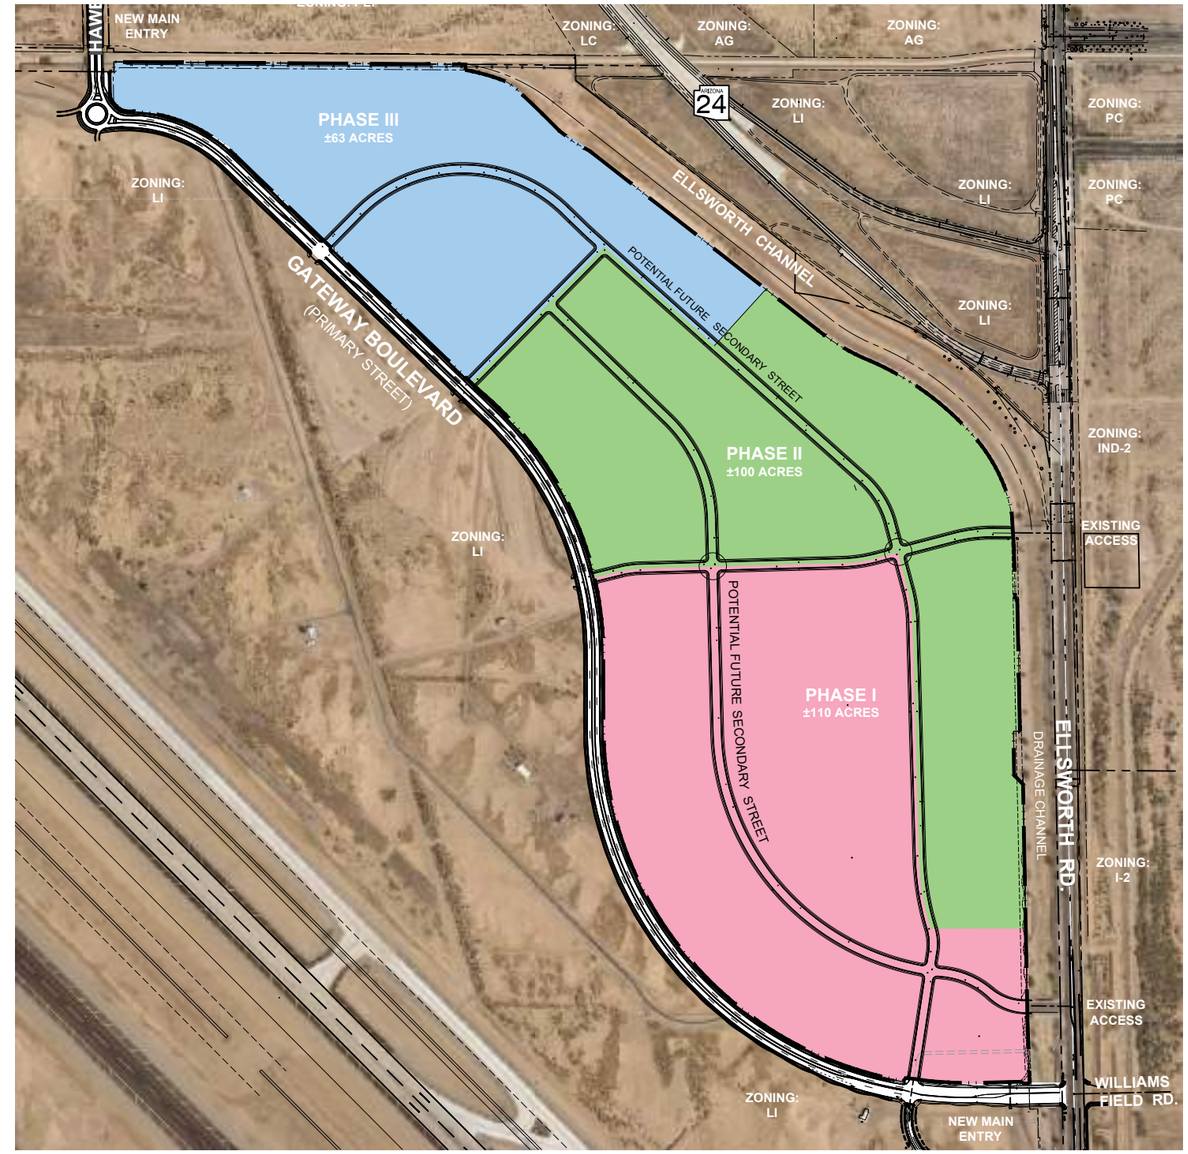
6. ALTERNATIVE COMPLIANCE

The Gateway East PAD includes Design Guidelines that will govern design and building design but are not intended to limit creative solutions. Conditions may exist where strict compliance with the Gateway East PAD & Design Guidelines are impractical or impossible, or where maximum achievement can only be obtained through Alternative Compliance. Alternative Compliance allows the development to satisfy the intent of the Design Guidelines by providing comparable standards in a creative way. Any request for Alternative Compliance shall comply with the criteria listed in Mesa Zoning Ordinance Section 11-7-3 (B)(6).

7. PHASING

Gateway East PAD is a long-term development with an estimated 40 year build out plan. The conceptual phasing plan is for illustrative purposes only and is subject to change based on development patterns and potential users.

EXHIBIT 7.A



LEGEND:

- PHASE I
- PHASE II
- PHASE III

*NOTE: Secondary Street network shown on this plan is conceptual and for illustrative purposes only. Final design is subject to change. All streets will need to be reviewed and approved by the City's Transportation Department.

8. STREET NETWORK

The conceptual Gateway East PAD street system is unique due to the underlying ownership of the property. The streets may remain private, or they may be dedicated via private easement. This is not a common circumstance; thus the street designations will be unique to this PAD. The Vehicular Circulation Plan (Exhibit 5.C) is designed to create attractive and useable development areas for future development but street alignments may change based on future development.

It is also important to note that lease line subdivided lots will not have access on a publicly dedicated street. The approval of this PAD will authorize lots to front onto and be accessed via a private street. The street network system is broken into two street classifications: Primary Streets and Secondary Streets. Final design of the street cross sections will be reviewed and approved by the Transportation Department.

Primary Streets: Primary Streets are envisioned as the streets that will carry heavier traffic loads, such as Gateway Boulevard. It is anticipated that Gateway Boulevard may be the only Primary Street.

Secondary Streets: Secondary Streets serve as internal collector roads that move traffic within the internal development. These street locations as shown on Exhibit 5.C Vehicular Circulation Plan, are likely to change with refinement of development and future leasing activity.

9. CONCLUSION

This is a request to rezone an approximate 273-acre Site located at the southwest corner of South Ellsworth Road and East Ray Road from Light Industrial with Williams Gateway Airport Development Master Plan Overlay ("LI PAD") to Light Industrial and establish the Gateway East Planned Area Development Overlay ("LI PAD") on the overall Site. This rezoning request will allow for the development of a synergistic mixed-use development with a variety of industrial, office, retail, and hospitality uses on the Site. The proposed development is consistent with both the General Plan and the Mesa Gateway Strategic Development Plan area and Sub-Area Plans. The proposed development will benefit the surrounding community by providing addition employment uses within an employment hub of the City of Mesa.

Gateway East

Exhibit C (g)

- Design Guidelines

III. ARCHITECTURAL DESIGN GUIDELINES - GENERAL

3.1 GENERAL

The following Gateway East Design Guidelines serve as a critical tool to ensure ongoing compatibility between allowable land uses and achieve a harmonious mixed-use development. These guidelines establish the overall character of the development and contribute to establishing a cohesive, attractive, long-term successful project.

The Design Guidelines are intended to replace quality enhancements and details to the adopted City of Mesa Quality Development Design Guidelines and associated Zoning Ordinance amendments. The Gateway East Design Guidelines will provide for an overall development theme through the use of complementary building materials, colors and themes, consistent and complementary landscaping and a mechanism for enhanced design and creativity.

This document governs the approximately 273-acre land contained in the Gateway East Planned Area Development (PAD). All development shall comply with the City of Mesa Zoning Ordinance unless otherwise modified through this PAD and Design Guidelines. In the event that this document conflicts with the City of Mesa Zoning Ordinance and the standards listed within this PAD, including the Mesa QDDG, this document shall prevail.

The Design Guidelines are broken into four sections:

- Site Plan Design Guidelines
- Architecture Design Guidelines
- Lighting Design Guidelines
- Landscape Design Guidelines

1. **Character and Image** - Development shall contribute to the uniqueness of the zoning district in which it is located, and/or the Mesa community with predominant materials, elements, features, color range, and activity area tailored specifically to the site and its context. This character and image shall conform to the following standards:

a. In multiple building developments, each individual building shall include predominant characteristics shared by each building so that the buildings within the development appear to be part of a cohesive, planned, area, yet are not monotonous in design. Compatibility shall be achieved through techniques such as the replication of roof lines, the use of similar proportions in the building mass and outdoor spaces, similar relationships to the street, similar window and door patterns, or the use of building materials that have color shades and textures that are similar to or complimentary to those existing on, or in, the immediate area of the subject property.

b. No Established Theme or Stand-Alone Development. Where there is no established or consistent neighborhood or area character or unifying theme, or where the existing character is not desirable to continue because it does not reflect a design theme consistent with the development standards as described in this Chapter, the proposed development shall be designed to establish character and a sense of place through the strategic use of architectural elements, building form, materials, landscaping, lighting, etc., which create a cohesive theme or style for future developments and buildings within the area to follow.

c. Corporate Architecture. Where the proposed architecture of a building or structure is the result of a franchise style, prototypical or franchise architectural design, including materials and color, should be modified (if necessary) to meet the development design standards as set forth in the Design Guideline exhibit attached to this PAD.

d. Employee and Visitor Amenities. Development within this PAD shall provide common open space and amenities for the useful enjoyment of employees and visitors to the Site. Common open space should be arranged for functionality and shall be furnished with eating areas, site furniture (such as benches, tables, waste receptacles, or planters), or other amenities.

i. Buildings 30,000 square feet or larger shall provide common open space at a rate of one percent (1%) per building

gross floor area (GFA). A collection of smaller buildings linked by common walls is considered one building.

ii. Multiple areas of common open space are encouraged; however, the minimum size of any one (1) common open space shall be 300 square feet with a minimum dimension of 15 feet in any direction. If pocket parks or multi-use trails are provided within close proximity of the development, those improvements shall count towards the common open space requirement.

iii. At least 50 percent (50%) of common open space must be open to the sky. At least 75 percent (75%) of the open space area must be landscaped and maintain live plant material if the area is not otherwise used as active recreation facilities.

2. Massing and Scale - Architectural elements and techniques shall be utilized to reduce the apparent massing and scale of buildings.

a. Wall Articulation. Exterior building walls shall be subdivided and proportioned to human scale, using projections, overhangs, and recesses in order to add architectural interest and variety and to avoid the effect of a single, massive wall

with no relation to human size per Design Guideline exhibit attached to this PAD.

i. Publicly visible facades (viewed from streets or primary facades of adjacent property), may not have blank, uninterrupted wall lengths without including at least two (2) of the following: change in plane, change in texture or masonry pattern, windows, trellis with vines, or an equivalent element that subdivides the wall into human scale proportions. Refer to PAD Design Guidelines for conceptual examples.

ii. Side or rear walls, not publicly visible from streets: Refer to PAD Design Guidelines

b. Building Projections into Setbacks. Maintain appropriate separations between buildings on adjacent lots to allow for light, air, and circulation while recognizing the need to allow minor projections that improve the effectiveness of environmental or aesthetic features.

i. Awning, eaves, overhangs, light shelves, and basement window wells may encroach up to three (3) feet into any required setback but shall not be closer than two (2) feet to any property line. Building projections shall be no closer than 15 feet to any property line adjacent to sites located in the RS and RSL Districts.

c. Roof Articulation.

i. Provide architectural interest at the skyline. Accentuate appropriate building elements and provide a minimum of one vertical variation in parapet heights appropriate for the intended design. Parapet detailing such as cornices, moldings and trim should be used where appropriate. Refer to PAD Design Guidelines for conceptual examples.

3. Building Entrances - Primary entrances along major façades shall be clearly defined with façade variations, porticos, roof variations, recesses or projections, or other integral building forms. For conceptual examples, please refer to PAD Design Guidelines.

4. Access, Circulation, and Parking.

a. Screening and Separation of Parking Areas. Parking areas located between a building and Primary Street shall be screened with a screening wall, berms, or combination of both methods no more than 3 feet high.

i. In addition, parking areas shall be separated from on-site buildings by a distance of at least ten (10) feet. This separation shall be landscaped and may include a pedestrian walkway.

5. Materials and Colors - Buildings and structures shall be constructed of durable, high-quality materials that are appropriate for the climate and development. Exterior building walls, viewed from streets, shall be designed using various materials and design options in order to add architectural interest. Please refer to PAD Design Guidelines for conceptual examples.

IV. ARCHITECTURAL DESIGN GUIDELINES

4.1 GENERAL

The Architectural Design Guidelines are intended to ensure an attractive, high quality, mixed-use development with a consistent look and feel across the overall development master plan consistent with conceptual examples within these Design Guidelines. These standards will provide continuity throughout while incorporating a variety of architectural styles, color, and materials. Styles may and should vary to create individual identities while maintaining common threads that establish compatibility between buildings and the anticipated land uses, such as light industrial (manufacturing, flex office, technology), multi-story office, restaurant, retail, hospitality, and others. Design vocabularies should be respectful of adjacent uses, allowing architectural expressions to flow from Lot to Lot, avoiding abrupt transitions in style or character. Variation in texture, contrast, color, and materials should be utilized to create visual interest. Building designs must be compatible for airport operations.

Whereas a level of consistency and compatibility are desirable to create continuity within the master development, opportunities for corporate identity and branding must be maintained. Such branding may include the use of corporate colors, signage, specific materials or architectural elements used to communicate a company culture or theme. These elements shall not detract from the quality and compatibility of the overall master plan and adjacent developments. The extent of such branding elements may require limits of application in order to maintain the desired continuity of the development.

By the approval of these design guidelines through the PAD process and by the Design Review Board, it is understood that all buildings shall comply with these standards. In doing so, all buildings will be be exempt from the Design Review Board Work Session process and will be handled as Administrative Design Review.

The Architectural Design Guidelines are centered on Key Design Characteristics that will establish visual consistency, quality, and architectural interest across the Development.

These Key Design Characteristics from the list below include:

A. Building Form
B. Facade Treatments
C. Shade Elements
D. Entry Statements
E. Screening
F. Colors
G. Materials – (2) minimum when publicly viewed from street

A. BUILDING FORM

Building form refers to the shape and configuration of a building visible from primary and secondary streets. Care should be taken to design structures across the project that take shape, mass, scale, proportion, rhythm, articulation, texture, color, and light into consideration. Building forms should be influenced by the following guidelines:

- Consider each buildings relationship to other adjacent buildings in their architectural design.
- Building elevations and facade elements should undulate to break up building masses.
- Vary roof forms and parapet treatments appropriate for the type of project and consistent with conceptual examples within these Design Guidelines.
- Use building elements to create scale at the pedestrian level with conceptual examples within these Design Guidelines.
- Provide pedestrian protection from the sun by using building overhangs and canopies in appropriate areas, such as main building entries.
- Provide heightened level of detail at building entries.
- Accent architectural form with appropriate lighting.

B. FACADE TREATMENT

Building facades serve as a viewer's first interaction with a building and can bring a greater degree of architectural interest to a structure. Facades are also essential components of building environmental efficiency. Building facades should utilize the following principles and be consistent with conceptual examples within these Design Guidelines:

- Vary building volumes, planes, and materials to create dynamic textures and variations with light and shadow.
- Employ sun shading elements such as projecting canopies, and awnings that provide cover and shade for appropriate exposures on building facades, thereby reducing solar heat gain.

- Enhance street frontages by using refined materials and strong entry elements.
- Ground floor building façades are encouraged to utilize transparency when abutting pedestrian areas.
- Highly reflective materials and finishes that conflicts with FAA regulations or could create glare or flash blindness and impact airport operations shall not be utilized.

C. SHADE ELEMENTS

Sun protection is an essential design element to promote both pedestrian comfort and energy efficiency. Shading elements such as suspended canopies, posted canopies, awnings, building overhangs, screen walls, window eyebrows, shade sails, and pergolas should be effectively utilized on high impact areas of the buildings facades. These shading elements have the power to accent the building massing and create a functional and dynamic visual experience for patrons all while limiting solar heat gain. Shade elements are particularly important for glass openings, balcony areas, and at the sidewalk pedestrian area. Shade elements should be integrated into the storefront designs as part of the overall building design. The following shade strategies may be utilized:

- Suspended canopies, posted canopies, and awnings are to be integrated into building designs.
- Large overhangs shall be carefully utilized to accent the massing of the building and to create a functional and dynamic visual experience for patrons.
- Trees and landscaping are to be integrated as part of the overall shading.

D. ENTRY STATEMENT

Clear building entries create a sense of arrival and can elevate a building's architecture. Entries should be prominent and obvious to assist in circulation and wayfinding across the Development. Entry statements can be established in multiple ways:

- Differentiated building massing (vertical elements, building envelopes).
- Use of a special or different facade material.
- Utilization of accent lighting and/or creative signage.
- Doorway openings and hardware should address human scale and comfort.

E. SCREENING

Screening shall be utilized in a variety of applications throughout the project.

Screening should be used to conceal unsightly building/site elements from view. It should also be used per City of Mesa standards to screen parking areas and can also be used as an architectural feature to provide additional building articulation and interest. Options for screening materials may include the following: metal louvers, metal panels with attractive patterns of voids and perforations, painted and decorative integrally colored and textured CMU block and/or strategically located landscape.

- Architectural Screening: Architectural screens can be used to provide layering and depth to building planes while also protecting interiors from sun exposure.
- Mechanical Equipment: All mechanical equipment, whether at grade or on a building's roof, should be screened from view with architectural and/ or landscape materials or they shall be located so as not to be visible from any public pathways. Rooftop screening shall be monolithic and architecturally compatible by use of exterior parapets, monolithically screened "penthouse" areas and parcel use of "line sight-line studies" for structures with large foot prints such as industrial projects.
- Utility Equipment: All utility equipment and associated protective materials should be screened and painted to blend in with the roof or building.
- Service Areas: All service areas (trash, recycling, mechanical areas, storage, utility, and meter rooms) must be architecturally integrated within the body of the building or at the back of buildings screened from view.
- Parking Areas: Parking areas adjacent to roadways should utilize a combination of 3' high offsetting screen walls with 50' maximum runs, dense plantings, and/or landscape berms as screening.
- Landscape Elements: Using a variety of year- round plant species is ideal when screening equipment. Plants used for screening are to be compatible with Arizona's climate and should be regularly maintained.

F. COLORS & MATERIALS

Colors and materials should create visual harmony within the development. Recommended colors are as follows:

- Desert hues and other "earth tones".
- Muted shades of blues, greens, and reds found in the natural desert color vocabulary.
- Colors appearing in natural stone utilized in buildings.
- Bright and jewel-tone colors may be utilized as accent colors in limited areas to enhance entries, focal points, corporate branding or other prominent building features.

Buildings within this development very often include, the following or others of equal or greater quality.Provide a minimum of two materials on facades facing streets:

- WOOD: Wood is best used in areas with minimal weather exposure. Synthetic or metal systems may be used as an alternative to create a wood appearance.
- BRICK: If using "thin brick", corner pieces must be used to create the appearance of full brick and provide cap articulation at top of wainscots.
- CONCRETE: Cast-in-place, articulated tilt up concrete, reveled, board-formed and architectural precast concrete are all acceptable variations of this material constituting multiple materials when used together. Predominant use of site cast tilt up panels for industrial projects and office buildings is acceptable when provided with a minimum of two alternative materials and shall include a balanced use of reveals, varying paint colors, variations in plane and parapet heights to reduce massing and scale consistent with provided examples within these Design Guidelines.
- NATURAL STONE: Fieldstone, flagstone, or other natural stone.
- MANUFACTURED STONE: Manufactured stone of high quality may be used.
- STUCCO/EIFS: : Stucco or EIFS (exterior insulated finish systems) to be finished with smooth or sand finish with appropriately placed horizontal and vertical reveals to break up mass of large areas and coordinated with other vertical and horizontal elements found on building facades.
- TILE: Ceramic, porcelain, or similar tile.
- METAL PANELS: Architectural metal panels including standing seam, prefinished interlocking panels, perforated metal panel, perforated "B" deck and limited use of corrugated.
- GLASS: Clear, tinted (greys and blues), frosted and coated glass. Highly reflective glass conflicting with FAA regulations or airport operations is not allowed.

V. LIGHTING DESIGN GUIDELINES

5.1 GENERAL

Given that this is a horizontal mixed-use project, lighting design must respond to both daytime and nighttime lighting needs. While the employment uses may be primarily functional during the day, the restaurant, retail, and hospitality uses will promote activity that extend into the evening. Architectural lighting is an essential component of building and landscape elements. The lighting strategies for this project should be designed with the goal of creating a welcoming early morning and evening environment that prioritizes safety and security as well as aesthetics. All exterior lighting design requires approval from the City of Mesa and must ensure compatibility with aiport operations. Lighting placements and systems will not direct lighting upward or in a manner that could cause confusion with airport identification or navigational lighting.

- Dramatic lighting should enhance primary architectural features.
- Lighting should emphasize dramatic elements within the landscape (Monument signs, groups of trees and shrubs).
- Accent lighting may be incorporated on secondary building elements such as blank walls to highlight their texture or on columns to reveal their cadence on a facade.
- Appropiate consideration should be given to creating an ambiance with mood lighting such as overhead string lights or up lighting/down lighting on walls.
- Lighting shall almost exclusively use warmer temperatures. Cool temperature lighting is discouraged.
- Lighting on the exterior walls adjacent to the storefront area is encouraged to help increase tenant identity and to provide an appropriate level of comfort and rhythm for the pedestrian.
- Low-level down-lighting integrated into building canopies should be provided to promote visibility and security.
- Lighting should enhance or be an extension of the design intent of the architecture.
- Utilize full cut-off or fully shielded fixtures and set mounting heights as required to effectively control glare, light trespass, and maintain dark skies.
- Fixtures and strategies are to promote energy conservation.
- Use automatic control systems to eliminate excessive light during non-active hours of site and building operation.
- Ornamental low-scale lighting shall be provided along pedestrian pathways and nodes that connect the various Lots within the Development.
- Primary and secondary streets will utilize City approved fixtures. Specific locations and heights will be approved by the appropriate City Department per City of Mesa requirements for illumination.

STANDARD PARKING LOT FIXTURE

Lighting fixture heights shall not exceed the maximum height specified in the City of Mesa Zoning Ordinance Table 11-30-5.

5.2 LIGHTING VISION

VI. LANDSCAPE DESIGN GUIDELINES

6.1 GENERAL

The following landscape design guidelines provide a framework for the overall landscape character of the Development. These guidelines shall be applied to all areas of the Development including edge treatments, entries, vehicular circulation routes, pedestrian plazas and promenades, open spaces, and parking areas.

Landscape features and tree varieties attractive to hazardous wildlife should not be used to ensure flight safety and airport operations. Vegetation shall be properly maintained to control excess canopy growth and height. Landscape shall not exceed any FAA determination for maximum building height.

While this mixed-use project encompasses a variety of uses, the landscape design guidelines will ensure that future development of the Site reflects the overall theme of the area, creating a unifying aesthetic that provides for meaningful spaces that relate to the adjacent buildings. The following three key landscape design characteristics will set a consistent landscape theme across the Development; ***Human Interaction, Open Space and Planting & Hardscape Design***

A. HUMAN INTERACTION

The landscape design for this project should center on promoting human connectivity. This can be achieved through providing dynamic open space areas that spur interaction, designing alluring pathways that connect all areas of the development, and by using planting design to create beautiful outdoor environments that inspire users to be outside and foster human connections. Landscape design should promote human interaction by incorporating the following guidelines:

- Provide connections to, from, and within Lots to support pedestrian activity and other mobility options to enhance the interconnectivity within the Development.
- Provide enhanced pedestrian plazas and promenades within the commercial Lots.
- Utilize covered or shaded walkways, passageways, courtyards, and plazas.
- Design street-spaces that support the pedestrian by incorporating safe and comfortable pedestrian amenities such as seating, lighting, shade, landscape and hardscape, crosswalk refuge areas, and curb and sidewalk extensions.
- Coordinate the design of pedestrian, auto, parking and service areas to minimize pedestrian interruption and pedestrian-vehicular conflicts.
- Provide open space for public and private outdoor activities, special events, and day-to day activities.

B. OPEN SPACE

Open space areas provide the opportunity for humans to experience the natural environment. Open space is of vital importance to the desirability of the project as a place to visit, work, or recreate. Open space areas are used for buffering adjacent land uses, establishing pedestrian circulation routes, providing gathering spaces, active and passive recreation, site beautification, and as storm water

retention areas. These areas should be treated to provide a network of green spaces throughout the Site that will provide a common aesthetic and include amenity spaces for visitors and employees. Open spaces should:

- Visually and physically connect uses and open spaces by providing walkways, gathering and activity areas, and green-ways.
- Connect open spaces of neighboring land uses through common entry courts, linked plazas and amenity areas, and coordinated landscape.
- Provide open space at intersections to promote pedestrian and visual interest.

C. PLANTING & HARDSCAPE DESIGN

Integration of development into the natural and built environments is critical to strengthening continuity and character throughout the Development. People-oriented urban design should be reinforced through landscape planting, street furniture, decorative paving, and lighting. These elements should provide an abundance of shade, color, and varied textures and forms. Planting and hardscape design should utilize the following principles:

- Landscape forms should create pedestrian environments that are protected from vehicular traffic.
- Accent lighting should promote ambiance, character, and safety.
- Hardscape and special paving should be integrated into the Development at key focus areas including building entrances, pedestrian crossings, pathways, and amenity areas.
- Use masses of native plants to provide color, texture, and pattern.
- Spotlight distinctive areas with one large specimen tree.
- Use the height of date palms or other vertical landscape elements to identify entrances and prominent pedestrian areas.
- Use planting palettes to distinguish zones throughout the Development.
- Utilize native plants that promote sensitivity to the environment and allow for water conservation.

Gateway East

Exhibit C (i)

- Marketing plan
- Brokerage materials
  - Retail/hospitality
  - Industrial/office/manufacturing

The marketing of Phase 1 of Gateway East started as soon as The Boyer Company was selected as the developer. Using our long-established relationships with the brokerage community, we began letting the various brokers who are active in the area know about the project and what they could expect. Eventually, we settled on initially listing the project with the following firms:

- Lee & Associates – Industrial, manufacturing and office
- Phoenix Commercial Advisors – Retail and hospitality

These firms have a history of doing deals in the Southeast Valley, have a positive working relationship with the City of Mesa Economic Development Office, are currently active in the market and have a positive reputation for being good to work with.

The marketing of the project has our team focusing on a wide variety of different elements which make up our overall comprehensive marketing plan. Initial efforts have been made in multiple areas while we have also been waiting for final City of Mesa development approvals. With the required approvals, we are now in a better position to fully market the site and be able to respond to interested parties with realistic plans and time frames.

The marketing plan has included and will include the following efforts:

- **Pre-marketing**
  - ◊ Email campaign to announce the project
  - ◊ Build upon relationships with GPEC, ACA, Mesa Economic Development
  - ◊ Coordination with Phoenix Mesa Gateway Airport Business Development
  - ◊ Feature articles in local and national publications
  - ◊ Listing of the project on key real estate websites

- **Direct Marketing**
  - ◊ Market directly to Brokerage Firms and Agents
  - ◊ Market directly to companies that meet the profile of the Business Park
  - ◊ Market directly to Vendors and supply chain of area businesses. (Meta, Gulf Stream, XNRGY, LG, Apple, Lucid, Intel, etc.)

- ◊ Market directly to restaurants, retailers and hotel operators that are active in the area or that currently lack a presence in the submarket
- ◊ Creation of a project specific website with current, up-to-date site plans and project information (in process now that site layout is final)

- **Daily Marketing**
  - ◊ Daily interactions with brokers and agents working in the area or working with companies that could be a good fit for the park
  - ◊ Daily interactions with business owners and prospects
  - ◊ Daily interactions with local economic development agencies
  - ◊ Regular email campaign to the brokerage community detailing specific project facts

- **Ongoing Marketing**
  - ◊ Continued work with brokerage community
  - ◊ Continued presence with local and national businesses which help companies locate new locations
  - ◊ Continued presence with Arizona focused agencies
  - ◊ Regular website updates
  - ◊ Bi-weekly calls between brokers and Boyer to discuss how things are going and what is needed to keep things moving forward
  - ◊ Regular communication with Phoenix Mesa Gateway Airport Authority to discuss interest the airport is seeing from possible companies

The marketing of the project can include all types of efforts. However, nothing is as successful as actually getting the project going. As a result, our initial efforts have been focused on finding our first large tenant which will result in the development of a nice building and will also help facilitate the design and construction of the initial infrastructure improvements. These efforts will attract additional interest in the site and will begin to convey to the market that the project is real and that they can have confidence in committing to the site.

Finally having the City of Mesa entitlement approvals will also allow us to begin really pushing for retail and hospitality tenants. These tenants are often looking for sites with a specific opening date in mind. Having a firm site plan and project approval process in place is key to taking these types of tenants to the next level.

Working with our brokerage partners, we have established an initial marketing budget of $25,000.00. These funds have been used to purchase and put signage on the box trailer along Ellsworth. They are also being used to create project renderings used in the marketing of the project, maintain on-line listings and put together additional marketing materials that are in both hard copy and digital formats. These initial funds will be supplemented as needed once the project is up and going.

OVERVIEW

HIGHLIGHTS

Strong visibility to over 44,759 vehicles per day and growing at the intersection and easy accessibility from both Ellsworth Rd and SR-24 roads to Loop 202.

Located in one of the highest growth areas in AZ, **Queen Creek has seen their population grow 2,084% since 2000**

One mile south of the **Facebook campus will encompass nearly 1 million square feet of data** center and admin space. *Under Construction*

Phoenix-Mesa Gateway Airport Future plans include to develop the ±400-acres which will have a new terminal with gates along which will include mixed-use of retail, office and other forms of real estate in efforts to expand the profile of airliners flying in and out of Gateway and to ease traffic at Sky-Harbor.

Down from Eastmark, a new housing development with over 12,000 homes at full buildout.

Located just west of Bell Bank Park is privately owned 320-acre multi-use family sports and entertainment complex is being built in Mesa, at the border of Queen Creek, and will create more than 1,500 jobs and generate hundreds of millions of dollars in direct economic impact back to the surrounding community. The park is expected to attract over three million visitors annually.

GATEWAY EAST

Gateway East is a masterplanned business park situated at the intersection of the Loop 202 and State Route 24 freeways. This development is a partnership between Boyer and Phoenix-Mesa Gateway Airport (PMGAA) that will offer an attractive park setting for corporate office and industrial users.

With over 270 acres available for development, Gateway East will offer expansion capabilities that are unique to this site. Located in the heart of the Mesa Gateway submarket, the project benefits from unparalleled freeway connectivity and proximity to skilled labor and area amenities.

The Boyer Company was selected by the Phoenix-Mesa Gateway Airport Authority to be their development partner for over 270 acres located on the east side of the airport. The area is currently unimproved acreage.

Boyer is working with the Airport and the City of Mesa to establish design guidelines, a masterplan, utility plans, and overall infrastructure requirements so that the development of the first phase, consisting of approximately 100 acres can be started. The project will include restaurants, hotels, office, manufacturing and smaller industrial buildings. The project will be ground leased from the Airport Authority using long-term ground leases.

1. INTRODUCTION AND EXECUTIVE SUMMARY

1.1. PURPOSE OF REPORT AND STUDY OBJECTIVES

Lōkahi, LLC (Lōkahi) was retained by The Boyer Company to complete a Traffic Impact Study (TIS) for the proposed Gateway Phase I development, located on the northwest corner of Ellsworth Road and Gateway Boulevard/Williams Field Road in the City of Mesa, Arizona.

The proposed Gateway Phase I development will include the following land uses:

- **Industrial Park** 1,275,000 square feet
- **Hotel** 150 rooms
- **Retail** 10,000 square feet
- **Restaurant** 5,000 square feet

The objective of this Traffic Impact Study is to analyze the traffic related impacts of the proposed development to the adjacent roadway network. See **Figure 1** for the vicinity map.

This Traffic Impact Study includes:

- Level of service analysis of existing conditions for the weekday AM and PM peak hours
- Trip generation for the proposed development
- Level of service analysis for the opening year (2026) weekday AM and PM peak hours
- Level of service analysis for 5 years after the opening year (2031) weekday AM and PM peak hours

The following are the intersections included in this study:

- Ellsworth Road and SR-24 Westbound Ramp (1) - *existing*
- Ellsworth Road and SR-24 Eastbound Ramps (2) - *existing*
- Ellsworth Road and Tesla Drive (3) - *proposed*
- Ellsworth Road and Texas Avenue (4) - *existing*
- Ellsworth Road and Gateway Boulevard/Williams Field Road (5) - *existing*
- Ellsworth Road and Legacy Avenue (6) - *existing*
- Ellsworth Road and Pecos Road North (7) - *existing*
- Williams Field Road and Legacy Drive (8) – *existing*
- Williams Field Road and Legacy Park Driveway (9) - existing
- Williams Field Road and SR-24 Southbound Ramps (10) - *existing*
- Williams Field Road and SR-24 Northbound Ramps (11) – *existing*

1.2. EXECUTIVE SUMMARY

This report presents the analyses and results of a Traffic Impact Study prepared for the proposed Gateway Phase I development, located on the northwest corner of Ellsworth Road and Gateway Boulevard/Williams Field Road in the City of Mesa, Arizona. The proposed Gateway Phase I development will include the following land uses:

- **Industrial Park** 1,275,000 square feet
- **Hotel** 150 rooms
- **Retail** 10,000 square feet
- **Restaurant** 5,000 square feet

The proposed Gateway Phase I development is anticipated to be completed and open in the year 2026.

Existing Capacity Analysis

The AM and PM peak hour existing conditions capacity analyses were completed for the existing study intersections. The results of the capacity analyses reveal that all movements operate at a LOS D or better with the exception of the following:

Ellsworth Road and SR-24 Westbound Ramps (1)

- Southbound through PM peak hour operates at LOS E

Ellsworth Road and SR-24 Eastbound Ramps (2)

- Eastbound left PM peak hour operates at LOS E
- Eastbound shared left-through PM peak hour operates at LOS E
- Southbound left AM and PM peak hours operate at LOS E

Ellsworth Road and Legacy Drive (6)

- Northbound through AM peak hour operates at LOS E

Ellsworth Road and Pecos Road North (7)

- Southbound left PM peak hour operates at LOS E

Williams Field Road and SR-24 Southbound Ramps (10)

- Overall intersection PM peak hour operates at LOS F
- Southbound shared left-through and through-right PM peak hour operates at LOS F

At the time of this report the main line for the SR-24 was not open. Therefore, once the SR-24 main line is open, the movements noted above will likely operate at an acceptable LOS.

Williams Field Road and SR-24 Northbound Ramps (11)

- Overall intersection AM peak hour operates at LOS F
- Westbound right AM peak hour operates at LOS F
- Northbound through and shared through-right AM PM peak hour operates at LOS F

At the time of this report the main line for the SR-24 was not open. Therefore, once the SR-24 main line is open, the movements noted above will likely operate at an acceptable LOS.

Trip Generation

The proposed Gateway Phase I development is anticipated to generate a total of 6,580 new weekday trips, with 574 trips occurring during the AM peak hour and 629 trips occurring during the PM peak hour.

Trip Generation

Land Use	ITE Code	Qty	Unit	Weekday	AM Peak Hour			PM Peak Hour		
				Total	Total	In	Out	Total	In	Out
Industrial Park	130	1,275.0	1000 Sq. Ft. GFA	4,297	434	352	82	434	95	339
Hotel	310	150	Rooms	1,202	68	38	30	84	42	42
Strip Retail Plaza (<40k)	822	10.0	1000 SF GLA	545	24	15	9	66	32	34
High-Turnover (Sit-Down) Restaurant	932	5.0	1000 SF GFA	536	48	26	22	45	27	18
			Total	6,580	574	431	143	629	196	433

Future Conditions

Future capacity analyses were completed without and with the build out of the proposed Gateway Phase I development for the opening year and 5 years after the opening year. The year 2026 and 2031 background traffic volumes include a 1.5% annual growth rate based on Maricopa Association of Governments (MAG) socioeconomic projections.

Future Roadway Network

The following roadway network improvements are assumed to be built out by the year 2026:

Ellsworth Road and Tesla Drive (3) – *Future Signalized Intersection*

- It is assumed the eastbound approach will provide one (1) dedicated left turn lane, one (1) through lane, and one (1) dedicated right turn lane. Additionally, there will be one (1) westbound receiving lane.

Ellsworth Road and Texas Avenue (4) – *Future Stop-Controlled Intersection*

- It is assumed the eastbound approach will provide one ((1) dedicated right turn lane. Additionally, there will be one (1) westbound receiving lane.

Ellsworth Road and Williams Field Road (5) – *Existing Signalized Intersection*

- It is assumed the eastbound and westbound approaches will provide two (2) dedicated left turn lanes, two (2) through lanes, and one (1) dedicated right turn lane. The northbound approach will provide two (2) dedicated left turn lanes, two (2) through lanes, and one (1) dedicated right turn lane. The southbound approach will provide two (2) dedicated left turn lanes, three (3) through lanes, and one (1) dedicated right turn lane.

Ellsworth Road

- According to the *City of Mesa 2040 Transportation Master Plan,* Ellsworth Road will ultimately be a 6-lane cross-section. Currently Ellsworth Road operates with two (2) northbound through lanes and three (3) southbound through lanes. As a conservative approach, this roadway cross-section was assumed for the year 2026 analysis.

Williams Field Road

- According to the *City of Mesa 2040 Transportation Master Plan,* Williams Field Road will ultimately be a 6-lane cross-section. Currently Williams Field Road provides one (1) through lane in each direction of travel. As a conservative approach, this roadway cross-section was assumed for the year 2026 analysis.

Tesla Drive

- It is assumed Tesla Drive will operate with one (1) through lane in each direction of travel, with a center two-way left turn lane. These improvements will extend from Gateway Boulevard to Ellsworth Road.

SR-24 between Ellsworth Road and Ironwood Road

- At the time of this report, the completion date of the SR-24 main line was unknown. Therefore, as a conservative approach, SR-24 was assumed to operate as it does today.

Year 2026 – Opening Year

A capacity analysis was completed for both the AM and PM peak hours for the year 2026, <u>without</u> and <u>with</u> the build out of the proposed Gateway Phase I development. The year 2026 build capacity analysis resulted in all movements operating at a LOS D or better or is maintained at the existing LOS.

Year 2031 – 5 Years After Opening Year

A capacity analysis was completed for both the AM and PM peak hours for the year 2031, without and with the build out of the proposed Gateway Phase I development. The year 2031 build capacity analysis resulted in all movements operating at a LOS D or better or is maintained at the year 2031 no build LOS.

Recommendations

The following are the recommendations with the build out of the proposed Gateway Phase I development:

- **Ellsworth Road and Tesla Drive (3)**
  Build out of a full-access signalized intersection. The eastbound approach will provide one (1) dedicated left turn lane, one (1) through lane, and one (1) dedicated right turn lane. Additionally, there will be one (1) westbound receiving lane.

- **Ellsworth Road and Texas Avenue (4)**
  Build out of a right-in and right-out only stop-controlled driveway.

- **Tesla Drive**
  It is assumed Tesla Drive will operate with one (1) through lane in each direction of travel, with a center two-way left turn lane. These improvements will extend from Gateway Boulevard to Ellsworth Road.

As with any new development and potential change in traffic patterns, the following is recommended:

- **Monitor and Adjust Signal Timing**
  - Monitor traffic patterns in the area and if necessary, adjust nearby signal timing.

2. PROPOSED DEVELOPMENT

The proposed Gateway Phase I development is located on the northwest corner of Ellsworth Road and Gateway Boulevard/Williams Field Road in the City of Mesa, Arizona. See **Figure 1** for a vicinity map.

The proposed Gateway Phase I development will include the following land uses:

- **Industrial Park** 1,275,000 square feet
- **Hotel** 150 rooms
- **Retail** 10,000 square feet
- **Restaurant** 5,000 square feet

There will be a total of two (2) access points along Ellsworth Road to serve Phase I of the proposed development.

Ellsworth Road and Tesla Drive (3) is located approximately 1,320 feet south of SR-24 Eastbound Ramp. This signalized intersection will provide full access and allow all movements into and out of the development.

Ellsworth Road and Texas Avenue (4) is located approximately 500 feet north of Gateway Boulevard/Williams Field Road. This driveway will utilize the existing bridge and will provide for right-in and right-out only movements only.

See **Figure 2** and **Appendix A** for the proposed site plan.

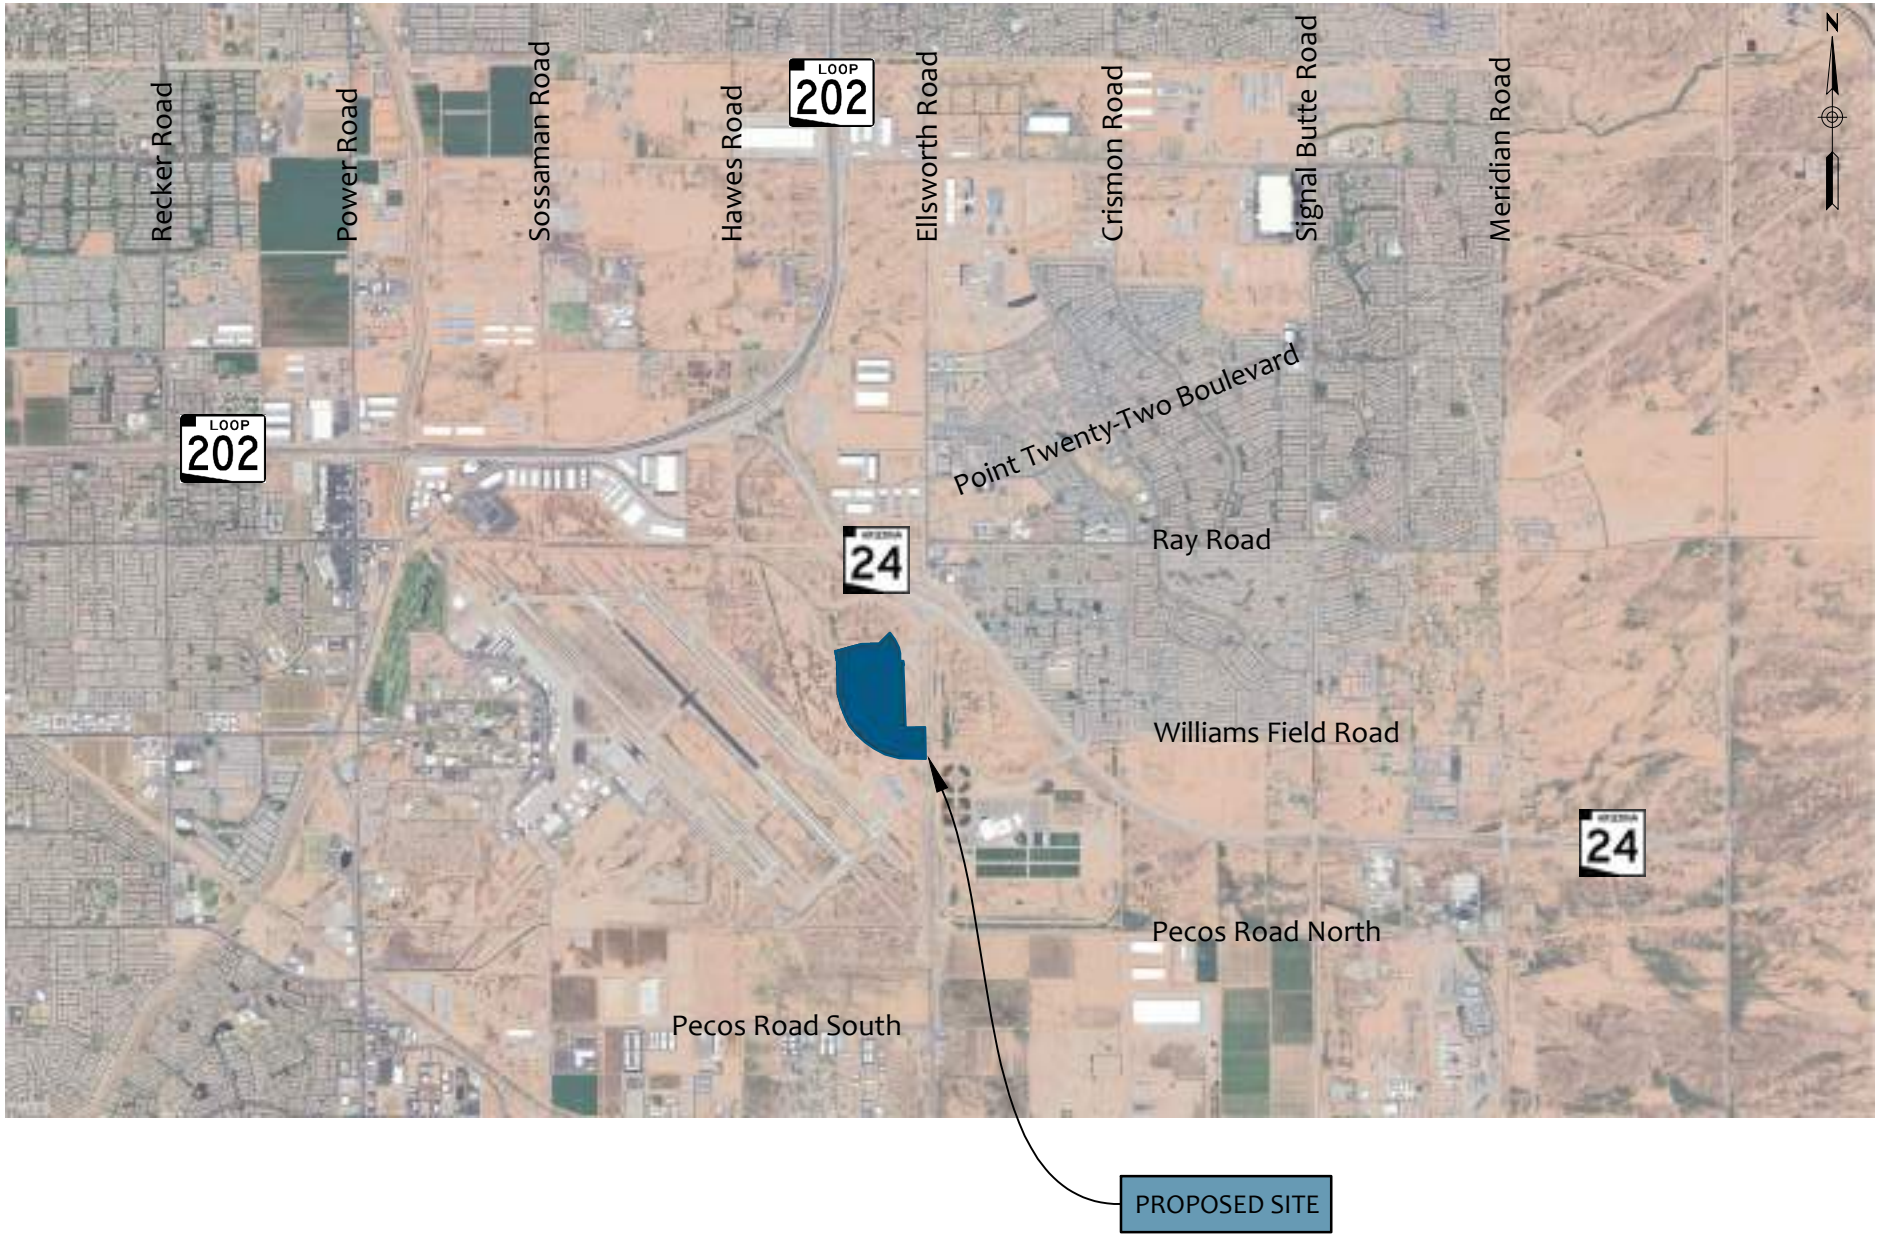

FIGURE 1 | VICINITY MAP

FIGURE 2 | SITE PLAN

3. AREA CONDITIONS

The proposed site is located within the City of Mesa, Arizona. **Sections 3.1** and **3.2** provide detailed descriptions of the study roadway segments and intersections. See **Figure 3** for the study area.

3.1. STUDY ROADWAY SEGMENTS

Ellsworth Road is a north-south roadway. Between SR-24 and Legacy Avenue, provides two (2) through lanes in the northbound and three (3) through lanes in the southbound direction of travel, with a raised median. Ellsworth Road south of Legacy Avenue provides two (2) lanes in each direction of travel, with a raised median. According to the *City of Mesa 2040 Transportation Plan*, Ellsworth Road is classified as an arterial. According to the *City of Mesa 2022 Traffic Volume Map*, Ellsworth Road, between SR-24 and Williams Field Road, has an Average Daily Traffic (ADT) of 50,500 vehicles per day (vpd). There is a posted speed limit of 50 miles per hour (mph).

Williams Field Road is an east-west roadway and provides one (1) lane in each direction of travel with a center two-way left turn lane, between SR-24 and Ellsworth Road. According to *City of Mesa 2040 Transportation Plan,* Williams Field Road is classified as an arterial. According to the *City of Mesa 2022 Traffic Volume Map*, Williams Field Road, between Ellsworth Road and SR-24, has an ADT of 3,200 vpd. There is a posted speed limit of 45 mph.

Pecos Road North is an east-west roadway and provides one (1) lane in each direction of travel. According to the *City of Mesa 2022 Traffic Volume Map*, Pecos Road, between Ellsworth Road and Crismon Road, has an ADT of 2,500 vpd. There is a posted speed limit of 45 mph.

3.2. STUDY INTERSECTIONS

Ellsworth Road and SR-24 Westbound Ramp (1) currently operates as a signalized intersection. The northbound approach provides two (2) dedicated left turn lanes and two (2) through lanes. The southbound approach provides four (4) through lanes and two (2) dedicated right turn lanes. The westbound approach provides one (1) dedicated left turn lane, one (1) shared left-through lane, one (1) shared through-right turn lane, and one (1) dedicated right turn lane.

Ellsworth Road and SR-24 Eastbound Ramps (2) currently operates as a signalized intersection. The northbound approach provides four (4) through lanes and one (1) dedicated right turn lane. The southbound approach provides two (2) dedicated left turn lanes and three (3) through lanes. The eastbound approach provides one (1) dedicated left turn lane, one (1) shared left-through lane, and two (2) dedicated left turn lanes.

Ellsworth Road and Gateway Boulevard/Williams Field Road (5) currently operates as a signalized intersection. The northbound approach provides one (1) dedicated left turn lane, two (2) through lanes, and one (1) dedicated right turn lane. The southbound approach provides two (2) dedicated

left turn lanes and three (3) through lanes. The westbound approach provides two (2) dedicated left turn lanes and two (2) dedicated right turn lanes.

Ellsworth Road and Legacy Avenue (6) currently operates as a signalized intersection. The northbound approach provides two (2) through lanes and one (1) dedicated right turn lane. The southbound approach provides two (2) dedicated left turn lanes and two (2) through lanes. The westbound approach provides one (1) dedicated left turn lane, one (1) shared left-right turn lane, and one (1) dedicated right turn lane.

Ellsworth Road and Pecos Road North (7) currently operates as a signalized intersection. The northbound approach provides one (1) through lane and one (1) shared through-right turn lane. The southbound approach provides one (1) dedicated left turn lane and two (2) through lanes. The westbound approach provides one (1) dedicated left turn lane and one (1) dedicated right turn lane.

Williams Field Road and Legacy Drive (8) currently operates as a signalized intersection. The northbound approach provides one (1) dedicated left turn lane and one (1) dedicated right turn lane. The eastbound approach provides one (1) through lane and one (1) dedicated right turn lane. The westbound approach provides one (1) dedicated left turn lane and one (1) through lane.

Williams Field Road and Legacy Park Driveway (9) currently operates as a one-way stop-controlled T-intersection with stop control on the northbound approach. The northbound approach provides one (1) dedicated right turn lane. The eastbound approach provides one (1) through lane and one (1) dedicated right turn lane. The westbound approach provides one (1) through lane.

Williams Field Road and SR-24 Southbound Ramps (10) currently operates as a signalized intersection. The southbound approach provides one (1) dedicated left turn lane, one (1) shared left-through lane, and one (1) shared through-right turn lane. The eastbound approach provides four (4) through lanes and one (1) dedicated right turn lane. The westbound approach provides two (2) dedicated left turn lanes and two (2) through lanes.

Williams Field Road and SR-24 Northbound Ramps (11) currently operates as a signalized intersection. The northbound approach provides one (1) dedicated left turn lane, one (1) through lane, and one (1) shared through-right turn lane. The eastbound approach provides two (2) dedicated left turn lanes, one (1) through lane, and one (1) shared through-right turn lane. The westbound approach provides four (4) through lanes and one (1) dedicated right turn lane.

3.3. STUDY AREA LAND USE

The proposed site is located on the northwest corner of Ellsworth Road and Gateway Boulevard/Williams Field Road in the City of Mesa, Arizona. The proposed development is bordered by Phoenix-Mesa Gateway Airport borders to the west, Ellsworth Road to the east and primarily vacant land to the north and south. Additionally, Legacy Sports complex is located on the southeast corner of Ellsworth Road and Gateway Boulevard/Williams Field Road.

3.4. SITE ACCESSIBILITY

Roadway System

The study area is located in the City of Mesa, Arizona. State Route 24 (SR-24) is located approximately one-half (0.50) mile to the north and east and can be accessed by both Ellsworth Road and Williams Field Road. Similarly, Arizona State Route 202 Loop (SR 202L) is located approximately one and one-half (1.50) miles northwest of the proposed development, which can be accessed via SR-24. These routes provide regionals access to the Phoenix metropolitan area.

Pedestrian Facilities

Ellsworth Road provides sidewalk on the west side of the road between SR-24 and Williams Field Road. Additionally, south of Williams Field Road, Ellsworth Road provides sidewalk on the east and west side of the road. Williams Field Road provides sidewalks on the south side of the roadway between Ells Worth Road and SR-24.

Bicycle Facilities

Bicycle facilities are not currently provided within the immediate study area.

Transit Facilities

There are currently no available transit services within the immediate study area.

Legend

FIGURE 3 | STUDY AREA

4. EXISTING CONDITIONS

4.1. EXISTING LAND USE

According to the Maricopa County Assessor, the proposed site will occupy a portion of Assessor Parcel Numbers (APN) 304-35-017B and APN 304-35-025A. The proposed site is currently zoned Light Industrial (LI). See **Appendix B** for detailed parcel information.

4.2. EXISTING TRAFFIC COUNTS

A local data collection firm, All Traffic Data Services, LLC, was utilized to collect traffic counts. On Wednesday, May 17th, 2023, four hours of typical weekday turning movement counts were obtained during the AM (7:00 to 9:00 am) and PM (4:00 to 6:00 pm) peak hours at the following intersection:

- Ellsworth Road and SR-24 Westbound Ramp (1)
- Ellsworth Road and SR-24 Eastbound Ramps (2) -
- Ellsworth Road and Gateway Boulevard/Williams Field Road (5)
- Ellsworth Road and Legacy Avenue (6)
- Ellsworth Road and Pecos Road North (7)
- Williams Field Road and Legacy Drive (8)
- Williams Field Road and Legacy Park Driveway (9)
- Williams Field Road and SR-24 Southbound Ramps (10)
- Williams Field Road and SR-24 Northbound Ramps (11)

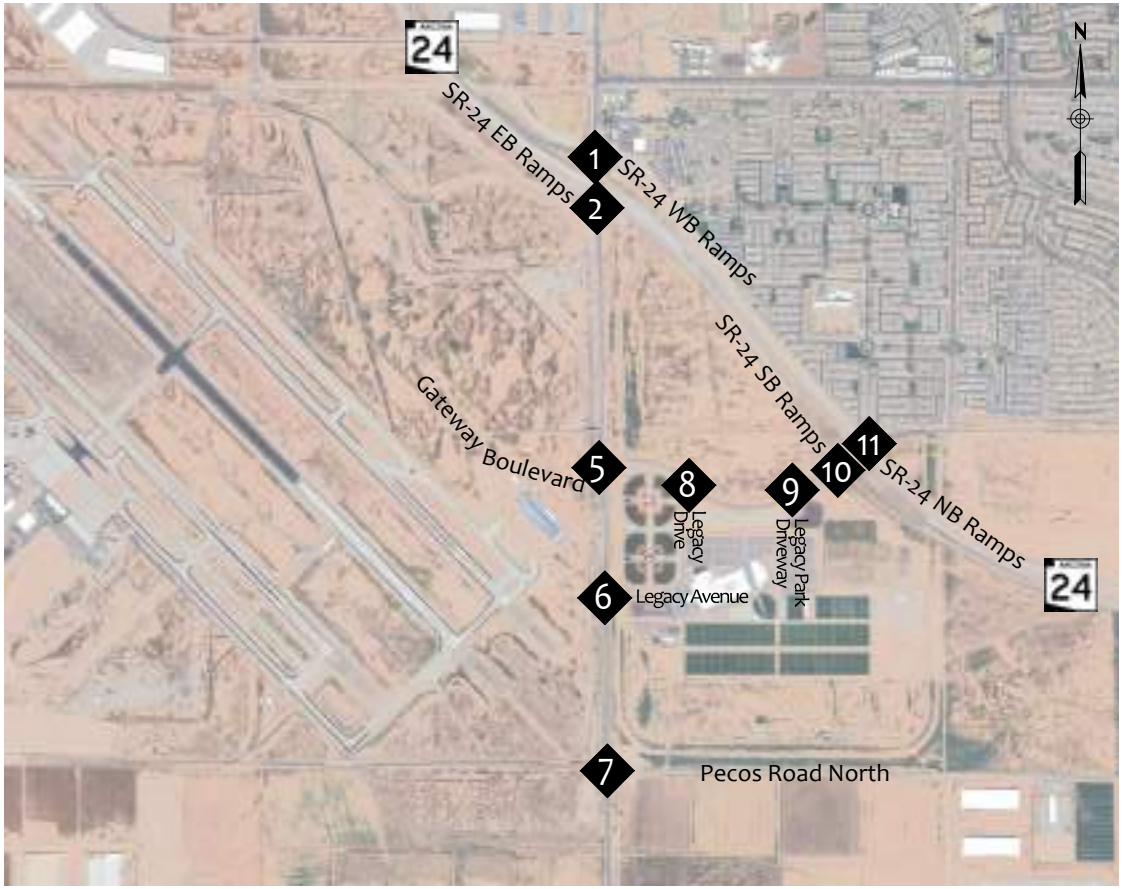
Additionally, on Wednesday, May 10th, 2023, bi-directional tube counts for 24-hours in 15-minute intervals were collected along the following roadway segments:

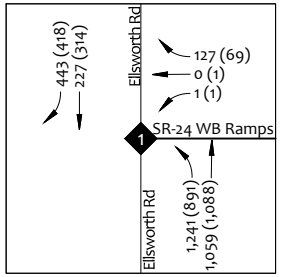
- Ellsworth Road, south of SR-24
- Ellsworth Road, north of Pecos Road

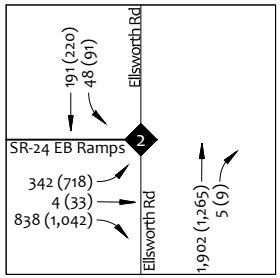
The turning movement counts were then analyzed for the highest 1-hour within each time period. The following peak hours were analyzed throughout this study.

AM Peak Hour	7:00 am – 8:00 am
PM Peak Hour	5:00 pm – 6:00 pm

See **Appendix C** for detailed traffic count data. See **Figure 4** for the existing AM and PM peak hour traffic volumes.



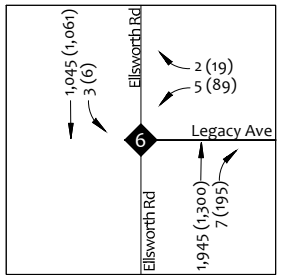


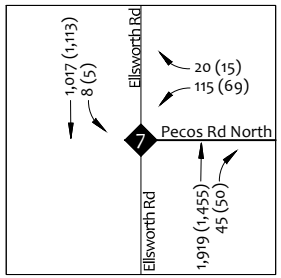


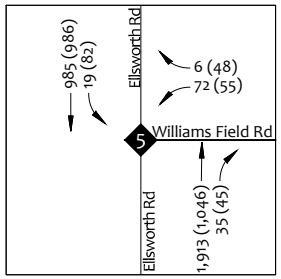
Legend

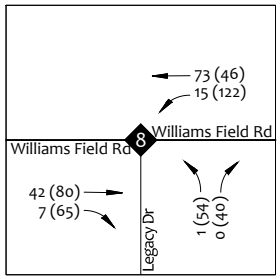
AM (PM) Peak Hour Traffic Volumes

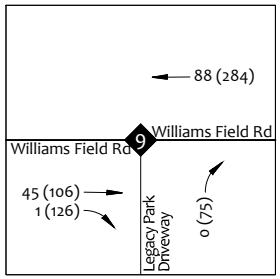
X Intersection

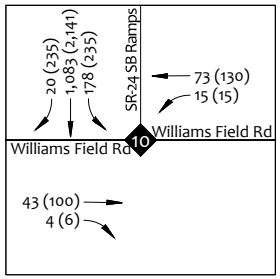












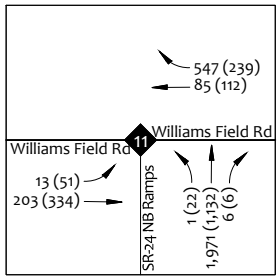


FIGURE 4 | EXISTING TRAFFIC VOLUMES

4.3.EXISTING CAPACITY ANALYSIS

The existing conditions capacity analysis was completed for the existing study intersections. The capacity and level of service for the study area intersections were evaluated using the methodology presented in the 6th *Edition of the Highway Capacity Manual (HCM)*. Traffic analysis software, Synchro Version 11, was used to perform the analyses using the existing peak hour factor (PHF) obtained from the traffic counts. See **Appendix D** for the existing signal timing.

Table 1 is from the 6th *Edition of the Highway Capacity Manual* Exhibit 19-8 and 20-2, which lists the Level of Service (LOS) thresholds for signalized and unsignalized intersections.

Table 1 – Level of Service Criteria

Level of Service (LOS)	Control Delay per Vehicle (s/veh)	
	Signalized Intersection	Unsignalized Intersection
A	≤ 10	≤ 10
B	> 10-20	> 10-15
C	> 20-35	> 15-25
D	> 35-55	> 25-35
E	> 55-80	> 35-50
F	> 80	> 50

The results of the capacity analyses reveal that all movements operate at a LOS D or better with the exception of the following:

Ellsworth Road and SR-24 Westbound Ramps (1)

- Southbound through PM peak hour operates at LOS E

Ellsworth Road and SR-24 Eastbound Ramps (2)

- Eastbound left PM peak hour operates at LOS E
- Eastbound shared left-through PM peak hour operates at LOS E
- Southbound left AM and PM peak hours operate at LOS E

Ellsworth Road and Legacy Drive (6)

- Northbound through AM peak hour operates at LOS E

Ellsworth Road and Pecos Road North (7)

- Southbound left PM peak hour operates at LOS E

Williams Field Road and SR-24 Southbound Ramps (10)

- Overall intersection PM peak hour operates at LOS F
- Southbound shared left-through and through-right PM peak hour operates at LOS F

At the time of this report the main line for the SR-24 was not open. Therefore, once the SR-24 main line is open, the movements noted above will likely operate at an acceptable LOS.

Williams Field Road and SR-24 Northbound Ramps (11)

- Overall intersection AM peak hour operates at LOS F
- Westbound right AM peak hour operates at LOS F
- Northbound through and shared through-right AM PM peak hour operates at LOS F

At the time of this report the main line for the SR-24 was not open. Therefore, once the SR-24 main line is open, the movements noted above will likely operate at an acceptable LOS.

The existing AM and PM peak hour level of service and delay for signalized and unsignalized intersections are shown in **Table 2**.

See **Figure 5** for the existing AM and PM peak hour capacity analysis. The detailed capacity analysis sheets can be found in **Appendix E**.

5. PROJECTED TRAFFIC

5.1. TRIP GENERATION

The trip generation for the proposed Gateway Phase I development was calculated utilizing the Institute of Transportation Engineers (ITE) publication entitled *Trip Generation, 11th Edition.* The ITE rates are based on studies that measured the trip generation characteristics for various types of land uses. The rates are expressed in terms of trips per unit land use type. This publication is considered to be the standard for the transportation engineering profession.

The proposed Gateway Phase I development will include the following land uses:

- **Industrial Park** 1,275,000 square feet
- **Hotel** 150 rooms
- **Retail** 10,000 square feet
- **Restaurant** 5,000 square feet

Therefore, the trip generation for the proposed Gateway Phase I development was calculated utilizing the following ITE Land Uses:

- ITE Land Use 130 – Industrial Park
- ITE Land Use 310 – Hotel
- ITE Land Use 822 – Strip Retail Plaza (<40k)
- ITE Land Use 932 – High-Turnover (Sit-Down) Restaurant

The total trip generation for the proposed development is shown in **Table 3**. Detailed trip generation calculations can be found in **Appendix F**.

Table 3 – Trip Generation – Proposed Development

Land Use	ITE Code	Qty	Unit	Weekday	AM Peak Hour			PM Peak Hour		
				Total	Total	In	Out	Total	In	Out
Industrial Park	130	1,275.0	1000 Sq. Ft. GFA	4,297	434	352	82	434	95	339
Hotel	310	150	Rooms	1,202	68	38	30	84	42	42
Strip Retail Plaza (<40k)	822	10.0	1000 SF GLA	545	24	15	9	66	32	34
High-Turnover (Sit-Down) Restaurant	932	5.0	1000 SF GFA	536	48	26	22	45	27	18
			Total	6,580	574	431	143	629	196	433

The proposed Gateway Phase I development is anticipated to generate a total of 6,580 new weekday trips, with 574 trips occurring during the AM peak hour and 629 trips occurring during the PM peak hour.

5.2. TRIP DISTRIBUTION AND ASSIGNMENT

The trip distribution procedure determines the general pattern of travel for vehicles entering and exiting the proposed development. The trip distribution for the proposed development is largely based on the distribution of the existing traffic with adjustments to account for the anticipated changes in traffic patterns along the surrounding roadway network. The trip distribution is shown in **Figure 6**.

The trip assignment was generally based on proximity of the driveways, permitted turn movements, as well as ease and probability of use respective to each land use within the mixed-use site. The site generated traffic volumes are shown in **Figure 7**.

6. FUTURE CONDITIONS (YEAR 2026 – OPENING YEAR)

The proposed Gateway Phase I development is anticipated to be to be opened and completed as a single phase during the year 2026. This section analyzes the effects the proposed development will have on the surrounding roadway network during the opening year (year 2026).

6.1. YEAR 2026 FUTURE ROADWAY NETWORK

The following roadway network improvements are assumed to be built out by the year 2026:

Ellsworth Road and Tesla Drive (3) – *Future Signalized Intersection*

- It is assumed the eastbound approach will provide one (1) dedicated left turn lane, one (1) through lane, and one (1) dedicated right turn lane. Additionally, there will be one (1) westbound receiving lane.

Ellsworth Road and Texas Avenue (4) – *Future Stop-Controlled Intersection*

- It is assumed the eastbound approach will provide one ((1) dedicated right turn lane. Additionally, there will be one (1) westbound receiving lane.

Ellsworth Road and Williams Field Road (5) – *Existing Signalized Intersection*

- It is assumed the eastbound and westbound approaches will provide two (2) dedicated left turn lanes, two (2) through lanes, and one (1) dedicated right turn lane. The northbound approach will provide two (2) dedicated left turn lanes, two (2) through lanes, and one (1) dedicated right turn lane. The southbound approach will provide two (2) dedicated left turn lanes, three (3) through lanes, and one (1) dedicated right turn lane.

Ellsworth Road

- According to the *City of Mesa 2040 Transportation Master Plan,* Ellsworth Road will ultimately be a 6-lane cross-section. Currently Ellsworth Road operates with two (2) northbound through lanes and three (3) southbound through lanes. As a conservative approach, this roadway cross-section was assumed for the year 2026 analysis.

Williams Field Road

- According to the *City of Mesa 2040 Transportation Master Plan,* Williams Field Road will ultimately be a 6-lane cross-section. Currently Williams Field Road provides one (1) through lane in each direction of travel. As a conservative approach, this roadway cross-section was assumed for the year 2026 analysis.

Tesla Drive

- It is assumed Tesla Drive will operate with one (1) through lane in each direction of travel, with a center two-way left turn lane. These improvements will extend from Gateway Boulevard to Ellsworth Road.

SR-24 between Ellsworth Road and Ironwood Road

- At the time of this report, the completion date of the SR-24 main line was unknown. Therefore, as a conservative approach, SR-24 was assumed to operate as it does today.

6.2.YEAR 2026 BACKGROUND TRAFFIC VOLUMES

According to the 2019 Maricopa Association of Governments (MAG) socioeconomic projections within the study area of Regional Analysis Zone 320 (RAZ 320), it is estimated that in the year 2018 the population of the study area was approximately 1,349. MAG estimates that the 2030 population of the surrounding area will be approximately 1,613. This results in an approximate annual growth rate of 1.5%. Therefore, a 1.5% annual growth rate was utilized. See **Appendix G** for the MAG socioeconomic projections.

The year 2026 background traffic volumes are shown in **Figure 8**, which includes the 1.5% annual growth rate.

6.3.YEAR 2026 BUILD TRAFFIC VOLUMES

To determine the year 2026 build traffic volumes, the total site traffic (**Figure 7**) is added to the year 2026 background traffic (**Figure 8**). This represents the year 2026 traffic volumes with the build out of the proposed Gateway Phase I development. The year 2026 build traffic volumes are shown in **Figure 9**.

6.4. YEAR 2026 NO BUILD CAPACITY ANALYSIS

The capacity and level of service for the study area intersections were evaluated for the year 2026 no build scenario. The corresponding traffic volumes are shown in **Figure 8**. Signal timing splits were optilized and adjusted for future traffic volumes. A Peak Hour Factor (PHF) of 0.92 was utilized.

The year 2026 no build AM and PM peak hour level of service and delay for signalized and unsignalized intersections are shown in **Table 4**. The year 2026 no build capacity analysis sheets can be found in **Appendix H**.

The results of the 2026 no build capacity analysis level of service is shown in **Figure 10**. The results of the capacity analyses reveal that all movements operate at a LOS D or better or are maintained at the existing LOS.

6.5. YEAR 2026 BUILD CAPACITY ANALYSIS

The year 2026 build capacity analysis was completed for the study intersections and driveways during the AM and PM peak hour. The analysis for the study area intersections were evaluated using the methodology described in **Section 4.2**. Signal timing splits were optimized for the future traffic volumes, and a peak hour factor (PHF) of 0.92 was used for future conditions.

The capacity and level of service for the study area intersections were evaluated for the year 2026 build traffic volumes (**Figure 9**).

The year 2026 build AM and PM peak hour level of service and delay for signalized and unsignalized intersections are shown in **Table 4**. The year 2026 build capacity analysis sheets can be found in **Appendix I**.

The results of the 2026 build capacity analysis level of are shown in **Figure 11**. The results of the capacity analyses reveal that all movements operate at a LOS D or better or are maintained at the existing LOS.

7. FUTURE CONDITIONS (YEAR 2031)

This section analyzes the effects the proposed development will have on the surrounding roadway network during the year of 2031, 5 years after the opening year.

7.1. YEAR 2031 FUTURE ROADWAY NETWORK

No additional roadway improvements to the year 2026 improvements listed in **Section 6.1** were assumed to be built out by year 2031.

7.2. YEAR 2031 BACKGROUND TRAFFIC VOLUMES

Similar to the year 2026 background traffic volumes described in detail in **Section 6.2**, a 1.5% annual growth rate was applied to the existing traffic volumes through the year 2031. The year 2031 background traffic volumes are shown in **Figure 12**.

7.3. YEAR 2031 BUILD TRAFFIC VOLUMES

When the total site traffic (**Figure 7**) is added to the year 2031 background traffic (**Figure 12**), the result is the 2031 build traffic volumes. This represents the traffic volumes with the build out of the proposed development. The year 2031 build traffic volumes are shown in **Figure 13**.

7.4. YEAR 2031 NO BUILD CAPACITY ANALYSIS

The capacity and level of service for the study area intersections were evaluated for the year 2031 no build scenario. The corresponding traffic volumes are shown in **Figure 12**. Signal timing splits were optilized and adjusted for future traffic volumes. A Peak Hour Factor (PHF) of 0.92 was utilized.

The year 2031 no build AM and PM peak hour level of service and delay for signalized and unsignalized intersections are shown in **Table 5**. The year 2031 no build capacity analysis sheets can be found in **Appendix J**.

The results of the 2031 no build capacity analysis level of service is shown in **Figure 14**. The results of the capacity analyses reveal that all movements operate at a LOS D or better or are maintained at the existing LOS with the exception of the following:

Ellsworth Road and SR-24 Eastbound Ramps (2)

- Northbound through AM peak hour operates at LOS E

As mentioned in **Section 6.1,** *Ellsworth Road was assumed to have two (2) northbound through lane. However, Ellsworth Road will ultimately provide three (3) northbound through lanes. Therefore, the movement noted above will likely operate at an acceptable LOS.*

7.5. YEAR 2031 BUILD CAPACITY ANALYSIS

The year 2031 build capacity analysis was completed for the study intersections and driveways during the AM and PM peak hour. The analysis for the study area intersections were evaluated using the methodology described in **Section 4.2**. Signal timing splits were optimized for the future traffic volumes, and a peak hour factor (PHF) of 0.92 was used for future conditions. The detailed capacity analysis sheets can be found in **Appendix K**.

The capacity and level of service for the study area intersections were evaluated for the year 2031 build traffic volumes (**Figure 13**).

The year 2031 no build AM and PM peak hour level of service and delay for signalized and unsignalized intersections are shown in **Table 5**. The year 2031 build capacity analysis sheets can be found in **Appendix K.**

The results of the 2031 build capacity analysis level of service are shown in **Figure 15**. The results of the capacity analyses reveal that all movements operate at a LOS D or better or are maintained at the year 2031 no build LOS.

8. RECOMMENDATIONS AND CONCLUSIONS

The proposed Gateway Phase I development is located on the northwest corner of Ellsworth Road and Gateway Boulevard/Williams Field Road in the City of Mesa, Arizona. The proposed Gateway Phase I development will include the following land uses:

- **Industrial Park** 1,275,000 square feet
- **Hotel** 150 rooms
- **Retail** 10,000 square feet
- **Restaurant** 5,000 square feet

For the purposes of this report, it was assumed that the development will be opened and completed in a single phase during the year 2026.

Recommendations

In addition to the future roadway network improved assumed to be built out by year 2026 as described in **Section 6.1**, the following are the recommendations with the build out of the proposed Gateway Phase I development:

- **Ellsworth Road and Tesla Drive (3)**
  Build out of a full-access signalized intersection. The eastbound approach will provide one (1) dedicated left turn lane, one (1) through lane, and one (1) dedicated right turn lane. Additionally, there will be one (1) westbound receiving lane.

- **Ellsworth Road and Texas Avenue (4)**
  Build out of a right-in and right-out only stop-controlled driveway.

- **Tesla Drive**
  It is assumed Tesla Drive will operate with one (1) through lane in each direction of travel, with a center two-way left turn lane. These improvements will extend from Gateway Boulevard to Ellsworth Road.

As with any new development and potential change in traffic patterns, the following is recommended:

- **Monitor and Adjust Signal Timing**
  Monitor traffic patterns in the area and if necessary, adjust nearby signal timing.

Re: **Aircraft Ground Power Units and Pre-Conditioned Air Units – CIP 1240**
Date: **July 18, 2023**

On March 21, 2023, the Board approved the purchase of four (4) Aircraft Ground Power Units and four (4) Pre-Conditioned Air Units from ITW GSE, Inc. (ITW), resolution #23-08, in the amount of $617,852. Due to an error in ITW's calculation of taxes, the Airport was required to pay an additional $3,905.41 in Arizona state taxes. The revised total purchase price, including all taxes is $621,756.90

The total budget for this project is $700,000.

Re: Solicitation Notification
Date: **July 18, 2023**

This report is to provide notification of the active and upcoming solicitations to help ensure compliance with the Phoenix-Mesa Gateway Airport Authority procurement transparency clause. The active activities include the following:

Active/Pending Solicitations

Type Solicitation	Number	Title	Anticipated Contract Award (Board Action)
Invitation for Bid	2023-022-IFB	RW 12R-30L Reconstruction & TW 'H' Demolition & TW 'B2' Construction	September 2023
Request for Proposals	2023-020-RFP	ATM Services	September 2023
Request for Proposals	2023-021-RFP	Airport Vending Concessions	September 2023

Future Solicitations

Type Solicitation	Number	Title	Scheduled for Release	Anticipated Contract Award (Board Action)
Request for Qualifications	2024-001-RFQ	CMAR for In-Line Checked Baggage Improvements	July 2023	October 2023
Request for Proposals	2024-002-RFP	Car Rental Concession	July 2023	November 2023
Invitation for Bid	2024-003-IFB	RWY Edge Lights Replacements	July 2023	September 2023

Equipment Disposals

Fiscal year totals from sales of decommissioned / nonworking equipment total $41,994.00

If you have any questions about the solicitations or the procurement process, please feel free to contract me at 480-988-7613.

NOTICE OF MEETING OF THE
PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
BOARD OF DIRECTORS

NO BOARD MEETING IN AUGUST

Pursuant to A.R.S. § 38-431.02, notice is hereby given to the members of the Phoenix-Mesa Gateway Airport Authority and to the public that the Phoenix-Mesa Gateway Airport Authority will hold a meeting open to the public on **Tuesday, September 19, 2023 beginning at 9:00 a.m**. in the Board Room (Saguaro A&B) of the Gateway Administration Building, 5835 South Sossaman Road, Mesa, Arizona. Members of the Phoenix-Mesa Gateway Airport Authority may attend either in person or by telephone. The Board may vote to hold an executive session for the purpose of obtaining legal advice from the Board's attorney or any matter listed on the agenda pursuant to A.R.S. § 38-431.03 (A)(3)&(4).

NOTICE AND AGENDA OF MEETING OF THE
PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
BOARD OF DIRECTORS

Pursuant to A.R.S. § 38-431.02, notice is hereby given to the members of the Phoenix-Mesa Gateway Airport Authority and to the public that the Phoenix-Mesa Gateway Airport Authority will hold a meeting open to the public on **Tuesday, September 19, 2023 beginning at 9:00 a.m.** in the Board Room (Saguaro A & B) of the Gateway Administration Building, 5835 South Sossaman Road, Mesa, Arizona. Members of the Phoenix-Mesa Gateway Airport Authority may attend either in person or by audioconference. The Board may vote to hold an executive session for the purpose of obtaining legal advice from the Board's attorney on any matter listed on the agenda pursuant to A.R.S. § 38-431.03 (A)(3)&(4).

The agenda for the meeting is as follows:

1. **Call to Order** (Mayor Chip Wilson, Chair)
   Members of the Phoenix-Mesa Gateway Airport Authority will attend either in person or via videoconference.

2. **Roll Call** (Mayor Chip Wilson, Chair)

3. **Pledge of Allegiance**

4. **Call to the Public**
   Members of the Board may not discuss items that are not on the agenda. Therefore, action taken as a result of public comment will be limited to directing staff to study the matter or scheduling the matter for further consideration and decision at a later date. Maximum of three minutes per speaker.

5. **Executive Director's Report** - J. Brian O'Neill, A.A.E., Executive Director/CEO

6. **Consent Agenda**

   a) **Minutes** of the Board Meeting held on **July 18, 2023**.

   b) **Resolution No. 23-45 –** Authorizing an Automated Teller Machine (ATM) Services Terminal Concession Lease Agreement with **BaumTech, LLC (BaumTech)** for ATM services at two (2) Airport Terminal Locations which include Baggage Claim and Gate 5. The Agreement term is three (3) years, commencing on December 1, 2023, with one (1) two (2)-year extension option.

   c) **Resolution No. 23-46 –** Authorizing a Vending Services Terminal Concession Lease Agreement with **Compass Group USA, Inc**., by and through its Canteen Division (Compass) for vending services located within Airport facilities that include the Charles L. Williams Passenger Terminal, Airport Administration Building, Gateway Aviation Services, and the Facilities Maintenance Building. The Agreement term is three (3) years, commencing on December 1, 2023, with one (1) two (2)-year extension option.

   d) **Resolution No. 23-47 –** Authorizing the purchase of two vehicles from **San Tan Auto Partners, LLC, dba San Tan Ford (San Tan Ford)**, in an amount not to exceed $52,827.69.

e) **Resolution No. 23-48 –** Authorizing the procurement of Video Management Software (VMS) and licensing from **Convergint Technologies (Convergint)** in an amount not to exceed $79,020.01.

f) **Resolution No. 23-49 –** Authorizing the purchase of two Americans with Disabilities Act (ADA) Passenger Boarding Ramps from **Timberline GSE, Inc. (Timberline)** in an amount not to exceed $181,838.90.

g) **Resolution No. 23-50 –** Authorizing a Contract with **Jim Brown & Sons Roofing Co., Inc. dba JBS Roofing (JBS Roofing)** for Roofing Repair Services for PMGAA facilities, in an amount not to exceed $75,000 under CIP1269.

Consideration and Possible Approval of:

7. **Resolution No. 23-51 –** Authorizing (i) the recording of the Declaration of Covenants, Conditions and Restrictions for Gateway East ("CC&Rs"); (ii) the Development Lease with **Boyer Gateway East Mesa Building 1, L.C.** for 16.95 acres located within the Gateway East master development project and identified as Lot 210. The lease term is SIXTY-FIVE (65) years commencing on October 1, 2023; and (iii) the First Adjustment Amendment to the Master Lease with **Boyer Gateway East, L.C**.

8. **Board Member Comments/Announcements**

9. **Next Meeting: Tuesday, October 17, 2023 at 9:00 a.m.**

10. **Adjournment**

Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting Misty Johnson at 480-988-7607 or mrjohnson@gatewayairport.com. Requests should be made as early as possible to allow time to arrange the accommodation.

Executive Director's Report

September 2023

Private Development at Phoenix-Mesa Gateway Airport Creating Jobs and Regional Economic Sustainability

One Million Square Feet Currently Under Construction at the Airport

By Apache Junction Mayor Chip Wilson
Chairman, Phoenix-Mesa Gateway Airport Authority

Gulfstream Aerospace

Virgin Galactic

SkyBridge Arizona

As this year's Chairman of the Phoenix-Mesa Gateway Airport Authority (PMGAA) Board of Directors, I am proud to represent the six member communities – Apache Junction, Mesa, Gilbert, Gila River Indian Community, Queen Creek, and Phoenix - that own and operate Phoenix-Mesa Gateway Airport (Airport, Gateway Airport). I've always been so impressed by the shared vision and regional spirit of cooperation that guides the development and improvement of Gateway Airport.

One area of the Airport's operation that has really taken off (yes, pun intended) in the past several years is the private investment of both aeronautical and non-aeronautical companies. Gateway Airport is home to approximately 50 companies and currently has more than one million square feet of construction underway. Take a drive around the Airport and see the transformation that is occurring. It's amazing! Having served in the U.S. Air Force at the former Williams Air Force Base, it is so gratifying to see my former base transformed into the tremendous economic engine we see today.

SkyBridge Arizona is a 360-acre mixed-use master development opportunity located at the south end of the airfield. Master developer Mesa SkyBridge, LLC, a consortium of Mexican and U.S. companies, is investing approximately $70MM - $80MM on infrastructure - a taxi lane extension, roadways, and utilities - to prepare the site for development. Projects completed or under construction include: three industrial buildings totaling over 550,000 sq. ft., an 82,500 sq. ft. hangar, a 129-room dual-brand hotel, an educational facility and teaching restaurant, and a cross flow testing facility.

Gulfstream Aerospace Corporation is currently constructing a 225,000 sq. ft. hangar and office complex to serve as a west coast service center. Gulfstream plans to hire hundreds of local employees and has plans for additional expansion of services in the future.

The Gateway Executive Airpark, a multi-hangar development located at the north end of the airfield between Cessna and Embraer, is home to both The Boeing Company and Virgin Galactic. Boeing, a global aerospace industry leader with a long and successful history in Mesa, uses their Gateway Airport facility for final preparation of Apache helicopters prior to transport to customers worldwide. Virgin Galactic, a space tourism company, is constructing two large hangars, one to house the "mothership" and one as a spaceship

manufacturing facility. Virgin Galactic plans to manufacture up to six spaceships each year at their Gateway Airport facility. The mothership will transport the spaceships to New Mexico for launch activities.

Gateway East is a 273-acre, non-aeronautical master development opportunity located on the east side of Gateway Airport. The Boyer Company, headquartered in Salt Lake City, UT, plans to create a first-class Airport Business Park offering a unique mix of high-quality office, manufacturing, industrial, and commercial retail tenants. Their first tenant is a 275,000 sq. ft. manufacturing facility. Many thanks to the City of Mesa (City) for their continued support of Gateway Airport and the region. The City is currently completing several important infrastructure projects – a bridge, roadways, and utilities – costing tens of millions of dollars to unlock the site for development.

The private investment currently underway at Gateway Airport represents thousands of high-wage jobs and the contribution of hundreds of millions of dollars to the Phoenix East Valley economy. I am proud to serve as Chairman of PMGAA during this exciting period of transformation. I appreciate the opportunity to play a leadership role this year and thank the other members of the PMGAA Board of Directors for giving me this honor.

Financial Snapshot

OPERATING INCOME	July		Month Variance	FYTD Comparison		FYTD Variance
	2022	2023		FY23	FY24	
Revenues	$2,292,480	$2,705,621	**$413,141**	$2,292,480	$2,705,621	**$413,141**
Less Expenses	$1,863,969	$1,925,260	**$61,291**	$1,863,969	$1,925,260	**$61,291**
Operating Income *(Before Depreciation)*	**$428,511**	**$780,361**	**$351,850**	**$428,511**	**$780,361**	**$351,850**

Investment Fund Balances: As of July, the Local Governmental Investment Pool (LGIP) 700 = $6,170,782; Wells Fargo; Collateralized Money Market = $12,886,103 and Brokered CD's = $35,698,337; Total $54,755,222. PMGAA invests in fixed rate instruments.

Finance and Accounting

PMGAA reported a net operating income of $780,361 for July 2023, exceeding July 2022 results by $351,850. July was a good month financially! Aeronautical revenues increased by 19% compared to last July. The significant increase was partially due to $431,975 in U.S. Forest Service-Mesa Base activity. July non-aeronautical revenues had a 16% increase, $128,943 more than July 2022. July 2023 was the best vehicle parking month in the history of Gateway Airport, with $596,137 in total revenue.

Operating expenditures for July increased by $61,291, or 3% above last July. The increase was attributed to increases in personnel cost (11%) and contractual services (19%).

Total operating expenditures are 12% under the FY24 budget.

In March, the PMGAA Board of Directors approved a combined FY24 PMGAA Operating and Capital Budget of $128,388,095. PMGAA staff is currently working through its FY25 budget process.

Active/Pending Solicitations

TYPE OF SOLICITATION	Number	Title	Anticipated Contract Award

Request for Qualifications	2024-001-RFQ	CMAR for In-Line Checked Baggage System Improvements	October 2023

Airport Operations

Covered Parking is Very Popular this Record-Breaking Summer

You know what they say, "all the cool cars hang out in covered parking!" Well, Gateway Airport has experienced a lot of "cool cars" this summer as a record number of air travelers have chosen to use the covered parking section of the Ray Road Economy Parking Lot. In July, PMGAA's Engineering, Planning, and Facilities Department reported a 40-degree temperature differential between covered and uncovered parking…40-degrees!

Covered Parking at Gateway Airport

If you're travelling out of Gateway Airport for a much-needed summer getaway, you may want to consider using one of the Airport's 200 covered parking spaces in the Ray Road Economy Parking Lot. At only $11.00/day, it's worth it!

DSV Air & Sea Starts Scheduled International Air Cargo Service

A DSV B-747 Arrives at Gateway Airport from Europe

Gateway Airport has landed its first scheduled international air cargo operator. DSV Air & Sea, a global transport and logistics leader, began scheduled weekly service between the Airport and Europe in August using Boeing 747 equipment. The company hopes to add weekly service from Asia this fall.

DSV is leasing a 22,000 sq. ft. hangar on the south end of the Airport to help facilitate air cargo transport services for the semiconductor industry, electric car manufacturers, mining operations, alternative energy companies, and others.

Sun Country Airlines' Nonstop Service to Minneapolis Returns in October

Welcome back Sun Country!

Sun Country Headed Back to Gateway Airport in October

The popular Midwest-based low-cost airline is returning to Gateway Airport in October for a third season of high-quality, low-fare nonstop service to its hub in Minneapolis. There's a lot of connectivity between greater Phoenix and the Midwest section of the country. Many Valley residents are transplants from Minnesota, Wisconsin, Michigan, and Illinois. Friends and family back home are frequent visitors to Arizona during the long winter months. For more information about Sun Country's Gateway Airport schedule, please visit www.suncountry.com.

Engineering and Planning

Terminal's New Enclosed Pedestrian Walkway Under Construction

Interior Rendering of Enclosed Pedestrian Walkway

Exterior Rendering of Enclosed Pedestrian Walkway

PMGAA is always looking to improve the customer experience at Gateway Airport. Whether it's covered parking, additional food, beverage, and retail concessions, or increasing the number of charging stations, continuous improvement is the goal. A new construction project just getting underway will create an enclosed pedestrian walkway connecting the Ticketing Terminal to the TSA Security Screening Checkpoint. No longer will customers need to brave the elements transiting to their gate.

PMGAA is using approximately $4MM in Bipartisan Infrastructure Law (BIL) Airport Improvement Grant (AIG) funding to construct a 3,000 sq. ft. temperature-controlled structure joining the two buildings.

Construction of New 5-Gate, 30,000 Sq. Ft. Terminal Addition Progressing

Gone is the 4-Gate, 10,000 sq. ft. substandard portable structure that served the Airport for 15 years. In its place, a modern, 5-Gate, 30,000 sq. ft. terminal addition with world-class amenities is being constructed. The new facility, Gateway Airport's South Concourse, is scheduled to be open in February 2024.

The new, standard sized gates and associated hold rooms will allow airlines serving the Airport to efficiently operate 11 arrivals or departures simultaneously. That's a significant increase in utilization of Gateway Airport's airside facilities.

PMGAA received communications from 10 individuals regarding aircraft noise issues during the month of July 2023, compared to 10 received last July. This time of year, when the temperature increases, noise calls tend to decrease because area residents keep windows closed and the air conditioning on.

Gateway Aviation Services

GAS Team Member Fueling a Corporate Customer

PMGAA pumped more than 1.50MM gallons of aviation fuel during the month of July 2023, a 14% increase compared to the 1.32MM gallons dispensed last July. Retail Jet A was up 16%, Contract Fuel up 59% and Commercial Fuel up 1% over last year.

The rockstar crew at Gateway Aviation Services (GAS) endured record temperatures all summer to provide exceptional service to the Airport's general aviation, corporate, military, and commercial customers. Working out on the ramp when it's 115+ degrees is extremely challenging and strenuous. PMGAA would like to thank the GAS Team for their hard work and sacrifice this summer. THANK YOU!

PMGAA Team Member Spotlight

Employee Name: **Matthew McClung**
Employee Title: **Economic Development & Real Estate Project Specialist**
PMGAA Department: **Business Development**
Years with PMGAA: **12+**

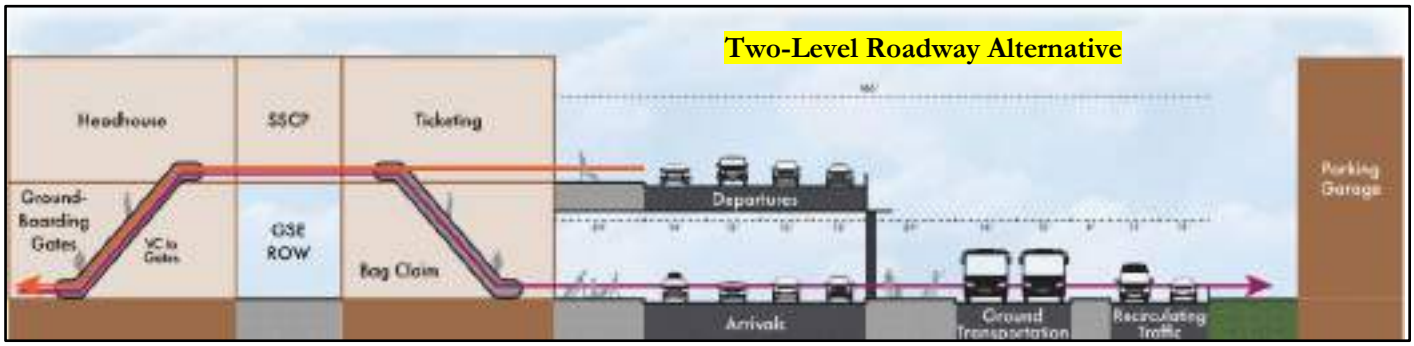
What are your job responsibilities for PMGAA? My role in the Business Development Department at PMGAA is truly exciting. I'm part of a team that creates and manages numerous business opportunities, strengthening the local economy, and increases Airport revenue. My job responsibilities cover a wide range, from overseeing vending concessions and ground transportation licensing to negotiating facility leases and advocating for our tenants. Looking ahead, my department will be working alongside our master developer partners, SkyBridge Arizona and The Boyer Company, to attract diverse businesses that will fuel PMGAA's remarkable growth and enhance the Airport's positive impact on the local economy.

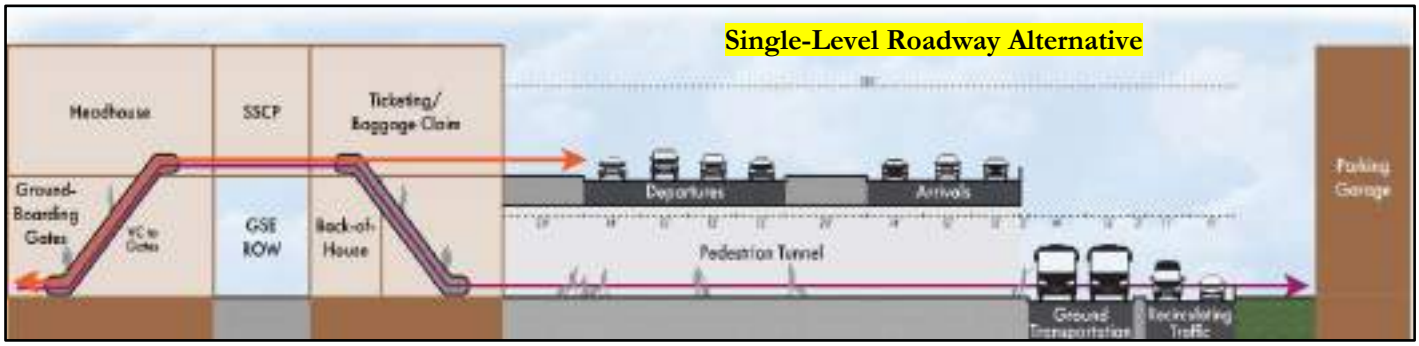
What is your most memorable Gateway Airport moment? My most memorable moment at Gateway Airport was the surprise baby shower thrown for my wife Pamela and I in celebration of our daughter Emma. Having met each other at the Airport and starting a life together, it was an amazing experience seeing all our friends and co-workers come together to celebrate with us.

What is something people may not know about you? I enjoy classic Westerns.

Community and Government Relations

Gateway Tomorrow Study Advisory Committee Considers Two Terminal Alternatives





MINUTES OF PUBLIC MEETING OF THE
PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
BOARD OF DIRECTORS | July 18, 2023

A public meeting of the Phoenix-Mesa Gateway Airport Authority (PMGAA, Authority) was convened on Tuesday, July 18, 2023, beginning at 9:00 a.m. in the Board Room (Saguaro A&B) of the Gateway Administration Building, 5835 S Sossaman Road, Mesa, Arizona.

Members Present

Mayor Chip Wilson, Apache Junction
Lt. Governor Monica Antone, Gila River Indian Community*
Vice Mayor Jeff Brown, Queen Creek
Mayor John Giles, Mesa
Mayor Brigette Peterson, Gilbert
Councilmember Jim Waring, Phoenix *(via audioconference from 9:01a.m. until 9:08 a.m.)*

** Neither present nor represented*

Airport Staff Present

J. Brian O'Neill, Executive Director/CEO
Scott Brownlee, Deputy Director/COO
Chuck Odom, CFO
Misty Johnson, Clerk of the Board
Jill Casson Owen, Attorney
Tony Bianchi, Planning Project Manager

1. **Call to Order** at 9:00 a.m. (Mayor Wilson, Chair)

2. **Roll Call**

3. **Pledge of Allegiance**

4. **Call to the Public**
   Prior to the start of this morning's Board meeting, Councilmember Scott Somers submitted to the Clerk of the Board a public comment card to speak on agenda item #8 in support of the appointment of The Boyer Company as the master developer of the Gateway East project.

5. **Executive Director's Report** – J. Brian O'Neill, A.A.E., Executive Director/CEO
   Executive Director O'Neill provided a briefing on PMGAA financial performance, passenger activity, the community noise report, and various Airport projects.

   - Fiscal Year-to-Date (FYTD) Net Operating Income is $3,958,198.
   - Gateway Airport reported record-setting passenger activity in FY23 with 1,917,911 total passengers using the Airport during the 12-month period. The Airport welcomed 132,535 commercial passengers during May 2023.
   - Allegiant Air has announced Portland, Oregon as a new nonstop destination from Gateway Airport. Service will begin in November 2023.
   - DSV Air and Sea is a global transport and logistics company. The start of DSV's B-747 scheduled international cargo service has been delayed due to supply chain issues. Instead of beginning at the end of June, the service will begin in August with weekly service arriving from Europe and/or Asia.
   - Progress continues with concrete flooring being poured for SkyBridge Arizona's construction of two 250,000 sq. ft. industrial buildings. These two large buildings are being built to accommodate

DRAFT

both single and multiple tenants. Once financing is secured, SkyBridge Arizona hopes to begin construction of the 129-room dual-brand hotel along Sossaman Road. Northern Arizona University (NAU), in partnership with Kind Hospitality and SkyBridge, is building two two-story facilities next to the hotel. The first floor of one building will be a sit-down, high-quality restaurant and the second floor and second building will be NAU's hospitality program.

- Progress on Phase I of Gulfstream's new 225,000 sq. ft. West Coast Service Center continues. Gulfstream is working towards a completion date in the beginning of 2024. While the West Coast Service Center is being constructed, Gulfstream has established a base at the Airport and is now leasing over 100,000 sq. ft. of hangar space. The industry leading company has already hired over 100 local employees.
- Virgin Galactic is leasing two hangars in the Gateway Executive Airpark. Virgin Galactic intends to house "the mothership" in the taller, 36,000 sq. ft. hangar and to use the 125,000 sq. ft. hangar as a manufacturing facility to assemble up to six spaceships each year. The spaceships will be transported to New Mexico by the mothership for their launch activities. Completion of these two hangars is anticipated for Q2 2024.
- Boeing is leasing one half of Hangar A in the Gateway Executive Airpark. Tenant improvement work is being completed and the facility will become operational this fall.
- Progress continues for Gateway Airport's 5-gate, 30,000 sq. ft. commercial passenger terminal addition. The concrete block walls and steel beams have been erected and the roof is partially installed. The project is expected to be complete in January 2024 with operations beginning mid-February. On Thursday, July 20 the final steel beam of the structure will be placed.
- Construction has begun for the enclosed pedestrian walkway connecting the ticketing terminal and the security screening checkpoint. This customer service enhancement project will increase the queuing area for the security screening checkpoint and will keep passengers in a climate-controlled environment from ticketing through security screening. This project is anticipated to be complete before the busy travel period begins in February/March 2024.
- Due to increasing passenger activity at PMGAA, a new TSA In-Line Checked Baggage System (BHS) is being designed to improve efficiency and speed up baggage processing. Much of this project will be funded through a TSA grant.
- Improvements to the Rental Car Care Facility are underway. The project includes new vehicle wash and vacuum bays, upgraded maintenance facilities, additional vehicle queuing/storage, and new operations offices. PMGAA, in conjunction with all its rental car companies, is investing between $9 - $10MM to make the improvements. The funding for the project comes from the Airport's dedicated Customer Facility Charge (CFC) account.
- The Authority has purchased three new 50,000-gallon Jet-A fuel storage tanks that will be delivered in September. This additional fuel storage capacity will provide the Airport with approximately seven days of on-Airport fuel storage. This project began in June and is scheduled to be completed by the end of the year. PMGAA is actively evaluating options to ensure an adequate supply of Jet-A in the future.
- The Airport and the FAA are working on funding for the first phase of the inside runway, Runway 30L/12R reconstruction project.

6. **Gateway Tomorrow Presentation** – Tony Bianchi, Planning Project Manager

Gateway Tomorrow is a planning initiative designed to reset and refine the vision for a future commercial passenger terminal campus on the east side of the Airport. The goal of this project is to develop a vision

that will provide guidance to PMGAA and its stakeholders in the future decision-making process for the relocation of the passenger terminal and support facilities from the west side of the Airport to the east side.

Mr. Bianchi presented the preferred concept and site plan showing Phase 1 and future phase expansions. The consultant team, the Study Advisory Committee, and PMGAA staff have selected a hybrid terminal concept that gives Gateway Airport the flexibility to add either jet bridge gates or ground-loading gates as passenger demand grows in the future.

The next steps will be to continue work on site plan alternatives, hold the second Study Advisory Committee meeting in August, and begin the financial analysis of the preferred conceptual plan.

7. **Consent Agenda**

   a) **Minutes** of the Board Meeting held on **June 20, 2023**.

   b) **Resolution No. 23-39 –** Authorizing paving services with **Sunland Asphalt of Arizona, Inc. (Sunland)** for the Taxiway Circle Access Reconstruction Project in an amount not to exceed $463,155.28 under CIP 982.

   c) **Resolution No. 23-40 –** Authorizing the purchase of airfield asphalt repair services with **Sunland Asphalt of Arizona, Inc. (Sunland)** for an amount not to exceed $175,000.

   d) **Resolution No. 23-41 –** Authorizing the purchase of one new forklift from **Big Lift Material Handling**, in an amount not to exceed $65,000.

   e) **Resolution No. 23-42 –** Approving Authorization of Services (AOS) 20B-2303 Amendment #1 to the contract with **Dibble Engineering** for the RWY 12R-30L Reconstruction, in an amount of $73,774.00, to redesign the project into a single bid package, resulting in a total contract amount not to exceed $1,068,366.00.

   f) **Resolution No. 23-43 –** Approving Authorization of Services (AOS) 20A-2202 Amendment #1 to the contract with **Kimley-Horn & Associates** for the Aviation Way and Utility Extensions Infrastructure project, in an amount of $28,889.18, for design support services pre and post construction, resulting in a total contract amount not to exceed $200,486.18.

Mayor Brigette Peterson moved to approve the Consent Agenda.
Mayor John Giles seconded the motion.
The motion was carried unanimously.

Consideration and Approval of:

8. **Resolution No. 23-44** Approving of the **Boyer Gateway East, L.C. Initial Master Plan** as provided to the Airport Authority, per the Master Development Agreement (MDA) dated June 21, 2022.

Mayor John Giles moved to approve Resolution No. 23-44.
Vice Mayor Jeff Brown seconded the motion.
The motion was carried unanimously.

9. **Board Member Comments/Announcements.**

Mayor Peterson asked if the practice of not scheduling a Board meeting in August could be altered so that beginning in 2024, July would be the month without a scheduled Board meeting.

10. **Next Meeting: Tuesday, September 19, 2023** at 9:00 a.m. in the Board Room (Saguaro A&B) of the Gateway Administration Building, 5835 S Sossaman Road, Mesa, Arizona. Members of the Phoenix-Mesa Gateway Airport Authority may attend either in person or by audioconference.

11. **Adjournment.**
    The meeting adjourned at 9:59 a.m.

Dated this _____ day of _____ 20___.

Board Action Item

Re: Resolution 23-45

To:	**Board of Directors**
From:	**Lori Collins, Director of Business and Economic Development**
Through:	**J. Brian O'Neill, A.A.E., Executive Director/CEO**
Subject:	**Automated Teller Machine Services Terminal Concession Lease Agreement – BaumTech, LLC**
Date:	**September 19, 2023**

Proposed Motion

To Authorize an Automated Teller Machine (ATM) Services Terminal Concession Lease Agreement with BaumTech, LLC (BaumTech) for ATM services at two (2) Airport Terminal Locations which include Baggage Claim and Gate 5. The Agreement term is three (3) years, commencing on December 1, 2023, with one (1) two (2)-year extension option.

Narrative

The goal of the concession operation at the Phoenix-Mesa Gateway Airport Authority (PMGAA), is to provide efficient, responsive, and professionally managed ATM services to satisfy the needs of the traveling public at the Airport, while optimizing annual operating revenues for PMGAA and its ATM service partner.

The Request for Proposal (RFP) 2023-020-RFP, ATM Services, was issued on May 22, 2023, for an Automated Teller Machine (ATM) Service Concessionaire. This RFP was also advertised in the Arizona Business Gazette on 5/25, 6/01, 6/08 and 6/15/23. It was posted on the Phoenix-Mesa Gateway Airport Authority Website as well as the Arizona Airports Association, ACI-NA and SWAAAE websites. In addition, the RFP was emailed to a list of five (5) prospective firms. BaumTech was the sole respondent to the RFP. While BaumTech submitted a proposal, it was deemed non-responsive since it did not meet the minimum monthly concession fee as stated in the RFP.

As ATM services are essential for passengers at the Airport, and no responsive proposals were received, Airport staff negotiated an agreement based on BaumTech's submitted proposal and is recommending award of this concession agreement to BaumTech.

Attachment(s)

Agreement

RESOLUTION NO. 23-45

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize an Automated Teller Machine (ATM) Services Terminal Concession Lease Agreement with BaumTech, LLC (BaumTech) for ATM services at two (2) Airport Terminal Locations which include Baggage Claim and Gate 5. The Agreement term is three (3) years, commencing on December 1, 2023, with one (1) two (2)-year extension option;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes an Automated Teller Machine (ATM) Services Terminal Concession Lease Agreement with BaumTech, LLC (BaumTech) for ATM services at two (2) Airport Terminal Locations which include Baggage Claim and Gate 5. The Agreement term is three (3) years, commencing on December 1, 2023, with one (1) two (2)-year extension option. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**
>
> Passed and adopted by the Authority this 19th day of September, 2023.

TERMINAL CONCESSION AGREEMENT

Automated Teller Machine (ATM) Services

This exclusive TERMINAL CONCESSION AGREEMENT (the "Agreement") is made and entered into this FIRST (1st) day of DECEMBER 2023 (the "Effective Date"), by and between the **PHOENIX-MESA GATEWAY AIRPORT AUTHORITY**, a joint powers authority authorized and existing under the laws of the State of Arizona ("PMGAA"), and **BaumTech, LLC**, a Louisiana Limited Liability Company ("Concessionaire"). PMGAA and Concessionaire may be referred to jointly as "Parties," and each separately as a "Party."

WITNESSETH:

WHEREAS, PMGAA is the owner and operator of the Phoenix-Mesa Gateway Airport, an airport and airfield property generally located at the intersection of Ray Road and Sossaman Road, City of Mesa, Maricopa County, Arizona (the "Airport"); and

WHEREAS, PMGAA has the right to lease, license and grant the use of property and facilities on the and has full power and authority to enter into this Agreement in respect thereof; and

WHEREAS, PMGAA desires Concessionaire's services as the operator of an ATM CONCESSION business at and within the Airport's airline passenger terminal (the "Terminal") and is willing to make space available for use by Concessionaire in connection therewith, and has deemed Concessionaire qualified to perform said services, and Concessionaire desires to perform and provide said services;

NOW, THEREFORE, in consideration of the foregoing and of the mutual covenants and agreements herein contained, the Parties do hereby undertake, promise and agree, each for itself and its successors and assigns, as follows:

1. AGREEMENT.

1.1 General.

1.1.1 PMGAA hereby grants to Concessionaire, for the term and under the conditions herein provided, an exclusive and revocable right to enter upon and use the Airport (pursuant to the provisions of SECTION 12 herein) for the purpose of conducting its business as an ATM SERVICES CONCESSIONAIRE from those certain locations within the Terminal identified as T1 & T2 (the "ATM Locations"), as depicted in **EXHIBIT 1** which is attached hereto and made a part hereof. For purposes of this Agreement, the Terminal is that certain building located at 6033 S. Sossaman Road, Mesa, Arizona, as it presently exists or may subsequently be expanded in the future.

1.1.2 Concessionaire shall not engage in any other commercial revenue producing activity at the Airport that is regulated by PMGAA and is in addition to or materially differs from the activity set forth in SECTION 1.2 without first applying for and receiving written approval for such activity from PMGAA. In the event Concessionaire engages in any such other regulated, commercial revenue producing activity prior to obtaining such written approval, without waiver or limitation of any other remedies of PMGAA at law or equity, Concessionaire hereby agrees to immediately cease said activity upon notice from PMGAA, and remit to PMGAA the sum equal to TWENTY PERCENT (20%) of gross billings for such unauthorized activity, plus any expenses incurred by PMGAA in the course of any audit conducted for any or all of Concessionaire's activities.

1.2 Concessionaire's Acknowledgement.

1.2.1 Reserved.

1.2.2 Concessionaire acknowledges and agrees that its obligations to pay fees and all other charges due and owing under the terms hereof shall, except as otherwise provided herein, be absolute and unconditional, and shall not be affected by any circumstances whatsoever, including, without limitation: (i) any set-off, counterclaim, recoupment, defense or other right which Concessionaire may have against PMGAA or the United States of America or anyone else for any reason whatsoever; (ii) any liens, encumbrances or rights of others with respect to the ATM Locations; (iii) the invalidity or unenforceability or lack of due authorization or other infirmity of this Agreement or any lack of right, power or authority of PMGAA or Concessionaire to enter into this Agreement; (iv) any insolvency, bankruptcy, reorganization or similar proceedings by or against Concessionaire or any other person; or (v) any other cause, whether similar or dissimilar to the foregoing, any future or present law notwithstanding, it being the intention of the Parties hereto that all fees being payable by Concessionaire hereunder shall continue to be payable in all events and in the manner and at the times provided herein.

1.3 Concessionaire's Rights. So long as Concessionaire shall timely pay the fees and other charges required to be paid and is not in default of any obligation hereunder, and complies fully with the Airport Rules and Regulations, PMGAA hereby grants to Concessionaire the following rights:

1.3.1 An exclusive right to peaceably have and enjoy the use of the ATM Locations to engage in and operate its ATM concession business without hindrance from PMGAA, and to use the ATM Locations while in compliance with the terms and conditions of this Agreement. All other rights granted to Concessionaire under this Agreement are exclusive.

1.3.2 A right of ingress and egress to and from the ATM Locations over Airport roadways, including common use roadways, driveways and public areas of the Airport, subject to any and all applicable rules and regulations established from time to time by PMGAA, the United States government, the State of Arizona, the City of Mesa, or other governmental entity, as applicable. Such rights of ingress and egress shall apply to Concessionaire's employees, guests, patrons, invitees, suppliers and other authorized individuals.

1.3.3 A right to install and maintain appropriate signs as a part of each ATM unit and in proximity to the ATM Locations at Concessionaire's own expense; provided, however, that the design, installation, modification and maintenance of such signs shall be subject to the prior written approval of PMGAA.

1.3.4 A right to obtain supplies and services at the ATM Locations from suppliers, vendors or contractors of its choosing; provided, however, that all contracts entered into by Concessionaire for provision of labor and employment services shall require that personnel engaged by Concessionaire at the ATM Locations shall not be disruptive of other personnel or operations at the Airport and that such personnel shall at all times comply with Airport Rules and Regulations.

1.4 PMGAA's Rights. Throughout the Term of this Agreement, PMGAA shall have the sole right to:

1.4.1 Relocate the ATM Locations allocated to Concessionaire under this Agreement, and endeavoring to provide reasonable replacement space. PMGAA's liability in any such mandated relocation shall be limited to one-half of the net book value of all fixed improvements to the ATM Locations that were made by Concessionaire, and that cannot be reasonably removed and reused by Concessionaire in a replacement space, should such be available, or elsewhere. For purposes of this SECTION 1.4.1, the term "net book value" shall mean the current value of the non-relocatable fixed improvements to the ATM Locations after depreciation, which shall be calculated on a straight-line basis over five (5) years.

1.4.2 Increase the number of ATM unit locations within the Terminal required to be operated under this Agreement, and to expect Concessionaire's full cooperation and best efforts to outfit, operate and maintain those added locations within THIRTY (30) calendar days of PMGAA's written request therefor.

1.4.3 Require Concessionaire to close or reduce its operation if PMGAA, at its sole and absolute discretion, determines such closure or reduction is necessary for the efficient operation of the Airport. If PMGAA requires Concessionaire to close its operation, in whole or in part, Concessionaire shall vacate the affected ATM Locations within SIXTY (60) days of receipt of a written closure or reduction notice from PMGAA, unless exigent circumstances require an earlier closure or reduction in the size of Concessionaire's

operation. If PMGAA requires a reduction of Concessionaire's ATM Locations, and Concessionaire makes a written request to PMGAA to relocate its operations promptly after receiving notice of reduction, PMGAA will attempt to negotiate a mutually acceptable relocation elsewhere on the Airport. If the Parties cannot agree on such replacement location within THIRTY (30) days of Concessionaire's vacating the original ATM Locations, Concessionaire shall have the right to terminate this Agreement upon THIRTY (30) days advance written notice to PMGAA thereafter.

1.5 Requirements – Initial Occupancy.

1.5.1 Construction and Installation Timing. Beginning on the Effective Date, Concessionaire shall undertake to construct any and all PMGAA approved improvements and install all fixtures, equipment and related items (collectively, the "Improvements") to enable commencement of Concessionaire's business operations, as specified in SECTION 1.1.1 herein, within THREE (3) calendar days of the Effective Date. Construction plans for the Improvements, if any, and any material changes thereto shall be submitted to and approved in writing by PMGAA prior to execution, commencement of construction and/or submission to the City of Mesa for permit (if required).

1.5.2 ATM Unit Specifications. Concessionaire shall, through the Term of this Agreement, ensure that all ATM units installed in the ATM Locations adhere to the following specifications:

1. Are New, and (if not new) have been recently refurbished so as to appear and operate as a new unit.
2. Meet ADA regulations, including approach height/reach requirements and accessibility for those who are visually impaired.
3. Only the business name of the Concessionaire and/or the financial institution are permitted for advertisement on the ATM machine. No mounted advertisement signage is permitted.
4. Are front loading and mounted flush to walls (where possible)
5. Are attractive, functional, user friendly, resistant to rough usage, modular and possess the ability to incorporate new features and capabilities, as such may be introduced during the Agreement Term.
6. Are equipped with an audible (or silent, if continuously monitored) alarm, or other appropriate mechanism to alert Concessionaire to malfunctions, tampering or servicing needs,
7. Possess or be equipped with a color monitor,
8. Offer the capability of being programmed in one (1) additional language other than English,
9. Have a 24 hour service number with procedure for reporting problems prominently posted on the unit;
10. Depict a map showing all ATM unit locations at the Airport, as a customer convenience when a unit is being serviced or in case of a unit malfunction; and
11. Bear in plainly visible location, the Concessionaire's name, ATM unit number, location and 24-hour toll free number for inquiries, maintenance issues, customer service issues and complaints.

1.5.3 ATM Unit Capabilities. Concessionaire shall, through the Term of this Agreement, ensure that all ATM units installed inthe ATM Locations possess the following capabilities:

1. Support cash withdrawals and/or advances and additional, electronic only banking services, including but not limited to account balance inquiries, and transfers;
2. Offer a customer receipt option;
3. Be oeprational and available for use 24 hours daily (including holidays), but not less than during Terminial operating hours;
4. Be capable of executing transactions using a variety of credit, debit and ATM cards;
5. Display clearly all directions necessary to enable customers to operate the unit including a listing of all ATM transaction fees, surcharges or other fees charged and to whom the fees and/or surcharges apply;
6. Offer information, either electronically displayed or permanently affixed to the unit, pertinent to obtaining ATM services and/or refunds; and
7. Conduct and process all transactions in United Sates Currency, using twenty dollar ($20.00) bills as the primary denomination for withdrawals.

1.5.4 Delivery Schedules – Coordination. Schedules pertinent to the delivery and installation of materials, construction activities and other related work events shall be coordinated in advance with PMGAA no less than FIVE (5) business days prior to their planned action, whenever possible. Concessionaire shall be responsible for ensuring that ongoing commercial airline and other business activities taking place within the Terminal during construction and installation of Concessionaire's Improvements are not materially disrupted at any time.

2. TERM.

2.1 Initial Term. The term of this Agreement (the "Term") shall commence on the Effective Date and terminate THREE (3) years thereafter, on November 30, 2026, unless sooner terminated as provided herein.

2.2 Renewal Term. Provided Concessionaire is not then in default of this Agreement and subject to approval of PMGAA at PMGAA's sole and absolute discretion, Concessionaire shall have the option of extending the Term for ONE (1) additional period of TWO (2) years (each, individually, an "Extension"). Concessionaire may exercise an Extension by giving written notice to PMGAA of its desire to do so no later than ONE HUNDRED TWENTY (120) days prior to the expiration of the Term, as set forth in SECTION 2.1 herein or subsequently extended. If Concessionaire has properly notified PMGAA of its desire to exercise an Extension and PMGAA approves in writing, then Concessionaire's extension of the Term of this Agreement shall become effective and all references herein to the "Term" shall mean the initial term as extended.

3. FEES.

3.1 General. For and in consideration of the privilege and authorization herein granted, Concessionaire shall pay to PMGAA a monthly fee for use of the ATM Locations in the amount of ONE AND 00/100 DOLLARS ($1.00) per transaction (the "Concession Fee"). For purposes of this SECTION 3.1, the term "transaction" shall mean each surcharged withdrawal at or from one of Concessionaire's ATM units by a single customer without interruption.

3.1.1 Reserved.

3.2 Fee Payments.

3.2.1 Concession Fee: Concessionaire shall pay monthly to PMGAA, on or before the FIRST (1st) day following the last day of the preceding calendar month (the "Fee Due Date"), all Concession Fees due hereunder, plus applicable taxes, without any prior demand therefor and without any abatement, deductions or set-offs whatsoever. All payments of fees and charges specified herein shall be tendered in lawful currency of the United States, either by check or electronic transfer, and shall be free from all claims or setoffs of any kind against PMGAA.

3.2.2 Concessionaire shall submit to PMGAA the monthly transaction report shown in **EXHIBIT 2**, itemized by ATM location detailing the actual number of transactions conducted and certified by an officer of Concessionaire for the preceding month. Said statements shall be due no later than the 20th of the month preceding activity.

3.2.3 No payment to or receipt by PMGAA of a lesser amount than that which is due and payable under the provisions of this Agreement at the time of such payment shall be deemed to be other than a payment on account of the earliest payment due, nor shall any endorsement or statement on any check or payment prejudice in any way PMGAA's right to recover the balance of such payment or pursue any other remedy provided in this Agreement or by law.

3.2.4 All payments and reports required by this SECTION 3 shall be remitted to the following address by the due date(s) specified hereinabove:

Phoenix-Mesa Gateway Airport Authority
Attn.: Department of Finance (Accounts Receivable)
5835 S. Sossaman Road
Mesa, Arizona 85212-6014

or such other address specified in writing by PMGAA to Concessionaire.

3.3 Finance Charges and Late Penalties.

3.3.1 If PMGAA shall receive any fee payment or portion thereof from Concessionaire after the Fee Due Date, Concessionaire shall pay interest on the unpaid installment at the rate of EIGHTEEN PERCENT (18%) per annum (a "Finance Charge"), from such Fee Due Date and continuing until payment is received by PMGAA in full.

3.3.2 In the event any payment is received by PMGAA more than TEN (10) days after the Fee Due Date, a late penalty of TEN PERCENT (10%) of the amount of such delinquent payment (a "Late Penalty") shall be due and payable in addition thereto.

3.3.3 In the event Concessionaire shall deliver a worthless check or monetary draft to PMGAA in payment of fees required herein; then services charge equal to the greater of TWENTY-FIVE DOLLARS ($25.00) or FIVE PERCENT (5%) of the face amount of such check or monetary draft shall be due and payable in addition thereto.

3.4 Taxes. In the event any governmental authority shall impose a tax or imposition based upon any rental payments, fees or any other sums paid or owing hereunder or the receipt of such payments by PMGAA, then, Concessionaire shall pay such amounts to PMGAA at the same time and in addition to payments hereunder, which amounts may include, but are not limited to, any or all rental, transaction privilege, sales, excise or other similar tax except income taxes. Concessionaire's obligation to pay such amounts together with any interest thereon and/or penalties therefor, shall survive the termination of this Agreement.

3.5 Performance Guarantee. Concessionaire shall, on or before the Effective Date, provide to PMGAA the amount of ONE THOUSAND AND 00/100 DOLLARS ($1,000.00) (the "Performance Guarantee"), in order to guarantee Concessionaire's full and faithful performance of its covenants and obligations hereunder. Except to the extent applied to any amounts due from Concessionaire upon the termination or expiration of this Agreement, PMGAA shall refund the Performance Guarantee to Concessionaire within THIRTY (30) calendar days after Concessionaire vacates the ATM Locations in accordance with SECTION 7.6 herein; except, however, that should this Agreement be terminated due to Concessionaire's default, PMGAA shall be entitled to retain all or any remaining amounts of said Performance Guarantee.

3.5.1 The Performance Guarantee, at the election of PMGAA, may be applied in reduction of any loss and/or damage sustained by PMGAA by reason of the occurrence of any breach, nonperformance, or default by Concessionaire under this Agreement without the waiver of any other right or remedy available to PMGAA at law, in equity or under the terms of this Agreement. If any portion of the Performance Guarantee is so used or applied, Concessionaire shall, within FIVE (5) business days after written notice from PMGAA, deposit with PMGAA immediately available funds in an amount sufficient to restore the Performance Guarantee to its original amount. Unless this Agreement is terminated as a result of Concessionaire's default whereupon Concessionaire shall immediately forfeit its Performance Guarantee to PMGAA, upon termination, PMGAA shall return to Concessionaire all portions of the Performance Guarantee which were not otherwise applied by PMGAA as permitted above within THIRTY (30) calendar days thereafter. PMGAA shall have no obligation to maintain a separate account for such security deposit and shall have no obligation to pay interest thereon.

3.6 Survival. Concessionaire's obligation to pay all amounts herein stated, together with any interest thereon and/or penalties therefor, shall survive the termination of this Agreement.

4. RECORDS AND AUDITING.

4.1 Concessionaire Records. With respect to its operation on the Airport, Concessionaire shall keep true and accurate records, books and data that shall show all banking and ATM transactions conducted at and on the ATM Locations and itemized by ATM unit. Said records, books and data shall be kept and maintained at Concessionaire's business office in the local Phoenix, Arizona area, or upon written PMGAA request, shall be made available for audit at the Airport, within TEN (10) business days after Concessionaire receives such request. PMGAA and its authorized representatives shall have the right at reasonable times and during business hours to inspect and examine records, books and other data as required to verify billings as described hereinabove.

4.1.1 Reserved.

4.2 PMGAA Audit Authority. In accordance with SECTION 4.1, PMGAA or its authorized representatives shall have the right to audit Concessionaire's records relating to all ATM unit transactions, monthly payments reported and paid hereunder, and any other activity by Concessionaire on the Airport during the TWELVE (12) consecutive month period preceding the date of such audit. If PMGAA finds or determines that a discrepancy exists for the period of the audit, Concessionaire shall promptly pay the cost and expense of PMGAA's audit. For purposes of this Agreement, a "discrepancy" shall mean one where audited billing exceed reported billings by TWO PERCENT (2%) or more. The amount of any such deficiency established by such audit shall be conclusive and binding upon the Parties and shall be paid by Concessionaire no later than TEN (10) calendar days from the billing date.

5. IMPROVEMENTS AND ALTERATIONS.

5.1 Concessionaire's Acceptance. Concessionaire agrees to accept the ATM Locations in an "as is" condition and accepts financial responsibility for all improvements specified in SECTION 5.3 herein, and as required to make the ATM Locations suitable for Concessionaire's business operations.

5.2 Authorization. Concessionaire shall make no improvements or alterations to the ATM Locations during the Term of this Agreement without prior notice to and written permission of PMGAA. Concessionaire shall provide PMGAA with electronic, as-built drawings (or their equivalent) upon completion of any approved improvement or alteration if PMGAA shall so require.

5.3 Title to Alterations and Improvements. Title to all permanent improvements and alterations at and on the ATM Locations, including the Initial Improvements, but not Concessionaire's equipment and fixtures, shall vest in PMGAA upon the expiration of this Agreement, and Concessionaire agrees to execute and deliver to PMGAA, within TEN (10) business days after PMGAA's request therefor, a quitclaim deed confirming that title to such improvement and alterations is vested in PMGAA.

5.4 Mechanic's Liens. Concessionaire shall keep the ATM Locations and all improvements thereon free of any mechanic's or materialmen's liens or liens of any kind or nature through the Term. In the event that any such lien is filed, Concessionaire shall, at its sole cost, cause such lien to be removed from the ATM Locations within THIRTY (30) calendar days of notice thereof.

5.5 Permit Required. Concessionaire shall be responsible for determining whether it is subject to local building codes or building permit requirements, and for compliance with them to the extent they are applicable. All structural, electrical, plumbing or mechanical construction or reconstruction shall conform to City of Mesa (hereinafter referred to as the "City") construction and technical codes. No such work shall be commenced without first submitting required plans and obtaining required permits from the City. All such work shall be permitted, inspected and approved by the City prior to concealment and/or use.

5.6 Damage or Destruction.

5.6.1 In the event of damage to or destruction to the ATM Locations, such that other Terminal activities remain unaffected or minimally affected, Concessionaire shall give PMGAA notice thereof, and undertake appropriate repairs or other suitable actions to restore such ATM Locations to their original, usable condition as expeditiously as possible, and, as a minimum, any and all insurance proceeds derived incident thereto

shall be applied fully to such restoration. Should Concessionaire fail to complete said restorative actions within ONE HUNDRED TWENTY (120) calendar days after the occurrence of such damage or destruction, subject to any delay for reasons beyond Concessionaire's reasonable control, PMGAA may elect to terminate this Agreement; provided, however, PMGAA may not elect to terminate at any time when restoration, repair or replacement has been commenced and is being pursued with commercially reasonable diligence.

5.6.2 Should greater than FIFTY PERCENT (50%) of the Terminal, including the ATM Locations, be rendered untenable by fire or other casualty and PMGAA either cannot or elects to not complete restorative action within a reasonable period of time, Concessionaire shall have the option to terminate this Agreement. Further and during PMGAA's restorative activities, PMGAA shall abate all fees and other charges owed in connection with the damaged or destroyed ATM Locations until such time as the Agreement is terminated or Concessionaire is able to recommence business operations therefrom.

6. MAINTENANCE, REPAIRS, SERVICE AND INSPECTIONS.

6.1 Maintenance and Utilities.

6.1.1 Concessionaire shall, at its sole expense, maintain the ATM Locations, including all Improvements and equipment thereon, in good and safe repair and in a neat, clean and orderly condition throughout the Term of this Agreement. Except for damages arising out of any direct, negligent act of PMGAA, Concessionaire shall be solely responsible for the repair and/or replacement of all Concessionaire's ATM units and at the sole cost of Concessionaire.

6.1.2 If Concessionaire refuses or neglects to undertake the maintenance, repair or fixture replacement action(s) requested in writing by PMGAA, or if PMGAA is required to make any repairs necessitated by the acts or omissions of Concessionaire, its employees, agents, licensees or contractors, PMGAA shall have the right to make such repairs on behalf of and for Concessionaire. Such work shall be paid for by Concessionaire within TEN (10) calendar days following receipt of an invoice for such from PMGAA, at the rate of actual work cost plus the appropriate administrative processing fees in effect at the time such work is performed.

6.1.3 PMGAA has provided and will maintain all required utility services to the ATM Locations. PMGAA shall have no liability for blackouts, brownouts, cessation, interruption or failure of utilities.

6.1.4 As a condition of its right to occupy the ATM Locations, Concessionaire shall ensure that the operation of any wireless access point does not cause interference with existing communications users, including, without limitation, aviation-related operations and equipment at the Airport, the operations of any existing wireless users operating at the Airport and PMGAA's own radio systems. If Concessionaire's operation of any wireless access point causes any such interference to existing users, Concessionaire shall take all steps necessary to remove the cause of the interference and shall cooperate with PMGAA and any necessary third parties to identify and eliminate such cause(s). If PMGAA determines, in its sole discretion, that the wireless access point or signals being transmitted by means of the wireless access point are the cause of such interference, PMGAA may direct Concessionaire to immediately cease operation of all or any portion of the wireless access point, or otherwise take action to eliminate the interference.

6.2 Equipment Service & Repairs.

6.2.1 Concessionaire shall routinely service all ATM units to ensure they are properly stocked, cleaned, are in a serviceable condition and possess the latest applicable software editions at all times.

6.2.2 Concessionaire also shall ensure each ATM unit's system management capabilities for predicting, assisting and reporting maintenance and the need for cash replenishment are operable at all times. Response time to service calls on ATM units and replenishment of funds shall be no greater than FOUR (4) hours of notification.

6.2.3 Any damage caused to the ATM Locations or any PMGAA property by any act, omission or negligence of Concessionaire, its employees, invitees, suppliers or furnishers of service shall be repaired and restored to the condition existing prior to damage by Concessionaire at Concessionaire's sole

expense in accordance with plans and specifications approved by PMGAA. Should PMGAA find it necessary to make such repairs itself, Concessionaire shall pay PMGAA, as additional fees hereunder, the expenses of all repairs thereby incurred, as provided in SECTION 6.4.2 herein.

6.3 Services.

6.3.1 Concessionaire agrees to provide, at its own expense, such janitorial and cleaning services and supplies as may be necessary or required in the operation and maintenance of its equipment on the ATM Locations. Concessionaire also agrees to keep and maintain the ATM Locations in a clean, neat and sanitary condition, and attractive in appearance, to the maximum practical extent. In the event PMGAA determines, in its sole, reasonable discretion, that Concessionaire's janitorial and cleaning program is not acceptable or sufficient, then PMGAA may, after reasonable notice to Concessionaire, seek to provide such services by other means. Concessionaire agrees to reimburse PMGAA no later than TWENTY (20) calendar days following written demand by PMGAA for any expenses incurred by PMGAA due to conditions at the ATM Locations.

6.3.2 Concessionaire shall provide for the complete removal, sanitary handling and disposal of all trash, garbage and other refuse resulting from its business operations at, on, about or from the ATM Locations to receptacles at locations specified by PMGAA.

6.4 Inspections. PMGAA, its authorized employees, agents, contractors, subcontractors, and other representatives shall have the right, but not the obligation, at all reasonable times, to enter upon the ATM Locations to:

6.4.1 Inspect the ATM Locations during regular business hours (or at any time in case of an emergency) to ascertain the condition of the ATM Locations and to determine Concessionaire's compliance with the terms of this Agreement and applicable other regulatory requirements. This right of inspection shall not imply or infer any duty of PMGAA to inspect and shall impart no liability upon PMGAA for failure to inspect.

6.4.2 Perform or arrange to perform maintenance and repairs and replacements in any event when Concessionaire is obligated to do so under this Agreement and failed to do so within TEN (10) business days after written notice from PMGAA, or at any time with or without written notice in the event that PMGAA, in its sole discretion, deems that it is necessary or prudent to correct any condition likely to lead to injury or damage. If such maintenance, repairs, or replacements are required to be made by Concessionaire under this Agreement, but are performed by PMGAA, then, Concessionaire shall pay PMGAA's entire cost and expense of performing such work as additional rent to PMGAA upon written demand therefor.

6.4.3 Perform any obligation of PMGAA under this Agreement and to make additions, alterations, maintenance, and repairs to the Terminal, including its utility systems.

All entries by PMGAA, its authorized employees, agents, contractors, subcontractors, and other representatives made pursuant to this SECTION 6.4, shall be without abatement of fees, provided that such entries do not cause unreasonable interference with Concessionaire's business operations.

7. CONCESSIONAIRE'S COMPLIANCE.

7.1 Regulatory Compliance and Certification. Concessionaire, its agents, employees, invitees, subcontractors and independent contractors shall comply with all directions, rules, regulations and operating procedures of PMGAA in effect or hereinafter promulgated and shall observe and obey all ordinances of the City, as well as all federal and state statutes and regulations governing the use of the Airport and Concessionaire's business activities thereon.

7.2 Operating Permits. Concessionaire shall furnish to PMGAA, prior to conducting any business or activities at, on or within the ATM Locations and the Airport, copies of all operating permits required by the City, or any other government entity, if applicable.

7.3 Reserved

7.4 Operating and Service Standards. Concessionaire shall operate its business from the ATM Locations, and elsewhere as may be permitted by PMGAA from time to time. In addition, Concessionaire shall:

7.4.1 Professional Management. Designate a local representative experienced in management and supervision who has sufficient authority and responsibility to ensure proper operation of the concession, to render decisions and to take all necessary action(s) in connection with this Agreement. Such a person (or his or her authorized and designated representative) shall be available during normal business hours and be contactable at all other times should emergencies arise.

7.4.2 Personnel.

a. Maintain a sufficient number of trained personnel to ensure Concessionaire's customers receive prompt and courteous service at all times. All personnel of Concessionaire, while on or about the ATM Locations, shall be polite, clean, uniformed and present a professional appearance at all times. Concessionaire shall not permit its agents, servants, or employees (whether full-time, part-time or contract) to solicit business from the ATM Locations or other Airport locations in any manner whatsoever, except through the use of signs approved by PMGAA.

b. Ensure all Concessionaire employees (whether full-time, part-time or contract) are at all times competent, experienced, and properly licensed to perform their duties, as and if required by applicable federal, state and local laws, and obey all traffic laws and regulations. Said employees shall at all times be under the direction of Concessionaire, who will be solely responsible for their conduct and performance and shall conduct themselves with courtesy and dignity with the public interest of primary importance.

c. Promptly respond to and resolve any issue with any employee whose conduct PMGAA or its Executive Director feels is detrimental to the best interests of the Airport and PMGAA.

d. Not, during the Term of this Agreement, hire or employ, on either a full-time, part-time or contract basis, any person or persons employed by PMGAA.

e. To the extent applicable under Arizona Revised Statutes (ARS) §41-4401, Concessionaire warrants compliance with all federal immigration laws and regulations that relate to Concessionaire's employees and compliance with the E-verify requirements under ARS §23-214(A). Concessionaire's breach of the above-mentioned warranty shall be deemed a material breach of this Agreement and may result in its termination by PMGAA. PMGAA retains the legal right to randomly inspect the papers and records of any employee who works under this Agreement to ensure Concessionaire is complying with the above-mentioned warranty.

7.4.3 Scrutinized Business Operations. Pursuant to ARS §§35-391.06 and 35-393.06, Concessionaire certifies that it does not have a scrutinized business operation in the Sudan or Iran. For purposes of this SECTION 7.4.3, the term "scrutinized business operations" shall have the meanings set forth in ARS §§ 35-391 and 35-393, as applicable. If PMGAA determines that Concessionaire submitted a false certification, PMGAA may impose remedies as provided by law, including termination of this Agreement.

7.4.4 Public Service. Ensure that its business operations at, on and about the ATM Locations are conducted in a professional, first-class manner, and that all facilities, equipment, services, and standards of operation are at least equal to the quality of service rendered by other companies of a like nature at other modern airport terminal and banking facilities. The general public shall be given the highest consideration at all times in matters affecting the operation of this concession, and Concessionaire shall emphasize the tenets of "exceptional customer service" and "value" in both its business activities and during interaction with its customers.

7.4.5 Hours of Operation. Ensure all ATM units are available and stocked for customer use 24-hours daily and are always kept in good operating condition, such that the machines will satisfy all reasonable requests for service.

7.4.6 Transaction Pricing. Charge no more than a THREE AND 99/100 DOLLARS ($3.99) fee for each ATM transaction, unless advance, written PMGAA authorization for an alternate fee is provided,

therefore. At all times, adhere fully to PMGAA's "Value" or "Street" pricing requirement by charging transaction and other service fees that do not exceed those charged at comparable locations within the Phoenix metropolitan area. PMGAA reserves the right to require Concessionaire to provide comparable pricing from not less than THREE (3) locations acceptable to PMGAA at any time at PMGAA's sole and absolute discretion.

7.4.7 Reserved.

7.4.8 Complaints by Public. In the event Concessionaire receives (or PMGAA receives and forwards to Concessionaire) any written complaint concerning Concessionaire's operation of the concession, promptly respond to such complaint in writing within TEN (10) business days of its receipt and make a good-faith attempt to explain, resolve or rectify the cause of such complaint. Repeated complaints by the public concerning Concessionaire's services may be grounds for termination of this Agreement.

7.4.9 Record-keeping. Ensure each ATM unit is equipped and capable of recording all transactions properly, accurately, and completely, and cause such recorded information to be further recorded and maintained at Concessionaire's business office(s).

7.5 Condition of the ATM Locations. Concessionaire shall keep the ATM Locations, including all ATM units, neat and clean at all times, so as to present a positive image to Airport patrons. All signage and notices posted on the units and in proximity to the ATM Locations shall be professionally prepared and affixed or incorporated into the units in a safe, aesthetically pleasing manner, such that they complement the concession and Terminal décor. All ATM units shall be kept clean and free of nonessential stickers and/or other materials that deface said units.

7.6 Surrender of Occupancy.

7.6.1 When this Agreement expires or is otherwise terminated in whole or in part as provided elsewhere in this Agreement, Concessionaire shall surrender the ATM Locations and fixed improvements, if any, and restore the ATM Locations, at Concessionaire's sole expense, to the condition as existed immediately prior to the Effective Date of this Agreement.

7.6.2 Concessionaire shall be deemed to have abandoned to PMGAA any personal property and trade fixtures that it has failed to remove from the Premises within FIFTEEN (15) calendar days after the end of the Term of this Agreement, or the effective date of termination thereof, unless PMGAA grants additional time for this purpose in writing. During this period, Concessionaire shall remain responsible for monthly rental and other payment(s) to PMGAA until such time as the Premises are fully available to PMGAA for maintenance, renovation or re-letting to another concessionaire. After the expiration of the aforementioned FIFTEEN (15) business day period or any extension thereof granted by PMGAA, PMGAA shall have the right to remove the property of Concessionaire and restore the Premises to a satisfactory condition and hold Concessionaire liable for all costs incident thereto. In the event it is necessary for PMGAA to remove such property, PMGAA shall not sustain or be charged with any liability by reason of the removal or custodial care of same.

8. AIRPORT SECURITY PLAN.

8.1 Airport Security Plan.

8.1.1 Airport's Operations Department maintains an approved Airport Security Plan ("**Security Plan**") pursuant to 49 CFR Parts 1540 and 1542, and 14 CFR Part 139. Concessionaire shall at all times comply with Airport's Operations Department security directives, security bulletins, or verbal notifications existing now or in the future.

8.1.2 Concessionaire is responsible for maintaining security practices, facilities, and perimeter boundaries on their leasehold that meet the security standards set forth by Airport's Operations Department.

8.1.3 Concessionaire shall promptly upon written request from Airport correct physical or procedural deficiencies caused by Concessionaire that are located on the Premises which are contrary to Airport's Operations Department, security directives, security

bulletins, or verbal notifications existing now or in the future. Within TWENTY-FOUR (24) hours of Airport notifying Concessionaire of any deficiency, Airport shall provide Concessionaire with a reasonably-detailed explanation of the deficiencies. Concessionaire shall be given a reasonable period of time (under the circumstances) to correct such deficiencies.

8.1.4 Concessionaire shall, to the fullest extent permitted by law, indemnify, defend and hold Airport harmless for, from and against any security violation committed by any agents, employees, invitees, subcontractors, sub-Concessionaires or independent contractors of Concessionaire.

8.1.5 Concessionaire shall conduct and document all self-audits and self-inspections as required by Transportation Security Administration ("**TSA**") or Airport's Operations Department and make such audits available for inspection.

8.1.6 Concessionaire shall designate a primary security coordinator to receive security related briefings, bulletins and sensitive security information.

8.1.7 Airport reserves the right to modify the Security Plan from time to time, as necessary or as directed by TSA. Airport's Operations Department shall notify the Concessionaire security coordinator regarding modifications that effect Concessionaire.

8.2 Airport Security Badge.

8.2.1 Concessionaire's employees and contractors that require a badge shall be obligated to complete all training and comply with all security requirements and directives issued by Airport's Operations Department, TSA or other entity having security jurisdiction at the Airport. Concessionaire, Concessionaire's employees, and contractors will surrender security badges upon request by Airport's Operations Department; physical security media (badges and keys) remain the property of Airport. Within SEVENTY-TWO (72) hours of Airport's confiscation of any security badges, Airport shall provide Concessionaire with a reasonably-detailed explanation of the violations that caused Airport to confiscate the security badges.

8.2.2 Concessionaire and Concessionaire's employees and contractors shall comply with all security related audits, inspections, and screenings conducted by Airport's Operations Department.

8.2.3 Concessionaire will promptly return badges to Airport's badging office when badge holders employment is terminated, the badge is no longer needed or the employee/contractor is on extended leave.

8.2.4 Misuse of a badge or security procedures will bring about action, including, but not limited to, retraining of badge holders, and/or suspension or revocation of one or all misused badges.

9. TAXES, LICENSES AND PERMITS.

Concessionaire shall pay all taxes and assessments that may be levied or charged upon its property, equipment and activity hereunder, and shall secure and comply with all licenses and permits required by PMGAA or any other governmental authority exercising jurisdiction over its business or activities. Concessionaire shall also pay any taxes or assessments levied upon PMGAA as a result of Concessionaire conducting its business under the authority of this Agreement.

10. INSURANCE AND INDEMNIFICATION.

10.1 Insurance Coverage Required. Concessionaire shall at all times and prior to the Effective Date, at its sole expense, maintain in effect the insurance coverage set forth below, deliver a certificate of insurance for each policy to PMGAA and continue to provide such certificate(s) throughout the Term:

10.1.1 *Comprehensive General Liability* insurance on an occurrence basis in an amount not less than $1,000,000 per occurrence and $2,000,000 aggregate, including coverage for "ATM Locations/operations," "products and completed operations," "professional," and "blanket contractual" liabilities.

10.1.2 *Commercial Automobile Liability* insurance covering all owned, non-owned and hire vehicles operated on the Airport that are assigned to or used in the performance of commercial activities, or that are operated within the AOA in the amount of $1,000,000. If any hazardous materials are transported within Airport boundaries in conjunction with the operator's business activities, an MSC-90 Endorsement is required. Coverage amounts generally apply to Basic Injury per Person, Basic Injury per Accident and Property Damage.

10.1.3 *Property insurance* (all risk) for the full value of personal property and improvements to the ATM Locations for their full insurable value on a replacement-cost basis.

10.1.4 *Workers' Compensation* insurance, as required by law, and *Employer's Liability* insurance in the amount of $1,000,000.00.

10.2 Insurance Form. Each insurance policy obtained pursuant to this SECTION 10, except for workers' compensation and employer's liability policies, shall: (i) name PMGAA as a certificate holder and an additional named insured; (ii) contain a provision that written notice of cancellation or modification thereof shall be given to PMGAA not less than THIRTY (30) calendar days before such cancellation or modification takes effect TEN (10) days in the case of nonpayment of premium); and (iii) contain a waiver of subrogation in favor of PMGAA. Concessionaire shall not permit any insurance policy to be canceled or modified without PMGAA's written consent unless equivalent replacement policies are issued with no lapse in coverage. All policies shall be obtained from insurance companies licensed to do business in the State of Arizona and possessing a rating of at least A – VII or higher from the A.M. Best Company, or an equivalent rating approved by PMGAA.

10.3 Indemnification. To the fullest extent permitted by law, Concessionaire shall indemnify, defend and hold PMGAA, its agents and employees, harmless for, from and against all liability, claims, damages, losses, expenses, and fines including attorneys' fees and costs of litigation, arising out of, sustained, or in any manner related to Concessionaire's use of and activities at the Airport or any part or appurtenance thereof. Concessionaire shall not be liable for losses due to the gross negligence or willful misconduct of PMGAA, its agents or employees.

11. ASSIGNMENT.

11.1 Consent. Concessionaire shall not assign, transfer, or encumber this Agreement in any manner, or any part hereof, or interest herein or sublease any of the ATM Locations hereunder, except with the prior written permission of PMGAA and subject to whatever reasonable limitations and conditions may be required by PMGAA. Any other transfer, assignment or sublease shall be void and shall confer no rights upon any third person. No assignment or sublease shall relieve Concessionaire of any obligation under this Agreement unless otherwise agreed in advance, in writing by PMGAA. Notwithstanding the foregoing, this SECTION 11 shall not be interpreted to preclude the assignment of this Agreement to a parent, subsidiary, or merged company, if such part, subsidiary, or merged company assumes all rights and obligations of this Agreement. Written notice of such assumption shall be provided to PMGAA by the parent, subsidiary, or merged company not less than THIRTY (30) calendar days prior to the effective date of such assignment.

11.2 Transfer Defined. For the purposes of this Agreement, a "transfer" shall be deemed to include the following: (i) if Concessionaire is a corporation, partnership, limited liability company, or other legal entity, the transfer of any ownership interest in such entity resulting in a change in the present control of such entity by the person or persons owning a majority of the ownership interest thereof as of the date of this Agreement; provided, however, if Concessionaire is a corporation whose stock is traded on a nationally recognized stock exchange, the transfer of Concessionaire's stock shall not constitute a transfer requiring PMGAA's consent; or (ii) the sale of TWENTY-FIVE PERCENT (25%) or more in value of the assets of Concessionaire.

11.3 Non-Disturbance. PMGAA agrees, for the benefit of all subtenants of all or any part of the ATM Locations, that if this Agreement or Concessionaire's right to possession of the ATM Locations is

terminated for default or otherwise, all subleases of all or any part of the ATM Locations, except any sublease to an affiliate of Concessionaire, shall continue in full force and effect notwithstanding the termination as direct leases or contracts between PMGAA and the subtenants and contractors, and all such subtenants and contractors upon request shall attorn in writing to PMGAA.

12. CANCELLATION PROVISIONS.

12.1 PMGAA's Right of Cancellation. Except as may be otherwise provided herein, PMGAA shall have the right to terminate this Agreement in its entirety immediately if Concessionaire commits any one or more of the hereinafter listed events of default. Upon receiving notice of such termination, Concessionaire shall immediately cease its operations within the Premises and on the Airport and remove all of its employees and personal property therefrom:

12.1.1 If Concessionaire shall fail to pay any installment of rent or any other amount due from Concessionaire hereunder, provided that Concessionaire does not cure or initiate demonstrable corrective action for such failure within TEN (10) business days after delivery by PMGAA of a written notice of such failure.

12.1.2 If Concessionaire shall neglect or fail to perform, keep or observe any other terms, covenants or conditions herein contained and if such neglect or failure shall continue for a period of THIRTY (30) calendar days after delivery by PMGAA of a written notice of such default; provided, however, if a cure of the default reasonably requires more than THIRTY (30) calendar days to complete, then the time to cure shall be extended so long as the cure is being diligently pursued.

12.1.3 The taking by a court of competent jurisdiction of Concessionaire and its assets pursuant to proceedings under the provisions of any Federal or State reorganization or bankruptcy code or act.

12.1.4 The occurrence of any act which deprives the Concessionaire of the rights, licenses, permits and authorizations necessary for the proper and lawful conduct of the Concessionaire's business operations at, on, about or from the Airport.

12.1.5 If Concessionaire shall abandon all or any part of the Premises or shall discontinue the conduct of its operations in all or any part of the Premises for a period of THREE (3) consecutive days.

12.1.6 The filing of any mechanic's, materialman's or other lien or any kind against the Premises because of any act or omission of Concessionaire which lien is not discharged, by bonding or otherwise, within THIRTY (30) calendar days of receipt of actual notice thereof by Concessionaire.

12.1.7 Concessionaire receipt of THREE (3) written notices of default for violations of the Security Plan or *Airport Rules and Regulations* from PMGAA within a SIX (6) consecutive calendar month period.

12.1.8 A transfer or assignment occurs without PMGAA's prior written approval.

12.1.9 Concessionaire conducts its operations in such a manner as to threaten public safety, as determined by PMGAA in conformity with the laws and regulations of the State of Arizona and PMGAA.

12.1.10 PMGAA determines that Concessionaire willfully falsified any of its records or figures so as to deprive PMGAA of any of its rights under the terms of this Agreement.

12.2 Concessionaire's Right of Cancellation for Default. Concessionaire shall have the right to terminate this Agreement in its entirety upon THIRTY (30) calendar days advance written notice to PMGAA if one or more of the following events of default are committed by PMGAA:

12.2.1 The issuance by any court of competent jurisdiction of any injunction preventing or restraining the use of the Airport in such a manner as to substantially restrict Concessionaire from conducting its business activities at, on and within the Premises, which injunction is not caused by any act or omission of Concessionaire and such injunction remains in force for at least SIXTY (60) consecutive calendar days.

12.2.2 If Concessionaire is deprived of the use of all or a major portion of the Premises for THIRTY (30) consecutive calendar days or more, subject to the relocation or other applicable renovation provision provided for herein.

12.2.3 The assumption by the United States Government and the authorized agencies thereof, or any other governmental agency, of the operation, control or use of Airport facilities, including the Premises, or any substantial part or parts thereof in such a manner as to substantially restrict the conduct of Concessionaire's business thereto for a period of THIRTY (30) consecutive calendar days or more.

12.2.4 A breach by PMGAA of any of the terms and covenants or conditions within this Agreement. In the event of such a breach, Concessionaire shall have available all rights and remedies provided at law or in equity, subject to the terms and conditions of this Agreement; provided, however, Concessionaire may not exercise any such right or remedy unless Concessionaire has notified PMGAA by written notice of such alleged default, and PMGAA has not cured such default within a THIRTY (30) calendar day period subsequent to receipt of such notice or, in the event such alleged default is of such a nature that it cannot be reasonably cured within such THIRTY (30) day period, PMGAA has failed to cure such alleged default with all due diligence. Notwithstanding anything to the contrary in this Agreement, in no event shall Concessionaire be entitled to terminate this Agreement or abate or offset any installment of rent or any other payments to be made by Concessionaire hereunder.

13. NONWAIVER.

PMGAA's right to revoke this Agreement shall be absolute. Any election by PMGAA to not enforce any provision of this Agreement, or any failure by PMGAA to exercise any of the remedies allowed PMGAA under this Agreement, shall not operate as a waiver by PMGAA of its right.

14. APPLICABLE LAW.

The laws of the State of Arizona, including its conflicts of law provisions, shall govern the matters set forth in this Agreement. Venue of any action brought under this Lease shall, at the option of PMGAA, lie in Maricopa County, Arizona.

15. RULES AND REGULATIONS.

Concessionaire shall at all times comply with all Federal, State and local laws, ordinances, rules, and regulations which are applicable to its operations, the ATM Locations itself (including but not limited to the Americans with Disabilities Act), or the operation, management, maintenance, or administration of the Airport, including all laws, ordinances, rules and regulations adopted after the Effective Date. Concessionaire shall at all times comply with PMGAA's Airport Rules and Regulations, as applicable and as the same may be amended from time to time. A copy of PMGAA's Airport Rules and Regulations is attached hereto as **EXHIBIT 4**. Concessionaire acknowledges and agrees that PMGAA may amend the Airport Rules and Regulations at any time in PMGAA's sole and absolute discretion. Concessionaire also shall display to PMGAA any permits, licenses, or other evidence of compliance with laws upon request.

16. CORPORATE AUTHORIZATION.

In executing this Agreement, Concessionaire represents and warrants to PMGAA that Concessionaire has obtained and been granted the full right, power and authority to enter into this Agreement.

17. NOTICES.

17.1 Notices required under this Agreement shall be in writing and delivered personally or by registered or certified mail, postage prepaid, addressed as follows:

TO PMGAA: Phoenix-Mesa Gateway Airport Authority
Attn.: Business and Properties Manager
5835 S. Sossaman Road
Mesa, Arizona 85212-0919

TO CONCESSIONAIRE: BaumTech, LLC
Attn.: Richard Baumy, CEO
6565 St Claude Ave
Arabi, LA 70032
Telephone: (888) 314-2867

17.2 Notice by certified or registered mail in the manner described above shall be deemed effective the day after its deposit in the mail.

18. PRIOR PERMITS.

Upon execution hereof, this Agreement shall supersede and cancel any prior agreement(s) between PMGAA and Concessionaire with respect to the Terminal business activities governed hereby. Concessionaire shall not construe PMGAA's execution of this Agreement as a waiver of any prior indebtedness or obligation to PMGAA under any prior agreement or license, nor does PMGAA waive any claim or cause of action arising therefrom.

19. ENVIRONMENTAL COMPLIANCE.

Concessionaire shall, at Concessionaire's own expense, comply with all present and hereinafter enacted environmental laws, rules and regulations and any amendments thereto, affecting or applying to Concessionaire's operations and activities at, on or within the ATM Locations and the Airport.

20. ACDBE REQUIREMENTS

This Agreement is subject to the requirements of the U.S. Department of Transportation's regulations, 49 CFR Part 23. The Concessionaire agrees that it will not discriminate against any business owner because of the owner's race, color, national origin or sex in connection with the award or performance of covered by 49 CFR Part 23.

The concessionaire agrees to include the above statement in any subsequent concession agreement or contract covered by 49 CFR Part 23, that it enters and cause those businesses to similarly include the statement in further agreements.

20.1 PMGAA's Airport Concession Disadvantaged Business Enterprise (ACDBE) Program is race neutral. PMGAA encourages the use of ACDBEs and other small businesses in the performance of this concession opportunity. In order to be counted as an ACDBE, a small business must be certified as an ACDBE at time of award by a certifying agency within the Arizona Unified Certification Program (UCP).

20.1.1 Concessionaire shall make outreach efforts to carry out this policy during the term of the Agreement through award of subcontracts to small businesses and disadvantaged business enterprises to the fullest extent consistent with the sufficient performance of PMGAA's contract, and/or the utilization of ACDBE suppliers where feasible.

20.2 Record Requirements. Concessionaire is required to track and report to PMGAA all ACDBE and/or small business participation that occurs as a result of a contract, procurements, purchase orders, sublease, joint venture, goods/services or other arrangements involving sub-tier participation.

20.2.1 PMGAA reserves the right to validate the information submitted by Concessionaire with

the ACDBE firm listed and/or other certifying entities or licensing agents as part of the verification process.

20.2.2 Concessionaire shall submit to PMGAA periodic reports of subcontract and/or supplier awards to ACDBE firms in such form and manner and at such times as PMGAA shall prescribe. Concessionaire shall provide access to books, records, and accounts to authorized officials of PMGAA, and Federal agencies for the purpose of verifying ACDBE participation and outreach efforts to carry out the ACDBE Policy and Program. See **EXHIBIT 3** for current report requirement.

20.2.3 Prior to any work commencing by Concessionaire's ACDBE subcontractors/suppliers, Concessionaire shall provide PMGAA copies of all executed contracts with such ACDBEs for review of contract compliance with PMGAA's ACDBE Program.

20.3 Outreach Efforts. Throughout the term of this Agreement, and any extension thereof, Concessionaire shall demonstrate it has performed outreach efforts to solicit participation from certified ACDBEs and other small businesses. This requires Concessionaire to document the identification of potential business opportunities for ACDBEs, describe what efforts were undertaken to solicit for ACDBE involvement, results of negotiations with potential ACDBEs, and record the communications of Concessionaire's selection or non-selection of ACDBEs.

The actions taken to meet outreach efforts must be substantiated by written documentation and provided to PMGAA. A declaration that outreach efforts were made will not be sufficient to meet the burden of proof required.

20.4 Approved ACDBE Program. PMGAA's Airport Concession Disadvantaged Business Enterprise Program dated, October 2021 and approved by the FAA, all its terms and conditions is hereby incorporated into and made part of this Agreement by reference.

The approved ACDBE Program can be found at: http://www.gatewayairport.com. PMGAA reserves the right to revise the Program as required.

20.5 Amendments. PMGAA's ACDBE program shall also apply to any amendments to this Agreement that requires work beyond the scope of services originally required to accomplish the project. Concessionaire shall make outreach efforts to obtain ACDBE participation for additional scope(s) of services.

20.6 Enforcement. This Agreement and all subsequent subcontracts entered into as a result of this Agreement, are subject to the requirements, provisions, and enforcement actions of 49 CFR Part 26, Subpart F, Compliance and Enforcement, § 26.101 and 26.105 through 26.109.

Failure to comply with the requirements of SECTION 21 of this Agreement constitutes a breach of this Agreement subject to termination by PMGAA.

21. TITLE VI.

21.1 Civil Rights Act of 1964, Title VI – General

In all its activities within the scope of its airport program, the Concessionaire agrees to comply with pertinent statutes, Executive Orders, and such rules as identified in Title VI List of Pertinent Nondiscrimination Acts and Authorities to ensure that no person shall, on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance.

This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

If the Concessionaire transfers its obligation to another, the transferee is obligated in the same manner as the Concessionaire.

The above provision obligates the Concessionaire for the period during which the property is owned, used or possessed by the Concessionaire and the airport remains obligated to the Federal Aviation Administration.

21.2 Civil Rights – Title VI, List of Pertinent Nondiscrimination Acts and Authorities

During the performance of this contract, the Concessionaire, for itself, its assignees, and successors in interest (hereinafter referred to as the "Concessionaire") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

- Title VI of the Civil Rights Act of 1964 (42 USC § 2000d *et seq.*, 78 stat. 252) (prohibits discrimination on the basis of race, color, national origin);
- 49 CFR part 21 (Non-discrimination in Federally-Assisted programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964);
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 USC § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Section 504 of the Rehabilitation Act of 1973 (29 USC § 794 *et seq.*), as amended (prohibits discrimination on the basis of disability); and 49 CFR part 27 (Nondiscrimination on the Basis of Disability in Programs or Activities Receiving Federal Financial Assistance);
- The Age Discrimination Act of 1975, as amended (42 USC § 6101 *et seq.*) (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982 (49 USC § 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987 (PL 100-259) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act of 1990 (42 USC § 12101, et seq) (prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities) as implemented by U.S. Department of Transportation regulations at 49 CFR parts 37 and 38;
- The Federal Aviation Administration's Nondiscrimination statute (49 USC § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations);
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs [70 Fed. Reg. 74087 (2005)];
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 USC § 1681, et seq).

21.3 Civil Rights – Title VI, Compliance with Nondiscrimination Requirements

During the performance of this contract, the Concessionaire, for itself, its assignees, and successors in interest (hereinafter referred to as the "Concessionaire"), agrees as follows:

Compliance with Regulations: The Concessionaire (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

Nondiscrimination: The Concessionaire, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in the selection and retention of

subcontractors, including procurements of materials and leases of equipment. The Concessionaire will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.

Solicitations for Subcontracts, including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding or negotiation made by the Concessionaire for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Concessionaire of the concessionaire's obligations under this contract and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.

Information and Reports: The Concessionaire will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Sponsor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of a Concessionaire is in the exclusive possession of another who fails or refuses to furnish the information, the Concessionaire will so certify to the Sponsor or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

Sanctions for Noncompliance: In the event of a Concessionaire's noncompliance with the non-discrimination provisions of this contract, the Sponsor will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:
Withholding payments to the Concessionaire under the contract until the Concessionaire complies; and/or
Cancelling, terminating, or suspending a contract, in whole or in part.

Incorporation of Provisions: The Concessionaire will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations, and directives issued pursuant thereto. The Concessionaire will take action with respect to any subcontract or procurement as the Sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Concessionaire becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the Concessionaire may request the Sponsor to enter into any litigation to protect the interests of the Sponsor. In addition, the Concessionaire may request the United States to enter into the litigation to protect the interests of the United States.

21.4 Civil Rights – Title VI, Use and Access to Property

The following clauses will be included in deeds, licenses, permits, or similar instruments/agreements entered into by PMGAA pursuant to the provisions of the Airport Improvement Program grant assurances.
The Concessionaire for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree that (1) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land, and the furnishing of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the Concessionaire will use the premises in compliance with all other requirements imposed by or pursuant to the List of discrimination Acts And Authorities.

22. MISCELLANEOUS.

22.1 Personal Liability. No member of PMGAA or employee of either Party shall be charged personally or held contractually liable by or to the other Party under any term or provision of this Agreement because of any breach thereof or because of its execution or attempted execution.

22.2 No Waiver. No provision of this Agreement may be waived or modified except by a written instrument signed by the Party against whom such waiver or modification is sought.

22.3 Non-Waiver of Rights. No waiver or default by PMGAA of any of the terms, conditions, covenants or agreements hereof to be performed, kept or observed by Concessionaire shall be construed or act as a waiver of any subsequent default of any of the terms, covenants, conditions or agreements herein contained to be performed, kept or observed by Concessionaire, and PMGAA shall not be restricted from later enforcing any of the terms and conditions of this Agreement.

22.4 Amendment. This Agreement may be amended only by a written instrument executed by the Parties.

20.5 Cancellation. The Parties hereto acknowledge and agree that this Agreement may be cancelled pursuant to the provisions of ARS § 38-511.

22.6 Invalid Provisions. Should any provision of this Agreement or any application thereof shall be held invalid by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby, unless one or both Parties would be substantially and materially prejudiced.

22.7 Litigation Expenses. In the event of litigation between PMGAA and Concessionaire, the prevailing Party shall be entitled to recover its attorneys' fees and all costs and expenses of litigation, including witness fees, expert witness fees, and court costs.

22.8 Holding Over. If Concessionaire shall, without the written consent of PMGAA, hold over after the expiration or sooner termination of the Term of this Agreement, the resulting tenancy and concession privilege shall, unless otherwise mutually agreed, be on a month-to-month basis until such time as Concessionaire shall, upon THIRTY (30) calendar days advance written notice by PMGAA to Concessionaire, surrender the ATM Locations or PMGAA shall reenter the ATM Locations. During such month-to-month tenancy, Concessionaire shall pay rentals to PMGAA at a rate equal to ONE HUNDRED FIFTY PERCENT (150%) of the applicable fees and charges established herein and shall be bound by all of the additional provisions of this Agreement insofar as they may be pertinent.

22.9 Headings. The headings contained herein are for convenience in reference only and are not intended to define or limit the scope of this Agreement or any term thereof.

22.10 Approvals, Consents and Notices. All approvals, consents and notices called for in this Agreement shall be in writing, signed by the appropriate party, and may not be established solely by oral testimony.

20.11 Entire Agreement. This Agreement, including exhibits attached hereto at the time of its execution, constitutes the entire Agreement between the Parties hereto.

23. INCORPORATION OF RECITALS.

The recitals set forth above are acknowledged by the Parties to be true and correct and are incorporated herein by this reference.

IN WITNESS WHEREOF, the Parties have executed this Agreement the day and year first above written.

Board Action Item

Re: Resolution 23-46

To:	**Board of Directors**
From:	**Lori Collins, Director of Business and Economic Development**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**Vending Services Terminal Concession Lease Agreement – Compass Group USA, Inc.**
Date:	**September 19, 2023**

Proposed Motion

To Authorize a Vending Services Terminal Concession Lease Agreement with Compass Group USA, Inc., by and through its Canteen Division (Compass) for vending services located within Airport facilities that include the Charles L. Williams Passenger Terminal, Airport Administration Building, Gateway Aviation Services, and the Facilities Maintenance Building. The Agreement term is three (3) years, commencing on December 1, 2023, with one (1) two (2)-year extension option.

Narrative

The goal of the concession operation at the Phoenix-Mesa Gateway Airport Authority (PMGAA), is to provide an efficient, responsive, and professionally managed vending concession program to satisfy the needs of the traveling public at the Airport, while optimizing annual operating revenues for PMGAA and its automated vending concession service partner. The program will consist of private automated vending machines dispensing non-perishable items on the non-secure side of the terminal and in other Airport buildings.

The Request for Proposal (RFP) 2023-021-RFP was issued on May 17, 2023, for an Airport Vending Concessionaire to provide vending machine services within Airport facilities. This RFP was advertised in the Arizona Business Gazette on 5/25, 6/01, 6/08 and 6/15/23; posted on the Arizona Airports Association, ACI-NA, SWAAAE websites, as well as the Phoenix-Mesa Gateway Airport Authority Website. In addition, the RFP was emailed to a list of eight (8) prospective firms. PMGAA received two (2) proposals. The proposal from Compass was selected by the evaluation panel as the best proposal for the Airport based on the evaluation criteria.

Attachment(s)

Agreement

RESOLUTION NO. 23-46

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize a Vending Services Terminal Concession Lease Agreement with Compass Group USA, Inc., by and through its Canteen Division (Compass) for vending services located within Airport facilities that include the Charles L. Williams Passenger Terminal, Airport Administration Building, Gateway Aviation Services, and the Facilities Maintenance Building. The Agreement term is three (3) years, commencing on December 1, 2023, with one (1) two (2)-year extension option;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes a Vending Services Terminal Concession Lease Agreement with Compass Group USA, Inc., by and through its Canteen Division (Compass) for vending services located within Airport facilities that include the Charles L. Williams Passenger Terminal, Airport Administration Building, Gateway Aviation Services, and the Facilities Maintenance Building. The Agreement term is three (3) years, commencing on December 1, 2023, with one (1) two (2)-year extension option. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**
>
> Passed and adopted by the Authority this 19th day of September, 2023.

Walter Wilson, Chair

Phoenix-Mesa Gateway Airport Authority

TERMINAL CONCESSION LEASE AGREEMENT

(VENDING SERVICES)

This exclusive TERMINAL CONCESSION LEASE AGREEMENT (VENDING SERVICES) (the "Agreement") is made and entered into this FIRST (1st) day of DECEMBER 2023 (the "Effective Date"), by and between the **PHOENIX-MESA GATEWAY AIRPORT AUTHORITY**, a joint powers airport authority authorized and existing under the laws of the State of Arizona ("PMGAA"), and **Compass Group USA Inc. by and through its Canteen Division**, a Delaware Corporation ("Concessionaire"). PMGAA and Concessionaire may be referred to jointly as "Parties," and each separately as a "Party."

WITNESSETH:

WHEREAS, PMGAA is the owner and operator of the Phoenix-Mesa Gateway Airport, an airport and airfield property generally located at the intersection of Ray Road and Sossaman Road, City of Mesa, Maricopa County, Arizona (the "Airport"); and

WHEREAS, PMGAA has the right to lease, license and grant the use of property and facilities on the Airport and has full power and authority to enter into this Agreement in respect thereof; and

WHEREAS, vending services at the Airport are essential for proper accommodation of passengers arriving at and departing from the Airport and the provision of such services serves a public purpose; and

WHEREAS, PMGAA selected Concessionaire through a public Request for Proposal (RFP) process, solicitation number 2023-021-RFP, and desires Concessionaire's services as the operator of a successful VENDING CONCESSION business at and within the Airport's airline passenger terminal (the "Terminal"), in addition to other Airport locations listed herein, is willing to make space available for use by Concessionaire in connection therewith, and through a competitive process has deemed Concessionaire qualified to perform said services, and Concessionaire desires to perform and provide said services; and

NOW, **THEREFORE**, in consideration of the foregoing and of the mutual covenants and agreements herein contained, the Parties do hereby undertake, promise and agree, each for itself and its successors and assigns, as follows:

1. AGREEMENT.

1.1 General.

1.1.1 PMGAA hereby grants to Concessionaire, for the term and under the conditions herein provided, an exclusive and revocable right to enter upon and use the Airport (pursuant to the provisions of this Agreement) for the purpose of conducting its business as an Airport VENDING CONCESSIONAIRE from that certain space within the Airport that includes five (5) locations identified as Terminal Ticketing, Terminal Baggage Claim, Gateway Aviation Center, Administrative Breakroom, and the Facilities Maintenance Building and in total is comprised of approximately TWO HUNDRED THIRTY-SIX (236) square feet of concession floor space (the "Premises"), as depicted in **EXHIBIT A** which is attached hereto and made a part hereof. For purposes of this Agreement, the Terminal is that certain building located at 6033 S. Sossaman Road, Mesa,

Arizona, the Gateway Aviation Center is that certain building located at 5803 S. Sossaman Road, Mesa, Arizona, the Airport Administration building is that certain building located at 5835 S. Sossaman Road, Mesa, Arizona, and the Facilities Maintenance building is that certain property located at 6263 S. Taxiway Circle, Mesa, AZ as they presently exists or may subsequently be expanded in the future.

1.1.2 Concessionaire shall not engage in any other commercial revenue producing activity at the Airport that is in addition to or materially differs from the activity set forth in SECTION 1.1.1 and SECTION 1.2 herein prior to obtaining such written approval, without waiver or limitation of any other remedies of PMGAA at law or equity, Concessionaire hereby agrees to immediately cease said activity upon notice from PMGAA, and remit to PMGAA the sum equal to TWENTY PERCENT (20%) of gross billings for such unauthorized activity, plus any expenses incurred by PMGAA in the course of any audit conducted for all of Concessionaire's activities.

1.2 Reserved.

1.3 Concessionaire's Acknowledgement.

1.3.1 Reserved.

1.3.2 Reserved.

1.3.3 Concessionaire acknowledges and agrees that its obligations to pay rental fees and all other charges due and owing under the terms hereof shall, except as otherwise provided herein, be absolute and unconditional, and shall not be affected by any circumstances whatsoever, including, without limitation: (i) any set-off, counterclaim, recoupment, defense or other right which Concessionaire may have against PMGAA or the United States of America or anyone else for any reason whatsoever; (ii) any liens, encumbrances or rights of others with respect to the Premises; (iii) the invalidity or unenforceability or lack of due authorization or other infirmity of this Agreement or any lack of right, power or authority of PMGAA or Concessionaire to enter into this Agreement; (iv) any insolvency, bankruptcy, reorganization or similar proceedings by or against Concessionaire or any other person; or (v) any other cause, whether similar or dissimilar to the foregoing, any future or present law notwithstanding, it being the intention of the Parties hereto that all rent and fees being payable by Concessionaire hereunder shall continue to be payable in all events and in the manner and at the times provided herein.

1.4 Concessionaire's Rights. So long as Concessionaire shall timely pay the rental fees and other charges required to be paid and is not in default of any obligation hereunder, PMGAA hereby grants to Concessionaire the following rights:

1.4.1 A right to peaceably have and enjoy the use of the Premises without hindrance from PMGAA, and to occupy and use the Premises while in compliance with the terms and conditions of this Agreement. All other rights granted to Concessionaire under this Agreement are exclusive.

1.4.2 A right of ingress and egress to and from the Premises and the Terminal over Airport roadways, including common use roadways, driveways and public areas of the Airport, subject to any and all applicable rules and regulations established from time to time by PMGAA, the United States government, the State of Arizona, the City of Mesa, or other governmental entity, as applicable. Such rights of ingress and egress shall apply to Concessionaire's employees, guests, patrons, invitees, suppliers and other authorized individuals.

1.4.3 A right to install and maintain appropriate signs within and in proximity to the Premises at Concessionaire's own expense; provided, however, that the design, location, installation, modification and maintenance of such signs shall be subject to the prior written approval of PMGAA.

1.4.4 A right to obtain supplies and services at the Premises from suppliers, vendors or contractors of its choosing; provided, however, that all contracts entered into by Concessionaire for provision of labor and employment services shall require that personnel engaged by Concessionaire at the Premises

shall not be disruptive of other personnel or operations at the Airport and that such personnel shall at all times comply with the *Airport Rules and Regulations*.

1.5 PMGAA's Rights.

1.5.1 PMGAA reserves the right, in its sole discretion, to limit Concessionaire's sale of food, beverages and related items to those specified in **EXHIBIT B** attached hereto, and to other items as may be specifically approved for sale in writing by the Executive Director of PMGAA. In the event any question or dispute arises as to the sale of any specific item on the Premises, Concessionaire may submit a written request to the Executive Director to have the matter reviewed. The Executive Director shall give a decision in writing and such determination shall be considered as final and binding in the matter. Concessionaire shall abide by and conform to the decision of the Executive Director.

1.5.2 In addition to PMGAA's other rights set forth in this Agreement, PMGAA shall have the right (but not the obligation) to substitute Comparable Areas for all or any portion of the Premises, and any additions, alternations or improvements thereon, should PMGAA, in its reasonable discretion, determine that taking of the Premises, any portion thereof or any improvement thereon, is required for other Airport purposes and there exists no appropriate alternative. In the event PMGAA makes the determination to exercise its rights to substitute, all Concessionaire rights to and interest in the portion of the Premises taken shall immediately vest in PMGAA. Furthermore, PMGAA may require Concessionaire to vacate the portion of the Premises taken. For the purposes of this SECTION 1.5.2, the term "Comparable Areas" is defined to mean a space within the Terminal, or any additions or extensions thereof, similar in size to the Premises, brought to the same level of improvement as the Premises and having the same or similar usefulness to Concessionaire as the portion taken. PMGAA shall bear all expenses of bringing the substituted area to the same level of improvement as the Premises. If any of Concessionaire's improvements, equipment, furniture or fixtures cannot be relocated to the substituted premises, PMGAA shall replace, at PMGAA's expense, such non-relocatable improvements and other property with comparable property in the Premises, and PMGAA shall be deemed the owner of the non-relocated improvements and other property, free and clear of all claims of any interest or title therein by Concessionaire, or any other third party whomsoever. It is the specific intent of this SECTION 1.5.2 that Concessionaire be placed, to the extent possible, in the same position it would have been, had PMGAA not substituted new premises for the Premises; provided, however, that PMGAA shall not be obligated to reimburse Concessionaire for any damages, including lost profits or revenues, due to such substitution. Notwithstanding the foregoing, PMGAA shall use reasonable efforts to avoid disruption to Concessionaire's business.

2. TERM.

2.1 Initial Term. The term of this Agreement shall commence on the Effective Date and terminate THREE (3) years thereafter, on NOVEMBER 30, 2026 (the "Term"), unless sooner terminated as provided herein.

2.2 Renewal Term. Provided Concessionaire is not then in default of this Agreement and subject to approval of PMGAA, Concessionaire shall have the option of extending the Term for ONE (1) additional period of TWO (2) years (an "Extension"). Concessionaire may exercise an Extension by giving written notice to PMGAA of its desire to do so no later than ONE HUNDRED TWENTY (120) days prior to the expiration of the Term, as set forth in SECTION 2.1 herein or subsequently extended. If Concessionaire has properly notified PMGAA of its desire to exercise an Extension and PMGAA approves in writing, then Concessionaire's extension of the Term of this Agreement shall become effective and all references herein to the "Term" shall mean the initial term as extended.

2.3 Holding Over – Occupancy of Premises.

2.3.1 If Concessionaire shall continue to occupy any Premises specified herein, or otherwise continue to operate at, on or from the Airport after the expiration of the Term with PMGAA's written consent, this Agreement, with all its terms, covenants and conditions, will be deemed extended on a month-to-month basis, which shall then become the current Term of the Agreement. Either Party may terminate this holdover at any time by giving THIRTY (30) calendar days advance written notice of such termination to the other Party.

2.3.2 If Concessionaire shall continue to occupy any Premises specified herein, or otherwise continue to operate at, on or from the Airport after the expiration of the Term without PMGAA's written consent, such occupancy and/or operation shall be at sufferance in monthly intervals with amounts payable in advance and equal to TWO HUNDRED PERCENT (200%) of the immediately prior applicable Term Rent and other fees therefor. Concessionaire shall continue to be bound by all terms, covenants and conditions of this Agreement, until the time such holdover is concluded.

2.3.3 Nothing contained in this SECTION 2.3 shall be construed, however, to give any right of holdover and PMGAA may exercise any and all remedies, at law or in equity, to recover possession of the Premises specified herein, together with any damages incurred by PMGAA.

3. RENT AND FEES.

3.1 Rent. For and in consideration of the privilege and authorization herein granted, Concessionaire shall pay to PMGAA monthly rental for the Premises equal to the greater of the minimum annual guarantee ("MAG Rent") or percent of gross revenue ("Percentage Rent") specified below:

3.1.1 During the first Agreement year (defined as December 1, 2023 through November 30, 2024), – (subsequent Agreement years shall follow the same month and day dates) and beginning on the earlier of the date Concessionaire completes installation of any and all PMGAA approved improvements described in **EXHIBIT C** or December 16, 2023 (the "Date of Beneficial Occupancy" or "DBO"), Concessionaire shall pay monthly to PMGAA the greater of the MAG Rent amount of FOUR THOUSAND THREE HUNDRED SEVENTY-FIVE AND 00/100 DOLLARS ($4,375.00) or Percentage Rent equal to THIRTY PERCENT (30%) from food and beverages, and TWENTY PERCENT (20%) from specialized items, of gross revenue earned by Concessionaire at, on and from the Premises during the preceding month.

3.1.2 During the second Agreement year beginning on the TWELVE (12) month anniversary of the Effective Date, Concessionaire shall pay monthly to PMGAA the greater of the Revised MAG Rent ("Revised MAG Rent") or Percentage Rent equal to THIRTY PERCENT (30%) from food and beverages and TWENTY PERCENT (20%) from specialized items, of gross revenue earned by Concessionaire at, on and from the Premises during the preceding month. For purposes of this SECTION 3.1.2, Revised MAG Rent for agreement year TWO (2) shall be the greater of the previous Agreement years MAG Rent, or EIGHTY-FIVE PERCENT (85%) of the monthly average of Concessionaire's amount owed to PMGAA during the period of December 2023 thru November 2024 multiplied by TWELVE (12). In Agreement year THREE (3) and subsequent years Revised MAG Rent shall be calculated to equal the greater of the previous Agreement year's MAG Rent or EIGHTY-FIVE PERCENT (85%) of Concessionaire's amount owed to PMGAA during the period of September-August.

3.2 Rental Payments.

3.2.1 *MAG Rent*. Concessionaire shall remit its monthly MAG Rent payment to PMGAA, in advance and without any prior demand therefor and without any abatement, deductions or set offs whatsoever. Such payment shall be due and payable no later than the FIRST (1st) day of each month in which said payment is due (the "MAG Rent Due Date"), plus applicable taxes. MAG Rent payments received TEN (10) or more days after the MAG Rent Due Date shall be subject to finance charges and/or late fees, as provided in SECTION 3.4 herein.

3.2.2 *Percentage Rent*. In addition to MAG Rent, Concessionaire shall pay monthly to PMGAA, on or before the TWENTIETH (20th) day following the last day of the preceding calendar month (the "Percentage Rent Due Date"), a sum equal to the amount in which Concessionaire's gross revenue from the sale of Concessionaire's products during said preceding month multiplied by the applicable percentage specified in SECTION 3.1. Such payments, if any, shall include applicable taxes, as required by SECTION 3.5 herein.

a. For purposes of this Agreement, the term "gross revenue" shall mean the gross selling price (whether collected or not) for all final sales made in connection with Concessionaire's business operations under this Agreement, including the full amount of all orders for goods or services accepted by Concessionaire elsewhere, but to be filled or performed in, on, about or from the Premises, excluding: (i) any and all retail sales taxes, excise taxes, transaction privilege taxes or related direct taxes collected by Concessionaire in the course of making such sales; (ii) any fees or costs charged or deducted by third party credit card issuers, including but not limited to MasterCard and Visa; and (iii) receipts from the sale or trade-in value of any equipment used upon the Premises and owned by Concessionaire.

b. Promptly following the end of each calendar month and in no event later than the Percentage Rent Due Date, Concessionaire shall complete the "Monthly Activity Statement" form **EXHIBIT E** and submit to PMGAA, certified by an officer of Concessionaire, of its gross revenue from its operations at, on, about or from the Premises for the preceding month. Said statements shall also reflect the MAG Rent amount paid during the specific reporting period, and calculate the remaining Percentage Rent due to PMGAA, if any.

3.2.3 *No Waiver*. No payment to or receipt by PMGAA of a lesser amount than that which is due and payable under the provisions of this Agreement at the time of such payment shall be deemed to be other than a payment on account of the earliest payment due, nor shall any endorsement or statement on any check or payment prejudice in any way PMGAA's right to recover the balance of such payment or pursue any other remedy provided in this Agreement or by law.

3.3 Annual Reports. Within THIRTY (30) calendar days of the end of each Agreement year, Concessionaire shall provide PMGAA an accounting of its MAG Rent and Percentage Rent payments to PMGAA, including Concessionaire's gross revenue for the prior Agreement year (as defined in SECTION 3.1). If Concessionaire's required payments to PMGAA under this Agreement differ from amounts Concessionaire has actually paid, an adjustment shall be made as follows: (i) If Concessionaire shall have paid to PMGAA an amount greater than Concessionaire is required to pay for such previous Agreement year, Concessionaire shall be entitled to a refund or credit against Concessionaire's next payment for the amount of such overpayment, at Concessionaire's discretion; or (ii) if Concessionaire shall have paid an amount less than the amounts required to be paid during said period, then Concessionaire shall immediately pay such difference to PMGAA.

3.4 Finance Charges and Late Penalties.

3.4.1 If PMGAA shall receive payment for any rental or other fee from Concessionaire TEN (10) or more calendar days after the applicable due date, Concessionaire shall pay interest on the unpaid installment at the rate of EIGHTEEN PERCENT (18%) per annum (a "Finance Charge"), from such due date and continuing until payment is received by PMGAA in full.

3.4.2 In the event any payment is received by PMGAA more than TEN (10) calendar days after the due date, a late penalty of TEN PERCENT (10%) of the amount of such delinquent payment (a "Late Penalty") shall be due and payable in addition thereto.

3.5 Taxes. In the event any governmental authority shall impose a tax or imposition based upon any rental payments or any other sums paid or owing hereunder or the receipt of such payments by PMGAA, then, Concessionaire shall pay such amounts to PMGAA at the same time and in addition to payments hereunder, which amounts may include, but are not limited to, any or all rental, transaction privilege, sales, excise or other similar tax except income taxes. Concessionaire's obligation to pay such amounts together with any interest thereon and/or penalties therefor, shall survive the termination of this Agreement.

3.6 Payments – Rentals and Fees.

3.6.1 All payments of rentals, fees and charges specified in SECTIONS 3.1 through 3.5 herein shall be tendered in lawful currency of the United States, either by check or electronic transfer, and shall be free from all claims or setoffs of any kind against PMGAA. In the event technological advances make point of sale gross revenues reporting and payment transfers more economically feasible, PMGAA, after considering the economic impact to both Concessionaire and PMGAA, may revise how payment remittances are made. Any and all equipment and transmission changes necessary to accomplish the change in the reporting and/or remittance process will be the responsibility of Concessionaire.

3.6.2 Except as otherwise provided herein, all payments and reports required by this SECTION 3 shall be remitted to the following address by the due date(s) specified herein:

Phoenix-Mesa Gateway Airport Authority
Attn.: Department of Finance (Accounts Receivable)
5835 S. Sossaman Road
Mesa, Arizona 85212-6014

or such other address specified in writing by PMGAA to Concessionaire.

3.7 Performance Guarantee.

3.7.1 Concessionaire shall, on or before the Effective Date, provide to PMGAA an amount equal to TWO (2) months' MAG Rent or EIGHT THOUSAND SEVEN HUNDRED-FIFTY AND 00/100 DOLLARS ($8,750.00) (the "Performance Guarantee"), in order to guarantee Concessionaire's full and faithful performance of its covenants and obligations hereunder.

3.7.2 The Performance Guarantee, at the election of PMGAA, may be applied in reduction of any loss and/or damage sustained by PMGAA by reason of the occurrence of any breach, nonperformance, or default by Concessionaire under this Agreement without the waiver of any other right or remedy available to PMGAA at law, in equity or under the terms of this Agreement. If any portion of the Performance Guarantee is so used or applied, Concessionaire shall, within THIRTY (30) business days after written notice from PMGAA, deposit with PMGAA immediately available funds in an amount sufficient to restore the Performance Guarantee to its original amount. Unless this Agreement is terminated as a result of Concessionaire's default whereupon Concessionaire shall immediately forfeit its Performance Guarantee to PMGAA, upon termination, PMGAA shall return to Concessionaire all portions of the Performance Guarantee which were not otherwise applied by PMGAA as permitted above within THIRTY (30) calendar days thereafter. PMGAA shall have no obligation to maintain a separate account for such security deposit and shall have no obligation to pay interest thereon.

3.8 Survival. Concessionaire's obligation to pay all amounts herein stated, together with any interest thereon and/or penalties therefor, shall survive the termination of this Agreement.

4. RECORDS AND AUDITING.

4.1 Concessionaire Records.

4.1.1 With respect to its activities at the Premises and on the Airport, Concessionaire shall keep true and accurate records, books and data which shall show all sales made and services performed for cash or credit or otherwise, whether paid or not. Said records, books and data upon written PMGAA request, shall be made available for audit at the Airport, within TEN (10) business days after such request. PMGAA and its authorized representatives, whom are not competitors of Concessionaire, shall have the right at reasonable times and during business hours to inspect and examine records, books and other data as required to verify sales and billings as described in this Agreement.

4.1.2 Reserved.

4.2 PMGAA Audit Authority. In accordance with SECTION 4.1, PMGAA or its authorized representatives shall have the right to audit Concessionaire's records relating to billings, monthly rental payments reported and paid hereunder, and any other activity by Concessionaire on the Airport during the TWELVE (12) consecutive month period preceding the date of such audit. If PMGAA finds or determines that a discrepancy exists for the period of the audit, Concessionaire shall promptly pay the cost and expense of PMGAA's audit. For purposes of this Agreement, a "discrepancy" shall mean one where audited billings exceed reported billings by TWO PERCENT (2%) or more. The amount of any such deficiency established by such audit shall be conclusive and binding upon the Parties and shall be paid by Concessionaire no later than TEN (10) calendar days from the billing date.

5. IMPROVEMENTS AND ALTERATIONS.

5.1 Concessionaire's Acceptance. Concessionaire agrees to accept the Premises in an "as is" condition, and accepts financial responsibility for all improvements specified in SECTION 5.3 herein, and as required to make the Premises suitable for Concessionaire's business operations.

5.2 Authorization. Concessionaire shall make no improvements or alterations to the Premises during the Term of this Agreement without prior notice to and written permission of PMGAA. Concessionaire shall provide PMGAA with electronic, as-built drawings (or their equivalent) upon completion of any approved improvement or alteration.

5.3 Requirements – Initial Occupancy.

5.3.1 Beginning on the Effective Date, Concessionaire shall undertake to design and construct any and all PMGAA approved improvements and install all fixtures, equipment, and related items (collectively, the "Initial Improvements") to transform the Premises in accordance with the concession name and theme substantially similar to the corresponding rendering and floor plan reflected in **EXHIBIT C** herein. Construction plans for the Initial Improvements and any material changes thereto shall be submitted to and approved in writing by the PMGAA Business Development Department prior to execution, commencement of construction and/or submission to the City of Mesa for permit.

5.3.2 Schedules pertinent to the delivery and installation of materials, construction activities and other related work events shall be coordinated in advance with the PMGAA Department of Operations & Maintenance no less than FIVE (5) business days prior to their planned action, whenever possible. Concessionaire shall be responsible for ensuring that ongoing commercial airline and other business activities taking place within the Terminal during construction and installation of Concessionaire's Initial Improvements are not materially disrupted at any time.

5.3.3 Concessionaire shall complete construction and installation of the Initial Improvements to the Premises in time to permit business activities to commence fully within said Premises on the earlier of the DBO or December 16, 2023. If Concessionaire is unable to complete all Initial Improvements by said date for reasons beyond Concessionaire's reasonable control, then such completion date shall be extended by ONE (1) day for each day of such delay, as determined in PMGAA's sole and absolute discretion. Otherwise, Concessionaire's failure to complete said Initial Improvements and become operational by the aforementioned date may subject Concessionaire to the payment of a late opening penalty equal to ONE HUNDRED FOURTY FIVE AND 83/100 DOLLARS ($145.83)[this is 1/30th of the monthly MAG Rent] for each day Concessionaire's commencement of business operations is delayed beyond December 16, 2023, which shall become due and payable to PMGAA, in addition to any other rent and fees due, within FIVE (5) business days of PMGAA's written request therefor.

5.4 Reserved.

5.5 Title to Alterations and Improvements. PMGAA has no right, title, or interest to any vending machines, or any other equipment (collectively, "Equipment") or products provided by Concessionaire, and shall not assert or disturb rights, title, or interest to any Equipment, inventory, or other property furnished or installed by Concessionaire on the PMGAA's Premises. Title to all improvements and

alterations on the Premises, subject to the terms provided herein, shall vest in PMGAA upon the expiration of this Agreement, and Concessionaire agrees to execute and deliver to PMGAA, within a reasonable amount of time after PMGAA's request therefor, a quitclaim deed confirming that title to such improvements and alterations is vested in PMGAA.

5.6 Mechanic's Liens. Concessionaire shall keep the Premises and all improvements thereon free of any mechanic's or materialmen's liens or liens of any kind or nature. In the event that any such lien is filed, Concessionaire shall, at its sole cost, cause such lien to be removed from the Premises within THIRTY (30) calendar days of notice thereof.

5.7 Permit Required. Concessionaire shall be responsible for determining whether it is subject to local building codes or building permit requirements, and for compliance with them to the extent they are applicable. All structural, electrical, plumbing or mechanical construction or reconstruction shall conform to City of Mesa (hereinafter referred to as the "City") construction and technical codes. No such work shall be commenced without first submitting required plans and obtaining required permits from the City. All such work shall be permitted, inspected and approved by the City prior to concealment and/or use.

5.8 Damage or Destruction.

5.8.1 In the event of damage to or destruction to the Premises, such that other Terminal activities remain unaffected or minimally affected, Concessionaire shall give PMGAA notice thereof, and undertake appropriate repairs or other suitable actions to restore such Premises to their original, usable condition as expeditiously as possible, and, as a minimum, any and all insurance proceeds derived incident thereto shall be applied fully to such restoration. Should Concessionaire fail to complete said restorative actions within ONE HUNDRED TWENTY (120) calendar days after the occurrence of such damage or destruction, subject to any delay for reasons beyond Concessionaire's reasonable control, PMGAA may elect to terminate this Agreement; provided, however, PMGAA may not elect to terminate at any time when restoration, repair or replacement has been commenced and is being pursued with commercially reasonable diligence.

5.8.2 Should greater than FIFTY PERCENT (50%) the Terminal itself, including the Premises, be rendered untenable by fire or other casualty and PMGAA either cannot or elects to not complete restorative action within a reasonable period of time, Concessionaire shall have the option to terminate this Agreement. Further and during PMGAA's restorative activities, PMGAA shall abate all rental fees and other charges owed in connection with the damaged or destroyed Premises until such time as the Agreement is terminated or Concessionaire is able to recommence business operations therefrom.

6. MAINTENANCE, REPAIRS, SERVICES AND INSPECTIONS.

6.1 Maintenance. Concessionaire shall, at its sole expense, maintain the Premises, including all Initial and Refurbishment Improvements, furnishings and equipment therein, in good and safe repair and in a neat, clean and orderly condition throughout the Term of this Agreement.

6.2 Repairs. Any damage caused to the Premises or any PMGAA property by any act, omission or negligence of Concessionaire, its employees, invitees, suppliers or furnishers of service shall be repaired and restored to the condition existing prior to damage by Concessionaire at Concessionaire's sole expense in accordance with plans and specifications provided by Concessionaire to and approved by PMGAA. Should PMGAA find it necessary to make such repairs itself, Concessionaire shall pay PMGAA, as additional fees hereunder, the expenses of all repairs thereby incurred, as provided in SECTION 6.4.2 herein.

6.3 Services.

6.3.1 Concessionaire agrees to provide, at its own expense, such janitorial and cleaning services and supplies as may be necessary or required in the operation and maintenance of the Premises. Concessionaire also agrees to keep and maintain the Premises in a clean, neat and sanitary condition, and

attractive in appearance. In the event PMGAA determines, in its sole, reasonable discretion, that Concessionaire's janitorial and cleaning program is not acceptable or sufficient, then, PMGAA may, after reasonable notice to Concessionaire, seek to provide such services by other means. Concessionaire agrees to reimburse PMGAA no later than TWENTY (20) calendar days following written demand by PMGAA for any expenses incurred by PMGAA due to conditions at the Premises.

6.3.2 Concessionaire shall provide for the complete removal, sanitary handling and disposal of all trash, garbage and other refuse resulting from its business operations at, on, about or from the Premises to receptacles at locations specified by PMGAA.

6.4 Inspections. PMGAA, its authorized employees, agents, contractors, subcontractors and other representatives shall have the right, but not the obligation, at all reasonable times, to enter upon the Premises to:

6.4.1 Inspect the Premises during regular business hours (or at any time in case of an emergency) to ascertain the condition of the Premises and to determine Concessionaire's compliance with the terms of this Agreement and applicable other regulatory requirements. This right of inspection shall not imply or infer any duty of PMGAA to inspect, and shall impart no liability upon PMGAA for failure to inspect.

6.4.2 Perform or arrange to perform maintenance and repairs and replacements in any event when Concessionaire is obligated to do so under this Agreement and failed to do so within TEN (10) business days after written notice from PMGAA, or at any time with or without written notice in the event that PMGAA, in its sole discretion, deems that it is necessary or prudent to correct any condition likely to lead to injury or damage. If such maintenance, repairs or replacements are required to be made by Concessionaire under this Agreement, but are performed by PMGAA, then, Concessionaire shall pay PMGAA's entire cost and expense of performing such work as additional rent to PMGAA upon written demand therefor.

6.4.3 Perform any obligation of PMGAA under this Agreement and to make additions, alterations, maintenance and repairs to the Terminal, including its utility systems.

All entries by PMGAA, its authorized employees, agents, contractors, subcontractors and other representatives made pursuant to this SECTION 6.4, shall be without abatement of rent and/or fees, provided that such entries do not cause unreasonable interference with Concessionaire's business operations.

7. CONCESSIONAIRE'S COMPLIANCE.

7.1 Regulatory Compliance and Certification.

7.1.1 Concessionaire, its agents, employees, invitees, subcontractors and independent contractors shall comply with all directions, rules, regulations and operating procedures of PMGAA in effect or hereinafter promulgated, and shall observe and obey all ordinances of the City, as well as all federal and state statutes and regulations governing use of the Premises and Airport and Concessionaire's business activities thereon.

7.1.2 Reserved.

7.2 Operating Permits. Concessionaire shall furnish to PMGAA, prior to conducting any business or activities at, on or within the Premises and the Airport, copies of all operating permits required by the City, or any other government entity, if applicable.

7.3 Reserved.

7.4 Operating and Service Standards. Concessionaire shall operate its business from the Premises, and elsewhere as may be permitted by PMGAA from time to time. In addition, Concessionaire shall:

7.4.1 *Professional Management*. Designate a local representative experienced in management and supervision who has sufficient authority and responsibility to insure proper operation of the concession, to render decisions and to take all necessary action(s) in connection with this Agreement. Such a person (or

his or her authorized and designated representative) shall be available whenever the concession is in operation, and be contactable at all other times should emergencies arise. Such person also shall attend periodic Terminal Operations meetings at pre-arranged locations and times.

7.4.2 *Personnel.*

a. Maintain a sufficient number of trained personnel to ensure Concessionaire's customers receive prompt and courteous service at all times. All personnel of Concessionaire, while on or about the Premises, shall be polite, clean, uniformed and present a professional appearance at all times. Concessionaire shall not permit its agents, servants or employees (whether full-time, part-time or contract) to solicit business from the Premises or other Airport locations in any manner whatsoever, except through the use of signs approved by PMGAA.

b. Ensure all Concessionaire employees (whether full-time, part-time or contract) are at all times competent, experienced and properly licensed to perform their duties, as and if required by applicable federal, state and local laws, and obey all traffic laws and regulations. Said employees shall be under the direction of Concessionaire, who will be responsible for their conduct and performance that occurs within the Normal Course of Business, and shall conduct themselves with courtesy and dignity with the public interest of primary importance. Normal Course of Business shall mean and apply to all times that Concessionaire's employees are on PMGAA Premises and providing services as stated herein.

c. Promptly respond to and resolve any issue with any employee whose conduct PMGAA or its Executive Director feels is detrimental to the best interests of the Airport and PMGAA.

d. Not, during the Term of this Agreement, hire or employ, on a full-time, part-time or contract basis, any person or persons employed by PMGAA.

e. To the extent applicable under Arizona Revised Statutes (ARS) §41-4401, Concessionaire warrants compliance with all federal immigration laws and regulations that relate to Concessionaire's employees and compliance with the E-verify requirements under ARS §23-214(A). Concessionaire's breach of the above-mentioned warranty shall be deemed a material breach of this Agreement and may result in its termination by PMGAA. PMGAA retains the legal right to randomly inspect the papers and records of any employee who works under this Agreement to ensure Concessionaire is complying with the above-mentioned warranty.

7.4.3 *Scrutinized Business Operations.* Pursuant to ARS §§35-391.06 and 35-393.06, Concessionaire certifies that it does not have a scrutinized business operation in the Sudan or Iran. For purposes of this SECTION 7.4.3, the term "scrutinized business operations" shall have the meanings set forth in ARS §§ 35-391 and 35-393, as applicable. If PMGAA determines that Concessionaire submitted a false certification, PMGAA may impose remedies as provided by law, including termination of this Agreement.

7.4.4 *Public Service.* Ensure that its business operations at, on and about the Premises are conducted in a professional, first-class manner, and that all facilities, equipment, services and standards of operation are at least equal to the highest quality of service rendered by other companies of a like nature at other modern airport terminal facilities. The general public shall be given the highest consideration at all times in matters affecting the operation of this concession, and Concessionaire shall emphasize the tenets of "exceptional customer service," "quality products" and "value" in both its products offered for sale and during interaction with its customers.

7.4.5 *Hours of Operation.* Ensure all vending machines are available and stocked for customer use 24-hours daily and are kept in good operating condition at all times, such that the machines will satisfy all reasonable requests for service.

7.4.6 *Product Pricing.* Sell all retail, food and beverage items specified in **EXHIBIT B** for no more than average "street" prices charged for like-size and –quantity products in comparable airport

concessions, restaurants, fast food establishments, retail shops, etc. within the Phoenix, Arizona metropolitan area. Should Concessionaire desire to add items to those specified in **EXHIBIT B** or change prices specified therein by more than TEN PERCENT (10%) within a TWELVE (12) month period, Concessionaire shall seek advance written PMGAA approval therefor. PMGAA reserves the right to require Concessionaire to provide comparable "street" pricing from not less than THREE (3) locations acceptable to PMGAA when Concessionaire requests changes to **EXHIBIT B**, and at other times at PMGAA's sole and absolute discretion.

7.4.7 Reserved.

7.4.8 *Complaints by Public.* In the event Concessionaire receives (or PMGAA receives and forwards to Concessionaire) any written complaint concerning Concessionaire's operation of the concession, promptly respond to such complaint in writing within TEN (10) business days of its receipt and make a good-faith attempt to explain, resolve or rectify the cause of such complaint. Repeated complaints by the public concerning Concessionaire's services may be grounds for termination of this Agreement.

7.4.9 *Record-keeping.* Cause to be installed on the Premises and at all time use such accounting equipment, devices and forms as are reasonably necessary to record properly, accurately and completely all sales from and on the Premises of Concessionaire's products.

7.5 Condition of the Premises. Concessionaire shall keep the Premises, including all product displays and customer areas, organized, neat and clean at all times, so as to present a positive image to Airport patrons. All signage and notices posted within the Premises shall be professionally prepared and affixed in a safe, aesthetically pleasing manner, such that they complement the concession décor. No paper signs shall be taped to walls or structures anywhere within the Premises.

7.6 Surrender of Occupancy.

7.6.1 When this Agreement expires or is otherwise terminated in whole or in part as provided elsewhere herein, Concessionaire shall surrender the Premises and fixed improvements and operating facilities therein broom-clean and in a state of good repair, with the exception of reasonable wear and tear and damage by loss or casualty not covered by insurance which Concessionaire is required to maintain pursuant to this Agreement and not otherwise attributable to Concessionaire's fault or negligence.

7.6.2 Concessionaire shall be deemed to have abandoned to PMGAA any personal property and trade fixtures that it has failed to remove from the Premises within FIFTEEN (15) calendar days after the end of the Term of this Agreement, or the effective date of termination thereof, unless PMGAA grants additional time for this purpose in writing. During this period, Concessionaire shall remain responsible for monthly rental and other payment(s) to PMGAA until such time as the Premises are fully available to PMGAA for maintenance, renovation or re-letting to another concessionaire. After the expiration of the aforementioned FIFTEEN (15) business day period or any extension thereof granted by PMGAA, PMGAA shall have the right to remove the property of Concessionaire and restore the Premises to a satisfactory condition and hold Concessionaire liable for all costs incident thereto. In the event it is necessary for PMGAA to remove such property, PMGAA shall not sustain or be charged with any liability by reason of the removal or custodial care of same.

8. AIRPORT SECURITY PLAN.

8.1 PMGAA maintains an approved Airport Security Plan (the "Security Plan") pursuant to 49 CFR Parts 1540 and 1542. Concessionaire shall at all times comply with the Security Plan and the written and verbal directive issued by PMGAA supporting the Security Plan.

8.1.1 Concessionaire is responsible for maintaining security practices, facilities, and perimeter boundaries on their leasehold that meet the security standards set forth by PMGAA's Operations Department.

8.1.2 Concessionaire shall, to the fullest extent permitted by law, indemnify, defend, and hold PMGAA harmless for, from, and against any security violation committed by any agents, employees, invitees, subcontractors, or independent contractors of Concessionaire.

8.1.3 Concessionaire shall conduct and document all self-audits and self-inspections as required by the TSA or PMGAA's Operations Department and make such audits available for inspection.

8.1.4 Concessionaire shall designate a primary security coordinator to receive security - related briefings, bulletins, and sensitive security information.

8.1.5 PMGAA reserves the right to modify the Security Plan from time-to-time, as necessary, or as directed by the TSA. PMGAA Airport Operations shall notify the Concessionaire security coordinator regarding modifications that effect Concessionaire.

8.2 Airport Security Badge.

8.2.1 Concessionaire employees/contractors that require a badge shall be obligated to complete all training and comply with all security requirements and directives issued by PMGAA Operations Department, Transpiration Security Administration, or other entity having security jurisdiction at PMGAA.

8.2.2 Concessionaire, employees and contractors shall comply with all security-related audits, inspection, and screenings conducted by the PMGAA Operations Department.

8.2.3 Concessionaire will immediately return badges to the Airport Badging office when badge holders' employment is terminated, the badge is no longer needed, or the employee/contractor is on extended leave.

8.2.4 Misuse of a badge or security procedures will bring about punitive action including suspension or revocation of one or all badges.

9. TAXES, LICENSES AND PERMITS.

Concessionaire shall pay all taxes and assessments that may be levied or charged upon its property, equipment and activity hereunder, and shall secure and comply with all licenses and permits required by PMGAA or any other governmental authority exercising jurisdiction over its business or activities. Concessionaire shall also pay any taxes or assessments levied upon PMGAA as a result of Concessionaire conducting its business under the authority of this Agreement.

10. INSURANCE AND INDEMNIFICATION.

10.1 Insurance Coverage Required. Concessionaire shall at all times and prior to the Effective Date, at its sole expense, maintain in effect the insurance coverage set forth below, deliver a certificate of insurance for each policy to PMGAA and continue to provide such certificate(s) throughout the Term:

10.1.1 *Comprehensive General Liability* insurance in an amount not less than $1,000,000 per occurrence and $2,000,000 aggregate, covering third party bodily injury and property damage, and including coverage for "premises/operations," "products and completed operations," "professional," "host liquor" and "blanket contractual liabilities."

10.1.2 *Commercial Automobile Liability* insurance in an amount not less than $1,000,000 per occurrence ($2,000,000 per occurrence if operating within the AOA) covering all owned, non-owned and hire vehicles operated by Lessee on the Airport that are assigned to or used in the performance of commercial activities, or that are operated within the AOA. If any hazardous materials are transported within Airport boundaries in conjunction with the operator's business activities, an MSC-90 Endorsement is required.

10.1.3 *Workers' Compensation* insurance, as required by law, and *Employer's Liability* insurance in the amount of $1,000,000, covering work-related injuries to employees and others permitted to operate or otherwise conduct business at the Airport on Concessionaire's behalf.

10.1.4 *Intentionally Omitted.*

10.2 Insurance Form. Each insurance policy obtained pursuant to this SECTION 10, except for *Workers' Compensation* and *Employer's Liability* policies, shall: (i) name PMGAA as a certificate holder or an additional named insured; (ii) contain a provision that written notice of cancellation or modification thereof shall be given to PMGAA not less than THIRTY (30) calendar days before such cancellation or modification takes effect TEN (10) days in the case of nonpayment of premium); and (iii) contain a waiver of subrogation in favor of PMGAA. Concessionaire shall not permit any insurance policy to be canceled or modified without PMGAA's written consent unless equivalent replacement policies are issued with no lapse in coverage. All policies shall be obtained from insurance companies licensed to do business in the State of Arizona and possessing a rating of at least A - VII or higher from the A.M. Best Company, or an equivalent rating approved by PMGAA.

10.3 Indemnification. To the fullest extent permitted by law, Concessionaire shall indemnify, defend and hold PMGAA, its agents and employees, harmless for, from and against all liability, claims, damages, losses, expenses, and fines including attorneys' fees and costs of litigation, arising out of, sustained, or in any manner related to Concessionaire's use of and activities at the Airport or any part or appurtenance thereof. Concessionaire shall not be liable for any consequential damages and for claims arising by reason of the negligent or wrongful act of PMGAA, its agents or employees.

11. ASSIGNMENT.

11.1 Consent. Concessionaire shall not assign, transfer or encumber this Agreement in any manner, or any part hereof, or interest herein or sublease any of the Premises hereunder, except with the prior written permission of PMGAA and subject to whatever reasonable limitations and conditions may be required by PMGAA. Any other transfer, assignment or sublease shall confer no rights upon any third person or party, and such may be deemed by PMGAA, in its sole and absolute discretion, as a breach of this Agreement, rendering it null and void. No assignment or sublease shall relieve Concessionaire of any obligation under this Agreement unless otherwise agreed in advance, in writing by PMGAA. Notwithstanding the foregoing, this SECTION 11 shall not be interpreted to preclude the assignment of this Agreement to a parent, subsidiary or merged company, if such part, subsidiary or merged company assumes all rights and obligations of this Agreement. Written notice of such assumption shall be provided to PMGAA by the parent, subsidiary or merged company not less than THIRTY (30) calendar days prior to the effective date of such assignment.

11.2 Transfer Defined. For the purposes of this Agreement, a "transfer" shall be deemed to include the following: (i) if Concessionaire is a corporation, partnership, limited liability company, or other legal entity, the transfer of any ownership interest in such entity resulting in a change in the present control of such entity by the person or persons owning a majority of the ownership interest thereof as of the date of this Agreement; provided, however, if Concessionaire is a corporation whose stock is traded on a nationally recognized stock exchange, the transfer of Concessionaire's stock shall not constitute a transfer requiring PMGAA's consent; or (ii) the sale of TWENTY-FIVE PERCENT (25%) or more in value of the assets of Concessionaire.

11.3 Non-Disturbance. PMGAA agrees, for the benefit of all subtenants of all or any part of the Premises, that if this Agreement or Concessionaire's right to possession of the Premises is terminated for default or otherwise, all subleases of all or any part of the Premises, except any sublease to an affiliate of Concessionaire, shall continue in full force and effect notwithstanding the termination as direct leases or contracts between PMGAA and the subtenants and contractors, and all such subtenants and contractors upon request shall attorn in writing to PMGAA.

12. CANCELLATION PROVISIONS.

12.1 PMGAA's Right of Cancellation. Except as may be otherwise provided herein, PMGAA shall have the right to terminate this Agreement in its entirety if Concessionaire commits any one or more of the hereinafter listed events of default. If, within THIRTY (30) calendar days of receiving notice, Concessionaire has not corrected the event leading to termination as stated herein, PMGAA may terminate this Agreement

immediately. Thereafter, Concessionaire shall immediately cease its operations within the Premises and on the Airport and remove all of its employees and personal property therefrom:

12.1.1 If Concessionaire shall fail to pay any installment of rent or any other amount due from Concessionaire hereunder, provided that Concessionaire does not cure or initiate demonstrable corrective action for such failure within TEN (10) business days after delivery by PMGAA of a written notice of such failure.

12.1.2 If Concessionaire shall neglect or fail to perform, keep or observe any other terms, covenants or conditions herein contained and if such neglect or failure shall continue for a period of THIRTY (30) calendar days after delivery by PMGAA of a written notice of such default; provided, however, if a cure of the default reasonably requires more than THIRTY (30) calendar days to complete, then the time to cure shall be extended so long as the cure is being diligently pursued.

12.1.3 The taking by a court of competent jurisdiction of Concessionaire and its assets pursuant to proceedings under the provisions of any Federal or State reorganization or bankruptcy code or act.

12.1.4 The occurrence of any act which deprives the Concessionaire of the rights, licenses, permits and authorizations necessary for the proper and lawful conduct of the Concessionaire's business operations at, on, about or from the Airport.

12.1.5 If Concessionaire shall abandon all or any part of the Premises or shall discontinue the conduct of its operations in all or any part of the Premises for a period of THREE (3) consecutive days.

12.1.6 The filing of any mechanic's, materialman's or other lien or any kind against the Premises because of any act or omission of Concessionaire which lien is not discharged, by bonding or otherwise, within THIRTY (30) calendar days of receipt of actual notice thereof by Concessionaire.

12.1.7 Concessionaire receipt of THREE (3) written notices of default for violations of the Security Plan or *Airport Rules and Regulations* from PMGAA within a SIX (6) consecutive calendar month period.

12.1.8 A transfer or assignment occurs without PMGAA's prior written approval.

12.1.9 Concessionaire conducts its operations in such a manner as to threaten public safety, as determined by PMGAA in conformity with the laws and regulations of the State of Arizona and PMGAA.

12.1.10 PMGAA determines that Concessionaire willfully falsified any of its records or figures so as to deprive PMGAA of any of its rights under the terms of this Agreement.

12.2 Concessionaire's Right of Cancellation for Default. Concessionaire shall have the right to terminate this Agreement in its entirety upon THIRTY (30) calendar days advance written notice to PMGAA if one or more of the following events of default are committed by PMGAA:

12.2.1 The issuance by any court of competent jurisdiction of any injunction preventing or restraining the use of the Airport in such a manner as to substantially restrict Concessionaire from conducting its business activities at, on and within the Premises, which injunction is not caused by any act or omission of Concessionaire and such injunction remains in force for at least SIXTY (60) consecutive calendar days.

12.2.2 If Concessionaire is deprived of the use of all or a major portion of the Premises for THIRTY (30) consecutive calendar days or more, subject to the relocation or other applicable renovation provision provided for herein.

12.2.3 The assumption by the United States Government and the authorized agencies thereof, or any other governmental agency, of the operation, control or use of Airport facilities, including the Premises, or any substantial part or parts thereof in such a manner as to substantially restrict the conduct of Concessionaire's business thereto for a period of THIRTY (30) consecutive calendar days or more.

12.2.4 A breach by PMGAA of any of the terms and covenants or conditions within this Agreement. In the event of such a breach, Concessionaire shall have available all rights and remedies provided

at law or in equity, subject to the terms and conditions of this Agreement; provided, however, Concessionaire may not exercise any such right or remedy unless Concessionaire has notified PMGAA by written notice of such alleged default, and PMGAA has not cured such default within a THIRTY (30) calendar day period subsequent to receipt of such notice or, in the event such alleged default is of such a nature that it cannot be reasonably cured within such THIRTY (30) day period, PMGAA has failed to cure such alleged default with all due diligence. Notwithstanding anything to the contrary in this Agreement, in no event shall Concessionaire be entitled to terminate this Agreement or abate or offset any installment of rent or any other payments to be made by Concessionaire hereunder.

13. NONWAIVER.

PMGAA's right to revoke this Agreement shall be absolute. Any election by PMGAA to not enforce any provision of this Agreement, or any failure by PMGAA to exercise any of the remedies allowed PMGAA under this Agreement, shall not operate as a waiver by PMGAA of its right.

14. APPLICABLE LAW.

The laws of the State of Arizona, including its conflicts of law provisions, shall govern the matters set forth in this Agreement. Venue of any action brought under this Lease shall, at the option of PMGAA, lie in Maricopa County, Arizona.

15. RULES AND REGULATIONS.

Concessionaire shall at all times comply with all Federal, State and local laws, ordinances, rules, and regulations which are applicable to its operations, the Premises itself or the operation, management, maintenance, or administration of the Airport, including all laws, ordinances, rules and regulations adopted after the Effective Date. Concessionaire shall at all times comply with PMGAA's *Airport Rules and Regulations*, as applicable and as the same may be amended from time to time. A copy of PMGAA's *Airport Rules and Regulations* is attached hereto as **EXHIBIT D**. Concessionaire acknowledges and agrees that PMGAA may amend the *Airport Rules and Regulations* at any time in PMGAA's sole and absolute discretion. Concessionaire also shall display to PMGAA any permits, licenses, or other evidence of compliance with laws upon request.

16. CORPORATE AUTHORIZATION.

In executing this Agreement, Concessionaire represents and warrants to PMGAA that Concessionaire has obtained and been granted the full right, power and authority to enter into this Agreement.

17. NOTICES.

17.1 Notices required under this Agreement shall be in writing and delivered personally or by registered or certified mail, postage prepaid, addressed as follows:

TO PMGAA: Phoenix-Mesa Gateway Airport Authority
Attn.: Business Development Department
5835 S. Sossaman Road
Mesa, Arizona 85212-0919
Telephone: (480) 988-7649

TO CONCESSIONAIRE: Compass Group USA, Inc. DBA Canteen
Attn.: Shawn Grider, Division President
2643 N I-35E, Suite 200
Carrollton, TX 75006
Telephone: (602) 292-2518

17.2 Notice by certified or registered mail in the manner described above shall be deemed effective the day after its deposit in the mail.

18. PRIOR PERMITS.

Upon execution hereof, this Agreement shall supersede and cancel any prior agreement(s) between PMGAA and Concessionaire with respect to the business activities governed hereby. Concessionaire shall not construe PMGAA's execution of this Agreement as a waiver of any prior indebtedness or obligation to PMGAA under any prior agreement or license, nor does PMGAA waive any claim or cause of action arising therefrom.

19. ENVIRONMENTAL COMPLIANCE.

Concessionaire shall, at Concessionaire's own expense, comply with all present and hereinafter enacted environmental laws, rules and regulations and any amendments thereto, affecting or applying to Concessionaire's operations and activities at, on or within the Premises and the Airport.

20. MISCELLANEOUS.

20.1 Personal Liability. No member or employee of either Party shall be charged personally or held contractually liable by or to the other Party under any term or provision of this Agreement because of any breach thereof or because of its execution or attempted execution.

20.2 No Waiver. No provision of this Agreement may be waived or modified except by a written instrument signed by the Party against whom such waiver or modification is sought.

20.3 Non-Waiver of Rights. No waiver or default by PMGAA of any of the terms, conditions, covenants or agreements hereof to be performed, kept or observed by Concessionaire shall be construed or act as a waiver of any subsequent default of any of the terms, covenants, conditions or agreements herein contained to be performed, kept or observed by Concessionaire, and PMGAA shall not be restricted from later enforcing any of the terms and conditions of this Agreement.

20.4 Amendment. This Agreement may be amended only by a written instrument executed by the Parties, except that the product listing at **EXHIBIT B** may be updated at any time, upon mutual agreement of the Parties, without formal amendment but shall, upon said mutual agreement, become a valid **EXHIBIT B** replacement to this Agreement thereafter.

20.5 Cancellation. The Parties hereto acknowledge and agree that this Agreement may be cancelled pursuant to the provisions of ARS § 38-511.

20.6 Invalid Provisions. Should any provision of this Agreement or any application thereof shall be held invalid by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby, unless one or both Parties would be substantially and materially prejudiced.

20.7 Litigation Expenses. In the event of litigation between the Parties, the prevailing Party shall be entitled to recover its attorneys' fees and all costs and expenses of litigation, including witness fees, expert witness fees, and court costs.

20.8 Headings. The headings contained herein are for convenience in reference only and are not intended to define or limit the scope of this Agreement or any term thereof.

20.9 Approvals, Consents and Notices. All approvals, consents and notices called for in this Agreement shall be in writing, signed by the appropriate party, and may not be established solely by oral testimony.

20.10 Entire Agreement. This Agreement, including exhibits attached hereto at the time of its execution, constitutes the entire Agreement between the Parties hereto and supersedes all prior negotiations, understandings and agreements between the Parties concerning such matters.

21. ACDBE REQUIREMENTS.

This Agreement is subject to the requirements of the U.S. Department of Transportation's regulations, 49 CFR Part 23. The Concessionaire agrees that it will not discriminate against any business owner because of the owner's race, color, national origin or sex in connection with the award or performance of any concession agreement, management contract, or subcontract, purchase or lease agreement, or other agreement covered by 49 CFR Part 23.

The concessionaire agrees to include the above statement in any subsequent concession agreement or contract covered by 49 CFR Part 23, that it enters and cause those businesses to similarly include the statement in further agreements.

21.1 PMGAA's Airport Concession Disadvantaged Business Enterprise (ACDBE) Program is race neutral. PMGAA encourages the use of ACDBEs and other small businesses in the performance of this concession opportunity. In order to be counted as an ACDBE, a small business must be certified as an ACDBE at time of award by a certifying agency within the Arizona Unified Certification Program (UCP).

21.1.1 Concessionaire shall make outreach efforts to carry out this policy during the term of the Agreement through award of subcontracts to small businesses and disadvantaged business enterprises to the fullest extent consistent with the sufficient performance of PMGAA's contract, and/or the utilization of ACDBE suppliers where feasible.

21.2 Record Requirements. Concessionaire is required to track and report to PMGAA all ACDBE and/or small business participation that occurs as a result of a contract, procurements, purchase orders, sublease, joint venture, goods/services or other arrangements involving sub-tier participation.

21.2.1 PMGAA reserves the right to validate the information submitted by Concessionaire with the ACDBE firm listed and/or other certifying entities or licensing agents as part of the verification process.

21.2.2 Concessionaire shall submit to PMGAA periodic reports of subcontract and/or supplier awards to ACDBE firms in such form and manner and at such times as PMGAA shall prescribe. Concessionaire shall provide access to books, records, and accounts to authorized officials of PMGAA, and Federal agencies for the purpose of verifying ACDBE participation and outreach efforts to carry out the ACDBE Policy and Program. See **EXHIBIT F** for current report requirement.

21.2.3 Prior to any work commencing by Concessionaire's ACDBE subcontractors/suppliers, Concessionaire shall provide PMGAA copies of all executed contracts with such ACDBEs for review of contract compliance with PMGAA's ACDBE Program.

21.3 Outreach Efforts. Throughout the term of this Agreement, and any extension thereof, Concessionaire shall demonstrate it has performed outreach efforts to solicit participation from certified ACDBEs and other small businesses. This requires Concessionaire to document the identification of potential business opportunities for ACDBEs, describe what efforts were undertaken to solicit for ACDBE involvement, results of negotiations with potential ACDBEs, and record the communications of Concessionaire's selection or non-selection of ACDBEs.

The actions taken to meet outreach efforts must be substantiated by written documentation and provided to PMGAA. A declaration that outreach efforts were made will not be sufficient to meet the burden of proof required.

21.4 Approved ACDBE Program. PMGAA's most current Airport Concession Disadvantaged Business Enterprise Program and all its terms and conditions are hereby incorporated into and made part of this Agreement by reference.

The approved ACDBE Program can be found at: http://www.gatewayairport.com. PMGAA reserves the right to revise the Program as required.

21.5 Amendments. PMGAA's ACDBE program shall also apply to any amendments to this Agreement that requires work beyond the scope of services originally required to accomplish the project. Concessionaire shall make outreach efforts to obtain ACDBE participation for additional scope(s) of services.

21.6 Enforcement. This Agreement and all subsequent subcontracts entered into as a result of this Agreement, are subject to the requirements, provisions, and enforcement actions of 49 CFR Part 26, Subpart F, Compliance and Enforcement, § 26.101 and 26.105 through 26.109.

Failure to comply with the requirements of SECTION 21 of this Agreement constitutes a breach of this Agreement subject to termination by PMGAA.

22. TITLE VI.

22.1 Civil Rights Act of 1964, Title VI – General

In all its activities within the scope of its airport program, the Concessionaire agrees to comply with pertinent statutes, Executive Orders, and such rules as identified in Title VI List of Pertinent Nondiscrimination Acts and Authorities to ensure that no person shall, on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance.

This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

If the Concessionaire transfers its obligation to another, the transferee is obligated in the same manner as the Concessionaire.

The above provision obligates the Concessionaire for the period during which the property is owned, used or possessed by the Concessionaire and the airport remains obligated to the Federal Aviation Administration.

22.2 Civil Rights – Title VI, List of Pertinent Nondiscrimination Acts and Authorities

During the performance of this contract, the Concessionaire, for itself, its assignees, and successors in interest (hereinafter referred to as the "Concessionaire") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

- Title VI of the Civil Rights Act of 1964 (42 USC § 2000d *et seq*., 78 stat. 252) (prohibits discrimination on the basis of race, color, national origin);
- 49 CFR part 21 (Non-discrimination in Federally-Assisted programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964);
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 USC § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Section 504 of the Rehabilitation Act of 1973 (29 USC § 794 *et seq*.), as amended (prohibits discrimination on the basis of disability); and 49 CFR part 27 (Nondiscrimination on the Basis of Disability in Programs or Activities Receiving Federal Financial Assistance);
- The Age Discrimination Act of 1975, as amended (42 USC § 6101 *et seq*.) (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982 (49 USC § 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987 (PL 100-259) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act of 1990 (42 USC § 12101, et seq) (prohibit

discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities) as implemented by U.S. Department of Transportation regulations at 49 CFR parts 37 and 38;

- The Federal Aviation Administration's Nondiscrimination statute (49 USC § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations);
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs [70 Fed. Reg. 74087 (2005)];
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 USC § 1681, et seq).

22.3 Civil Rights – Title VI, Compliance with Nondiscrimination Requirements

During the performance of this contract, the Concessionaire, for itself, its assignees, and successors in interest (hereinafter referred to as the "Concessionaire"), agrees as follows:

Compliance with Regulations: The Concessionaire (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

Nondiscrimination: The Concessionaire, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Concessionaire will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.

Solicitations for Subcontracts, including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding or negotiation made by the Concessionaire for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Concessionaire of the concessionaire's obligations under this contract and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.

Information and Reports: The Concessionaire will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Sponsor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of a Concessionaire is in the exclusive possession of another who fails or refuses to furnish the information, the Concessionaire will so certify to the Sponsor or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

Sanctions for Noncompliance: In the event of a Concessionaire's noncompliance with the non-discrimination provisions of this contract, the Sponsor will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:
Withholding payments to the Concessionaire under the contract until the Concessionaire complies; and/or
Cancelling, terminating, or suspending a contract, in whole or in part.

Incorporation of Provisions: The Concessionaire will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations, and directives issued pursuant thereto. The Concessionaire will take action with

respect to any subcontract or procurement as the Sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Concessionaire becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the Concessionaire may request the Sponsor to enter into any litigation to protect the interests of the Sponsor. In addition, the Concessionaire may request the United States to enter into the litigation to protect the interests of the United States.

22.4 Civil Rights – Title VI, Use and Access to Property

The following clauses will be included in deeds, licenses, permits, or similar instruments/agreements entered into by PMGAA pursuant to the provisions of the Airport Improvement Program grant assurances.
The Concessionaire for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree that (1) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land, and the furnishing of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the Concessionaire will use the premises in compliance with all other requirements imposed by or pursuant to the List of discrimination Acts And Authorities.

23. INCORPORATION OF RECITALS.

The recitals set forth above are acknowledged by the Parties to be true and correct and are incorporated herein by this reference.

IN WITNESS WHEREOF, the Parties have executed this Agreement the day and year first above written.

EXECUTED to be effective on the date specified above.

June 27, 2023
Marian Whilden
Procurement Officer

Phoenix-Mesa Gateway Airport Authority
5835 S. Sossaman Rd.
Mesa, AZ 85212

Dear Marian,

Everything around us is changing, no matter the environment. As on-site snack and beverage options evolve, it's necessary to keep innovating. Our customized vending services do just that, offering an amazing variety of high-quality, delicious choices.

We keep guests energized by not only giving them a quick snack, but by providing fuel to keep them going. From great coffee to kickstart the morning to customized snacks for all-day grazing, we make it easy for people to keep moving forward.

Tailored localization. Your location is unique and your offerings should be, too. We'll work with you to create a customized vending program that highlights exceptional service, market trends and your one-of-a-kind needs.

Big business footprint, small business mindset. We're adamant about maintaining authenticity and product integrity, whether we're servicing one account or 100. Our team focuses on meaningful ways to improve the guest experience, from product sourcing to delivery and maintenance to merchandising. Our locally run operations are backed by the support and resources of a global organization, giving us the opportunity to excel in daily operations while driving innovation, technology and efficiency in cost. As the nation's oldest and largest vending company, we know how to get it done.

Always innovative. We're passionate about innovation that elevates the choices guests are excited about. We know speed, convenience and flexibility are qualities that matter to you, driving us to search for the latest in technology, wellness offerings and trend-forward products.

We appreciate the opportunity to transform the vending experience at Phoenix-Mesa Gateway Airport Authority. We're excited to share our variety of options and setup possibilities with you. Together, we will make your vending program the industry standard for innovation and customer experience. We look forward to partnering with Phoenix-Mesa Gateway Airport Authority.

Sincerely,

Michael Partyka

Michael Partyka • Operations Manager • Canteen

Attachment A
Offeror's Identification Statement

Provide the following information regarding the Offeror:
Note: Co-Offerors are two or more entities proposing as a team or joint venture with each signing the contract, if awarded. Sub-contractors or Operators are not Co-Offerors and should not be identified here. If this proposal includes Co-Offerors, provide the required information in Item #1 for each Co-Offeror by copying and inserting an additional sheet before Item #2)

1. Offeror Name: Compass Group USA, Inc. by and through its Canteen Divison
(Give exact legal name as it will appear on the contract, if awarded.)

Principal Address: 2400 Yorkmont Road

City: Charlotte State: NC Zip Code: 28217

Attachment B
ACDBE LLC/Joint Venture Information
(To be submitted with LLC/JV agreement for review)

If applicable: Complete the following on a separate sheet(s) with regard to the proposed LLC/JV. For items 4 through 13, please reference the applicable section and page of the LLC/JV agreement at the end of each response.

Maximum of 3 pages

1. Name of LLC/JV

2. Name, address, and phone number of LLC/JV contact person

3. Firms participating in LLC/JV
   Name of Firm
   Address
   Contact Name / Phone Number
   Percent Ownership
   ACDBE Certified? If certified, Certifying Agency Name
   Type of Work for which Certification was Granted

4. ACDBE Initial Capital Contributions

5. Future Capital contributions (explain requirements)

6. Source of funds for the ACDBE capital contribution
   (If capital contribution is through a loan or loans from the non-ACDBE partner, promissory note or loan agreement must be submitted.)

7. Describe the portion of work or elements of the business controlled by the ACDBE.

8. Describe the portion of work or elements of the business controlled by the non-ACDBE.

9. Describe the ACDBE's involvement in the overall management of the LLC/JV (e.g. participation on a management committee or managing board, voting rights, etc.).

10. Describe the ACDBE's share on the profits of the LLC/JV.

11. Describe the ACDBE's share in the risks of the LLC/JV.

12. Describe the roles and responsibilities of each LLC/JV participant with respect to managing the LLC/JV (use additional sheets if necessary):

    a. ACDBE joint venture participant
    b. Non-ACDBE LLC/JV participant

13. Describe the roles and responsibilities of each LLC/JV participant with respect to operation of the LLC/JV (use additional sheets if necessary):

    c. ACDBE joint venture participant
    d. Non-ACDBE LLC/JV participant

NOT APPLICABLE

14. Which firm will be responsible for accounting functions relative to the LLC/JV's business?

15. Explain what authority each party will have to commit or obligate the other to insurance and bonding companies, financing institutions, suppliers, subcontractors, and/or other parties?

16. Please provide information relating to the approximate **number** of management, administrative, support and non-management employees that will be required to operate the business and indicate whether they will be employees of the ACDBE, non-ACDBE or LLC/JV.

	Non-ACDBE Firm	ACDBE Firm	LLC/JV
Management			
Administrative			
Support			
Hourly Employees			

17. Please provide the name of the person who will be responsible for hiring employees for the LLC/JV.

18. Who will they be employed by?

19. Are any of the proposed LLC/JV employees currently employees of any of the LLC/JV partners? If yes, please list the number and positions and indicate which firm currently employs the individual(s).

20. Attach a copy of the proposed LLC/JV agreement, Promissory note or loan agreement (if applicable), and any and all written agreements between the LLC/JV partners.

NOT APPLICABLE

BUSINESS GROUP ON HEALTH
Best Employers for Excellence in Health & Well-Being 2023=

Our Values

Our company's foundation lies in six core values that are aligned with yours. These values highlight a standard of excellence upheld for more than 90 years. Our innovative approach to serving you the highest-quality products is just one benefit of our leadership.

SERVICE

We are dedicated to providing an unmatched level of service to all of our clients and customers.

INNOVATION

Our innovative offerings include sustainability programming, enhanced technology, specialized local offerings and forward-thinking recruitment opportunities.

QUALITY

We own our commissary network and promise to provide only the highest-quality products and to partner with reputable organizations – companies that source products locally, focus on sustainability and limit their use of antibiotics.

WELLNESS

We are committed to upholding standards of wellness in our workplace and yours. Our campaigns encourage healthy eating and plant-based solutions while minimizing waste.

LEADERSHIP

We bring industry-leading solutions in refreshment services, business intelligence and reporting capabilities, as well as nationwide partnerships, to the table.

PEOPLE

We believe the support, encouragement and dedication we provide to the well-being of our associates – as well as innovation to the clients and communities we service – is reflective of the excellent service we will provide.

2. List and briefly describe at least three (3) comparable clients serviced by your firm within the last ten (10) years or currently in progress. Include, at a minimum:

a. Project location

b. Contact start and end dates

c. Number and types of vending machines operated

d. Detail of services provided

Name of Customer	Contract Start Date	Contract Term	Concept	Contact
Worldwide Freight Services	2016	Ongoing	Vending	Joseph Aja jaja@wfs.aero | 602-826-5615
Arizona State Hospital	2012	Ongoing	Vending, Micromarkets, Coffee	Shanda Payne shanda.payne@azdhs.gov | 602-228-1521
Home Depot	2019	Ongoing	Vending, Micromarkets, Coffee	Kirk McDonald kirk_mcdonald@homedepot.com 623-203-8863

These references ARE confidential and proprietary to Compass Group USA Inc. (Compass). Any unauthorized dissemination to others outside your organization would irreparably harm Compass and entitle Compass to judicial equitable relief, including injunction and specific performance.

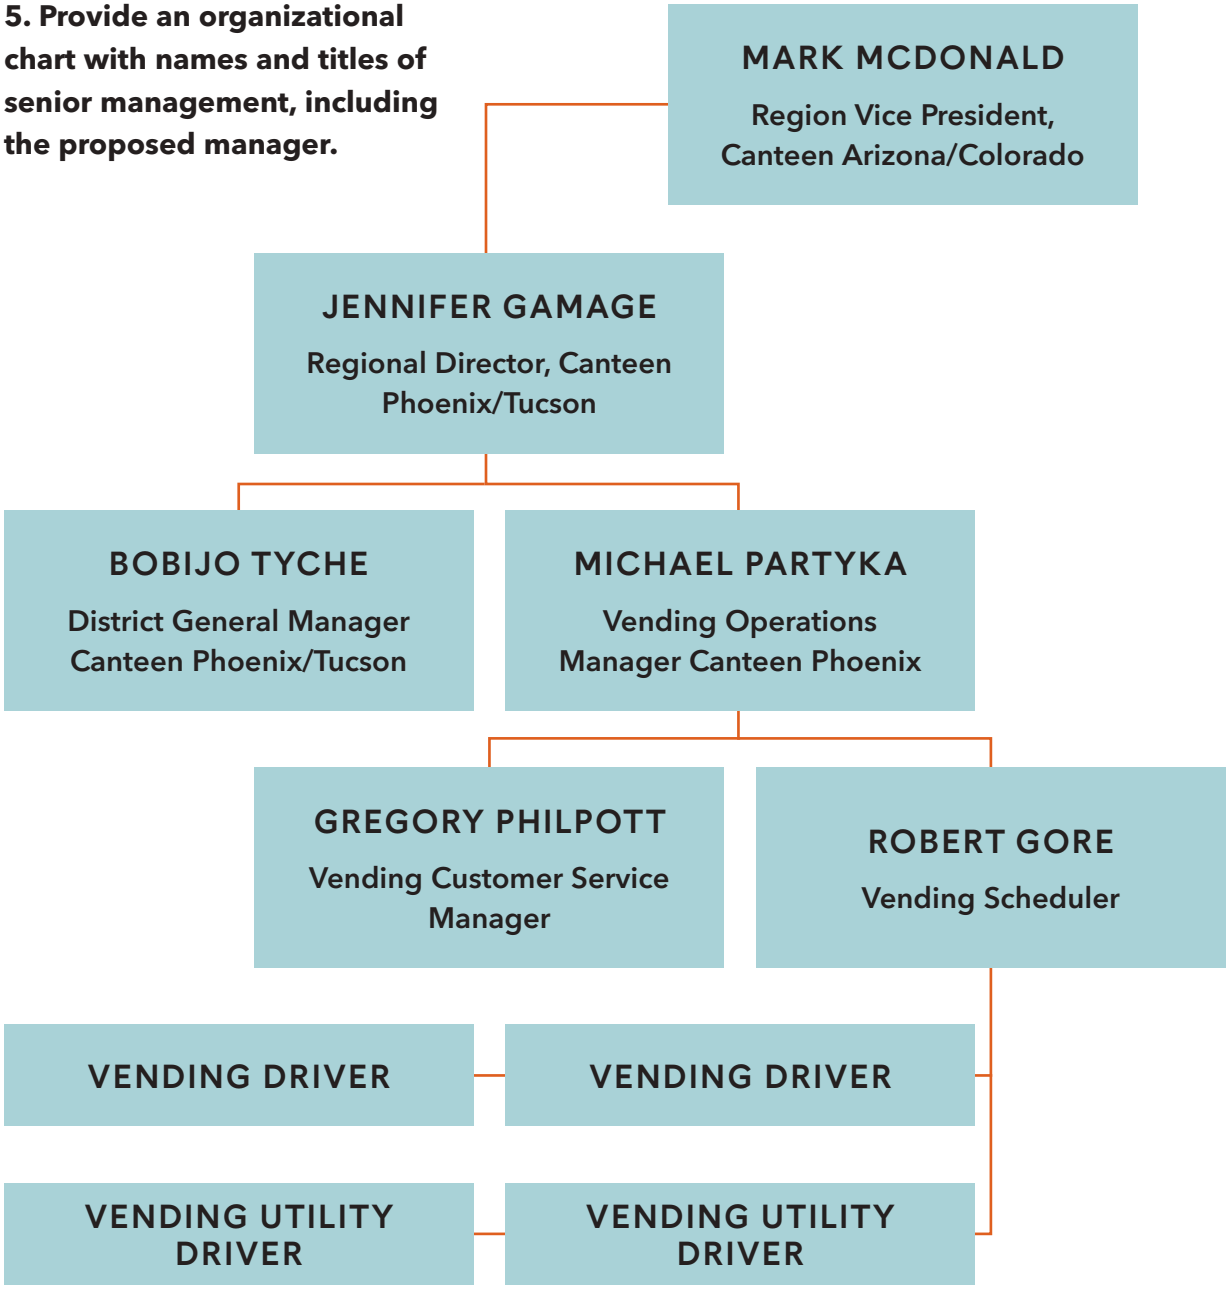
3. Complete Attachment K, Project Reference Questionnaire, for the above three (3) comparable clients listed under Tab C and, following instructions on the Attachment, provide the form to the references for completion. The forms should be emailed directly to PMGAA from the references, not from the Offeror. Completed forms received from an Offeror will not be accepted nor made part of an Offeror's submittal. Please note: PMGAA cannot provide a reference for current or past PMGAA projects.

All references submitted for the questionnaire via email directly ahead of the June 7th deadline.

4. Offeror's capability and intent to proceed without delay if selected for this work.

Canteen Phoenix is excited at the opportunity to continue our partnership with Phoenix-Mesa Gateway Airport, providing convenient food and beverage items that support airport travelers, aviation customers, employees and guests. We are prepared to continue service uninterrupted while we upgrade existing equipment and product offerings without delay.

5. Provide an organizational chart with names and titles of senior management, including the proposed manager.



6. List and describe:

a. Any litigation, arbitration and/or claims filed by your firm against any project owner as a result of a contract dispute

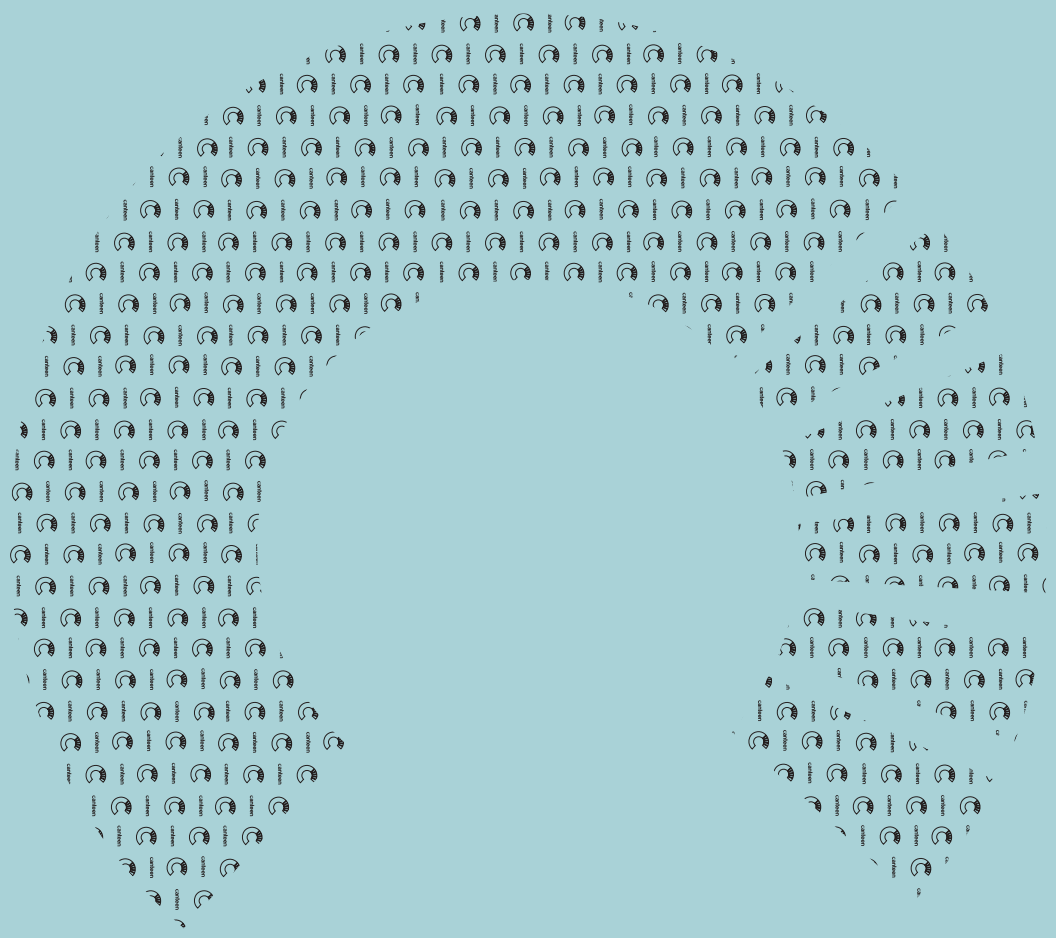
None.

b. Any claim filed against your firm

None.

c. Termination from a project

None.



Tab D – Concept and Product Offerings

1. Provide a complete description of vending program proposed

The Smallest Retail Store in the World

We specialize in unattended retail, designing solutions that provide intuitive and simple shopping while ensuring customers always have access to their favorite products. We use data analytics to keep top sellers readily available and rotate slow movers out for new and trending items, delivering the best possible experience through the world's smallest retail store.

Reliability

With help from our proprietary route accounting system, iVend, we know what you need when you need it. iVend provides instant access to product-specific sales and reports that enable us to make sure the right product is where it needs to be, when it needs to be there.

Each product we offer has a unique barcode or SKU assigned to it, allowing our route drivers to identify how each SKU is performing by handheld scanner. This vital insight lets our teams build the right product mix for every machine:

- Keep machines fully stocked:
  - Replace slow sellers with popular products
  - Customize product mix based on machine-specific data
  - Regularly introduce new items and rotate selections for increased variety
- Provide machine inventory tracking
- Automate cash auditing and credit collections
- Ensure reliable delivery processes through online route scheduling
- Provide accurate sales records using electronic data (DEX)
- Ensure accuracy of commission information

CANTEEN CONNECT

We make it easy to get in touch. Our vending machines feature a Connect label, allowing customers to connect directly to our app to access nutritional information, request service or a refund, and provide valuable feedback on the products and services offered. The Connect system lets us build reports and share insights tailored to your needs, continually identifying opportunities for improvement.

2. Provide drawings/photos of the vending machines proposed, any proposed encasements, and layout of machines in each location. Drawings should include dimensions of each proposed machine.

Solutions

From traditional machines to the latest AI-powered robot vendors, our equipment options will make your vending solution simple, accessible and adaptable to the unique needs of your guests:

We are excited to offer open market concept design for the Administrative Break Room. Our Pico market features cashless technology, with a diverse product selection in a space-saving design suitable for a smaller office area. Our market solution:

- Offers more than 250 items, including some cold food selections
- Accepts credit cards, plus mobile payment via our Connect & Pay app
- Facilitates fast and easy shopping
- Includes a loyalty program for purchases

Within the Smart Market, employees can earn points through each of their purchases made through their account. They can then redeem these points for cash toward their future purchases. For every penny spent, the employee earns one point.

What is the Loyalty Program?
The Loyalty Program is a rewards points system for consumers that use a Global Market Account (GMA). You accumulate points with each purchase, to redeem for cash back on your account (at Loyalty enabled locations).

How do I earn Loyalty Points?
By creating a GMA account and using that account to make purchases, you automatically earn points on select items at participating locations.

How can I use my Loyalty Points?
You may redeem your Loyalty Points for cash back to your account. You may redeem this cash towards future purchases. You can see your rewards points in the mobile app or online. They can be redeemed instantly when you have passed each loyalty threshold.

How many Loyalty Points do I earn per transaction?
Unless your market has set Point Multipliers for a product promotion, you will earn one point for every penny purchased.

What are the levels for redemption?

- 10,000 points = $1
- 15,000 points = $3
- 20,000 points = $5
- 30,000 points = $9

Are all locations required to have the Loyalty Program?
No. The kiosk operator has the power to choose whether they would like a location to have the Loyalty Program enable

2-35

3. Provide a list of items to be sold in each machine and at each location. Include:

a. Description

b. Sales price

c. Appeal and target market

Please see below.

Tab E – Financial Capability

1. Provide the most recent audited financial statements for Offeror

To: **Compass Group USA Business Partners**

Date: **January 10, 2023**

Sub: **Compass Group USA Financial Update**

Compass Group USA Inc. is a wholly owned subsidiary of Compass Group PLC (CGP), the global leader for contract catering services. Compass Group USA Inc. is the legal entity representing United States operations and is the parent company of Bon Appetit Management Co., Canteen One Inc., Crothall Services Group, CulinArt Group Inc., Eurest Services Inc., FLIK International Corp., Foodbuy LLC, Gourmet Dining LLC, Levy Restaurants, Morrison Management Specialists Inc., Restaurant Associates Corporation, SSC Service Solutions (Southeast Service Corporation), Wolfgang Puck Catering & Events LLC, and Unidine Corporation. Divisions of Compass Group USA Inc. include Canteen, Chartwells, Eurest Dining, Menus Catering, Occasions Caterers and Protocol Staffing Services.

Through a series of acquisitions and organic growth, Compass Group has become the market leader in North America with annual revenues in 2022 of $21.9 billion and an operating profit of $1.6 billion. Compass Group North America's revenues represent 67% of the CGP worldwide total. Compass Group has the privilege of serving such prestigious clients as IBM, United Technologies Corp., SAP, Louisiana State University and Texas A&M University. In addition, Compass Group provides catering to special events such as the U.S. Open and the Academy Awards®.

CGP was formed in 1987 to facilitate the management-led buyout of the Grand Metropolitan PLC catering division. During its 36-year history, CGP has grown significantly from a revenue and value perspective, with a current market capitalization of $44 billion. CGP trades on the London Stock Exchange under symbol CPG.L and is represented in the FTSE 100 Index. While Compass Group has experienced phenomenal growth, it remains a conservatively managed company with a strong credit rating. Access to the September 30, 2022, CGP annual report is available through the following link:

2022 Compass Group PLC Annual Report

You are encouraged to direct financial inquiries regarding Compass Group to my attention at our North America headquarters in Charlotte, North Carolina.

Sincerely,

Daniel Thomas
Senior Vice President and Treasurer
Compass Group, North America
2400 Yorkmont Road
Charlotte, NC 28217

Tab F –Proposed Minimum Annual Guarantee and Percentage Rent

Attachment C

Proposed Minimum Annual Guarantee and Percentage Rent

List in the spaces provided below, the Minimum Annual Guarantee (MAG) and Percentage Rent proposed for payment to PMGAA during the first full year of an awarded concession lease agreement. During this first year and each agreement year thereafter, the selected Offeror shall remit monthly to PMGAA the greater of 1/12th of the proposed MAG or the proposed Percentage Rent. During the second and subsequent years of the agreement, the MAG will be re-calculated to equal the greater of the previous year's MAG or 85-percent of the total payments made to PMGAA during the previous 12 calendar months.

Proposers are reminded that PMGAA has established both concession space and percentage rent minimums for this RFP. Accordingly, all proposed MAG and Percentage Rent amounts must equal or exceed those minimums, or the proposal will be considered non-responsive and rejected.

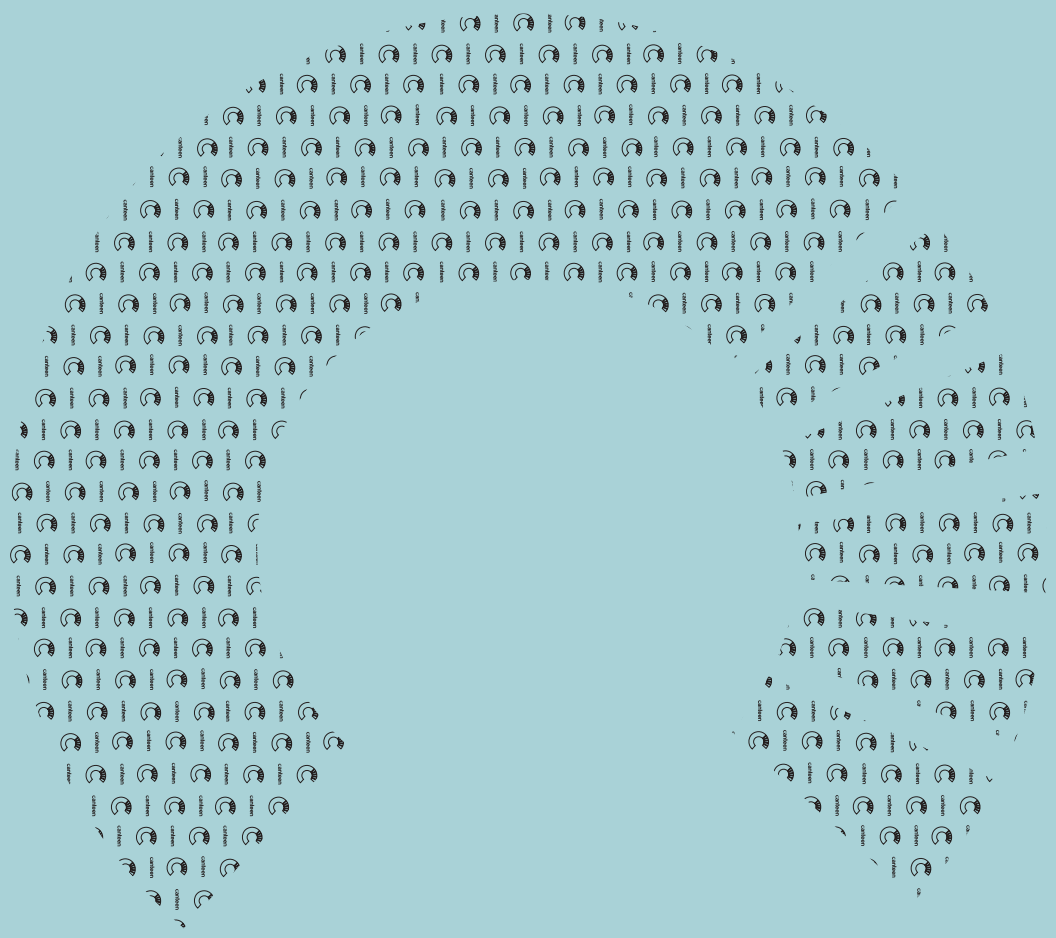
Minimum Annual Guarantee (MAG) Proposal

Locations	Total Space Requirement	Minimum Annual MAG Calculated	Offeror's 1st Year MAG Proposal/Offer
PMGAA Vending Concession Lease Spaces	236 sqft	$41,225.00	$52,500

Monthly Percentage Rent Proposal

Items	Minimum %	Offeror's Proposed Percentage Rent (0.5% increments only)
Food & Beverage (non-perishable)	27%	30%
Specialized (Electronics, Accessories, Personal Care)	15%	20%

We are excited to offer our proposed MAG equal to our projected annual percentage rent to continue our Partnership with Phoenix-Mesa Gateway Airport.



Tab G – Management and Operations

1. Provide a description of the management structure to be used in operating the proposed concession, including: A staffing and management plan for the concession space that will ensure adequate financial controls and vending supplies. a complete description of retail vending proposed

Canteen will provide a dedicated team with advanced systems to support all airport vend concessions.

BEST PEOPLE

- Dedicated route driver that will be on-site to clean, fill and stock machines with fresh products 6-7 days per week.
- At each product fill, the driver performs preventative maintenance, which includes coin testing, bill testing and a thorough cleaning of equipment.
- Our Route Driver Certification program includes classroom, on-the-job training and regular audits. With a track record for success, this program was adopted by the National Automatic Merchandising Association as the gold standard in the industry.
- We conduct preemployment and ongoing random drug and criminal history checks.
- Managers are trained to look for key indicators during the hiring process – more than a gut feeling.
- Monthly CHAT training sessions build teamwork and help to communicate new and important updates to the entire team.

TECH SUPPORT

Each machine is labeled clearly with a Canteen Connect service sticker. The sticker provides a toll=free number to address service malfunctions, refunds and an identification number specific to the machine. Once a call is placed, our dispatcher inputs relevant information into our Dynamics system. This system then auto-generates an open call to the technician responsible for the area.

At Gateway Airport, tickets will be required to be closed within 24 hours of reporting. Completion of ticket and notes regarding the service call are recorded and sent to the reporting party upon request.

Service technicians are on call 24/7 including weekends to provide technical support when it is needed most. Biannually, we send the area technician out to locations to perform a full preventive maintenance service. This includes cashless device cleaning, software upgrades, multiple test vends, coil cleaning and diagnostics of cooling equipment.

A contact email for our customer service team will be provided for any service requests or inquiries. Canteen will be fully responsible for issuing refunds for overcharges, defective product, machine malfunctions or incorrect product delivery.

SMARTSERVICE

You have a dedicated account manager to maximize service. Our SmartService generates live updates from our machines every six hours, informing us what has sold and when machines need maintenance. We analyze the selling data, using it to select the exact products needing replenishment in each machine, guaranteeing you have the right product mix at all times. With a heads up on maintenance needs, we can sub-route drivers, keeping them in a smaller geographic area for faster, more efficient service.

Food Safety

From Canteen's industry-leading food safety program for vending and unattended retail markets to USDA- and FDA-regulated commissary kitchens, our end-to-end approach to food safety includes a series of checks and balances to track results, measure compliance and build continuous improvement. Canteen's food safety standards are based on sound science, regulatory requirements and industry best practices.

All of the commissary kitchens in our network adhere to our retail fresh food program requirements, so you can be assured you're receiving products that meet the highest level of food safety, operational excellence and culinary professionalism. Our requirements include:

- Proper oversight and licensing with the appropriate federal, state and local regulatory agency of food processing for retail sale
- FDA/USDA registration for the facility
- Written and approved food safety plan, HACCP or FDA Food Safety Plan in place
- FDA-compliant retail labeling system
- Allergen management system that includes allergen labeling meeting Food Allergen Labeling and Consumer Protection Act regulations
- Effective environmental microbial monitoring in the processing environment
- Traceability system – Lot code tracing for recall purposes
- Annual audit from an independent third party for compliance with Good Manufacturing Practices and Preventive Controls

RISK REDUCTION

We identify and reduce product risk and the associated threat of foodborne illness and food-related injury through:

- Comprehensive standards and compliance with HACCP, U.S. Public Health, FDA and Restaurant and Foodservices Association recommendations
- Associate, driver and manager education and training
- Self-inspection
- Third-party audits
- Effective facilities design
- Vendor certification

FOOD SAFETY TRAINING

We reach beyond the technical minimums by providing extensive and ongoing training to our associates, reinforcing our food safety principles and practices on a daily basis to safeguard you and your guests. Our teams focus on:

- **Food supply and storage –** Proper labeling, dating, placement and product temperatures.
- **Proper food handling –** Preparation, delivery and service.
- **Standard operating procedures (SOPs) –** Adherence to SOPs, from farm to guest.
- **Record keeping –** Detailed records for optimal traceability.

We take thorough steps on a daily basis to ensure your food is protected from any potential hazards, and is a source of fuel and nutrition for your guests.

PURCHASING

Foodbuy vets all potential suppliers, scrutinizing facilities and products to minimize the risk of contamination.

All foods are purchased from the Managed Order Guide, a fully vetted group of suppliers that undergo continuous monitoring by the Quality Assurance Department for food safety, so you never have to wonder where your food came from.

RED ALERTS

The Quality Assurance Department monitors recalls and market withdrawals on a daily basis and issues Red Alerts regarding food and products that may be purchased or used by Compass Group businesses or by Foodbuy-committed customers.

CRISIS AND COMPLAINTS

Compass Group maintains a crisis management hotline – one call from an associate or manager will alert appropriate resources who provide a prompt and accurate response to minimize the impact on our clients and their businesses.

2. Provide a description of the revenue control system to be used at the Airport, including a description of the audit trail; such system shall, at a minimum, permit obtaining a monthly summary of sales by item or category.

IVEND TECHNOLOGY

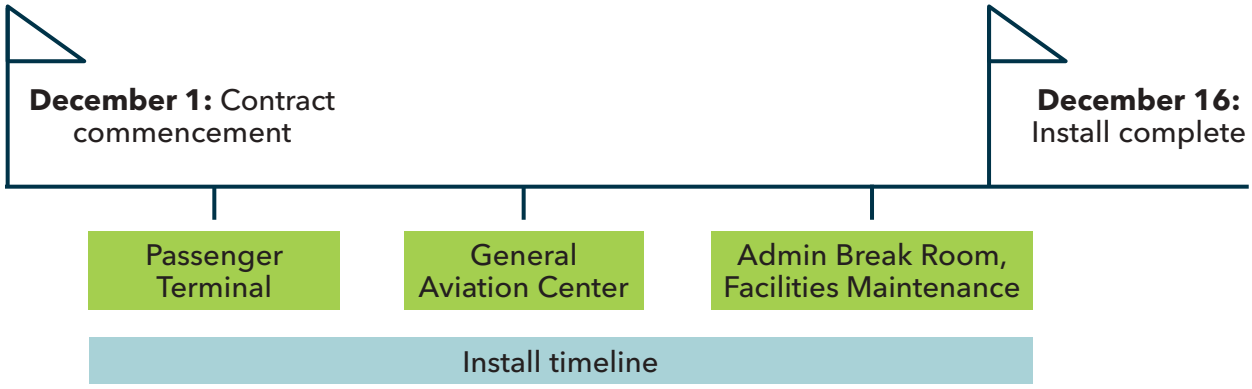
With help from our proprietary route accounting system, iVend, we know what you need, when you need it. iVend provides instant access to product-specific sales and reports enabling us to make sure the right product is where it needs to be, when it needs to be there. Each product we offer has a unique bar code number, or SKU, assigned to it, allowing our route drivers to identify how each SKU is performing by hand-held scanner. This vital insight lets our teams build the right product mix for every machine, plus these extras:

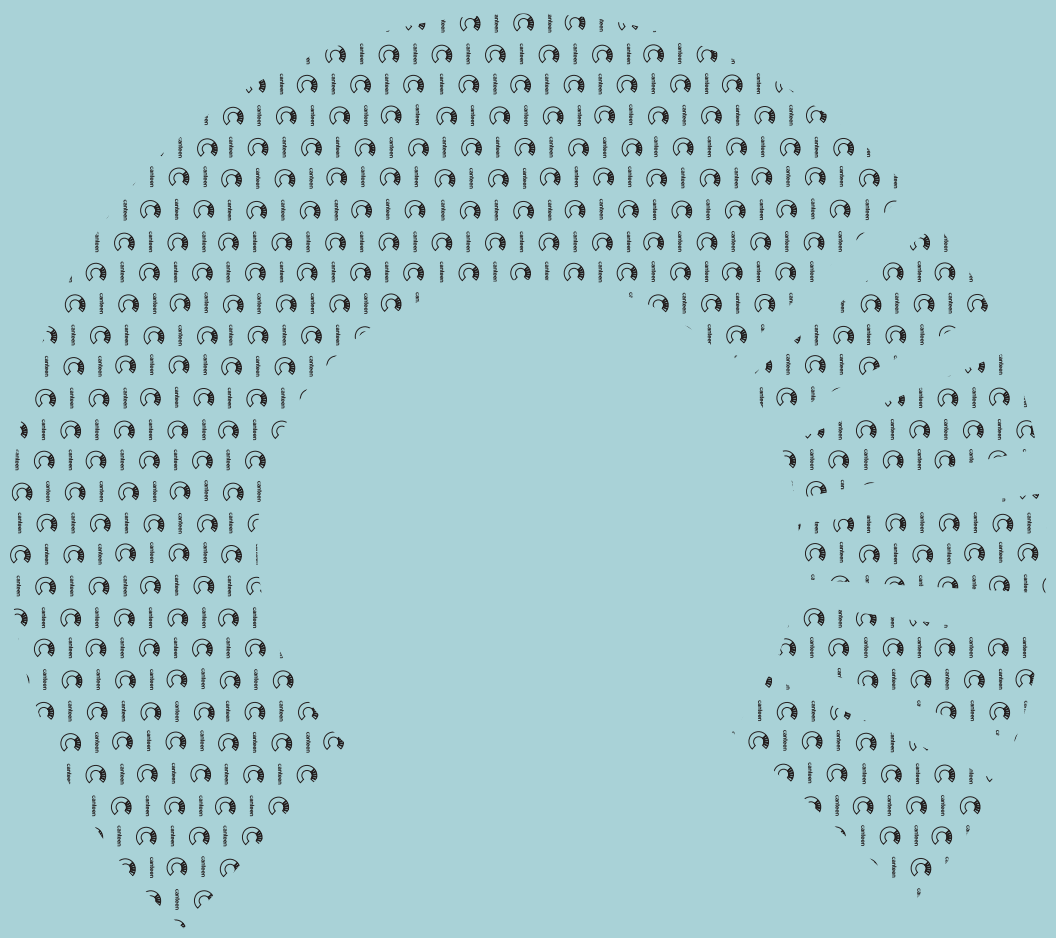
- Replace slow sellers with popular products
- Keep machines fully stocked
- Customize the product mix based on machine-specific data
- Regularly introduce new items and rotate selections for more variety
- Reliable delivery processes through online route scheduling
- Provide machine inventory tracking
- Cash auditing and credit collections via cash room automation and card processor integration
- Accurate sales recognition by using electronic data (DEX) from vending machines
- Ensure accuracy of commission information
- System is capable of providing sales data by item or category

Tab H – Transition Plan

Provide a transition plan, that includes a time schedule, for implementing the proposed Vending Concession program. Contract commencement is December 1, 2023. Complete installation and operation of all equipment must be no later than December 16, 2023.

Canteen is excited to provide an upgraded experience for vending services within the airport areas. We ensure a successful transition with our detailed process to upgrade accounts. Our methodical approach ensures that we have a seamless transition with continuity of service that is least disruptive for travelers and employees





Tab I –Airport Concession Disadvantaged Business Enterprise (ACDBE)

If Offeror is not a certified ACDBE by the Arizona UCP, Offeror shall submit the following. If Offeror is a certified ACDBE by the Arizona UCP, then it shall be deemed to have met these requirements and no submittal information for this section is required.

1. Documentation of Outreach Efforts

a. Copy of notification sent to ACDBE firms and small businesses that the Offeror has identified opportunities to participate in the project and is requesting bids/quotes/ proposals. This should include the scope of work to be bid/quoted/proposed on and performed on the project.

b. Documentation of each ACDBE firm and small business contacted and the response of the ACDBE firms / small businesses or other action taken as a result of the contact. Documentation of contact with ACDBE firms / small businesses may include, fax logs, telephone logs, mail receipts, etc. including documentation of the number of times that firms were contacted, the dates of contact, the name, phone number, fax number, and address of the contact person associated with each ACDBE firm / small business.

c. Documentation of responses/quotes from all ACDBEs / small businesses who bid/ quoted/proposed to perform work and/or participate on the project in the areas that ACDBE firms / small businesses were also bidding/quoting/proposing on, including information regarding the reasons why ACDBE / small business bids/quotes/proposals were not considered or chosen.

d. Any additional documentation Offeror may have that demonstrates outreach efforts were made.

2. Complete Attachment D.

3. For any proposed joint ventures, a draft joint venture operating agreement must be submitted with offeror's proposal.

Please see the next four pages.

DocuSign Envelope ID: E5B72389-409A-4DE2-A9ED-7C51B5FBD432

Attachment D
Proposed ACDBE and Small Business Participation

To be completed by the Offeror for ACDBE / Small Business participation – if none, state "NONE" in the first field in the table below
Offerors must submit outreach documentation in addition to this Attachment C even if no participation by ACDBEs / SBEs

Name of Offeror Canteen Vending **Vending Concessions at Phoenix Mesa Gateway Airport Authority**

Terrance/Donavon,

We will be bidding on the Mesa Gateway Airport vending concessions. Your company was identified as a possible partner/supplier for this bid. We are looking to have our new vehicles that will be servicing this account vinyl wrapped. We also have aging wraps on vehicles on-site I will also need wrapped. Can you please provide a quote for to wrap our vehicles. Most vehicles are standard F-350 chassis with a 16ft box. The vinyl material itself is provided due to proprietary images. Quote would just be for cost of installation. Please call me with any questions or if you would like to view our fleet.

Thank you for your time.

Attachment E
Standard Certifications

Complete Attachment E by checking the applicable box(s) and/or providing responses.
Failure to complete this Attachment E in its entirety and submit with Offeror's proposal will result in Offeror's submittal being deemed nonresponsive and not evaluated.

If Offeror cannot affirmatively certify to statement numbers 1 and 2 below, Offeror's submittal will be rejected and will not be evaluated.

1. Offeror hereby ☑ certifies ☐ does not certify
That this engagement, if selected, will not result in a conflict of interest.

2. Offeror hereby ☑ certifies ☐ does not certify
That the firm, and proposed team members, meet the Minimum Requirements/Qualifications as stated in Section Two B, of this RFP.

If Offeror cannot affirmatively certify to statement number 3 below, PMGAA will consider Offeror's written response to determine if it's submittal will be accepted and be evaluated.

3. Offeror hereby ☑ certifies ☐ does not certify
That it has no known business or financial relationships between Offeror or Offeror's firm and members of the PMGAA Board.

If Offeror does have known business or financial relationships, please list them below:

Attachment H

Insurance Requirements and Certificate of Insurability

During the term of this Contract, Offeror shall maintain in full force at its own expense, each insurance noted below normally associated with the goods and materials and/or services covered by this Contract:

GENERAL LIABILITY ☒ Required by PMGAA ☐ Not required by PMGAA

General liability insurance with limits no less than **$1,000,000** per occurrence and **$2,000,000** general aggregate for Bodily Injury and Property Damage. It shall include contractual liability coverage for the insurable portions of the indemnity provided under this Contract. Any supplementary payments, including defense costs, shall be in addition to the policy limits. It shall provide that the Phoenix-Mesa Gateway Airport Authority, its agents, officials, officers and employees are Additional Insureds but only with respect to the Offeror's services to be provided under this Contract.

AUTOMOBILE LIABILITY ☒ Required by PMGAA ☐ Not required by PMGAA

Automobile liability insurance with a combined single limit, or the equivalent, of not less than
☐ **$200,000** ☐ **$500,000** ☒ **$1,000,000** ☐ **$2,000,000**
for each accident for Bodily Injury and Property Damage, including coverage for owned, hired or non-owned vehicles, as applicable. Certificate of insurance as insurance as ~~P~~proof of coverage may be required. All vehicles used by Offeror on PMGAA property shall carry appropriate proof of insurance.

PROFESSIONAL LIABILITY ☐ Required by PMGAA ☒ Not required by PMGAA

Professional liability insurance with a combined single limit, or the equivalent, of not less than
☐ **$200,000** ☐ **$500,000** ☐ **$1,000,000** ☐ **$5,000,000**
for each claim, incident or occurrence. This is to cover damages caused by error, omission or negligent acts related to the professional services to be provided under this Contract. Only a certificate is required.

WORKERS' COMPENSATION ☒ Required by PMGAA ☐ Not required by PMGAA

The Offeror shall maintain Workers' Compensation insurance with statutory limits as required by the State of Arizona and Employer's Liability insurance in the amount of *One Million Dollars ($1,000,000)*. The policy shall contain a waiver of subrogation in favor of PMGAA.

COMMERCIAL PROPERTY INCLUDING BUSINESS INTERRUPTION ☒ Required by PMGAA ☐ Not required by PMGAA

Commercial Property Insurance including Business Interruption insurance covering actual loss sustained or 12 month's loss of income from operations/activities occurring on the Airport due to fire or other catastrophe.

CERTIFICATES OF INSURANCE AND ENDORSEMENTS.

Check one or both if insurance is required: ☒ Certificate Required
☒ Endorsement Required

As evidence of the insurance coverages required by this Contract, the Offeror shall furnish industry standard or other acceptable insurance certificates and required endorsements to PMGAA prior to commencement of any work under this Contract. For work performed under this Contract, the ~~insuring~~ company's certificates of insurance and required additional insured endorsements shall ~~be endorsed to~~ include ~~the following additional insured language: "~~The Phoenix-Mesa Gateway Airport Authority shall be included ~~named~~ as an additional insured with respect to the commercial general liability policy required herein arising out of the activities performed by, or on behalf of Offeror."~~ If requested, complete copies of insurance policies, trust agreements, etc. shall be provided to PMGAA~~. The Offeror shall be financially responsible for all pertinent deductibles, self-insured retentions and/or self-insurance.

NOTICE OF CANCELLATION OR CHANGE.

There shall be no cancellation, material change, reduction of limits or intent not to renew the insurance coverage(s) without thirty (30) days' written notice from the Offeror or its insurer(s) to PMGAA.

Phoenix-Mesa Gateway Airport

Attachment H (Continued)

Offeror hereby certifies that as an Offeror to PMGAA's Solicitation 2023-021-RFP for Airport Vending Services for Phoenix-Mesa Gateway Airport, Offeror is fully aware of Insurance Requirements as specified in this Attachment H as well as those contained in the sample Terminal Concession Lease Agreement (Exhibit 4) and by the submission of this RFP submittal, Offeror hereby assures PMGAA that Offeror is able to produce the insurance coverage required should Offeror be selected to be awarded the Terminal Concession Lease Agreement.

Should Offeror be awarded the Terminal Concession Lease Agreement by PMGAA, and then become unable to produce the insurance coverage specified within ten working days, Offeror is fully aware and understand that PMGAA may not consider Offeror for this and future projects.

Agreement Review Statement

As an Offeror to PMGAA's Solicitation 2023-021-RFP, Airport Vending Services, Offeror hereby certifies that Offeror has reviewed the PMGAA sample Terminal Concession Lease Agreement (Exhibit 4) and Section Three, Standard Terms and Conditions and have listed any objections to them below. The response shall clearly identify if the attached sample Terminal Concession Lease Agreement is acceptable in all respects. If the Agreement is not acceptable, the response shall identify the unacceptable clauses and shall provide suggested alternate language. General or vague statements or invitations to discuss further are not adequate answers.

Offeror is aware any objections to the sample Terminal Concession Lease Agreement (or to Section Three, Standard Terms and Conditions) will be considered and included in PMGAA's evaluation of my firm's qualifications. Offeror is also aware, if Offeror fails to list any objections to PMGAA's sample Terminal Concession Lease Agreement, including the Standard Terms and Conditions, Offeror will not be allowed to raise any objections later if selected as the most qualified Offeror.

Specific Objections:

As you may already be aware, Canteen and PMGAA are currently parties to an existing agreement. We are confident that we will be able to continue our partnership with PMGAA to develop an agreement that mirrors the terms of the existing agreement between the parties. Accordingly, Canteen's proposal is subject to and conditioned upon the negotiation of a mutually agreeable resulting agreement between the parties.

Sample Lease Agreement, Section 10.3 - Canteen requests to revise the language in the foregoing section with the following to mirror the language in the existing agreement:
Each party shall indemnify, defend, and hold harmless the other from any and all losses, damages, or expenses, including reasonable attorneys' fees, arising out of or resulting from claims or actions for bodily injury, death, sickness, property damage, any breach or default hereunder, or other injury or damage if caused by any negligent act or omission of such party (except to the extent. caused by the negligent act or omission or breach or default of the other party, its employees, or agents). Notification of an event giving rise to an indemnification claim must (a) be received by the indemnifying party no later than ten (10) days after the party to be indemnified receives notice of the claim or lawsuit accompanied by copies of the summons, complaint, or other relevant documents relating to the claim or lawsuit; and (b) include a brief factual summary of the damage and cause thereof. Indemnification hereunder is expressly subject to, and conditioned upon, compliance with the foregoing notice provisions.

Sample Lease Agreement, Section 12.1 - Canteen requests to revise the language in the foregoing section with the following to mirror the language in the existing agreement:
I"f Concessionaire within thirty (30) calendar days of receiving notice, has not corrected the event leading to termination as stated herein, PMGAA may terminate this Agreement immediately."

Sample Lease Agreement Section 3.7.2 - Canteen requests to replace "Concessionaire shall, within FIVE (5) business days after written notice.." to "Concessionaire shall, within THIRTY (30) business days after written notice.." from the foregoing section.

Sample Lease Agreement Section 4.1.1 - Canteen requests to replace this section with the following: "With respect to its activities at the Premises and on the Airport, Concessionaire shall keep true and accurate records, books and data which shall show all sales made and services performed for cash or credit or otherwise, whether paid or not. Said records, books and data, upon written PMGAA request, shall be made available for audit at the Airport, within TEN (10) business days after such request."

Sample Lease Agreement, Section 5.1 - Omit this section as Canteen would like to retain rights and title to its equipment.

Sample Lease Agreement, Section 3.7.1 – Revise the performance guarantee is due date to 30 days from notice date

Sample Lease Agreement, Section 10.1.4 - omit this section to mirror existing agreement

The Power of Compass Group

Compass Group operates as a family of great companies. We believe our sectorization strategy is a key advantage. It enables us to be closer to our clients and consumers to better understand their unique needs. This way, we can create an innovative, custom offer to meet Phoenix-Mesa Gateway Airport Authority's specific requirements and, in doing so, truly differentiate ourselves. We have teams of specialists and the support of a large organization that has the benefit of size and scale.

Compass Group provides the highly specialized resources, brands and partnerships that only the world's largest hospitality company can deliver. Utilizing a dedicated single point of contact, we operate under a "One Team" approach across all sectors – streamlining processes and communication, sharing best practices, implementing state-of-the-art innovations and ensuring consistency across the enterprise that delivers positive results*.

COMPASS GROUP®

GLOBAL KEY FIGURES

$33B revenue in FY22

500K+ associates

5.5B meals served per year

55K+ client locations in 40+ countries

**Canteen does not provide dining foodservices within any correctional facilities, nor does any other Compass Group operating company in the United States.*

CYBERSECURITY

We invest $27 million each year to ensure the data of our clients, as well as their employees, customers and guests, is protected against all cyber intrusion attempts. Our cybersecurity team works around the clock so our clients can focus on their core businesses.

BALANCE SHEET

Our high credit rating and low debt levels, as well as a strategic equity raise, mean our balance sheet is the best in company history. While our competitors are burdened with debt, we're able to be nimble and smart, investing in our business and continuing to bring the best to our clients.

STRATEGIC PROJECTS

This internal team's deep knowledge of transition – and their extensive experience in change management – are key to us ensuring the contract transition for each new Compass Group client is seamless and successful.

COMPASS DIGITAL

Dedicated to innovation and consumer engagement, this internal team of developers and data scientists delivers technology strategies and solutions to meet complex business needs.

PEOPLE AND LABOR STRATEGY

In addition to our specialized HR support and unmatched people management skills, our proprietary labor platform, SmartLabor, processes and manages our workforce by finding inefficiencies, capturing data and driving change.

E15

Using data and market research, our E15 team finds patterns, correlations and insights that our clients use to make more informed decisions. The data optimizes their business operations and improves the consumer experience.

ENVISION GROUP

From strategic space design to eliminating food waste, this visionary team is focused on building partnerships and business growth that promotes the well-being of people and planet.

Fleet Management

Through the GPS-Telematics program, over 3,000 vehicles are equipped with GPS devices that increase safety awareness and reduce the amount of fuel used per vehicle. The program monitors speed, idling and start and stop for each vehicle – resulting in an average 10% fuel reduction per vehicle.

FLEET SAFETY WITH REAL-TIME ALERTS

Partnering with **Mobileye**, an Intel company, we've equipped our vehicles with real-time collision avoidance systems, utilized by over 60 million vehicles worldwide. The Mobileye forward-facing camera is part of an advanced driver assistance system that helps eliminate crashes altogether, or mitigate the severity of a crash by warning the driver of potentially dangerous driving scenarios with real-time proactive alerts.

The Mobileye system meets the guidelines established by the National Highway Traffic Safety Administration for forward collision and lane departure warnings, setting the standard for collision avoidance systems worldwide. It includes lifesaving alerts that help reduce collisions and improve driver behavior, not only providing a proactive solution, but also helping train drivers to avoid dangerous situations in the first place.

Acuity

The Acuity dashboard connects key performance indicators, metrics and other key data points from almost any source to provide a comprehensive picture of operational performance.

Acuity presents that information in customized, interactive and easy-to-read dashboards accessible on any online device. Acuity is in place at more than 200 U.S. accounts and in thousands of locations:

- Combine multiple internal and external data sources into an easy-to-use dashboard
- Access hundreds of charts and infographics
- Save countless hours with automated reports and visualizations
- Find and analyze trends
- Access data anytime, anywhere and on any device

VIEW ORDERS AND DOWNLOAD REPORTS

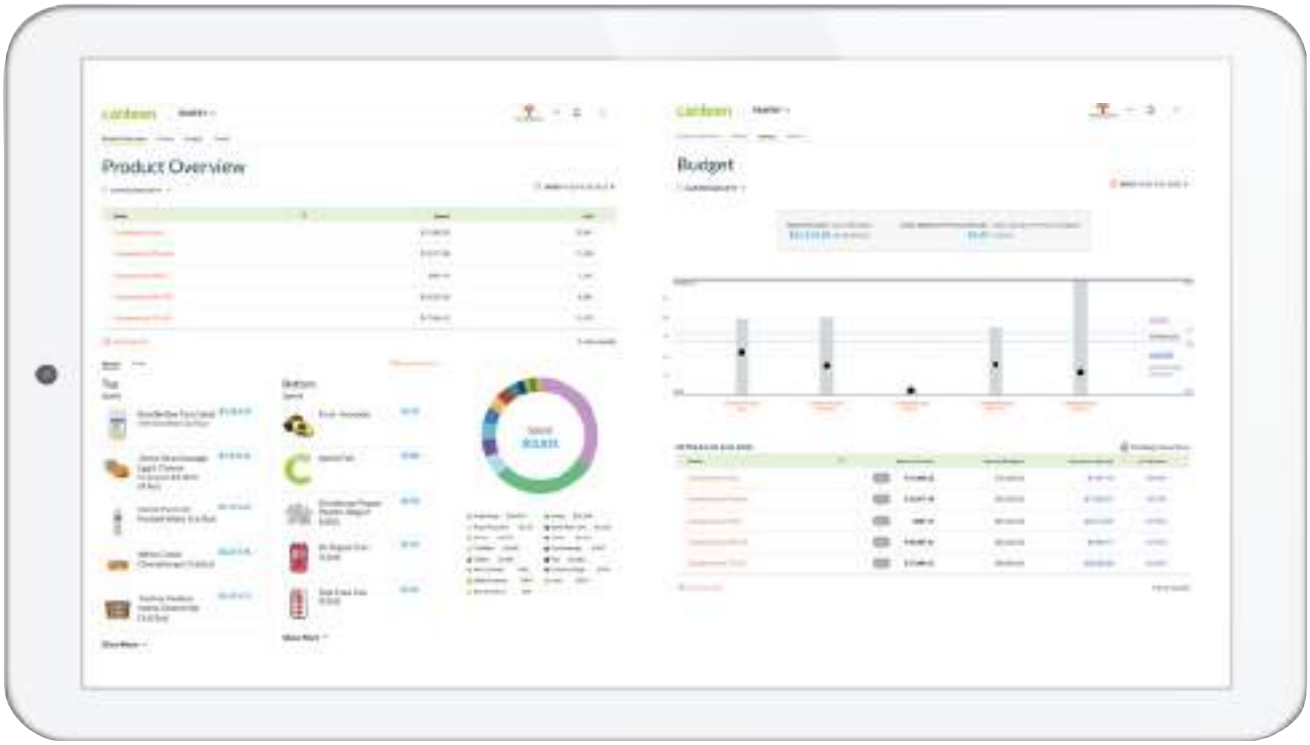
Detailed data and reports for ordered items are updated at the touch of a button.

SPEND BY CATEGORY

Stay on top of your spending; powerful sorting and search help you determine what your team loves and what products are unpopular.

BUDGETING

Besides tracking product usage, you can manage orders, see trends and add new products.



Cashless Technology

Speed, convenience and flexible payment options are key to success. Technology is changing quickly and we have the options you need to keep up with today's savvy consumer.

370,000+ devices deployed

Contactless methods of payment credit/debit cards, student/employee cards, mobile wallets, apps and more

50%+ of our transactions are credit cards

Payment Card Industry (PCI) compliance

2.5 M+ credit and debit transactions per month

51% Americans use contactless payments according to a Mastercard poll

Cuts transaction time by as much as 50%

Increases customer satisfaction

Enables multiple vends with a single transaction

Gives customers a fast way to pay

Data and Analytics

E15

Canteen partners with E15, Compass Group's industry-leading analytics firm, to make better business decisions using data and advanced analytical methodologies. E15 empowers our operators and clients to manage complexity by harnessing data to gather needed insights. This is done by leveraging experiences of some of the largest and most forward-thinking companies today.

Since 2014, E15's team of over 90 dedicated data scientists, business analysts and consumer researchers have uncovered opportunities for improvement, including food and beverage assortments, behavioral motivators, technology usage and operational processes.

Benefits of E15 include market research, revenue optimization, strategic pricing, guest satisfaction, social media scraping, speed of service, predictive modeling, data services, category management and labor management.

MARKET RESEARCH

E15's approach to market research enables us to know what guests want, when they want it. E15 synthesizes the demographic and socioeconomic data to create consumer profiles in ZIP codes surrounding our locations to better understand customer behaviors and product preferences.

DATA-DRIVEN PRODUCT MIX

E15 relies on data, not hunches, when helping clients develop a product variety that will resonate with their customer base. The insights uncovered go beyond what's selling inside our locations and get at what's going on in the broader market where we do business. What types of snacks and beverages are most popular? What tastes are unique to this market or region? What are the up-and-coming items customers are craving? E15's analytics programs go beyond transactional data to answer these questions and more.

HOW E15 ANALYZES TRENDS

E15 takes a holistic approach when analyzing trends, starting with consumers – understanding who they are, how they're changing and why. E15 uses syndicated data to uncover who guests are now, and to conduct primary research via surveys and focus groups to predict how their behaviors and attitudes will change over time.

Nielsen DATASSENTIAL

E15 also relies on industry-leading data partners, like **Nielsen** and **Datassential**, to forecast things that aren't popular or known yet. Using the data they have been collecting for more than 10 years, E15 creates artificial intelligence programs that learn from past performance to predict future trends.

As an innovation and services leader in the industry, we stay abreast of current and evolving trends through a variety of avenues.

- Compass Group's partnerships with companies like SPINS, Datassential, Forbes and other consumer marketing groups provide insights into the ever-changing world of consumer behaviors and industry trends.
- As a sector partner, we have the advantage of working side-by-side with industry experts within each market segment who know their consumers best.
- We leverage research and data from Foodbuy, our purchasing organization.
- Our supplier partners conduct and provide their own extensive research.
- We review industry data and research through trade publications, media and trade shows.

What's Trending?

1. **Yuba Noodles:** Made from tofu skin, this plant-based noodle option works in bowls, stir fries and soups.
2. **Black Salt:** Giving plant-based "egg" dishes their sulfurous flavor, this unique salt has been rediscovered.
3. **Sikil Pak:** This Mayan pumpkin seed could become the next hummus or guacamole.
4. **Chiltepin Peppers:** These tiny powerhouses are the only wild pepper native to North America.
5. **Hearts of Palm 2.0:** They're coming back as plant-based "seafood" and in Latin-inspired dishes.
6. **Chaat:** India's favorite savory, crunchy, spiced street snacks, chaat, are trending in the U.S.
7. **Next-Level Non-Dairy Ice Cream:** As potato and squash "milks" trend, look for non-dairy ice creams next.
8. **Indian Pizza:** Tikka masala and butter chicken pizza are among the offerings at growing Indian pizza chains.
9. **Shashlik:** These meat kebabs are appearing on more menus with traditional Central Asian and Russian flavors.
10. **Asian Rum:** New distillers are celebrating a modern age of rums from Asia, the birthplace of rum.

Innovative Partnerships

Canteen is committed to innovative partnerships. One way we approach this is by knowing consumer eating habits. Partnerships allow us to leverage experts, curators, specialists and subject matter experts to provide our clients with the best products in the most convenient way.

FOOD AND SNACK DELIVERY

DOORDASH

DoorDash is a technology company that connects people with the best in their cities. By leveraging what started as facilitated door-to-door delivery, Canteen partners with DoorDash to offer our clients group ordering from a daily curated list of restaurants, convenient delivery and on-site market drinks and sides to complete the meal. Together, we bring the virtual cafe to our guests.

FOODSBY

Guests who shop our markets want variety and have little time to grab a meal. Through our partnership with **Foodsby**, guests have lunch delivered from their favorite local restaurant to be picked up at their on-site Avenue C. Using the Foodsby app, guests can order on the go and then receive notification when lunch arrives. It's that easy to enjoy food you love.

DIGITAL MARKETING

Compass Digital

Available in our market and pantry service, Canteen partnered with **Compass Digital** to create a feedback solution to capture which items guests like and dislike, allowing us to rotate out slow movers with new items and provide more variety for guests.

FANDANGO

Canteen has partnered with **Fandango** to offer free movie tickets to guests who download the Connect & Pay® app. Guests save time by using the app to shop and then, as a perk, enjoy a movie later on.

GROUPON

Groupon offers a mobile marketplace where people discover and save on things to do, eat and buy. Available in Avenue C, our guests can get deals and savings on their favorite snacks, drinks and meals through the Groupon app.

We know we have to keep innovating and partnering with emerging companies to enhance our capabilities. Here is how we approach innovation:

Data Insights

We prioritize data protection for every client to avoid network intrusions that can inflict serious damage and create a major breach of trust with its customers.

INFORMATION SECURITY PROGRAM

A strong business reputation depends on a robust information risk management strategy. We address data privacy and information security with a formal information security program and Key IT Control Framework. Our information security tools, policies and procedures follow the Information Security Forum, whose Standard of Good Practice (SoGP) is mapped to the National Institute of Standards and Technology, Payment Card Industry and Control Objectives for Information and Related Technologies (CoBIT).

IT AUDIT AND CONTROL

Our accounting and General IT Controls are continuously evaluated by several assurance functions including independent auditors, KPMG (one of the Big Four accounting organizations), and our own team of internal auditors. Compass Group businesses are also governed by rigorous internal policies and procedures for the highest level of integrity of our internal control environment.

INFORMATION SECURITY TECHNOLOGY

In addition to annual network penetration testing, we deploy technology such as data loss prevention software, malware and antivirus protection to all company servers and computers, as well as multifactor authentication for companywide email accounts.

Compass Group also employs a security information and event management solution for all devices, servers and security systems, to which our unified threat management solution is centrally linked. Working in concert, our solutions continuously monitor for malicious behavior and protect against sophisticated, targeted and persistent threats.

PAYMENT CARD INDUSTRY DATA SECURITY STANDARDS

As an early member of the PCI Standards Council, we were among the first in our industry to offer mobile point-of-sale solutions with point-to-point encryption (P2PE) and end-to-end encryption (E2EE), protecting customer data from the point of swipe through transmission to the payment processor. Our clients span verticals that require a high degree of security, auditing and control compliance, which is why all our payment solutions have P2PE/E2EE as a minimum standard, and why we also observe and adhere to any relevant regulations and legislation.

BUSINESS CONTINUITY AND DISASTER RECOVERY

Compass Group is migrating all services and applications to our cloud-based network to ensure greater business continuity. As part of this transition, we are amending documents, plans and procedures to align with new recovery processes, and conducting annual recovery testing of critical systems and applications. Should business processes be interrupted, field sites are capable of completing day-to-day activities in the interim until systems are back online.

INCIDENT RESPONSE

Our internal policy and process provide a coordinated, effective and cohesive approach to privacy and information security incidents – ranging from unauthorized system intrusions to compromised privacy, data integrity or protection of confidential information.

The Cybersecurity Department coordinates investigations with other departments to research and resolve any incidents. To assist our efforts, a 24-hour Rapid Response Retainer with a leading security investigator is in place to perform extensive incident forensics and analyses when needed.

DATA PRIVACY

We believe in the importance of data privacy and security as a fundamental principle of our operations. Compass Group has engaged in a comprehensive effort to inventory, map and classify the data we use. This effort supports our core principles of data minimization, privacy by design and honoring consumers' rights to their data.

We have implemented a centralized, highly efficient method to process consumer data requests and communicate with them in a timely manner. Such efforts are reflected in our privacy policies found on our company web pages.

Marketing and Promotions

We strategically place signs in gathering spaces and high-traffic areas to communicate the latest features, offers and promotions to your team. Marketing vehicles include flyers, table tents, posters, e-blasts, LCD monitors and digital displays.

Transition

We make transitioning easy. A typical implementation takes 30 to 45 days. The process begins once a letter of intent or a contract is signed. This includes a detailed survey of your measured available space for machines, an evaluation of details that need to be taken into consideration, and market research. We understand the ratio of total population versus the amount of equipment you'll need and make recommendations accordingly.

Our Commitment to Diversity

Diversity, equity and inclusion are key to innovation, providing insights into our business that allow us to provide culturally sensitive products and services across all markets. Continued partnerships with our vast supplier network allow us to expand the breadth of available products to satisfy multicultural marketplaces across the country.

By celebrating diversity, equity and inclusion, we foster welcoming environments that nurture creativity and promote collaboration. We create opportunities for team members to learn, grow and achieve a culture of inclusion, reaping benefits for our associates, the organization and our client partners.

Diversity is emphasized through our Diversity and Inclusion Week, as well as our Diversity Champions and Diversity and Inclusion Action Council. These organizations promote diversity through awareness-building, communication and community events. We also developed National Inclusion Day to allow our teams to engage in fun activities, raising awareness and encouraging inclusive behavior among associates.

In addition, Compass Group's strategic partnership with Thompson Hospitality is superior to any other aimed at helping clients meet supplier diversity goals. For 25 years, we've developed a model to leverage the best of both worlds – proven economic savings and direct (i.e., Tier 1) Minority Business Enterprise participation. The outcome is a partnership that delivers valuable, streamlined solutions to every client we serve.

SUPPLIER DIVERSITY

Canteen is dedicated to supporting diverse-owned businesses across the country through our inclusive procurement initiatives. From snacks and beverages to cleaning supplies and coffee filters, our robust portfolio of over 100 (and growing!) diverse-owned suppliers allows you to support diverse and disadvantaged business and your communities through our partnership.

Our support for diverse-owned businesses includes:

- A dedicated team of product innovation experts that forages for certified diverse-owned brands across the country
- Identifying opportunities for those brands within our business and partnering with them to determine how to best provide their items within our portfolio

If there are roadblocks to success, we will help businesses navigate those challenges through programs like our Diverse Supplier Accelerator program and Emerging Brand Contracting processes. Bottom line, we want to make it easy for these brands to find success in our business.

As a Canteen client, you receive:

- Access to a local supplier diversity catalog, showcasing the items available in your area
- Monthly reporting on the amount of diverse supplier business you have supported
- Marketing support to help your customers understand how their purchases are making a difference

WHERE SPECIALTY COFFEE MEETS COMMUNITY IMPACT

BLK & Bold was born to help everyday coffee consumers increase their social impact footprint domestically via assisting urban youth defy their odds in pursuit of better futures. BLK & Bold's founders, Pernell and Rod, created the company with a desire to make purpose popular. They welcome the obligation to equip young people with tools to live their best lives and overcome familiar unfortunate circumstances by turning a daily ritual, enjoying a cup of coffee and tea, into a means of giving back.

BLK & Bold's Core Values

- Top-tier coffee, sustainably produced
- Uncompromised access
- Youth-centered
- B Corp. and M/WBE-certified

Top-Tier Quality

- 100% arabica, specialty coffee
- Fair and/or direct trade
- Naturally processed coffees
- Premium loose-leaf tea

Uncompromised Access

Normalizing access to specialty coffee via prioritizing mass retail, grocery and convenience.

Connecting with the Consumer

- Authentic, culturally relevant
- Diverse consumer community
- Nonpretentious voice, one with the people

BLK & Bold pledges 5% of its profits to initiatives aligned with sustaining youth programming, enhancing workforce development and eradicating youth homelessness.

We strongly believe having a well-rounded supplier base helps Compass Group better anticipate the needs of the people we serve, be innovative and be intentional about building community.

Twin Bee Coffee is a Black and woman-owned business based in Massachusetts. At Twin Bee Coffee, coffee is believed to be a source of good in the world. Beyond the unique fruitiness and sparkling acidity of its Burundi coffees, its direct trade partnerships empower growers, encourage gender equity and help build self-sustaining communities.

The origin of the name Twin Bee is the Kirundi word Uruyuki ("bee"), which acknowledges the industrious nature of the Burundian people and the natural dependency coffee plants have on our other partners, bees.

Founded in 1983, Le Chef Bakery specializes in high-end baked goods ranging from decadent desserts, various breads and a comprehensive line of breakfast pastries to frozen dough and more.

Le Chef continues to be family-owned and operated, and unwavering in its emphasis on providing customers, vendors and employees with personalized and customized service. Fair business practices, a longstanding respect for the workforce and a steadfast allegiance to world-class customer service have earned Le Chef lasting relationships in the industry.

Founded in 2014, Oakland-based Red Bay Coffee has deep roots in the San Francisco Bay Area specialty-coffee industry. Red Bay Coffee's firm commitment to ensure coffee production as a vehicle for diversity, inclusion, social and economic restoration, inclusive hiring practices and environmental sustainability makes it a perfect match for Phoenix-Mesa Gateway Airport Authority.

We will be proud to serve the delicious roasts created by this minority-owned Bay-area favorite.

Our People

We know our associates are a key component to our continued success and client satisfaction. We empower each associate with an entrepreneurial spirit and encourage multidisciplinary leaders to work without walls, providing fully integrated solutions to both associates and clients. By breaking down barriers, we provide holistic solutions to solve even the most challenging business issues.

BENEFITS

We pride ourselves on providing holistic solutions for our clients, but for our associates as well. Instead of offering a one-size-fits-all benefits programs, we offer flexible choices so each associate can customize benefits based on individual needs. Core benefits include health insurance consisting of medical, dental and vision; personal accident insurance; long-term and short-term disability; healthcare spending account; associate, spouse/partner and child life insurance; dependent-care spending account; employee assistance program; and matched 401(k) program. We offer our associates benefit credits, which work like cash and are based on salary, completed years of service and the cost of basic long-term disability coverage.

altogethergreat

At altogethergreat.com, Canteen associates can find information about benefits and employee programs, discover road maps for career advancement and connect with fellow associates. The site is continually updated with news, feature stories and associate programs including:

- **Online Benefits Center –** A convenient portal for associates to enroll in and manage health benefits, retirement and savings accounts.
- **Wellness Center –** A comprehensive approach to wellness offering health assessments and preventive care, as well as paid time off to receive such care.
- **Career Center –** An extensive range of learning opportunities for associates, whether they are at the beginning of their career or are a senior-level manager, including mentoring program, online job search agent, educational assistance and communications center.

ACCELERATED MANAGER PROGRAM

Career path planning is part of our culture. Whether you join us in our Accelerated Manager Program (AMP) or as a seasoned professional, we have the tools and training to ensure long-term success.

COMMITMENT TO ADVANCEMENT

Mentorship

Canteen offers our associates opportunities to advance both their own personal development and that of our organization – providing support, encouragement and rewards every step of the way. Our mentorship and leadership development programs help to prepare our talented employees to achieve new career heights.

Cash In On Growth

Our Cash In On Growth program is a universal incentive program that provides an opportunity for every Canteen associate, hourly or salaried, to earn quarterly incentives. Working together to achieve shared goals pays off.

Proudly Hiring Veterans

Canteen is now leveraging **Military.com** as an important part of our effort to hire those who have served our country. This partnership enables us to connect directly with service members, allowing us to utilize their skills and experiences to help our organization grow. Each November, we celebrate our veterans with special recognition and group outings, making sure to say "thank you" to those who have proudly served our country.

And through Tradecraft we support **Veteran Roasters Coffee**, whose mission is to find veterans who are homeless or at risk of becoming homeless and help them gain back their dignity while roasting some great coffee. In partnership with a Chicago roasting company, Passion House Coffee Roasters, Veteran Roasters trains and employs Chicagoland veterans.

Sustainability

DRIVING AWARENESS WITH INDUSTRY-LEADING MEASURES

At Canteen, doing the right thing is at the core of our balanced culture. This approach empowers us to advocate for change, push for transparency, and look to be more socially and environmentally responsible. For over a decade, Canteen and our parent company, Compass Group, have been pioneers in the industry for our sustainability commitments.

Our sustainability journey began in 1995 and has been building momentum ever since. In 2007, we were the first foodservice company to commit to sourcing cage-free eggs. In 2010, we developed the first version of our **Carbon Foodprint** tool. In 2015, we created **Imperfectly Delicious Produce**, where we partner with our suppliers to rescue unattractive produce that is perfectly safe to eat, but for cosmetic reasons would have been discarded. In 2017, we launched our back-of-house waste tracking tool, **Waste Not**, and celebrated our first annual **Stop Food Waste Day**, a day of action that focuses on how we can minimize food waste. In the fall of 2021, we announced our Science-Based Targets initiative (SBTi) and net-zero commitment, and today we continue to look for ways to ensure healthy people and planet.

Our Sustainability Road Map

Our Sustainability Road Map is the next chapter of our journey – and our vision for the future. We are being bold in the areas where we have direct control. Where we don't, we are using our scale and relationships to influence our suppliers and improve the food system. Our philosophy is built on the belief that through better sourcing practices, championing farmworker rights, reducing food waste and promoting supplier diversity, we can lower our carbon impact, strengthen our communities and create a healthier planet.

Global Road Map to Net Zero

What sets us apart is that our **Global Road Map to Net Zero** is built on a foundation of approved science-based targets, our commitment to carbon neutrality in our operations by 2030 and our commitment to reach climate net zero by 2050. We will work to achieve these targets through a variety of ways, such as combating food waste, promoting plant-forward menu options, upgrading and enhancing our warehouse operations, and electrifying our fleet. It's important to note that the radical change needed cannot be made without the support of others. We must work collaboratively with our partners and suppliers to ensure they're also making progress with their climate goals. If they have yet to set goals, we'll encourage them to do so. It will take all of us working together to make real change.

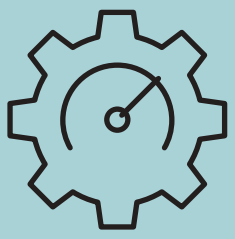
Canteen will always leverage our scale, passion and expertise to target areas that significantly impact the environment. This means we will work together with clients, consumers and suppliers to take measurable steps to create a sustainable future for all.

Our Balanced Culture Approach

Our approach ensures people and purpose are equally as important as strong financial performance. Providing services and products that are more socially responsible and better for our planet drives our approach and long-term strategy.

PEOPLE
Well-being • Socially Responsible

PURPOSE
Good for People • Good for the Planet



PERFORMANCE
Commercial Results

OUR PARTNERSHIP COMMITMENTS

At Canteen, we know sustainability is not just about the planet – it's also smart business. We offer our clients efficient solutions that deliver progress through innovation and measurable practices.

As your partner, we can support your sustainability goals with a wide variety of initiatives. Our specialized team of innovators provide industry knowledge that reaches far beyond what's typically offered and will customize your sustainability platform to reflect the needs of your organization. Actions include:

Creating a circular economy

- Zero-waste and circular solutions like reusable totes in our warehouses versus cardboard boxes
- Reusable pallet wraps instead of plastic
- Plastic-free beverage programs
- Package-reduced options and package-free bulk snack and beverage dispensing programs in certain markets
- Recycled or repurposed materials in shelving, racks and build-outs

Reducing carbon impact

- Low-carbon break rooms with greenhouse gas (GHG) consultation and quantification
- Energy conservation devices on equipment to reduce power consumption
- LED lighting in snack and beverage machines
- Energy Star equipment

PRIORITIZING RESPONSIBLE SOURCING

Canteen leads the industry in responsible sourcing. Our team is committed to continuous improvement of our socially responsible sourcing practices in alignment with industry-accepted certifications and standards. We source:

- Products from certified diverse suppliers, from small business enterprises to veteran-, women- and minority-owned businesses
- Local and regional products
- Ethical coffee
- rBGH-free milk and yogurt products
- Cage-free eggs

Performance Tracking

Canteen tracks performance against product category targets in pursuit of continuous improvement. Accomplishments from 2022:

- 97% of milk and 95% of our yogurt was rBGH-free
- 90% of our eggs were cage-free
- 24% of coffee was certified through one of the following industry-accepted ethical and sustainable production standards: Fair Trade, Rainforest Alliance and CAFE Practices

canteen cares

MAKING AN IMPACT IN THE COMMUNITIES WE SERVE

As a company and a family, we pride ourselves on being active members of the community. We strive to empower the communities where we live and work through our Canteen Cares initiative, whether it's producing meal kits for remote school feeding, supplying food and water for disaster relief, providing clean drinking water to communities around the world and so much more. Additionally, we focus on celebrating and supporting military veterans, as well as fighting for hunger relief with food recovery partnerships and innovations. We also encourage every local Canteen team to take part in their own initiatives, spreading our passion for involvement to communities, families and individuals across the country.

These are just some of the groups our teams support with local partnerships that strive to make a difference.

- **AMIkids** helps at-risk youth find a brighter tomorrow. https://www.amikids.org
- **Ark of Hope** is a transitional living program committed to serving formerly incarcerated individuals. https://aohdallas.org
- **Camp SOAR** (Special Olympics Athlete Retreat) encourages current athletes and recruits new athletes to the Special Olympics. https://sonc.net/local-programs/mecklenburg-county/camp-soar
- **Covenant House** provides housing and supportive services to youth facing homelessness. https://www.covenanthouse.org
- **Mooseheart** is a residential childcare facility, located on a 1,000-acre campus 38 miles west of Chicago. https://www.mooseheart.org
- **U.S.VETS** is on a mission to end veteran homelessness in the United States. https://usvets.org/locations/phoenix

Licenses, Permits and Insurance

Board Action Item

Re: Resolution 23-47

To:	**Board of Directors**
From:	**Margi EvanSon, Operations & Maintenance Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**CIP 1247, Service Truck Replacements**
Date:	**September 19, 2023**

Proposed Motion
To authorize the purchase of two vehicles from San Tan Auto Partners, LLC, dba San Tan Ford (San Tan Ford), in an amount not to exceed $52,827.69.

Narrative
FY24 approved capital plans included the replacement of two airport service vehicles.

The purchase includes two service body trucks. Currently two 2008 service vehicles are beyond their service life due to age and normal wear and tear.

PMGAA and San Tan Ford are both participants of the Arizona Department State Procurement Office (ADSPO). Under ADSPO, San Tan Ford was awarded the New Vehicle Purchase Contract #CTR059323, and it is through this competitive selection that PMGAA will utilize San Tan Ford for the new vehicle purchases. This contract is available upon request.

Fiscal Impact
This purchase was included in the FY24 capital budget and is funded with CIP #1247.

RESOLUTION NO. 23-47

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize the purchase of two vehicles from San Tan Auto Partners, LLC, dba San Tan Ford (San Tan Ford), in an amount not to exceed $52,827.69;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes the purchase of two vehicles from San Tan Auto Partners, LLC, dba San Tan Ford (San Tan Ford), in an amount not to exceed $52,827.69. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**

Board Action Item

Re: Resolution 23-48

To:	**Board of Directors**
From:	**Art Montoya, Information Technology Director**
Through:	**Chuck Odom, Chief Financial Officer**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**VMS Procurement – CIP 1233**
Date:	**September 19, 2023**

To authorize the procurement of Video Management Software (VMS) and licensing from Convergint Technologies (Convergint) in an amount not to exceed $79,020.01.

The Phoenix-Mesa Gateway Airport Authority's (PMGAA's) Information Technology Service (ITS) ensures the Airport's operation, compliance, and disaster recovery functionality relative to information technology industry standards. A refresh life cycle program of servers, security cameras and equipment replacements per a pre-established schedule is an implemented practice including necessary software updates. The airport recently updated to the most current and last available update to the Lenel VMS in conjunction with a server upgrade. After the server upgrade and software update were complete, the system became severely unstable and camera performance had to be downgraded. During the specification phase of the server replacement there was erroneous information related to the correct specification for the servers provided by Lenel. Due to this, the current state of the system will not support the imminent completion of the current 5 Gate Passenger Terminal Expansion Project, that is scheduled to have a significant VMS load increase.

VMS is necessary to monitor camera activity and is a critical component of the Airport's responsibility to monitor, detect, and resolve all security incidents at the Airport and to remain in compliance with 49CFR1542 and the Airport Security Program. The procurement of new software is necessary to ensure camera monitoring and recording for security, safety, wildlife control and incident investigation and critical security needs are met.

The Airport's current Lenel Value Added Retailer (VAR) Convergint Technologies (Convergint) has coordinated with Lenel to develop a resolution. In anticipation of the discontinuation of their VMS product, Lenel has partnered with an industry leading vendor of VMS, Milestone. Considering the circumstance of the Airport's VMS, Lenel's partner Milestone, through Convergint has offered their VMS product at a temporarily discounted rate. The rate is below MSRP, as well as being significantly less than utilizing the Cooperative Purchasing contract under Sourcewell and a competitive proposal received by staff.

Convergint Discounted Price	$ 79,020.01
Sourcewell Cooperative Price	$112,345.82
Genetec Price	$ 87,159.74

PMGAA's Procurement Policy requires staff to issue a formal solicitation for this procurement. Due to the significant fiscal savings provided to the Airport in contrast to other procurement options, the unstable condition of the current VMS, and the pending specter of a projected VMS failure, PMGAA staff is

recommending to procure the Milestone VMS product under Impractical Procurements, as defined in PMGAA's Procurement Policy.

Fiscal Impact
This purchase was included in the FY23 Capital Improvement Projects and is funded under CIP 1233.

Temporary Discount - July 2023

On behalf of our thousands of global colleagues, I want to personally thank you for considering Convergint Technologies for this project and for providing us with the opportunity to present this proposal addressing your electronic security needs. We are confident that this proven solution is both comprehensive and customized to meet your needs today and in the years ahead.

Convergint has developed a strong reputation for service excellence and is the only company recognized twice as the Systems Integrator of the Year by SDM Magazine. Most recently, Convergint was ranked the 4th largest global systems integrator. This recognition is, in part, a reflection of the strong relationships Convergint has developed with the industry's top technology manufacturers. Convergint Technologies has a strong history of success with similar solutions provided to other clients and would be happy to provide these references upon request.

Our guiding principal has always been to be a customer-focused and service-based company, supported by dedicated and certified professionals who strive to make a daily difference. Our vision of becoming our customers' best service provider is what drives everything we do. After achieving a successful on-time and on-budget project installation, Convergint will provide you with the industry's best on-going service. This service includes our 24/7 customer portal (iCare), designed to track service work orders, project progress, and provide you with detailed metric reporting for continuous improvement.

The following security proposal is specifically designed to meet your needs. As your single point of contact, please feel free to contact me with any additional questions you may have. Thank you again for considering Convergint Technologies as your partner for your electronic security needs.

Scope of Work

- Convergint Technologies will provide and install a new Milestone Video Management Software solution.
- Software will be loaded on existing client provided servers.
    - System parameters will need to be identified and programming configured prior to cutover.
    - Landing scheduled will need to be determined prior to start of installation.
- All video workstations will require new software and connection to the server(s) when ready.
- A new Milestone Husky recorder must be purchased as part of the manufacturer's discount program.
    - While it is not required to be used, it is recommended to transition predetermined cameras to the Husky recorder to create space on the existing server and optimize performance.
- Reconnect and test all camera and server communications.
- Assumes free and clear access to the work space.

Clarifications

- Please reference the provided Convergint VMS Narrative 6-8-23 for further information regarding the upgrade program.
- Offer is for a limited time, available only top tier Lenel clients still utilizing OnGuard on LNVR.

Clarifications and Exclusion

1. All work proposed herein, shall be performed during normal business hours Monday through Friday 8:00 am - 5:00 pm.
2. Low voltage wiring shall be installed via open air code approved methods.
3. Provision or installation of conduit, wire, boxes, fittings or other electrical installation materials unless specifically listed under Inclusions or Bill of Materials.
4. Permits or associated fees are not included.
5. Customer to provide static IP addresses and network connections at panel locations.
6. Customer to provide a secured staging & storage area for project related materials.
7. Pricing assumes that electronic Auto CAD files are available from customer for our use in creating submittal drawings.
8. Twenty-Five percent (25%) of the proposed sell price shall be payable to Convergint Technologies for project mobilization. Mobilization shall be invoiced and due upon customer acceptance of this proposal.
9. Proposal does not include sales tax unless otherwise noted.
10. Anything in the Contract Documents notwithstanding, in no event shall either Contractor or Subcontractor be liable for special, indirect, incidental or consequential damages, including commercial loss, loss of use, or lost profits, even if either party has been advised of the possibility of such damages.
11. Convergint Technologies reserves the right to negotiate mutually acceptable contract terms and conditions with customer by making mutually agreeable changes to the formal contract included in the Bid Documents.

Performance Items

Items Included	
Material (listed in the BOM)	One-Year Warranty on Labor
One-Year Warranty on Parts	Project Management
Servers by Convergint	System Programming
Testing of all Proposed Devices	Workstations by Others

Items Excluded	
120 VAC Power and Fused Disconnect Switch	120 VAC Power Receptacles
Additional Lighting Requirements for Cameras	Applicable Taxes
Attend General Contractor Project Meetings	Attend Owner Project Meetings
Authority having Jurisdiction permit drawing (requires customer CAD)	Cable
Ceiling Tiles and Ceiling Grid Repairs	Connection to Building Fire Alarm Panel
Correction of Wiring Faults Caused by Others	Door wiring typical connections
Electrical Installation Permit	Electrified Door Locking Hardware
Engineering and Drawings	Equipment rack layout drawing
FA Permit and Plan Review Fees	Fire Stopping (Excludes Existing Penetrations)
Fire Watch	Floor Coverings for Lifts
Floor plan with device placement and numbering (requires customer CAD)	Freight (prepaid)
Horizontal Core Drilling	Installation of Bridle Rings
Installation of CCTV Cameras	Installation of Conduit, Boxes and Fittings
Installation of Control Equipment Enclosures	Installation of Control Panels
Installation of Intercom Systems	Installation of Intrusion Panels
Installation of Low Voltage Wire	Installation of Network Cabling to Card Readers
Installation of Network Cabling to IP Cameras	Installation of Network Cabling to IP Intercoms
Installation of Specialty Backboxes	Installation of Terminal Cabinets
Installation of Video Recorders (DVR/NVR)	Installation of Wire and Cable
Installation of Wire Hangars	Lifts
Loading Software on Customer Provided Computer	Low Voltage Permits
Mounting/Termination of Proposed Devices	On-Site Lockable Storage Facility
Operations & Maintenance Manuals	Owner to Provide DHCP Lease Reservations for Network Connected Devices
Owner to Provide Static IP Addresses	Owner Training
Panel Wall Elevation drawing (may require customer CAD)	Panel wiring point with to point connections
Patch and Paint	Payment & Performance Bonds
Record Documentation (As-Built)	Riser drawing with home run wiring
Servers by Others	Specialty Backboxes
Submittal Drawings	System Engineering
System is Design-Build	System Meets Plans/Drawings
Terminal Cabinets	Termination of Control Equipment Enclosures
Vertical Core Drilling	Wire
Workstations by Convergint	

Total Project Investment: **$ 79,020.01**

Thank you for considering Convergint Technologies for your Security needs. If you have any questions or would like additional information, please don't hesitate to contact me immediately. If you would like to proceed with the scope of work as outlined in this proposal, please sign below and return to my attention.

Sincerely,

Allen McLeod
Convergint Technologies
Allen McLeod

By signing below, I accept this proposal and agree to the Terms and Conditions contained herein

Ivan Smith	
Customer Name (Printed)	Date
Authorized Signature	Title

Throughout this Installation Proposal, the term, "Convergint" refers to the Convergint Technologies' affiliate operating in the state/province in which the work is being performed, specifically, "Convergint Technologies LLC" or "Convergint Technologies LTD".

SECTION 1. THE WORK

This Installation Proposal takes precedence over and supersedes any and all prior proposals, correspondence, and oral agreements or representations relating to the work set forth in the attached scope of work ("Work"). This Installation Proposal commences on the Start Date as specified in the attached scope of work, and represents the entire agreement between Convergint and Customer (the "Agreement") and it may only be amended by a written document signed by both Convergint and Customer. In the event any provision of this Agreement is held to be invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force.

Convergint agrees in accordance with the mutually agreed project schedule:

a. To submit shop drawings, product data, samples and similar submittals if required in performing the Work;
b. To pay for all labor, materials, equipment, tools, supervision, programming, testing, startup and documentation required to perform the Work in accordance with the Agreement;
c. Secure and pay for permits and governmental fees, licenses and inspections necessary for proper execution and completion of the Work; and
d. Hire subcontractors and order material to perform part of the Work, if necessary, while remaining responsible for the completion of the Work.

Customer agrees in accordance with the mutually agreed project schedule, and at no cost to Convergint:

a. To promptly approve submittals provided by Convergint;
b. To provide access to all areas of the facility which are necessary to complete the Work;
c. To supply suitable electrical service as required by Convergint; and
d. That in the event of any emergency or systems failure, reasonable safety precautions will be taken by Customer to protect life and property during the period of time from when Convergint is first notified of the emergency or failure and until such time that Convergint notifies the Customer that the systems are operational or that the emergency has cleared.

SECTION 2. PRICING

Pricing and amounts proposed shall remain valid for 30 days unless otherwise specified. Price includes only the material listed based on Convergint's interpretation of plans and specifications unless noted otherwise. Additional equipment, unless negotiated prior to order placement, will be billed accordingly. Sales taxes, (and in Canada GST/PST) and any other taxes assessed on Customer shall be added to the price upon invoice to Customer.

SECTION 3. INVOICE REMITTANCE AND PAYMENT

Customer agrees to pay Convergint twenty-five (25%) percent of the total price as a mobilization fee at the time of executing this Agreement.

If the Work is performed over more than a month, Convergint will invoice Customer each month for the Work performed during the previous month. Customer agrees to pay the amount due to Convergint as invoiced, within thirty (30) days of the date of such invoice. If the Work is completed in less than one month, Customer agrees to pay Convergint in full after the Work has been performed within thirty (30) days of the date of being invoiced. Invoices shall not include or be subject to a project retention percentage. If Customer is overdue in any payment to Convergint, Convergint shall be entitled to suspend the Work until paid, and charge Customer an interest rate 1 and 1/2% percent per month, (or the maximum rate permitted by law), and may avail itself of any other legal or equitable remedy. Customer shall reimburse Convergint costs incurred in collecting any amounts that become overdue, including attorney fees, court costs and any other reasonable expenditure.

SECTION 4. WARRANTY

Convergint provides the following warranty to the Customer:

For the period of one (1) year, commencing at the earlier of substantial completion of the Work, or first beneficial use, ("Warranty Period"):

a. That Work performed under this Agreement will be of good quality;
b. That all equipment will be new unless otherwise required or permitted by this Agreement;
c. That the Work will be free from defects not inherent in the quality required or permitted; and
d. That the Work will conform to the requirements of this Agreement.

The Customer's sole remedy for any breach of this warranty is that Convergint shall remove, replace and/or repair at its own expense any defective or improper Work, discovered within the Warranty Period, provided Convergint is notified in writing of any defect within the Warranty Period.

Any equipment or products installed by Convergint in the course of performing the Work hereunder shall only carry such warranty as is provided by the manufacturer thereof, which Convergint hereby assigns to Customer without recourse to Convergint. Upon request of Customer, Convergint will use all reasonable efforts to assist Customer in enforcing any such third party warranties. This warranty excludes remedy for damage or defect caused by abuse, modifications not executed by Convergint, improper or insufficient maintenance, improper operation, or normal wear and tear under normal usage. NO FURTHER WARRANTIES OR GUARANTIES, EXPRESS OR IMPLIED, ARE MADE WITH RESPECT TO ANY GOODS OR SERVICES PROVIDED UNDER THIS AGREEMENT, AND ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY DISCLAIMED.

SECTION 5. CHANGES

Without invalidating this Agreement or any bond given hereunder, Customer or Convergint may request changes in the Work. Any changes to the Work and any adjustment to the Agreement Price or the time for completion of the Work shall be in writing signed by both Customer and Convergint. If Customer orders any additional work or causes any material interference with Convergint's performance of the Work, Convergint shall be entitled to an equitable adjustment in the time for performance and in the Agreement Price, including a reasonable allowance for overhead and profit.

SECTION 6. FORCE MAJEURE

Neither Customer nor Convergint shall be responsible or liable for, shall incur expense for, or be deemed to be in breach of this Agreement because of any delay in the performance of their respective obligations pursuant to this Agreement due solely to circumstances beyond their reasonable control ("Force Majeure") and without the fault or negligence of the party experiencing such delay, provided that the party experiencing the delay shall promptly give written notification to the other party within five (5) days after such party has learned of the Force Majeure. A Force Majeure event shall include, but not be limited to: accident, fire, storm, water, flooding, negligence, vandalism, power failure, installation of incompatible equipment, improper operating procedures, source current fluctuations or lighting. If performance by either party is delayed due to Force Majeure, the time for that performance shall be extended for a period of time reasonably necessary to overcome the effect of the delay. Any Services required by Convergint due to reasons set forth in this Force Majeure Section shall be charged to Customer in addition to any amounts due under this Agreement.

SECTION 7. INSURANCE

Convergint shall have the following insurance coverage during the term of this Agreement, and shall provide certificates of insurance to the Customer prior to beginning work hereunder:

Worker's Compensation	Statutory Limits
Employer's Liability	$1,000,000 per occurrence /aggregate
Commercial General Liability	$1,000,000 per occurrence/aggregate
	$2,000,000 general aggregate
Automobile Liability	$1,000,000 per occurrence/aggregate
Excess/Umbrella Liability	$4,000,000 per occurrence/aggregate

All insurance policies carried by Convergint hereunder shall be primary to and noncontributory with the insurance afforded to Customer, and shall name the Customer as "additional insured", with respect to liability arising out of work performed by Convergint, as applicable, but only to the extent of liabilities falling within the indemnity obligations of Convergint, pursuant to the terms of this Agreement. Convergint shall provide to the Customer no less than thirty (30) days notice prior to the termination or cancellation of any such insurance policy.

SECTION 8. INDEMNIFICATION

Convergint shall indemnify and hold Customer harmless from and against claims, damages, losses and expenses, (including, but not limited to, reasonable attorney's fees), attributable to bodily injury, sickness, disease or death, or to destruction of tangible property, but only to the extent caused by: a) the negligent or willful acts or omissions of Convergint or Convergint's employees or subcontractors while on Customer's site, or b) the malfunction of the equipment supplied by Convergint, or c) Convergint's breach of this Agreement.

IN NO EVENT SHALL EITHER CONVERGINT OR CUSTOMER BE LIABLE TO THE OTHER PARTY HERETO FOR SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING COMMERCIAL LOSS, LOSS OF USE OR LOST PROFITS, EVEN IF THAT PARTY HAS BEEN ADVISED OF THE POSSIBILTY OF SUCH DAMAGES. IN NO EVENT WILL CONVERGINT BE LIABLE TO CUSTOMER FOR ANY AMOUNTS IN EXCESS OF THE AMOUNTS PAID BY CUSTOMER TO CONVERGINT.

It is understood and agreed by the parties hereto that Convergint is or may be providing monitoring and or intrusion products which are designed to provide notification of certain events but are not intended to be guarantees or insurers against any acts for which they are supposed to monitor or inform. As required by the monitoring and intrusion industry and the manufacturers thereof, Convergint's indemnification obligation pursuant to Section 8 herein, does not apply to the extent the loss indemnified against is caused by any monitoring or intrusion product or software provided by but not manufactured by Convergint. Convergint shall have **no** liability to Customer for any losses to the extent such losses are caused by the monitoring or intrusion product or software. Customer shall indemnify, defend, and hold harmless Convergint, from and against all claims, lawsuits, damages, losses and expenses by persons not a party to this Agreement, but only to the extent caused by such monitoring or intrusion product or software provided by but not manufactured by Convergint.

SECTION 9. COMPLIANCE WITH LAW, EEO & SAFETY

This Agreement shall be governed and construed in accordance with the laws of the state/province in which the Work is being performed. Convergint agrees to comply with all laws and regulations relating to or governing the Work. Convergint agrees to comply with all reporting requirements imposed by law or this Agreement. Convergint shall comply with all safety related laws and regulations and with the safety program of the Customer, provided such program is supplied to Convergint prior to beginning work.

In the event that Convergint discovers or suspects the presence of hazardous materials, or unsafe working conditions at Customer's facility where the Work is to be performed, Convergint is entitled to stop the Work at that facility if such hazardous materials, or unsafe working conditions were not provided by or caused by Convergint. Convergint in its sole discretion shall determine when it is "safe" to return to perform the Work at Customer's facility. Convergint shall have no responsibility for the discovery, presence, handling, removing or disposal of or exposure of persons to hazardous materials in any form at the Customer's facility. Customer shall indemnify and hold harmless Convergint from and against claims, damages, losses and expenses, including but not limited to, reasonable attorney's fees, arising out of or resulting from undisclosed hazardous materials, or unsafe working conditions at Customer's facility.

SECTION 10. DISPUTES

In the event of any dispute between Convergint and Customer, Convergint and Customer shall first attempt to resolve the dispute in the field, but if that is not successful, then in a meeting between authorized officers of each company. If settlement attempts are not successful, then the dispute shall be subject to and decided by mediation or arbitration. Such mediation or arbitration shall be conducted in accordance with the Construction Industry Mediation or Arbitration Rules of the American Arbitration Association currently in effect and shall be a final binding resolution of the issues presented between the parties.

SECTION 11. MISCELLANEOUS

Neither party to this Agreement shall assign this Agreement without the prior written consent of the other party hereto. Convergint may assign this Agreement to any of its parents, subsidiary or affiliated companies or any entity majority owned by Convergint.

Notices shall be in writing and addressed to the other party, in accordance with the names and addresses of the parties as shown above. All notices shall be effective upon receipt by the party to whom the notice was sent.

A waiver of the terms hereunder by one party to the other party shall not be effective unless in writing and signed by a person with authority to commit the Customer or Convergint and delivered to the non-waiving party according to the notice provision herein. No waiver by Customer or Convergint shall operate as a continuous waiver, unless the written waiver specifically states that it is a continuous waiver of the terms stated in that waiver.

The Sections regarding invoicing, warranty and indemnity shall survive the termination of this Agreement.

Board Action Item

Re: Resolution 23-49

To:	**Board of Directors**
From:	**Margi EvanSon, Operations & Maintenance Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**CIP 1029, Passenger Boarding Ramps Replacement**
Date:	**September 19, 2023**

Proposed Motion
To authorize the purchase of two ADA Passenger Boarding Ramps from Timberline GSE, Inc. (Timberline) in an amount not to exceed $181,838.90.

Narrative
The ADA Passenger Boarding Ramps will be utilized to supplement passenger operations and provide passenger level-boarding and disembarking capabilities for a variety of aircraft in accordance with FAA Advisory Circulars and the Air Carrier Accessibility Act. This purchase will replace two aged ramps acquired in 2009.

Invitation for Bid No. 2024-004-IFB for two ADA Passenger Boarding Ramps was issued on July 6, 2023, and advertised in the Arizona Business Gazette on July 13, 20, and 27 and August 3, 2023. The notice was also posted on the Airport's website as well as the Arizona Airports Association and the ACI-NA. In addition, the IFB notice was emailed to the only two vendors that meet the required FAA specifications: Keith Consolidated Industries, Inc. and Timberline.

PMGAA staff received one bid, from Timberline. Following PMGAA's Procurement Policy 22-01 when only one submittal is received, PMGAA staff confirmed that the specifications contained in the IFB were not overly restrictive and performed a price analysis to ensure the pricing received was in line with the equipment requested. PMGAA staff are recommending to award the purchase of two (2) ADA Passenger Boarding Ramps to Timberline.

Fiscal Impact
This purchase was included in the FY24 capital budget and is funded with CIP 1029.

	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**Roofing Repairs – Jim Brown & Sons Roofing Co., Inc. dba JBS Roofing**
Date:	**September 19, 2023**

Proposed Motion
To authorize a Contract with Jim Brown & Sons Roofing Co., Inc. dba JBS Roofing (JBS Roofing) for Roofing Repair Services for PMGAA facilities, in an amount not to exceed $75,000 under CIP1269.

Narrative
The Phoenix-Mesa Gateway Airport Authority's (PMGAA) Engineering and Facilities Department is responsible for the maintenance and repair of the Airport's facilities. Many of the roofing systems on PMGAA buildings are in need of repairs and maintenance, which will assist in extending their useful life.

PMGAA and JBS Roofing are both participants of the Mohave Educational Services Cooperative (MESC) Purchasing Group. Under MESC, JBS Roofing was awarded Roofing and Roofing Systems Installation, Products, and Services Contract #18R-JBSR1-0418, and it is through this competitive selection that PMGAA will utilize JBS Roofing for these roofing services. This contract is available upon request.

The Scope of Work/Fee received from the vendor totaled $65,800; however, due to the age and condition of these roofs, staff is requesting to have an additional $9,200 available in the event the contractor runs into unexpected issues, and additional funds are needed to complete the repairs.

Fiscal Impact
This project is included in the FY24 Capital Budget, utilizing PMGAA non-grant funding, under CIP1269.

Board Action Item

Re: Resolution 23-51

To:	**Board of Directors**
From:	**Lori Collins, Director of Business and Economic Development** **J. Brian O'Neill, A.A.E., Executive Director/CEO**
Subject:	**Boyer Gateway East – CC&Rs, Development Lease and First Adjustment Amendment to Master Lease**
Date:	**September 19, 2023**

Proposed Motion

To authorize (i) the recording of the Declaration of Covenants, Conditions and Restrictions for Gateway East ("CC&Rs"); (ii) the Development Lease with Boyer Gateway East Mesa Building 1, L.C. for 16.95 acres located within the Gateway East master development project and identified as Lot 210. The lease term is SIXTY-FIVE (65) years commencing on October 1, 2023; and (iii) the First Adjustment Amendment to the Master Lease with Boyer Gateway East, L.C.

Narrative

The Phoenix-Mesa Gateway Airport Authority ("PMGAA") and Boyer Gateway East, LC. (Boyer) entered into a Master Lease Agreement on June 21, 2022 for approximately 273 acres located on the east side of the airport, south and west of Ellsworth Road and State Route 24.

Covenants, Conditions and Restrictions

Staff recommends authorizing the recording of the Declaration of Covenants, Conditions and Restrictions for Gateway East ("CC&Rs") against the property leased to Boyer under the Master Lease. The CC&Rs primarily define common areas, common area expenses, expense reimbursement, and restrictions for the benefit of the development. If authorized, the CC&Rs will be recorded as soon as the property legal description is finalized.

Development Lease - Boyer Gateway East Mesa Building 1, L.C.

The Master Lease Agreement transferred leasehold control of the Property to Boyer, but it did not convey vertical development rights. As part of the Master Lease, PMGAA and Boyer agreed to "spin out" property from the Master Lease into Development Leases as projects become ready for vertical development.

Boyer has proposed to construct a two hundred seventy-eight thousand (278,000) square foot building to house the headquarters, manufacturing, storage, product showroom and testing space to be subleased to XNRGY, a climate technology company. Lot 210 is seven hundred thirty-eight thousand, six hundred seventy (738,670) square feet and has been identified as a non-aeronautical parcel. The proposed development is compliant with the Gateway East Master Plan.

The Lot 210 Development Lease proposes a lease term of SIXTY-FIVE (65) years. The base rent for Lot 210 will be $0.00 annually through the end of the second (2nd) lease year and $406,268.50 annually beginning on the

2nd Anniversary of the effective date. Additional base rent adjustments and market adjustments are stipulated in the Development Lease.

First Amendment to Master Lease

Staff recommends approving the First Amendment to the Master Lease, which inserts language into the Agreement to 1) recognize and declare that the Property is subject to and subordinate to the Declaration of Covenants, Conditions and Restrictions for Gateway East ("CC&Rs"); 2) appoints Boyer as the Designated Manager as defined in the CC&Rs; and 3) updates Section 10 (event of Default) to reflect that a failure to perform under the Declaration constitutes an Event of Default, as defined in the Master Lease.

Additionally, the amendment will formally remove approximately 16.95 acres, described as Lot 210, from the Master Lease to allow it to be included in the proposed Development Lease.

DECLARATION OF
COVENANTS, CONDITIONS, RESTRICTIONS AND EASEMENTS
[Gateway East]

THIS DECLARATION OF COVENANTS, CONDITIONS, RESTRICTIONS AND EASEMENTS (this "Declaration") is made as of the ____ day of _____, 2023, by Phoenix-Mesa Gateway Airport Authority, a joint powers airport authority authorized by the State of Arizona ("Declarant"), whose address is 5835 S. Sossaman Road, Mesa, Arizona 85212.

RECITALS

A. Declarant is the fee simple owner of the Land (as defined below).

B. Declarant desires and intends that the Development (as defined below) be operated as a first-class business park supporting a mix of uses to be called Gateway East and to impose upon the Development and all Lots (as defined below) from time to time created within the Development, mutual and beneficial restrictions, covenants, agreements, easements, conditions and charges as hereinafter set forth, under a general plan for the benefit of all of the Development.

IN CONSIDERATION of the mutual benefits to be derived from this Declaration, the Parties agree as follows:

1. Definitions. As used in this Declaration, each of the following terms shall have the meaning indicated:

"Annexable Property" shall mean any real property adjacent to the Development not yet annexed or made a portion of the Development in accordance with the provisions hereof.

"Boyer" shall mean Boyer Gateway East, L.C., a Utah limited liability company.

"Buildings" means all buildings located in the Development at any time that are intended for permanent use or occupancy, including the area directly below such buildings, all projections and extensions of, and additions to, such buildings and all areas used exclusively by the Lessee or Occupants of such buildings, including, without limitation, drive-through areas, trash enclosures, playgrounds and platforms, ramps, docks and signage affixed to the outside of such buildings. "Building" means any of the Buildings.

"Common Area" means all property within the Development intended for the common use and enjoyment of all of the Lots, including, but not limited to, (a) the Common Landscape and Signage Areas, (b) the Common Vehicular and Pedestrian Areas, (c) the Common Utility Facilities and the Common Utility Easement Area, (d) any amenities which may now or hereafter be established by Declarant for the common use and enjoyment of all Lots, (e) all land or right-of-way easements within the Development which are dedicated to the public or to the City of Mesa, but which the City of Mesa or other governmental agency requires the Declarant to maintain; and (f) any other areas with respect to which the Declarant has assumed in writing administrative or maintenance responsibilities. Common Area shall not include public right of way (except to the extent covered by (e) or (f) above), or Lots.

"Common Expense Percentage" for any particular Lot is calculated as follows: (a) divide the total gross square footage of the Lot concerned by the total gross square footage of all Lots located in the Development; (b) multiply the resulting quotient by 100 and round to the third (3rd) decimal place; and (c) express the resulting product as a percentage. The Common Expense Percentages of the Lots shall be

adjusted from time to time by written notice given by the Manager to each Lessee and Declarant as of the date on which one or more Lots are annexed to the Development.

"Common Expense Share" means the product obtained by multiplying the Common Expenses for the relevant period by the Common Expense Percentage for the Lot concerned.

"Common Expenses" means the following:

(a) reasonable costs, expenses, fees, charges and other amounts (including appropriate reasonable reserves) paid or incurred by the Manager in connection with the improvement (excluding the initial improvement and development), operation, management, maintenance, repair and replacement of the Common Area and the performance of the Manager's duties and rights under Paragraphs 6 or 7 or any other provision of this Declaration, including, without limitation, all reasonable costs, expenses, fees and other amounts (including, without limitation, those that are properly capitalized under generally accepted accounting principles) relating to utilities, cleaning, sweeping, rubbish removal, landscaping, resurfacing, re-striping, replacing damaged or worn-out Improvements (including lighting and signage) located on the Common Area, taxes imposed on the Common Area, insurance, signage, licenses and permits, supplies, traffic regulation and control, security services, personnel (other than managerial personnel) necessary to perform any of the foregoing and depreciation allowance on any machinery or equipment owned by the Manager and used exclusively in connection with such matters;

(b) managerial, clerical and overhead costs, expenses, fees and other amounts, all of which shall be deemed to be equal to fifteen percent (15%) of the total of all other Common Expenses; and

(c) Common Expenses due but not paid to the Manager, which are determined by the Manager not to be legally or practicably recoverable after the Manager has exercised its commercially reasonable efforts to collect the same from the Lessee and has determined that all reasonable remedies for collection have been exhausted, together with all interest on, and costs and attorneys' fees incurred in connection with, such unpaid Common Expenses; provided, however, that if such unpaid Common Expenses are later received by the Manager from or on behalf of the Lessee, any amounts previously paid by any other Lessees pursuant to the preceding portion of this sentence shall be refunded pro rata to such other Lessees.

"Common Landscape and Signage Areas" means any Landscaping installed by Declarant or Manager for the general benefit of the Development (and not for the benefit of just one Lot), and any monument or other signage advertising the entire Development (as distinguished from signage advertising particular Building(s) or its Occupant(s) in the Development). The Common Landscape and Signage Areas shall be used for the purposes set forth in Paragraph 5.3 and, subject to reimbursement in accordance with Paragraph 7, shall be maintained by the Manager pursuant to Paragraph 6. Declarant and Manager may, but are not obligated to, designate the Common Landscape and Signage Areas and/or additional or different Common Landscape and Signage Areas from time to time.

"Common Utility Easement Area" means the Common Vehicular and Pedestrian Areas together with all Improvements on such land, and any real property defined as an additional part of the Common Utility Easement Area from time to time. The Common Utility Easement Area shall be used for the purposes set forth in Paragraph 5.2 and, subject to reimbursement by the Lessees in accordance with Paragraph 7, shall be maintained by the Manager pursuant to Paragraph 6. Declarant and Manager may, but are not obligated to, designate the Common Utility Easement Areas and/or additional or different Common Utility Easement Areas from time to time.

"Common Utility Facilities" means all pipes, lines, wires, conduits and related facilities and improvements for electricity, natural gas, other fuels or power sources, telephone, data, video, telecommunication and similar uses, sewer, storm drainage (including retention ponds) and all types of water that are intended, designed or used for the benefit of the Common Area or more than one Lot. The Common Utility Facilities shall be used for the purposes set forth in Paragraph 5.2 and, subject to reimbursement by the Lessees in accordance with Paragraph 7, shall be maintained by the Manager pursuant to Paragraph 6.

"Common Vehicular and Pedestrian Areas" means all Common Areas from time to time designed to be used for pedestrian or vehicular movement, including, without limitation, roads, driveways, walkways, sidewalks, trails and paths that are installed by or at the direction of Manager and serving more than one Lot. The Common Vehicular and Pedestrian Areas shall be used for the purposes set forth in Paragraph 5.1 and, subject to reimbursement by the Lessees in accordance with Paragraph 7, shall be maintained by the Manager pursuant to Paragraph 6. Declarant and Manager may, but are not obligated to, designate Common Vehicular and Pedestrian Areas and/or additional or different Common Vehicular and Pedestrian Areas from time to time.

"Design Guidelines" means the standards, requirements and restrictions set forth in Design Guidelines and the Planned Area Development (PAD) for the Development, each approved by the Mesa City Council on June 19, 2023, as may be amended by Mesa City, Arizona from time to time to the extent approved by Declarant and the Manager.

"Development" means the Land, together with all Improvements located on such Land, and any portions of the Annexable Property annexed pursuant to this Declaration, together with all Improvements located on the Lot or Common Area or such additional real property.

"Improvements" means all Buildings, Common Utility Facilities, Landscaping, parking areas, roads, driveways, walkways, curbs, gutters, medians, flower boxes, sidewalks, trails, paths, exterior lighting (including, without limitation, lights for traffic control or pedestrian safety), fences, walls, signs, utility systems and facilities, trash enclosures, bike racks, and other improvements located on the realty concerned. "Improvement" means any of the Improvements.

"Land" means land located in the City of Mesa, County of Maricopa, Arizona and more particularly described on **Exhibit A** attached hereto and incorporated herein by this reference, and any real property defined as an additional part of the Land in any amendment to this Declaration executed and recorded pursuant to Paragraph 11.

"Landscaping" means all outdoor areas in the Development landscaped with lawn, flowers, ground cover, shrubbery, trees, storm water retention areas, ponds, fountains, gardens, berms or similar improvements.

"Lessee" means any person or entity (including, without limitation, Manager if applicable) having a leasehold interest in a Lot, excluding any Mortgagee unless and until such Mortgagee is in actual possession of any Lot by foreclosure or otherwise, and including any person or entity taking the leasehold interest from any such Mortgagee.

"Lots" means development lots within the Land and shown on that certain Master Plan for the Development approved by Declarant, the current version of which is located at _____ [***Website information to be added***] as such Master Plan may be amended from time to time, or as otherwise approved in writing by Declarant and, so long as the Manager is Boyer, the Manager. "Lot" means any of the Lots.

"Manager" means a manager designated by the Declarant in accordance with Paragraph 3. As of the Effective Date, the Manager is Boyer.

"Mortgage" means a mortgage or a deed of trust recorded in the Official Records.

"Mortgagee" means the mortgagee or beneficiary under a Mortgage.

"Occupant" shall mean anyone occupying or using a Lot under or through a Lessee, including, without limitation, any Lessee, licensee, subtenant, user or their employees, agents, contractors, licensees, customers, guests, or invitees.

"Official Records" means the official records of the Maricopa County, Arizona Recorder.

"Qualified Mortgagee" means a Mortgagee of which Manager and Declarant have been given written notice, including such Mortgagee's name and address.

2. Property Bound.

2.1 General Declaration. Declarant hereby declares that the Development is and shall be held, conveyed, hypothecated, encumbered, leased, occupied, built upon or otherwise used, improved or transferred, in whole or in part, subject to this Declaration, as the same may be amended or modified from time to time. This Declaration shall run with the Development for all purposes and shall be binding upon and inure to the benefit of Declarant, and all Lessees, and their respective successors in interest and assigns. All of the covenants, conditions, and restrictions provided in this Declaration shall also be binding upon all Occupants of the Development, as well as their respective successors-in-interest and assigns.

2.2 Declarant's Disclaimer of Representations. Notwithstanding anything to the contrary herein, Declarant makes no warranties or representations whatsoever that the plans presently envisioned for the complete development the Development can or will be carried out, or that the Land is or will be committed to or developed for a particular (or any) use, or that if such real property is once used for a particular use, such use will continue in effect. While Declarant has no reason to believe that any of the restrictive covenants contained in this Declaration are or may be invalid or unenforceable, Declarant makes no warranty or representation as to the present or future validity or enforceability of any such restrictive covenant. Any Lessee entering into a lease in reliance on one or more of such restrictive covenants agrees that it will not challenge the validity or enforceability thereof; but such Lessee assumes all risks of the validity and enforceability thereof and by accepting a lease to a Lot agrees that Declarant shall have no liability with respect thereto.

3. Manager.

3.1 Appointment of Manager. Declarant shall appoint a Manager from time to time and shall have the right to revoke any designation and designate a different Manager at any time. Declarant may appoint itself as Manager. Declarant hereby designates Boyer Gateway East, L.C., a Utah limited liability company, as the initial Manager.

3.2 Professional Management Company. The Manager shall have the right, but not the obligation, to enter into a management agreement with a professional property management company to perform the functions of Manager. As used herein, "professional property management company" shall mean a person or entity (i) that is considered within the community to be primarily involved in the management of real property similar to the Development (ii) whose primary business consists of the

management of real property similar to the Development and (iii) that has had their primary source of income derived from the management of real property similar to the Development for not less than the three (3) years immediately preceding the execution of a property management agreement for the Development. All costs associated with the management agreement and property manager, including without limitation a commercially reasonably property management fee, shall be included in Common Expenses. Any professional property management company employed by the Manager shall be required to maintain with an insurer lawfully authorized to do business in the State of Arizona with a Best Rating of not less than A-VIII commercially reasonable insurance policies covering professional liability and general commercial liability.

4. Improvements.

4.1 Use. No part of the Development may be used or occupied for any use that violates any applicable law, ordinance, rule or regulation or that is inconsistent with this Declaration. Buildings shall be used only for commercial purposes, including, without limitation, retail, hospitality, manufacturing and office uses. All Buildings shall be:

(a) first-class buildings of the type and quality typically found in first-class, high-quality commercial developments;

(b) architecturally and aesthetically compatible with all other then-existing Buildings; and

(c) constructed in compliance with all applicable state, county and municipal subdivision, building, zoning, sign and other laws, ordinances, rules and regulations and the Design Guidelines.

4.2 Improvements. All Improvements in the Development shall be in compliance with the Design Guidelines.

5. Common Area Easements.

5.1 Access Easement. Each Lot shall have appurtenant thereto and be benefited by, and the Common Vehicular and Pedestrian Areas shall be subject to and be burdened by, a perpetual, nonexclusive right-of-way and easement for vehicular and pedestrian ingress and egress (without charge) on, over and across those areas designed for such use.

5.2 Utility Easement. Each Lot shall have appurtenant thereto and be benefited by, and the Common Utility Easement Areas shall be subject to and be burdened by, a perpetual, nonexclusive right-of-way and easement for the laying, construction, installation, operation, inspection, servicing, maintenance, repair, removal, alteration, enlargement, relocation and replacement of underground utility pipes, lines, wires, conduits and related facilities (including, without limitation, any underground Common Utility Facilities and, whether or not the same are part of the Common Utility Facilities, underground pipes, lines, wires, conduits and related facilities for electricity, natural gas, other fuels or power sources, telephone, data, video, telecommunication and similar uses, sewer, storm drainage [including retention ponds] and all types of water) under, through and across the Common Utility Easement Area. Prior to installation, the location of such pipes, lines, wires, conduits and related facilities must be approved by the Manager and Declarant, such approval not to be unreasonably withheld. If the rights provided for in this Paragraph 5.2 are exercised, the Lessee intended to be served by the easement concerned shall pay the cost involved with such exercise and, at such Lessee's sole cost, restore to their previous condition any

Improvements that may be damaged as a result of such exercise. Each utility pipe, line, wire, conduit and related facility located in the Development shall be located underground to the extent reasonably possible.

5.3 Common Areas. The Common Areas shall be subject to and be burdened by a perpetual, nonexclusive easement for maintenance and repair by the Manager pursuant to Paragraph 6.

5.4 No Obstruction. No Lessee or Occupant shall permit to be constructed or placed on any portion of the Common Area any fence, wall, barricade or other obstruction, whether temporary or permanent in nature, which materially limits or impairs vehicular and pedestrian traffic over any part of the Development, or shall otherwise obstruct or interfere with the free flow of such traffic, except as may be reasonably necessary or appropriate during periods that construction activities are ongoing or to the extent that the Manager reasonably deems it necessary to do so temporarily to prevent a public dedication of, or the accrual of any rights of the public in, the Common Area. Any obstruction or interference permitted under this Paragraph 5.4 shall be done in a manner reasonably calculated to minimize its impact on businesses in the Development.

6. Manager's Duties Regarding Common Area.

6.1 Generally. The Manager shall timely perform or cause to be performed (for example, through subcontractors, including affiliates of the Manager) the duties set forth in this Paragraph 6.

6.2 Maintenance of Common Area. After the Common Area is initially improved and developed, the Manager shall keep the Common Area in a clean condition and in good order, condition and repair consistent with a Class A business park in the Phoenix-Metropolitan area (except that as regards the Common Utility Facilities, the Manager shall be obligated to accomplish the foregoing only to the extent that such matters are not the responsibility of or accomplished by the respective utility companies involved). The foregoing shall include, without limitation, inspection, servicing, maintenance, repair and replacement, as necessary and appropriate, of all Landscaping and other Improvements located on the Common Area, including, without limitation, maintaining, repairing and replacing asphalt, and keeping the Common Vehicular and Pedestrian Areas free of snow, ice and rubbish.

6.3 Insurance on Common Area. The Manager may maintain commercial general liability insurance and/or property insurance insuring Manager and any employees or agents of Manager as Manager may designate against all claims for bodily injury, death or property damage occurring on the Common Area, and such other insurance on the Common Areas as reasonably determined by Manager. Declarant shall be named as an additional insured to any liability insurance policy and as an additional loss payee (to the extent of its interest therein) on any property insurance acquired in accordance with this Paragraph 6.3.

6.4 Damage of Common Area. If all or any part of the Common Area is damaged or destroyed through casualty, the Manager shall, as soon as reasonably possible, rebuild and restore the same to substantially the same condition as existed prior to the damage or destruction concerned. Prior to such rebuilding and restoration, each Lessee shall, within thirty (30) days after notice of the amount due, contribute an amount equal to the product obtained by multiplying the Common Expense Percentage of such Lessee by the projected cost of such rebuilding and restoration (net of any insurance proceeds or recoveries from persons or entities causing such damage actually received by the Manager). Appropriate additional payments by, or refunds to, each Lessee shall be made on completion of such rebuilding or restoration. Alternatively, the Manager may collect the actual or projected cost of such rebuilding or restoration following commencement or completion of such rebuilding or restoration.

7. Common Expenses.

7.1 Obligation to Pay Common Expense Share. Each Lessee, by entering into a lease for any Lot, whether or not it shall be so expressed in such lease, agrees and is deemed to covenant and agree to pay to the Manager its Common Expense Share duly imposed pursuant to this Declaration, such Common Expense Share to be established and collected as provided herein.

7.2 Collection. The Manager is expressly authorized to incur all costs, expenses, fees and other amounts included within the definition of "Common Expenses" set forth in Paragraph 1, and each Lessee shall contribute such Lessee's Common Expense Share in the manner described in this Paragraph 7. The Manager shall make reasonable, good faith efforts to collect from each Lessee such Lessee's Common Expense Share and may, at its option, do either of the following: (a) invoice each Lessee for such Lessee's Common Expense Share on a monthly, quarterly or other periodic basis as the actual amount of the Common Expense Share becomes known (in which event the Common Expense Share shall be due and payable within thirty (30) days after the delivery of such invoice); or (b) invoice each Lessee in advance based on the Manager's reasonable estimate of the Common Expense Share for the period concerned, which estimate shall be provided to each Lessee at least annually. If the Manager adopts the second alternative, each Lessee shall pay such Lessee's Common Expense Share in equal installments on the first day of each month, and within ninety (90) days after the end of each calendar year, the Manager shall furnish each Lessee with a reasonably detailed final statement of the actual amount of such Lessee's Common Expense Share for such calendar year. If such final statement reveals that the monthly installments made by a Lessee aggregate less than such Lessee's Common Expense Share for such calendar year, such Lessee shall pay the amount owing to the Manager within thirty (30) days after such final statement is furnished. If such final statement reveals that a Lessee's payments aggregate more than such Lessee's Common Expense Share for such calendar year, the excess amount shall, at the option of the Manager, either be returned to such Lessee or be applied by the Manager to amounts next due from such Lessee under this Paragraph 7. Any amount required to be paid under this Paragraph 7 that is not timely paid shall accrue interest on and after the date due until paid in full, before and after judgment, at the rate of eighteen percent (18%) per annum. In addition, a late charge of five percent (5%) of such payment may be charged by the Manager for any payment not made on the date when due. Such late charge is payable not as a penalty, but in order to compensate the Manager for the additional expense involved in handling the delinquent payment. The acceptance by the Manager of any payment that is less than the entire amount then due shall be on account only and shall not constitute a waiver of the obligation to pay such entire amount. All records and accounts maintained by the Manager that relate to the Common Expenses shall be open to examination and audit by any Lessee on at least ten (10) days' prior written notice to the Manager.

7.3 Default. If any Lessee fails to perform any obligation under this Declaration (other than the payment of money) and such failure continues for a period of thirty (30) days after written notice of such failure is given to such Lessee by the Manager, or if the performance of such obligation would reasonably require more than thirty (30) days, if such Lessee fails to commence such performance within such thirty (30) day period or thereafter diligently prosecute such performance to completion, the Manager may, on written notice to such Lessee, perform such obligation in the stead of such Lessee, or exercise any other right or remedy existing at law or in equity. The Manager shall be reimbursed by such Lessee on demand for all costs and expenses (including attorneys' fees) incurred in connection with such performance, with interest on such costs and expenses, both before and after judgment, at the rate of eighteen percent (18%) per annum. The Manager shall send to Declarant a duplicate copy of any notice given under this Paragraph 7.3.

7.4 Certain Obligations and Rights. The obligations of each Lessee under Paragraph 7.1 and all other provisions of this Declaration are the personal obligations of such Lessee and may be enforced by the Manager or Declarant. No Lessee may avoid or diminish the personal nature of such

obligations by waiver of the use and enjoyment of the Common Area, by abandonment of such Lessee's interest in its Lot or any Improvements on such Lot or by waiver of any of the services or amenities provided for in this Declaration. All remedies set forth in this Paragraph 7 are cumulative and are in addition to any remedies otherwise available at law or in equity, which shall include the right to restrain by injunction any violation or threatened violation of this Declaration and to compel by decree specific performance, it being agreed that the remedy at law for any breach may be inadequate.

8. Mortgagee Protection.

8.1 Obligations of Mortgagee. Unless and until it enters into possession or acquires title pursuant to foreclosure or any arrangement or proceeding in lieu of foreclosure, any Mortgagee interested under any Mortgage affecting any part of the Development shall have no obligation to take any action to comply with, and may not be compelled to take any action to comply with, this Declaration.

8.2 Notices; Right to Cure. Manager, on delivering to any Lessee any notice, demand or other communication pursuant to the provisions of this Declaration, shall at the same time deliver by certified mail, return receipt requested, copies of such notice to each Qualified Mortgagee of such Lessee at the latest address provided to the notifying Manager by such Lessee or such Qualified Mortgagee. Although otherwise effective with respect to the Lessee receiving such notice, no notice delivered to any Lessee shall affect any rights or remedies of any Qualified Mortgagee unless a copy of such notice has been delivered to such Qualified Mortgagee in accordance with the immediately preceding sentence. Each Qualified Mortgagee shall have the right to remedy a default, or cause the same to be remedied within the time allowed to the defaulting Lessee plus, in the case of monetary defaults, an additional fifteen (15) days and, in the case of non-monetary defaults, an additional thirty (30) days; provided, however, that if a non-monetary default reasonably requires more than thirty (30) days to cure, each Qualified Mortgagee shall have the right to remedy such default if such Qualified Mortgagee commences such cure within such thirty (30) day period and thereafter diligently prosecutes such cure to completion. Notwithstanding the foregoing, in no event shall the time period for a Qualified Mortgagee to remedy a default exceed ninety (90) days from the commencement of the time period during which such Qualified Mortgagee may cure or remedy a default in accordance with this Paragraph 8.2.

8.3 Performance. Each Qualified Mortgagee shall have the right to act for and in the place of the Lessee of the Lot covered by its Mortgage, to the extent permitted by the applicable Mortgage or otherwise agreed to by such Lessee in writing. Manager shall accept performance by or on behalf of any Qualified Mortgagee as if the same had been performed by the other Lessee. Each Qualified Mortgagee shall have the right, to the extent the Lessee of the Lot covered by the Mortgage concerned agrees in writing, to appear in a legal action or proceeding on behalf of such Lessee in connection with such Lot and the obligation under this Declaration.

8.4 Recognition. On request, the Manager agrees to execute, acknowledge and deliver to any Qualified Mortgagee an instrument prepared by the Qualified Mortgagee concerned, acknowledging that such Qualified Mortgagee is a "Qualified Mortgagee" entitled to the benefits of this Paragraph 8.

9. Annexation and De-Annexation.

9.1 Annexation of Annexable Property. Declarant may at any time and from time to time, annex to the Development any Annexable Property (or the applicable portion or portions thereof). To effect such annexation, a Declaration of Annexation covering the Annexable Property (or the applicable portion or portions thereof) to be annexed shall be executed and recorded by Declarant, which instrument may contain additional covenants, conditions, restrictions, or other terms. A Declaration of Annexation may contain such complementary additions to and modifications of this Declaration as may be necessary

to reflect the different character, if any, of the Annexable Property (or the applicable portion or portions thereof) or other property to be annexed. In no event, however, shall any such Declaration of Annexation revoke or conflict with this Declaration except to the extent specifically permitted hereby. Upon annexation, all of the provisions of this Declaration shall apply to or encumber such Annexable Property (or the applicable portion or portions thereof). So long as Manager is Boyer, the annexation of any Annexable Property shall also require the written consent of Manager.

9.2 De-Annexation of Covered Property. Declarant may at any time and from time to time up to the date which is 30 years after the date this Declaration is recorded, de-annex or withdraw from the Development any portion or portions thereof (subject to the written consent of any Lessee of the portion or portions to be de-annexed or withdrawn). So long as the Manager is Boyer, any de-annexation or withdrawal shall also require the written consent of Manager. To effect such de-annexation or withdrawal, Declarant shall execute and record a Declaration of De-Annexation setting forth the legal description of the portion or portions of the Development to be de-annexed or withdrawn, and such Declaration of De-Annexation shall be executed by (a) Declarant, (b) the Lessee, if any, of the land to be withdrawn, and (c) so long as the Manager is Boyer, the Manager. The land to be withdrawn may include any portion of the Development, including Lots and Common Area. Recording such Declaration of De-Annexation shall constitute and effectuate the de-annexation and withdrawal of the applicable portion or portions of the Development described therein, and such property and the Lessees and Occupants thereof shall no longer be subject to, or benefitted by, this Declaration.

10. Covenants to Run with Land. Each provision of this Declaration shall constitute a covenant running with the land. This Declaration shall be binding on each part of the Development, and all interests in any part of the Development shall be subject to this Declaration. The interests in and rights concerning any portion of the Lots held by or vested in Declarant or any other person or entity on or after the date of this Declaration shall be subject to this Declaration.

11. Amendment. This Declaration may be modified only by the recordation, in the Official Records, of an agreement or document of modification executed by Declarant; provided, however so long as Boyer is Manager, any amendment shall require the written consent of Boyer.

12. Attorneys' Fees. If any action is brought because of a default under or to enforce or interpret this Declaration, in addition to the relief to which such party is entitled, the party prevailing in such action shall be entitled to recover from the unsuccessful party reasonable attorneys' fees (including those incurred in connection with any appeal), the amount of which shall be fixed by the court and made a part of any judgment rendered.

13. Release on Transfer. On and after the date a Lessee transfers (other than merely for purposes of security) or is otherwise divested of such Lessee's interest in any Lot, such Lessee shall be relieved of all liabilities and obligations under this Declaration related to such Lot, except for such liabilities or obligations as may have accrued as of the date of such transfer or divestiture.

14. No Merger. The easements, covenants, restrictions and other provisions contained in this Declaration shall remain in full force and effect despite the fact that all or a part of the Development may be owned by the same person or entity from time to time, it being the intention of Declarant to create a common scheme for the development and operation of the Development that will not be terminated by the doctrine of merger or otherwise, unless this Declaration is terminated in accordance with Paragraph 16.

15. Force Majeure. The Manager and any Lessee or other person or entity obligated under this Declaration shall be excused from performing any obligation set forth in this Declaration, except the payment of money, for so long as (but only for so long as) the performance of such obligation is prevented

or delayed by an act of God, weather, avalanche, fire, earthquake, flood, explosion, act of the elements, war, terrorism, invasion, insurrection, riot, malicious mischief, vandalism, larceny, inability to procure or general shortage of labor, equipment, facilities, materials or supplies in the open market, failure of transportation, strikes, lockouts, order of government or civil defense authorities or any other cause reasonably beyond the control of the Manager, the Lessee or other person or entity prevented or delayed.

16. Effective Dates and Duration. This Declaration and any amendment to this Declaration shall take effect as of the date on which they are recorded in the Official Records. This Declaration shall remain effective until terminated and extinguished by an instrument recorded in the Official Records and executed by Declarant. So long as the Manager is Boyer, any termination shall also require the written consent of Manager.

17. Notices. Any notice or demand required or appropriate hereunder shall be given in writing by personal service, fax (provided that a hard copy of any such notice has been dispatched by one of the other means for giving notice within twenty-four (24) hours after faxing), express mail, Federal Express, DHL or any other similar form of courier or delivery service, or mailing in the United States mail, postage prepaid, certified and return receipt requested. All notices sent by mail as aforesaid shall be addressed as follows:

If to Declarant:	Phoenix-Mesa Gateway Airport Authority Attn: Business Development Department 5835 South Sossaman Road Mesa, Arizona 85212
If to any other Lessee or Occupant:	To such address as such Lessee or Occupant shall designate in writing to Declarant and Manager, or to the Lessee's or Occupant's address in the Development, if no other address is designated.
If to Manager (if Boyer is the Manager):	Boyer Gateway East, L.C. c/o The Boyer Company, L.C. 101 South 200 East, Suite 200 Salt Lake City, Utah 84111 Attention: Jake Boyer
If to the Manager (if Boyer is not the Manager):	To the address of the current principal office of the Manager.

Any party may change the address at which it desires to receive notice by written notice of such change to the Manager and Declarant. Any notice or demand given under this Declaration shall be deemed to have been given, and shall be effective, on delivery to the notice address then applicable for the party to which the notice is directed; provided, however, that refusal to accept delivery of a notice or the inability to deliver a notice because of an address change that was not properly communicated shall not defeat or delay the giving of a notice.

18. General Provisions. Titles and headings of Paragraphs of this Declaration are for convenience of reference only and shall not affect the construction of any provision of this Declaration. This Declaration shall be governed by, and construed and interpreted in accordance with, the laws (excluding the choice of laws rules) of the state of Arizona. Whenever possible, each provision of this Declaration shall be interpreted in such manner as to be valid under applicable law; but, if any provision of

this Declaration shall be invalid or prohibited under applicable law, such provision shall be ineffective to the extent of such invalidity or prohibition without invalidating the remainder of such provision or the remaining provisions of this Declaration. Except as otherwise provided in this Declaration, no remedy provided in this Declaration shall be exclusive of any other remedy at law or in equity (whether existing on or created after the date of this Declaration), and all remedies under this Declaration may be exercised concurrently, independently or successively from time to time. The failure on the part of any person or entity to promptly enforce any right under this Declaration shall not operate as a waiver of such right, and the waiver of any default shall not constitute a waiver of any subsequent or other default.

Phoenix-Mesa Gateway Airport Authority

DEVELOPMENT LEASE

This Development Lease (the "**Lease**") is executed to be effective the 1ST day of OCTOBER, 2023 (the "**Effective Date**") between the **PHOENIX-MESA GATEWAY AIRPORT AUTHORITY**, a joint powers airport authority authorized and existing under the laws of the State of Arizona ("**Lessor**"), and **BOYER GATEWAY EAST MESA BUILDING 1, L.C.,** a Utah limited liability company authorized to do business in the State of Arizona ("**Lessee**"). Lessor and Lessee may be referred to jointly as "**Parties**," and each separately may be referred to as a "**Party**."

WITNESSETH:

A. Lessor is the owner and operator of the Phoenix-Mesa Gateway Airport generally located at the intersection of Ray Road and Sossaman Road, City of Mesa, Maricopa County, Arizona (the "**Airport**"); and

B. Lessor desires to lease to Lessee, and Lessee desires to lease from Lessor, that certain real property at the Airport located at 9019 East Technology Avenue, Mesa, Arizona 85212, consisting of Seven Hundred Thirty-Eight Thousand Six Hundred and Seventy (738,670) square feet, and described as Lot 210, as set forth in **EXHIBIT A** attached hereto (the "**Premises**") on the terms and conditions set forth herein; and

C. The Premises is identified in the Master Plan and the Airport Layout Plan as a Non-Aeronautical Development Parcel;

NOW THEREFORE, in consideration of the foregoing and of the mutual covenants and agreements herein contained, the Parties do hereby undertake, promise and agree, each for itself and its successors and assigns, as follows:

1. LEASE.

Lessor hereby leases the Premises to Lessee, subject to the matters set forth on **EXHIBIT C**, (the "**Permitted Exceptions**"), and further subject to all operational and use restrictions and other terms and conditions set forth in this Lease.

1.1 Right to Use Premises. Lessor agrees that so long as no Event of Default shall have occurred and is continuing, Lessee shall peaceably have and enjoy the use of the Premises without hindrance from Lessor and those claiming through Lessor. Lessee specifically acknowledges that Lessee has inspected the Premises prior to entering into this Lease and agrees to accept the Premises in an "as is, where is" condition without any warranty or representation from Lessor, either express or implied, of any kind or nature whatsoever with respect to the Premises, including, but not limited to, any warranty of merchantability, habitability, or fitness for any particular or specific purpose, and all such warranties are hereby disclaimed, except for representations and warranties contained in this Lease. Should Lessee desire any inspection report, environmental assessment, survey, creation of a legal description, drainage report, or any similar study, Lessee shall be responsible for the same at Lessee's sole expense. Lessor agrees to cooperate with Lessee, at no or nominal cost to Lessor, in connection with such activities and undertakings.

1.2 Reserved.

1.3 Access. Lessee is granted the right of reasonable access to and from the Premises via such portions of the Airport as are or may be necessary to allow Lessee to conduct its business operations permitted herein at and on the Premises and the Airport. Lessor reserves the right to designate the location of such access and to change its location from time to time, as Lessor deems reasonably necessary and appropriate; provided such changes do not materially interfere with Lessee's use of or access to the Premises.

1.4 Permitted Uses. Subject to the provisions of SECTION 1.5, Lessee may use the Premises for general office, light manufacturing, warehousing, and distribution uses and for no other use. Lessee shall not use any portion of the Premises for a Prohibited Use, which Prohibited Uses are set forth on **EXHIBIT F**. Lessee's use of the Premises and operation of its business at and on the Airport and the Premises is subject to all applicable laws, rules and regulations of any governmental authority, including Lessor.

1.5 Prohibited Activities. Lessee shall not use or permit its agents, employees, contractors, invitees, licensees or customers to use the Premises or the Airport for any use that is in violation of the Permitted Exceptions or applicable laws, rules, regulations and operating policies of any governmental authority, including Lessor, or for any other activity or operation not specified in SECTION 1.4 herein, or that does not have advance, written approval of Lessor's Executive Director.

1.6 On-Site Manager. Upon commencement of business operations at and on the Premises and the Airport, Lessee shall designate a manager for the Term (as defined below) who shall be available to Lessor and Lessee's customers, if any, during normal business hours.

1.7 Lessee Acknowledgement. Lessee acknowledges and agrees that its obligations to pay Base Rent and all other charges due and owing under the terms hereof shall be absolute and unconditional, and shall not be affected by any circumstances whatsoever, including, without limitation: (i) any set-off, counterclaim, recoupment, defense or other right which Lessee may have against Lessor or the United States of America or anyone else for any reason whatsoever; (ii) the Permitted Exceptions; (iii) the invalidity or unenforceability or lack of due authorization or other infirmity of this Lease or any lack of right, power or authority of Lessor or Lessee to enter into this Lease; (iv) any insolvency, bankruptcy, reorganization or similar proceedings by or against Lessee, or any other person; or (v) any other cause, whether similar or dissimilar to the foregoing, any future or present law notwithstanding, it being the intention of the Parties hereto that all rent being payable by Lessee hereunder shall continue to be payable in all events and in the manner and at the times provided herein.

2. TERM.

The initial term of this Lease shall be for a period of SIXTY-FIVE (65) years, commencing on the Effective Date and terminating on SEPTEMBER 30, 2088 thereafter (the "**Term**").

3. NONEXCLUSIVE RIGHTS.

Lessee shall have the exclusive right to occupy and use the Premises while in compliance with the terms and conditions of this Lease, subject to Section 27 below. All other rights granted to Lessee under this Lease with respect to the Airport, not including the Premises, are nonexclusive. Lessor may, in its sole discretion and at any time, permit third parties to conduct any and all business activities at the Airport (but not the Premises except as set forth in Sections 26.1.3 and 27 below) that Lessor deems appropriate, or conduct such activities itself, provided that such activities do not require or materially interfere with Lessee's use of the Premises.

4. RENT.

4.1 Base Rent. Subject to Section 4.3 and 4.4 herein, Lessee agrees to pay Lessor rent for the use of the Premises (the "**Base Rent**") as follows:

Period	Rent PSF Per Year	Monthly Installment	Annual Rent
Effective Date through end of the SECOND (2nd) Lease Year	$0.00	$0.00	$0.00
SECOND (2nd) anniversary of the Effective Date to the first Adjustment Date	$0.55	$33,855.71	$406,268.50

The Base Rent shall be payable in advance, without any prior demand therefor and without any abatement, deductions or set-offs whatsoever, and tendered in lawful currency of the United States, either by check or electronic transfer.

4.2 Reserved.

4.3 Annual Increases. Starting on the THIRD (3rd) anniversary of the Effective Date and every anniversary of the Effective Date thereafter other than on an anniversary where the annual Base Rent will be adjusted pursuant to Section 4.4, the annual Base Rent paid by Lessee shall be increased by two and one-half percent (2.5%).

4.4 Market Adjustments to Base Rent.

4.4.1 In addition to the annual increases provided for in Section 4.3, on (a) the FIFTEENTH (15th) anniversary of the Effective Date of this Lease, and (b) each subsequent FIFTEEN (15) year anniversary of the date set forth in preceding subsection (a), the annual Base Rent shall be increased (but never decreased) (the "**Adjustment Date(s)**") as hereinafter set forth in this SECTION. On each such Adjustment Date, the Base Rent shall be adjusted to the Fair Market Base Rent of the Premises. For purposes hereof, "**Fair Market Base Rent**" shall mean the amount that a willing, comparable, non-equity lessee would pay, and a willing, comparable landlord of in the same market as the Premises would accept, for comparable (in quality, size, and value) airport-related leasehold interest in vacant land, and specifically excluding any improvements constructed or caused to be constructed by Lessee and/or its affiliates to the Premises or the Airport and any lease or sublease for such improvements ("**Fair Market Base Rent**"). No single adjustment to the annual Base Rent pursuant to this Section 4.4 shall increase the annual Base Rent by more than TEN PERCENT (10%) from the annual Base Rent in effect immediately prior to the increase pursuant to this Section 4.4.

4.4.2 Lessor's determination of such Fair Market Base Rent for the Premises shall be delivered to Lessee no later than NINETY (90) calendar days prior to the Adjustment Date along with any and all substantiated information used by Lessor in connection with such determination. If Lessee disputes Lessor's determination of such Fair Market Base Rent, Lessee shall deliver written notice of such dispute, together with Lessee's determination of such Fair Market Base Rent, to Lessor within THIRTY (30) calendar days of Lessee's receipt of Lessor's determination. The Parties shall then attempt in good faith to agree upon such Fair Market Base Rent. If the Parties fail to agree within FIFTEEN (15) business days, they shall, within SEVEN (7) calendar days thereafter, mutually appoint an appraiser to determine the Fair Market Base Rent. Said appraiser shall have at least FIVE (5) years of full-time commercial appraisal experience and be a member of the Appraisal Institute or comparable professional organization. Within SEVEN (7) calendar days of the appointment of the appraiser, the Parties shall submit to the appraiser, with a copy to the other Party, their respective determinations of the Fair Market Base Rent and any/all substantiated information. Within TWENTY (20) business days thereafter, the

appraiser shall review each Party's submittal and shall select one Party's submittal as representing the most reasonable approximation of such Fair Market Base Rent. The appraiser shall promptly notify the Parties of their decision, which shall be final and binding upon Lessor and Lessee. The appraiser's fees and expenses shall be paid by the Party whose submittal was not selected.

4.4.3 If the Parties are unable to agree upon an appraiser pursuant to Section 4.4.2 within such SEVEN (7) calendar days, then within THREE (3) business days after expiration of the 7-day period, Lessor and Lessee shall each (a) appoint an appraiser with the above qualifications, and (b) give notice to the other identifying that party's appraiser. If a Party fails to timely appoint an appraiser, the other Party's appraiser shall determine the Fair Market Base Rent in accordance with this Section 4. Not later than SEVEN (7) calendar days after both appraisers have been appointed, Lessor and Lessee shall each submit to each appraiser, with a copy to the other Party, their respective determinations of the Fair Market Base Rent and any/all substantiated information. Within TWENTY-ONE (21) days after receipt of both Parties' proposals, the appraisers shall review the submissions and shall select one Party's submittal as representing the most reasonable approximation of such Fair Market Base Rent. The appraisers shall promptly notify the Parties of their decision, which shall be final and binding upon Lessor and Lessee. Each Party shall be responsible for the fees and expenses of their own selected appraiser.

4.4.4 If the appraisers selected pursuant to Section 4.4.3 do not agree as to which party's proposal is closest to the actual Fair Market Base Rent, then not later than TEN (10) business days after the appraisers have notified the parties of this fact, unless both Lessor and Lessee direct otherwise, the appraisers shall jointly select an arbitrator who shall determine which proposal is the closest to the actual Fair Market Base Rent. The arbitrator must have the same qualifications stated for an appraiser under Subsection 4.4.2 above. The arbitrator shall conduct an arbitration under the provisions of the commercial arbitration rules of the American Arbitration Association. The arbitrator shall decide only which Fair Market Base Rent submission is closest to the actual Fair Market Rent for the Premises. The arbitrator's decision shall be binding on all parties and shall apply retroactively as of the Adjustment Date. The arbitrator shall make a final decision within THIRTY (30) days of the arbitrator's appointment.

4.5 Airport Rates and Charges Schedule. Lessee or its subtenants, as applicable and including its contractors, agents, etc., shall pay all fees identified in the most current *Airport Rates and Charges Schedule* and/or *Airport Fees, Services and Rental Rates Schedule* at the time of receipt of any covered service or use of any covered facilities, unless specifically outlined in this Lease. The current *Airport Rates and Charges Schedule* and *Airport Fees, Services and Rental Rates Schedule* are included as **EXHIBIT B** and are subject to change without prior notice to or approval of Lessee. Lessee acknowledges and agrees that Lessor may amend the *Airport Rates and Charges Schedule* and/or *Airport Fees, Services and Rental Rates Schedule* at any time at Lessor's sole discretion. No fee shall apply to the use of the Premises or access to the Premises.

4.6 Payment.

4.6.1 Unless otherwise specified herein, the first payment of Base Rent shall be paid to Lessor upon the delivery of this Lease, for the period from the Effective Date until the end of the calendar month in which the Effective Date occurs, prorated on the basis of the number of such days to the total number of days in said month. Thereafter, all Base Rent payments shall be paid in monthly installments, in advance, on the first day of each calendar month. On each such date, Lessee shall pay the full Base Rent payment.

4.6.2 No payment to or receipt by Lessor of a lesser amount than that which is due and payable under the provisions of this Lease at the time of such payment shall be deemed to be other than a payment on account of the earliest payment due, nor shall any endorsement or statement on any

check or payment prejudice in any way Lessor's right to recover the balance of such payment or pursue any other remedy provided in this Lease or by law.

4.6.3 All payments required by this SECTION 4.6 shall be remitted to the following address by the due date(s) specified hereinabove:

Phoenix-Mesa Gateway Airport Authority
Attn.: Department of Finance (Accounts Receivable)
5835 S. Sossaman Road
Mesa, Arizona 85212-6014

or such other address specified in writing by Lessor to Lessee.

4.7 Finance Charges and Late Fees. If Lessee fails to pay any installment of Base Rent or any other charge due and owing to Lessor in full on or before the applicable due date, Lessee shall be responsible for interest on the unpaid installment at the rate of EIGHTEEN PERCENT (18%) per annum (but not to exceed the maximum interest rate permissible by law), from the due date until payment in full is made. In addition, in the event any installment of Base Rent or other charge owing to Lessor is paid more than TEN (10) days after the due date, a late penalty of TEN PERCENT (10%) of the amount of such delinquent Base Rent installment or other charge shall be due and payable in addition thereto.

4.8 Taxes. Lessee shall pay, prior to delinquency, any leasehold tax, sales tax, personal property tax, transaction privilege tax, license or permit fee, or any other tax or assessment imposed during the Term against the Premises or as the result of Lessee's occupancy of Premises or conduct of any activity at the Premises under the authority of this Lease, including any such tax assessable on Lessor. Lessee shall pay such taxes and assessments directly to the taxing authority charged with collecting such taxes and assessments, provided that in the event that laws or judicial decisions result in the imposition of a real property tax or any other form of tax or imposition on the interest of Lessor and to the extent such taxes are reasonably attributable to the Premises or a portion thereof or the operation of Lessee's business thereon, Lessee shall pay such amounts to Lessor in the manner set forth in Section 4.6. Such taxes to be paid directly to Lessor include, without limitation, payment of all rent taxes, i.e., taxes imposed specifically on the gross receipts in the form of rent received by Lessor.

4.9 Survival. Lessee's obligation to pay all amounts stated herein, together with any interest thereon and/or penalties therefor, shall survive the termination of this Lease.

5. PERFORMANCE GUARANTEE.

5.1 Security Deposit.

5.1.1 On or before the Effective Date, Lessee shall pay to Lessor an amount equivalent to the first monthly installment of Base Rent due after the second (2nd) anniversary of the Effective Date (SIXTY-SEVEN THOUSAND SEVEN HUNDRED AND ELEVEN DOLLARS AND FORTY-TWO CENTS ($67,711.42)), as a security deposit (the "Security Deposit") to insure the faithful performance of all of Lessee's obligations hereunder.

5.1.2 The Security Deposit, at the election of Lessor, may be applied in reduction of any loss and/or damage sustained by Lessor by reason of the occurrence of any breach, nonperformance or default by Lessee under this Lease without the waiver of any other right or remedy available to Lessor at law, in equity or under the terms of this Lease. If any portion of the Security Deposit is so used or applied, Lessee shall, within FIVE (5) business days after written notice from Lessor, deposit with Lessor immediately available funds in an amount sufficient to restore the Security Deposit to its original amount. In the event of a sale or other transfer of the Premises by Lessor, Lessor

shall transfer the remaining balance (if any) of the Security Deposit to Lessor's successor in interest, whereupon the transferor Lessor shall be released from liability to Lessee for the return of such Security Deposit. Unless this Lease is terminated as a result of Lessee's default whereupon Lessee shall immediately forfeit its Security Deposit to Lessor, upon termination, Lessor shall return to Lessee all portions of the Security Deposit which were not otherwise applied by Lessor as permitted above. Lessor shall have no obligation to maintain a separate account for such security deposit and shall have no obligation to pay interest thereon.

Following the timely payment when due by Lessee of thirty-six (36) consecutive monthly installments of Base Rent due after the second (2nd) anniversary of the Effective Date, Lessor shall return the Security Deposit to Lessee and the terms of this Section 5.1 shall thereafter be null and void; provided that, except as otherwise set forth in Section 22 with respect to an Enforcement Action (as defined in Section 22.11 below), upon any assignment of this Lease to a third party, such assignee shall be required to deposit the Security Deposit with Lessor in accordance with, and subject to, this Section 5.1, including, without limitation, the return of such Security Deposit to Lessee upon the timely payment when due of thirty-six consecutive monthly installments of Base Rent by such assignee.

5.2 Construction Payment and Performance Guarantees.

5.2.1 Payment Guarantee. Notwithstanding and in addition to the Security Deposit, Lessee shall protect claimants supplying labor and materials in connection with any construction on the Premises, by providing, at Lessee's sole cost and expense and prior to commencement of construction of any improvements on the Premises, one of the following instruments, chosen at Lessee's discretion:

(a) Payment Bond. Lessee shall provide a labor and materials payment bond in the full contract amount to protect claimants supplying labor and materials in connection with the construction. The bond shall comply in all respects with the requirements of A.R.S. § 33-1003 as it may be amended or renumbered from time to time. The Parties agree that Lessee is not a public body, and the improvements to be constructed under this Lease by Lessee at Lessee's sole cost are not public buildings, public works or public improvements. The bond shall be issued by a surety company reasonably acceptable to Lessor and duly licensed for such undertaking in the state of Arizona and shall be accompanied by a power of attorney disclosing the authority of the person executing it on behalf of the surety. The bond and a copy of the contract shall be recorded in the office of the Maricopa County Recorder as required under A.R.S. § 33-1003, and a copy of the bond shall be provided to Lessor; or

(b) Letter of Credit. A letter of credit ("**Letter of Credit**") shall be irrevocable, in an amount equal to the total amount of the construction contract(s) for the construction of the Improvements (as defined in Section 7 below) plus TEN PERCENT (10%) of such amount and be issued to Lessee by a financial institution ("**Bank**") reasonably acceptable to Lessor. The Letter of Credit shall have a term extending from the date of commencement of construction until the date which is TWENTY-FOUR (24) months thereafter, after which date it shall be renewed on a year-to-year basis until the earlier of (a) construction of the Improvements are completed, and final and unconditional lien waivers have been obtained from all contractors supplying labor and materials in connection with the construction, or (b) six (6) months after the issuance of a Certificate of Occupancy for the Improvements (as defined below). Should Lessee utilize the Letter of Credit option hereunder, and should Lessee fail to pay any sum owing to contractors supplying labor and materials in connection with the construction then, in addition to any other remedies set forth in this Lease, Lessor shall be entitled to apply to the Bank, following a period of THIRTY (30) calendar days prior written notice to Lessee (which notice shall include a reasonably-detailed description of Lessee's failure to pay any sum owing), for release to Lessor (in accordance with the terms of the Letter of Credit) from the Letter of Credit of a dollar amount sufficient to pay amounts owing to contractors supplying labor and materials in connection with the construction and obtain final, unconditional lien waivers in connection therewith. Lessor's application shall contain evidence of the failure of payment and the estimated dollar amount needed to satisfy payment

obligations. The terms of the Letter of Credit shall require prompt payment to Lessor for the amount set forth in Lessor's application upon satisfaction of the conditions set forth in the Letter of Credit. Upon and following any partial payment to Lessor, the Letter of Credit shall remain in full force for the remaining undisbursed amount of the Letter of Credit to accommodate further applications, if any, and shall not be subject to cancellation or revocation until fully drawn or otherwise released or satisfied upon completion of construction of the Improvements and final, unconditional lien waivers have been obtained from all contractors supplying labor and materials in connection with the construction. Lessor must approve the form and content of any Letter of Credit in writing, which approval shall not be unreasonably withheld, conditioned, or delayed.

(c) Parent Guaranty. A payment guaranty from The Boyer Company, L.C., a Utah limited liability company ("**Guarantor**") in favor of Lessor guarantying the prompt and complete payment of all amounts due in connection with the construction of the Improvements in form and substance reasonably satisfactory to Lessor, which payment guaranty shall provide that Guarantor shall maintain, during the construction of the Improvements, a minimum net worth of at least $100,000,000 and liquidity of not less than $10,000,000.

5.2.2 Performance Guarantee. Lessee's obligation to timely complete the Improvements shall be secured, at Lessee's sole cost and expense and prior to commencement of construction of said Improvements, by any one of the following instruments, chosen at Lessee's discretion:

(a) Performance Bond. Lessee shall require the contractor to provide a performance bond in the full contract amount conditioned upon the faithful performance of the contract in accordance with plans, specifications and conditions thereof. The bond shall be in a form reasonably acceptable to Lessor; shall be issued by a surety company reasonably acceptable to Lessor and duly licensed for such undertaking in the state of Arizona; and shall be accompanied by a power of attorney disclosing the authority of the person executing it on behalf of the surety; or

(b) Completion Bond. Lessee shall deliver to Lessor a completion bond in form and substance reasonably acceptable to Lessor pursuant to which Lessor shall have the unconditional, direct and unilateral right to draw upon or use such bond for completion of construction of the Improvements under Section 7.1 of this Lease if an Event of Default occurs and is continuing under Section 7.2 of this Lease. The bond shall be in a form reasonably acceptable to Lessor; shall be issued by a surety company reasonably acceptable to Lessor and duly licensed for such undertaking in the state of Arizona; and shall be accompanied by a power of attorney disclosing the authority of the person executing it on behalf of the surety.

(c) Parent Guaranty. A completion guaranty from Guarantor in favor of Lessor guarantying the timely completion of the Improvements in form and substance reasonably satisfactory to Lessor, which guaranty shall provide that Guarantor shall maintain, during the construction of the Improvements, a minimum net worth of at least $100,000,000 and liquidity of not less than $10,000,000.

6. INTENTIONALLY DELETED

7. IMPROVEMENTS.

7.1 Construction by Lessee. Lessee shall, at its sole cost and expense, construct improvements on the Premises that generally shall consist of a building which will be comprised of approximately 250,000 square feet of manufacturing space and approximately 50,000 square feet of office and support space, together with related improvements, including, without limitation, sidewalks, drive aisles, access drives and parking improvements, which are estimated to cost approximately $46,989,495.00, as generally depicted in **EXHIBIT D** (the "**Improvements**") and in accordance in all material respects with a site plan approved by Lessor's Design Review Committee, such approval not to be unreasonably withheld or delayed, and in compliance with all

applicable governmental regulations, restrictions and building codes and any declaration of covenants, conditions, restrictions and easements of record affecting the Premises (including, without limitation, the Declaration as set forth in Section 43 hereof) and any design guidelines that are applicable to the Premises. Lessor and Lessee agree that Lessee shall be solely responsible for: (i) any required connection(s) between the Premises and the terminating point of the existing vehicular access way to the Premises, as reasonably required by Lessor; (ii) constructing all Improvements necessary to bring all utilities onto the Premises, including, without limitation, electrical, gas, water, sewer, cable and telephone utilities; and (iii) installing all utility meters and water and sewer lines to service all Improvements constructed on the Premises.

7.2 Construction Milestones; Termination. Lessee shall construct its Improvements pursuant to the following schedule (each of which events are herein called a "**Construction Milestone**"):

7.2.1 Lessee shall submit its Improvement design plans to Lessor for review and approval no later than THREE (3) months from the Effective Date. Lessor shall promptly, and in all events within TWENTY-ONE (21) calendar days, notify Lessee in writing if Lessee believes such plans (or any revised plans submitted by Lessee) would cause the Improvements to fail to comply with the Master Plan. Any such notice shall specify in reasonable detail the items Lessor believes do not comply with the Master Plan and the changes, which if made, would cause the Improvements to comply with the Master Plan. Thereafter the Parties will negotiate in good faith to resolve any concerns raised by Lessor. If Lessor fails to timely provide any objections to such plans, such plans shall be deemed to be approved by Lessor.

7.2.2 Lessee shall submit its Improvement construction plans to the City of Mesa for a construction permit no later than NINETY (90) calendar days from the date Lessor approved or is deemed to have approved Lessee's Improvement design plans and shall thereafter diligently pursue;

7.2.3 Reserved.

7.2.4 Lessee shall diligently prosecute construction of all Improvements and shall complete construction of all Improvements to be constructed by Lessee at and on the Premises and shall obtain a certificate of occupancy (a "**CofO**") (or its equivalent) from the City of Mesa therefor, no later than THIRTY (30) months from the date the City of Mesa issues a building permit for the Improvements and all government approvals required for such, including any approvals required from the FAA (the "**Outside Completion Date**"). If Lessee is unable to meet a Construction Milestone due to Unavoidable Delay (as set forth and defined in Section 39), then the Outside Completion Date shall be extended by ONE (1) day for each day of such Unavoidable Delay impacting the Construction Milestone.

7.2.5 If Lessee fails to obtain a temporary or final CofO by the Outside Completion Date, Lessee shall pay to Lessor an amount equal to Five Hundred Dollars ($500.00) for each day that Lessee is late obtaining a temporary or final CofO (a "**Late Completion Fee**"), which payment by Lessee shall be in addition to any Base Rent due from Lessee hereunder. Lessee shall pay Lessor all Late Completion Fees to Lessor on the FIRST (1st) day of the month following the date on which such Late Completion Fees first accrues, until such time as all Late Completion Fees are paid in full. If Lessee fails to obtain a temporary or final CofO within one (1) year after the Outside Completion Date, Lessee shall have no further obligation to pay a Late Completion Fee for any days following such one-year period and Lessor can pursue its other remedies available under this Lease.

7.2.6 If Lessee fails to commence construction within SIXTY (60) calendar days after the issuance of all necessary construction permits and receipt of all approvals required for such, including any approvals required from the FAA, but subject to any applicable notice and cure periods provided for in Section 11, Lessor shall have the right to terminate this Lease by written notice to Lessee

delivered at any time prior to commencement of construction. For purposes of this section "**commencement of construction**" shall be the date on which Lessee has obtained it permits, has executed a contract for construction of the Improvements and engaged in material work, such as grading and pouring of footings and slabs.

7.3 No Alterations. Lessee shall make no material improvements or alterations to the exterior of any building on the Premises during the Term of this Lease without the prior written permission of Lessor, which shall not be unreasonably withheld or delayed and, if and to the extent applicable, without the approval by Lessor's Design Review Committee. Lessee shall provide Lessor with electronic as-built drawings (or their equivalent) when any improvement or alteration is completed for which such drawings are reasonably required.

7.4 Title to Alterations and Improvements. Title to all improvements and alterations on the Premises (but not personal property or trade fixtures) shall automatically vest in Lessor upon the expiration or termination of this Lease, and Lessee agrees to execute and deliver to Lessor, within TEN (10) business days after Lessor's request therefor, a quitclaim deed or other instrument satisfactory to Lessor and Lessee confirming that title to such improvements and alterations is vested in Lessor. This Section 7.4 shall survive the termination of this Lease.

7.5 Mechanics' Liens. Lessee shall keep the Premises and all improvements constructed by Lessee thereon free of any mechanic or materialmen's liens arising by, through or under Lessee. In the event that any such lien is filed, Lessee shall, at its sole cost, cause such lien to be removed from the Premises by bonding or otherwise within SIXTY (60) calendar days of written notice thereof.

7.6 Permit Required. Lessee shall be responsible for determining whether it is subject to local building/construction codes or permit requirements, and for compliance with them to the extent they are applicable. All structural, electrical, plumbing or mechanical construction or reconstruction shall conform to applicable City of Mesa (the "**City**") building/construction codes. No such work shall be commenced without first submitting required plans and obtaining required permits from the City, if any. To the extent required by applicable City building/construction codes, all such work shall be permitted, inspected and approved by the City prior to concealment or use. Lessee shall provide to Lessor a contemporaneous copy of Lessee's permit application and the associated plans and specifications.

7.7 Damage or Destruction. Lessee shall maintain insurance on all of Lessee's Improvements to the Premises, including any subsequent alterations and improvements thereto. In the event that all or any portion of Lessee's Improvements are destroyed or rendered unusable due to fire or other catastrophe, Lessee shall, at Lessee's election, either:

7.7.1 replace, repair, restore, modify or improve said Improvements, subject to the provisions of Section 7.6, using available insurance proceeds (which shall be paid to Lessee or its Leasehold Mortgagee, as required by Leasehold Mortgagee, if any) together with any additional funds from other available sources; or

7.7.2 raze the Improvements and return the Premises to the condition that existed prior to the construction of the Improvements (until such time as Lessee elects to construct additional Improvements on the Property as market conditions permit) and following Lessee's razing of the Improvements apply the balance of such insurance proceeds to the payment of a Leasehold Mortgage, if any; provided, however, Lessee shall continue to be obligated to perform its obligations under this Lease (including, without limitation, paying all Rent, but excluding any obligation to construct a new building until such time as Lessee elects to commence construction of such new building in accordance with the terms of this Lease, including without limitation the provisions of Sections 7.3 and 7.6).

Notwithstanding the foregoing to the contrary, if any damage or destruction occurs to the Premises during the last five (5) years of the Term or any and the cost to repair the damage exceeds Five Hundred Thousand Dollars ($500,000.00), then, subject to the provisions of Section 22 hereof, Lessee may terminate this Lease upon giving Lessor (30) days written notice. In the event Lessee elects to terminate this Lease pursuant to this Section, all property insurance proceeds will be allocated between Lessee and Lessor, with Lessee receiving such proceeds up to the value of the Improvements for the remaining Term (but for the damage and destruction) and Lessor receiving such proceeds up to the residual value of the Improvements after the Term (but for the damage and destruction); provided, however, Lessee's insurance proceeds shall be applied first to the cost of razing the Improvements and returning the Premises to the condition that existed prior to the construction of the Improvements. Each Leasehold Mortgagee shall have the right to participate in the adjustment of any insurance proceeds for insurance maintained by Lessee. If required by a Leasehold Mortgagee in the Leasehold Mortgage or other loan documents, the senior most Leasehold Mortgagee shall have the right to supervise and control the receipt and disbursement of insurance proceeds payable to Lessee pursuant to this Lease for purposes of the restoration and/or repair of the Improvements.

7.8 Condemnation.

7.8.1 Condemnation of Premises. If any portion of the Premises is taken by a government entity exercising the power of eminent domain or sold to a government entity by Lessor under the exercise of said power (final judicial order that permits the taking is herein referred to as "**Condemnation**"), this Lease shall terminate, without any requirement for consent or approval from a Leasehold Mortgagee, as to the part so taken as of the date the condemning authority takes possession of the condemned portion of the Premises ("**Condemnation Date**"). If so much of the Premises is taken that, in Lessee's business judgment, the Premises is no longer reasonably suitable for Lessee's operations in Lessee's reasonable business judgment, subject to the provisions of Section 22.3 hereof, Lessee may terminate this Lease at any time after Lessee receives the Condemnation Notice by giving Lessor thirty (30) days written notice, but not later than sixty (60) days following the Condemnation Date. If the entire Premises are condemned, then this Lease shall automatically terminate as of the Condemnation Date. The party who receives the condemnor's notice of intention to take ("**Condemnation Notice**") shall immediately give a copy of such notice to the other party.

7.8.2 Allocation of Award Following Lease Termination. The total award in the condemnation proceedings, whether payable due to a purchase in lieu of condemnation, a settlement reached after the initiation of condemnation proceedings, a final judgment or otherwise, will be allocated between Lessor and Lessee as follows:

(a) Lessee and Leasehold Mortgagee shall be entitled to seek and claim and receive the value of Lessee's interest in the Improvements and Lessee's leasehold interests in the Premises (including, without limitation, any loss or rents, relocation and moving costs), and any other amounts payable in connection with Lessee's leasehold interest in the Premises and the Improvements; and

(b) Lessor shall be entitled to seek and claim and receive the value of its fee interest in the land constituting the part of the Premises taken and the reversionary interest of Lessor in the Improvements.

7.8.3 Allocation of Award without Lease Termination. If this Lease is not terminated as provided in Section 7.8.1, Lessee shall, at Lessee's election, either:

(a) replace, repair, restore, modify or improve said Improvements, subject to the provisions of Section 7.6, using available award proceeds (which shall be paid to Lessee or its Leasehold Mortgagee, as required by such Leasehold Mortgagee, if any) together with any additional funds from other available sources; or

(b) restore any damage to the Property which resulted in an unsafe condition (including, if required, raising any improvements subject to such Condemnation)and then apply the balance of such award proceeds to the payment of a Leasehold Mortgage, if any; provided, however, Lessee shall continue to be obligated to perform its obligations under this Lease (including, without limitation, paying all Rent, but excluding any obligation to construct a new building until such time as Lessee elects to commence construction of such new building).

7.8.4 Temporary Taking. In the event of a taking of all or any portion of the Premises for temporary use, the foregoing provisions of this Article shall be inapplicable thereto, this Lease shall continue in full force and effect without reduction or abatement of rent and Lessee, alone (subject to the rights of the Leasehold Mortgagee), shall be entitled to make claim for, recover and retain any award recoverable in respect of such temporary use whether in the form of rental or otherwise. If the award is made in a lump sum covering a period beyond the expiration of the Lease Term, Lessor also shall be entitled to make claim for and participate in the award proportionately. If any portion of the award for such temporary use is intended to cover the cost of restoration of the Improvements located on the Premises to the condition they were in prior to such temporary use or to make repairs occasioned by or resulting from such temporary use, such portion shall be (i) so long as any portion of the debt securing a Leasehold Mortgage remains unpaid, applied in accordance with the terms of the Leasehold Mortgage, and thereafter, (ii) used by Lessee to cover the cost of such restoration and repair, and any balance remaining shall belong to and be paid to Lessee.

7.8.5 Leasehold Mortgagee. In the event of any Condemnation, each Leasehold Mortgagee shall have the right to participate in the adjustment of any portion of the condemnation award belonging to Lessee. In addition, the senior most Leasehold Mortgagee shall have the right to hold, control and disburse any portion of the condemnation award belonging to Lessee, so long as such proceeds are used as required by the provisions of this Lease.

8. MAINTENANCE.

8.1 Lessee Responsibilities. Lessee shall, at its sole cost and expense, keep the Premises and all improvements thereon in a neat and clean condition and in good order and repair throughout the Term. Lessee shall prepare, maintain and follow a preventative maintenance schedule in keeping with industry-standard good practices for all mechanical, electrical plumbing, drain, piping, and air conditioning systems on the Premises. Lessee's maintenance of the Premises shall include, without limitation, the inspection, servicing and repair of all improvements, including pest control, landscaping and grounds maintenance.

8.2 Damage to Premises. Any real or personal property of Lessor damaged or destroyed by Lessee as a result of Lessee's use or occupancy of the Premises shall be promptly repaired or replaced by Lessee to the satisfaction of Lessor. In lieu of such repair or replacement, where required by Lessor, Lessee shall pay to Lessor an amount sufficient to compensate for the loss sustained by Lessor. Any real or personal property of Lessee damaged or destroyed by Lessor shall be promptly repaired or replaced by Lessor to the satisfaction of Lessee. In lieu of such repair or replacement, where required by Lessee, Lessor shall pay to Lessee an amount sufficient to compensate for the loss sustained by Lessee.

8.3 Trash Removal. Lessee shall at all times keep the Premises in a neat, clean, safe, sanitary and orderly condition and shall keep such area free of all trash and debris. Lessee shall be responsible for all trash removal from the Premises and Lessee shall deposit all trash and debris only at collection stations located on or in proximity to the Premises, in accordance with City code.

8.4 Emergency Repairs. Within FIFTEEN (15) days of the Effective Date, Lessee shall provide Lessor with a list of names and telephone numbers for 24-hour emergency contact for the Premises. Lessee shall promptly provide Lessor with updated lists and changes as they occur.

9. ASSIGNMENT, SUBLETTING AND OTHER TRANSFERS.

9.1 Any Transfer of Lease Interest Requires Lessor Advance Written Approval. Except as set forth in Section 22.11 to a Leasehold Mortgagee or a purchaser at a foreclosure sale, or in accordance with Section 9.4 below, in the event Lessee desires to transfer, assign, encumber, pledge or hypothecate any portion of its interest in this Lease or any right or interest hereunder (individually and collectively, "**Transfer**"), or sublet the Premises or any part thereof, Lessee must obtain the prior written consent of Lessor, which consent shall not be unreasonably withheld, conditioned or delayed. In connection with Lessee's request for Lessor's approval of a Transfer, Lessee and or the proposed transferee shall provide to Lessor written financial assurances, including, but not limited to financial statements, business plans and other information related to the financial condition and plans of any proposed transferee. Unless otherwise agreed upon in connection with Lessor's approval of a Transfer, or as otherwise expressly provided herein, Lessee shall remain liable under the Lease for all of Lessee's obligations under this Lease. Lessee understands and agrees to these terms and conditions regarding any proposed Transfer, and that any violation of this Section 9, may irreparably harm Lessor as the requirements set forth herein are directly related to Lessor's (and any Lessee's) legal and financial obligations to the Federal Aviation Administration. This Section 9 shall remain valid and enforceable even in the event of amendment to or repeal of FAA regulations, so long as this Section 9 does not directly conflict therewith.

9.2 Lessee's Required Advance Notice to Lessor of Proposed Transfer. In order for Lessor to consider approval of a Transfer, Lessee must: (i) notify Lessor in writing at least Forty-five (45) days prior to such proposed transfer; (ii) deliver to Lessor, at the time of Lessee's notice, current financial statements of Lessee and the proposed transferee (along with transferee's business plans) that are reasonably acceptable to Lessor; and (iii) the transferee assumes and agrees in writing to perform Lessee's obligations under this Lease. However, nothing herein shall be construed as Lessor providing its consent to any Transfer or relieving Lessee of any legal, financial or other obligation under the Lease, regardless of Lessor's acceptance or refusal to accept such proposed transfer of Lease.

9.3 Deemed Transfers. For the purposes of this Lease, a Transfer shall be deemed to include the following: (i) if Lessee is a corporation, partnership, limited liability company or other legal entity, the transfer of any ownership interest in such entity resulting in a change in the present control of such entity by the person or persons owning a majority of the ownership interest thereof as of the date of this Lease; provided, however, if Lessee is a corporation whose stock is traded on a nationally recognized stock exchange, the transfer of Lessee's stock shall not constitute a Transfer requiring Lessor's consent; or (ii) the sale of FIFTY PERCENT (50%) or more in value of the assets of Lessee. For purposes of this Lease, "**control**" shall mean possessing the power to direct or cause the direction of the management and policies of the entity by the ownership of a majority of the voting securities of the entity. For clarity, a change in control of The Boyer Company, L.C., shall not be a Transfer.

9.4 Subletting.

9.4.1 Lessee may sublease all or portions of the Premises if the following conditions are met:

(a) Rent for subleased premises shall not be less than fair market value as reasonably determined by Lessee unless otherwise approved in writing by Lessor.

(b) The sublease(s) and sublessee(s) shall at all times be subject to the terms and conditions of this Lease.

(c) The permitted and prohibited uses of the Premises under any sublease shall not violate Permitted Uses under this Lease. Sublessees shall agree in the sublease not to engage in any prohibited use.

(d) The term of any sublease shall not extend beyond the stated expiration of this Lease.

(e) Except for the payment of a security deposit or amounts related to the construction of any tenant improvements, the sublessee under such sublease shall not pay rent more than ONE (1) month in advance of its due date under the sublease.

9.4.2 Upon request from Lessee, Lessor shall enter into a Non-Disturbance and Attornment Agreement (in form and substance reasonably acceptable to Lessor, Lessee, sublessee and any applicable Leasehold Mortgagee) so long as (i) the conditions of SECTION 9.4.1 have been met; and (ii) the sublessee is not then in default beyond an applicable notice and cure period under the sublease and there is no existing Event of Default under this Lease, and (iii) either, (x) Lessor has approved or is deemed to have approved the sublease, or (y) the sublease is on a form previously approved by Lessor. All reasonable legal fees incurred by Lessor in connection with any reasonably necessary legal counsel review and approval of a Non-Disturbance and Attornment Agreement shall be reimbursed in advance by Lessee.

9.4.3 Upon receipt of a sublease from Lessor and a request for a Non-Disturbance and Attornment Agreement with respect to such sublease, Lessor shall have ten (10) business days to either approve or disapprove the same. Lessor agrees that its approval of any sublease shall not be unreasonably withheld, conditioned or delayed. If Lessor disapproves, Lessor shall provide Lessee with a reasonably detailed explanation for Lessor's disapproval and suggestions for revisions that would reasonably satisfy Lessor's disapproval. If Lessor fails to respond within such ten (10)-business-day period the sublease shall be deemed to have been approved by Lessor. If Lessor disapproves a request for approval, then Lessee may resubmit a revised sublease for approval in accordance with this Section 9.4.3. This cycle will repeat itself until Lessor either approves the sublease or is deemed to have approved the same.

9.4.4 Lessee shall submit a copy of each fully executed sublease to Lessor within Five (5) business days after request.

10. IDENTIFICATION SIGNS.

Lessee may install or permit to be installed on the Premises any sign(s) that conforms to any signage rules, codes and/or regulations of any governmental authority applicable to the Premises.

11. DEFAULT; TERMINATION BY LESSOR.

11.1 Events of Default. Each of the following shall constitute a material default of this Lease by Lessee (an "**Event of Default**"):

11.1.1 Failure to pay any installment of Base Rent or other amount due from Lessee hereunder, provided that Lessee does not cure such failure within TEN (10) business days after delivery by Lessor of a written notice of such failure.

11.1.2 A breach of any covenant or failure to perform any of its other obligations under this Lease or failure to perform any of its obligations as a "Lessee" under the Declaration (as defined in Section 43 below), as such obligations relate to the Premises, provided that Lessee does not

cure such breach or failure within THIRTY (30) calendar days after delivery by Lessor of a written notice of such default; and further provided, however, if a cure of the default reasonably requires more than THIRTY (30) calendar days to complete, then the time to cure shall be extended so long as the cure is commenced within such thirty (30) day period and thereafter diligently pursues such cure to completion.

11.1.3 The filing of any mechanic's, materialmen's or other lien or any kind against the Premises because of any act or omission of Lessee which lien is not discharged, by bonding or otherwise, within NINETY (90) calendar days of receipt of actual notice thereof by Lessee.

11.1.4 Failure to pay its Common Expense Share of any Common Expenses in accordance with the Declaration as provided in Section 43 below, provided that Lessee does not cure such failure within TEN (10) business days after delivery by Lessor to Lessee of a written notice of such failure.

11.2 Lessor's Remedies. Upon the occurrence of an Event of Default under this Lease, Lessor may, without prejudice to any other rights and remedies available to a Lessor at law, in equity or by statute, but subject to the provisions of Sections 9.4.2 and 22, exercise one or more of the following remedies, all of which shall be construed and held to be cumulative and non-exclusive:

11.2.1 Terminate this Lease and re-enter and take possession of the Premises; or

11.2.2 Without terminating this Lease, re-enter and take possession of the Premises; or

11.2.3 Without such re-entry, recover possession of the Premises in the manner prescribed by any statute relating to summary process, and any demand for Base Rent, re-entry for condition broken, and any and all notices to quit, or other formalities of any nature to which Lessee may be entitled, are hereby specifically waived to the extent permitted by law; or

11.2.4 With or without terminating this Lease, Lessor may re-let the Premises or any portion thereof.

11.3 No Implied Termination. Lessor shall not be deemed to have terminated this Lease unless Lessor shall have notified Lessee in writing that it has so elected to terminate this Lease. Lessee hereby waives all claims based on Lessor's reentering and taking possession of the Premises, or removing and storing the property of Lessee, and shall save Lessor harmless from all losses, costs or damages occasioned thereby. No such reentry shall be considered or construed to be a forcible entry by Lessor.

11.4 Lessor's Current Damages. Upon the occurrence and during the continuance of an Event of Default, Lessor is authorized to make such repairs, refurbishments or improvements to the Premises as may be necessary for the purpose of attempting to re-let the Premises, and the reasonable costs and expenses incurred in respect of such repairs, redecorating, refurbishments and improvements shall be paid by Lessee to Lessor within TEN (10) business days after receipt of Lessor's statement. If Lessor exercises any of the remedies stated above, Lessor shall be entitled to recover from Lessee all damages incurred by Lessor by reason of the Event of Default, which shall include, without limitation, (i) the amount of the Base Rent and all other payments which would be payable under this Lease by Lessee for the remainder of the Term as if this Lease were still in effect, less (ii) the net proceeds of any re-letting by Lessor after deducting all of Lessor's reasonable expenses in connection with such re-letting, which shall include, without limitation, repossession costs, repairs, redecorating, refurbishments or improvements to the Premises, brokerage commissions, attorneys' fees, and legal expenses. Lessee shall pay such current damages to Lessor, in the amount set forth in the preceding sentence ("**Deficiency**"), in monthly installments on the days on which the Base Rent would have been payable under this Lease as if this Lease were still in effect.

11.5 Lessor's Final Damages. At any time after an Event of Default, whether or not Lessor shall have collected any monthly Deficiency as set forth above, Lessor shall be entitled to recover (without duplication) from Lessee, and Lessee shall pay to Lessor, promptly on demand, as Lessor's final damages for the applicable Event of Default, the sum of (a) the then present worth (at a discount of SIX PERCENT (6%) per annum) of (i) the aggregate of the Base Rent and all other amounts to be paid by Lessee hereunder for the unexpired portion of the Term of this Lease (assuming this Lease had not been terminated), less (ii) the amount of Rent and any losses that could have been reasonably avoided, plus (b) reasonable repossession costs, reasonable Lessor's expenses in connection with any attempts it may have made to re-let the Premises (which shall include, without limitation, repairs, refurbishments or improvements to the Premises and brokerage commissions), reasonable attorneys' fees, reasonable legal expenses, and all other damages incurred by Lessor as a result of such Event of Default.

11.6 No Waiver by Lessor. No waiver by Lessor of any breach or default by Lessee in the performance of its obligations under this Lease shall be deemed to be a waiver of any subsequent default by Lessee in the performance of any such obligations, and no express waiver shall affect an Event of Default in a manner other than as specified in said waiver. The consent or approval by Lessor to or of any act by Lessee requiring Lessor's consent or approval shall not be deemed to waive or render unnecessary Lessor's consent or approval to or of any subsequent similar acts by Lessee.

11.7 Content of Default Notice. Any default notice tendered to Lessee hereunder shall be deemed to be sufficient if it states in bold letters within the Subject Line (i.e., the Re line): "**Notice of Default**" and is otherwise reasonably calculated to put Lessee on inquiry as to the nature and extent of such default and is made in accordance with SECTION 19 herein.

11.8 Limitation on Exercise of Termination Remedy by Lessor. Notwithstanding anything to the contrary in SECTION 11.2 hereinabove, if an Event of Default occurs, Lessor shall not have the remedy of terminating this Lease or of taking possession of the Premises unless: (i) the Event of Default consists of a failure to pay Base Rent or other amounts owed to Lessor; or (ii) Lessor has no other remedy that is adequate to protect Lessor's interests. Other remedies that are available to Lessor include self-help and recovery of damages, and nothing in this SECTION 11 shall limit the exercise of any such other remedy.

11.9 Subordination of Lessor's Lien. Lessor hereby agrees from time to time to subordinate to one or more Leasehold Mortgagees all statutory or common law landlord's lien rights with respect to property or assets of Lessee located on the Premises, including, without limitation, Lessor's rights under Arizona Revised Statutes Sections 33-361 and 362 and other similar laws. Upon written request from Lessee, Lessor agrees to promptly execute and deliver such commercially reasonable landlord subordination agreement and access agreement that any Leasehold Mortgagee may request of Lessor. Lessee shall reimburse Lessor for reasonable third-party costs, including reasonable attorneys' fees, incurred by Lessor in connection with the review and negotiation of any such agreement within THIRTY (30) days after receipt of an invoice from Lessor.

12. INTENTIONALLY DELETED.

13. INDEMNIFICATION.

13.1 Lessee's Indemnity. To the fullest extent permitted by law, Lessee hereby agrees to defend, indemnify and hold harmless Lessor and its members, elected or appointed officials, agents, contractors, subcontractors, boards, commissions and employees (hereinafter referred to collectively as the "Lessor" for purposes of this Section 13.1) for, from and against any and all third-party claims, causes of action, liability, suits, litigation (including reasonable attorney's fees and other costs of investigation and litigation), actions, losses, damages or claims of any nature whatsoever to the extent such arise out of or in connection with (i) any accident, injury or actual damages occurring within the Premises during the Term; (ii) any grossly negligent act or omission of Lessee or its agents, employees, contractors, or subcontractors (hereinafter referred to

collectively as "Lessee" for purposes of this Section 13.1) on the Premises or the Airport and which result directly or indirectly in the injury to or death of any persons or the damage to or loss of any property or other damages or losses to Lessor; and/or (iii) the failure of Lessee to comply with any provisions of this Lease. This indemnification shall exclude responsibility for any damages and for claims arising by reason of the acts or omissions of Lessor or its employees, contractors or agents.

13.2 Lessor's Indemnity. To the fullest extent permitted by law, Lessor hereby agrees to defend, indemnify and hold harmless Lessee and its members, elected or appointed officials, agents, contractors, subcontractors, boards, commissions and employees (hereinafter referred to collectively as the "Lessee" for purposes of this Section 13.2) for, from and against any and all third-party claims, causes of action, liability, suits, litigation (including reasonable attorney's fees and other costs of investigation and litigation), actions, losses, damages or claims of any nature whatsoever to the extent such arise out of or in connection with (i) any accident, injury or actual damages occurring within the Premises during the Term caused by Lessor or its agents, employees, contractors or subcontractors; (ii) any grossly negligent act or omission or intentional misconduct by Lessor or its agents, employees, contractors, or subcontractors (hereinafter referred to collectively as "Lessor" for purposes of this Section 13.2) on the Premises, and which result directly or indirectly in the injury to or death of any persons or the damage to or loss of any property or other damages or losses to Lessee, or (iii) the failure of Lessor to comply with any provisions of this Lease. This indemnification shall exclude responsibility for any damages and for claims arising by reason of the acts or omissions of Lessee or its employees, contractors or agents.

14. ENVIRONMENTAL PROTECTION.

14.1 Definitions. Unless the context shall clearly require otherwise, the terms defined in this SECTION 14.1 shall, for all purposes of this Lease and of any agreement amendatory hereof or supplemental hereto, have the meanings herein specified, with the following definitions to be equally applicable to both the single and plural forms of any of the following:

14.1.1 *Environmental Laws*. The term "**Environmental Laws**" shall mean any one or all of the following, as the same are amended from time to time: the *Comprehensive Environmental Response, Compensation, and Liability Act*, 42 USC Section 9601 et seq.; the *Solid Waste Disposal Act*, 42 USC Section 6901, et seq.; the *Toxic Substances Control Act*, 15 USC Section 2601 et seq.; the *Safe Drinking Water Act*, 42 USC Section 300f et seq.; the Clean Water Act, 33 USC Section 1251 et seq.; the *Clean Air Act*, 42 USC Section 7401 et seq.; A.R.S. Title 49; and all regulations thereunder and any other laws, regulations and ordinances (whether enacted by the local, state or federal government) now in effect or hereafter enacted that deal with the regulation or protection of the environment, including the ambient (including indoor and outdoor) air, ground water, surface water, and land use, including substrata land, or that govern the use of hazardous materials, hazardous waste and hazardous substances and petroleum products.

14.1.2 *Hazardous Material*. The term "**Hazardous Material**" shall mean any toxic or hazardous material, substance or waste, or any pollutant or contaminant as defined or regulated pursuant to any Environmental Laws, per- and polyfluoroalkyl substances, and petroleum products. For purposes of this definition, petroleum includes petroleum-based substances comprised of a complex blend of hydrocarbons derived from crude oil through processes of separation, conversion, upgrading and finishing (e.g., distillate fuel oils, petroleum solvents and used oils). For purposes of this definition, per- and polyfluoroalkyl substances shall include aqueous film-forming foams.

14.2 Environmental Compliance.

14.2.1 Lessee shall, at the Lessee's own expense, comply with all present and hereafter enacted Environmental Laws, including any amendments thereto, affecting Lessee's activities

on and property interest in the Premises during the period of Lessee's occupancy of thereof under this Lease. To the extent that Lessor, or any Lessor's employees, agents or contractors, conducts any activities on the Premises during the period of Lessee's occupancy, Lessor shall, at Lessor's own expense, comply with all present and hereafter enacted Environmental Laws, including any amendments thereto, affecting any of Lessor's activities on the Premises.

14.2.2 Lessee shall not cause or permit any Hazardous Material to be brought upon, kept or used in or about the Premises or the Airport by Lessee's agents, employees, contractors or invitees in violation of any Environmental Laws. The Parties recognize and agree that Lessee may bring on the Premises and Airport and use Hazardous Material that is ordinarily and customarily used in the conduct of Lessee's permitted activities under this Lease, provided that such use shall comply fully with all applicable Environmental Laws. Lessor shall not cause or permit any Hazardous Material to be brought upon, kept, or used in or about the Premises or by Lessor's agents, employees, contractors for any activity Lessor conducts on the Premises during Lessee's occupancy, without prior notification to and approval by Lessee (which shall not be unreasonably withheld), and any such use or presence shall be in compliance with Environmental Laws.

14.3 Indemnification.

14.3.1 To the fullest extent permitted by law, Lessee shall indemnify, defend (with counsel reasonably acceptable to Lessor), protect and hold harmless Lessor and its employees and agents for, from and against any and all liability, loss, damage, expense, penalties and legal and investigation fees or costs, arising from or related to any claim or action for injury, liability, or damage to persons or property and any and all claims or actions brought by any person, entity or governmental body, alleging or arising in connection with contamination of the environment, the presence of Hazardous Material or violation of any Environmental Laws or other statute, ordinance, rule, regulation, judgment or order of any government or judicial entity ("**Environmental Damages**") which are incurred or assessed as a result of any of Lessee's activities or operations on the Premises. This obligation includes, but is not limited to, all costs and expenses related to cleaning up the property, land, soil and underground or surface water as required under the law. Lessee's obligations and liabilities under this SECTION 14.3 shall survive the termination of this Lease. The indemnification of Lessor by Lessee as described above includes, without limitation, costs incurred in connection with any investigation of site conditions or any cleanup, remedial, removal or restoration work required by any federal, state or local governmental agency or political subdivision. Lessor reserves the right to seek injunctive relief as may be permitted under law and equity. This SECTION 14.3 explicitly excludes Lessee's duty, liability or indemnity to Lessor for any claims or Environmental Damages of any kind whatsoever arising from or in connection with any contamination of any kind existing on the Premises prior to the Effective Date, except and only to the extent contamination that is known to Lessee is exacerbated by Lessee or unknown contamination is exacerbated by Lessee's gross negligence.

14.3.2 To the fullest extent permitted by applicable law, Lessor shall indemnify, defend (with counsel reasonably acceptable to Lessee), protect and hold harmless Lessee and its employees and agents for, from and against any and all Environmental Damages which are incurred or assessed as a result of any of Lessor's activities or operations on the Premises. This obligation includes, but is not limited to, all costs and expenses related to cleaning up the property, land, soil and underground or surface water as required under the law. Lessor's obligations and liabilities under this Section 14.3 shall survive the termination of this Lease. The indemnification of Lessee by Lessor as described above includes, without limitation, costs incurred in connection with any investigation of site conditions or any cleanup, remedial, removal or restoration work required by any federal, state or local governmental agency or political subdivision. Lessee reserves the right to seek injunctive relief as may be permitted under law and equity. This Section 14.3 explicitly excludes Lessor's duty, liability or indemnity to Lessee for any claims or Environmental Damages of any kind whatsoever arising from or

in connection with any contamination of any kind existing on the Premises prior to the Effective Date, except and only to the extent known contamination is caused by or exacerbated by Lessor or unknown contamination is caused by or exacerbated by Lessor's negligence.

14.4 Remediation. Without limiting the foregoing, if the presence of any Hazardous Material during the Term of this Lease caused or permitted by Lessee to be first brought on the Airport or Premises upon or after the Effective Date results in any Release on the Airport or Premises in violation of any Environmental Laws, Lessee shall promptly take action to remediate the affected property at its sole expense as necessary to return the Airport or Premises to the condition existing prior to the introduction of any such Hazardous Material to the Airport or Premises; provided that Lessor's approval of such actions shall first be obtained, which approval shall not, except in an emergency, be unreasonably withheld so long as such actions would not potentially have any material adverse long-term effect on the Airport and Lessee is not under administrative or court order related to such remediation action. Notwithstanding Lessor's approval pursuant to this SECTION 14.4, Lessor is not responsible for directing or managing any remediation action. The term "**Release**" means any releasing, spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, disposing, or dumping.

14.5 Governmental Submittals. Lessee shall, at Lessee's own expense, make all submissions to, provide all information to, and comply with all requirements of the appropriate governmental authority ("**Government**") under the Environmental Laws in connection with Lessee's activities or operations on the Premises. Should the Government determine that a site characterization, site assessment and/or cleanup plan should be prepared and/or that a cleanup should be undertaken because of any Release of Hazardous Material by reasons of Lessee's activities or actions at the Airport which occur during the Term of this Lease, then Lessee shall, at Lessee's own expense, prepare and submit the required plans and financial assurances, and carry out the approved plans.

14.6 Information Sharing.

14.6.1 Lessee shall immediately notify Lessor of any of the following: (i) Lessee's receipt of any notification from any governmental entity either charging or informing Lessee that it will be charged with a violation of Environmental Laws, and (ii) any significant change in Lessee's activities on the Premises that is reasonably likely to adversely change Lessee's obligations or liabilities under the Environmental Laws. In addition, Lessee agrees to provide Lessor with non-privileged copies of documents reflecting the physical condition of the Premises, including but not limited to, environmental testing of soils and groundwater, and existing, non-privileged information reasonably requested by Lessor to determine the applicability of the Environmental Laws to the Premises, or to assist in the response to any governmental investigation or claim of liability by third parties which is related to environmental contamination of the Premises, to the extent that such investigations or claims are related to Lessee's activities thereon.

14.7 Sublease. Lessee shall insert provisions substantially identical, or more favorable to Lessor and Lessee (as sublessor or sublandlord under the sublease) to the provisions of this SECTION 14 in any sublease agreement or contract by which it grants a right or privilege to any person, firm, corporation or other entity under this Lease.

14.8 Actions of Lessee and Lessor. The activities or actions of Lessee under this SECTION 14 shall include the activities or actions of Lessee's officers, directors, employees, agents, contractors and successors. The activities or actions of Lessor under this SECTION 14 shall include the activities or actions of Lessor's officers, directors, employees, agents, contractors and successors.

14.9 Clean Water Act; NPDES Permits and SWPPPs. Without in any way limiting the foregoing, Lessee shall comply with all Environmental Laws regarding discharges to water and land, including, without

limitation, obtaining and complying with an individual National Pollutant Discharge Elimination System (NPDES) permit, or requesting coverage under and complying with any applicable Multi-Sector General Permit ("**MSGP**"). If applicable, Lessee shall also prepare and comply with a site-specific MSGP with an individual Storm Water Pollution Prevention Plan ("**SWPPP**") or any revisions to a SWPPP, with respect to Lessee's operations or activities on the Premises or Airport. Proof of individual compliance shall be provided in the form of both the Lessee's Notice of Intent ("**NOI**") that has been received by the Arizona Department of Environmental Quality ("**ADEQ**") and the individual Arizona Multi-Sector General Permit (AZMSGP) number associated with the NOI, within the times prescribed by law.

14.10 Reserved.

14.11 Protective Devices and Plans. If Lessee is required by the City to estimate the possible constituents of sanitary sewer discharges in order that the City may define certain discharge limitations for the Premises, Lessee shall complete and return an *Industrial Wastewater Discharge Questionnaire* ("**Questionnaire**") to the City and promptly provide Lessor with updates to the Questionnaire as they arise. Also, if the City so requires, Lessee shall install and maintain appropriate protective devices to prevent accidental discharge of any Hazardous Material into domestic or industrial drains on or near the Premises and elsewhere on the Airport, as appropriate, and for any other material for which a slug load discharge could pollute the Airport's storm water discharge or disrupt operations at the sewage treatment plant serving the Premises. Lessee shall post a notice in a prominent place on the Premises advising employees what actions to take and whom to call in the event of said discharge and shall ensure that all employees of Lessee are trained with regard to the spill protection plan hereinafter referenced. Lessee also shall provide Lessor with immediate notice of any spill.

14.12 Right to Enter Premises. In addition to the rights afforded to Lessor in SECTION 18, this Lease specifically includes the right of the United States Government, the Environmental Protection Agency ("**EPA**"), ADEQ, Lessor, and the Arizona Department of Occupational Safety and Health (ADOSH) to enter the Premises upon reasonable notice to Lessee for purposes of: (i) inspecting Lessee's compliance with environmental, occupational safety and health laws and regulations, whether or not such party is responsible for enforcing such laws; (ii) conducting environmental investigation or remediation, including, without limitation, performing tests and surveys, drillings, test-pitting, borings, compiling data and/or records, and other activities related to environmental investigation; and (iii) carrying out remedial or removal actions as required or permitted under applicable laws, including, without limitation, installing monitoring wells, pumping wells and/or treatment facilities. Lessee shall have no claim against Lessor for any such entries by the United States, EPA, ADEQ, Arizona ADOSH, or any officer, agent, employee or contractor thereof.

14.13 U.S. Air Force Use and Remedial Action.

14.13.1 The Parties assume no liability or responsibility for environmental impacts and Environmental Damages or claims of any kind whatsoever caused by or resulting from the U.S. Air Force's use of Hazardous Material on any portion of the Airport, including the Premises, prior to the Effective Date, and have no obligation under this Lease to undertake the defense of any claim or action, whether in existence now or brought in the future, solely arising out of the use of or release of any Hazardous Material or deposits of solid waste on or from any part of the Airport, including, but not limited to, the Premises, even if such claims or contamination are first discovered or made after the Effective Date. Further, the Parties have no obligation under this Lease to undertake environmental response, remediation, or cleanup relating to any contamination caused by or related to such use or release. For purposes of this SECTION 14.13, "**defense**" or "**environmental response, remediation, or cleanup**" shall include liability and responsibility for the costs of damage, penalties, legal and investigative services relating to such use or release.

14.13.2 Pursuant to Section VII.E.3 of the Deed (as defined herein), the U.S. Air Force warrants and covenants that all remedial action necessary to protect human health and the environment

with respect to hazardous substances remaining on the Airport, including the Premises, has been completed prior to the date of the Deed and, further, any remedial action found to be necessary after the date of the Deed shall be conducted by the U.S. Air Force; provided, however, that the foregoing covenant does not apply where Lessor or Lessee is a potentially responsible party with respect to any portion of the Premises or the Airport.

14.14 Cleanup Requirements.

14.14.1 Lessee agrees that Lessor assumes no liability to Lessee should Hazardous Material cleanup or related requirements, whether imposed by law, regulatory agencies, the U.S. Air Force or Department of Defense cause delays or interferes with Lessee's use of the Premises. Lessee shall have no claim against Lessor or any officer, agent, employee or contractor thereof on account of any such interference whether due to entry, performance of remedial or removal investigations, or exercise of any right with respect to the Federal Facilities Agreement (FFA) or the Installation Restoration Program (IRP) or under this Lease or otherwise. Lessee agrees to comply with the provisions of any health or safety plan in effect under the IRP or any hazardous substance remediation or response agreement with environmental regulatory authorities during the course of any of the above-described response or remedial actions. Any inspection, survey, investigation, or other response or remedial action conducted by governmental authorities or Lessor shall, to the extent practicable, be coordinated with representatives designated by Lessee.

14.14.2 Lessor agrees that Lessee assumes no liability to Lessor should Hazardous Material cleanup or related requirements, whether imposed by law, regulatory agencies, the U.S. Air Force or Department of Defense cause delays or interferes with Lessor's use of the Premises. Lessor shall have no claim against Lessee or any officer, agent, employee or contractor thereof on account of any such interference whether due to entry, performance of remedial or removal investigations, or exercise of any right with respect to the Federal Facilities Agreement (FFA) or the Installation Restoration Program (IRP) or under this Lease or otherwise.

14.15 Reserved.

14.16 Wells. Lessee shall not install any drinking water or other wells in any location on the Premises without the prior written approval of Lessor.

14.17 Surface Disturbances. After construction of Lessee's Improvements on the Premises as provided herein, Lessee shall not conduct any subsurface excavation, digging, drilling or other disturbance of the surface other than what is usual and customary for the anticipated uses without the prior written approval of Lessor, which shall not be unreasonably withheld, conditioned or delayed.

14.18 Later Discovered Hazmat. If any Hazardous Material is newly discovered on a portion of the Premises after the Effective Date that:

(a) (i) were not placed on or introduced to the Premises by Lessee, and (ii) were present on the Premises prior to the Effective Date (collectively, "**Later-Discovered, Pre-Existing Hazmat**"); and

(b) such Later-Discovered, Pre-Existing Hazmat will cause Unavoidable Delay in the construction of Improvements;

then Lessee shall immediately notify Lessor and cease development activity in the impacted area of the Premises, and Lessee shall either

(1) conduct such investigations and remedial actions as necessary under applicable Environmental Laws and continue development activity as the remedial process allows (and reserve any rights it may have to seek whatever compensation it is entitled to recover), if Lessor does not agree, within SEVEN (7) business days of receiving notice contemplated under this Section, to promptly investigate and remediate the detected contamination in accordance with Environmental Laws, and on a schedule and in a manner that does not interfere with Lessee's development, use or construction plans, or

(2) obtain approval of any Leasehold Mortgagee, if any, and terminate this Lease upon written notice to Lessor.

15. PROTECTION OF WETLANDS.

Lessee shall minimize the destruction, loss, or degradation of any wetlands located on the Premises. Lessor believes there are no wetlands existing on the Premises as of the Effective Date. However, before locating new construction in wetlands, if any exist, Lessee shall contact Lessor and the United States Army Corps of Engineers and obtain a permit or waivers under Section 404 of the Clean Water Act (or if such regulatory authority has been delegated to ADEQ, shall obtain the equivalent permit or waivers from ADEQ). For purposes of this SECTION 15, the term, "**new construction**," includes structures, facilities, draining, dredging, channeling, filling, diking, impounding, and related activities.

16. INSURANCE.

16.1 Coverage Required. Lessee shall procure and maintain, or cause to be procured and maintained, the following types and amounts of insurance with respect to the Premises:

16.1.1 Builder's Risk insurance covering the insured's premises Improvements and all replacements and/or additions thereto for their full insurable value on a "replacement cost" basis, and requires an ISO Special Causes of Loss form or equivalent.

16.1.2 Comprehensive General Liability ($5,000,000.00 per occurrence) insurance covering third party bodily injury and property damage, including coverage for "premises/operations," "products and completed operations," "host liquor" and "blanket contractual liabilities."

16.1.3 Environmental Impairment Liability ($2,000,000.00 per occurrence) insurance covering third party bodily injury and property damage associated with hazardous material storage facilities, tanks, piping, ancillary equipment and containment structures, or structures that are used, controlled, constructed or maintained on the Airport, and including expenses for defense, release mitigation and off- and on-site remediation.

16.1.4 Property (full value of personal property + improvements) insurance covering all essential personal property (property essential to continued business operations) and all operator improvements made to buildings or facilities on the Airport, including all replacements and/or additions thereto, for their full insurable value (All Risks) on a replacement cost basis, and requires an ISO Special Causes of Loss form or equivalency.

16.1.5 Worker's Compensation insurance, as required by law, and Employer's Liability insurance in the amount of $1,000,000.00 covering work-related injuries to employees and others permitted to operate or otherwise conduct business on the Premises.

16.1.6 Commercial Automobile Liability ($1,000,000 per occurrence) insurance covering all owned, non-owned and hire vehicles operated on the Airport that are assigned to or used in the performance of commercial activities. If any hazardous materials are transported within Airport

boundaries in conjunction with the operator's business activities, an MSC-90 Endorsement is required. Coverage amounts generally apply to Basic Injury per Person, Basic Injury per Accident and Property Damage.

16.2 Form. Each insurance policy obtained pursuant to this SECTION, except for *Worker's Compensation* and *Employer's Liability* policies, shall: (i) name Lessor as a certificate holder and additional insured via endorsement; (ii) contain a provision that written notice of cancellation or modification thereof shall be given to Lessor not less than THIRTY (30) calendar days before such cancellation or modification takes effect (TEN (10) days in case of nonpayment of premium); and (iii) contain a waiver of subrogation in favor of Lessor. Lessee shall not permit any insurance policy to be canceled or modified without Lessor's written consent unless equivalent or better replacement policies are issued with no lapse in coverage. All policies shall be obtained from insurance companies licensed to do business in the State of Arizona and possessing a rating of at least A – VII or higher from the A.M. Best Company, or an equivalent rating and approved by Lessor.

16.3 Certificates of Insurance. Lessee shall deliver a certificate of insurance for each policy required herein to Lessor, in standard Acord or equivalent form, prior to the Effective Date and shall continue to provide such certificates throughout the Term of this Lease.

16.4 Additional Insurance. At any time during the Term of this Lease, Lessor may, if in its reasonable determination the insurance coverage required by this SECTION 16 is no longer adequate, require Lessee to increase its coverage to commercially reasonable amounts.

16.5 Blanket Insurance. Lessee's insurance obligations under this Lease may be satisfied by means of "blanket" or excess policies.

16.6 Insurance by Lessor. In the event Lessee shall fail to procure any insurance required hereunder, Lessor may, upon written notice to Lessee, procure and maintain any or all of the insurance required of Lessee under this SECTION. In such event, all costs of such insurance procured and maintained by Lessor on behalf of Lessee shall be the responsibility of Lessee and shall be fully reimbursed to Lessor within TEN (10) business days after Lessor advises Lessee of the cost thereof.

17. SURRENDER OF POSSESSION.

17.1 Condition of Premises.

17.1.1 Upon the expiration or earlier termination of this Lease, Lessee's right to occupy the Premises and exercise the privileges and rights granted thereunder shall cease, and Lessee shall peaceably surrender the same and leave the Premises broom clean and in good condition except for normal wear and tear, casualty (subject to Lessee's obligations under Section 7.7) and condemnation (subject to Lessee's obligations under Section 7.8). All trade fixtures, equipment, and other personal property installed or placed by Lessee on the Premises which can be removed without affecting the structure of the Building shall remain the property of Lessee, and Lessee shall have the right at any time during the Term of this Lease, to remove the same from the Airport and Lessee shall repair, at its sole cost, any damage caused by such removal. Any property not removed by Lessee within FIFTEEN (15) calendar days of the expiration or earlier termination of this Lease, or revocation of Lessee's right to occupy the Premises, shall be deemed abandoned, and ownership thereof shall vest in Lessor. Lessee shall, however, remain financially liable to Lessor for the reasonable cost of repairs to the Premises incurred as a result of Lessor's removal and/or relocation of property formerly belonging to Lessee and not otherwise removed from the Premises, as provided herein, and shall remit to Lessor payment for such costs within TEN (10) business days of Lessee's receipt of Lessor's invoice therefor.

17.1.2 Any trade fixtures, equipment or other property affixed to the Premises by Lessee shall, if required by Lessor, be permanently removed from the Premises by Lessee, at Lessee's expense, within FIVE (5) business days of Lease termination. Should Lessee fail to remove such trade fixtures, equipment or other property within said time, Lessor may remove and dispose of such trade fixtures, equipment or other property at Lessee's expense, and Lessee shall reimburse Lessor for the costs thereof within TEN (10) business days of receipt of Lessor's invoice therefor.

17.2 Holding Over. Lessee shall not remain in possession of the Premises after the expiration or earlier termination of the Term without the express written consent of Lessor. Should Lessee hold over without the express written consent of Lessor, such tenancy shall be at the sufferance of Lessor and not a renewal of the Term. In such case, the Base Rent and all other charges due pursuant to this Lease shall be payable at ONE HUNDRED FIFTY PERCENT (150%) of the amount payable during the last year of the Term, and such tenancy at sufferance shall be subject to every other term, covenant and provision of this Lease. In the event Lessee holds over, Lessee shall be liable for all of Lessor's direct and consequential damages, which shall include, without limitation, costs, fees, expenses, damages and attorneys' fees incurred by Lessor as a result of Lessee's holding over, and damages and expenses incurred by Lessor for its inability to deliver possession of the Premises to a new lessee.

18. INSPECTION BY LESSOR.

Lessor may enter upon the Premises at reasonable times during Lessee's normal business hours and upon at least TWO (2) business days' prior written notice to Lessee (except in emergencies, in which event Lessor may enter immediately and shall notify Lessee promptly following such emergency entry) for any reasonable purpose, including, but not limited to, compliance with the terms and conditions of this Lease and the exercise of its governmental functions for such activities as fire protection or security. Lessee may accompany Lessor on any Lessor inspections and entries. Lessor shall take reasonable steps to avoid interrupting or disrupting the conduct of business of Lessee or its sublessees on the Premises.

19. NOTICES.

19.1 All notices required or permitted under this Lease shall not be effective unless personally delivered or mailed by certified mail, return receipt requested, postage prepaid, or by reputable commercial overnight courier service, to the following addresses or at such address as either Party may advise the other from time to time:

TO LESSOR:	Phoenix-Mesa Gateway Airport Authority Attn: Business Development Department 5835 South Sossaman Road Mesa, Arizona 85212
TO LESSEE:	Boyer Gateway East Mesa Building 1, L.C. Attn.: President 101 South 200 East, Suite 200 Salt Lake City, Utah 84111
With required copy to: (which shall not constitute notice)	Parr Brown Gee & Loveless Attn.: Lamont R. Richardson 101 South 200 East, Suite 700 Salt Lake City, Utah 84111

19.2 Any notice shall be deemed to have been received TWO (2) business days after the date of mailing, if given by certified mail, or upon actual receipt if personally delivered or if given by reputable commercial overnight courier service.

20. SEVERABILITY.

Should a court of competent jurisdiction declare any provision of this Lease invalid, the remaining terms shall remain effective.

21. APPROVALS, CONSENTS AND NOTICES.

All approvals, consents and notices called for in this Lease shall be in writing, signed by the appropriate Party, and may not be established solely by oral testimony.

22. LIENS AND MORTGAGES.

22.1 Fee Mortgagees. Lessor may mortgage its fee interest in the Premises; provided, however, that such fee mortgage (whether entered into prior and after the date of this Lease) is and shall in all respects subject and subordinate to the Lease, including, without limitation, rights and remedies of the Leasehold Mortgagee under the Leasehold Mortgage and under any consent of the Lessor to an assignment of this Lease. Any mortgagee under a fee mortgage shall, prior to execution and recordation of such fee mortgage if this Lease is in effect (or prior to the execution of this Lease if such fee mortgage is then in existence), acknowledge and recognize in a writing, in form and substance satisfactory to Lessee and its Leasehold Mortgagee (as defined hereinafter), that such fee mortgage is subject and subordinate to the terms of this Lease.

22.2 Mortgaging of the Leasehold.

22.2.1 Definitions. "**Leasehold Mortgage**" shall mean any loan financing obtained by Lessee, as evidenced by any mortgage, deed of trust, assignment of leases and rents, financing statement, or other instrument and secured by Lessee's interest in this Lease and the leasehold estate created hereby, including any extensions, modifications, amendments, replacements, supplements, renewals, refinancing, and consolidation thereof. "**Leasehold Mortgagee**" shall mean the holder of a Leasehold Mortgage.

22.2.2 Leasehold Mortgage. Notwithstanding anything in this Lease to the contrary, including, without limitation, the provisions of Section 9, Lessee, without Lessor's consent may mortgage, collaterally assign, pledge, grant a security interest in, or otherwise encumber Lessee's interest in this Lease and its leasehold interest (including any interest in the Improvements) under this Lease pursuant to one or more Leasehold Mortgages to secure indebtedness, including, without limitation, one or more loans to finance construction and/or acquisition of Improvements and other development on the Premises or the leasehold estate created by this Lease, and including refinancings thereof, provided that (a) such leasehold liens comply with this Section 22, and (b) no Leasehold Mortgage shall extend to or affect the fee, the reversionary fee interest or the estate of Lessor in the Premises. If, from time to time, Lessee or Lessee's permitted successors or assigns encumbers this Lease with a Leasehold Mortgage, and if the Leasehold Mortgagee delivers to Lessor: (i) an executed counterpart of such Leasehold Mortgage; (ii) any assignment thereof; (iii) written notice of the Leasehold Mortgagee's name and address; and (iv) the pertinent recording data for the Leasehold Mortgage, Lessor agrees that from and after the date of receipt by Lessor of such notice and for the duration of such Leasehold Mortgage, the provisions of this Section 22 shall apply.

22.3 Termination of Lease. There shall be no cancellation, amendment, supplement, surrender, or modification of this Lease by Lessor or Lessee without the prior written consent of Leasehold Mortgagee,

which may be withheld in the Leasehold Mortgagee's sole and absolute discretion. Notwithstanding the foregoing (but subject to Leasehold Mortgagee's rights set forth in this Section 22), nothing herein shall be deemed to prohibit Lessor from terminating this Lease in accordance with its terms.

22.4 Notices to Leasehold Mortgagees. Provided that each Leasehold Mortgagee has delivered a notice to Lessor of the existence of such Leasehold Mortgage and such Leasehold Mortgagee's notice address as provided in Section 22.2 hereof, if serving Lessee with any notice of default, Event of Default or termination, Lessor shall simultaneously send a copy of such notice to Leasehold Mortgagee. No notice of a default, Event of Default or termination shall be effective unless such notice is also delivered to each Leasehold Mortgagee. Any notice required to be given to Leasehold Mortgagee shall be given in the same manner as sent to Lessee, addressed to Leasehold Mortgagee at the address and to the attention of the person designated by such Leasehold Mortgagee under Section 22.2 hereof.

22.5 Curative Rights of Leasehold Mortgagees. Leasehold Mortgagee shall have the same rights as Lessee to cure such Event of Default plus an additional period of thirty (30) days to remedy or cause to be remedied any monetary Event of Default, and an addition ninety (90) days to cure any non-monetary Event of Default, in each case, of which it receives notice pursuant to Section 22.4, provided such Leasehold Mortgagee shall reimburse Lessor, at the time of so remedying the default, for all reasonable documented out of pocket costs and expenses of Lessor for maintaining, protecting, insuring, and operating the Premises during the additional thirty (30) or ninety (90) day period.

22.6 Limitation Upon Termination Rights of Lessor. If an Event of Default has occurred and has not been cured in accordance with the provisions of this Lease, notwithstanding the existence of such Event of Default, Lessor may not terminate this Lease so long as the Leasehold Mortgagee has commenced an Enforcement Action against Lessee within the cure periods provided to Leasehold Mortgagee pursuant to Section 22.7.1 below, and is diligently prosecuting such Enforcement Action to completion, and the Leasehold Mortgagee (a) has cured, or has caused to be cured, any then-existing monetary Event of Defaults and non-monetary Events of Default which Leasehold Mortgagee can cure without having obtained possession of the Property (with the exception of Lessee's non-monetary defaults of such a personal nature that they cannot be cured by Leasehold Mortgagee); and (b) pays the Rent and other charges due under this Lease during the continuance of such proceeding. If a Leasehold Mortgagee is required to obtain possession of the Premises before such Leasehold Mortgagee can cure a non-monetary default, the cure periods set forth above shall be tolled for such amount of time as is necessary for the Leasehold Mortgagee to obtain possession of the Premises. Upon the completion of such foreclosure action, all defaults which are not capable of being cured shall be deemed waived. In no event shall Leasehold Mortgagee have any obligation to cure any default of Lessee under this Lease unless and until Leasehold Mortgagee becomes the owner of said leasehold estate by foreclosure, sale in lieu of foreclosure, or otherwise.

22.7 Mortgagee Lease. Lessor agrees that if this Lease is terminated for any reason (other than as provided in accordance with Sections 7.7 (if Leasehold Mortgage has consented to such termination), 7.8 (if there is a Condemnation of the entire Premises or otherwise if Leasehold Mortgage has consented to such termination), and 14.18), or if the Lease is rejected in a bankruptcy proceeding, subject to the rights herein granted to Leasehold Mortgagee, Lessor will enter into a new lease (the "**Mortgagee Lease**") of the Premises with the Leasehold Mortgagee for the remainder of the Term effective as of the date of termination, at the same Base Rent and on the same terms, provisions, covenants, and agreements as contained in this Lease, provided;

22.7.1 Leasehold Mortgagee shall request Lessor execute such a Mortgagee Lease within ninety (90) days after the date of termination and shall, within THIRTY (30) days after its receipt from Lessor of a written statement of all Base Rent and other amounts then due to Lessor under this Lease, pay to Lessor all such amounts (with the exception of amounts due by reason of Lessee's indemnification obligations set forth in Section 14);

22.7.2 Leasehold Mortgagee shall pay to Lessor at the time of the execution and delivery of the Mortgagee Lease: (a) any sums due under this Lease but for the termination; and (b) all reasonable attorney's fees and expenses actually incurred by Lessor in connection with entering into such new Lease;

22.7.3 Leasehold Mortgagee shall cure all defaults of Lessee under the terms of this Lease (excluding Lessee's non-monetary defaults of such a personal nature that they cannot be cured by Leasehold Mortgagee, which defaults shall be deemed waived);

22.7.4 Leasehold Mortgagee, as replacement Lessee under the Mortgagee Lease, shall have the same right, title, and interest in and to the Premises and the right to use the Improvements thereon as Lessee had under this Lease.

22.8 Agreement Between Lessor and Leasehold Mortgagee. Lessor, upon request, shall execute, acknowledge, and deliver to Leasehold Mortgagee an agreement, by and among Lessor, Lessee, and Leasehold Mortgagee (provided the same has been previously executed by Lessee and Leasehold Mortgagee) agreeing to all of the provisions of this Section 22, in form and substance reasonably satisfactory to Leasehold Mortgagee and Lessor.

22.9 Limitation on Liability of Leasehold Mortgagee. Notwithstanding any other provision of this Lease, Lessor agrees that Leasehold Mortgagee shall in no manner or respect whatsoever be liable or responsible for any of Lessee's obligations or covenants under this Lease (nor shall any rights of such Leasehold Mortgagee be contingent on the satisfaction of such obligations or covenants), unless and until Leasehold Mortgagee becomes the owner of said leasehold estate by foreclosure, sale in lieu of foreclosure, or otherwise, in which event such Leasehold Mortgagee shall be liable for such obligations and covenants only while it remains the owner of said leasehold estate.

22.10 No Merger. So long as any Leasehold Mortgage remains outstanding, the fee title and the leasehold estate created by this Lease shall not merge but shall always be kept separate and distinct, notwithstanding the union of such estates in either the Lessor or the Lessee or a third party, by purchase or otherwise.

22.11 Foreclosure by Leasehold Mortgagee. In no event shall Lessor's consent be required, for any transfer or assignment of this Lease to Leasehold Mortgagee, any purchaser at a foreclosure sale or any other third party as a result of a foreclosure, trustee's sale or delivery of a deed in lieu of foreclosure (an "**Enforcement Action**"). In the event of any transfer of assignment of this Lease as a result of the foreclosure action, Lessor shall recognize such Leasehold Mortgagee, any purchaser at a foreclosure sale or any other third party who has succeeded to Lessee's interest under this Lease as a result of an Enforcement Action as "Lessee" for all purposes under this Lease. Promptly following an Enforcement Action, the then Lessee shall provide Lessor with such Lessee's notice address and shall make the Security Deposit to the extent required by Section 5.1 of this Lease.

22.12 Conflicts. In the event of a conflict between the provisions of this Section 22 and the provisions of the Lease, this Section 22 shall control.

23. GOVERNING LAW; ATTORNEY'S FEES.

The laws of the State of Arizona shall govern the matters set forth in this Lease. Venue of any action brought under this Lease shall, at the option of Lessor, lie in Maricopa County, Arizona.

24. COMPLIANCE WITH LAWS, RULES AND REGULATIONS.

Lessee shall at all times comply with all Federal, state and local laws, ordinances, rules, and regulations which are applicable to its activities on the Airport, the Premises itself (including but not limited to the *Americans with Disabilities Act*), or the operation, management, maintenance, or administration of the Premises, including all laws, ordinances, rules and regulations adopted after the Effective Date. Lessee shall be responsible for controlling and preventing disruptive pedestrian and vehicle traffic associated with its activities on the Premises. Lessee also shall display to Lessor any permits, licenses, or other evidence of compliance with laws upon request.

25. CORPORATE AUTHORIZATION.

In executing this Agreement, Lessee represents and warrants to Lessor that if Lessee is a corporation, Lessee has obtained and been granted the full right, power and authority to enter into this Lease. In executing this Agreement, Lessor represents and warrants to Lessee that Lessor has obtained and been granted the full right, power and authority to enter into this Lease.

26. UTILITY LINES AND SERVICE CHARGES.

26.1.1 Connections and Services. Lessee shall, at no cost or expense to Lessor, provide or arrange for any public utility, water and sewage lines, connections and services that are needed in connection with any building(s), structure(s) or other improvement(s) placed on the Premises by Lessee, or required for Lessee's activities thereon, and shall be responsible for the maintenance of such lines and connections from where they enter the Premises. If requested in advance to do so by Lessee, Lessor will grant reasonable rights-of-way on or across the Airport to suppliers of public utility services for the purpose of supplying Lessee with such services, but Lessor reserves the right to designate the lands along which such rights-of-way shall be granted so as to cause the least inconvenience in the operation of the Airport and other Airport tenants.

26.1.2 Payment. Lessee shall pay for all utilities, including trash collection, used in its operations at the Premises. The charges and method of payment for each utility or service shall be determined by the appropriate supplier of the utility or service in accordance with applicable laws and regulations, on such basis as the appropriate supplier of the utility or service may establish.

26.1.3 Continued Use and Repair. Notwithstanding the execution of this Lease, Lessor retains the right to the continued use of such utility lines and services as are presently on the Premises and the right to repair the same when necessary in Lessor's reasonable discretion, including but not limited to, any utility easements on the Premises. Lessor agrees to coordinate any entry onto the Premises with Lessee and shall conduct such repairs in such a manner and at such times as to not unreasonably interfere with Lessee's activities or the activities of Lessee's employees, agents, contractors, subtenants or invitees (collectively, "**Lessee's Occupants**") thereon.

27. RESERVATIONS TO LESSOR.

The Premises are accepted "as is, where is" by Lessee, subject to the Permitted Exceptions. Lessor reserves the right to grant reasonable easements, rights-of-way, and permits, over, on, or across any portions of the Premises for commercially reasonable purposes; provided, that Lessor and the grantee, as applicable, shall not exercise such rights so as to unreasonably interfere with or disrupt Lessee's or and Lessee's Occupant's activities on the Premises, including the development of the Premises, to be determined in the reasonable judgment of Lessor and Lessee, and all such interference shall be minimized. The location of any such easements, rights-of-way and/or permits shall be subject to Lessee's prior written consent which shall not be unreasonably withheld, conditioned or delayed. Lessor shall provide Lessee reasonable notice of any plan to

undertake the activities contemplated under this Section and shall coordinate with Lessee regarding the execution of such plans to minimize any interference with Lessee's or any Lessee's Occupant's activities on the Premises. All work shall be in compliance with all applicable laws, including Environmental Laws, and the surface of the Premises shall be restored to its original condition, including any necessary remediation in accordance with Environmental Laws of any contamination associated with any Hazardous Material disturbed during any construction, at no cost to Lessee, upon the completion of any construction. Lessor agrees that any rights granted to any parties by reason of this clause shall contain provisions obligating such parties to, at a minimum, the same conditions applicable to Lessor under this Section 27, including but not limited to that the surface of the Premises and any Improvements shall be promptly restored to their original condition, at no cost to Lessee, promptly upon the completion of any construction.

28. FEDERAL AVIATION ADMINISTRATION (FAA) PROVISIONS.

28.1 Lessee agrees that in the event Lessee's improvements are constructed, maintained, or otherwise operated on the Premises for a purpose for which a Department of Transportation (DOT) program or activity is intended, or for another purpose involving the providing of similar services or benefits, Lessee shall maintain and operate such facilities and services in compliance with all other requirements imposed pursuant to 49 CFR Part 21, *Nondiscrimination in Federally Assisted Programs of the Department of Transportation,* as it may be amended.

28.2 Lessee agrees that: (a) no person shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination on the grounds of race, color, creed, disability, age, sex or national origin in the use of the Premises; (b) that in the construction of any improvements on, over, or under the Premises and the furnishing of services thereon, no person shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination on the grounds of race, color, or national origin; and (c) that Lessee shall use the Premises in compliance with all other requirements imposed by or pursuant to 49 CFR Part 21, as it may be amended.

28.3 Lessee assures Lessor that it will comply with pertinent statutes, Executive Orders, and rules promulgated to assure that no person shall, on the grounds of race, creed, color, national origin, or sex, age or handicap, be excluded from participating in any activity.

28.4 Lessor reserves the right to further develop or improve the landing area of the Airport as it sees fit, regardless of the desires or view of Lessee, and without interference or hindrance therefrom; provided that the foregoing does not give Lessor the right to develop new landing areas on the Premises.

28.5 Lessor reserves the right, but shall not be obligated to Lessee, to maintain and keep in repair the landing area of the Airport and all publicly owned facilities of the Airport, together with the right to direct and control all activities of Lessee in this regard. Lessor and Lessee agree that Lessee has no responsibility whatsoever with respect to maintenance and repair of the landing area of the Airport, or any publicly owned facilities of the Airport.

28.6 This Lease shall be subordinate to the provisions and requirements of any existing or future agreement between Lessor and the United States relative to the development, operation or maintenance of the Airport.

28.7 There is reserved unto Lessor, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Premises, which shall include the right to cause in the airspace any noise inherent in the operation of aircraft, now known or hereafter used for navigation of or flight in or through the airspace, and for the use of such airspace for landing on, taking off from, or operation on the Airport.

28.8 Lessee agrees to comply with the notification and review requirements covered in 14 CFR Part 77 in the event future construction of a building is planned for the Premises or in the event of any planned modification or alteration of any present or future building or structure situated on the Premises.

28.9 Lessee shall not erect or permit the erection of any structure or building, nor permit the growth of any tree on the Premises, or any other obstruction that exceeds height requirements contained in 14 CFR Part 77 or amendments thereto or interferes with the runway and/or taxiway "line of sight" of the control tower. In the event these covenants are breached, Lessor reserves the right to enter upon the Premises and to remove the offending structure or object at the expense of Lessee.

28.10 Lessee shall not make use of the Premises in any manner that might interfere with the landing and taking off of aircraft from the Airport or otherwise constitute a hazard. In the event this covenant is breached, Lessor reserves the right to enter upon the Premises and cause the abatement of such interference at the expense of Lessee.

28.11 Nothing contained in this Lease shall be construed to grant or authorize the granting of an exclusive right within the meaning 49 U.S.C. §§ 40103(e) and 47107(a)(4).

28.12 This Lease and all of the provisions hereof shall be subject to whatever right the United States government now has, or in the future may have or acquire, affecting the control, operation, regulation and taking over of the Airport, or the exclusive or non-exclusive use of the Airport by the United States during the time of war or national emergency.

29. TITLE VI.

29.1 Lessee agrees to comply with pertinent statues, Executive Orders and such rules as are promulgated or identified in Title VI List of Pertinent Nondiscrimination Acts and Authorities to ensure that no person shall, on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance. Lessee understands and acknowledges that the FAA requires inclusion of and adherence to the terms and conditions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§2000d to 2000d-4) ("**Title VI**") in all airport/aviation lease agreements where Lessor receives federal funding, including the Lease in this instance.

29.2 During the Term, Lessee, for itself, its assignees, and successors in interest agrees as follows:

29.2.1 Compliance with Regulations. Lessee will comply with the Title VI List of Pertinent Non-Discrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this Lease.

29.2.2 Non-discrimination. Lessee, with regard to the work performed by it during Lease, will not discriminate on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment. Lessee will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.

29.2.3 Solicitations for Subcontracts, Including Procurements of Materials and Equipment. In all solicitations, either by competitive bidding, or negotiation made by Lessee for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each

potential subcontractor or supplier will be notified by Lessee of Lessee's obligations under this Lease and the Non-discrimination Acts And Authorities on the grounds of race, color, or national origin.

29.2.4 Information and Reports. Lessee will provide all information and reports required by the acts, the regulations and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by Lessor or the FAA to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of Lessee is in the exclusive possession of another who fails or refuses to furnish the information, Lessee will so certify to Lessor or the FAA as appropriate and will set forth what efforts it has made to obtain the information.

29.2.5 Sanctions for Noncompliance. In the event of Lessee's noncompliance with the Nondiscrimination provisions of this Lease, Lessor will impose such default remedies as it or the FAA may determine to be appropriate, including, but not limited to:

(a) withholding payments, if any, to Lessee under the Lease until Lessee complies; and/or

(b) cancelling, terminating, or suspending the Lease, in whole or in part, in accordance with, but subject to, Sections 11 and 22.

29.2.6 Incorporation of Provisions. Lessee will include the provisions Subsections 29.2.1 through 29.2.6 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the acts, the regulations and directives issued pursuant thereto. Lessee will take action with respect to any subcontract or procurement as Lessor or the FAA may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if Lessee becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, Lessee may request Lessor to enter into any litigation to protect the interests of Lessor. In addition, Lessee may request the United States to enter into the litigation to protect the interests of the United States.

29.3 The Lessee for itself, and its successors in interest and assigns, as a part of the consideration hereof, does hereby covenant and agree that (a) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (b) that in the construction of any improvements on, over, or under such land, and the furnishing of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, and (c) that Lessee will use the Premises in compliance with all other requirements imposed by or pursuant to the List of Pertinent Non-Discrimination Acts and Authorities.

29.4 During the performance of this Lease, Lessee, for itself, its assignees, and successors in interest agrees to comply with the following non-discrimination statutes and authorities; including but not limited to the following (which Lessor is required to disclose and include in such Lease and other agreements, pursuant to FAA regulation):

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq*., 78 Stat. 252) (prohibits discrimination on the basis of race, color, national origin);
- 49 CFR Part 21 (Non-discrimination In Federally-Assisted Programs of The Department of Transportation—Effectuation of Title VI of The Civil Rights Act of 1964);
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970

(42 U.S.C. § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);

- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR part 27 (Nondiscrimination on the Basis of Disability in Programs or Activities Receiving Federal Financial Assistance);

- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 *et seq.*) (prohibits discrimination on the basis of age);

- Airport and Airway Improvement Act of 1982, (49 U.S.C. § 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);

- The Civil Rights Restoration Act of 1987 (PL 100-209) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);

- Titles II and III of the Americans with Disabilities Act of 1990 (42 U.S.C. § 12101, et seq.) (prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities) as implemented by Department of Transportation regulations at 49 CFR parts 37 and 38;

- The FAA's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);

- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;

- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087) (2005); and

- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et *seq.*).

29.5 Lessee agrees that in the event improvements are constructed, maintained, or otherwise operated on the Premises for a purpose for which a Department of Transportation (DOT) program or activity is intended, or for another purpose involving the providing of similar services or benefits, Lessee shall maintain and operate such facilities and services in compliance with all other requirements imposed pursuant to 49 CFR Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation, as it may be amended.

30. FEDERAL FAIR LABOR STANDARDS ACT

This Lease incorporates by reference the provisions of 29 CFR Part 201, the Federal Fair Labor Standards Act (FLSA), with the same force and effect as if given in full text. Lessee has full responsibility to monitor compliance to the referenced statue or regulation. Lessee must address any claims or disputes that arise from this requirement directly with the U.S. Department of Labor – Wage and Hour Division.

31. OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970

This Lease incorporates by reference the provisions of 29 CFR Part 1910 with the same force and effect as if given in full text. Lessee must provide a work environment that is free from recognized hazards that may cause death or serious physical harm to the employee. Lessee retains full responsibility to monitor its compliance and their subcontractor's compliance with the applicable requirements of the Occupational Safety and Health Act of 1970 (20CFR Part 1910). Lessee must address any claims or disputes that pertain to a referenced requirement directly with the U.S. Department of Labor – Occupational Safety and Health Administration.

32. INCORPORATION OF QUITCLAIM DEED

Lessor owns the Airport pursuant to a Quitclaim Deed from the United States Government dated April 14, 1998 and recorded in the official records of Maricopa County, Arizona on April 30, 1998 as Entry No. 98-0354787 (the "**Deed**"), a copy of which is available to Lessee upon request and is hereby incorporated in its entirety. To the extent the Deed has terms, conditions, obligations, requirements or restrictions that apply to this Lease, Lessor, Lessee or any matter in connection herewith, Lessee agrees to be bound by all the terms, covenants and conditions of the Deed, including the following:

32.1 That this Lease is subject to all terms and conditions of the Deed; and

32.2 That in case of any conflict between the Deed and this Lease, the Deed shall control.

33. REQUIRED PROVISIONS OF QUITCLAIM DEED.

33.1 Section VI (A)(5)(c) of the Deed requires that the following provisions be included in this Lease:

33.1.1 In furnishing services to the public, Lessee shall not discriminate against any person or class of persons by reason of race, color, creed, or national origin, and Lessee shall otherwise provide such services on a fair, equal, and not unjustly discriminatory basis to all users thereof.

33.1.2 Lessee shall charge fair, reasonable, and not unjustly discriminatory prices for each unit for service; except, however, that the Lessee may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

33.2 If the Premises are within any of the archaeological sites identified in Section VIII.A of the Deed, then, the provisions of Section VIII of the Deed shall be deemed incorporated in this Lease by this express reference to Section VIII of the Deed.

33.3 To the extent the Deed requires that other specific provisions thereof be inserted in this Lease by express reference to the Deed, this sentence shall constitute an express reference to all such applicable provisions of the Deed.

34. INTENTIONALLY DELETED.

35. DEFAULT BY LESSOR.

In the event of any alleged breach by Lessor of its covenants or obligations contained in this Lease, Lessee shall have available all rights and remedies provided at law or in equity, subject to the terms and conditions of this Lease; provided, however, Lessee may not exercise any such right or remedy unless Lessee has notified Lessor by written notice of such alleged default, and Lessor has not cured such default within the THIRTY (30) calendar day period subsequent to receipt of such notice or, in the event such alleged default is of such a nature that it cannot reasonably be cured within such THIRTY (30) calendar day period, Lessor has failed to cure such alleged default with all due diligence. Notwithstanding anything to the contrary contained in this Lease, in no event shall Lessee be entitled to terminate this Lease or abate or offset any installment of Base Rent, or any other payments to be made by Lessee hereunder except as expressly permitted in Sections 7.7, 7.8, and 14.18 of this Lease.

36. BROKERS.

Lessor and Lessee each represents and warrants to the other Party that it has not had any dealings with any real estate brokers, finders or agents in connection with this Lease. Lessor and Lessee each agrees to indemnify, defend (with counsel selected by the other) and hold the other Party and other Party's nominees, successors and assigns harmless from any and all claims, costs, commissions, fees or damages arising from a breach of such Party's representation and warranty in this Section.

37. SALE BY LESSOR.

Lessee agrees to look solely to Lessor's interest in the Premises and any insurance proceeds, including rents, profits, proceeds and awards for the recovery of any judgment against Lessor, it being agreed that neither Lessor nor the holders of the equity interests of Lessor, nor the members, partners, officers, directors or shareholders of Lessor shall be personally liable for any such judgment. In the event of any sale or other conveyance by Lessor of its interest in the Premises, Lessor shall be automatically freed and released from all personal liability accruing from and after the date of such sale or conveyance as respects the performance of any covenant or obligation on the part of Lessor contained in this Lease to be performed, it being intended hereby that the covenants and obligations contained in this Lease on the part of Lessor shall be binding on the Lessor and its successors and assigns only during and in respect to the respective successive periods of ownership of the Premises.

38. ESTOPPEL CERTIFICATE.

Each of Lessor and Lessee shall, without charge, at any time and from time to time hereafter, within ten (10) business days after written request from the other Party to do so, certify, by written instrument duly executed and acknowledged by such Party and certified to the other Party and to any prospective lender or purchaser/assignee: (i) as to whether this Lease has been supplemented or amended, and if so, the substance and manner of such supplement or amendment; (ii) as to the existence of any default hereunder to the best of such Party's knowledge; (iii) as to the date on which Lessee was obligated to commence paying any charges hereunder and the expiration date of the Term; (iv) as to whether this Lessee has assigned or transferred its interests or any portion thereof in this Lease; and (v) as to any other matters relating to this Lease and the Premises as may be reasonably requested. The requesting Party and any prospective purchaser or lender to whom the same was certified may rely upon any such certificate.

39. UNAVOIDABLE DELAY.

In the event either Party shall be delayed or hindered in or prevented from the performance of any covenant, agreement, work, service, or other act required under this Lease to be performed by such Party ("**Required Act**"), and such delay or hindrance is due to Unavoidable Delay (as defined below), then the performance of such Required Act shall be excused for the period of delay and the time period for performance of the Required Act shall be extended by the same number of days in the period of Unavoidable Delay. For purposes of this Lease, "**Unavoidable Delay**" shall mean, with respect to either Party, an unavoidable delay in the performance by such Party of any non-monetary conditions or obligations under this Lease due including but not limited to: (a) construction delay to the extent caused by the other Party, (b) legal proceeding brought by a non-Party with respect to the Improvements or any provision or requirement of this Lease which by its nature prohibits the Improvements from being commenced, continued and/or completed, (c) a Party not receiving a governmental permit, license, entitlement approval or inspection in time to meet a contractual time period imposed hereunder provided that Party, in good faith, was diligent in the application or request for and prosecution of the process to obtain that permit, license, approval or inspection, (d) flood, (e) epidemic, (f) quarantine restriction, (g) unusually severe weather not reasonably anticipated, (h) strike, (i) walkout, (j) lock-out, (k) war, (l) national emergency, (m) fire, (n) act of God, (o) act of terrorism, (p) natural disaster, (q) explosion, (r) default by the other Party hereunder in the performance of its obligations hereunder, (s) delay caused by the discovery, presences or actions necessary to investigate or remediate Hazardous Material under SECTION 14 (but excluding Hazardous Material attributable to the Party claiming Unavoidable Delay), or (t) unavailability or shortage of materials or labor that could not be reasonably anticipated, or (u) other causes beyond such Party's control; provided that no Unavoidable Delay shall exist unless the Party claiming such Unavoidable Delay shall give written notice to the other Party of the occurrence of the Unavoidable Delay not later than FORTY-FIVE (45) days after the commencement of such Unavoidable Delay.

40. ADDITIONAL PAYMENTS.

40.1 Within forty-five (45) days of the end of each calendar quarter occurring during the Term, Lessee shall pay Lessor an amount equal to ten percent (10%) of Operating Cash Flow (defined below) received by Lessee from the Premises. Operating Cash Flow shall be determined on a cash basis in accordance with accounting standards currently used by The Boyer Company, L.C. and applied on a consistent basis. Because the use of cash basis accounting may cause distortions, certain adjustments may be made including but not limited to the following: (x) Lessee may establish and increase such reserves as it reasonably deems to be required for the proper management, maintenance and operation of the Premises, and (y) Lessee shall make such adjustments as may be reasonably required fairly to present Operating Cash Flow including, but not limited to, matching rents and expenditures and amortizing capital or extraordinary expenditures over more than one year. To the extent reimbursed by a sublessee, the cost of refurbishing or replacing tenant improvements and performing similar work after initial construction of the building shall be treated as an Expenditure in the year(s) in which the sublessee reimburses Lessee for such tenant improvements. If no such itemized reimbursement is made by a sublessee or to the extent the reimbursement is less than the cost incurred, the net cost of refurbishing or replacing tenant improvements and performing similar work shall be treated as an Expenditure by amortizing the cost thereof on a straight-line method over the term of the sublease. For purposes of this Article 40, (i) "**Operating Cash Flow**" means all Rent less all Expenditures; (ii) "**Rent**" means all base annual rents, percentage rents and other rents, revenues and charges actually received by Lessee from sublessees of the Premises, but excluding receipts from loans (including member loans and Refinancing Proceeds (defined below)), Sales Proceeds (defined below), contributions to capital, insurance proceeds, recoveries in connection with eminent domain proceedings or recoveries in connection with other actions (but including as part of Rent recoveries of any unpaid Rent); and (iii) "**Expenditures**" means all costs, expenses and fees incurred by Lessee in connection with the construction, ownership, financing, improvement, operation, leasing, management, maintenance and repair of the Premises and/or horizontal improvements for the Property (which cost, expenses and fees shall be reasonably allocated to the Premises by Lessee (as so allocated, the "**Applicable Horizontal Expenditures**")) or required by any Leasehold Mortgage including, without limitation, a management fee of 4% of all Rents, income taxes and repayment of advances made by the owners of Lessee or another lender to pay Expenditures in prior periods and all payments of debt service, preferred returns and

equity contributions or repayments of member loans made to Lessee. Any payment or demand for return of an overpayment made to Lessor pursuant to this Section 40.1. shall be accompanied by a written statement setting forth in reasonable detail the manner in which Operating Cash Flow was calculated. Each such statement shall be conclusive and binding upon Lessor unless within one (1) year after receipt of such statement Lessor notifies Lessee in writing that Lessor disputes the correctness of such statement, specifying the particular respects in which the statement is claimed to be incorrect. Lessee shall grant to Lessor and to attorneys or independent certified public accountants retained by Lessor, but not on a contingency basis, at Lessor's sole cost and expense, access to Lessee's books and records upon reasonable notice during normal business hours for the purpose of verifying the amounts calculated and paid pursuant to this Section 40.1, and whether such payments were reasonable and proper. If, after audit, the Operating Cash Flow in question is determined to have been understated, Lessee shall pay any deficiency to Lessor, and, if the Operating Cash Flow in question is determined to have been overstated, Lessor shall pay any overpayment to Lessee. To assure that Lessor receives the appropriate payment of Operating Cash Flow as set forth in this Section, Lessee shall not distribute any Operating Cash Flow unless and until the Lessor receives payment in an amount proportional to the amount of any Operating Cash Flow received by Lessee, provided, the foregoing shall not prevent Lessee or its affiliates from making payments of any Expenditures.

40.2 In addition, upon a refinance of the initial construction loan or a sale of the leasehold interest in the Premises, Lessee shall pay to Lessor an amount equal to ten percent (10%) of the Refinancing Proceeds (defined below) or Sales Proceeds (defined below), as applicable. For purposes hereof, (i) "**Refinancing Proceeds**" means the actual amount of cash proceeds derived from the refinancing of a construction mortgage with respect to the Premises, less the following to the extent paid or reimbursed from such cash proceeds (A) the cost and expense of the refinancing including, without limitation, commissions and attorneys' fees and costs; (B) all principal, interest, preferred returns or other payments to lenders on the mortgage or other indebtedness of Lessee related to the Premises including, without limitation, loans or advances made by affiliates of Lessee, including member loans to Lessee, (C) all other Expenditures made from such cash proceeds; (D) the cost of any improvements to the Premises and the Applicable Horizontal Expenditures; and (E) such deposits to cash reserves as Lessee determines are required to pay anticipated Expenditures or liabilities and otherwise satisfy obligations related to the Premises or any mortgage including, without limitation, contingent liabilities; and (ii) "**Sale Proceeds**" means the actual amount of cash proceeds derived from the sale or other disposition of all or any part of the leasehold interest in the Premises, less the following to the extent paid or reimbursed from such cash proceeds: (A) the cost and expense incurred in connection with the sale or other disposition of the leasehold interest in the Premises, including, without limitation, commissions and attorneys' fees and costs; (B) all principal, interest, preferred interests or other payments to lenders on indebtedness related to the Premises including, without limitation, loans or advances made by affiliates of Lessee, including member loans to Lessee; (C) all other Expenditures made from such cash proceeds; (D) the cost of any improvements to the Premises and the Applicable Horizontal Expenditures; and (E) such deposits to cash reserves as Lessee determines are required to pay anticipated Expenditures or liabilities and otherwise satisfy obligations related to the Premises or any mortgage including, without limitation, contingent liabilities. To assure that Lessor receives the appropriate payment of Refinancing Proceeds and Sales Proceeds as set forth in this Section, Lessee shall not distribute any Refinancing Proceeds or Sales Proceeds unless and until the Lessor receives payment in an amount proportional to the amount of any Refinancing Proceeds or Sales Proceeds received by Lessee, provided, the foregoing shall not prevent Lessee or its affiliates from making payments of any Expenditures.

40.3 The obligations under this Section 40 are personal to the Lessee named herein (or any affiliate to which Lessee transfers this Lease). Without limiting the generality of the foregoing, upon the sale of the leasehold interest in the Premises at or above fair market value as reasonably determined by Lessee to a party that is not an affiliate of Lessee and the payment by Lessee to Lessor of ten percent (10%) of the Sales Proceeds, or the sale at or a foreclosure or delivery of a deed in lieu of foreclosure or other Enforcement Action, the provisions of Sections 40.1 and 40.2 automatically shall terminate and be of no further force and effect.

41. MISCELLANEOUS.

41.1 Personal Liability. No member of or employee of either Party shall be charged personally or held contractually liable by or to the other Party under any term or provision of this Lease because of any breach thereof, or because of its execution or attempted execution.

41.2 No Waiver. No provision of this Lease may be waived or modified except by a writing signed by the Party against whom such waiver or modification is sought.

41.3 Non-Waiver of Rights. No waiver or default by Lessor of any of the terms, conditions, covenants or agreements hereof to be performed, kept or observed by Lessee shall be construed or act as a waiver of any subsequent default of any of the terms, covenants, conditions or agreements herein contained to be performed, kept or observed by Lessee, and Lessor shall not be restricted from later enforcing any of the terms and conditions of this Lease.

41.4 Amendment. This Lease contains all agreements of the Parties as of the date hereof with respect to any matter mentioned herein. No prior agreement, correspondence, or understanding pertaining to any such matter shall be effective to interpret or modify the terms hereof. Oral commitments or promises are not enforceable and shall not be binding or made part of this Lease. Any revisions or modifications to this Lease must be in writing and mutually accepted by persons with full and complete authority to bind the Party.

41.5 Litigation Expenses. In the event of litigation between Lessor and Lessee in connection with this Lease, the prevailing Party shall be entitled to recover its reasonable attorneys' fees and all costs and expenses of litigation, including witness fees, expert witness fees, and court costs.

41.6 Headings. The headings contained herein are for convenience in reference only and are not intended to define or limit the scope of this Lease or any term thereof.

41.7 Entire Agreement. This Lease, including exhibits attached hereto at the time of its execution, constitutes the entire agreement between the Parties hereto and supersedes all prior negotiations, understandings and agreements between the Parties concerning such matters.

41.8 Memorandum of Lease. Upon request of a Party, the Parties will execute a memorandum of lease in the form attached hereto as **EXHIBIT E**, and the requesting Party may record the memorandum against the Premises in the Official Records of Maricopa County, Arizona.

41.9 Quiet Enjoyment. So long as this Lease is in full force and effect and Lessee performs all of Lessee's obligations hereunder, Lessee shall peacefully and quietly have, hold and enjoy the Premises for the Term without interference from Lessor, or anyone claiming by, through or under Lessor, subject to all of the provisions of this Lease,

42. INCORPORATION OF RECITALS.

The recitals set forth herein are acknowledged by the Parties to be true and correct and are incorporated herein by this reference.

43. DECLARATION.

43.1 Subordination. The Premises shall be subject and subordinate to that certain Declaration of Covenants, Conditions and Restrictions and Easements for Gateway East in the form attached hereto as **EXHIBIT G**, to be recorded in the Official Records of Maricopa County, Arizona ("**Declaration**"). Lessee

hereby agrees to fulfill and comply with its duties and obligations as a "Lessee" under the Declaration with respect to the Premises.

43.2 Assessments and other Obligations. Lessee shall pay its "Common Expense Share" of "Common Expenses" as defined in and set forth in the Declaration. Such payment obligation shall constitute "additional rent" under this Lease. Lessee shall fulfil any other obligations it may have as a "Lessee" in accordance with the Declaration with respect to the Premises.

IN WITNESS WHEREOF, the Parties have executed this Lease the day and year first above written.

EXECUTED to be effective on the date specified above.

DECLARATION OF
COVENANTS, CONDITIONS, RESTRICTIONS AND EASEMENTS
[Gateway East]

THIS DECLARATION OF COVENANTS, CONDITIONS, RESTRICTIONS AND EASEMENTS (this "Declaration") is made as of the ____ day of _____, 2023, by Phoenix-Mesa Gateway Airport Authority, a joint powers airport authority authorized by the State of Arizona ("Declarant"), whose address is 5835 S. Sossaman Road, Mesa, Arizona 85212.

RECITALS

A. Declarant is the fee simple owner of the Land (as defined below).

B. Declarant desires and intends that the Development (as defined below) be operated as a first-class business park supporting a mix of uses to be called Gateway East and to impose upon the Development and all Lots (as defined below) from time to time created within the Development, mutual and beneficial restrictions, covenants, agreements, easements, conditions and charges as hereinafter set forth, under a general plan for the benefit of all of the Development.

IN CONSIDERATION of the mutual benefits to be derived from this Declaration, the Parties agree as follows:

1. Definitions. As used in this Declaration, each of the following terms shall have the meaning indicated:

"Annexable Property" shall mean any real property adjacent to the Development not yet annexed or made a portion of the Development in accordance with the provisions hereof.

"Boyer" shall mean Boyer Gateway East, L.C., a Utah limited liability company.

"Buildings" means all buildings located in the Development at any time that are intended for permanent use or occupancy, including the area directly below such buildings, all projections and extensions of, and additions to, such buildings and all areas used exclusively by the Lessee or Occupants of such buildings, including, without limitation, drive-through areas, trash enclosures, playgrounds and platforms, ramps, docks and signage affixed to the outside of such buildings. "Building" means any of the Buildings.

"Common Area" means all property within the Development intended for the common use and enjoyment of all of the Lots, including, but not limited to, (a) the Common Landscape and Signage Areas, (b) the Common Vehicular and Pedestrian Areas, (c) the Common Utility Facilities and the Common Utility Easement Area, (d) any amenities which may now or hereafter be established by Declarant for the common use and enjoyment of all Lots, (e) all land or right-of-way easements within the Development which are dedicated to the public or to the City of Mesa, but which the City of Mesa or other governmental agency requires the Declarant to maintain; and (f) any other areas with respect to which the Declarant has assumed in writing administrative or maintenance responsibilities. Common Area shall not include public right of way (except to the extent covered by (e) or (f) above), or Lots.

"Common Expense Percentage" for any particular Lot is calculated as follows: (a) divide the total gross square footage of the Lot concerned by the total gross square footage of all Lots located in the Development; (b) multiply the resulting quotient by 100 and round to the third (3rd) decimal place; and (c) express the resulting product as a percentage. The Common Expense Percentages of the Lots shall be

4876-9865-3973

adjusted from time to time by written notice given by the Manager to each Lessee and Declarant as of the date on which one or more Lots are annexed to the Development.

"Common Expense Share" means the product obtained by multiplying the Common Expenses for the relevant period by the Common Expense Percentage for the Lot concerned.

"Common Expenses" means the following:

(a) reasonable costs, expenses, fees, charges and other amounts (including appropriate reasonable reserves) paid or incurred by the Manager in connection with the improvement (excluding the initial improvement and development), operation, management, maintenance, repair and replacement of the Common Area and the performance of the Manager's duties and rights under Paragraphs 6 or 7 or any other provision of this Declaration, including, without limitation, all reasonable costs, expenses, fees and other amounts (including, without limitation, those that are properly capitalized under generally accepted accounting principles) relating to utilities, cleaning, sweeping, rubbish removal, landscaping, resurfacing, re-striping, replacing damaged or worn-out Improvements (including lighting and signage) located on the Common Area, taxes imposed on the Common Area, insurance, signage, licenses and permits, supplies, traffic regulation and control, security services, personnel (other than managerial personnel) necessary to perform any of the foregoing and depreciation allowance on any machinery or equipment owned by the Manager and used exclusively in connection with such matters;

(b) managerial, clerical and overhead costs, expenses, fees and other amounts, all of which shall be deemed to be equal to fifteen percent (15%) of the total of all other Common Expenses; and

(c) Common Expenses due but not paid to the Manager, which are determined by the Manager not to be legally or practicably recoverable after the Manager has exercised its commercially reasonable efforts to collect the same from the Lessee and has determined that all reasonable remedies for collection have been exhausted, together with all interest on, and costs and attorneys' fees incurred in connection with, such unpaid Common Expenses; provided, however, that if such unpaid Common Expenses are later received by the Manager from or on behalf of the Lessee, any amounts previously paid by any other Lessees pursuant to the preceding portion of this sentence shall be refunded pro rata to such other Lessees.

"Common Landscape and Signage Areas" means any Landscaping installed by Declarant or Manager for the general benefit of the Development (and not for the benefit of just one Lot), and any monument or other signage advertising the entire Development (as distinguished from signage advertising particular Building(s) or its Occupant(s) in the Development). The Common Landscape and Signage Areas shall be used for the purposes set forth in Paragraph 5.3 and, subject to reimbursement in accordance with Paragraph 7, shall be maintained by the Manager pursuant to Paragraph 6. Declarant and Manager may, but are not obligated to, designate the Common Landscape and Signage Areas and/or additional or different Common Landscape and Signage Areas from time to time.

"Common Utility Easement Area" means the Common Vehicular and Pedestrian Areas together with all Improvements on such land, and any real property defined as an additional part of the Common Utility Easement Area from time to time. The Common Utility Easement Area shall be used for the purposes set forth in Paragraph 5.2 and, subject to reimbursement by the Lessees in accordance with Paragraph 7, shall be maintained by the Manager pursuant to Paragraph 6. Declarant and Manager may, but are not obligated to, designate the Common Utility Easement Areas and/or additional or different Common Utility Easement Areas from time to time.

"Common Utility Facilities" means all pipes, lines, wires, conduits and related facilities and improvements for electricity, natural gas, other fuels or power sources, telephone, data, video, telecommunication and similar uses, sewer, storm drainage (including retention ponds) and all types of water that are intended, designed or used for the benefit of the Common Area or more than one Lot. The Common Utility Facilities shall be used for the purposes set forth in Paragraph 5.2 and, subject to reimbursement by the Lessees in accordance with Paragraph 7, shall be maintained by the Manager pursuant to Paragraph 6.

"Common Vehicular and Pedestrian Areas" means all Common Areas from time to time designed to be used for pedestrian or vehicular movement, including, without limitation, roads, driveways, walkways, sidewalks, trails and paths that are installed by or at the direction of Manager and serving more than one Lot. The Common Vehicular and Pedestrian Areas shall be used for the purposes set forth in Paragraph 5.1 and, subject to reimbursement by the Lessees in accordance with Paragraph 7, shall be maintained by the Manager pursuant to Paragraph 6. Declarant and Manager may, but are not obligated to, designate Common Vehicular and Pedestrian Areas and/or additional or different Common Vehicular and Pedestrian Areas from time to time.

"Design Guidelines" means the standards, requirements and restrictions set forth in Design Guidelines and the Planned Area Development (PAD) for the Development, each approved by the Mesa City Council on June 19, 2023, as may be amended by Mesa City, Arizona from time to time to the extent approved by Declarant and the Manager.

"Development" means the Land, together with all Improvements located on such Land, and any portions of the Annexable Property annexed pursuant to this Declaration, together with all Improvements located on the Lot or Common Area or such additional real property.

"Improvements" means all Buildings, Common Utility Facilities, Landscaping, parking areas, roads, driveways, walkways, curbs, gutters, medians, flower boxes, sidewalks, trails, paths, exterior lighting (including, without limitation, lights for traffic control or pedestrian safety), fences, walls, signs, utility systems and facilities, trash enclosures, bike racks, and other improvements located on the realty concerned. "Improvement" means any of the Improvements.

"Land" means land located in the City of Mesa, County of Maricopa, Arizona and more particularly described on **Exhibit A** attached hereto and incorporated herein by this reference, and any real property defined as an additional part of the Land in any amendment to this Declaration executed and recorded pursuant to Paragraph 11.

"Landscaping" means all outdoor areas in the Development landscaped with lawn, flowers, ground cover, shrubbery, trees, storm water retention areas, ponds, fountains, gardens, berms or similar improvements.

"Lessee" means any person or entity (including, without limitation, Manager if applicable) having a leasehold interest in a Lot, excluding any Mortgagee unless and until such Mortgagee is in actual possession of any Lot by foreclosure or otherwise, and including any person or entity taking the leasehold interest from any such Mortgagee.

"Lots" means development lots within the Land and shown on that certain Master Plan for the Development approved by Declarant, the current version of which is located at _____ [***Website information to be added***] as such Master Plan may be amended from time to time, or as otherwise approved in writing by Declarant and, so long as the Manager is Boyer, the Manager. "Lot" means any of the Lots.

"Manager" means a manager designated by the Declarant in accordance with Paragraph 3. As of the Effective Date, the Manager is Boyer.

"Mortgage" means a mortgage or a deed of trust recorded in the Official Records.

"Mortgagee" means the mortgagee or beneficiary under a Mortgage.

"Occupant" shall mean anyone occupying or using a Lot under or through a Lessee, including, without limitation, any Lessee, licensee, subtenant, user or their employees, agents, contractors, licensees, customers, guests, or invitees.

"Official Records" means the official records of the Maricopa County, Arizona Recorder.

"Qualified Mortgagee" means a Mortgagee of which Manager and Declarant have been given written notice, including such Mortgagee's name and address.

2. Property Bound.

2.1 General Declaration. Declarant hereby declares that the Development is and shall be held, conveyed, hypothecated, encumbered, leased, occupied, built upon or otherwise used, improved or transferred, in whole or in part, subject to this Declaration, as the same may be amended or modified from time to time. This Declaration shall run with the Development for all purposes and shall be binding upon and inure to the benefit of Declarant, and all Lessees, and their respective successors in interest and assigns. All of the covenants, conditions, and restrictions provided in this Declaration shall also be binding upon all Occupants of the Development, as well as their respective successors-in-interest and assigns.

2.2 Declarant's Disclaimer of Representations. Notwithstanding anything to the contrary herein, Declarant makes no warranties or representations whatsoever that the plans presently envisioned for the complete development the Development can or will be carried out, or that the Land is or will be committed to or developed for a particular (or any) use, or that if such real property is once used for a particular use, such use will continue in effect. While Declarant has no reason to believe that any of the restrictive covenants contained in this Declaration are or may be invalid or unenforceable, Declarant makes no warranty or representation as to the present or future validity or enforceability of any such restrictive covenant. Any Lessee entering into a lease in reliance on one or more of such restrictive covenants agrees that it will not challenge the validity or enforceability thereof; but such Lessee assumes all risks of the validity and enforceability thereof and by accepting a lease to a Lot agrees that Declarant shall have no liability with respect thereto.

3. Manager.

3.1 Appointment of Manager. Declarant shall appoint a Manager from time to time and shall have the right to revoke any designation and designate a different Manager at any time. Declarant may appoint itself as Manager. Declarant hereby designates Boyer Gateway East, L.C., a Utah limited liability company, as the initial Manager.

3.2 Professional Management Company. The Manager shall have the right, but not the obligation, to enter into a management agreement with a professional property management company to perform the functions of Manager. As used herein, "professional property management company" shall mean a person or entity (i) that is considered within the community to be primarily involved in the management of real property similar to the Development (ii) whose primary business consists of the

management of real property similar to the Development and (iii) that has had their primary source of income derived from the management of real property similar to the Development for not less than the three (3) years immediately preceding the execution of a property management agreement for the Development. All costs associated with the management agreement and property manager, including without limitation a commercially reasonably property management fee, shall be included in Common Expenses. Any professional property management company employed by the Manager shall be required to maintain with an insurer lawfully authorized to do business in the State of Arizona with a Best Rating of not less than A-VIII commercially reasonable insurance policies covering professional liability and general commercial liability.

4. Improvements.

4.1 Use. No part of the Development may be used or occupied for any use that violates any applicable law, ordinance, rule or regulation or that is inconsistent with this Declaration. Buildings shall be used only for commercial purposes, including, without limitation, retail, hospitality, manufacturing and office uses. All Buildings shall be:

(a) first-class buildings of the type and quality typically found in first-class, high-quality commercial developments;

(b) architecturally and aesthetically compatible with all other then-existing Buildings; and

(c) constructed in compliance with all applicable state, county and municipal subdivision, building, zoning, sign and other laws, ordinances, rules and regulations and the Design Guidelines.

4.2 Improvements. All Improvements in the Development shall be in compliance with the Design Guidelines.

5. Common Area Easements.

5.1 Access Easement. Each Lot shall have appurtenant thereto and be benefited by, and the Common Vehicular and Pedestrian Areas shall be subject to and be burdened by, a perpetual, nonexclusive right-of-way and easement for vehicular and pedestrian ingress and egress (without charge) on, over and across those areas designed for such use.

5.2 Utility Easement. Each Lot shall have appurtenant thereto and be benefited by, and the Common Utility Easement Areas shall be subject to and be burdened by, a perpetual, nonexclusive right-of-way and easement for the laying, construction, installation, operation, inspection, servicing, maintenance, repair, removal, alteration, enlargement, relocation and replacement of underground utility pipes, lines, wires, conduits and related facilities (including, without limitation, any underground Common Utility Facilities and, whether or not the same are part of the Common Utility Facilities, underground pipes, lines, wires, conduits and related facilities for electricity, natural gas, other fuels or power sources, telephone, data, video, telecommunication and similar uses, sewer, storm drainage [including retention ponds] and all types of water) under, through and across the Common Utility Easement Area. Prior to installation, the location of such pipes, lines, wires, conduits and related facilities must be approved by the Manager and Declarant, such approval not to be unreasonably withheld. If the rights provided for in this Paragraph 5.2 are exercised, the Lessee intended to be served by the easement concerned shall pay the cost involved with such exercise and, at such Lessee's sole cost, restore to their previous condition any

Improvements that may be damaged as a result of such exercise. Each utility pipe, line, wire, conduit and related facility located in the Development shall be located underground to the extent reasonably possible.

5.3 Common Areas. The Common Areas shall be subject to and be burdened by a perpetual, nonexclusive easement for maintenance and repair by the Manager pursuant to Paragraph 6.

5.4 No Obstruction. No Lessee or Occupant shall permit to be constructed or placed on any portion of the Common Area any fence, wall, barricade or other obstruction, whether temporary or permanent in nature, which materially limits or impairs vehicular and pedestrian traffic over any part of the Development, or shall otherwise obstruct or interfere with the free flow of such traffic, except as may be reasonably necessary or appropriate during periods that construction activities are ongoing or to the extent that the Manager reasonably deems it necessary to do so temporarily to prevent a public dedication of, or the accrual of any rights of the public in, the Common Area. Any obstruction or interference permitted under this Paragraph 5.4 shall be done in a manner reasonably calculated to minimize its impact on businesses in the Development.

6. Manager's Duties Regarding Common Area.

6.1 Generally. The Manager shall timely perform or cause to be performed (for example, through subcontractors, including affiliates of the Manager) the duties set forth in this Paragraph 6.

6.2 Maintenance of Common Area. After the Common Area is initially improved and developed, the Manager shall keep the Common Area in a clean condition and in good order, condition and repair consistent with a Class A business park in the Phoenix-Metropolitan area (except that as regards the Common Utility Facilities, the Manager shall be obligated to accomplish the foregoing only to the extent that such matters are not the responsibility of or accomplished by the respective utility companies involved). The foregoing shall include, without limitation, inspection, servicing, maintenance, repair and replacement, as necessary and appropriate, of all Landscaping and other Improvements located on the Common Area, including, without limitation, maintaining, repairing and replacing asphalt, and keeping the Common Vehicular and Pedestrian Areas free of snow, ice and rubbish.

6.3 Insurance on Common Area. The Manager may maintain commercial general liability insurance and/or property insurance insuring Manager and any employees or agents of Manager as Manager may designate against all claims for bodily injury, death or property damage occurring on the Common Area, and such other insurance on the Common Areas as reasonably determined by Manager. Declarant shall be named as an additional insured to any liability insurance policy and as an additional loss payee (to the extent of its interest therein) on any property insurance acquired in accordance with this Paragraph 6.3.

6.4 Damage of Common Area. If all or any part of the Common Area is damaged or destroyed through casualty, the Manager shall, as soon as reasonably possible, rebuild and restore the same to substantially the same condition as existed prior to the damage or destruction concerned. Prior to such rebuilding and restoration, each Lessee shall, within thirty (30) days after notice of the amount due, contribute an amount equal to the product obtained by multiplying the Common Expense Percentage of such Lessee by the projected cost of such rebuilding and restoration (net of any insurance proceeds or recoveries from persons or entities causing such damage actually received by the Manager). Appropriate additional payments by, or refunds to, each Lessee shall be made on completion of such rebuilding or restoration. Alternatively, the Manager may collect the actual or projected cost of such rebuilding or restoration following commencement or completion of such rebuilding or restoration.

7. Common Expenses.

7.1 Obligation to Pay Common Expense Share. Each Lessee, by entering into a lease for any Lot, whether or not it shall be so expressed in such lease, agrees and is deemed to covenant and agree to pay to the Manager its Common Expense Share duly imposed pursuant to this Declaration, such Common Expense Share to be established and collected as provided herein.

7.2 Collection. The Manager is expressly authorized to incur all costs, expenses, fees and other amounts included within the definition of "Common Expenses" set forth in Paragraph 1, and each Lessee shall contribute such Lessee's Common Expense Share in the manner described in this Paragraph 7. The Manager shall make reasonable, good faith efforts to collect from each Lessee such Lessee's Common Expense Share and may, at its option, do either of the following: (a) invoice each Lessee for such Lessee's Common Expense Share on a monthly, quarterly or other periodic basis as the actual amount of the Common Expense Share becomes known (in which event the Common Expense Share shall be due and payable within thirty (30) days after the delivery of such invoice); or (b) invoice each Lessee in advance based on the Manager's reasonable estimate of the Common Expense Share for the period concerned, which estimate shall be provided to each Lessee at least annually. If the Manager adopts the second alternative, each Lessee shall pay such Lessee's Common Expense Share in equal installments on the first day of each month, and within ninety (90) days after the end of each calendar year, the Manager shall furnish each Lessee with a reasonably detailed final statement of the actual amount of such Lessee's Common Expense Share for such calendar year. If such final statement reveals that the monthly installments made by a Lessee aggregate less than such Lessee's Common Expense Share for such calendar year, such Lessee shall pay the amount owing to the Manager within thirty (30) days after such final statement is furnished. If such final statement reveals that a Lessee's payments aggregate more than such Lessee's Common Expense Share for such calendar year, the excess amount shall, at the option of the Manager, either be returned to such Lessee or be applied by the Manager to amounts next due from such Lessee under this Paragraph 7. Any amount required to be paid under this Paragraph 7 that is not timely paid shall accrue interest on and after the date due until paid in full, before and after judgment, at the rate of eighteen percent (18%) per annum. In addition, a late charge of five percent (5%) of such payment may be charged by the Manager for any payment not made on the date when due. Such late charge is payable not as a penalty, but in order to compensate the Manager for the additional expense involved in handling the delinquent payment. The acceptance by the Manager of any payment that is less than the entire amount then due shall be on account only and shall not constitute a waiver of the obligation to pay such entire amount. All records and accounts maintained by the Manager that relate to the Common Expenses shall be open to examination and audit by any Lessee on at least ten (10) days' prior written notice to the Manager.

7.3 Default. If any Lessee fails to perform any obligation under this Declaration (other than the payment of money) and such failure continues for a period of thirty (30) days after written notice of such failure is given to such Lessee by the Manager, or if the performance of such obligation would reasonably require more than thirty (30) days, if such Lessee fails to commence such performance within such thirty (30) day period or thereafter diligently prosecute such performance to completion, the Manager may, on written notice to such Lessee, perform such obligation in the stead of such Lessee, or exercise any other right or remedy existing at law or in equity. The Manager shall be reimbursed by such Lessee on demand for all costs and expenses (including attorneys' fees) incurred in connection with such performance, with interest on such costs and expenses, both before and after judgment, at the rate of eighteen percent (18%) per annum. The Manager shall send to Declarant a duplicate copy of any notice given under this Paragraph 7.3.

7.4 Certain Obligations and Rights. The obligations of each Lessee under Paragraph 7.1 and all other provisions of this Declaration are the personal obligations of such Lessee and may be enforced by the Manager or Declarant. No Lessee may avoid or diminish the personal nature of such

obligations by waiver of the use and enjoyment of the Common Area, by abandonment of such Lessee's interest in its Lot or any Improvements on such Lot or by waiver of any of the services or amenities provided for in this Declaration. All remedies set forth in this Paragraph 7 are cumulative and are in addition to any remedies otherwise available at law or in equity, which shall include the right to restrain by injunction any violation or threatened violation of this Declaration and to compel by decree specific performance, it being agreed that the remedy at law for any breach may be inadequate.

8. Mortgagee Protection.

8.1 Obligations of Mortgagee. Unless and until it enters into possession or acquires title pursuant to foreclosure or any arrangement or proceeding in lieu of foreclosure, any Mortgagee interested under any Mortgage affecting any part of the Development shall have no obligation to take any action to comply with, and may not be compelled to take any action to comply with, this Declaration.

8.2 Notices; Right to Cure. Manager, on delivering to any Lessee any notice, demand or other communication pursuant to the provisions of this Declaration, shall at the same time deliver by certified mail, return receipt requested, copies of such notice to each Qualified Mortgagee of such Lessee at the latest address provided to the notifying Manager by such Lessee or such Qualified Mortgagee. Although otherwise effective with respect to the Lessee receiving such notice, no notice delivered to any Lessee shall affect any rights or remedies of any Qualified Mortgagee unless a copy of such notice has been delivered to such Qualified Mortgagee in accordance with the immediately preceding sentence. Each Qualified Mortgagee shall have the right to remedy a default, or cause the same to be remedied within the time allowed to the defaulting Lessee plus, in the case of monetary defaults, an additional fifteen (15) days and, in the case of non-monetary defaults, an additional thirty (30) days; provided, however, that if a non-monetary default reasonably requires more than thirty (30) days to cure, each Qualified Mortgagee shall have the right to remedy such default if such Qualified Mortgagee commences such cure within such thirty (30) day period and thereafter diligently prosecutes such cure to completion. Notwithstanding the foregoing, in no event shall the time period for a Qualified Mortgagee to remedy a default exceed ninety (90) days from the commencement of the time period during which such Qualified Mortgagee may cure or remedy a default in accordance with this Paragraph 8.2.

8.3 Performance. Each Qualified Mortgagee shall have the right to act for and in the place of the Lessee of the Lot covered by its Mortgage, to the extent permitted by the applicable Mortgage or otherwise agreed to by such Lessee in writing. Manager shall accept performance by or on behalf of any Qualified Mortgagee as if the same had been performed by the other Lessee. Each Qualified Mortgagee shall have the right, to the extent the Lessee of the Lot covered by the Mortgage concerned agrees in writing, to appear in a legal action or proceeding on behalf of such Lessee in connection with such Lot and the obligation under this Declaration.

8.4 Recognition. On request, the Manager agrees to execute, acknowledge and deliver to any Qualified Mortgagee an instrument prepared by the Qualified Mortgagee concerned, acknowledging that such Qualified Mortgagee is a "Qualified Mortgagee" entitled to the benefits of this Paragraph 8.

9. Annexation and De-Annexation.

9.1 Annexation of Annexable Property. Declarant may at any time and from time to time, annex to the Development any Annexable Property (or the applicable portion or portions thereof). To effect such annexation, a Declaration of Annexation covering the Annexable Property (or the applicable portion or portions thereof) to be annexed shall be executed and recorded by Declarant, which instrument may contain additional covenants, conditions, restrictions, or other terms. A Declaration of Annexation may contain such complementary additions to and modifications of this Declaration as may be necessary

to reflect the different character, if any, of the Annexable Property (or the applicable portion or portions thereof) or other property to be annexed. In no event, however, shall any such Declaration of Annexation revoke or conflict with this Declaration except to the extent specifically permitted hereby. Upon annexation, all of the provisions of this Declaration shall apply to or encumber such Annexable Property (or the applicable portion or portions thereof). So long as Manager is Boyer, the annexation of any Annexable Property shall also require the written consent of Manager.

9.2 De-Annexation of Covered Property. Declarant may at any time and from time to time up to the date which is 30 years after the date this Declaration is recorded, de-annex or withdraw from the Development any portion or portions thereof (subject to the written consent of any Lessee of the portion or portions to be de-annexed or withdrawn). So long as the Manager is Boyer, any de-annexation or withdrawal shall also require the written consent of Manager. To effect such de-annexation or withdrawal, Declarant shall execute and record a Declaration of De-Annexation setting forth the legal description of the portion or portions of the Development to be de-annexed or withdrawn, and such Declaration of De-Annexation shall be executed by (a) Declarant, (b) the Lessee, if any, of the land to be withdrawn, and (c) so long as the Manager is Boyer, the Manager. The land to be withdrawn may include any portion of the Development, including Lots and Common Area. Recording such Declaration of De-Annexation shall constitute and effectuate the de-annexation and withdrawal of the applicable portion or portions of the Development described therein, and such property and the Lessees and Occupants thereof shall no longer be subject to, or benefitted by, this Declaration.

10. Covenants to Run with Land. Each provision of this Declaration shall constitute a covenant running with the land. This Declaration shall be binding on each part of the Development, and all interests in any part of the Development shall be subject to this Declaration. The interests in and rights concerning any portion of the Lots held by or vested in Declarant or any other person or entity on or after the date of this Declaration shall be subject to this Declaration.

11. Amendment. This Declaration may be modified only by the recordation, in the Official Records, of an agreement or document of modification executed by Declarant; provided, however so long as Boyer is Manager, any amendment shall require the written consent of Boyer.

12. Attorneys' Fees. If any action is brought because of a default under or to enforce or interpret this Declaration, in addition to the relief to which such party is entitled, the party prevailing in such action shall be entitled to recover from the unsuccessful party reasonable attorneys' fees (including those incurred in connection with any appeal), the amount of which shall be fixed by the court and made a part of any judgment rendered.

13. Release on Transfer. On and after the date a Lessee transfers (other than merely for purposes of security) or is otherwise divested of such Lessee's interest in any Lot, such Lessee shall be relieved of all liabilities and obligations under this Declaration related to such Lot, except for such liabilities or obligations as may have accrued as of the date of such transfer or divestiture.

14. No Merger. The easements, covenants, restrictions and other provisions contained in this Declaration shall remain in full force and effect despite the fact that all or a part of the Development may be owned by the same person or entity from time to time, it being the intention of Declarant to create a common scheme for the development and operation of the Development that will not be terminated by the doctrine of merger or otherwise, unless this Declaration is terminated in accordance with Paragraph 16.

15. Force Majeure. The Manager and any Lessee or other person or entity obligated under this Declaration shall be excused from performing any obligation set forth in this Declaration, except the payment of money, for so long as (but only for so long as) the performance of such obligation is prevented

or delayed by an act of God, weather, avalanche, fire, earthquake, flood, explosion, act of the elements, war, terrorism, invasion, insurrection, riot, malicious mischief, vandalism, larceny, inability to procure or general shortage of labor, equipment, facilities, materials or supplies in the open market, failure of transportation, strikes, lockouts, order of government or civil defense authorities or any other cause reasonably beyond the control of the Manager, the Lessee or other person or entity prevented or delayed.

16. Effective Dates and Duration. This Declaration and any amendment to this Declaration shall take effect as of the date on which they are recorded in the Official Records. This Declaration shall remain effective until terminated and extinguished by an instrument recorded in the Official Records and executed by Declarant. So long as the Manager is Boyer, any termination shall also require the written consent of Manager.

17. Notices. Any notice or demand required or appropriate hereunder shall be given in writing by personal service, fax (provided that a hard copy of any such notice has been dispatched by one of the other means for giving notice within twenty-four (24) hours after faxing), express mail, Federal Express, DHL or any other similar form of courier or delivery service, or mailing in the United States mail, postage prepaid, certified and return receipt requested. All notices sent by mail as aforesaid shall be addressed as follows:

If to Declarant:	Phoenix-Mesa Gateway Airport Authority Attn: Business Development Department 5835 South Sossaman Road Mesa, Arizona 85212
If to any other Lessee or Occupant:	To such address as such Lessee or Occupant shall designate in writing to Declarant and Manager, or to the Lessee's or Occupant's address in the Development, if no other address is designated.
If to Manager (if Boyer is the Manager):	Boyer Gateway East, L.C. c/o The Boyer Company, L.C. 101 South 200 East, Suite 200 Salt Lake City, Utah 84111 Attention: Jake Boyer
If to the Manager (if Boyer is not the Manager):	To the address of the current principal office of the Manager.

Any party may change the address at which it desires to receive notice by written notice of such change to the Manager and Declarant. Any notice or demand given under this Declaration shall be deemed to have been given, and shall be effective, on delivery to the notice address then applicable for the party to which the notice is directed; provided, however, that refusal to accept delivery of a notice or the inability to deliver a notice because of an address change that was not properly communicated shall not defeat or delay the giving of a notice.

18. General Provisions. Titles and headings of Paragraphs of this Declaration are for convenience of reference only and shall not affect the construction of any provision of this Declaration. This Declaration shall be governed by, and construed and interpreted in accordance with, the laws (excluding the choice of laws rules) of the state of Arizona. Whenever possible, each provision of this Declaration shall be interpreted in such manner as to be valid under applicable law; but, if any provision of

this Declaration shall be invalid or prohibited under applicable law, such provision shall be ineffective to the extent of such invalidity or prohibition without invalidating the remainder of such provision or the remaining provisions of this Declaration. Except as otherwise provided in this Declaration, no remedy provided in this Declaration shall be exclusive of any other remedy at law or in equity (whether existing on or created after the date of this Declaration), and all remedies under this Declaration may be exercised concurrently, independently or successively from time to time. The failure on the part of any person or entity to promptly enforce any right under this Declaration shall not operate as a waiver of such right, and the waiver of any default shall not constitute a waiver of any subsequent or other default.

EXHIBIT A

to

DECLARATION OF
COVENANTS, CONDITIONS, RESTRICTIONS AND EASEMENTS

LEGAL DESCRIPTION OF THE LAND WITHIN DEVELOPMENT

4876-6865-4973

FIRST ADJUSTMENT AMENDMENT TO MASTER LEASE AGREEMENT

THIS FIRST ADJUSTMENT AMENDMENT TO MASTER LEASE AGREEMENT ("**Amendment**") is made as of the 1st day of October, 2023, by and between **PHOENIX-MESA GATEWAY AIRPORT AUTHORITY**, a joint powers airport authority authorized and existing under the laws of the State of Arizona ("**Lessor**"), and **BOYER GATEWAY EAST, L.C.**, a Utah limited liability company ("**Lessee**"). Lessor and Lessee may be referred to jointly as "Parties," and each separately may be referred to as a "Party."

RECITALS

A. Lessor and Lessee are parties to that certain Master Lease Agreement dated June 21, 2022 ("**Lease**") covering certain property commonly known as Gateway East at the Phoenix-Mesa Gateway Airport, which property is more particularly described in the Lease, and referred to in the Lease and in this Amendment as "**Property**."

B. Lessor will be the "**Declarant**" under that certain Declaration of Covenants, Conditions, Restrictions and Easements for Gateway East, in the form attached hereto as Exhibit F, to be recorded in the Official Records of Maricopa County, Arizona ("**Declaration**").

C. The Property is subject to the Declaration.

D. The Parties desire to: (i) subordinate and subject the Lease to the Declaration; (ii) modify the Lease to reference certain Lessee obligations under the Declaration, (iii) modify the Lease to remove a Development Lot from the Property in accordance with Section 2.1 of the Lease, and (iv) to further amend the Lease as hereinafter set forth.

NOW, THEREFORE, in exchange for the mutual covenants and promises contained herein and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Lessor and Lessee agree as follows:

1. Recitals. The above recitals are hereby confirmed as true and correct and are reaffirmed herein.

2. Declaration. The Lease is amended by inserting the following new Section 42.

42. DECLARATION.

42.1 Subordination. The Property shall be subject to and subordinate to that certain Declaration of Covenants, Conditions, Restrictions and Easements for Gateway East in the form attached hereto as Exhibit F to be recorded in the Official Records of Maricopa County, Arizona ("**Declaration**"). Lessee hereby agrees to fulfill and comply with its duties and obligations as a "Lessee" as defined under the Declaration.

42.2 Assessments and other Obligations. Lessee shall pay its "Common Expense Share" of "Common Expenses" in accordance with the Declaration. Such payment obligation shall constitute "rent" under the Lease. Lessee shall fulfill any other obligations it may have as a "Lessee" in accordance with the Declaration.

42.3 Manager. Lessor agrees to exercise its right, as Declarant under the Declaration to designate Lessee as the "Manager" pursuant to Section 3.1 of the Declaration during the Term of the Lease, provided, however, Lessor shall have the right to revoke Lessee's designation as Manager and to appoint another party as Manager (in Declarant's sole discretion), upon the occurrence of any one or more of the following: (i) expiration or earlier termination of the Lease; (ii) in the event more

than twenty-five percent (25%) of the Development Lots identified in the Master Plan are no longer subject to the Lease and/or Development Leases with Lessee or an Affiliate of Lessee; and (iii) the failure of Lessee to perform its duties and obligations as Manager under the Declaration and to fail to cure such failure within THIRTY (30) calendar days after delivery by Lessor to Lessee of a written notice of such default; provided, however, if a cure of the default reasonably requires more than THIRTY (30) calendar days to complete, then the time to cure shall be extended so long as the cure is being diligently pursued. In no event does this Section 42.3 limit or otherwise affect Lessee's obligations under the Lease or Manager's obligations under the Declaration, nor does it limit or affect Lessor's right to cure or remedy any unsafe condition on or related to the Common Area in the case of emergency which necessitates timely remediation.

42.4 Enforcement of Development Leases by Lessor. Lessor shall enforce the terms of a Development Lease relating to the timely payment of the "Common Expense Share" of "Common Expenses" as defined in and set forth in the Declaration in a commercially reasonable manner.

42.5 Common Area Expenses. Notwithstanding anything to the contrary in this Agreement, (a) the obligations of Lessee to maintain or repair the Property under the terms of this Lease shall not affect the obligation of a "Lessee" under the Declaration to pay its "Common Expense Share" of "Common Expenses" as defined in and set forth in the Declaration, and (b) while Lessee is the "Manager" under the Declaration, Lessee shall have the right to assess each "Lessee" under the Declaration its "Common Expense Share" of "Common Expenses" as defined in and set forth in the Declaration.

3. Event of Default.

(a) Section 10 of the Lease is hereby amended by deleting Section 10.1.2 in its entirety and inserting the following in its place:

10.1.2 Failure to perform any of its other obligations under this Lease or failure to perform any of its obligations as a "Lessee" under the Declaration (as defined in Section 42.1 below), provided that Lessee does not cure such failure within THIRTY (30) calendar days after delivery by Lessor to Lessee of a written notice of such default; provided, however, if a cure of the default reasonably requires more than THIRTY (30) calendar days to complete, then the time to cure shall be extended so long as the cure is being diligently pursued.

(b) Section 10 of the Lease is hereby amended by inserting the following new subsection 10.1.7:

10.1.7 Failure to pay its Common Expense Share of any Common Expenses in accordance with the Declaration in accordance with Section 42 below, provided that Lessee does not cure such failure within TEN (10) business days after delivery by Lessor to Lessee of a written notice of such failure.

4. Termination of Lease upon Lease of Final Development Lot. The Lease is amended by inserting the following new Section 2.4.

2.4 Termination of Lease upon Lease of Final Development Lot. Notwithstanding anything to the contrary in this Lease, this Lease shall terminate

on the date that is one hundred twenty (120) days following the date that an Adjustment Amendment is executed for the final Development Lot within the Property, unless the Development Lease for such Development Lot is terminated in accordance with Section 2.2 above.

5. Property Adjustment. The legal description of the Property set forth in Exhibit B to the Lease is amended by removing therefrom that certain property described on Exhibit B attached hereto.

6. Exhibit F. Exhibit F attached hereto is hereby attached to the Lease as Exhibit F to the Lease.

7. Miscellaneous.

(c) Capitalized Terms/Definitions. Each capitalized term used in this Amendment and not defined herein shall be deemed to have the same meaning ascribed to it in the Lease.

(d) Continuing Effect. Except as specifically provided in this Amendment, the provisions of the Lease shall remain unchanged and in full force and effect. In the event of a conflict between the Lease and this Amendment, this Amendment shall control.

(e) Authority. Each person executing this Amendment on behalf of a Party represents and warrants that it has the full power, authority, and legal right to execute and deliver this Amendment on behalf of such Party and that this Amendment constitutes the legal, valid and binding obligations of such Party, its heirs, representatives, successors and assigns, enforceable against such Party or Parties in accordance with its terms.

(f) Counterparts. To facilitate execution of this Amendment, this Amendment may be executed in one or more counterparts as may be convenient or required, and an executed copy of this Amendment delivered electronically by e-mail shall have the effect of an original, executed instrument. All counterparts of this Amendment shall collectively constitute a single instrument; but, in making proof of this Amendment it shall not be necessary to produce or account for more than one such counterpart executed by each Party hereto. It shall not be necessary for the signature of, or on behalf of, each Party hereto, or that the signature of all persons required to bind any such Party appear on each counterpart of this Amendment.

[Signature page follows]

IN WITNESS WHEREOF, the Parties have executed this Amendment as of the day and year first above written.

DECLARATION OF
COVENANTS, CONDITIONS, RESTRICTIONS AND EASEMENTS
[Gateway East]

THIS DECLARATION OF COVENANTS, CONDITIONS, RESTRICTIONS AND EASEMENTS (this "Declaration") is made as of the ____ day of _____, 2023, by Phoenix-Mesa Gateway Airport Authority, a joint powers airport authority authorized by the State of Arizona ("Declarant"), whose address is 5835 S. Sossaman Road, Mesa, Arizona 85212.

RECITALS

A. Declarant is the fee simple owner of the Land (as defined below).

B. Declarant desires and intends that the Development (as defined below) be operated as a first-class business park supporting a mix of uses to be called Gateway East and to impose upon the Development and all Lots (as defined below) from time to time created within the Development, mutual and beneficial restrictions, covenants, agreements, easements, conditions and charges as hereinafter set forth, under a general plan for the benefit of all of the Development.

IN CONSIDERATION of the mutual benefits to be derived from this Declaration, the Parties agree as follows:

1. Definitions. As used in this Declaration, each of the following terms shall have the meaning indicated:

"Annexable Property" shall mean any real property adjacent to the Development not yet annexed or made a portion of the Development in accordance with the provisions hereof.

"Boyer" shall mean Boyer Gateway East, L.C., a Utah limited liability company.

"Buildings" means all buildings located in the Development at any time that are intended for permanent use or occupancy, including the area directly below such buildings, all projections and extensions of, and additions to, such buildings and all areas used exclusively by the Lessee or Occupants of such buildings, including, without limitation, drive-through areas, trash enclosures, playgrounds and platforms, ramps, docks and signage affixed to the outside of such buildings. "Building" means any of the Buildings.

"Common Area" means all property within the Development intended for the common use and enjoyment of all of the Lots, including, but not limited to, (a) the Common Landscape and Signage Areas, (b) the Common Vehicular and Pedestrian Areas, (c) the Common Utility Facilities and the Common Utility Easement Area, (d) any amenities which may now or hereafter be established by Declarant for the common use and enjoyment of all Lots, (e) all land or right-of-way easements within the Development which are dedicated to the public or to the City of Mesa, but which the City of Mesa or other governmental agency requires the Declarant to maintain; and (f) any other areas with respect to which the Declarant has assumed in writing administrative or maintenance responsibilities. Common Area shall not include public right of way (except to the extent covered by (e) or (f) above), or Lots.

"Common Expense Percentage" for any particular Lot is calculated as follows: (a) divide the total gross square footage of the Lot concerned by the total gross square footage of all Lots located in the Development; (b) multiply the resulting quotient by 100 and round to the third (3rd) decimal place; and (c) express the resulting product as a percentage. The Common Expense Percentages of the Lots shall be

adjusted from time to time by written notice given by the Manager to each Lessee and Declarant as of the date on which one or more Lots are annexed to the Development.

"Common Expense Share" means the product obtained by multiplying the Common Expenses for the relevant period by the Common Expense Percentage for the Lot concerned.

"Common Expenses" means the following:

(a) reasonable costs, expenses, fees, charges and other amounts (including appropriate reasonable reserves) paid or incurred by the Manager in connection with the improvement (excluding the initial improvement and development), operation, management, maintenance, repair and replacement of the Common Area and the performance of the Manager's duties and rights under Paragraphs 6 or 7 or any other provision of this Declaration, including, without limitation, all reasonable costs, expenses, fees and other amounts (including, without limitation, those that are properly capitalized under generally accepted accounting principles) relating to utilities, cleaning, sweeping, rubbish removal, landscaping, resurfacing, re-striping, replacing damaged or worn-out Improvements (including lighting and signage) located on the Common Area, taxes imposed on the Common Area, insurance, signage, licenses and permits, supplies, traffic regulation and control, security services, personnel (other than managerial personnel) necessary to perform any of the foregoing and depreciation allowance on any machinery or equipment owned by the Manager and used exclusively in connection with such matters;

(b) managerial, clerical and overhead costs, expenses, fees and other amounts, all of which shall be deemed to be equal to fifteen percent (15%) of the total of all other Common Expenses; and

(c) Common Expenses due but not paid to the Manager, which are determined by the Manager not to be legally or practicably recoverable after the Manager has exercised its commercially reasonable efforts to collect the same from the Lessee and has determined that all reasonable remedies for collection have been exhausted, together with all interest on, and costs and attorneys' fees incurred in connection with, such unpaid Common Expenses; provided, however, that if such unpaid Common Expenses are later received by the Manager from or on behalf of the Lessee, any amounts previously paid by any other Lessees pursuant to the preceding portion of this sentence shall be refunded pro rata to such other Lessees.

"Common Landscape and Signage Areas" means any Landscaping installed by Declarant or Manager for the general benefit of the Development (and not for the benefit of just one Lot), and any monument or other signage advertising the entire Development (as distinguished from signage advertising particular Building(s) or its Occupant(s) in the Development). The Common Landscape and Signage Areas shall be used for the purposes set forth in Paragraph 5.3 and, subject to reimbursement in accordance with Paragraph 7, shall be maintained by the Manager pursuant to Paragraph 6. Declarant and Manager may, but are not obligated to, designate the Common Landscape and Signage Areas and/or additional or different Common Landscape and Signage Areas from time to time.

"Common Utility Easement Area" means the Common Vehicular and Pedestrian Areas together with all Improvements on such land, and any real property defined as an additional part of the Common Utility Easement Area from time to time. The Common Utility Easement Area shall be used for the purposes set forth in Paragraph 5.2 and, subject to reimbursement by the Lessees in accordance with Paragraph 7, shall be maintained by the Manager pursuant to Paragraph 6. Declarant and Manager may, but are not obligated to, designate the Common Utility Easement Areas and/or additional or different Common Utility Easement Areas from time to time.

"Common Utility Facilities" means all pipes, lines, wires, conduits and related facilities and improvements for electricity, natural gas, other fuels or power sources, telephone, data, video, telecommunication and similar uses, sewer, storm drainage (including retention ponds) and all types of water that are intended, designed or used for the benefit of the Common Area or more than one Lot. The Common Utility Facilities shall be used for the purposes set forth in Paragraph 5.2 and, subject to reimbursement by the Lessees in accordance with Paragraph 7, shall be maintained by the Manager pursuant to Paragraph 6.

"Common Vehicular and Pedestrian Areas" means all Common Areas from time to time designed to be used for pedestrian or vehicular movement, including, without limitation, roads, driveways, walkways, sidewalks, trails and paths that are installed by or at the direction of Manager and serving more than one Lot. The Common Vehicular and Pedestrian Areas shall be used for the purposes set forth in Paragraph 5.1 and, subject to reimbursement by the Lessees in accordance with Paragraph 7, shall be maintained by the Manager pursuant to Paragraph 6. Declarant and Manager may, but are not obligated to, designate Common Vehicular and Pedestrian Areas and/or additional or different Common Vehicular and Pedestrian Areas from time to time.

"Design Guidelines" means the standards, requirements and restrictions set forth in Design Guidelines and the Planned Area Development (PAD) for the Development, each approved by the Mesa City Council on June 19, 2023, as may be amended by Mesa City, Arizona from time to time to the extent approved by Declarant and the Manager.

"Development" means the Land, together with all Improvements located on such Land, and any portions of the Annexable Property annexed pursuant to this Declaration, together with all Improvements located on the Lot or Common Area or such additional real property.

"Improvements" means all Buildings, Common Utility Facilities, Landscaping, parking areas, roads, driveways, walkways, curbs, gutters, medians, flower boxes, sidewalks, trails, paths, exterior lighting (including, without limitation, lights for traffic control or pedestrian safety), fences, walls, signs, utility systems and facilities, trash enclosures, bike racks, and other improvements located on the realty concerned. "Improvement" means any of the Improvements.

"Land" means land located in the City of Mesa, County of Maricopa, Arizona and more particularly described on **Exhibit A** attached hereto and incorporated herein by this reference, and any real property defined as an additional part of the Land in any amendment to this Declaration executed and recorded pursuant to Paragraph 11.

"Landscaping" means all outdoor areas in the Development landscaped with lawn, flowers, ground cover, shrubbery, trees, storm water retention areas, ponds, fountains, gardens, berms or similar improvements.

"Lessee" means any person or entity (including, without limitation, Manager if applicable) having a leasehold interest in a Lot, excluding any Mortgagee unless and until such Mortgagee is in actual possession of any Lot by foreclosure or otherwise, and including any person or entity taking the leasehold interest from any such Mortgagee.

"Lots" means development lots within the Land and shown on that certain Master Plan for the Development approved by Declarant, the current version of which is located at _____ [***Website information to be added***] as such Master Plan may be amended from time to time, or as otherwise approved in writing by Declarant and, so long as the Manager is Boyer, the Manager. "Lot" means any of the Lots.

"Manager" means a manager designated by the Declarant in accordance with Paragraph 3. As of the Effective Date, the Manager is Boyer.

"Mortgage" means a mortgage or a deed of trust recorded in the Official Records.

"Mortgagee" means the mortgagee or beneficiary under a Mortgage.

"Occupant" shall mean anyone occupying or using a Lot under or through a Lessee, including, without limitation, any Lessee, licensee, subtenant, user or their employees, agents, contractors, licensees, customers, guests, or invitees.

"Official Records" means the official records of the Maricopa County, Arizona Recorder.

"Qualified Mortgagee" means a Mortgagee of which Manager and Declarant have been given written notice, including such Mortgagee's name and address.

2. Property Bound.

2.1 General Declaration. Declarant hereby declares that the Development is and shall be held, conveyed, hypothecated, encumbered, leased, occupied, built upon or otherwise used, improved or transferred, in whole or in part, subject to this Declaration, as the same may be amended or modified from time to time. This Declaration shall run with the Development for all purposes and shall be binding upon and inure to the benefit of Declarant, and all Lessees, and their respective successors in interest and assigns. All of the covenants, conditions, and restrictions provided in this Declaration shall also be binding upon all Occupants of the Development, as well as their respective successors-in-interest and assigns.

2.2 Declarant's Disclaimer of Representations. Notwithstanding anything to the contrary herein, Declarant makes no warranties or representations whatsoever that the plans presently envisioned for the complete development the Development can or will be carried out, or that the Land is or will be committed to or developed for a particular (or any) use, or that if such real property is once used for a particular use, such use will continue in effect. While Declarant has no reason to believe that any of the restrictive covenants contained in this Declaration are or may be invalid or unenforceable, Declarant makes no warranty or representation as to the present or future validity or enforceability of any such restrictive covenant. Any Lessee entering into a lease in reliance on one or more of such restrictive covenants agrees that it will not challenge the validity or enforceability thereof; but such Lessee assumes all risks of the validity and enforceability thereof and by accepting a lease to a Lot agrees that Declarant shall have no liability with respect thereto.

3. Manager.

3.1 Appointment of Manager. Declarant shall appoint a Manager from time to time and shall have the right to revoke any designation and designate a different Manager at any time. Declarant may appoint itself as Manager. Declarant hereby designates Boyer Gateway East, L.C., a Utah limited liability company, as the initial Manager.

3.2 Professional Management Company. The Manager shall have the right, but not the obligation, to enter into a management agreement with a professional property management company to perform the functions of Manager. As used herein, "professional property management company" shall mean a person or entity (i) that is considered within the community to be primarily involved in the management of real property similar to the Development (ii) whose primary business consists of the

management of real property similar to the Development and (iii) that has had their primary source of income derived from the management of real property similar to the Development for not less than the three (3) years immediately preceding the execution of a property management agreement for the Development. All costs associated with the management agreement and property manager, including without limitation a commercially reasonably property management fee, shall be included in Common Expenses. Any professional property management company employed by the Manager shall be required to maintain with an insurer lawfully authorized to do business in the State of Arizona with a Best Rating of not less than A-VIII commercially reasonable insurance policies covering professional liability and general commercial liability.

4. Improvements.

4.1 Use. No part of the Development may be used or occupied for any use that violates any applicable law, ordinance, rule or regulation or that is inconsistent with this Declaration. Buildings shall be used only for commercial purposes, including, without limitation, retail, hospitality, manufacturing and office uses. All Buildings shall be:

(a) first-class buildings of the type and quality typically found in first-class, high-quality commercial developments;

(b) architecturally and aesthetically compatible with all other then-existing Buildings; and

(c) constructed in compliance with all applicable state, county and municipal subdivision, building, zoning, sign and other laws, ordinances, rules and regulations and the Design Guidelines.

4.2 Improvements. All Improvements in the Development shall be in compliance with the Design Guidelines.

5. Common Area Easements.

5.1 Access Easement. Each Lot shall have appurtenant thereto and be benefited by, and the Common Vehicular and Pedestrian Areas shall be subject to and be burdened by, a perpetual, nonexclusive right-of-way and easement for vehicular and pedestrian ingress and egress (without charge) on, over and across those areas designed for such use.

5.2 Utility Easement. Each Lot shall have appurtenant thereto and be benefited by, and the Common Utility Easement Areas shall be subject to and be burdened by, a perpetual, nonexclusive right-of-way and easement for the laying, construction, installation, operation, inspection, servicing, maintenance, repair, removal, alteration, enlargement, relocation and replacement of underground utility pipes, lines, wires, conduits and related facilities (including, without limitation, any underground Common Utility Facilities and, whether or not the same are part of the Common Utility Facilities, underground pipes, lines, wires, conduits and related facilities for electricity, natural gas, other fuels or power sources, telephone, data, video, telecommunication and similar uses, sewer, storm drainage [including retention ponds] and all types of water) under, through and across the Common Utility Easement Area. Prior to installation, the location of such pipes, lines, wires, conduits and related facilities must be approved by the Manager and Declarant, such approval not to be unreasonably withheld. If the rights provided for in this Paragraph 5.2 are exercised, the Lessee intended to be served by the easement concerned shall pay the cost involved with such exercise and, at such Lessee's sole cost, restore to their previous condition any

Improvements that may be damaged as a result of such exercise. Each utility pipe, line, wire, conduit and related facility located in the Development shall be located underground to the extent reasonably possible.

5.3 Common Areas. The Common Areas shall be subject to and be burdened by a perpetual, nonexclusive easement for maintenance and repair by the Manager pursuant to Paragraph 6.

5.4 No Obstruction. No Lessee or Occupant shall permit to be constructed or placed on any portion of the Common Area any fence, wall, barricade or other obstruction, whether temporary or permanent in nature, which materially limits or impairs vehicular and pedestrian traffic over any part of the Development, or shall otherwise obstruct or interfere with the free flow of such traffic, except as may be reasonably necessary or appropriate during periods that construction activities are ongoing or to the extent that the Manager reasonably deems it necessary to do so temporarily to prevent a public dedication of, or the accrual of any rights of the public in, the Common Area. Any obstruction or interference permitted under this Paragraph 5.4 shall be done in a manner reasonably calculated to minimize its impact on businesses in the Development.

6. Manager's Duties Regarding Common Area.

6.1 Generally. The Manager shall timely perform or cause to be performed (for example, through subcontractors, including affiliates of the Manager) the duties set forth in this Paragraph 6.

6.2 Maintenance of Common Area. After the Common Area is initially improved and developed, the Manager shall keep the Common Area in a clean condition and in good order, condition and repair consistent with a Class A business park in the Phoenix-Metropolitan area (except that as regards the Common Utility Facilities, the Manager shall be obligated to accomplish the foregoing only to the extent that such matters are not the responsibility of or accomplished by the respective utility companies involved). The foregoing shall include, without limitation, inspection, servicing, maintenance, repair and replacement, as necessary and appropriate, of all Landscaping and other Improvements located on the Common Area, including, without limitation, maintaining, repairing and replacing asphalt, and keeping the Common Vehicular and Pedestrian Areas free of snow, ice and rubbish.

6.3 Insurance on Common Area. The Manager may maintain commercial general liability insurance and/or property insurance insuring Manager and any employees or agents of Manager as Manager may designate against all claims for bodily injury, death or property damage occurring on the Common Area, and such other insurance on the Common Areas as reasonably determined by Manager. Declarant shall be named as an additional insured to any liability insurance policy and as an additional loss payee (to the extent of its interest therein) on any property insurance acquired in accordance with this Paragraph 6.3.

6.4 Damage of Common Area. If all or any part of the Common Area is damaged or destroyed through casualty, the Manager shall, as soon as reasonably possible, rebuild and restore the same to substantially the same condition as existed prior to the damage or destruction concerned. Prior to such rebuilding and restoration, each Lessee shall, within thirty (30) days after notice of the amount due, contribute an amount equal to the product obtained by multiplying the Common Expense Percentage of such Lessee by the projected cost of such rebuilding and restoration (net of any insurance proceeds or recoveries from persons or entities causing such damage actually received by the Manager). Appropriate additional payments by, or refunds to, each Lessee shall be made on completion of such rebuilding or restoration. Alternatively, the Manager may collect the actual or projected cost of such rebuilding or restoration following commencement or completion of such rebuilding or restoration.

7. Common Expenses.

7.1 Obligation to Pay Common Expense Share. Each Lessee, by entering into a lease for any Lot, whether or not it shall be so expressed in such lease, agrees and is deemed to covenant and agree to pay to the Manager its Common Expense Share duly imposed pursuant to this Declaration, such Common Expense Share to be established and collected as provided herein.

7.2 Collection. The Manager is expressly authorized to incur all costs, expenses, fees and other amounts included within the definition of "Common Expenses" set forth in Paragraph 1, and each Lessee shall contribute such Lessee's Common Expense Share in the manner described in this Paragraph 7. The Manager shall make reasonable, good faith efforts to collect from each Lessee such Lessee's Common Expense Share and may, at its option, do either of the following: (a) invoice each Lessee for such Lessee's Common Expense Share on a monthly, quarterly or other periodic basis as the actual amount of the Common Expense Share becomes known (in which event the Common Expense Share shall be due and payable within thirty (30) days after the delivery of such invoice); or (b) invoice each Lessee in advance based on the Manager's reasonable estimate of the Common Expense Share for the period concerned, which estimate shall be provided to each Lessee at least annually. If the Manager adopts the second alternative, each Lessee shall pay such Lessee's Common Expense Share in equal installments on the first day of each month, and within ninety (90) days after the end of each calendar year, the Manager shall furnish each Lessee with a reasonably detailed final statement of the actual amount of such Lessee's Common Expense Share for such calendar year. If such final statement reveals that the monthly installments made by a Lessee aggregate less than such Lessee's Common Expense Share for such calendar year, such Lessee shall pay the amount owing to the Manager within thirty (30) days after such final statement is furnished. If such final statement reveals that a Lessee's payments aggregate more than such Lessee's Common Expense Share for such calendar year, the excess amount shall, at the option of the Manager, either be returned to such Lessee or be applied by the Manager to amounts next due from such Lessee under this Paragraph 7. Any amount required to be paid under this Paragraph 7 that is not timely paid shall accrue interest on and after the date due until paid in full, before and after judgment, at the rate of eighteen percent (18%) per annum. In addition, a late charge of five percent (5%) of such payment may be charged by the Manager for any payment not made on the date when due. Such late charge is payable not as a penalty, but in order to compensate the Manager for the additional expense involved in handling the delinquent payment. The acceptance by the Manager of any payment that is less than the entire amount then due shall be on account only and shall not constitute a waiver of the obligation to pay such entire amount. All records and accounts maintained by the Manager that relate to the Common Expenses shall be open to examination and audit by any Lessee on at least ten (10) days' prior written notice to the Manager.

7.3 Default. If any Lessee fails to perform any obligation under this Declaration (other than the payment of money) and such failure continues for a period of thirty (30) days after written notice of such failure is given to such Lessee by the Manager, or if the performance of such obligation would reasonably require more than thirty (30) days, if such Lessee fails to commence such performance within such thirty (30) day period or thereafter diligently prosecute such performance to completion, the Manager may, on written notice to such Lessee, perform such obligation in the stead of such Lessee, or exercise any other right or remedy existing at law or in equity. The Manager shall be reimbursed by such Lessee on demand for all costs and expenses (including attorneys' fees) incurred in connection with such performance, with interest on such costs and expenses, both before and after judgment, at the rate of eighteen percent (18%) per annum. The Manager shall send to Declarant a duplicate copy of any notice given under this Paragraph 7.3.

7.4 Certain Obligations and Rights. The obligations of each Lessee under Paragraph 7.1 and all other provisions of this Declaration are the personal obligations of such Lessee and may be enforced by the Manager or Declarant. No Lessee may avoid or diminish the personal nature of such

obligations by waiver of the use and enjoyment of the Common Area, by abandonment of such Lessee's interest in its Lot or any Improvements on such Lot or by waiver of any of the services or amenities provided for in this Declaration. All remedies set forth in this Paragraph 7 are cumulative and are in addition to any remedies otherwise available at law or in equity, which shall include the right to restrain by injunction any violation or threatened violation of this Declaration and to compel by decree specific performance, it being agreed that the remedy at law for any breach may be inadequate.

8. Mortgagee Protection.

8.1 Obligations of Mortgagee. Unless and until it enters into possession or acquires title pursuant to foreclosure or any arrangement or proceeding in lieu of foreclosure, any Mortgagee interested under any Mortgage affecting any part of the Development shall have no obligation to take any action to comply with, and may not be compelled to take any action to comply with, this Declaration.

8.2 Notices; Right to Cure. Manager, on delivering to any Lessee any notice, demand or other communication pursuant to the provisions of this Declaration, shall at the same time deliver by certified mail, return receipt requested, copies of such notice to each Qualified Mortgagee of such Lessee at the latest address provided to the notifying Manager by such Lessee or such Qualified Mortgagee. Although otherwise effective with respect to the Lessee receiving such notice, no notice delivered to any Lessee shall affect any rights or remedies of any Qualified Mortgagee unless a copy of such notice has been delivered to such Qualified Mortgagee in accordance with the immediately preceding sentence. Each Qualified Mortgagee shall have the right to remedy a default, or cause the same to be remedied within the time allowed to the defaulting Lessee plus, in the case of monetary defaults, an additional fifteen (15) days and, in the case of non-monetary defaults, an additional thirty (30) days; provided, however, that if a non-monetary default reasonably requires more than thirty (30) days to cure, each Qualified Mortgagee shall have the right to remedy such default if such Qualified Mortgagee commences such cure within such thirty (30) day period and thereafter diligently prosecutes such cure to completion. Notwithstanding the foregoing, in no event shall the time period for a Qualified Mortgagee to remedy a default exceed ninety (90) days from the commencement of the time period during which such Qualified Mortgagee may cure or remedy a default in accordance with this Paragraph 8.2.

8.3 Performance. Each Qualified Mortgagee shall have the right to act for and in the place of the Lessee of the Lot covered by its Mortgage, to the extent permitted by the applicable Mortgage or otherwise agreed to by such Lessee in writing. Manager shall accept performance by or on behalf of any Qualified Mortgagee as if the same had been performed by the other Lessee. Each Qualified Mortgagee shall have the right, to the extent the Lessee of the Lot covered by the Mortgage concerned agrees in writing, to appear in a legal action or proceeding on behalf of such Lessee in connection with such Lot and the obligation under this Declaration.

8.4 Recognition. On request, the Manager agrees to execute, acknowledge and deliver to any Qualified Mortgagee an instrument prepared by the Qualified Mortgagee concerned, acknowledging that such Qualified Mortgagee is a "Qualified Mortgagee" entitled to the benefits of this Paragraph 8.

9. Annexation and De-Annexation.

9.1 Annexation of Annexable Property. Declarant may at any time and from time to time, annex to the Development any Annexable Property (or the applicable portion or portions thereof). To effect such annexation, a Declaration of Annexation covering the Annexable Property (or the applicable portion or portions thereof) to be annexed shall be executed and recorded by Declarant, which instrument may contain additional covenants, conditions, restrictions, or other terms. A Declaration of Annexation may contain such complementary additions to and modifications of this Declaration as may be necessary

to reflect the different character, if any, of the Annexable Property (or the applicable portion or portions thereof) or other property to be annexed. In no event, however, shall any such Declaration of Annexation revoke or conflict with this Declaration except to the extent specifically permitted hereby. Upon annexation, all of the provisions of this Declaration shall apply to or encumber such Annexable Property (or the applicable portion or portions thereof). So long as Manager is Boyer, the annexation of any Annexable Property shall also require the written consent of Manager.

9.2 De-Annexation of Covered Property. Declarant may at any time and from time to time up to the date which is 30 years after the date this Declaration is recorded, de-annex or withdraw from the Development any portion or portions thereof (subject to the written consent of any Lessee of the portion or portions to be de-annexed or withdrawn). So long as the Manager is Boyer, any de-annexation or withdrawal shall also require the written consent of Manager. To effect such de-annexation or withdrawal, Declarant shall execute and record a Declaration of De-Annexation setting forth the legal description of the portion or portions of the Development to be de-annexed or withdrawn, and such Declaration of De-Annexation shall be executed by (a) Declarant, (b) the Lessee, if any, of the land to be withdrawn, and (c) so long as the Manager is Boyer, the Manager. The land to be withdrawn may include any portion of the Development, including Lots and Common Area. Recording such Declaration of De-Annexation shall constitute and effectuate the de-annexation and withdrawal of the applicable portion or portions of the Development described therein, and such property and the Lessees and Occupants thereof shall no longer be subject to, or benefitted by, this Declaration.

10. Covenants to Run with Land. Each provision of this Declaration shall constitute a covenant running with the land. This Declaration shall be binding on each part of the Development, and all interests in any part of the Development shall be subject to this Declaration. The interests in and rights concerning any portion of the Lots held by or vested in Declarant or any other person or entity on or after the date of this Declaration shall be subject to this Declaration.

11. Amendment. This Declaration may be modified only by the recordation, in the Official Records, of an agreement or document of modification executed by Declarant; provided, however so long as Boyer is Manager, any amendment shall require the written consent of Boyer.

12. Attorneys' Fees. If any action is brought because of a default under or to enforce or interpret this Declaration, in addition to the relief to which such party is entitled, the party prevailing in such action shall be entitled to recover from the unsuccessful party reasonable attorneys' fees (including those incurred in connection with any appeal), the amount of which shall be fixed by the court and made a part of any judgment rendered.

13. Release on Transfer. On and after the date a Lessee transfers (other than merely for purposes of security) or is otherwise divested of such Lessee's interest in any Lot, such Lessee shall be relieved of all liabilities and obligations under this Declaration related to such Lot, except for such liabilities or obligations as may have accrued as of the date of such transfer or divestiture.

14. No Merger. The easements, covenants, restrictions and other provisions contained in this Declaration shall remain in full force and effect despite the fact that all or a part of the Development may be owned by the same person or entity from time to time, it being the intention of Declarant to create a common scheme for the development and operation of the Development that will not be terminated by the doctrine of merger or otherwise, unless this Declaration is terminated in accordance with Paragraph 16.

15. Force Majeure. The Manager and any Lessee or other person or entity obligated under this Declaration shall be excused from performing any obligation set forth in this Declaration, except the payment of money, for so long as (but only for so long as) the performance of such obligation is prevented

or delayed by an act of God, weather, avalanche, fire, earthquake, flood, explosion, act of the elements, war, terrorism, invasion, insurrection, riot, malicious mischief, vandalism, larceny, inability to procure or general shortage of labor, equipment, facilities, materials or supplies in the open market, failure of transportation, strikes, lockouts, order of government or civil defense authorities or any other cause reasonably beyond the control of the Manager, the Lessee or other person or entity prevented or delayed.

16. Effective Dates and Duration. This Declaration and any amendment to this Declaration shall take effect as of the date on which they are recorded in the Official Records. This Declaration shall remain effective until terminated and extinguished by an instrument recorded in the Official Records and executed by Declarant. So long as the Manager is Boyer, any termination shall also require the written consent of Manager.

17. Notices. Any notice or demand required or appropriate hereunder shall be given in writing by personal service, fax (provided that a hard copy of any such notice has been dispatched by one of the other means for giving notice within twenty-four (24) hours after faxing), express mail, Federal Express, DHL or any other similar form of courier or delivery service, or mailing in the United States mail, postage prepaid, certified and return receipt requested. All notices sent by mail as aforesaid shall be addressed as follows:

If to Declarant:	Phoenix-Mesa Gateway Airport Authority Attn: Business Development Department 5835 South Sossaman Road Mesa, Arizona 85212
If to any other Lessee or Occupant:	To such address as such Lessee or Occupant shall designate in writing to Declarant and Manager, or to the Lessee's or Occupant's address in the Development, if no other address is designated.
If to Manager (if Boyer is the Manager):	Boyer Gateway East, L.C. c/o The Boyer Company, L.C. 101 South 200 East, Suite 200 Salt Lake City, Utah 84111 Attention: Jake Boyer
If to the Manager (if Boyer is not the Manager):	To the address of the current principal office of the Manager.

Any party may change the address at which it desires to receive notice by written notice of such change to the Manager and Declarant. Any notice or demand given under this Declaration shall be deemed to have been given, and shall be effective, on delivery to the notice address then applicable for the party to which the notice is directed; provided, however, that refusal to accept delivery of a notice or the inability to deliver a notice because of an address change that was not properly communicated shall not defeat or delay the giving of a notice.

18. General Provisions. Titles and headings of Paragraphs of this Declaration are for convenience of reference only and shall not affect the construction of any provision of this Declaration. This Declaration shall be governed by, and construed and interpreted in accordance with, the laws (excluding the choice of laws rules) of the state of Arizona. Whenever possible, each provision of this Declaration shall be interpreted in such manner as to be valid under applicable law; but, if any provision of

this Declaration shall be invalid or prohibited under applicable law, such provision shall be ineffective to the extent of such invalidity or prohibition without invalidating the remainder of such provision or the remaining provisions of this Declaration. Except as otherwise provided in this Declaration, no remedy provided in this Declaration shall be exclusive of any other remedy at law or in equity (whether existing on or created after the date of this Declaration), and all remedies under this Declaration may be exercised concurrently, independently or successively from time to time. The failure on the part of any person or entity to promptly enforce any right under this Declaration shall not operate as a waiver of such right, and the waiver of any default shall not constitute a waiver of any subsequent or other default.

Re: Solicitation Notification
Date: **September 19, 2023**

This report is to provide notification of the active and upcoming solicitations to help ensure compliance with the Phoenix-Mesa Gateway Airport Authority procurement transparency clause. The active activities include the following:

Active/Pending Solicitations

Type Solicitation	Number	Title	Anticipated Contract Award (Board Action)
Invitation for Bid	2023-022-IFB	RW 12R-30L Reconstruction & TW 'H' Demolition & TW 'B2' Construction	September 2023
Request for Proposals	2023-020-RFP	ATM Services	September 2023
Request for Proposals	2023-021-RFP	Airport Vending Concessions	September 2023
Invitation for Bid	2024-004-IFB	Passenger Boarding Ramps	September 2023
Request for Qualifications	2024-002-RFQ	Car Rental Concessions	November 2023
Request for Qualifications	2024-007-RFQ	Airport Entry Monument Design Services	November 2023

Future Solicitations

Type Solicitation	Number	Title	Scheduled for Release	Anticipated Contract Award (Board Action)
Request for Qualifications	2024-005-RFQ	On-Call Engineering Services	September 2023	December 2023
Request for Qualifications	2024-006-RFQ	FBO Consulting Services	September 2023	December 2023
Request for Qualifications	2024-009-RFQ	CMAR for Demolition of Buildings	October 2023	January 2024
Request for Qualifications	2024-001-RFQ	CMAR for In-Line Checked Baggage Improvements	October 2023	February 2024

Equipment Disposals
Fiscal year totals from sales of decommissioned / nonworking equipment total $5,850.00

If you have any questions about the solicitations or the procurement process, please feel free to contract me at 480-988-7613.

NOTICE AND AGENDA OF MEETING OF THE
PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
BOARD OF DIRECTORS

Pursuant to A.R.S. § 38-431.02, notice is hereby given to the members of the Phoenix-Mesa Gateway Airport Authority and to the public that the Phoenix-Mesa Gateway Airport Authority will hold a meeting open to the public on **Tuesday, October 17, 2023 beginning at 9:00 a.m.** in the Board Room (Saguaro A & B) of the Gateway Administration Building, 5835 South Sossaman Road, Mesa, Arizona. Members of the Phoenix-Mesa Gateway Airport Authority may attend either in person or by audioconference. The Board may vote to hold an executive session for the purpose of obtaining legal advice from the Board's attorney on any matter listed on the agenda pursuant to A.R.S. § 38-431.03 (A)(3)&(4).

The agenda for the meeting is as follows:

1. **Call to Order** (Mayor Chip Wilson, Chair)
   Members of the Phoenix-Mesa Gateway Airport Authority will attend either in person or via videoconference.

2. **Roll Call** (Mayor Chip Wilson, Chair)

3. **Pledge of Allegiance**

4. **Motion to convene into Executive Session**
   a) Pursuant to A.R.S. § 38-431-03 (A)(1), the Board of Directors may convene into executive session for the purpose of discussion and consideration regarding the Executive Director/CEO's annual review.

5. **Motion to Reconvene into Regular Session**

6. **Call to the Public**
   Members of the Board may not discuss items that are not on the agenda. Therefore, action taken as a result of public comment will be limited to directing staff to study the matter or scheduling the matter for further consideration and decision at a later date. Maximum of three minutes per speaker.

7. **Executive Director's Report** - J. Brian O'Neill, A.A.E., Executive Director/CEO

8. **Presentation: Audited Financials** – Sandra Cronstrom, Principal CliftonLarsonAllen, LLP

9. **Consent Agenda**

   a) **Minutes** of the Board Meeting held on **September 19, 2023**.

   b) **Resolution No. 23-52 –** Approving a ninth amendment to the **Exeutive Director's** employment agreement effective October 1, 2023.

   c) **Resolution No. 23-53 –** Approving an Authorization of Services with **Dibble Engineering (Dibble)** for Safety Management System (SMS) Planning Services for the Phoenix-Mesa Gateway Airport Authority in an amount not to exceed $323,668 under CIP 975.

   d) **Resolution No. 23-54 –** Authorizing a purchase with **CDW Government, Inc. (CDW-G**) for annual Microsoft licensing renewals, in an amount not to exceed $56,638.04.

e) **Resolution No. 23-55 –** Authorizing the procurement of network equipment from **Hye Tech Network and Security Solutions, LLC (Hye Tech**) in an amount not to exceed $292,195.

f) **Resolution No. 23-56 –** Authorizing an Amendment of the FY24 Capital Budget to provide an additional $367,387.50 under Contract Modification #1, to the initial $438,891 in funding for the **Transportaion Security Administration** In-Line Checked Baggage System Design under CIP 1265. The new design contract total will be $806,278.50.

g) **Resolution No. 23-57 –** Authorizing Phoenix-Mesa Gateway Airport Authority's insurance broker, **USI Insurance Services LLC**, to purchase benefit plans (medical, dental, vision, basic life/accidental death & dismemberment, and short-term disability) from various carriers. This consists of a 12-month renewal January 1, 2024 through December 31, 2024 with an estimated plan cost of $1,127,684 for the calendar year.

Consideration and Possible Approval of:

10. Board Member Comments/Announcements

11. Next Meeting: Tuesday, October 17, 2023 at 9:00 a.m.

12. Adjournment

Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting Misty Johnson at 480-988-7607 or mrjohnson@gatewayairport.com. Requests should be made as early as possible to allow time to arrange the accommodation.

Phoenix-Mesa Gateway Airport

- Summary of Fiscal Year (FY23) PMGAA Organizational Achievements
- Gateway East Welcomes First Tenant – XNRGY Climate Systems
- Storage Tanks for 150,000 Gallon Fuel Farm Expansion Arrive in October
- New Rental Car Care Center Buildings Progressing
- Allegiant Air's Nonstop Service to Portland, OR Begins on November 17th

Executive Director's Report

October 2023

Phoenix-Mesa Gateway Airport Authority (PMGAA, Authority) is fortunate to have a team of highly motivated and experienced subject-matter experts who are responsible for the safe, secure, customer-focused, efficient, environmentally aware, and financially sustainable operation of Phoenix-Mesa Gateway Airport's (Airport, Gateway Airport).

In FY23, PMGAA achieved strong financial performance and record-setting passenger activity. The Authority also had more than one-million square feet of private development under construction during the twelve-month reporting period.

PMGAA staff continues to be guided by seven organizational goals identified by the PMGAA Board of Directors - **Increase Air Service; Maintain a High Level of Community Support; Strengthen Financial Sustainability; Invest in People and Operational Assets; Attract Commercial Development; Plan, Build, and Maintain Infrastructure; and Promote Regional Tourism**.

The information that follows is intended to highlight many of PMGAA's accomplishments during FY23 and their connection to PMGAA's established organizational goals.

Summary of Fiscal Year 2023 (FY23) PMGAA Organizational Achievements

- Commercial Passenger and Air Cargo Activity
    - Achieved record-setting passenger activity – 1.92MM total passengers
    - Continued airline recruitment efforts, meeting with six prospective domestic & international airlines
    - DSV began scheduled weekly international air cargo service from Europe using B-747 aircraft
- Achieved strong FY23 financial performance - $3.9MM in net operating revenue
- Successfully completed FY23 FAA Part 139 Certification Inspection with no findings
- Successfully completed annual TSA Security Inspection with no findings
- Received clean FY23 Independent Financial Audit
- Implemented FY23 PMGAA Classification and Compensation Study
- Expanded A.V.I.A.T.O.R. Terminal Volunteer Program
- Began Gateway Tomorrow East Side Terminal Planning Study
- Successfully serviced 125 executive jets during Super Bowl LVII
- Welcomed more than 500 area 5th grade students for Aviation Career Education (ACE) Day
- Vehicle parking operation enhancements
    - Improved real-time parking availability information on PMGAA website
    - Upgraded parking revenue and access control systems in all Airport parking lots
    - Provided new, larger parking lot shuttle busses
- PMGAA Construction Projects:
    - Completed Runway 12C-30C reconstruction and Runway 12R-30L design
    - Added 1,300 new parking spaces to the Ray Road Economy Parking Lot
    - Constructed 250,000 sq. ft. Alpha Apron Phase IV aircraft parking area
    - Began construction on 5-gate, 30,000 sq. ft. commercial passenger terminal addition
    - Began construction on enclosed pedestrian walkway
    - Commissioned new $30MM Air Traffic Control Tower
    - City of Mesa began construction of east side infrastructure
    - Constructed Taxiway Charlie connectors to Gulfstream West Coast Service Center

- Designed 150,000-gallon Fuel Farm expansion
- Transportation Security Administration designed new in-line checked baggage system
- Completed construction of Rental Car Return Lot improvements
- Began construction of Rental Car Care Facility improvements

- Private Development Projects:
  - SkyBridge Arizona Master Development (Mesa SkyBridge, LLC)
    - Began site preparation for 129-room dual-brand hotel
    - Began construction on two 250,000 sq. ft. industrial buildings
    - Approved sublease for NAU School of Hotel and Restaurant Management Program and associated Kind Hospitality training restaurant
    - Began construction of interior roadways and utilities
    - Approved sublease for cross flow testing facility
  - Gateway East Master Development (The Boyer Company, LC)
    - Finalized Master Development Agreement, Master Lease, and Initial Master Plan
    - Mesa City Council approved Development Agreement (DA) with PMGAA
  - Gateway Executive Airpark
    - The Boeing Company leased half of Hangar A
    - Virgin Galactic began construction on Hangar B for their "mothership" and Hangar C for a spaceship manufacturing facility
  - Gulfstream Aerospace Corp.
    - Leased 50,000 sq. ft. hangar and three bays of SkyBridge Arizona's hangar
    - Hired approximately 100 local employees
    - Began construction on 225,000 sq. ft. West Coast Service Center
  - Terminal concessions - Opened Macayo's Mexican Food and Infusion Coffee and Tea Crafters
  - Allegiant Air leased an additional 63,000 sq. ft. maintenance hangar

Financial Snapshot

OPERATING INCOME	August		Month Variance	FYTD Comparison		FYTD Variance
	2022	2023		FY23	FY24	
Revenues	$2,161,753	$2,384,970	**$223,217**	$4,454,235	$5,090,592	**$636,357**
Less Expenses	$2,074,978	$2,049,575	**($25,403)**	$3,917,848	$3,975,245	**$57,397**
Operating Income *(Before Depreciation)*	**$86,775**	**$335,395**	**$248,620**	**$536,387**	**$1,115,347**	**$578,960**

Investment Fund Balances: As of August, the Local Governmental Investment Pool (LGIP) 700 = $6,197,732; Wells Fargo; Collateralized Money Market = $5,062,659 and Brokered CD's = $53,698,560; Total $64,958,951. PMGAA invests in fixed rate instruments.

Finance and Accounting

PMGAA reported a net operating income of $335,395 for August 2023, exceeding August 2022 results by $248,620. August aeronautical revenues increased by 16% on a year-over-year monthly comparison. The increase was related to an increase in U.S. Forest Service activity. August 2023 non-aeronautical revenues were equal to the previous August and up 8% for fiscal-year-to-date 2024 (FYTD24).

Operating expenditures for August 2024 increased by 1% for a monthly total of $2,049,575. The additional operating expenses are attributable to increases in personnel costs and contractual services. Total operating expenditures are 9% under FY24 budget.

Airport Operations

Allegiant Air's Nonstop Service to Portland, OR Begins on November 17th

Great News! Allegiant Air, Gateway Airport's largest airline is adding twice weekly nonstop service to Portland, Oregon beginning this November. Portland is an extremely popular two-way destination for Phoenix. In the winter, Oregonians flock south for some much-needed sunshine, and in the summer, Valley residents head north away from the heat. For more information visit www.allegiantair.com.

Sun Country Airlines' Nonstop Service to Minneapolis Returns in October

Welcome back Sun Country! The popular Midwest-based low-cost airline is returning to Gateway Airport in October for a third season of high-quality, low-fare nonstop service to its hub in Minneapolis. There's a lot of connectivity between greater Phoenix and the Midwest section of the country. Many Valley residents are transplants from Minnesota, Wisconsin, Michigan, and Illinois. Friends and family back home are frequent visitors to Arizona during the long winter months. For more information about Sun Country's Gateway Airport schedule, please visit www.suncountry.com.

Engineering and Planning

New Rental Car Care Center Buildings Progressing

Overall Site Plan for New Rental Car Care Facility

Rental Car Care Facility Buildings Taking Shape

Rental car companies operating at Gateway Airport are getting new wash bays, new vacuum bays, and new facilities for mechanics to service rental vehicles as part of a major $10MM redevelopment project being funded by Customer Facility Charges (CFCs), a $3.50/day fee charged to each rental car user and placed in a dedicated account used specifically for improving rental car facilities and infrastructure. The project also includes expanded vehicle queuing, storage areas, operations offices, and space for fueling stations.

Rental cars are an important and necessary part of Gateway Airport's growing commercial operation. Enterprise, Alamo/National, and Hertz are currently operating out of former military base facilities that are inefficient, substandard, and don't meet their changing needs. Thankfully, each company has been actively involved in laying out and equipping the new rental car care center.

Storage Tanks for 150,000 Gallon Fuel Farm Expansion Arrive in October

Three 50,000 Gallon Tanks to Bolster On-Airport Fuel Storage

Fuel Farm Expansion Site Preparation

An airport without Jet-A aviation fuel is like a steak house without A-1 steak sauce! Gateway Airport currently has 250,000 gallons of on-Airport fuel storage, which represents a 4 – 5-day supply. Pipeline disruptions, facility closures, and trucking delays can negatively impact an airport's ability to provide fuel for tenants and transient customers. PMGAA is in the process of constructing an additional 150,000 gallons of fuel storage capacity for Gateway Airport. This project will increase on-Airport fuel storage to 400,000 gallons, a much healthier 7 – 8-day supply.

Community Noise Report

CALLERS	August		FYTD	
	2022	2023	FY23	FY24
Total	**13**	**7**	**23**	**17**

TOTAL	**13**	**7**	**23**	**17**

PMGAA received communications from seven individuals regarding aircraft noise issues during the month of August 2023, compared to 13 received last August. Summer is ending and windows are reopening, so the Airport anticipates the number of community noise calls to increase.

Gateway Aviation Services

PMGAA pumped more than 1.14MM gallons of aviation fuel during the month of August 2023, a 1% decrease compared to the 1.15MM gallons dispensed last August. Retail Jet A was down 21%, Contract Fuel up 17% and Commercial Fuel down 5% over last year.

Business Development

Gateway East Welcomes First Tenant – XNRGY Climate Systems

PMGAA would like to officially welcome XNRGY Climate Systems to Gateway Airport!

The Boyer Company, master developer of Gateway East has announced that XNRGY Climate Systems (XNRGY), a leader in the design and manufacturing of advanced energy-efficient commercial climate control systems, will be the first tenant in Gateway East, a 273-acre airport business park located at Gateway Airport. The Airport selected Boyer as the master developer for Gateway East in 2022 to help market and develop a unique mix of nearly four million square feet of high-quality office, manufacturing, industrial, and commercial retail opportunities.

This will be the site of XNRGY's U.S. headquarters. Phase one of the project will include a 250,000 sq. ft research and production facility and 25,000 sq. ft. of office space on 17 acres. XNRGY also has options to build an additional 750,000 sq. ft of manufacturing space. XNRGY's investment in this site will create more than 1,200 employment opportunities and hundreds of millions of dollars in economic impact.

"Gateway East will be a first-class airport business park, creating thousands of jobs for Phoenix East Valley residents,' said PMGAA Board Chairman, Apache Junction Mayor Chip Wilson. "We are ecstatic that XNRGY will be the first of many high-quality employers making investments in this area."

Welcome to the Airport XNRGY!

PMGAA Exhibiting at 2023 NBAA-BACE in Las Vegas

Several PMGAA staff members and other regional Airport stakeholders are registered to exhibit at, and participate in, the 2023 National Business Aviation Association (NBAA) Business Aviation Convention and Exposition (BACE) in Las Vegas, NV on October 17th -19th. NBAA-BACE is the largest business aviation event in the world and a great place to network with thousands of aviation industry leaders, highlight the successes across the greater Phoenix region and the Airport, and educate them about the growing development opportunities now available at Gateway Airport.

Team members from both PMGAA's Gateway Aviation Services (GAS) Department and Business Development Department will have a booth set up in the Expo Hall and are scheduled to participate in a number of individual meetings and other networking opportunities during the Convention. Good luck PMGAA, way to represent!

PMGAA Team Member Spotlight

Employee Name: **Calvin Payne**
Employee Title: **Facilities Maintenance Tech/HVAC**
PMGAA Department: **Engineering and Facilities**
Years with PMGAA: **6+**

What are your job responsibilities for PMGAA? Maintain, service, replace and install HVAC/mechanical equipment that is a part of PMGAA facilities.

What is your most memorable Gateway Airport moment? Helped start a NASA T-38 that was piloted by an astronaut in training, who went on to graduate and become a NASA astronaut.

What is something people may not know about you? I played the saxophone in grade school and into high school.

INDEPENDENT AUDITORS' REPORT

Board of Directors
Phoenix-Mesa Gateway Airport Authority
Mesa, Arizona

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the business-type activities of Phoenix-Mesa Gateway Airport Authority (PMGAA), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise PMGAA's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of PMGAA, as of June 30, 2023, and the changes in financial position, and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PMGAA and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PMGAA's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PMGAA's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PMGAA's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedule of PMGAA's proportionate share of the net pension and OPEB liability and contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the statement of revenues and expenses (budget basis) but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 13, 2023, on our consideration of PMGAA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of PMGAA's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering PMGAA's internal control over financial reporting and compliance.

PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2023

The management of Phoenix-Mesa Gateway Airport Authority (PMGAA) offers readers this overview and analysis of PMGAA's financial statements and activities for the fiscal year ended June 30, 2023.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of PMGAA exceeded the liabilities and deferred inflows of resources at the close of the most recent fiscal year by $365.8 million (net position). Total net position increased by $33.5 million during the fiscal year.
- PMGAA's operating revenues increased $1.9 million (6.5%) from the prior fiscal year.
- During the current year, member governments contributed $4.06 million to PMGAA. These contributions were utilized to fund capital projects at PMGAA.
- Intergovernmental Revenue decreased $10.3 million as PMGAA completed the drawdown of its remaining CRRSAA Act and ARPA Act funding in the prior fiscal year.
- PMGAA recognized $2.2 million in investment income for the fiscal year, a $2.8 million increase over the $0.6 million investment loss recognized in the previous fiscal year.
- PMGAA's operations resulted in a net operating loss of $11.9 million for the fiscal year. This loss is attributable to non-cash depreciation expense on assets. These assets were contributed by the federal government, acquired with the aid of grants, or constructed using contributions from PMGAA's member governments or PMGAA's own operating reserves.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to PMGAA's basic financial statements. PMGAA's basic financial statements are divided into four sections:

1. Fund financial statements.
2. Notes to the basic financial statements.
3. Required supplementary information other than MD&A.
4. Other information.

As PMGAA presents only one fund type, separate government-wide financial statements have not been prepared.

Fund financial statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Like other state and local governments, PMGAA uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Unlike most other governments, which have multiple funds, all PMGAA's activities are business-type activities and are accounted for in a single proprietary fund.

Proprietary funds. PMGAA maintains its accounting records in a single enterprise fund. An enterprise fund is a type of proprietary fund used to report business-type activities.

The proprietary fund financial statements can be found on pages 11 - 14 of this report.

The *statement of net position* presents information on PMGAA's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference being shown as net position.

The *statement of revenues, expenses and change in net position* presents information on how PMGAA's net position changed during the fiscal year.

All changes in net position are reported as soon as the underlying events giving rise to the changes occur, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

The *statement of cash flows* presents PMGAA's cash flow (sources and uses) related to operating activities, non-capital financing activities, capital financing activities, and investing activities during the year.

Notes to Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the fund financial statements. The notes to basic financial statements can be found on pages 15 - 40 of this report.

Required Supplementary Information other than MD&A

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information related to PMGAA's pension plan as required by the GASB to supplement information found in the notes to the basic financial statements. These schedules are included at pages 41 - 44 of this report.

Other Information

PMGAA annually prepares a full capital and operating budget, which is submitted to the Board of Directors for approval during the spring of each year. Although the budget is not legally binding, it is an important management tool used throughout the fiscal year. During the fiscal year, actual activity is compared to the budget on a monthly basis to assess operating results.

Budget to actual results for the full year, presented on a budgetary basis, are included as other information on page 45 of this report.

FINANCIAL ANALYSIS

Net position represents the accrued results of a government's operations and, over time, increases or decreases in net position may serve as a useful indicator of whether PMGAA's financial position is improving or deteriorating. At the end of the fiscal year, PMGAA's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by $365.8 million.

Airports are capital-intensive enterprises. 83.4% of PMGAA's net position is invested in capital assets (net of any outstanding debt used to acquire those assets).

PMGAA uses these assets to provide aviation access and services to the flying public and the surrounding community, consequently these assets are not available for future spending. Although PMGAA's investment in its capital assets is reported net of related debt, the resources needed to pay such debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Certain of PMGAA's funding sources impose external restrictions upon the use of funds. In the event that PMGAA has unspent restricted resources, this balance is reported as restricted net position and is not available for use to meet ongoing obligations. PMGAA ended the current year with no unspent restricted resources, and therefore reports no restricted net position.

The remaining balance of unrestricted net position (16.6%) may be used to meet PMGAA's ongoing obligations.

The table below presents a summary of PMGAA's net position for the fiscal years ended June 30, 2023 and 2022 respectively.

	Business-Type Activities	
	2023	2022
ASSETS		
Current and Other Assets	$ 82,211,422	$ 86,416,041
Noncurrent Assets	332,126,185	295,215,863
Total Assets	414,337,607	381,631,904
DEFERRED OUTFLOWS OF RESOURCES	1,560,941	2,052,586
LIABILITIES		
Current and Other Liabilities	10,902,447	9,561,203
Long-Term Liabilities	24,955,164	23,605,748
Total Liabilities	35,857,611	33,166,951
DEFERRED INFLOWS OF RESOURCES	14,230,741	18,235,152
NET POSITION		
Net Investment in Captial Assets	305,159,251	266,644,552
Unrestricted	60,650,945	65,637,835
Total Net Position	$ 365,810,196	$ 332,282,387

Net position increased by $33.5 million (10.1%) from the previous fiscal year-end driven by increases in fueling operations and airport usage fees as aviation activity continued to recover above pre-pandemic levels.

Net investment in capital assets increased $38.5 million from the prior year as the acquisition of new assets exceeded depreciation in the current year and PMGAA continued to pay down debt.

The decrease in unrestricted net position ($5.0 million) reflects the increased costs of operating activity at airport.

The table below presents the significant elements of revenue and expenses for PMGAA comparatively for the current and prior fiscal year.

	Business-Type Activities	
	2023	2022
REVENUES		
Charges for Sales and Services	$ 24,565,407	$ 22,127,642
Lease Income	5,889,849	6,462,411
Capital Grants and Contributions	37,523,747	17,050,437
Other	8,602,992	16,164,032
Total Revenues	76,581,995	61,804,522
EXPENSES		
Cost of Sales	5,131,232	4,417,088
Other Operating Expenses	20,620,035	18,258,853
Depreciation	16,558,213	17,029,620
Non-Operating Expenses	744,706	741,605
Total Expenses	43,054,186	40,447,166
CHANGE IN NET POSITION	33,527,809	21,357,356
Net Position - Beginning of Year	332,282,387	310,925,031
NET POSITION - END OF YEAR	$ 365,810,196	$ 332,282,387

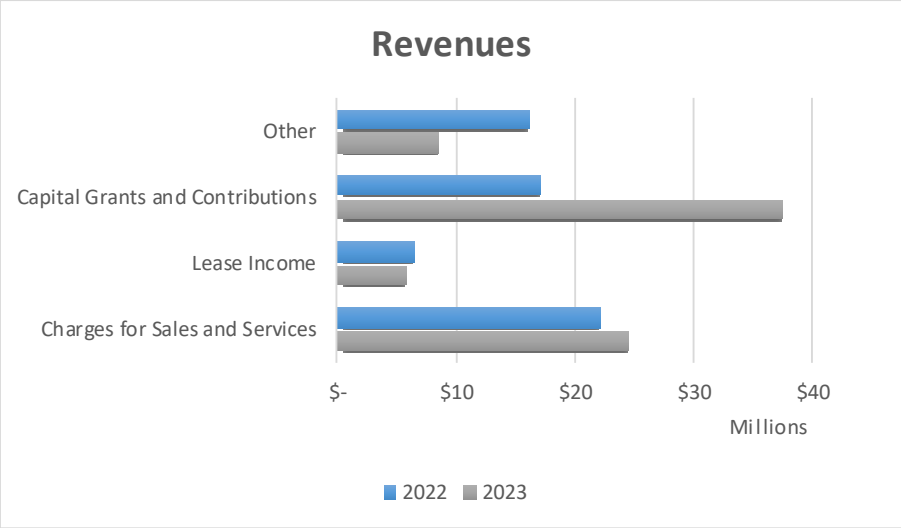
Revenues

Overall revenues increased $14.8 million from the previous fiscal year. While PMGAA saw a decline in intergovernmental revenues of $10.3 million with the end of the pandemic era programs, a $1.9 million increase in operating revenues in conjunction with a $20.4 million increase in capital grants and contributions—including $13.1 million in *Bipartisan Infrastructure Law (BIL)* funding—fully offset those declines. Increases in fueling operations ($1.2 million) and airport usage fees ($1.2 million) moderated declines in lease income ($0.6 million) which was driven primarily by reporting and recognition requirements for lease income under GASB Statement No. 87, *Leases*.

Customer Facility Charge (CFC) revenues increased $0.4 million from the previous year reflecting increased activity as well as an increase in the per day charge rate from $2.50 to $3.50 which occurred during the fiscal year. Passenger Facility Charge (PFC) moderated in the current year as airline pilot shortages reduced the number of available flights during the year in spite of robust demand for travel.

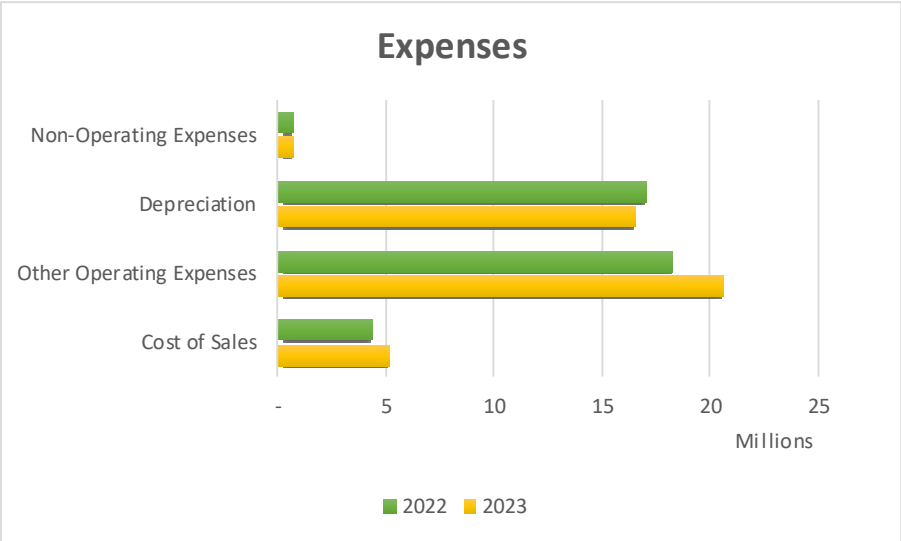
Lease interest income ($0.7 million) recognized by PMGAA in the current year represents imputed interest reported in accordance with GASB Statement No. 87 *Leases*.

Investment income recovered significantly from the prior year ($2.8 million) as interest rate increases created favorable market conditions for PMGAA to maximize return on its investments.



Expenses

PMGAA's expenses increased $2.6 million (6.4%) over the prior year, with significant increases in personnel costs, fuel costs, professional services and repair and maintenance. Costs for fueling operations increased $0.7 million or 17.2% over the previous year with continued supply constraints and international tensions continue to impact fuel commodity markets. Increases in professional services ($0.8 million), and repair and maintenance costs ($0.3 million) were driven by significantly higher costs for services and supplies due to increase inflation in the broader market and continued supply chain disruptions caused by the pandemic. Increases in personnel costs ($1.0 million) reflect market driven pay increases to remain competitive and retain talent.



CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets

At June 30, 2023, PMGAA's capital assets totaled $318.6 million (net of accumulated depreciation). Capital assets include land; runways, taxiways, and apron areas; buildings; improvements; machinery, vehicles, equipment, and software. A large majority of these assets were contributed to PMGAA directly or were purchased with the aid of federal and state grants.

The table below summarizes PMGAA's capital assets (net of accumulated depreciation) by major asset class as of June 30, 2023 and 2022, respectively:

	Business-Type Activities	
	2023	2022
Land	$ 91,188,500	$ 91,188,500
Construction in Progress	84,456,847	35,568,067
Buildings & Improvements	36,797,429	41,100,872
Infrastructure	98,521,826	104,010,144
Machinery & Equipment	7,599,257	8,781,023
	$ 318,563,859	$ 280,648,606

Major capital asset events during the current fiscal year included the following:

- Construction of Alpha Apron Phase IV ($8.5 million)
- Construction new Terminal Concourse ($11.9 million)
- Rehab/Construction of Center Runway ($15.8 million)
- Rental Car Care Facility Construction ($2.0 million)
- Construction of Taxiway Charlie Connectors ($7.4 million)
- Construction of Air Traffic Control Tower ($2.0 million)

Additional information on PMGAA's capital assets may be found in the notes to the basic financial statements in Note 3.A.4 and 3.B.

Long-term debt

At the end of the current fiscal year, PMGAA had total debt outstanding of $14.9 million. Payments on PMGAA's outstanding special facilities revenue bonds are funded through lease payments from the City of Mesa, Arizona, and secured via pledged excise tax revenue by the City of Mesa through its lease and financing agreement with PMGAA.

Overall, PMGAA's outstanding debt decreased $0.6 million from the prior fiscal year due to regularly scheduled principal payments.

The following schedule shows the outstanding debt of PMGAA as of June 30, 2023 and 2022.

Additional information on PMGAA's long-term debt may be found in the notes to the basic financial statements in Note 3.C.

	Business-Type Activities	
	2023	2022
Special Facility Revenue Bonds	$ 14,915,000	$ 15,465,000
Unamortized Premium on Bonds	392,177	418,322
	$ 15,307,177	$ 15,883,322

ECONOMIC FACTORS

PMGAA depends on annual contributions from its member governments to cover some of its capital costs. This makes PMGAA susceptible to downturns in the economy and other difficulties that could affect member governments' abilities to provide this annual funding. However, member government support of this kind has been consistent over the last several years.

With PMGAA's largest fueling customers being the government and commercial airlines, a significant portion of fueling revenue depends on continuation of military activity and commercial passenger operations.

PMGAA also depends on capital grants, mostly from the FAA and the Arizona Department of Transportation (ADOT), to continue its current level of capital improvement and renewal programs.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of PMGAA's finances for all those who are interested. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer, Phoenix-Mesa Gateway Airport Authority, 5835 S. Sossaman Road, Mesa, AZ 85212.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of Phoenix-Mesa Gateway Airport Authority (PMGAA) have been prepared in conformity with accounting principles generally accepted in the United States of America applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB). A summary of PMGAA's more significant accounting policies follows.

A. Reporting Entity

Phoenix-Mesa Gateway Airport Authority was established on May 19, 1994 as a joint powers' airport authority pursuant to Arizona Revised Statutes Title 28, Chapter 25, Article 8. Originally incorporated as Williams Gateway Airport Authority, PMGAA's name was officially changed to Phoenix-Mesa Gateway Airport Authority on July 1, 2007. PMGAA operates 3,042 acres as Phoenix-Mesa Gateway Airport.

PMGAA is overseen by a six-person board consisting of representatives from each of PMGAA's member governments. Membership in PMGAA is comprised of the Gila River Indian Community; Town of Gilbert, Arizona; City of Mesa, Arizona; City of Phoenix, Arizona; Town of Queen Creek, Arizona; and City of Apache Junction, Arizona.

PMGAA is further governed by a variety of federal, state, and local laws, agreements and regulations. The Federal Aviation Administration (FAA) has jurisdiction over airport operations, including aircraft, personnel, facilities, and many technical issues, including noise limits and reasonableness of fees. Under federal law and the FAA's regulations and grant agreements, PMGAA cannot legally transfer revenues to its member governments except in exchange for fair value received.

PMGAA is legally separate from other state and local governments. There are no component units combined with PMGAA for financial statement presentation purposes and PMGAA is not included in any other governmental reporting entity. Consequently, these financial statements present the financial position and activities of PMGAA, for which its governing board is financially accountable.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

PMGAA earns revenue from aeronautical and non-aeronautical activities. Fees received for use of the airport include, but are not limited to, landing fees, tie down fees, terminal usage fees, fuel flowage fees, parking fees, rental car fees, and concession fees. PMGAA also owns and operates a fixed base fueling operation, leases land and facilities to various tenants, and contracts with tenants and users of the facilities within the airport area to provide maintenance services. Major expenses include salaries and fringe benefits; professional services for fire, police protection, and parking services; legal and development consulting; maintenance, and utilities.

B. Basis of Presentation

PMGAA engages solely in business-type activities and presents only a single enterprise fund for external reporting purposes. Accordingly, PMGAA does not present government-wide financial statements, and the statements of net position, of revenues, expenses and changes in net position and the statement of cash flows report information for that single enterprise fund only.

C. Basis of Accounting

1. Measurement Focus, Basis Accounting, and Financial Statement Presentation

The statement of net position and statement of revenues, expenses and changes in net position are reported using the *economic resources measurement focus* and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Such revenue is subject to review by the funding agency, which may result in disallowance in subsequent periods.

Proprietary, or, enterprise funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

2. Passenger Facility Charges

In 1990, Congress approved the Aviation Safety and Capacity Expansion Act (Act), which authorized domestic airports to impose a Passenger Facility Charge (PFC) on enplaning passengers. In May 1991, the Federal Aviation Administration issued the regulations for the use and reporting of PFCs. PFCs may be used for airport projects that meet at least one of the following criteria: (1) preserve or enhance safety, security, or capacity of the national transportation system; (2) reduce noise or mitigate noise impacts resulting from an airport; or (3) furnish opportunities for enhanced competition between or among carriers.

PMGAA was granted permission to begin collection of a $4.50 per passenger PFC beginning with PMGAA's first application effective November 1, 2008. This authority continues with each successive application approved by the FAA for PMGAA's collection of PFCs, the most recent of which, application 21-08-C-00-IWA, awarded on November 10, 2021, grants PMGAA permission to impose and collect PFCs through June 1, 2043.

The PFC, less an $0.11 per passenger administrative fee charged by the airlines for processing, is collected by the airlines and remitted on a monthly basis to PMGAA. PFCs are not a grant to PMGAA, but rather a fee earned by PMGAA for passenger use of the airport facilities and is considered revenue when collected and remitted. However, as the use of the PFCs is restricted to those specific purposes approved by the FAA as part of each application by PMGAA, the revenue from PFCs is reported as nonoperating revenue in PMGAA's statement of revenues, expenses, and changes in net position. Unspent PFCs are reported as restricted cash, and restricted net position, in PMGAA's financial statements.

3. Use of Restricted Resources

When an expenditure is incurred for purposes for which both restricted and unrestricted resources are available, it is PMGAA's policy to use restricted resources first before using unrestricted resources.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity

1. Cash and Investments

PMGAA's cash and cash equivalents are comprised of cash on hand, demand deposits, cash and investments held by the State Treasurer and highly liquid investments with maturities of three months or less from the date of acquisition. Cash and investments are pooled, except for funds required to be held by fiscal agents or restricted under provisions of bond indentures.

State Statutes and Authority policy authorize PMGAA to invest in obligations of U.S. Treasury and U.S. Agencies, certificates of deposit and repurchase agreements held in eligible depositories, obligations of the State of Arizona or any of its counties or incorporated cities, towns or duly organized school districts, improvement districts in this state, highly rated commercial paper, or the State Treasurer's Local Government Investment Pool. Investments are stated at fair value or amortized cost.

2. Receivables and Intergovernmental Receivables

All customer and non-governmental receivables are shown net of an allowance for uncollectible receivables. PMGAA annually reviews the balance in the reserve account to determine if, based on history, the allowance is adequate to cover current receivables, and adjusted accordingly. Receivables from other governments are assumed to be entirely collectible and are therefore not included in this analysis. Current and long-term lease receivables represent the present value of future minimum non-cancelable payments on lease agreements in which PMGAA is the lessor. These receivables are calculated and presented in accordance with GASB Statement No. 87.

3. Inventories and Prepaid Items

Supply inventories are valued at cost using the first-in/first-out (FIFO) method. The cost of inventory is reported as an expense at the time the individual items are consumed. Fuel inventories are valued at cost using the moving average method.

Certain payments to vendors reflect costs applicable to future accounting periods and accordingly are recorded as prepaid items in the proprietary fund financial statements. These items are expensed as consumed.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

4. Restricted Assets

As required by applicable law, regulation and agreement, certain resources are set aside for debt service requirements on bonds and loans. Additionally, unspent PFC funds and related receivables and customer deposits, upon which there are legal or external restrictions as to use, are set aside as restricted.

5. Capital Assets

Capital assets, which include property, plant, infrastructure, machinery and equipment, and vehicles, are defined by PMGAA as those assets with an initial, individual cost of more than $10,000 and an estimated useful life in excess of one year.

Capital assets purchased or acquired are carried at historical cost or estimated historical cost. Contributed assets are recorded at acquisition value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on a straight-line basis over the following estimated useful lives:

Buildings and Improvements	5 – 30 years
Infrastructure	5 – 40 years
Machinery, Vehicles, and Equipment	3 – 10 years

When assets are retired or sold, the costs of those assets and the related accumulated depreciation are eliminated from the accounts, and any resulting gain or loss is charged to income or expense.

6. Deferred Outflows and Inflows of Resources

The statement of net position includes separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense in future periods. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will be recognized as a revenue in future periods.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

7. Compensated Absences

The liability for compensated absences reported in the statement of net position consists of unpaid, accumulated leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who are currently eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

All employees (after a probationary period) are eligible for full payout of their vacation leave upon separation from service. Employees who retire in good standing from PMGAA are eligible for payment of 50% of their unused sick leave.

Further, PMGAA's employee vacation policy provides for granting vacation leave payouts to eligible employees annually who meet the criteria. Every year, employees are eligible for payout of their accrued vacation balances in excess of PMGAA's 240-hour limit, provided the employee has taken at least 80 hours of vacation during the previous fiscal year. The employee is compensated at their current rate of pay.

8. Long-Term Obligations

In the financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts are amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

9. Pension Plan and Other Postemployment Benefits

For purposes of measuring the net pension and other postemployment benefits (OPEB) liabilities (assets), deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the plans' fiduciary net position and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

10. Net Position

In the statement of net position, net position is reported in three categories: net investment in capital assets, restricted net position, and unrestricted net position. Net investment in capital assets is reported separately because capital assets make up a significant portion of total net position. Restricted net position accounts for the portion of net position restricted by parties outside of PMGAA. Unrestricted net position is the remaining net position not included in the previous two categories.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

PMGAA uses a budget process that culminates in the adoption of a formal annual budget by the board of directors. The budget is a planning and control device; it is not legally binding in the sense of appropriations commonly required in municipal governments. However, certain budget changes require board approval per certain PMGAA board policies and organizational policies and procedures.

NOTE 3 DETAILED NOTES

A. Assets

1. Deposits and Investments

Deposits and investments at June 30, 2023 consist of the following:

Cash on Hand	$	800
Deposits:		
Cash in Bank		639,446
Investments:		
Money Market		25,268,984
State Treasurer's Investment Pool		6,146,483
Commercial Paper		35,611,454
Brokered Certificates of Deposit		2,990,347
Total Deposits and Investments		70,657,514
Less Restricted Assets		(4,524,413)
Cash and Investments on Statement of Net Position	$	66,133,101

Investments and Fair Value Measurements – PMGAA uses fair value measurements to record value adjustments to certain assets and to determine fair value disclosures. PMGAA follows accounting principles generally accepted in the United States of America that define fair value, establish a framework for measuring fair value, establish a fair value hierarchy based on the quality of inputs used to measure fair value, and requires expanded disclosures about fair value measurements.

The fair value measurements framework utilizes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Fair value measurements define levels within the hierarchy based on the reliability of inputs.

NOTE 3 DETAILED NOTES (CONTINUED)

A. Assets (Continued)

1. Deposits and Investments (Continued)

Financial assets recorded on the statement of net position are categorized based on inputs to the measurement framework as follows:

Level 1 – Financial assets are valued using inputs that are unadjusted quoted prices in active markets accessible at the measurement date of identical financial assets. The inputs include those traded on an active exchange, such as the New York Stock Exchange, as well as U.S. Treasury and other U.S. government and agency mortgage-backed securities that are traded by dealers or brokers in an active over-the-counter-market.

Level 2 – Financial assets are valued based on quoted prices for similar assets, or inputs that are observable, either directly or indirectly for substantially the full term through corroboration with observable market data.

Level 3 – Financial assets are valued using pricing inputs which are unobservable for the asset, inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset.

PMGAA's investments at June 30, 2023, categorized within the fair value hierarchy detailed above, were as follows:

		Fair Value Measurements Using		
	June 30, 2023	(Level I)	(Level II)	(Level III)
Investments by Fair Value Level				
Commercial Paper	$ 35,611,454	$ -	$ 35,611,454	$ -
Brokered Certificates of Deposit	2,990,347	2,990,347	-	-
Total Investments by Fair Value Level	$ 38,601,801	$ 2,990,347	$ 35,611,454	$ -
External Investment Pools				
Measured at Fair Value				
State Treasurer's Investment Pool	$ 6,146,483			
Total Investments by Fair Value Level				
Investments by Amortized Costs				
Money Market	$ 25,268,984			
Total Investments	$ 70,017,268			

NOTE 3 DETAILED NOTES (CONTINUED)

A. Assets (Continued)

1. Deposits and Investments (Continued)

The State Board of Investment provides oversight for the State Treasurer's pools, and the Local Government Investment Pool Advisory Committee provides consultation and advice to the Treasurer. The value of investments in LGIP 700 has been adjusted to fair market value at June 30, 2023. LGIP shares are not identified with specific investments held for PMGAA in physical or book entry form. Investments in the State Treasurer's Local Government Investment Pools are not insured or collateralized.

Custodial Credit Risk – Custodial Credit risk is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. PMGAA is not subject to custodial credit risk since its investments are not identified with specific investments held by others for PMGAA in physical or book entry form. PMGAA does not have a formal policy regarding credit risk. However, collateralization is addressed in the investment policy.

As of June 30, 2023, all PMGAA's funds held on deposit were fully collateralized through collateral pledged by PMGAA's banking institution in PMGAA's name.

Concentration Risk – Concentration risk is the increased risk to the organization when a significant portion of its resources are invested with a single issuer. PMGAA does not have a formal policy for concentration of credit risk. However, diversification of portfolio assets is addressed in the investment policy. The LGIP portfolio is not directly rated but holds only assets rated AAA by Moody's. Concentration percentages are shown below.

As of June 30, 2023, PMGAA had the following investments:

Rating Agency Investment	Rating	Amount	Percent
Moody's Investor Service			
Commercial Paper	A-1/P-1 - A-2/P-2	$ 35,611,454	51%
Not Rated			
Money Market	N/A	25,268,984	36
Brokered Certificates of Deposit	N/A	2,990,347	4
State Treasurer's Investment Pool	N/A	6,146,483	9

NOTE 3 DETAILED NOTES (CONTINUED)

A. Assets (Continued)

1. Deposits and Investments (Continued)

Interest rate risk – Due to the short maturities of PMGAA's investments, the risk of losses due to market interest rate changes is minimal. PMGAA does not have a formal policy regarding interest rate risk. The following table shows the investment maturities by year and type of security:

	Maturity			
Investment Type	Less Than 1 Year	1-3 Years	More Than 3 Years	Total
State Treasurer's Investment Pool	$ -	$ 6,146,483	$ -	$ 6,146,483
Commercial Paper	35,611,454	-	-	35,611,454
Brokered Certificates of Deposit	2,990,347	-	-	2,990,347
Total	$ 38,601,801	$ 6,146,483	$ -	$ 44,748,284

2. Restricted cash

Certain assets of PMGAA are classified as restricted assets because their use is restricted by grant or contractual agreements. Restricted assets include the following:

Customer Deposits	$ 2,248,907
Current & Future Debt Service Reserves	2,275,506
Total Restricted Cash and Investments	$ 4,524,413

3. Receivables

At June 30, 2023, receivables were comprised of the following receivable balances, reduced as applicable by an allowance for uncollectible amounts:

	Receivables	Allowance	Net
Business-Type Activities:			
Accounts Receivable, Net	$ 1,898,696	$ (109,964)	$ 1,788,732
Due from Other Governments	7,528,354	-	7,528,354
Lease Receivables	14,086,408		14,086,408
Total Business-Type Activities	$ 23,513,458	$ (109,964)	$ 23,403,494

NOTE 3 DETAILED NOTES (CONTINUED)

A. Assets (Continued)

4. Capital assets

Capital asset activity for the year ended June 30, 2023 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Capital Assets Not Being Depreciated				
Land	$ 91,188,500	$ -	$ -	$ 91,188,500
Construction in Progress	35,568,067	54,457,788	(5,569,008)	84,456,847
Total Capital Assets Not Being Depreciated	126,756,567	54,457,788	(5,569,008)	175,645,347
Capital Assets Being Depreciated				
Buildings & Improvements	101,408,757	-	(3,000)	101,405,757
Infrastructure	265,974,727	4,826,063	-	270,800,790
Machinery, Vehicles, & Equipment	24,682,442	826,955	(1,088,847)	24,420,550
Total Capital Assets Being Depreciated	392,065,926	5,653,018	(1,091,847)	396,627,097
Less Accumulated Depreciation For:				
Buildings & Improvements	(60,307,885)	(4,303,393)	2,950	(64,608,328)

NOTE 3 DETAILED NOTES (CONTINUED)

C. Long-Term Obligations

On February 29, 2012, PMGAA issued $19,220,000 in Special Facility Revenue Bonds (Mesa Project) Series 2012. Previous to the issuance, on March 21, 2011, PMGAA entered into a Memorandum of Understanding (MOU) with the City of Mesa (the City) for the development, construction and lease of an aircraft maintenance, repair, and overhaul facility at Phoenix-Mesa Gateway Airport. Under the terms of the MOU, PMGAA issued Special Facility Revenue Bonds which financed the construction of the facility, which was leased to the City through a property and special facility lease on February 1, 2012 (the Agreement). The facility is further subleased by the City under a separate agreement.

Under the terms of the agreement, the City will pay rent to PMGAA, comprised of base rent for the building and premises rent for the property. The City's base rent payments due under the terms of the Agreement will be in sums sufficient to pay, amongst other things, the principal of and interest on the Series 2012 Special Facility Revenue Bonds as they come due, as well as all charges and expenses of the Trustee.

Further, in connection with the issuance of the special facility revenue bonds, The City pledged a portion of its excise taxes, defined in the Series 2012 Special Facility Revenue Bond Official Statement, as security for payment of the base rent. The pledge of such excise taxes will be a junior lien, subordinate to certain outstanding senior obligations.

Annual principal and interest payments on the bonds are expected to require 100% of revenues pledged for base rent less all charges and expenses of the trustee. Interest is paid semi-annually based upon the principal amount of the bonds outstanding during such period. The bonds are payable from the future lease revenues from the City of Mesa through 2039. During that time frame total principal and interest to be paid on the bonds will be $35,216,300, with $21,697,750 remaining to be paid as of June 30, 2023. For the current fiscal year, $1,299,699 in base rent payments were utilized to repay $550,000 in principal and $745,750 in interest.

NOTE 3 DETAILED NOTES (CONTINUED)

C. Long-Term Obligations (Continued)

The maturity schedule for the PMGAA Series 2012 Special Facility Revenue Bonds is as follows:

Purpose	Interest Rates	Maturity Date	Original Amount	Outstanding Amount
Business-Type Activities:				
Special Facility Revenue Bonds:				
Series 2012	3.00-5.00%	07/01/23-38	$ 19,220,000	$ 14,915,000

Changes in long-term obligations for the year ended June 30, 2023 are as follows:

	Beginning Balance	Increases	Decreases	Ending Balance	Amounts Due Within One Year
Bonds and Loans Payable					
Special Facilitiy Revenue Bonds	$ 15,465,000	$ -	$ (550,000)	$ 14,915,000	$ 575,000
Unamortized Premium on Bonds	418,322	-	(26,145)	392,177	-
Total Bonds and Loans Payable	15,883,322	-	(576,145)	15,307,177	575,000
Other Liabilities					
Compensated Absences	1,011,907	825,132	(748,906)	1,088,133	624,831
Business-Type Long-Term Liabilities	$ 16,895,229	$ 825,132	$ (1,325,051)	$ 16,395,310	$ 1,199,831

Debt service requirements on long-term debt at June 30, 2023, including future interest based on current repayment schedules, are as follows:

Fiscal Year Ending June 30,	Special Facility Revenue Bonds	
	Principal	Interest
2024	$ 575,000	$ 717,000
2025	605,000	686,750
2026	635,000	655,000
2027	665,000	621,750
2028	700,000	586,750
2029-2033	4,055,000	2,345,000
2034-2038	5,165,000	1,170,500
2039	2,515,000	-
Total	$ 14,915,000	$ 6,782,750

NOTE 3 DETAILED NOTES (CONTINUED)

D. Leases

PMGAA, acting as lessor, leases land and facilities on the airport for office buildings, hangars, and ground leases for tenant development. A limited number of these agreements include up to two renewal terms ranging from one to ten years. These leases expire at various dates through 2081, inclusive of any options to renew expected to be exercised.

In accordance with GASB Statement No. 87 *Leases,* PMGAA recognizes a lease receivable and a deferred inflow of resources at the commencement of the lease term, with certain exceptions for leases subject to external regulation and for those leases that are short-term in nature. The lease receivable is measured at the present value of the lease payments expected to be received during the lease term.

With few exceptions, PMGAA's leases include escalation clauses, which will result in increases in future rents. The escalation clauses typically provide for annual rent increases of 5 percent or the change in the Consumer Price Index. To the extent that such increases are known or can be determined, they have been included in the measurement of the lease receivable.

Some leases require variable payments based on future performance of the lessee or usage of the underlying asset and are not included in the measurement of the lease receivable. Those variable payments are recognized as inflows of resources in the periods in which the payments are received. During the year ended June 30, 2023, PMGAA received variable payments as required by lease agreements totaling $3,772,420.

Total future minimum lease payments to be received under lease agreements are as follows:

	Principal	Interest	Total
Year Ending June 30,			
2024	$ 859,443	$ 654,952	$ 1,514,395
2025	908,261	612,827	1,521,088
2026	826,305	571,953	1,398,258

2034 and thereafter	7,622,026	8,413,725	16,035,751
Total minimum lease payments	$ 14,086,408	$ 13,370,838	$ 27,457,246

NOTE 3 DETAILED NOTES (CONTINUED)

E. Regulated Leases

Certain leases entered into by PMGAA are subject to external laws, regulations, legal rulings, and agreements promulgated and enforced by the FAA. Under these regulations, the leases entered into between PMGAA and any air carrier or other aeronautical user (as defined in FAA Circular 150_5190_6) must adhere to the following requirements:

1. Lease rates cannot exceed a reasonable amount (i.e. market rates), with reasonableness being subject to determination by the FAA.
2. Lease rates must be similar for lessees which are similarly situated.
3. PMGAA, as lessor, cannot deny potential lessees the right to enter into leases if facilities are available (or land is available for the lessee to build their own facility), provided that the lessee's use of the facilities complies with airport minimum standards and use restrictions.

Under the provisions of GASB Statement No. 87, leases subject to external regulation should be excluded from the measurement of the lease receivable and, accordingly, PMGAA has excluded these agreements from the measurement of its receivable.

For the year ended June 30, 2023, PMGAA received $3,233,354 in payments from leases under regulated lease agreements. Future noncancelable minimum payments under regulated lease agreements are as follows:

Year Ending June 30,	
2024	$ 4,749,937
2025	4,985,231
2026	4,833,829
2027	4,264,700
2028	4,010,651
2029-2033	17,893,357
2034 and thereafter	77,260,651
Total minimum lease payments	$117,998,356

These future regulated lease revenues include $39,605,421 in base rent from the City of Mesa that will be used to service the debt on the Series 2012 Special Facility Bonds.

NOTE 4 OTHER INFORMATION

A. Risk Management

In addition to safety efforts, PMGAA's risk management activities include purchase of commercial insurance for all significant risks. Risks retained by PMGAA include normal deductibles and the small risk of losses in excess of insurance coverage. The amounts of settlements have not exceeded insurance coverage for the past three years. There have been no significant reductions in insurance coverage. The financial statements do not include any liability for claims at June 30, 2023.

Losses arising from claims and judgments are expensed when (1) it is probable that an asset has been impaired or a liability has been incurred at the date of the financial statements, and (2) the amount of the loss can be reasonably estimated.

B. Contingencies

Air Force Prime Lease and Deed

In January 1996, PMGAA entered into a prime lease with the United States Air Force for the real property encompassing approximately 3,005 of PMGAA's 3,042 acres of land, which comprised the majority of the former Williams Air Force Base, including the three runways, and 120 buildings or facilities (such as navigational aids) ("the property") for the purpose of developing a public airport. Since then, portions of the property have been deeded to PMGAA as environmental clearances have been completed. Today less than one acre remains under lease pending environmental clearance. The real property conveyed via quitclaim deed was recorded at estimated fair market value at the date of the transfer.

Under the terms of the deed, the property is restricted for public airport purposes for the use and benefit of the public. No land or improvements can be used, leased, sold, salvaged, or disposed of by PMGAA for other than airport purposes without the written consent of the Administrator of the FAA. The term "airport purposes" as used in this deed includes the use and/or development of the property, including hotel development, to produce sources of revenue from nonaviation business.

Non-compliance with the terms of the indenture could, at the option of the Federal government, result in the property reverting to the United States of America.

NOTE 4 OTHER INFORMATION (CONTINUED)

C. Related Party Transactions

PMGAA has earned revenues, incurred expenses, and made other payments involving some of its member governments. Following is a summary of these transactions:

Related Party	Member Contributions	Operating Revenues	Operating Expenses	Sales Tax Collected/ Remitted
City of Apache Junction, Arizona	$ 130,000	$ -	$ -	$ -
City of Mesa, Arizona	1,700,000	1,527,977	2,644,805	268,939
City of Phoenix, Arizona	1,300,000	-	-	-
Gila River Indian Community	450,000	-	-	-
Town of Gilbert, Arizona	350,000	-	-	-
Town of Queen Creek, Arizona	130,000	-	-	-
	$ 4,060,000	$ 1,527,977	$ 2,644,805	$ 268,939

PMGAA revenues above consist of member contributions, real property leases, and minor maintenance work. PMGAA expenses include airport rescue and firefighting (ARFF), police protection, water and trash utilities, lobbyist services, and permits. Included in City of Mesa expenses is $154,979 in accounts payable at June 30, 2023.

D. Pension and Other Postemployment Benefits

Arizona State Retirement System

PMGAA contributes to the Arizona State Retirement System (ASRS) Plan described below. The plan is a component unit of the State of Arizona.

Plan Description – PMGAA employees participate in the Arizona State Retirement System. The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1.

The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its Web site at www.azasrs.gov.

NOTE 4 OTHER INFORMATION (CONTINUED)

D. Pension and Other Postemployment Benefits (Continued)

Benefits Provided – The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefits terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

	Retirement Initial Membership Date:	
	Before July 1, 2011	On or After July 1, 2011
Years of Service and Age and Age Required to Receive Benefit	Sum of Years and Age Equals 80 10 Years, Age 62 5 Years, Age 50* Any Years, Age 65	30 Years, Age 55 25 Years, Age 60 10 Years, Age 62 5 Years, Age 50* Any Years, Age 65
Final Average Salary is Based on	Highest 36 Consecutive Months of Last 120 Months	Highest 60 Consecutive Months of Last 120 Months
Benefit Percentage Per Year of Service	2.1% to 2.3%	2.1% to 2.3%

* With Actuarially Reduced Benefits

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Health insurance premium benefits are available to retired or disabled members with 5 years of credited service. The benefits are payable only with respect to allowable health insurance premiums for which the member is responsible. For members with 10 or more years of service, benefits range from $100 per month to $260 per month depending on the age of the member and dependents.

For members with 5 to 9 years of service, the benefits are the same dollar amounts as above multiplied by a vesting fraction based on completed years of service. Active members are eligible for a monthly long-term disability benefit equal to two-thirds of monthly earnings.

NOTE 4 OTHER INFORMATION (CONTINUED)

D. Pension and Other Postemployment Benefits (Continued)

Members receiving benefits continue to earn service credit up to their normal retirement dates. Members with long-term disability commencement dates after June 30, 1999, are limited to 30 years of service or the service on record as of the effective disability date if their service is greater than 30 years.

Contributions – In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2023, statute required active ASRS members to contribute at the actuarially determined rate of 12.17% (12.03% for retirement and 0.14% for long-term disability) of the members' annual covered payroll, and statute required PMGAA to contribute at the actuarially determined rate of 12.17% (11.92% for retirement, 0.11% for health insurance premium benefit, and 0.14% for long-term disability) of the active members' annual covered payroll. In addition, PMGAA was required by statute to contribute at the actuarially determined rate of 9.68% (9.62% for retirement and 0.06% for long-term disability) of annual covered payroll of retired members who worked for PMGAA in positions that an employee who contributes to the ASRS would typically fill.

PMGAA's contributions to the pension, health insurance premium benefit, and long-term disability plans for the year ended June 30, 2023, were $918,945, $8,281, and $10,674, respectively.

Liability – At June 30, 2023, PMGAA reported the following assets and liabilities for its proportionate share of the ASRS' net pension/OPEB asset or liability.

	Net Pension/OPEB (Asset) Liability
Pension	$ 9,754,159
Health Insurance Premium Benefit	(335,361)
Long-term Disability	5,526

The net asset and net liabilities were measured as of June 30, 2022. The total liability used to calculate the net asset or net liability was determined using update procedures to roll forward the total liability from an actuarial valuation as of June 30, 2021, to the measurement date of June 30, 2022.

NOTE 4 OTHER INFORMATION (CONTINUED)

D. Pension and Other Postemployment Benefits (Continued)

PMGAA's proportion of the net asset or net liability was based on PMGAA's actual contributions to each plan relative to the total of all participating employers' contributions for the year ended June 30, 2022. PMGAA's proportionate share of each plan measured as of June 30, 2022, and the change from its proportionate share of each plan measured as of June 30, 2021 were:

	Proportion June 30, 2022	Increase (Decrease) from June 30, 2021
Pension	0.05976%	0.00043
Health Insurance Premium Benefit	0.06009%	0.00042
Long-term Disability	0.05983%	0.00036

Expense – For the year ended June 30, 2023, PMGAA recognized the following pension and OPEB expense:

	Pension/OPEB Expense
Pension	$ 967,851
Health Insurance Premium Benefit	(49,107)
Long-term Disability	1,978

Deferred Outflows/Inflows of Resources –At June 30, 2023, PMGAA reported deferred outflows of resources and deferred inflows of resources related to pension and OPEB from the following sources:

	Pension		Health Insurance Premium Benefit		Long-term Disability	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	$ 83,111	$ -	$ -	$ 171,149	$ 2,876	$ 5,149
Changes of Assumptions or Other Inputs	484,118	-	5,443	9,146	3,009	13,487
Net Difference between Projected and Actual Earnings on Plan Investments	-	256,934	-	11,297	-	172
Changes in Proportion and Differences between PMGAA Contributions and Proportionate Share of Contributions	42,634	151,333	822	560	1,028	1,304
PMGAA Contributions Subsequent to the Measurement Date	918,945	-	8,281	-	10,674	-
	$ 1,528,808	$ 408,267	$ 14,546	$ 192,152	$ 17,587	$ 20,112

NOTE 4 OTHER INFORMATION (CONTINUED)

D. Pension and Other Postemployment Benefits (Continued)

The amounts as deferred outflows of resources related to pension and OPEB resulting from contributions subsequent to the measurement date will be recognized as an increase of the net asset or a reduction of the net liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources pension and OPEB will be recognized in as expenses as follows:

Year Ending June 30,	Pension	Health Insurance Premium Benfit	Long-Term Disability
2024	$ 333,137	$ (51,097)	$ (1,087)
2025	(96,678)	(55,611)	(1,395)
2026	(446,098)	(60,965)	(2,690)
2027	411,235	(9,171)	(435)
2028	-	(9,043)	(2,814)
Thereafter	-	-	(4,778)

Actuarial assumptions- The significant actuarial assumptions used to measure the total pension/OPEB liability are as follows:

Actuarial Valuation Date	June 30, 2021
Actuarial Roll Forward Date	June 30, 2022
Actuarial Cost Method	Entry Age Normal
Asset Valuation	Fair Value
Discount Rate/Investment Rate of Return	7.0%
Project Salary Increases	2.9 - 8.4% for Pensions/Not Applicable for OPEB
Inflation	2.3%
Permanent Benefit Increase	Included for Pensions/Not Applicable for OPEB
Mortality Rates	2017 SRA Scale U-MP for Pensions and Health Insurance Premium Benefit
Recovery Rates	2012 GLDT for Long-Term Disability
Healthcare Cost Trend Rate	Not Applicable

Actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2020. A new experience study for the period ended June 30, 2020 will be utilized by the ASRS for future actuarial valuations.

The long-term expected rate of return on ASRS pension plan investments was determined to be 7.0% using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage.

NOTE 4 OTHER INFORMATION (CONTINUED)

D. Pension and Other Postemployment Benefits (Continued)

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-term Expected Geometric Real Rate of Return
Equity	50%	3.90%
Fixed Income - Credit	20%	5.30%
Fixed Income - Interest Rate Sensitive	10%	(0.20)%
Real Estate	20%	6.00%
Total	100%	

Discount Rate—At June 30, 2022, the discount rate used to measure the total pension/OPEB liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute.

Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension/OPEB liability.

Sensitivity of PMGAA's Proportionate Share of the ASRS Net Pension/OPEB (Asset) Liability to Changes in the Discount Rate—The following table presents PMGAA's proportionate share of the net pension/OPEB (asset) liability calculated using the discount rate of 7.0%, as well as what PMGAA's proportionate share of the net pension/OPEB (asset) liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.0%) or 1 percentage point higher (8.0%) than the current rate:

	1% Decrease (6.0%)	Current Discount Rate (7.0%)	1% Increase (8.0%)
PMGAA's Proportionate Share of the			
Net Pension Liability	$ 14,391,972	$ 9,754,159	$ 5,886,948
Net Insurance Premium Benefit Liability (Asset)	(241,143)	(335,361)	(415,304)
Net Long-Term Disability Liability	9,160	5,526	2,004

NOTE 4 OTHER INFORMATION (CONTINUED)

D. Pension and Other Postemployment Benefits (Continued)

Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued ASRS financial report.

Deferred Compensation Plan

PMGAA offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. Section 457 requires that the assets and income of a qualifying plan be held in trust for the exclusive benefit of participants and their beneficiaries. The plan, available to all PMGAA employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

Bi-weekly contributions to the plan are deducted from the wages of employees who choose to participate as prescribed by federal law and regulations. PMGAA offers a matching contribution up to $30 per pay period. These combined contributions are deposited with the third-party vendor in PMGAA's name and in trust on behalf of PMGAA employees. PMGAA has little administrative involvement and does not perform investing functions for this plan, therefore, this plan is not reflected in PMGAA's financial statements.

PMGAA contributions to the plan for the year ended June 30, 2023 were $24,380.

NOTE 4 OTHER INFORMATION (CONTINUED)

E. Subsequent Event

The City of Phoenix notified the CEO and Board of the PMGAA that effective June 30, 2024 it will conclude its membership with the Airport Authority. The City of Phoenix joined the PMGAA Board in May of 2006 and currently invests $1.3 million per year in Phoenix-Mesa Gateway Airport.

The goal of the City of Phoenix in joining the Authority was to provide funding and expertise to support critical development at Phoenix-Mesa Gateway Airport and to support its role as being a viable commercial reliever airport in our region. Phoenix Mesa-Gateway Airport has excelled with record-breaking traffic and is now well positioned for long-term growth and success. Given Phoenix-Mesa Gateway's financial strength, as well as Phoenix's need to continue to make financial investments in its own system of airports, now is the right time for Phoenix to conclude participation on the Board. Phoenix is providing a full year's notice to ensure an orderly transition and provide the Authority ample time to account for the reduction in member contributions associated with the City of Phoenix departure.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Phoenix-Mesa Gateway Airport Authority
Mesa, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Phoenix-Mesa Gateway Airport Authority (PMGAA), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise PMGAA's basic financial statements, and have issued our report thereon dated September 13, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered PMGAA's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of PMGAA's internal control. Accordingly, we do not express an opinion on the effectiveness of PMGAA's internal control.

A *deficiency in internal* control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of PMGAA's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Board of Directors
Phoenix-Mesa Gateway Airport Authority

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether PMGAA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of PMGAA's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering PMGAA's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors
Phoenix-Mesa Gateway Airport Authority
Mesa, Arizona

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited PMGAA's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of PMGAA's major federal programs for the year ended June 30, 2023. PMGAA's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, PMGAA complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative* Requirements*, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of PMGAA and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of PMGAA's compliance with the compliance requirements referred to above.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to PMGAA's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on PMGAA's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about PMGAA's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding PMGAA's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of PMGAA's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of PMGAA's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Board of Directors
Phoenix-Mesa Gateway Airport Authority

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of PMGAA as of and for the year ended June 30, 2023, and have issued our report thereon dated September 13, 2023, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
NOTES TO SCHEDULE OF EXPENDITURES
OF FEDERAL AWARDS
JUNE 30, 2023

NOTE 1 GENERAL

The accompanying schedule of expenditures of federal awards presents the activity of all federal awards of Phoenix-Mesa Gateway Airport Authority. PMGAA's reporting entity is defined in Note 1.A. to the basic financial statements for the year ended June 30, 2023. All federal awards received directly from federal agencies are included in the schedule.

NOTE 2 BASIS OF ACCOUNTING

The accompanying schedule of expenditures of federal awards is presented using the accrual basis of accounting, which is described in Note 1 to PMGAA's basic financial statements for the year ended June 30, 2023.

NOTE 3 INDIRECT COST RATE

PMGAA did not elect the 10% de minimus indirect cost rate as covered in 2CFR 200.414.

MINUTES OF PUBLIC MEETING OF THE
PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
BOARD OF DIRECTORS | September 19, 2023

A public meeting of the Phoenix-Mesa Gateway Airport Authority (PMGAA, Authority) was convened on Tuesday, September 19, 2023, beginning at 9:00 a.m. in the Board Room (Saguaro A&B) of the Gateway Administration Building, 5835 S Sossaman Road, Mesa, Arizona.

Members Present

Mayor Chip Wilson, Apache Junction
Lt. Governor Monica Antone, Gila River Indian Community*
Mayor Julia Wheatley, Queen Creek
Councilmember Scott Somers, Mesa
Mayor Brigette Peterson, Gilbert
Councilmember Jim Waring, Phoenix*

** Neither present nor represented*

Airport Staff Present

J. Brian O'Neill, Executive Director/CEO
Scott Brownlee, Deputy Director/COO
Chuck Odom, CFO
Misty Johnson, Clerk of the Board
Jill Casson Owen, Attorney

1. **Call to Order** at 9:32 a.m. (Mayor Wilson, Chair)

2. **Roll Call**

3. **Pledge of Allegiance**

4. **Call to the Public**
   There were no public comments.

5. **Executive Director's Report** – J. Brian O'Neill, A.A.E., Executive Director/CEO
   Executive Director O'Neill provided a briefing on PMGAA financial performance, passenger activity, the community noise report, and various Airport projects.

   - 2024 Fiscal Year-to-Date (FYTD) Net Operating Income is $780,361.
   - 2023 Fiscal Year net operating income is $3,892,294.
   - Gateway Airport reported record-setting passenger activity in FY23 with 1,917,911 total passengers using the Airport during the 12-month period. The Airport welcomed 148,405 commercial passengers during July 2023.
   - Allegiant Air has announced Portland, Oregon as a new nonstop destination from Gateway Airport. Service will begin in November 2023.
   - Sun Country Airlines has announced they are returning in October with nonstop Minneapolis service.
   - DSV Air and Sea is a global transport and logistics company. DSV's B-747 scheduled international air cargo service began in August with weekly service arriving from Europe.
   - A ribbon-cutting event is planned for February 20, 2024 for Gateway Airport's 5-gate, 30,000 sq. ft. commercial passenger terminal addition. The project is expected to be complete in January 2024. Operations will begin after the ribbon-cutting event.

DRAFT

- Gateway Tomorrow East Side Terminal Planning Study held its 2nd study advisory committee meeting. This meeting determined options and layouts for one-level and two-level roadway alternatives.
- The existing Airport entry monument located at the intersection of Sossaman Road and Ray Road will be removed and a new Airport entrance monument will be constructed that better reflects the character of the Airport.

6. Consent Agenda

a) **Minutes** of the Board Meeting held on **July 18, 2023**.

b) **Resolution No. 23-45 –** Authorizing an Automated Teller Machine (ATM) Services Terminal Concession Lease Agreement with **BaumTech, LLC (BaumTech)** for ATM services at two (2) Airport Terminal Locations which include Baggage Claim and Gate 5. The Agreement term is three (3) years, commencing on December 1, 2023, with one (1) two (2)-year extension option.

c) **Resolution No. 23-46 –** Authorizing a Vending Services Terminal Concession Lease Agreement with **Compass Group USA, Inc**., by and through its Canteen Division (Compass) for vending services located within Airport facilities that include the Charles L. Williams Passenger Terminal, Airport Administration Building, Gateway Aviation Services, and the Facilities Maintenance Building. The Agreement term is three (3) years, commencing on December 1, 2023, with one (1) two (2)-year extension option.

d) **Resolution No. 23-47 –** Authorizing the purchase of two vehicles from **San Tan Auto Partners, LLC, dba San Tan Ford (San Tan Ford)**, in an amount not to exceed $52,827.69.

e) **Resolution No. 23-48 –** Authorizing the procurement of Video Management Software (VMS) and licensing from **Convergint Technologies (Convergint)** in an amount not to exceed $79,020.01.

f) **Resolution No. 23-49 –** Authorizing the purchase of two Americans with Disabilities Act (ADA) Passenger Boarding Ramps from **Timberline GSE, Inc. (Timberline)** in an amount not to exceed $181,838.90.

g) **Resolution No. 23-50 –** Authorizing a Contract with **Jim Brown & Sons Roofing Co., Inc. dba JBS Roofing (JBS Roofing)** for Roofing Repair Services for PMGAA facilities, in an amount not to exceed $75,000 under CIP1269.

Mayor Brigette Peterson moved to approve the Consent Agenda.
Mayor Julia Wheatley seconded the motion.
The motion was carried unanimously.

Consideration and Approval of:

8. **Resolution No. 23-51** Authorizing (i) the recording of the Declaration of Covenants, Conditions and Restrictions for Gateway East ("CC&Rs"); (ii) the Development Lease with **Boyer Gateway East Mesa Building 1, L.C.** for 16.95 acres located within the Gateway East master development project and identified as Lot 210. The lease term is SIXTY-FIVE (65) years commencing on October 1, 2023; and (iii) the First Adjustment Amendment to the Master Lease with **Boyer Gateway East, L.C**.

Councilmember Scott Somers moved to approve Resolution No. 23-51.
Mayor Julia Wheatley seconded the motion.
The motion was carried unanimously.

9. **Board Member Comments/Announcements.**
   None.

10. **Next Meeting: Tuesday, October 17, 2023** at 9:00 a.m. in the Board Room (Saguaro A&B) of the Gateway Administration Building, 5835 S Sossaman Road, Mesa, Arizona. Members of the Phoenix-Mesa Gateway Airport Authority may attend either in person or by audioconference.

11. **Adjournment.**
    The meeting adjourned at 9:50 a.m.

Dated this _____ day of _____ 20___.

Board Action Item

Re: Resolution 23-52

To:	**Board of Directors**
From:	**Chris Brady, Mesa City Manager**
Through:	**Jill Casson Owen, Snell & Wilmer**
Subject:	**Employment Contract Amendment – Executive Director**
Date:	**October 17, 2023**

Proposed Motion
To approve a ninth amendment to the Executive Director's employment agreement effective October 1, 2023.

Narrative
The Board of Directors has approved annual and unscheduled employment contract adjustments with Mr. J. Brian O'Neill since he assumed the position of PMGAA Executive Director in 2016. The ninth amendment to Mr. O'Neill's Employment Agreement provides for (i) an approximate five and four tenths percent (5.4%) increase in his base salary, which is comprised of a three percent (3%) pay increase received by all eligible PMGAA employees and a salary adjustment associated with a new PMGAA Pay Plan Structure, and (ii) a modified contribution to his existing 457 deferred compensation account for a total contribution of $30,000 annually ($2,500 monthly), effective October 1, 2023. There are no other changes to the Agreement.

RESOLUTION NO. 23-52

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to approve a ninth amendment to the Executive Director's employment agreement effective October 1, 2023;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby approves a ninth amendment to the Executive Director's employment agreement effective October 1, 2023. This resolution also authorizes the Chair to execute such agreement, with such insertions, deletions, and changes as may be approved by the Chair, necessary to carry out the purposes and intent of this Resolution.**
>
> Passed and adopted by the Authority this 17th day of October, 2023.

Walter Wilson, Chair

J. Brian O'Neill Fiscal Year 2023 (FY23) Annual Performance Review

Phoenix-Mesa Gateway Airport Authority (PMGAA, Authority) is fortunate to have a team of highly motivated and experienced subject-matter experts serving all aspects of Phoenix-Mesa Gateway Airport's (Airport, Gateway Airport) operation. As Executive Director/CEO, my management philosophy is to recruit the best possible candidates, train them to successfully perform their unique duties, provide them with a positive work environment, and let them do their jobs. My primary responsibility is to ensure the Airport is operated in a safe, secure, customer-focused, efficient, environmentally friendly, and financially sustainable manner.

Each year, I strive to effectively communicate and work cooperatively with the PMGAA Board of Directors and Gateway Senior Staff as representatives of PMGAA's six Member Communities; federal, state, and local partners; and other key stakeholder groups to grow and improve the Airport in a responsible manner that maximizes its economic contribution to the entire greater Phoenix region.

In FY23, PMGAA achieved a very strong financial performance and record-setting passenger activity. The Authority also had more than one million square feet of private development under construction during the twelve-month reporting period. In recognition for past and current successes, PMGAA received the FY23 East Valley Partnership Legacy Award.

PMGAA staff continues to be guided by seven organizational goals identified by the PMGAA Board of Directors - **Increase Air Service; Maintain a High Level of Community Support; Strengthen Financial Sustainability; Invest in People and Operational Assets; Attract Commercial Development; Plan, Build, and Maintain Infrastructure; and Promote Regional Tourism**.

The information that follows is intended to highlight many of PMGAA's accomplishments during FY23 and their connection to PMGAA's established organizational goals.

Summary of FY23 PMGAA Organizational Achievements

- Airport Activity
  - Achieved record-setting passenger activity – 1.92MM total passengers
  - Continued airline recruitment efforts, meeting with six prospective airlines
  - DSV began scheduled weekly international air cargo service using B-747 aircraft
- Achieved strong FY23 financial performance - $3.9MM in net operating revenue
- Successfully completed FY23 FAA Part 139 Certification Inspection with no findings
- Successfully completed annual TSA Security Inspection with no findings

- Received clean FY23 Independent Financial Audit
- Implemented FY22-FY23 PMGAA Classification and Compensation Study
- Expanded A.V.I.A.T.O.R. Terminal Volunteer Program
- Commenced Gateway Tomorrow East Side Terminal Planning Study
- Serviced 125 executive jets during Super Bowl LVII
- Welcomed more than 500 area 5th grade students for Aviation Career Education (ACE) Day
- Several vehicle parking operation enhancements
    - Improved parking availability information on PMGAA website
    - Upgraded parking revenue and access control systems in Airport parking lots
    - Purchased new, larger parking lot shuttle busses
- PMGAA Construction Projects:
    - Completed Runway 12C-30C reconstruction and Runway 12R-30L design
    - Added 1,300 new parking spaces to the Ray Road Economy Parking Lot
    - Constructed 250,000 sq. ft. Alpha Apron Phase IV aircraft parking area
    - Began construction on 5-gate, 30,000 sq. ft. commercial passenger terminal addition
    - Began construction on enclosed pedestrian walkway
    - Commissioned new air traffic control tower
    - City of Mesa began construction of east side infrastructure
    - Constructed Taxiway Charlie connectors to Gulfstream's facility
    - Designed 150,000-gallon Fuel Farm expansion
    - Transportation Security Administration designed new in-line checked baggage system
    - Completed construction of Rental Car Return Lot improvements
    - Began construction of Rental Car Care Facility improvements
- Private Development Projects:
    - SkyBridge Arizona Master Development (Mesa SkyBridge, LLC)
        - Site preparation for 129-room hotel
        - Began construction on two 250,000 sq. ft. industrial buildings
        - Approved sublease for NAU School of Hotel and Restaurant Management Program and associated Kind Hospitality training restaurant
        - Began construction of interior roadways and utilities
        - Approved sublease for cross flow testing facility
    - Gateway East Master Development (The Boyer Company, LC)
        - Finalized Master Development Agreement, Master Lease, and Master Plan
        - Mesa City Council passed Development Agreement (DA)
    - Gateway Executive Airpark
        - Began construction of Virgin Galactic hangar (Hangar B) and manufacturing facility (Hangar C)
        - The Boeing Company completed improvements in their hangar (Hangar A)
    - Gulfstream Aerospace Corp.
        - Leased 50,000 sq. ft. hangar and three bays of SkyBridge Arizona's hangar
        - Hired approximately 100 local employees
        - Began construction on 225,000 sq. ft. West Coast Service Center
    - Terminal concessions - Opened Macayo's Mexican Food and Infusion Coffee and Tea Crafters
    - Allegiant Air leased an additional 63,000 sq. ft. maintenance hangar

FY23 Operational Metrics

PERFORMANCE METRICS	FYE22	FYE23	Variance
Total Commercial Passengers	1,815,369	1,917,911	102,542
Total Aircraft Operations	246,314	247,381	1,067
Aircraft Landing Fee Revenue	$1,562,305	$1,449,905	($112,400)
Terminal Tenant Lease Revenue	$161,418	$160,449	($969)
Airline Terminal Use Fee Revenue	$292,225	$271,675	($20,550)
Terminal Concession Revenue	$1,205,103	$1,481,006	$275,904
Facility/Land Lease Revenue	$4,726,455	$4,159,042	($567,413)
Ground Transportation Revenue	$220,792	$243,141	$22,349
Car Rental Revenue	$2,577,700	$3,058,465	$480,765
Vehicle Parking Revenue	$3,921,418	$4,405,848	$484,430
Fuel Sales	$6,324,413	$7,304,272	$979,858
Operating Revenue	$27,718,906	$29,581,494	$1,862,588
Net Operating Income	$4,739,767	$3,892,294	($847,473)

FY24 PMGAA Organizational Goals

- Complete Gulfstream Aerospace Corp. West Coast Service Center
- Complete 5-Gate Terminal Addition
- Complete Enclosed Pedestrian Walkway
- Begin Reconstruction of Runway 30L-12R
- Complete Construction of 150,000-gallon Fuel Farm expansion
- Continue PMGAA's Participation in Regional Transportation Planning Initiatives
- Maintain partnerships with Airport tenants, ASU, and CGCC
- Remove Airport Surveillance Radar (ASR) Facility and extinguish easement
- Increase net operating income and days of available cash on-hand
- Continue to control operational expenditures
- Promote SkyBridge Arizona Master Development and Unified Cargo Processing Program
- Promote Gateway***East*** Master Development
- Pursue all available federal, state, and local grants and other creative funding sources
- Continue providing guidance to adjacent communities on land use compatibility and other regional planning issues
- Lease Airport land to at least one new private development project
- Continue to recruit new airlines, pursue additional nonstop destinations, and increase passenger activity
- Continue to expand air cargo operations
- Achieve an exceptional FY24 FAA Part 139 Certification Inspection
- Achieve an exceptional FY24 TSA Security Inspection
- Receive a clean FY24 Independent Financial Audit

- Increase both aeronautical and non-aeronautical revenue
- Expand Community Outreach and Social Media Programs
- Support PMGAA staff development and subject-matter training opportunities
- Complete Rental Car Care Facility improvements
- Demolish old Air Traffic Control Tower and other surplus Airport structures

Board Action Item

Re: Resolution 23-53

To:	**Board of Directors**
From:	**Bob Draper, P.E., LEED AP, CM Engineering & Facilities Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**Safety Management System (SMS) Planning Services – Dibble Engineering – CIP975**
Date:	**October 17, 2023**

Proposed Motion

To approve an Authorization of Services with Dibble Engineering (Dibble) for Safety Management System (SMS) Planning Services for the Phoenix-Mesa Gateway Airport Authority in an amount not to exceed $323,668 under CIP 975.

Narrative

PMGAA is engaging the consultant services provided by Dibble, and sub-consultants, to perform a safety system gap analysis, produce an SMS implementation plan, and to produce a Safety Management System Manual that complies with FAR Part 139 sub-E, and using AC 150/5200-37 guidance. The FAA issued the Part 139 SMS Rule requiring small hub airports to create and submit an implementation plan for the Airport Safety Management System within 12 months of April 24, 2024. Subsequently, the Airport must also submit an SMS Manual 12-months after the FAA implementation plan approval is received, and fully implement the SMS within 36 months.

Dibble, as the Prime Consultant, will provide overall contract management and coordination between PMGAA and Garver, LLC (SMS Planning Subconsultant). Dibble will facilitate the meetings and will provide independent quality control reviews of the five major project submittals. Garver, LLC (Garver) will develop a comprehensive SMS implementation plan and manual, which will apply to all portions of the airport – airside, terminal, and landside.

In 2019, a Request for Qualifications, 2020-007-RFQ for On-Call Engineering Services was issued. Dibble Engineering was one of two firms selected as the most qualified. In accordance with the terms of our agreement, C-2020007-B, Dibble Engineering worked with Airport staff to refine a Scope of Work for Safety Management System (SMS) Planning Services. The total cost for these combined services was negotiated based upon the contract fee schedule at a cost not-to-exceed $323,668.

Fiscal Impact

This project was added to the FY24 Capital Budget utilizing FAA BIL Funds under CIP 975.

Attachment(s): AOS, Proposal

RESOLUTION NO. 23-53

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to approves an Authorization of Services with Dibble Engineering (Dibble) for Safety Management System (SMS) Planning Services for the Phoenix-Mesa Gateway Airport Authority in an amount not to exceed $323,668 under CIP 975;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby approves an Authorization of Services with Dibble Engineering (Dibble) for Safety Management System (SMS) Planning Services for the Phoenix-Mesa Gateway Airport Authority in an amount not to exceed $323,668 under CIP 975. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**

Passed and adopted by the Authority this 17th day of October, 2023.

Walter Wilson, Chair

ATTEST:

Misty Johnson, Clerk of the Board

APPROVED AS TO FORM:

Jill Casson Owen, Attorney

AUTHORIZATION OF SERVICES
Dibble, AOS 20B-2401

The signing of this Authorization (Agreement) by Phoenix-Mesa Gateway Airport Authority (PMGAA) and Dibble & Associates Consulting Engineers Inc., 7878 N. 16th Street, Ste 300, Phoenix, AZ 85202, ("Dibble"), authorizes Dibble to carry-out and complete the services described below in consideration of the mutual covenants set forth below:

1. **PROJECT**: Safety Management System (SMS) Planning Services under CIP 975.

2. **SCOPE OF WORK**: Perform and provide Planning Services for the Safety Management System (SMS) Program for PMGAA. All services are to be performed in accordance with PMGAA Agreement C-2020-007-B, including the Standard Terms, and the attached detailed scope of work. Services shall be coordinated with and approved by PMGAA Authorized Representative prior to start of work.

3. **FEE FOR SERVICES**: The fee for services shall be based upon the attached scope of work, not to exceed Three hundred twenty-three thousand, six hundred sixty-eight dollars and zero cents ($323,668) of PMGAA funds without the express written approval of PMGAA.

4. **AVAILABILITY OF PROJECT FUNDING:** The approval and continuation of this contract is subject to the availability of funds provided to, made available to, or appropriated by PMGAA for this purpose. In the event that funds are not available or appropriated for PMGAA's payment requirements under this contract for the goods and/or services to be provided hereunder, PMGAA may terminate this contract by providing notice to the consultant of the lack of the availability of funds. The consultant acknowledges and agrees that one source of funding for this contract may be funds made available from the Federal Aviation Administration and/or Arizona Department of Transportation, and that this contract, its approval and continuation, may contingent on the availability of those funds being made to PMGAA.

5. **INCORPORATED:** The following documents are hereby incorporated with this Authorization of Services and made part thereof:

   ☑ PMGAA Agreement C-2020007-B dated December 17, 2019.

6. **ATTACHED:** The following documents are attached to this Agreement and are incorporated herein by this reference made part thereof:

☑ Scope and Fee Proposal dated September 20, 2023.

PMGAA and Dibble acknowledge that they are in agreement with the terms and conditions as set forth in this Authorization.

APPROVED FOR PMGAA:	**ACCEPTED FOR Dibble:**

RE: ENGINEERING SERVICES PROPOSAL
PMGAA Contract No: C-2020007-B
PMGAA Project No: 1072
Authorization of Services No: 20B-2203
Safety Management System (SMS) Planning

We sincerely appreciate the opportunity to provide Planning Services for the Safety Management System (SMS) program at the Phoenix-Mesa Gateway Airport (PMGAA).

Dibble, as the Prime Consultant, will provide overall contract management and coordination between PMGAA and Garver. Dibble will attend the Kickoff Meeting and select status meetings; and will also provide independent quality control reviews of the five major project submittals prior to sending them to PMGAA. Garver will develop a comprehensive SMS implementation plan and manual per their attached scope of work. The SMS planning and Manual development is anticipated to run through June of 2025, with implementation and training to occur through the end of 2025.

The Dibble Team members are identified below, and their anticipated effort is shown in the estimated manhour matrix included herein. See Garver's scope of work and fee proposal for the full services they are providing.

- Project Principal/Quality Manager – Ken Snyder, PE
- Sr. Project/Contract Manager – Jared Bass, PE
- Engineering Technician/SMS Specialist – Kurt Dalton
- Administrative Assistant – Jim Hodge

Dibble in conjunction with their subconsultant, Garver, LLC, will perform these services for the following Lump Sum fees:

1. **SMS Planning Services**:
   1. Dibble.....Contract Management and Project Oversight..... $29,148.00
   2. Garver.....SMS Programming..... $294,520.00

Project Total..... $323,668.00

Transmitted herewith is our proposed fee summary, estimated manhours matrix, and subconsultant proposal (includes project schedule).

We are very grateful for this opportunity to work with the Phoenix-Mesa Gateway Airport on this new program. If you need additional information or have questions, please do not hesitate to contact us.

Sincerely,

Dibble

Re: Phoenix-Mesa Gateway Airport – Safety Management System Project

Dear Mr. Bass,

We appreciate the opportunity to support you on the Phoenix-Mesa Gateway Airport – Safety Management System project. Attached you will find the following related to our role on this project:

- Exhibit A: Scope of Services
- Exhibit B: Fee Proposal
- Exhibit C: Project Schedule

Please call me if you have any questions.

Sincerely,

GARVER

Nathan Polsgrove, A.A.E., IAP, ACE
Aviation Planning Director

Attachments: Exhibit A: Scope of Services
Exhibit B: Fee Proposal
Exhibit C: Project Schedule

EXHIBIT A
PHOENIX-MESA GATEWAY AIRPORT
SCOPE OF SERVICES
GARVER, LLC

Objective:

The objective of this project is to develop a Safety Management System (SMS) program for the Phoenix-Mesa Gateway Airport (IWA or Airport). This project includes:

- The development of a comprehensive SMS implementation plan and manual (i.e., an SMS implementation plan and manual that apply to all portions of the airport – airside, terminal, and landside).
- The development of a regulatory implementation plan and SMS manual meeting the requirements set forth in 14 Code of Federal Regulations (CFR) Part 139 and Federal Aviation Administration (FAA) Advisory Circular (AC) 150/5200-37A. These documents will be an appendix to the comprehensive SMS implementation plan and manual discussed in the bullet point above.
- Defined support activities related to the implementation of SMS at IWA.

Situation:

IWA is a small-hub airport as defined by the FAA and must therefore establish a SMS program under the final SMS rule published by the FAA on February 23, 2023 with an effective date of April 24, 2023. Under the final rule, IWA has twelve (12) months from the effective date of the rule (April 24, 2024) to develop and submit their SMS implementation plan to the FAA. Once the implementation plan is approved by FAA, IWA has twelve (12) months to develop their SMS manual and thirty-six (36) months to fully implement their SMS program.

Garver understands that IWA intends to expand its SMS program beyond the requirements established by the FAA. The IWA SMS program is expected to include integration with Occupational Safety and Health Administration (OSHA) requirements and apply throughout the airport campus (e.g., airside, terminal, and landside).

Specified Services:

This section discusses the specified services to be provided by Garver related to the development and implementation of an SMS program for IWA. This scope of work is broken down into three project phases with multiple tasks under each phase. Additionally, the deliverables for each project phase are defined.

<u>Phase One – SMS Program Planning</u>

The focus of this phase is to establish a foundation of data/information that will be used to develop the SMS implementation plan that will be created at the end of this phase. Consequently, this phase includes a review of existing safety practices and policies, a gap analysis, a best practices analysis, and the evaluation of existing technology platforms used by IWA and their ability to meet SMS requirements.

Task 1.1 – Project Kick-Off and General Project Management/Coordination

Upon receiving a Notice to Proceed (NTP) from the Airport, Garver will complete a virtual project kick-off meeting with Airport staff. The focus of the project kick-off meeting will be to:

- Identify and discuss the members of the Project Steering Committee (PSC).

- Identify and discuss existing safety policies, procedures, and manuals that can be provided to Garver for review in advance of the visioning and gap analysis visits.
- Identify and discuss specific organizations or individuals that should be interviewed as part of the gap analysis site visit (discussed in Task 1.6).

The project kick-off meeting will be attended by two (2) Garver staff members and is expected to take approximately one (1) hour.

Additionally, this task includes bi-weekly project status meetings with key airport staff to discuss project progress, next steps, and action items. Thirty (30) one (1) hour bi-weekly virtual meetings are assumed. The meetings will be attended by one (1) Garver staff member. Project status meetings may be stopped during periods of time where IWA and Garver are waiting to receive comments on draft deliverables from the FAA.

Task 1.2 – Safety Inventory

IWA staff will provide copies of all existing safety procedures, policies, training materials, and safety related data (e.g., incidents, accidents, etc.) to Garver for review. This is expected to include reviewing the following materials related to the regulatory portion of the SMS program:

- Incident/accident reports at IWA for the previous 24-month period (airside only)
- Airside safety related data review (e.g. runway incursions, vehicle accidents or moving violations) for the previous 24-month period
- Established safety policies and procedures for Airport staff including accident/incident investigation procedures (airside only)
- Established safety and security training for Airport badge holders and/or Airport staff
- Airport Driver's Training Program materials
- Safety enforcement policies
- Airport rules and regulations
- Airport Certification Manual
- Existing safety promotion programs and materials
- Safety communication policies and procedures
- Existing safety/hazard reporting programs, if established
- Existing safety related inspection procedures
- Other safety related programs (e.g. FOD programs, ramp safety programs, etc.), if established.
- Airport construction safety policies and materials (e.g., standard bid specifications for safety related items during construction)

Additionally, the following materials will be reviewed related to the comprehensive SMS program that will extend beyond 14 CFR Part 139 requirements:

- Incident/accident reports at IWA for the previous 24-month period (terminal and landside)
- Occupational Safety and Health Administration (OSHA) training materials and records
- Safety related data review (e.g. employee injuries, passenger injuries, OSHA reports, etc.)

This information will be reviewed by Garver staff to develop an inventory of existing safety related procedures, policies, and training materials to be evaluated further as part of the gap analysis.

Task 1.3 – Airport Best Practices Research and Survey

Garver will survey a minimum of three (3) and up to five (5) comparable commercial service airports in the United States to gather information regarding their goals, scope, organizational structure, technology, and operating principals related to their SMS program. Garver will prepare a draft version of the best practices survey for IWA staff review and approval. Once the survey questions have been approved by IWA staff, Garver will complete the best practices research.

The results of this task will be reviewed in a virtual meeting with the PSC to identify and discuss specific best practices to be incorporated into the IWA SMS program. The virtual meeting is expected to be two (2) hours and will be attended by two (2) Garver staff members. Garver will provide an electronic version of the PowerPoint to IWA staff for future reference.

Task 1.4 – Existing Technology Platform Evaluation

Garver will inventory the existing technology platforms currently utilized by IWA and evaluate the potential for those platforms to fulfill the safety reporting and data retention/analysis requirements set forth in the FAA's current standards. This task is expected to include a virtual meeting with IWA's Information Technology (IT) staff and the Airport's SMS Committee to identify and discuss the current technology platforms used by the Airport. This meeting is expected to be two (2) hours in length and will be attended by two (2) Garver staff members. Up to three (3) additional one (1) hour virtual meetings will also be completed, if required, with existing software vendors to gather data/information related to the capabilities of their platforms to meet SMS requirements. This task also includes online research regarding existing and emerging SMS related software packages.

At the conclusion of this task, Garver will prepare a brief report summarizing the existing technology platforms used at IWA and discussing their ability to potentially meet SMS requirements. This report will include an initial recommendation on if an existing software package could be used to meet SMS requirements or if a new software package will need to be procured. The report is expected to be between five (5) and seven (7) pages in length. The report will include a draft scope of services that IWA staff could use to help procure a software program to support their SMS system and evaluation criteria. The report will be provided to IWA staff for review and comment. One comment/revision cycle is assumed.

Task 1.5 – Safety Culture Survey

Garver will facilitate the conduct of the Futron Airport Safety Culture Survey (Futron ASCA) to measure the current IWA safety climate and assess aspects of the existing IWA safety culture. The FAA Advisory Circular 150/5200-37A, paragraph 2.3.1 states that airports ". . . may need to consider their current safety culture and account for further cultural development in their SMS implementation plan." It further states in paragraph 2.3.2 that in the development of the SMS Implementation Plan, one of the suggested steps is to "Inventory existing safety processes, . . . and understand the current safety culture of the organization. This is the current state or starting point." Futron's ASCA will provide this important view of the current state of the safety climate at the Airport and provide a starting point for crafting safety culture-shaping strategies that can be included in the IWA SMS Implementation Plan.

Garver will work with IWA staff to accomplish the following:

- Modify the existing survey framework to fit the needs and interests of IWA.
    - This will be accomplished via a one (1) hour virtual meeting, attended by two (2) Garver team members. Additional coordination may take place by email, if needed.
- Provide necessary information for IWA personnel to access the survey.

- Monitor and manage the conduct of the survey
    - Garver will distribute the survey on the Airport's behalf or the Airport may choose to distribute the survey to determined recipients. A mutually agreed-upon timeframe for the survey to be active will be determined at the start of this task.
- Analyze the survey data
    - Provide a virtual presentation and briefing of the survey results to IWA leadership This presentation will be a one (1) hour meeting attended by two (2) Garver team members.

Task 1.6 – Gap Analysis

Utilizing the results of the preceding tasks as a foundation, Garver will conduct a gap analysis to review how IWA's existing safety practices compare to industry standards and best practices for SMS and safety. This gap analysis includes identifying and analyzing gaps related to the following standards applicable to the regulatory SMS requirements set forth by the FAA:

- 14 CFR Part 139
- AC 150/5200-37A

For the non-regulatory portion of the SMS program, the following industry standards and best practices will also be considered:

- National Fire Protection Association (NFPA)
- Occupational Safety and Health (OSHA)
- ICAO
- ACI
- ACRP
- International Standard for Business Aircraft Handling (IS-BAH)

To inform the gap analysis, Garver will complete a two (2) day gap analysis site visit at IWA. This site visit will be expanded to four (4) days if the SMS program includes nonregulatory areas (e.g. terminal/landside areas). This site visit will be completed on consecutive days and will be attended by two (2) Garver staff members. The gap analysis is expected to include the following activities:

- Interviews with up to six (6) individuals or groups to discuss existing safety practices, procedures, and activities. The individuals or groups will be identified in consultation with airport staff. This will likely include interviews with airport operations, Aircraft Rescue and Fire Fighting (ARFF), airport maintenance, and others.
- General observations of airside activities
- Air carrier apron ramp inspection
- Fuel farm inspection
- Perimeter inspection
- Safety and training records inspection

The gap analysis shall be expanded to include other non-SMS regulatory areas (e.g. terminal/landside). Consequently, the following work will be included:

- Up to four (4) additional interviews
- Terminal facility inspection
- OSHA training records inspection

- Landside facilities (e.g., parking, roadways, etc.) inspection

Task 1.7 – FAA Airport Certification Safety Inspector (ACSI) Collaboration

The Airport will be the only conduit to the ACSI, all communications and collaboration shall be through the Airport and no direct communication with the ACSI shall occur without prior approval from the Airport.

This task includes up to two (2) virtual meetings with IWA's FAA ACSI to discuss SMS planning and development. The meetings are expected to be one (1) hour in length and will be attended by two (2) Garver staff members.

Task 1.8 – Pre-Plan Development Meeting

This task includes a virtual meeting with Airport Executives to discuss SMS planning and development. The meeting is expected to be one (1) hour in length and will be attended by two (2) Garver staff members.

Task 1.9 – Implementation Plan Development

As part of this task Garver will develop the following:

- SMS Implementation Plan to Meet FAA Requirements – This implementation plan will be based on the requirements and template provided in Appendix C of FAA AC 150/5200-37A. This document is expected to be between ten (10) to twenty (20) pages in length. The SMS implementation plan checklist contained in Appendix C of FAA AC 150/5200-37A will also be completed.
- SMS Comprehensive Implementation Plan – This implementation plan will further define the development strategy for the comprehensive SMS program for IWA. This document is expected to be between twenty (20) to thirty (30) pages in length.

Both implementation plans will be submitted to IWA staff for review and comment. One comment/revision cycle is assumed. Up to four (4) virtual one (1) hour meetings are included in this task.

The SMS Implementation Plan to meet FAA requirements will be submitted to the FAA for their official review. Any comments on the proposed implementation plan will be addressed by Garver. The development and submittal of the FAA required implementation plan will be prioritized.

Phase One Deliverables

As discussed in the preceding tasks, the following deliverables are included as part of Phase One:

- Technology Report
- Provide a draft procurement scope for software technology including evaluation criteria.
- SMS Implementation Plan to Meet FAA Requirements
- SMS Comprehensive Implementation Plan

Phase Two – SMS Manual Development

This phase will build upon the results of Phase One to develop an SMS Manual for IWA. As discussed in the Objective section at the beginning of this scope of services, Garver will develop a comprehensive SMS manual for IWA in addition to a more succinct manual to meet only the regulatory requirements established by FAA.

Task 2.1 – SMS Manual Development

As part of this task Garver will develop the following:

- SMS Manual Meeting FAA Requirements – This SMS manual will be based on the requirements and template provided in Appendix D of FAA AC 150/5200-37A. This document is expected to be between twenty (20) and thirty (30) pages.

- Comprehensive SMS Manual – This SMS manual will outline all the elements of the comprehensive SMS program at IWA and will include multiple chapters/sections. The length of this document may vary based on the strategy for SMS implementation. However, it is expected that the document will be between six (6) to eight (8) chapters.

The SMS Manual to meet FAA requirements will be submitted to the Airport and then the FAA for their official review. Any comments on the proposed manual will be addressed by Garver. One comment/revision cycle is assumed for each review.

For the comprehensive SMS manual, chapters will be developed individually for review by airport staff. This task includes up to twelve (12) virtual one (1) hour meetings to discuss various chapters of the SMS manual and to support the manual's adoption by airport leadership. One comment/revision cycle is assumed for each chapter.

The initial focus will be on the development of the safety policy and Safety Risk Management (SRM) policies and chapters. Subsequent chapters will be developed related to safety promotion, safety assurance, and other key aspects of airport safety.

Task 2.2 – SMS Manual Meeting

This task includes a virtual meeting with Airport Executives to discuss SMS planning and development. The meeting is expected to be one (1) hour in length and will be attended by two (2) Garver staff members.

Task 2.3 – FAA Airport Certification Safety Inspector (ACSI) Collaboration

The Airport will be the only conduit to the ACSI, all communications and collaboration shall be through the Airport and no direct communication with the ACSI shall occur without prior approval from the Airport.

This task includes up to two (2) virtual meetings with IWA's FAA ACSI to discuss the SMS manual. The meetings are expected to be one (1) hour in length and will be attended by two (2) Garver staff members.

Phase Two Deliverables

As discussed in the preceding tasks, the following deliverables are included as part of Phase Two:

- SMS Manual Meeting FAA Requirements
- Comprehensive SMS Manual

Phase Three – SMS Implementation Support

The focus of this phase is to provide support related to the implementation of SMS at IWA. Specifically, this phase is focused on providing support related to the implementation of the FAA regulated portion of the SMS program.

Task 3.1 – FAA Required SMS Training

Garver will provide up to three (3) virtual training sessions to individuals with responsibilities under the FAA regulatory portion of IWA's SMS program. This training is intended to meet the requirements set forth in 14 CFR Part 139.402(d)(3). Each training session will be up to two (2) hours in length and will be attended by two (2) Garver staff members. Copies of the PowerPoint presentation and other training materials will be provided to IWA staff.

Task 3.2 – Development of SMS Promotional Materials

Garver will create up to two (2) different SMS promotional flyers/posters for the airport to distribute to personnel authorized to access airport areas regulated under the FAA regulatory potion of IWA's SMS program. Per the requirements set forth in 14 CFR Part 139.402(d)(1) this will include information related to hazard identification and reporting. This may include supporting minor changes to existing safety and security training provided to airport badge holders.

Task 3.3 – Safety Risk Management Training

Garver will provide a single Safety Risk Management (SRM) training session for any airport personnel that may be required to lead an SRM process. The SRM process will take place in person at IWA and will be completed in a single day. As part of the training, a mock SRM will be conducted. Mock SRM forms will also be completed to serve as an example. Two (2) Garver personnel will conduct this training. Training curriculum, including presentation materials will be provided to the airport. The in-person training may be recorded for future training use by the airport.

Task 3.4 – SMS Quick Reference Guide

Garver will create a SMS quick reference guide that provides an executive summary of the SMS program and requirements at IWA. An electronic version of the quick reference guide will be provided to IWA staff for printing and distribution.

Phase Three Deliverables

As discussed in the preceding tasks, the following deliverables are included as part of Phase Three:

- FAA Required SMS Training materials
- Two (2) SMS Promotional Flyers/Posters
- SRM Training Materials
- SMS Quick Reference Guide

Excluded Scope:

For clarity, the following items are specifically not included within the scope of this project:

- Development of emergency, hazardous materials, evacuation, or security related response plans or training that may be related to SMS.
- Implementation support related to non-FAA regulated portions of the SMS program (e.g., terminal, landside, etc.).
- Procurement of a new technology platform to support SMS implementation.

Board Action Item

Re: Resolution 23-54

To:	**Board of Directors**
From:	**Art Montoya, Interim Information Technology Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**Microsoft Licensing Renewals through CDW-G**
Date:	**October 17, 2023**

Proposed Motion
To authorize a purchase with CDW Government, Inc. (CDW-G) for annual Microsoft licensing renewals, in an amount not to exceed $56,638.04.

Narrative
Multiple Microsoft software and programs are currently used throughout the organization. The software requires annual licensing renewals. CDW-G is an authorized Microsoft reseller.

Board authorization for the purchase of the Microsoft annual software maintenance licensing renewals is necessary for access and to continue use of the Microsoft software including our cloud-based Office 365 product suite.

Phoenix-Mesa Gateway Airport Authority (PMGAA) is a participant of the National IPA (NIPA) cooperative purchasing group. Under NIPA, CDW-G was awarded Information Technology Solutions and Services contract #2018011-01. It is through this cooperative purchasing agreement that PMGAA will utilize CDW-G for Microsoft licensing renewals. This contract is available upon request.

Fiscal Impact
This purchase was included in the FY24 ITS Operating Budget.

RESOLUTION NO. 23-54

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize a purchase with CDW Government, Inc. (CDW-G) for annual Microsoft licensing renewals, in an amount not to exceed $56,638.04;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes a purchase with CDW Government, Inc. (CDW-G) for annual Microsoft licensing renewals, in an amount not to exceed $56,638.04. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**

Passed and adopted by the Authority this 17th day of October, 2023.

Walter Wilson, Chair

Monthly payment based on 36 month lease. Other terms and options are available. Contact your Account Manager for details. Payment quoted is subject to change.

Why finance?

• Lower Upfront Costs. Get the products you need without impacting cash flow. Preserve your working capital and existing credit line.

• Flexible Payment Terms. 100% financing with no money down, payment deferrals and payment schedules that match your company's business cycles.

• Predictable, Low Monthly Payments. Pay over time. Lease payments are fixed and can be tailored to your budget levels or revenue streams.

• Technology Refresh. Keep current technology with minimal financial impact or risk. Add-on or upgrade during the lease term and choose to return or purchase the equipment at end of lease.

• Bundle Costs. You can combine hardware, software, and services into a single transaction and pay for your software licenses over time! We know your challenges and understand the need for flexibility.

General Terms and Conditions:

This quote is not legally binding and is for discussion purposes only. The rates are estimate only and are based on a collection of industry data from numerous sources. All rates and financial quotes are subject to final review, approval, and documentation by our leasing partners. Payments above exclude all applicable taxes. Financing is subject to credit approval and review of final equipment and services configuration. Fair Market Value leases are structured with the assumption that the equipment has a residual value at the end of the lease term.

Board Action Item

Re: Resolution 23-55

To:	**Board of Directors**
From:	**Arturo Montoya, Information Technology Director**
Through:	**Chuck Odom, CFO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**CIP 1244 Network Core and Edge Equipment Life Cycle Refresh**
Date:	**October 17, 2023**

Proposed Motion
To authorize the procurement of network equipment from Hye Tech Network and Security Solutions, LLC (Hye Tech) in an amount not to exceed $292,195.

Narrative
The Phoenix-Mesa Gateway Airport Authority's (PMGAA) Information Technology Service ensures the Airport's operation, compliance, and disaster recovery functionality relative to information technology industry standards. FY24 is slated to continue with prior fiscal years practice of computer equipment refresh replacement program per a pre-established schedule. The procurement of new network routers and switches will complete a seven-year refresh life cycle program.

As a qualified member of the Arizona Department of Administration State Procurement Office (ADSPO), PMGAA is able to procure goods and services under state contracts that have been competitively bid. The State has currently contracted with Hye Tech for computer hardware and support under contract CTR059868. It is under this contract that PMGAA will procure the equipment. This contract is available upon request.

Fiscal Impact
This purchase was included in the FY24 Capital Improvement Projects and is funded under CIP 1244.

Professional Services:

Objectives:

- Perform discovery of PMGA distribution and core switching environment
- Configure up to two (2) campus core switches
- Configure up to three (3) access layer switches in a switch stack
- Configure up to two (2) internet edge routers

Network Device Configuration:

- Perform code upgrade on all infrastructure to latest recommended release
- Perform configuration to client standards based on HyeTech and manufacturer best practice
  - Review existing Core switch configuration
  - Review existing topology
- Initialize each device for management
  - Configure Management IP addressing
  - Configure SSH access for remote management
- Upgrade IOS firmware to vendor recommended levels
- Perform base device configuration
- Device and protocol hardening and security
  - Ensure all encrypted protocols are used
  - Protect management and control plane
- Enable best practices protocols for Catalyst operation

Professional Services:

- Configure layer 2 and layer 3 functions per design
  - VLANs / Layer 2
  - Networks / Layer 3
  - Routing and routing protocols
- Configure interface settings
  - MTU
  - Interface VLAN configuration
  - L3 Interface configuration
- Configure Quality of Service for all pathways

Internet Edge Router Configuration:

- Interface policing and QoS configuration as needed
- Peer with Internet Providers, advertise appropriate routers and receive default route
- Create BGP adjacency with core device and advertise default route to internal network

Onsite Cutover

- Schedule change window with PMGA IT
- Migrate core connections with the assistance of PMGA IT to new core stack
- Perform network level testing to ensure successful cutover
- Work with PMGA IT to perform application level testing
- Provide up to 4 hours of next-day support

Project Management:

- Provide project management throughout engagement to ensure successful outcome
- Provide regular project status meetings
- Milestone tracking
- Risk tracking
- Project closeout

Deliverables:

- Provide as-built documentation of Core switch stack
- Provide configuration template for access layer switches

Assumptions:

- Customer to provide Hye Tech with all relevant organizational policies such as standardization, naming convention, IP addressing, or other pertinent information to the project
- Customer will participate and provide access to information, documentation, and technology necessary for project discovery
- Customer to provision access to necessary infrastructure
- Customer to physically rack / stack / and cable all network devices
- Customer to provide access to any support or licensing contracts associated with the project
- Items not specified in this scope of work are explicitly excluded from this service offering

Quote Summary	Amount

Terms & Conditions:

Invoicing & Payment

Unless otherwise stated in an SOW, exhibit, or definitive agreement, HyeTech shall invoice Customer on a project basis. Customer shall pay HyeTech within thirty (30) calendar days from the date of invoice for any of the Services and expenses provided or incurred hereunder. HyeTech may charge Customer interest and late fees on any overdue and unpaid portion of the Fees in an amount equal to one and one half percent (1.5%) per month. All payments shall be made in U.S. dollars. In the event Customer disputes any Fees, Customer shall pay any undisputed portion of the invoice containing the disputed Fees.

Suspension

In the event of non-payment of any Fees or other fees payable within forty-five (45) days from the date of invoice, HT may, in addition to any other rights and remedies it may have, suspend Customer's access to the Products and Services.

Board Action Item

Re: Resolution 23-56

To:	**Board of Directors**
From:	**Bob Draper, P.E., LEED AP, CM Engineering & Facilities Director**
Through:	**Scott Brownlee, Deputy Director/COO** **J. Brian O'Neill, A.A.E., Executive Director/CEO**
Subject:	**FY24 Capital Budget Amendment – TSA In-Line Checked Baggage System Design – CIP 1265**
Date:	**October 17, 2023**

Proposed Motion

To Authorize an Amendment of the FY24 Capital Budget to provide an additional $367,387.50 under Contract Modification #1, to the initial $438,891 in funding for the Transportation Security Administration In-Line Checked Baggage System Design under CIP 1265. The new design contract total will be $806,278.50.

Narrative

Due to the increase in passenger traffic at the Phoenix-Mesa Gateway Airport (PMGAA), it was determined that the existing Baggage Handling System (BHS) will not be able to adequately keep up with the number of bags being checked. PMGAA staff are working with Studdiford Technical Solutions, LLC (STS), an Engineering and Design Architectural Firm, to provide planning and design services for a new in-line Checked Baggage Inspection System (CBIS). This project is being done in collaboration and coordination with the Transportation Security Administration (TSA), airlines and other airport stakeholders to deliver a system which meets the screening requirements set forth by the TSA.

The scope of this contract modification is to provide additional planning and design services for the new in-line CBIS. Initially the project was anticipated and funded to be a 1+1 Explosive Detection System (EDS) CBIS. During the preliminary design phase, PMGAA provided new flight data to STS that showed the EDS count needed to increase from a 1+1 EDS to a 2+1 EDS CBIS. The Main Terminal at IWA does not have sufficient space to install a 2+1 EDS system without greatly impacting the ticketing lobby and passenger experience. STS developed three (3) alternatives for PMGAA to review and select. PMGAA Management determined the reduction in space was not acceptable and the building expansion alternative would suit the Airport's needs best. The building expansion is 7,500 sq ft (65' x 115') and is an extension of the south side of the existing Ticketing Terminal Building and will be designed in accordance with the TSA's Planning Guidelines and Design Standards (PGDS) for Checked Baggage Inspection Systems.

Fiscal Impact

Requesting that these additional funds ($367,387.50) listed under Contract Modification #1, for the TSA In-Line Checked Baggage System Design, be added and included in the FY24 Capital Budget utilizing PMGAA non-grant funds under CIP 1265, for a new project total of $806,278.50.

RESOLUTION NO. 23-56

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize an Amendment of the FY24 Capital Budget to provide an additional $367,387.50 under Contract Modification #1, to the initial $438,891 in funding for the Transportation Security Administration In-Line Checked Baggage System Design under CIP 1265. The new design contract total will be $806,278.50;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes an Amendment of the FY24 Capital Budget to provide an additional $367,387.50 under Contract Modification #1, to the initial $438,891 in funding for the Transportation Security Administration In-Line Checked Baggage System Design under CIP 1265. The new design contract total will be $806,278.50. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**

Board Action Item

Re: Resolution 23-57

To:	**Board of Directors**
From:	**Veronica Lewis, Human Resources Director**
Through:	**Chuck Odom, Chief Financial Officer/CFO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**Employee Benefit Package for Calendar Year 2024**
Date:	**October 17, 2023**

Proposed Motion

Authorize Phoenix-Mesa Gateway Airport Authority's (PMGAA's) insurance broker, USI Insurance Services LLC, to purchase benefit plans (medical, dental, vision, basic life/accidental death & dismemberment, and short-term disability) from various carriers. This consists of a 12-month renewal January 1, 2024 through December 31, 2024 with an estimated plan cost of $1,127,684 for the calendar year.

Narrative

PMGAA's benefit broker, USI Insurance Services LLC, received quotes from current and other industry-leading insurance carriers for a 12-month medical plan. USI negotiated the best possible rate from each carrier and was able to negotiate decreases in the rates. As a result, PMGAA staff is proposing a carrier change from Cigna to Blue Cross Blue Shield who quoted an average 12.5% decrease in rates with similar plan coverage options.

PMGAA staff is recommending that PMGAA contribute $1,600 of the $3,200 deductible per year for employee coverage, $2,250 of the $6,400 deductible per year for employee plus spouse or children, and $3,000 of the $6,000 deductible per year for the family coverage to employee Health Savings Accounts. This recommendation is to encourage enrollment in the HDHP plans which is a consumer driven plan and has been shown to help manage plan cost over the long-term for both employees and PMGAA.

PMGAA staff proposes that Delta Dental continue to be the carrier for dental, EyeMed continue to be the carrier for vision, and Mutual of Omaha continue to be the carrier for basic life/accidental death & dismemberment, and short-term disability plans as there is a 0% increase in premiums for these carriers. Additionally, it is recommended that we maintain our Employee Assistance program with IBH Population Health Solutions with no change in premium.

Providing competitive benefits has been and continues to be a major retention and attraction tool in PMGAA's recruiting and employee retention efforts. In that regard, the objective is to maintain a high level of plan services and minimize costs. We considered plan benefit levels, costs to employees, and the overall budget effect of the plans.

Fiscal Impact
Cost of the benefits package for Calendar Year 2024 is estimated to be $962,387 (employer's portion) and $165,297 (employee's portion) for a total of $1,127,684. This reflects a 12.5% decrease from the previous calendar year.

Commissions and Fees

As a licensed insurance producer, USI is authorized to confer with or advise our clients and prospective clients concerning substantive benefits, terms or conditions of insurance contracts, to sell insurance and to obtain insurance coverages for our clients. Our compensation for placement of insurance coverage, unless otherwise specifically negotiated and agreed to with our client, is customarily based on commission calculated as a percentage of the premium collected by the insurer and is paid to us by the insurer. We may also receive from insurers and insurance intermediaries (which may include USI affiliated companies) additional compensation (monetary and non-monetary) based in whole or in part on the insurance contract we sell, which is contingent on volume of business and/or profitability of insurance contracts we supply to them and/or other factors pursuant to agreements we may have with them relating to all or part of the business we place with those insurers or through those intermediaries. Some of these agreements with insurers and/or intermediaries include financial incentives for USI to grow its business or otherwise strengthen the distribution relationship with the insurer or intermediary. Such agreements may be in effect with one or more of the insurers with whom your insurance is placed, or with the insurance intermediary we use to place your insurance. You may obtain information about the nature and source of such compensation expected to be received by us, and, if applicable, compensation expected to be received on any alternative quotes pertinent to your placement upon your request.

USI values your feedback regarding compliance with our disclosure policy. You may contact the toll-free USI Compliance Hotline (866-657-0861) at any time, and your call will be referred to applicable company management for further investigation.

Section I

Summaries

Executive Summary
January 1, 2024

USI Insurance Services is pleased to present Phoenix-Mesa Gateway Airport Authority with the renewal and marketing evaluation for the 2024 plan year. The following outlines the strategies and projections for your consideration.

Medical Renewal - Cigna

Initial Renewal: 14.8% (9.5% increase in claims, 23.2% increase in fixed costs)

USI's Financial Projection: 10% increase

Negotiated Renewal:

- **With no changes: 9.0%** (9.7% increase in claims, 7.9% increase in fixed costs)
- **With adjustment in pooling point (from $45k to $50k): 9.9%** (13.8% increase in claims, 3.8% increase in fixed costs)

The requested increase is driven by the following factors:

- 2023 YTD Net Loss Ratio of 103.6% (target is 80-85%)
- 2022 ended just above target with 86.3% Net Loss Ratio
- 2 large claims, 1 active and 1 on COBRA
  - COBRA large claimant is $212,746 over the specific stop loss of $45,000
  - Active large claimant is $66,747 over the specific stop loss and is an ongoing cancer claim

Cigna will provide 4-tier rates once PMGAA determines if they will renew

Market Response:

- Aetna – Level Funding: 5.2% *below current*
- BCBS of AZ – Balanced Funding: 10.1% increase
- BCBS of AZ – Fully Insured: 5.7% *below current*
- UHC – Level Funding: 1.1% *below current*

Dental Renewal - Delta Dental

Renewal: 0% increase

Delta Dental's renewal reflects no changes in benefits. Rates are guaranteed to January 1, 2025.
Included is a 4 tier rate option.

Vision Renewal - EyeMed

Renewal: 0% increase

EyeMed's contract is under a rate guarantee until January 1, 2025. There are no changes in benefits.

Life and Accidental Death & Dismemberment - Mutual of Omaha
Renewal - 0% Increase

Mutual of Omaha is in rate guarantee until January 1, 2025

Voluntary Life and Accidental Death & Dismemberment - Mutual of Omaha
Renewal 0% increase

Mutual of Omaha is in rate guarantee until January 1, 2025

Short Term Disability - Mutual of Omaha
Renewal 0% Increase

Mutual of Omaha is in rate guarantee until January 1, 2025

Critical Illness - UNUM
UNUM is in rate guarantee until January 1, 2025

Employee Assistance Program (EAP) - IBH Population Health Solutions
Renewal 0% Increase

Uprise is in rate guarantee until January 1, 2025
Beginning January 1, 2024, Uprise will switch from monthly billing to annual invoicing.

Thank you for this opportunity to present Phoenix-Mesa Gateway Airport Authority's renewal and market analysis. We value your business and look forward to another successful year.

Compensation Disclosure

Phoenix Mesa Gateway Airport Authority (PMGAA)
USI Administered Employee Benefit Plans
Compensation Disclosure
January 1, 2024 Renewal Date

USI is making the following compensation information available effective with the renewal date above. For ERISA group health plan fiduciaries this is in accordance with requirements under ERISA 408(b)(2).

1. The direct compensation USI expects to receive for servicing your health benefits is:

Broker Fee, independent from any specific coverage/plan below	$32,000 per year

	Plan Type		Renewal
Medical (Fully Insured)	Medical PPO	CIGNA	0.0%
Dental	Dental PPO	Delta Dental of Arizona	0.0%
Vision	Vision	Mutual of Omaha Insurance Company	0.0%
Employee Assistance Program	Employee Assistance Program (EAP)	Uprise	0.0%
Voluntary Critical Illness	Voluntary Critical Illness	Unum Life Insurance Company of America	0.0%

Non health plans; one or more of life, disability, non-ERISA stop loss, other ancillary	Ranges from 0%

2. The expected indirect compensation USI expects to receive is:

It is possible that some of the insurance companies from which USI obtains coverage may pay it additional incentive commissions, sometimes referred to as contingent, supplemental, or bonus commissions, which may be based on the total volume of business we sell for them, and/or the growth rate of that business, retention rate, claims loss ratio, or other factors considering our entire book of business with an insurance company for a designated period of time. Such additional commissions, if any, would be in addition to any other compensation USI may receive. By coverage type indirect compensation ranges are as follows:

Medical & Stop Loss approximately 0%

Dental, Vision, Ancillary approximately 0%

35. The services USI will provide include some or all of the following:

Design of health care plans, cost-containment and other plan design recommendations. Preparation of bid specifications (RFP). Analysis of proposals and presentation of findings. Renewal analysis and negotiation. Reporting/Servicing Meetings. Contract Review. Employee Meetings. Employer/Employee Communications.

4. USI does not offer or provide fiduciary services to the plan.

5. In some cases USI may involve the services of a general agent based carrier requirements or distribution model. In some cases general agent may be owned by USI, and will receive compensation in addition to what is detailed above, and will be in the range of 1% to 2% of medical premium or $3.00 to $16 PEPM based on enrolled and 1% to 6% on dental and vision premium.

6. This disclosure document includes the disclosures USI is required to make in accordance with ERISA Section 408(b)(2). Any other plan service provider that is subject to the 408(b)(2) disclosure requirements is required to make its own independent 408(b)(2) disclosure and any such disclosures are not included in this disclosure.

In this report you may view information which is not under the control of USI Insurance Services. We have no control over the nature, content and availability of that information. The inclusion of information does not necessarily imply a recommendation or endorse the views expressed within them.

Commissions and Fees

As a licensed insurance producer, USI is authorized to confer with or advise our clients and prospective clients concerning substantive benefits, terms or conditions of insurance contracts, to sell insurance and to obtain insurance coverages for our clients. Our compensation for placement of insurance coverage, unless otherwise specifically negotiated and agreed to with our client, is customarily based on commission calculated as a percentage of the premium collected by the insurer and is paid to us by the insurer. We may also receive from insurers and insurance intermediaries (which may include USI affiliated companies) additional compensation (monetary and non-monetary) based in whole or in part on the insurance contract we sell, which is contingent on volume of business and/or profitability of insurance contracts we supply to them and/or other factors pursuant to agreements we may have with them relating to all or part of the business we place with those insurers or through those intermediaries. Some of these agreements with insurers and/or intermediaries include financial incentives for USI to grow its business or otherwise strengthen the distribution relationship with the insurer or intermediary. Such agreements may be in effect with one or more of the insurers with whom your insurance is placed, or with the insurance intermediary we use to place your insurance. You may obtain information about the nature and source of such compensation expected to be received by us, and, if applicable, compensation expected to be received on any alternative quotes pertinent to your placement upon your request.

USI values your feedback regarding compliance with our disclosure policy. You may contact the toll-free USI Compliance Hotline (866-657-0861) at any time, and your call will be referred to applicable company management for further investigation.

Phoenix Mesa Gateway Airport Authority (PMGAA)
USI Administered Employee Benefit Plans
Compensation Disclosure
January 1, 2024 Renewal Date

USI is making the following compensation information available effective with the renewal date above. For ERISA group health plan fiduciaries this is in accordance with requirements under ERISA 408(b)(2).

1. The direct compensation USI expects to receive for servicing your health benefits is:

Broker Fee, independent from any specific coverage/plan below	$32,000 per year

	Plan Type		Renewal
Medical (Fully Insured)	Medical PPO	CIGNA	0.0%
Dental	Dental PPO	Delta Dental of Arizona	0.0%
Vision	Vision	Mutual of Omaha Insurance Company	0.0%
Employee Assistance Program	Employee Assistance Program (EAP)	Uprise	0.0%
Voluntary Critical Illness	Voluntary Critical Illness	Unum Life Insurance Company of America	0.0%

Non health plans; one or more of life, disability, non-ERISA stop loss, other ancillary	Ranges from 0%

2. The expected indirect compensation USI expects to receive is:

It is possible that some of the insurance companies from which USI obtains coverage may pay it additional incentive commissions, sometimes referred to as contingent, supplemental, or bonus commissions, which may be based on the total volume of business we sell for them, and/or the growth rate of that business, retention rate, claims loss ratio, or other factors considering our entire book of business with an insurance company for a designated period of time. Such additional commissions, if any, would be in addition to any other compensation USI may receive. By coverage type indirect compensation ranges are as follows:

Medical & Stop Loss approximately 0%

Dental, Vision, Ancillary approximately 0%

35. The services USI will provide include some or all of the following:

Design of health care plans, cost-containment and other plan design recommendations. Preparation of bid specifications (RFP). Analysis of proposals and presentation of findings. Renewal analysis and negotiation. Reporting/Servicing Meetings. Contract Review. Employee Meetings. Employer/Employee Communications.

4. USI does not offer or provide fiduciary services to the plan.

5. In some cases USI may involve the services of a general agent based carrier requirements or distribution model. In some cases general agent may be owned by USI, and will receive compensation in addition to what is detailed above, and will be in the range of 1% to 2% of medical premium or $3.00 to $16 PEPM based on enrolled and 1% to 6% on dental and vision premium.

6. This disclosure document includes the disclosures USI is required to make in accordance with ERISA Section 408(b)(2). Any other plan service provider that is subject to the 408(b)(2) disclosure requirements is required to make its own independent 408(b)(2) disclosure and any such disclosures are not included in this disclosure.

Re: Solicitation Notification
Date: **October 17, 2023**

This report is to provide notification of the active and upcoming solicitations to help ensure compliance with the Phoenix-Mesa Gateway Airport Authority procurement transparency clause. The active activities include the following:

Active/Pending Solicitations

Type Solicitation	Number	Title	Anticipated Contract Award (Board Action)
Request for Qualifications	2024-002-RFQ	Car Rental Concessions	November 2023
Request for Qualifications	2024-007-RFQ	Airport Entry Monument Design Services	November 2023
Request for Proposals	2024-010-RFP	Fire Pumps & Installation Services	November 2023
Request for Proposals	2024-008-RFP	Access Control & Alarm Monitoring System Services	December 2023
Request for Qualifications	2024-005-RFQ	On-Call Engineering Services	December 2023

Future Solicitations

Type Solicitation	Number	Title	Scheduled for Release	Anticipated Contract Award (Board Action)
Request for Qualifications	2024-009-RFQ	CMAR for Demolition of Buildings	October 2023	January 2024
Invitation for Bid	2024-011-IFB	Refuel Defuel Cart	November 2023	December 2023
Request for Qualifications	2024-006-RFQ	FBO Consulting Services	November 2023	February 2024
Request for Qualifications	2024-001-RFQ	CMAR for In-Line Checked Baggage Improvements	January 2024	April 2024

Equipment Disposals

Fiscal year totals from sales of decommissioned / nonworking equipment total $12,550.00
If you have any questions about the solicitations or the procurement process, please feel free to contract me at 480-988-7613.

NOTICE AND AGENDA OF MEETING OF THE
PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
BOARD OF DIRECTORS - TELEPHONIC

Pursuant to A.R.S. § 38-431.02, notice is hereby given to the members of the Phoenix-Mesa Gateway Airport Authority and to the public that the Phoenix-Mesa Gateway Airport Authority will hold a telephonic meeting open to the public on **Tuesday, November 21, 2023 beginning at 9:00 a.m.** in the Board Room (Saguaro A & B) of the Gateway Administration Building, 5835 South Sossaman Road, Mesa, Arizona. The Board may vote to hold an executive session for the purpose of obtaining legal advice from the Board's attorney on any matter listed on the agenda pursuant to A.R.S. § 38-431.03 (A)(3)&(4).

The agenda for the meeting is as follows:

1. **Call to Order** (Mayor Chip Wilson, Chair)
   Members of the Phoenix-Mesa Gateway Airport Authority will attend either in person or via audio conference.

2. **Roll Call** (Mayor Chip Wilson, Chair)

3. **Call to the Public**
   Members of the Board may not discuss items that are not on the agenda. Therefore, action taken as a result of public comment will be limited to directing staff to study the matter or scheduling the matter for further consideration and decision at a later date. Maximum of three minutes per speaker.

4. **Consent Agenda**

   a) **Minutes** of the Board Meeting held on **October 17, 2023**.

   b) **Resolution No. 23-58 –** Authorizing an agreement with **EPS Group, Inc. (EPS)**, for Design Services for the Airport Entrance Monument Signage Project, in an amount not to exceed $69,844.20, under CIP 1268.

   c) **Resolution No. 23-59 –** Authorizing the purchase and installation of two (2) 2500GPM Fire Pump Skids with new tanks and stands, from **Cross Fire Protection LLC (Cross Fire)** in an amount not to exceed $260,589.27 under CIP1259.

   d) **Resolution No. 23-60 –** Authorizing Phoenix-Mesa Gateway Airport Authority (PMGAA) staff to negotiate and execute final Concession Agreements for Rental Car Concessions with **Enterprise Leasing Company of Phoenix LLC, Avis Budget Car Rental LLC, and The Hertz Corporation** for non-exclusive on-airport rental car concessions at PMGAA.

   e) **Resolution No. 23-61 –** Authorizing an amendment of the **FY24 Capital Budget** to add $200,000 to the Rental Car Care Facility Improvements Project, for the purchase and site preparation of a Kiosk for the Car Rental Return Lot under CIP 1242. This will be funded with CFC funds.

   f) **Resolution No. 23-62 –** Authorizing the purchase of one (1) Customer Service Booth (Kiosk), for the Rental Car Return Lot, from **Madison Industries (Madison)** in an amount not to exceed $94,783 under CIP 1242.

g) **Resolution No. 23-63 –** Authorizing the Executive Director to execute an Air Carrier Operating Agreement with **Sun Country, Inc.** for commercial air service at the Airport.

5. Board Member Comments/Announcements

6. Next Meeting: Tuesday, December 19, 2023 at 9:00 a.m.

7. Adjournment

Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting Misty Johnson at 480-988-7607 or mrjohnson@gatewayairport.com. Requests should be made as early as possible to allow time to arrange the accommodation.

Financial Snapshot

OPERATING INCOME	September		Month Variance	FYTD Comparison		FYTD Variance
	2022	2023		FY23	FY24	
Revenues	$2,129,667	$2,296,341	**$166,674**	$6,583,900	$7,386,931	**$803,031**
Less Expenses	$2,078,751	$2,146,490	**$67,739**	$5,996,599	$6,121,736	**$125,137**
Operating Income *(Before Depreciation)*	**$50,916**	**$149,851**	**$98,935**	**$587,301**	**$1,265,195**	**$677,894**

Investment Fund Balances: As of September, the Local Governmental Investment Pool (LGIP) 700 = $6,214,969; Wells Fargo; Collateralized Money Market = $15,111,619 and Brokered CD's = $43,871,340; Total $65,197,928. PMGAA invests in fixed rate instruments.

Finance and Accounting

Phoenix-Mesa Gateway Airport Authority (PMGAA) reported a net operating income of $149,851 for September 2023, making it the strongest financial performance for a September in the history of Phoenix-Mesa Gateway Airport (Airport, Gateway Airport). This September's results exceeded September 2022 by $98,935. Aeronautical revenues increased by 8% compared to last September due to additional hangar space leased by Allegiant and DSV. September non-aeronautical revenues improved by 7%, due to increased food, beverage, and retail concession spending.

It's worth noting that, although passenger activity was down during the month of September, concession revenue per passenger continues to increase as more and more passengers enjoy the new and improved concession options available in the terminal.

Operating expenditures for September 2023 increased by 3% and totaled $2,146,490. The increase is attributed to higher personnel costs and increased contractual services agreements. The contractual services increase was primarily a function of invoice timing, as compared to the previous September.

Total operating expenditures are 9% below the PMGAA Board-approved Fiscal Year 2024 (FY24) Operating Budget.

Airport Operations

Allegiant Air's Nonstop Service to Portland, OR Begins on November 17th.

Great News! Allegiant Air, Gateway Airport's largest airline is adding twice weekly nonstop service to Portland, Oregon beginning this November. Portland is an extremely popular two-way destination for Phoenix. In the winter, Oregonians flock south for some much-needed sunshine, and in the summer, Valley residents head north away from the heat. For more information visit www.allegiantair.com.

Sun Country Airlines' Nonstop Service to Minneapolis Returned in October

Welcome back Sun Country! The popular Midwest-based low-cost airline returned to Gateway Airport in October for a third season of high-quality, low-fare nonstop service to its hub in Minneapolis. There's a lot of connectivity between greater Phoenix and the Midwest section of the country. Many Valley residents are transplants from Minnesota, Wisconsin, Michigan, and Illinois. Friends and family back home are frequent visitors to Arizona during the long winter months. For more information about Sun Country's Gateway Airport schedule, please visit www.suncountry.com.

Gateway Airport Celebrates its Twenty-Millionth Passenger

Allegiant Flight Crew Helps Celebrate Milestone

20-Million Passengers!

Passengers Enjoy Goodies and Giveaways

Gateway Airport has twenty million reasons to celebrate this month. The growing Phoenix area airport surpassed a significant activity milestone, officially welcoming its twenty millionth passenger since beginning commercial air service in October 2007. During the past sixteen years, the Airport has significantly increased air service and now offers nonstop flights to more than forty-five popular destinations across the U.S. PMGAA anticipates continued growth as Allegiant and other airlines announce more exciting destinations in the future. Allegiant's new nonstop service to Portland, Oregon begins on November 17th.

"The economic impact generated by millions of sun-seeking out-of-state visitors is enormous, and Gateway Airport continues to be a major driver of the Arizona economy," said Mayor Chip Wilson, Chairman of the PMGAA Board of Directors. *"Gateway Airport provides exceptional value and convenience for air travelers coming to Arizona for that much-needed vacation or visit with family and friends."*

Allegiant, a leading ultra low-cost air carrier, has been the predominant airline at Gateway Airport since 2007. Currently, more than 30 of their 45 nonstop destinations at the Airport don't have nonstop competition in Phoenix. Air travelers using Gateway Airport to access Arizona have spent billions of dollars on transportation, lodging, food & beverage, retail purchases, outdoor activities, and entertainment during their trips.

Marc Garcia, CEO of Visit Mesa, added, *"Gateway Airport plays a critical role in the tourism industry in Mesa and Greater Phoenix. Allegiant brings visitors to the region that might otherwise stay home or take a drive vacation within the boundaries of their local area. East Valley hotels, restaurants, golf courses, and entertainment venues rely on the millions of air travelers choosing Gateway Airport for their continued success."*

J. Brian O'Neill, A.A.E. PMGAA's Executive Director/CEO added, *"Gateway Airport is appreciative of the airline partners, airport tenants, customers, and local communities that have played such an important role in the Airport's ongoing transformation. We look forward to opening our new five-gate, 30,000 square foot South Concourse terminal addition in February and the honor of serving the next twenty million Airport passengers."*

Great job to the entire Communications and Government Relations Team – Ryan, Tiffany, Brian, Sean, and Misty – for a fun-filled and yummy celebration in the terminal!

Engineering and Planning

Three New Storage Tanks for 150,000 Gallon Fuel Farm Expansion Installed

PMGAA is increasing its on-Airport fuel storage capacity by 60% to ensure that Gateway Airport has sufficient aviation fuel in the future for the growing number of tenants and transient customers requiring and requesting fuel. PMGAA is installing three additional 50,000-gallon fuel storage tanks, increasing storage capabilities from 4-5 days to 7-8 days. Pipeline disruptions, facility closures, and trucking delays can negatively impact scheduled fuel deliveries. Having the additional on-Airport fuel storage will mitigate these disruptions.

PMGAA received communications from five individuals regarding aircraft noise issues during the month of September 2023, compared to 7 received last September. During the mild Arizona winter months, windows reopen, and more area residents spend time outside. PMGAA prides itself on answering questions and addressing community noise issues in a timely manner. Brian Sexton, PMGAA's Community Relations Manager, does a nice job educating the general public and neighbors about aircraft activities.

Gateway Aviation Services

PMGAA pumped more than 1.07MM gallons of aviation fuel during the month of September 2023, a 14% decrease compared to the 1.24MM gallons dispensed last September.

Business Development

The Boyer Company Clearing Gateway East Site for XNRGY Climate Systems

XNRGY Climate Systems Rendering

The Boyer Company, master developer for Gateway East, a 273-acre mixed-use non-aeronautical airport business park including manufacturing, warehouse, first-class office, and commercial retail development opportunities has begun clearing and prepping a 17-acre site to construct a 275,000 sq. ft. facility for XNRGY Climate Systems (XNRGY), a leader in the design and manufacturing of advanced energy-efficient commercial climate control systems. This will be XNRGY's U.S. headquarters.

Phase one of the project will include a 250,000 sq. ft research and production facility and 25,000 sq. ft. of office space. XNRGY also has options to build future phases totaling an additional 750,000 sq. ft adjacent to their Phase I facility.

Community and Government Relations

PMGAA Named 2023 PHX East Valley Partnership Legacy Award Winner

"The PHX East Valley Partnership has a long tradition of recognizing outstanding organizations for their tireless work and tremendous contributions to our region.

It is with that in mind that we are writing – to congratulate the Phoenix-Mesa Gateway Airport Authority for being named a 2023 Legacy Award winner. The award is presented annually to one individual and one organization who have made an indelible mark on business and the quality of life in the PHX East Valley, Greater Phoenix, and the State of Arizona. From record-setting passenger activity to thoughtful development, Phoenix-Mesa Gateway Airport is the jewel of our region."

PMGAA Team Member Spotlight

Employee Name: **Brian Wallace**
Employee Title: **Business Systems Analyst**
PMGAA Department: **Information Technology**
Years with PMGAA: **24+**

What are your job responsibilities for PMGAA? I'm 1/3 of the I.T. Department here at the Airport. I'm primarily responsible for the servers and desktops, user account creation and maintenance, deployment, configuration, and maintenance of software, and coding our websites.

What is your most memorable Gateway Airport moment? It's hard to put a finger on one. I've been here for many memorable moments over the last 25 years. It's been a lot of fun to watch the Airport grow from Windows 3.1 to Windows 10, from no passenger terminal to having 11 gates and 32 ticket counters, from zero commercial passengers to nearly 2 million a year. It's always fun to talk about how fast the Airport is growing.

What is something people may not know about you? People are generally surprised to learn that I'm a metal-head. 🤘 I love good heavy music and especially love it when they mix in symphonic elements that give it additional depth and fullness. 🎸 + 🎻 + 🎺 = 🙂

Twice Weekly Nonstop Service Begins November 17th!

MINUTES OF THE PUBLIC MEETING OF THE
PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
BOARD OF DIRECTORS | October 17, 2023

A public meeting of the Phoenix-Mesa Gateway Airport Authority (PMGAA, Authority) was convened on Tuesday, October 17, 2023, beginning at 9:00 a.m. in the Board Room (Saguaro A&B) of the Gateway Administration Building, 5835 S Sossaman Road, Mesa, Arizona.

Members Present

Mayor Chip Wilson, Apache Junction
Lt. Governor Monica Antone, Gila River Indian Community
Vice Mayor Jeff Brown, Queen Creek
Mayor John Giles, Mesa
Mayor Brigette Peterson, Gilbert
Councilmember Jim Waring, Phoenix*
** Neither present nor represented*

Airport Staff Present

J. Brian O'Neill, Executive Director/CEO
Scott Brownlee, Deputy Director/COO
Chuck Odom, CFO
Misty Johnson, Clerk of the Board
Jill Casson Owen, Attorney

1. **Call to Order** at 9:01 a.m. (Mayor Wilson, Chair)

2. **Roll Call**

3. **Pledge of Allegiance**

4. **Motion to convene into Executive Session**
   a) Pursuant to A.R.S. § 38-431-03 (A)(1), the Board of Directors may convene into executive session for the purpose of discussion and consideration regarding the Executive Director/CEO's annual review.

   Mayor Brigette Peterson moved to convene into Executive Session.
   Vice Mayor Jeff Brown seconded the motion.
   The motion was carried unanimously.

5. **Motion to Reconvene from Executive Session to Regular Session (9:40 a.m.)**

   Mayor Brigette Peterson moved to reconvene the PMGAA Board of Directors meeting.
   Vice Mayor Jeff Brown seconded the motion.
   The motion was carried unanimously.

6. **Call to the Public**
   Prior to the start of this morning's meeting, PHX East Valley Partnership CEO John Lewis submitted to the Clerk of the Board a public comment card to speak on a topic not on the agenda. He congratulated PMGAA for being named a 2023 Legacy Award winner by the PHX East Valley Partnership. The annual award is presented to one organization that has made an indelible mark on business and the quality of life in the Phoenix East Valley.

7. **Executive Director's Report** – J. Brian O'Neill, A.A.E., Executive Director/CEO

DRAFT

Executive Director O'Neill provided a briefing on PMGAA's financial performance, passenger activity, the community noise report, and various Airport projects.

- 2024 Fiscal Year-to-Date (FYTD) Net Operating Income is $1,115,347.
- Phoenix-Mesa Gateway Airport (Airport, Gateway Airport) welcomed 117,609 commercial passengers during August 2023. This is a slight dip compared to the 119,403 passengers during August last year.
- Executive Director O'Neill and a leadership team from the Authority traveled to Allegiant headquarters in Las Vegas to meet with their leadership team to discuss their continued commitment and investment in Gateway Airport.
- DSV Air and Sea is a global transport and logistics company. DSV's B-747 scheduled international air cargo is a weekly service arriving from Europe on Fridays.
- Two teams are representing the Authority at the 2023 National Business Aviation Association Business Aviation Convention & Exhibition (NBAA-BACE) in Las Vegas. The Business Development team and the Fixed-Base Operator team are forging relationships with attendees to create awareness and drive interest in relocating businesses to the Airport and East Valley.
- The existing Airport entry monument, located at the intersection of Sossaman Road and Ray Road, will be removed and a new Airport entrance monument will be constructed that better reflects the emerging character of the Airport. The Authority has released an RFQ to design the entry monument.
- A ribbon-cutting event is planned for February 20, 2024, for Gateway Airport's 5-gate, 30,000 sq. ft. commercial passenger terminal addition. Operations in the new terminal addition will begin after the ribbon-cutting event.
- Last week the Authority hosted an Airport Tour for Arizona State Legislators and staff members.
- Virgin Galactic is leasing two of the three hangars in the Gateway Executive Airpark located at the north end of the airfield. Progress for the customization of these hangars continues. Completion of these two hangars is anticipated for Q1 2024.
- Progress on Phase 1 of Gulfstream's West Coast Service Center continues. They have begun paving the ramp in front of their 225,000 sq. ft. building. The ramp will link to the two taxiway connectors that provide access to the airfield.
- Gateway East is a nearly 300-acre, mixed-use, non-aeronautical development opportunity located on the east side of the Airport. The master developer for this project is the Boyer Company (Boyer) from Salt Lake City, UT. The City of Mesa has provided roadway and utility infrastructure to allow for Phase I of Gateway East's development. In September, Boyer received PMGAA Board approval to construct and sublease a 278,000 sq. ft. building to house the U.S. headquarters and manufacturing facility for XNRGY North America, LLC, a climate technology company.
- The Authority has purchased three new 50,000-gallon Jet-A fuel storage tanks. These tanks will arrive on the 30th of October and will be installed on the 31st. This additional fuel storage capacity will provide the Airport with approximately seven days of on-Airport fuel storage.
- The Study Advisory Committee for the Gateway Tomorrow East Side Terminal Planning Study has selected the preferred alternative for the terminal layout. The consultant is costing out the various components of the preferred alternative. The results will be presented to the PMGAA Board in November or December 2023.

- Progress continues for Gateway Airport's 5-gate, 30,000 sq. ft. commercial passenger terminal addition. The ductwork is in and sheetrock is being installed. This project creates efficiencies that will allow the Airport to grow in the future with more nonstop service from Allegiant and possibly additional airlines.
- Construction continues for the enclosed pedestrian walkway connecting the ticketing terminal and the security screening checkpoint. This customer service enhancement project will increase the queuing area for the security screening checkpoint and will keep passengers in a climate-controlled environment from ticketing through security screening. This project is expected to be completed before the busy travel period begins in February/March 2024.
- Improvements to the Rental Car Care Facility are ongoing. The project includes new vehicle wash and vacuum bays, upgraded maintenance facilities, additional vehicle queuing/storage, and new operations offices. The funding for the project comes from the Airport's dedicated Customer Facility Charge (CFC) account.
- A new TSA In-Line Check Baggage System (BHS) is being constructed to improve efficiency and increase the speed of baggage processing. Much of this project will be funded through a TSA grant. A 7,500 sq. ft. addition to the ticketing terminal is being built by the Authority to house the new system. TSA is providing the system.

8. Audited Financials – Sandra Cronstrom, Principal CliftonLarsonAllen, LLP

Ms. Cronstrom provided a brief overview of the Fiscal Year 2023 Audited Financials, resulting in the issuance of an unmodified (clean) opinion for the Phoenix-Mesa Gateway Airport Authority. No material audit adjustments were made.

Ms. Cronstrom will retire at the end of December. She introduced Richard Gillespie, manager with CliftonLarsonAllen who will be succeeding her as the Authority's principal contact.

Chuck Odom, PMGAA CFO thanked Ms. Cronstrom for coming out today to present to the board. Executive Director O'Neill thanked the finance team for their efforts in this successful independent audit.

9. Consent Agenda

a) **Minutes** of the Board Meeting held on **September 19, 2023**.

b) **Resolution No. 23-52 –** Approving a ninth amendment to the **Executive Director's** employment agreement effective October 1, 2023.

c) **Resolution No. 23-53 –** Approving an Authorization of Services with **Dibble Engineering (Dibble)** for Safety Management System (SMS) Planning Services for the Phoenix-Mesa Gateway Airport Authority in an amount not to exceed $323,668 under CIP 975.

d) **Resolution No. 23-54 –** Authorizing a purchase with **CDW Government, Inc. (CDW-G**) for annual Microsoft licensing renewals, in an amount not to exceed $56,638.04.

e) **Resolution No. 23-55 –** Authorizing the procurement of network equipment from **Hye Tech Network and Security Solutions, LLC (Hye Tech**) in an amount not to exceed $292,195.

f) **Resolution No. 23-56 –** Authorizing an Amendment of the FY24 Capital Budget to provide an additional $367,387.50 under Contract Modification #1, to the initial $438,891 in funding for the **Transportation Security Administration** In-Line Checked Baggage System Design under CIP 1265. The new design contract total will be $806,278.50.

g) **Resolution No. 23-57 –** Authorizing Phoenix-Mesa Gateway Airport Authority's insurance broker, **USI Insurance Services LLC**, to purchase benefit plans (medical, dental, vision, basic life/accidental death & dismemberment, and short-term disability) from various carriers. This consists of a 12-month renewal from January 1, 2024, through December 31, 2024, with an estimated plan cost of $1,127,684 for the calendar year.

Vice Mayor Jeff Brown moved to approve the Consent Agenda.
Mayor John Giles seconded the motion.
The motion was carried unanimously.

8. **Board Member Comments/Announcements.**
None.

9. **Next Meeting: Tuesday, November 21, 2023,** at 9:00 a.m. in the Board Room (Saguaro A&B) of the Gateway Administration Building, 5835 S Sossaman Road, Mesa, Arizona. Members of the Phoenix-Mesa Gateway Airport Authority may attend either in person or by audioconference.

10. **Adjournment.**
The meeting adjourned at 10:09 a.m.

Dated this _____ day of _____ 20___.

Board Action Item

Re: Resolution 23-58

To:	**Board of Directors**
From:	**Bob Draper, P.E., LEED AP, CM Engineering & Facilities Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**Airport Entrance Monument Design Services – EPS Group, Inc. – CIP1268**
Date:	**November 21, 2023**

Proposed Motion
To authorize an agreement with EPS Group, Inc. (EPS), for Design Services for the Airport Entrance Monument Signage Project, in an amount not to exceed $69,844.20, under CIP 1268.

Narrative
Due to the continued growth and evolution of the Phoenix-Mesa Gateway Airport (PMGA), staff has determined that a new Airport Entrance Monument Sign, that properly reflects the modern character of the Airport, needs to be designed and constructed. The new airport entrance design will include proper signage, lighting and landscaping and the current monument will be removed as part of this effort.

The current Airport Entrance Monument, which is located at the intersection of Sossaman Road and Ray Road, is hard to keep clean and inviting. Deliverables will include concepts, renderings, design services, development of required submittals and specifications and possible construction administration services.

The Request for Qualifications (RFQ), Solicitation 2024-007-RFQ was issued on August 15, 2023, and advertised in the Arizona Business Gazette on 8/17, 8/24, 8/31 and 9/07/23; it was also posted on the AzAA, ACC, ACI-NA, and Phoenix-Mesa Gateway Airport Authority Websites. In addition, the RFQ was emailed to a list of 42 prospective firms. PMGAA received one (1) Statement of Qualifications on September 14, 2023, from the following firm:

EPS Group, Inc.

EPS met all requirements of the RFQ. In addition, the Evaluation Panel believes their qualifications, project team experience, project understanding and approach to performing the required services will benefit the project.

Fiscal Impact
This project is included in the FY24 Capital Budget, utilizing PMGAA non-grant funding under CIP 1268.

Attachment: Professional Services Agreement

RESOLUTION NO. 23-58

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize an agreement with EPS Group, Inc. (EPS), for Design Services for the Airport Entrance Monument Signage Project, in an amount not to exceed $69,844.20, under CIP 1268;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes an agreement with EPS Group, Inc. (EPS), for Design Services for the Airport Entrance Monument Signage Project, in an amount not to exceed $69,844.20, under CIP 1268. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**

Passed and adopted by the Authority this 21st day of November, 2023.

Walter Wilson, Chair

Phoenix-Mesa Gateway Airport Authority, a joint powers airport authority authorized by the State of Arizona ("PMGAA") desires performance of the services more fully described in this **Contract Number 20240032** ("Contract") and the attached exhibits. EPS Group, Inc., an Arizona corporation ("Consultant"), with its principal offices located at 1130 N. Alma School Road, #120, Mesa, Arizona, 85201, desires to perform these services.

Recitals

A. PMGAA requires the services as described in this Contract, including any and all exhibits and amendments, and Consultant is willing to provide these and other services under this Contract; and

B. PMGAA desires to contract with Consultant to provide services as noted herein.

Now therefore, in consideration of the recitals and the mutual covenants set forth below, PMGAA and Consultant agree as follows.

SECTION I – CONSULTANT SERVICES

The services to be performed by Consultant are specified in this Contract. PMGAA will not pay Consultant for any services that have not been authorized under the Contract. There is no guarantee of a minimum purchase of services.

The anticipated services to be provided by Consultant under this Contract shall generally include, but not be limited to, the following: Design Services, as more specifically described in the detailed scope of services attached as **EXHIBIT A**, "Scope of Services & Fee Schedule."

PMGAA's authorized representative shall be the PMGAA Director of Engineering and Facilities, or his/her duly authorized representative, and that he/she shall be the sole contact for administering this Contract.

All services provided by Consultant under this Contract must be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances in Arizona. Consultant makes no other warranty, expressed or implied.

SECTION II – PMGAA RESPONSIBILITIES

PMGAA shall furnish Consultant, at no cost to Consultant, the following information or services for this Contract:

A. Access to copies of readily available maps, records, as-built drawings, benchmarks or other data pertinent to work assignments affiliated with this Contract. This does not, however, relieve Consultant of the responsibility of searching records for additional information, for requesting specific information or for verification of that information provided. PMGAA does not warrant the accuracy or comprehensiveness of any information or documents provided to Consultant.

B. In PMGAA's discretion and upon Consultant's reasonable request, access to staff for consultation with Consultant during the performance of this contract in order to identify the problems, needs, and other functional aspects of the work.

C. Prompt review of and feedback on Consultant's deliverables. PMGAA will advise Consultant concerning progress of PMGAA's review of the work, as needed.

SECTION III - PERIOD OF SERVICE

Consultant shall complete all work in accordance with the provisions of this Contract as amended.

All work initiated under this Contract must be completed on or before the expiration date of the Contract.

This Contract is effective as of the date signed by PMGAA and ends upon final completion and acceptance by PMGAA of the project, as defined by the Scope of Services ("Base Term"), unless terminated, canceled or extended as provided in this Contract.

Consultant shall commence its services within seven (7) days of the written authorization by PMGAA. Consultant shall perform its services in a diligent manner and in accordance with this Contract.

SECTION IV – KEY PERSONNEL

The Consultant itself shall provide all services to be performed under this Contract. If Sub-Consultants are required by Consultant to perform any services listed under this contract, Consultant shall notify PMGAA prior to authorizing work by said Sub-Consultants. PMGAA may, at its sole discretion, accept or reject proposed Sub-Consultants.

SECTION V - PAYMENTS TO THE CONSULTANT

Consultant will be paid for work performed under this Contract plus any adjustments that have been approved in writing by PMGAA in accordance with PMGAA's Procurement Policy. Payments will be made in accordance with **EXHIBIT B**, "Compensation."

All services to be rendered by Consultant are subject to the terms of **EXHIBIT B**, "Compensation" attached hereto.

PMGAA does not guarantee any minimum or maximum fee during the Term of this Contract, and Consultant, in executing this Contract, shall not anticipate or require any minimum or maximum fee.

PMGAA shall pay Consultant in agreed upon installments for services authorized and rendered under this Contract at the completion of each work assignment, provided Consultant has satisfactorily completed the requested work. If any such work requires time in excess of 30 calendar days to complete, progress payment(s) may be made on invoices certified and approved by PMGAA.

SECTION VI - ALTERATION IN SCOPE OF SERVICES

For any alteration in the Scope of Services that would materially increase or decrease the Contract fee, the parties shall negotiate an amendment to the Contract to be executed by PMGAA and Consultant. No work shall commence on any amendment or change until the amendment has been approved by PMGAA and Consultant has been notified to proceed by PMGAA. No claim for extra work done or materials furnished by Consultant will be allowed by PMGAA, except as provided herein, nor shall Consultant do any work or furnish any materials not covered by this Contract unless the work is first authorized in writing by PMGAA and the change complies with PMGAA's Procurement Policy. Any work or materials furnished by Consultant without advance, written authorization will be at Consultant's own risk, cost, and expense. Without written authorization, Consultant shall make no claim for compensation for such work or materials furnished.

SECTION VII - WORK ASSIGNMENT COMPLETION

If, during the Term of this Contract, situations arise which prevent work completion within the allotted time, PMGAA may grant an appropriate time extension.

SECTION VIII - OWNERSHIP OF DOCUMENTS

Any documents, including all electronic copies thereof, prepared under or as a result of this Contract, shall be the property of PMGAA. To the extent necessary to effectuate such ownership, Consultant hereby assigns all right, title and interests to such documents to PMGAA. Consultant shall execute any separate contracts or documents, if any, which may be necessary to implement the terms of this Section.

All of Consultant's documents prepared under this Contract, including electronic files, are instruments of service. All of these documents become the property of PMGAA upon completion of the services and payment in full to Consultant. PMGAA may reuse or modify the documents, as it deems necessary, without Consultant's prior written authorization. PMGAA shall indemnify and hold harmless Consultant, its officers, directors, employees and subconsultants (collectively, the "Consultant") against any and all damages, liabilities or costs arising from PMGAA's modification of documents produced by Consultant under this Contract unless Consultant authorizes the modification in writing.

SECTION IX - COMPLIANCE WITH LAWS

Consultant shall comply with all federal, state and local laws, local ordinances and regulations throughout the Term.

Consultant's signature on this Contract certifies compliance with the provisions of the I-9 requirements of the *Immigration Reform and Control Act of 1986* for all personnel that Consultant and any subconsultants employ to complete any work assignment.

PMGAA shall administer this Contract in accordance with PMGAA's Procurement Policy.

SECTION X - GENERAL CONSIDERATIONS

A. The failure of either party to enforce any of the provisions of this Contract or require performance of the other party of any of the provisions hereof shall not be construed to be a waiver of the provisions, nor shall it affect the validity of this Contract or the right of either party to enforce each and every provision.

B. The fact that PMGAA has accepted or approved Consultant's work shall in no way relieve Consultant of responsibility for the work under this Contract.

C. This Contract shall be governed by the laws of the state of Arizona, both as to interpretation and performance. Any action at law, suit in equity, or judicial proceeding for the enforcement of this Contract, or any provision thereof, shall be instituted only in the courts of the state of Arizona.

D. All exhibits to this Contract and any amendments to the Contract are incorporated into it.

SECTION XI - NO KICK-BACK CERTIFICATION

Consultant warrants that no person has been employed or retained to solicit or secure this Contract upon any agreement or understanding for a commission, percentage, brokerage, or contingent fee and that no member of the PMGAA Board of Directors or any employee of PMGAA has any interest, financially or otherwise, in Consultant's firm.

For breach or violation of this warranty, PMGAA may annul this Contract without liability.

SECTION XII – SUSPENSION OF SERVICES

Consultant shall, within five (5) business days upon receiving written notice from PMGAA, suspend, delay, or interrupt all or a part of the Scope of Services. Consultant shall resume the Scope of Services within five (5) business days of receiving written notice from PMGAA.

SECTION XIII – TIMES OF PAYMENTS

Consultant shall submit periodic invoices for any unbilled portion of the services actually completed. PMGAA shall review, certify, and approve or reject each invoice in whole or in part. PMGAA shall pay each approved invoice within 30 calendar days of the date that PMGAA approves the invoice.

SECTION XIV – TIMELY REVIEW

PMGAA will review Consultant's studies, reports, proposals, and other related documents and render any decisions required by Consultant in a timely manner. Notwithstanding these reviews, Consultant remains solely responsible for all of its deliverables and services under this Contract. By PMGAA's reviews, PMGAA does not assume any liability for or retained control over Consultant's work or Consultant's responsibility for the safety of its employees.

SECTION XV – DISPUTE RESOLUTION

All disputes between PMGAA and Consultant arising out of or relating to this Contract will be subject to the Dispute Resolution provisions as set forth in **EXHIBIT D**, "PMGAA Standard Terms and Conditions", attached hereto and incorporated herein by reference.

PMGAA and Consultant shall include a similar dispute resolution provision in all contracts with other contractors and consultants retained for the Project and shall require all other independent contractors and consultants to include a similar dispute resolution provision in all contracts with subcontractors, subconsultants, suppliers or fabricators retained by them.

SECTION XVI - LIABILITY OF CONSULTANT

To the fullest extent permitted by law, Consultant shall save, indemnify, and hold harmless PMGAA, its member governments, departments, officers, employees, and agents from and against damages arising out of any act, error, or omission of Consultant relating to its services under this Contract.

SECTION XVII - LAWS AND REGULATIONS

All federal, state, and local laws and regulations that relate to Consultant's services apply to Consultant's performance of this Contract throughout. These laws and regulations are deemed included in this Contract the same as though written out in full, especially the current applicable Federal Aviation Administration (FAA) rules and regulations associated with airport projects; pertinent Airport engineering standards; and local rules, regulations, and industry standards.

SECTION XVIII – ARCHAEOLOGICAL RESOURCE PROTECTION

While performing services under this Contract, Consultant may encounter a known or unknown archaeological site located at the Airport. If Consultant encounters what it believes to be an archaeological site, Consultant shall immediately notify PMGAA of the site's location and take all reasonable precautions to protect and preserve the site until PMGAA otherwise directs.

SECTION XIX INSURANCE REQUIREMENTS

A. Consultant shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Consultant, its agents, representatives, or employees.

B. All insurance policies required by this Contact, except *Workers Compensation* and *Professional Liability*, shall name PMGAA, its agents, representatives, officers, directors, officials and employees as Additional Insured.

C. Minimum Scope and Limits of Insurance. Coverage shall be at least as broad as:

   i. Professional Liability (Errors and Omissions): Insurance appropriate to the Consultant's profession, with limit no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate.
   ii. Commercial General Liability: Insurance Services Office Form CG 00 01 covering Bodily Injury and Property Damage on an "occurrence" basis, including personal & advertising injury with limits no less than $1,000,000 per occurrence, $2,000,000 General Aggregate.
   iii. Auto Liability: ISO Form CA 00 01 covering any auto (Symbol 1), or if Consultant has no owned autos, hired, (Symbol 8) and non-owned autos (Symbol 9), with limit no less than $1,000,000 Combined Single limit per accident for bodily injury and property damage ($5,000,000 if operating in the Air Operations Area of the Airport).
   iv. Workers' Compensation: Statutory Limits as required by the state of Arizona, and Employer's Liability Insurance with limit of no less than $1,000,000 per accident for bodily injury or disease.

D. If the Consultant maintains higher limits than the minimums shown above, PMGAA requires and shall be entitled to coverage for the higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to PMGAA.

E. Additional insurance provisions. The insurance policies shall provide, or be endorsed to include, the following provisions:

   i. Notice of Cancellation: Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to PMGAA.
   ii. Waiver of Subrogation: Consultant waives any right to subrogation. Consultant shall obtain an endorsement necessary to affect this waiver of subrogation from the insurer for all lines of coverage required by this Contract, except *Workers Compensation* and *Professional Liability,* for claims arising out of the Consultant's work or service.
   iii. Primary Coverage: For all claims related to this Contract, all of Consultant's insurance policies will be primary and non-contributory. Any insurance or self-insurance maintained by PMGAA, its officers, officials, employees, or volunteers will be in excess of Consultant's insurance and will not contribute with it.
   iv. Deductibles and Self-Insured Retentions: Any deductibles or self-insured retentions must be declared to and approved by PMGAA. PMGAA may require the Consultant to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.
   v. Acceptability of Insurers: Insurance is to be placed with insurers with a current A.M. Best's rating

of no less than A, VII, unless otherwise acceptable to PMGAA.

vi. Claims Made Policies: No Claims Made policies (other than Professional Liability) will be accepted. For policies that provide claims-made coverage:

a) The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.

b) Insurance must be maintained, and evidence of insurance must be provided for at least five (5) years after completion of the contract of work.

c) If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of five (5) years after completion of work.

vii. Verification of Coverage: Consultant shall furnish PMGAA with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by PMGAA before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Consultant's obligation to provide the required insurance. PMGAA reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

viii. Subcontractors: Consultant shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Consultant shall ensure that PMGAA is an additional insured on insurance required from subcontractors.

ix. Special Risks or Circumstances: PMGAA reserves the right to modify these requirements, including limits, based on the nature of the risk, scope of services, prior experience, insurer, coverage, or other special circumstances.

SECTION XX NOTICES

Any notice, report or information which may be or is required to be given under this Contract will be in writing and shall be sent by registered or certified mail, return receipt requested, postage prepaid, addressed as follows:

EXHIBIT A – SCOPE OF SERVICES & FEE SCHEDULE

The services to be performed by Consultant and the completion of related efforts are specified in the following Scope of Services & Fee Schedule agreed to by the parties.

For the services provided herein, PMGAA agrees to pay Consultant the not to exceed amount of $69,844.20

1130 N. Alma School Road, Suite 120, Mesa, AZ 85201 | T: 480.503.2250 | F: 480.503.2258 | **www.epsgroupinc.com**

October 31st, 2023

Mr. John Burgmeier, ACE
Phoenix-Mesa Gateway Airport Authority
5835 South Sossaman Road
Mesa, AZ 85212

RE: Phoenix-Mesa Gateway Airport Authority (PMGAA) Entry Monument

Dear Mr. Burgmeier,

EPS Group is pleased to provide you with our scope and fee proposal for professional design services for the Phoenix-Mesa Gateway Airport Entry Monument improvement project. Our proposed scope of work will be for New Entry Monument Design, Landscape and Hardscape improvements, Civil Grading and Drainage, Survey Base Mapping, along with Irrigation Layout and Design, Site Electrical and Structural Design/Calculations from our subconsultants (HINES, Wright Engineering, and PH Structural) is included in this proposal.

The total hourly not-to-exceed fee is $69,844.20.

We appreciate the opportunity to assist PMGAA with this project. Please contact me at (480) 503-2250 or valeria.bravo@epsgroupinc.com should you have any questions.

Sincerely,

Valeria Bravo, RLA
Project Manager/Landscape Architect

Phoenix-Mesa Gateway Airport Authority (PMGAA)

Entry Monument
Scope of Services

Project Description:

EPS Group will complete the PMGAA new entry monument design that reflects the new character of the Airport with proper signage, lighting, and landscape. The scope will include demolition and re-design of the entry monument signs located on Sossaman Road and Ray Road. Additional Electrical Engineering scope will be completed by Wright Engineering Corporation (subconsultant), Structural scope will be completed by PH Structural (subconsultant) and Irrigation design and layout will be completed by HINES (subconsultant).

TASK 1 – PROJECT START-UP

A. Site Verification Survey
    1. EPS Group will establish both horizontal and vertical control in order to prepare topographic base mapping for the project. Topographic data provided will consist of an AutoCAD drawing with a digital surface model (DSM) showing the location of substantial features observed in the process of conducting the fieldwork, such as pavement, curbing, concrete pads, parking lots, signs, landscaped areas, drainage areas, ditches and headwalls, and roads. Top of wall elevations and ground elevations on each side of the walls will be collected for surrounding properties along the perimeter of the site. Locations at which wall heights change will be indicated. Existing above grade utilities will be located. Sewer manhole inverts will be collected for those manholes being utilized as part of the design. Inverts for storm drain manholes, catch basins and other drainage features needed for design will be collected. Trees will not be located. Elevations will be per City of Mesa requirements, Datum (NAVD88). The topography will be utilized for the development of improvement plans. No formal topographic survey drawing will be prepared.
B. Utility Mapping
    1. EPS Group will order record drawings for existing utilities in the vicinity of the Project from the appropriate agencies. This information, in combination with field obtained data obtained while performing the Topographic Survey will be added to the topographic base map. Preparation of a separate existing utility exhibit/plan is not included with this scope of work.
C. Landscape Inventory
    1. EPS Group will create a Landscape Inventory Plan notating the existing cacti and native tree species on site.

TASK 2 – SCHEMATIC DOCUMENTS

A. Illustrative Design Concepts
    1. Prepare three (3) design concepts for the project.

i. Using the base mapping prepared during the site verification, the Schematic Design Drawings will show three (3) proposed design options for the entry monument. Designs will include monumentation and landscape theming.
ii. Prepare Preliminary Cost Estimate for Construction Budgeting.

2. Submit electronic full-size copy of the intermediate plans to PMGAA for distribution and review.
3. Meet with PMGAA Staff to review comments and resolve potential conflicts. Meetings may be virtual or in-person, as determined by PMGAA.

Deliverables:

- (3) Illustrative Concept Plans & Elevations
- 3D Renderings
- Materials and Precedent Imagery Board

TASK 3 – CONSTRUCTION DOCUMENTS

A. Intermediate l Design (90%)
   1. Submit electronic full-size copy of the intermediate plans to PMGAA for distribution and review.
   2. It is anticipated that written specifications and general conditions will be prepared by EPS and subconsultants. Preparation of written special provisions and special conditions related to special detail items, that are unique to this project will be provided by EPS Group.
   3. Meet with PMGAA Staff to review comments and resolve potential conflicts. Meetings may be virtual or in-person, as determined by PMGAA.
B. Landscape Improvement Plans
   1. Prepare Landscape Improvement Plans for the project to include landscape and hardscape improvements plans along with specific details for each monument feature.
C. Civil Improvement Plans
   1. EPS Group will prepare Onsite Improvement Plans in accordance with the criteria of the AHJ and the Client for the purpose of permitting, bidding and constructing site improvements. The following plan sets will be prepared and submitted to the Architect, Client or Client's Representative for inclusion in the project construction documents and for submittal to the AHJ:
      Grading & Drainage Plan: EPS Group will provide grades for new concrete and paved surfaces. The plans will be created for a single phase of construction. EPS Group will base its design and plans on the site layout. EPS Group will design required drainage structures and/or a drainage system as required. An earthwork analysis, or modifications to the design to achieve a balanced site is not included.
      Paving Plan: Not included.
      Water & Sewer Plan: Not included.
      Storm Water Pollution Prevention Plan (SWPPP): Not included.
      Signing and striping plans are not anticipated to be required and are not included in this proposal. Cost estimates are not included. The plans will be submitted to applicable utility companies for their review of any conflicts with their existing facilities. Any site plan

changes after CD's have been initiated will be billed on a time and material basis at EPS Groups current billing rates.

D. Irrigation Plans

1. EPS Group will subconsult with an irrigation designer to prepare irrigation demand calculations and coordinate with the Municipality and client for sizing system features for irrigation system from a potable water meter(s). Prepare specific plans and details for irrigation system including final points of connection, mainline routing and pipe sleeves, head and valve layout, lateral piping and sleeves, controller location, valve wiring and other key irrigation components. Work will be coordinated as required with other engineers and consultants. Reclaimed Irrigation Design and booster pump are excluded.

E. Structural Engineering

1. EPS Group will subconsult with a Structural Engineer for structural review of all monumentation including footings, structural rebar and supports. Structural Calculations will be provided. Structural review of architectural features and pre-fabricated structures is excluded.

F. Electrical Plans

1. EPS Group will subconsult with an Electrical Engineer to provide Site Electrical Plans for the project. The Site Electrical Plans will follow the city and local requirements. A single bid set will be prepared. The plans will include sealed photometric calculation drawings, lighting levels and locations to meet City requirements.

Deliverables:

- Landscape Construction Documents Cover Sheet
- General Notes and Legends
- Sheet Key Map
- Grading and Drainage Plan
- Grading and Drainage Details
- Material Plans
- Material Enlargement Plans
- Material Details
- Landscape Planting Plans
- Landscape Planting Details
- Irrigation Plans
- Irrigation Details
- Electrical Plans
- Electrical Details
- Landscape Construction Specifications

TASK 4 – BID DOCUMENTS

A. Final Design (100%)
    1. Modify Final Plans and Special Provisions, as required, to incorporate final review comments.
    2. Provide one (1) presubmittal electronic copy of the 100% documents including the 90% redline review set to the PMGAA Project Manager prior to submitting the reproducible documents.
    3. Submit an electronic set of reproducible sealed plans to PMGAA upon authorization to do by the PMGAA Project Manager. Reproduction and distribution of Bid Documents will be done by the PMGAA.
    4. Provide final drawings in electronic format to PMGAA. Drawing files will be in AutoCAD format and pdf. Files will be provided electronically.
B. Landscape Improvement Plans
    1. Prepare Landscape Improvement Plans for the project to include landscape and hardscape improvements plans along with specific details for each monument feature.
C. Civil Improvement Plans
    1. EPS Group will prepare Onsite Improvement Plans in accordance with the criteria of the AHJ and the Client for the purpose of permitting, bidding and constructing site improvements. The following plan sets will be prepared and submitted to the Architect, Client or Client's Representative for inclusion in the project construction documents and for submittal to the AHJ:

        Grading & Drainage Plan: EPS Group will provide grades for new concrete and paved surfaces. The plans will be created for a single phase of construction. EPS Group will base its design and plans on the site layout. EPS Group will design required drainage structures and/or a drainage system as required. An earthwork analysis, or modifications to the design to achieve a balanced site is not included.

        Paving Plan: Not included.

        Water & Sewer Plan: Not included.

        Storm Water Pollution Prevention Plan (SWPPP): Not included.

        Signing and striping plans are not anticipated to be required and are not included in this proposal. Cost estimates are not included. The plans will be submitted to applicable utility companies for their review of any conflicts with their existing facilities. Any site plan changes after CD's have been initiated will be billed on a time and material basis at EPS Groups current billing rates.
D. Irrigation Plans
    1. EPS Group will subconsult with an irrigation designer to prepare irrigation demand calculations and coordinate with the Municipality and client for sizing system features for irrigation system from a potable water meter(s). Prepare specific plans and details for irrigation system including final points of connection, mainline routing and pipe sleeves, head and valve layout, lateral piping and sleeves, controller location, valve wiring and other key irrigation components. Work will be coordinated as required with other engineers and consultants. Reclaimed Irrigation Design and booster pump are excluded.

E. Structural Engineering
   1. EPS Group will subconsult with a Structural Engineer for structural review of all monumentation including footings, structural rebar and supports. Structural Calculations will be provided. Structural review of architectural features and pre-fabricated structures is excluded.

F. Electrical Plans
   1. EPS Group will subconsult with an Electrical Engineer to provide Site Electrical Plans for the project. The Site Electrical Plans will follow the city and local requirements. A single bid set will be prepared. The plans will include sealed photometric calculation drawings, lighting levels and locations to meet City requirements.

Deliverables:

- Landscape Construction Documents Cover Sheet
- General Notes and Legends
- Sheet Key Map
- Grading and Drainage Plan
- Grading and Drainage Details
- Material Plans
- Material Enlargement Plans
- Material Details
- Landscape Planting Plans
- Landscape Planting Details
- Irrigation Plans
- Irrigation Details
- Electrical Plans
- Electrical Details
- Landscape Construction Specifications

TASK 5 – COST ESTIMATES

1. Quantities and Cost Estimates will be provided for the project at the Schematic Phase, 90% and 100% plan stages.

TASK 6 – ADMINISTRATION AND COORDINATION

A. Project Direction: Direct the activities of the Consultant's project team and resolve technical, staffing, schedule, and cost issues.
B. Project Control: Develop and implement a project control system to document, monitor, evaluate, and resolve issues related to project schedule and budget related deliverables and milestones.
C. Client Coordination: Coordinate project progress with the PMGAA staff as described in Tasks 1 through 5 above.
D. Attend coordination and/or plan review meetings with the PMGAA Staff. This project scope includes an estimate of four (4) project coordination meetings. This task includes meeting with

the PMGAA to coordinate the progression of the project. EPS Group will prepare meeting agendas and meeting minutes for these meetings.

CONDITIONS AND EXCLUSIONS

A. This scope and fees does not include any work associated with the following: Storm Water Pollution Prevention Plan, Public Street Improvements, Map of Dedication, Legal Descriptions not otherwise indicated, Agricultural irrigation facilities relocations, Offsite or Public sewer or water lines, Construction related certifications, Preparation of As-Builts, Geotechnical Investigations / Reports, Environmental Investigations / Reports, Electrical or Mechanical Engineering or Calculations or any other items not specifically indicated in the scope of work.
B. No design or documentation for any landscaping or paving outside the areas described as the scope of work within this proposal.
C. No engineering of construction documentation for water feature(s), sculptures, fencing or railings, shade structures, and ramadas.
D. No design, engineering or construction documents for hardscape elements such as curbs, gutters, curb cuts, curb ramps, parking fields, roads, service yards or corridors, trash enclosure areas, parking structure paving, over structure paving, interior paving, paved medians, driveways / drive apons, drive isles, utility pads, building entries / thresholds and sidewalks in public right-of-way.
E. No review of certificates for payment for accuracy and completeness.
F. Attending and/or preparing materials for a neighborhood meeting are not included.
G. All irrigation systems are assumed as a potable irrigation system with no booster pump. If a booster pump and/or the irrigation is utilized as reclaimed water, those services will be provided under a separate contract.
H. Geotechnical reports, percolation tests, laboratory testing, Phase I and II Evaluations, Environmental Assessments, archeological and biological investigations and reports will not be provided. At the Architects and/or Client's request, EPS Group will solicit proposals from qualified firms on their behalf.
I. Traffic signal plans are not included.
J. No plant field survey for the property that identifies all trees and major plantings by name, size, character, and health.
K. Dry utility coordination (including gas, telecommunications, fiber optics, etc.) is not included.
L. Construction staking, construction management, inspection and/or certifications are not included.
M. Revisions to the improvement plans during the construction phase, to correct errors or oversights made by EPS Group are included. Revisions to the improvement plans for any other reasons are not included and will be billed on a time and materials basis. Additionally, redesign of previously approved work, major revisions to the site and/or expansion of scope of work are not included.
N. Preliminary Jurisdiction Delineations, Construction Notifications or 404 permitting with the Corps of Engineers are not included.
O. No Construction Administration, Record Drawings and Asbuilt documentation is included. Construction Administration will be under a separate contract.

Re: **Phoenix-Mesa Gateway Airport Entry Monument Signage**

Attn: Alex Buckley

Dear Alex,

Wright Engineering appreciates this opportunity to submit a proposal for electrical engineering services on the above referenced project. The following services will be performed in a professional manner to meet Phoenix-Mesa Gateway Airport (PMGA) requirements:

Electrical Design Scope of Services:

1. Coordinate design with owner, power company, and landscape architect as required.
    a. Project coordination will be performed via email, telephone calls, and virtual meetings, in-person meetings are not included in this scope.
2. Visit the site to determine existing electrical conditions and configuration. Please note, this task will require extensive onsite discovery of the existing conditions, electrical equipment, and loads being served and/or removed. Up to (1) one visit.
3. Review existing electrical drawings and load calculations for site.
4. Determine existing peak demand loads and coordinate proposed electrical loads.
5. Design the electrical power system to meet local codes and requirements.
6. Prepare 24” X 36” demolition electrical plans to show the following existing equipment to be removed, including:
    a. Existing monument flood lights
    b. Existing conduits & wire
7. Prepare 24” X 36” electrical construction drawings showing all new equipment to include the following:
    a. Electrical service entrance pedestal modifications as necessary
    b. Lighting for all new monuments, external or internal for 2-4 Locations
8. Prepare photometric calculations showing all lighting averages, uniformities and any spill light at adjacent property lines.
9. All lighting on/off control will be designed per client’s requirements. All necessary equipment will be shown on the plans.
10. Prepare necessary elevation view and installation details of the equipment listed above.

11. Prepare load calculations and single line diagram.
12. Prepare panel schedule and other electrical installation details as required.
13. Prepare a conduit and wire table showing all power conduits and wire for equipment listed above.
14. Prepare system fault current and voltage drop calculations as required.
15. Prepare an engineer's opinion of probable electrical construction costs and project specific electrical specifications document upon request.
16. Perform in-house QAQC review and modifications.
17. The above plans will be provided to client at 90% and 100% levels for submittal review and comment. Submittals will be made via email in digital PDF format. Client will print, copy and submit to the City and owner as needed.
18. Client review comments will be responded to and addressed.

Responsibilities of Others:

1. Provide Wright Engineering Corp. electronic base files in an AutoCAD format which includes all proposed and existing utilities, all proposed improvements, and any existing conditions that affect this scope.
2. Wright Engineering will submit plans to the landscape architect for submittal to the local government agencies for approval and permits.
3. It is anticipated that the electrical service for this project is existing, in the case that it must be replaced, designation of location of electrical service will be determined by the local utility company. The owner is responsible for coordination of the design of all electrical utility power services during the design process.

Final Deliverables:

1. Upon completion of the design, we will provide final sealed documents bearing the signature of a registered electrical engineer in the State of Arizona.

Engineering Fees:

Electrical Design Services: **$6,895.00** (Lump Sum)

Additional Services:

Any services not specifically included in the Scope of Services section or listed as billed hourly shall be services payable at an hourly fee at the following rates:

Principal	$180/hour	Designer	$115/hour
Senior Engineer	$160/hour	Drafter	$105/hour
Engineer	$135/hour	Admin	$65/hour

Printing Charges:

Although not anticipated, any printing and delivery requested will be charged as follows:

Blacklines	$ 2.00 each
Mylar Sepia	$18.00 each
Delivery Cost	cost

Billing:

We will bill you on a monthly basis for these services. Payment terms are Net 30 days. This proposal will be valid for the next 90 days. Any engineering or services fees requested to be paid by credit card will be charged an additional 4.25% for processing. If you have any questions, please contact us at your earliest convenience.

I look forward to working with you on this project. Please show your acceptance of this proposal by signing below and returning one copy for my records.

Sincerely,

R. Scott Wright, P.E., LC
Wright Engineering Corporation

I have received and read Appendix ‘A’ and agree to all terms and conditions as outlined in Appendix ‘A’ and this proposal. By signing, the proposal becomes the agreement and is executed.

Appendix ‘A’
Terms and Conditions

Certifications
Wright Engineering Corp. shall not be required to execute any document that would result in its certifying, guaranteeing or warranting the existence of conditions whose existence Wright Engineering Corp. cannot ascertain.

Termination of Services
This agreement may be terminated by the Client or Wright Engineering Corp. should the other fail to perform its obligations hereunder. In the event of termination, the Client shall pay Wright Engineering Corp. for all service rendered to the date of termination and all reimbursable expenses.

Ownership of Documents
All documents produced by Wright Engineering Corp. under this agreement shall remain the property of Wright Engineering Corp. and may not be used by the Client for any other endeavor without the written consent of Wright Engineering Corp.

Billings/Payments
Invoices for Wright Engineering Corporation services shall be submitted, at Wright Engineering Corporation’s option, either upon completion of such services or on a monthly basis. Invoices shall be payable within 30 days after the invoice date. If the invoice is not paid within 30 days, Wright Engineering Corporation may, without waiving any claim or right against the Client, and without liability whatsoever to the Client, terminate or suspend the performance of the service. Accounts unpaid 60 days after the invoice date may be subject to a monthly service charge of one-and-one-half percent (1.5%) (or the maximum rate allowed by law, whichever is less) on the then unpaid balance. In the event any portion, or all of an account remains unpaid 90 days after billing, the Client shall pay all costs of collection including reasonable attorney’s fees.

Unauthorized Changes
In the event the Client, the Client’s contractors or subcontractors, or anyone for whom the Client is legally liable makes or permits to be made any changes to any reports, plans, specifications or other construction documents prepared by Wright Engineering Corp. without obtaining Wright Engineering Corporation’s prior written consent, the Client shall assume full responsibility for the results of such changes. Therefore, the Client agrees to waive any claim against Wright Engineering Corp. and to release Wright Engineering Corp. from any liability arising directly or indirectly from such changes. In addition, the Client agrees, to the fullest extent permitted by law, to indemnify and hold harmless Wright Engineering Corp. from any damages, liabilities or costs, including reasonable attorneys’ fees and costs of defense, arising from such changes. In addition, the Client agrees to include in any contracts for construction appropriate language that prohibits the Contractor or any subcontractors of any tier from making any changes or modifications to Wright Engineering Corporation’s construction documents without the prior written approval of Wright Engineering Corp. and that further requires the Contractor to indemnify both Wright Engineering Corp. and the Client from any liability or cost arising from such changes made without such proper authorization.

Permits and Approvals
It is the responsibility of the Client to obtain all permits and approvals normally required by law for projects similar to the one for which Wright Engineering Corporation’s services are being engaged. Wright Engineering Corp. may assist the Client as requested in applying for those permits and approvals for an additional fee. This service is not included in the Basic Services of this Agreement.

Construction Supervision
The Consultant shall not supervise, direct or have control over the Contractor's work nor have any responsibility for the construction means, methods, techniques, sequences or procedures selected by the Contractor nor for the Contractor's safety precautions or programs in connection with this Work. These rights and responsibilities are solely those of the Contractor in accordance with the Contract Documents. The Consultant shall not be responsible for any acts or omissions of the Contractor, subcontractor, any entity performing any portions of the Work, or any agents or employees of any of them. The Consultant does not guarantee the performance of the Contractor and shall not be responsible for the Contractor's failure to perform its Work in accordance with the Contract Documents or any applicable laws, codes, rules or regulations.

Changed Conditions
If, during the term of this Agreement, circumstances or conditions that were not originally contemplated by or known to the Consultant are revealed, to the extent that they affect the scope of services, compensation, schedule, allocation of risks or other material terms of this Agreement, the Consultant may call for renegotiation of appropriate portions of this Agreement. The Consultant shall notify the Client of the changed conditions necessitating renegotiation, and the Consultant and the Client shall promptly and in good faith enter into renegotiation of this Agreement to address the changed conditions. If terms cannot be agreed to, the parties agree that either party has the absolute right to terminate this Agreement, in accordance with the Termination provision hereof.

Attorneys' Fees
In the event of any litigation arising from or related to this Agreement or the services provided under this Agreement, the prevailing party shall be entitled to recover from the non-prevailing party all reasonable costs incurred, including staff time, court costs, attorneys' fees and all other related expenses in such litigation.

Mediation
In an effort to resolve any conflicts that arise during the design and construction of the Project or following the completion of the Project, the Client and the Consultant agree that all disputes between them arising out of or relating to this Agreement or the Project shall be submitted to non-binding mediation unless parties mutually agree otherwise.

Proprietary Information
The Client agrees that the technical methods, design details, techniques and pricing data contained in any material submitted by Wright Engineering Corp pertaining to this Project or this Agreement shall be considered confidential and proprietary, and shall not be released or otherwise made available to any third party without the express written consent of Wright Engineering Corp.

Indemnification
The Consultant and the Subconsultant mutually agree, to the fullest extent permitted by law, to indemnify and hold each other harmless against all damages, liabilities or costs, including reasonable attorneys' fees and defense costs, arising from their own negligent acts in the performance of their services under this Agreement, to the extent that each party is responsible for such damages, liabilities and costs on a comparative basis of fault.

Limitation of Liability
Neither the engineer, the engineer's consultants, nor their agents or employees shall be jointly or individually liable to the owner in an amount in excess of our fees.

Hines Inc

2023-10-17

Ms. Alex Buckley
EPS Group, Inc
1130 North Alma School Road, Suite 120
Mesa, Arizona 85201

Dear Alex,

Hines Inc is honored to partner with EPS Group, Inc to provide Irrigation System Design for PMGA Entry Monument Signage, located in Mesa Arizona. It is assumed that the 4-acre project site will contain point source drip irrigated plant materials. It is further assumed that the irrigation system will utilize a potable water supply with adequate municipal pressure & flow rate to efficiently operate the irrigation system. Our detailed scope of work & general conditions are attached for your review & approval.

Scope & Fee Summary		Fee
Construction Documents:		
Task 1: Irrigation Plan Design		$4,150
	Total	**$4,150**

We strive to be as specific as possible in all aspects of our work to ensure complete understanding of scope & our ability to meet the proposed schedule. Should anything require further clarification, please do not hesitate to contact me.

Kind Regards,
James N Hines

CONSTRUCTION DOCUMENT SCOPE-OF-WORK

Task 1 - Irrigation Plan Design

- Site irrigation water balance will be developed to estimate future annual water usage.
- Obtain and review information regarding the existing irrigation water supply for renovation and reuse.
- Irrigation controller location, electrical power source location and water tap information (available pressure, meter requirements, etc.) will be documented.
- Design will comply with applicable City or local equipment specification and design standards.
- Detailed irrigation design will include; sprinkler layout, mainline and lateral pipe routing and sizing, remote-control valve locations, and diagrammatic routing of drip laterals.
- Prepare irrigation details in required format.
  Prepare irrigation specifications in CSI format.
- **Deliverables:**
  - One (1) 24 x 36 drawing sheet at 20 scale, details & specifications.
  - This proposal assumes a total of three (3) drawing submittals: (50% CD, 75% CD, 100% CD)

Client-Provided Information

This proposal assumes that the Client will provide the information necessary to complete the scope of work. Examples of client-provided information include but are not limited to: Project base files in the required format, key design team contact information, project milestone definition, and coordinated reasonable advanced notice of submittal deadlines.

Additional Services

If additional services or reimbursable expenses are requested beyond what is outlined in the tasks listed above, Hines would be pleased to provide a written proposal that will outline new scope, tasks, fee, & reimbursable expenses associated with the work.

Notes:

- Major base changes made after 90% Construction Document submittal, resulting in major irrigation design revisions, will require additional fees.
- If a booster pump is required, an additional fee will be necessary for the design and specification of pump equipment.
- All final construction documentation, including specifications, shall be approved by the Owner's Representative prior to issuance for bidding.
- Construction service tasks & fees proposed are an estimate of required activities and associated costs at the time of project proposal. Construction service activities will be completed on Client request and invoiced Hourly Not-to-Exceed assuming there is remaining approved fee available. Should scope and fee be exhausted prior to completion of the tasks outlined above, or should the Client request additional items not listed above, Hines will request approval of additional scope and fees.
- Not included in this scope-of-work:
    - Construction Services (Equipment Submittal Reviews, RFI Responses, On-site Observation, As-built Creation)

We request written approval to proceed with this project. Signature indicates agreement with our scope, fee, and General Conditions. Refer to Attachment A for a detailed list of our General Conditions. Please call with any questions or comments; we look forward to working with you on this project!

Kind Regards,
Hines Inc.

AGREED TO BY:
EPS Group, Inc Representative

James N Hines

Authorized Signature Date

EXHIBIT B - COMPENSATION

All compensation for services rendered by Consultant shall be based upon criteria established below. All services must be billed through the Consultant.

1. Fees to be Specified in Contract

Any and all services to be performed under this Contract require approval. All compensation for services shall be identified in writing. The Contract shall describe the scope of services to be performed (by tasks and subtasks, where appropriate), the fees associated with that performance, and any applicable special provisions. Consultant's compensation for services included in this Contract is totaled and set forth in **EXHIBIT A**, "Scope of Services and Fee Schedule".

2. Method of Payment

Subject to the terms of this Contract, PMGAA shall pay Consultant the appropriate rate or fixed price amount for services rendered as described in the Contract only after Consultant has submitted an invoice for services performed and PMGAA has certified and approved each invoice.

For services rendered in accordance with the Contract, Consultant shall submit to PMGAA an invoice depicting tasks performed and/or hours spent for services performed. Invoices must be based on the actual hours and/or expenses incurred for the services completed during the billing period. Consultant's invoices must specify that Consultant has performed the services, and PMGAA must certify and approve each invoice as a condition to payment.

3. Consultant Responsibilities for Compensation

Consultant shall prepare monthly invoices and/or progress reports in accordance with terms specified in the Contract. Progress reports will clearly indicate the progress to date and the amount of compensation due by virtue of that progress. All invoices for payment shall be for work completed unless otherwise agreed to by PMGAA. Invoices/requisitions for payment for services subject to funding by the FAA and/or ADOT shall include the documentation requirements of the FAA and/or ADOT, which are outlined in the *Airport Improvement Program (AIP) Handbook* dated September 30, 2014, or most current version.

4. PMGAA Responsibilities for Compensation

PMGAA agrees to pay Consultant's invoices for payment within 30 calendar days after the invoice is approved. PMGAA may withhold payment on any invoice if it believes that Consultant has not performed the work in a satisfactory manner. If PMGAA withholds payment to Consultant, PMGAA shall promptly notify Consultant and explain the reasons for the decision to withhold payment.

5. Billing Address

All invoices submitted to PMGAA for payment shall be submitted to:

Accounts Payable: ap@gatewayairport.com

EXHIBIT C - SPECIAL PROVISIONS

1. Civil Rights Act of 1964, Title VI – General

In all its activities within the scope of its airport program, the Contractor agrees to comply with pertinent statutes, Executive Orders, and such rules as identified in Title VI List of Pertinent Nondiscrimination Acts and Authorities to ensure that no person shall, on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance.

This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

2. Civil Rights Act of 1964, Title VI – Assurance

Title VI List of Pertinent Nondiscrimination Acts and Authorities:

During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

- Title VI of the Civil Rights Act of 1964 (42 USC § 2000d *et seq*., 78 stat. 252) (prohibits discrimination on the basis of race, color, national origin);
- 49 CFR part 21 (Non-discrimination in Federally-Assisted programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964);
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 USC § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Section 504 of the Rehabilitation Act of 1973 (29 USC § 794 *et seq*.), as amended (prohibits discrimination on the basis of disability); and 49 CFR part 27 (Nondiscrimination on the Basis of Disability in Programs or Activities Receiving Federal Financial Assistance);
- The Age Discrimination Act of 1975, as amended (42 USC § 6101 *et seq*.) (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982 (49 USC § 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987 (PL 100-259) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act of 1990 (42 USC § 12101, et seq) (prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities) as implemented by U.S. Department of Transportation regulations at 49 CFR parts 37 and 38;
- The Federal Aviation Administration's Nondiscrimination statute (49 USC § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations);
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English

proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs [70 Fed. Reg. 74087 (2005)];

- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 USC § 1681, et seq).

Title VI Compliance With Nondiscrimination Requirements:
During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor"), agrees as follows:

1. Compliance with Regulations: The Contractor (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

2. Nondiscrimination: The Contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.

3. Solicitations for Subcontracts, including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Contractor of the contractor's obligations under this contract and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.

4. Information and Reports: The Contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Sponsor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the Contractor will so certify to the Sponsor or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

5. Sanctions for Noncompliance: In the event of a Contractor's noncompliance with the non-discrimination provisions of this contract, the Sponsor will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:

a. Withholding payments to the Contractor under the contract until the Contractor complies; and/or

b. Cancelling, terminating, or suspending a contract, in whole or in part.

6. Incorporation of Provisions: The Contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations, and directives issued pursuant thereto. The Contractor will take action with respect to any subcontract or procurement as the Sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the Contractor may request the Sponsor to enter into any litigation to protect the interests of the Sponsor. In addition, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

3. <u>Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion</u>
Consultant, by accepting this Contract, certifies that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any government department or agency.

4. Project Security

As some or all portions of work possible during the Term of this Contract may be located inside the secured area of the Airport, adherence to and familiarity with federal security regulations is essential. For these projects, Consultant shall be responsible for fulfilling the security requirements described herein.

a. Secured Area Access – All Consultant personnel who require unescorted access to the secured area of the Airport, prior to the issuance of an Airport Identification badge, must successfully complete the Security Badge Application and Security Badge Authorization forms.

b. Employee Security Badges – If deemed necessary by PMGAA all Consultant and/or subcontractor personnel performing work functions in accordance with this Contract shall obtain and properly display an Airport security badge. Consultant shall submit a Security Badge Application form to the PMGAA security office for each employee requiring unescorted access, along with the current fee for each badge. Badge fees are identified on the current *Airport Fees, Services and Rental Rates* available via the Airport website at www.gatewayairport.com and are subject to change.

   i. All fees must be paid to PMGAA by cash or check.
   ii. Airport Security Badge Application forms and instructions are available via the Airport website at www.gatewayairport.com.
   iii. An authorized representative of Consultant must also obtain and submit a Security Media Authorization form, which is to be submitted to the PMGAA badging office. The Security Media Authorization form and instructions are available via the Airport website at www.gatewairport.com.
   iv. A training class on aviation security must be successfully completed before individuals are issued a badge. Fees for the security badge include attendance for the necessary training classes. Attendance at the security classes and issuance of the security badge may take two hours per person.
   v. Additional information, including a "Frequently Asked Questions" is available via the Airport website at www.gatewairport.com or by contacting the PMGAA Badging Office at (480) 988-7522. The Badging Office is located at 5803 S. Sossaman Road, Mesa AZ 85212.
   vi. Consultant shall immediately notify the PMGAA Badging Office of any Consultant personnel whose employment status has changed.
   vii. Consultant shall retrieve all security badges and keys and return them to the PMGAA Badging Office. A fee, as indicated on the most current *Airport Rates and Charges Schedule*, will be charged for each badge that is damaged, lost or not returned.
   viii. The PMGAA Badging Office will require a completed Security Badge Application from each Consultant employee so certified by Consultant as requiring such before a Security Badge is issued.
   ix. Under certain circumstances and out of control of PMGAA, security measures may change on short notice. No deviations from any security measure shall be allowed at any time.
   x. At all times, aircraft shall have the right-of-way over all vehicle traffic.

c. Fines – Due to both the safety and security precautions necessary at the Airport, any failure of the Consultant to adhere to prescribed Airport requirements/regulations has consequences that may jeopardize the health, welfare and lives of Airport customers and employees, as well as the Consultant's own employees. Therefore, if Consultant is found to be in non-compliance with any security, airfield badging/licensing and airfield safety requirement, a Notice of Violations (NOV) may be issued. A current listing of fines is available by contacting the PMGAA Badging Office.

5. Standard Terms & Conditions

PMGAA's Standard Terms & Conditions (in **EXHIBIT D** attached) include clauses that pertain to both construction and professional services. For such, the term "contractor" is to be considered same as "consultant." If a clause implies construction service then it is waived for a professional services contract. PMGAA reserves the right to make that determination if there is a conflict.

6. Federal and State Guidelines and Regulations

All work performed under this Contract must satisfy FAA and applicable agency standards, and be accomplished in accordance with applicable federal, state and local guidelines and regulations, including FAA Advisory Circulars, NEPA and Arizona environmental statutes.

Consultant shall perform the services as described in approved Contract in accordance with the applicable requirements imposed by PMGAA, ADOT, FAA and any other applicable sponsoring agencies. Consultant and its subconsultants/subcontractors, if any, shall comply with any and all applicable laws, regulations, executive orders, policies, guidelines, and any other requirements for FAA Airport Improvement Program (AIP) projects. Consultant shall provide PMGAA all information, reports, documents, and/or certifications requested by PMGAA for the satisfaction of any grant requirements for the reimbursement of services, including, without limitation, identifying the specific services provided by Consultant and the billing period(s) during which services were or are to be provided. Nothing herein shall be construed as making the FAA or ADOT a party to this Contract.

7. Right to Contract With Other Firms

PMGAA shall have the right to contract with other firms and/or persons and/or to self-perform additional services, which may be the subject of this Contract. Consultant shall conduct its operations and perform any services authorized under the Contract so as not to interfere with or hinder the progress of completion of the work being performed by PMGAA and/or other firms and/or persons. Consultants working on the same project shall cooperate with each other in the performance, scheduling, and, if applicable, the integration of their respective services.

8. Independent Contractor Status

At all relevant times, Consultant is - and shall remain - an independent contractor with regard to performance of its services. PMGAA retains no control over Consultant, the performance of its work or services, or the safety of its employees. Consultant is not authorized to enter into any contract or commitment, authorize any payment, or accept any document, services, goods or materials for, in the name of, or on behalf of PMGAA.

EXHIBIT D – PMGAA STANDARD TERMS & CONDITIONS

1. **Certification.** Consultant certifies:
   a. The award of this Contract did not involve collusion or other anti-competitive practices.
   b. It shall not discriminate against any employee or applicant for employment in violation of Federal Executive Order 11246, or A.R.S. Section 31-1461, et. seq.
   c. It has not given, offered to give, nor intends to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with this Contract; and Consultant hereby certifies that the individual signing this Contract is an authorized agent for Consultant and has the authority to bind the Consultant to the Contract.

2. **Termination of Contract.**

   a. Termination for cause. PMGAA reserves the right to cancel this Contract in whole or in part due to failure of Consultant to carry out any term, promise, or condition of the Contract. At least ten (10) business days before terminating the Contract, PMGAA will issue a written notice of default specifying one of the following reasons. PMGAA shall, at all times during the term of the Contract or any extension term thereto, have the sole authority to determine if the default has been cured to its satisfaction. The rights and remedies in this clause are in addition to any other rights and remedies provided by law or under this Contract.

      (1) Consultant has provided personnel that do not meet the requirements of the Contract.

      (2) Consultant has failed to perform adequately the stipulations, conditions or services/specifications required in this Contract.

      (3) Consultant has attempted to impose on PMGAA personnel or materials, products, or workmanship of unacceptable quality.

      (4) Consultant has failed to furnish the required service(s) and/or product(s) within the time stipulated in the Contract or associated Authorization of Services.

      (5) Consultant has failed to make progress in the performance of the requirements of the Contract or Authorization of Services, or Consultant fails to give PMGAA adequate assurance the Consultant will perform the Contract in full and on time.

      (6) Each payment obligation of PMGAA created hereby is conditioned on the availability of PMGAA, state, or federal funds appropriated for payment of the obligation. If funds are not available or allocated by PMGAA for continuance of service under this Contract, then PMGAA may terminate the Contract. PMGAA shall promptly notify Consultant regarding the service that may be affected by a shortage of funds. No penalty accrues to PMGAA if this provision is exercised, and PMGAA shall not be liable for any future payments due or for any damages as a result of termination under this paragraph.

   b. Termination for convenience. This Contract may be terminated at any time by mutual written consent or by PMGAA - with or without cause - provided the terminating party gives fourteen (14) calendar days' advance written notice to the other party. PMGAA may terminate this Contract, in whole or in part, for PMGAA's convenience and with fourteen (14) days' written notice. If this Contract is terminated, then PMGAA is liable only for services rendered and material received, certified, and approved by PMGAA under the Contract before the termination effective date.

   c. Upon termination of the Contract, the Consultant must deliver to PMGAA all data, surveys, models, drawings, specifications, reports, maps, photographs, estimates, summaries, and other documents and materials prepared by the Engineer under this contract, whether complete or partially complete.

3. **Dispute Resolution**.

   a. **Negotiations**. If a dispute arises out of or relates to this Contract or its breach, the parties to this Contract shall endeavor to settle the dispute through direct discussions as a condition precedent to mediation or binding dispute resolution.

b. **Mediation**. Should the parties to this Contract be unable to resolve their dispute through direct negotiations, the parties to this Contract, upon the written request of either, shall engage in mediation, to be administered privately by a mediator and according to rules mutually agreed upon by the parties to this Contract, or, the absence of such mutual agreement, by a mediator appointed by JAMS and administered by JAMS in accordance with its then-current mediation rules. The fees and costs of mediation shall be split equally by the parties to this Contract, but subject to reallocation following binding dispute resolution.

c. **Binding Dispute Resolution**. Should the parties to this Contract be unable to resolve their dispute through direct negotiations or mediation, either party may, within the time limitations for bringing claims under Arizona law and this Contract, commence formal dispute resolution proceedings. Both parties to this Contract consent to binding arbitration administered by JAMS according to its then current arbitration rules, provided, however, that (i) in the event both parties agree, the arbitration may be administered privately by an arbitrator and according to rules mutually agreed upon by the parties to this Contract, and (ii) in the event any party seeks relief against the other party or against a non-party which cannot fully be granted in arbitration, by reason of non-joinder or otherwise, the parties to this Contract are excused from this arbitration requirement and the parties to this Contract shall proceed in the state or federal courts of competent jurisdiction and located in Maricopa County, Arizona. In any arbitration or litigation, the prevailing party shall be entitled to an award of its reasonable attorneys' fees and costs as determined by the arbitrator or court as applicable.

4. **Independent Contractor.** At all times, each party acts in its individual capacity not as agent, employee, partner, joint venturer, or associate of the other party. An employee or agent of one party may not be deemed or construed to be the employee or agent of the other party for any purpose whatsoever. Neither Consultant nor any of its employees are entitled to compensation from PMGAA in the form of salaries, paid vacation, or sick days. PMGAA will not provide any insurance to Consultant, including *Workers' Compensation* coverage. PMGAA will not withhold FICA, taxes, or any similar deductions from PMGAA's payments under this Contract.

5. **Affirmative Action.** Consultant shall abide by all the federal and state of Arizona provisions for equal opportunity in the work place.

6. **Human Relations**. Consultant shall abide by all the federal and state of Arizona provisions against discrimination of disadvantaged business enterprises in applicable PMGAA contracts.

7. **Non-Exclusive Contract**. This Contract is for the sole convenience of PMGAA. PMGAA reserves the right in its discretion to obtain the same or similar goods or services from any other source.

8. **Americans with Disabilities Act.** Consultant shall comply with all applicable provisions of the *Americans with Disabilities Act* (Public Law 101-336, 42 U.S.C. 12101-12213) and applicable federal regulations under the *Act*.

9. **Confidentiality of Records**. Consultant shall establish and maintain procedures and controls that are acceptable to PMGAA for the purpose of assuring that no information contained in its records or obtained from PMGAA or from others in carrying out its functions under the Contract shall be used by or disclosed by it, its agents, officers, or employees, except as required to efficiently perform duties under this Contract. Persons requesting such information should be referred to PMGAA. Consultant also agrees that any information pertaining to individual persons shall not be divulged other than to employees or officers of Consultant as needed for the performance of duties under the Contract, unless otherwise agreed to in writing by PMGAA.

10. **Gratuities.** PMGAA may, by written notice to the Consultant, cancel this Contract if it is found that gratuities, in the form of entertainment, gifts or otherwise, were offered or given by Consultant or any agent or representative of Consultant, to any officer or employee of PMGAA involved in the amending, or the making of any determinations with respect to the performing of such Contract. If this Contract is canceled

by PMGAA under this provision, PMGAA shall, in addition to any other rights and remedies, repay to the Consultant the amount of the gratuity.

11. **Applicable Law.** This Contract shall be governed by the laws of the state of Arizona, and suits pertaining to this Contract shall be brought only in federal or state courts in the state of Arizona.

12. **Contract**. This Contract is based on and the result of a negotiated Scope of Work and Proposal, Bid or Statement of Qualifications submitted by Consultant under an RFP, IFB or RFQ. The Contract contains the entire agreement between PMGAA and Consultant. No prior oral or written agreements, contracts, proposals, negotiations, purchase orders, or master agreements (in any form) are enforceable between the parties.

13. **Contract Amendments**. This Contract shall be modified only by a written amendment signed by the PMGAA Executive Director or his/her designee, and persons duly authorized to enter into contracts on behalf of Consultant.

14. **Provisions Required by Law**. Each and every provision of law and any clause required by law to be in the Contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either party the Contract shall forthwith be physically amended to make such insertion or correction.

15. **Severability.** The provisions of this Contract are severable to the extent that any provision or application held to be invalid shall not affect any other provision or application of the Contract, which may remain in effect without the valid provision, or application.

16. **Protection of Government Property.** Consultant shall use reasonable care to avoid damaging all PMGAA property, including buildings, equipment, and vegetation (such as trees, shrubs, and grass). If Consultant damages PMGAA's property in any way, Consultant shall immediately report such damage to PMGAA and repair or replace the damage at no cost to PMGAA, as directed by the PMGAA Executive Director. If Consultant fails or refuses to repair or replace the damage, then PMGAA may terminate the Contract, and PMGAA shall deduct the repair or replacement cost from money due Consultant under the Contract.

17. **Interpretation – Parol Evidence.** This Contract is intended by the parties as a final expression of their agreement and is intended also as a complete and exclusive statement of the terms thereof. No course of prior dealings between the parties and no usage of the trade shall be relevant to supplement or explain any term used in this Contract. Acceptance or acquiescence in a course of performance rendered under this Contract shall not be relevant to determine the meaning of this Contract even though the accepting or acquiescing party has knowledge of the nature of the performance and opportunity to object.

18. **Subcontracts.** Consultant shall not assign any rights or interest nor enter into any subcontract with any other party to furnish any of the materials, goods or services specified herein without the prior written permission of PMGAA. PMGAA may, at its sole discretion, accept or reject proposed subcontractors or assignment. PMGAA shall notify Consultant of its acceptance or rejection within forty-five (45) days or written request by Consultant. All subcontracts shall comply with federal and state laws and regulations applicable to the materials, goods or services covered by the subcontract and shall include all the terms and conditions set forth herein, which shall apply with equal force to the subcontract, as if the subcontractor were the Consultant referred to herein. Consultant is responsible for Contract performance whether subcontractors are used.

19. **No Waiver.** No provision in this Contract shall be construed, expressly or by implication, to waive either party's existing or future claim, right, or remedy available by law for breach of contract. The failure of either party to insist on strict performance of any Contract term or condition; to exercise or delay exercising any right or remedy provided in the Contract or by law; or to accept materials, services, or Consultant's services under this Contract or imposed by law, shall not be deemed a waiver of any right of either party to insist upon strict performance of the Contract.

20. **Warranties.** Consultant warrants that all materials and services delivered under this Contract shall conform to the specifications thereof. Mere receipt of shipment of the material or service specified and any inspection incidental thereto by PMGAA, shall not alter or affect the obligations of Consultant or the rights

of PMGAA under the foregoing warranties. Additional warranty requirements may be set forth in this Contract.

21. **Indemnification.** To the fullest extent permitted by law, Consultant shall save, indemnify, and hold harmless PMGAA, its agents, representatives, officers, directors, officials, and employees (collectively the "Indemnitees"), for, from and against all claims, damages, losses and expenses, including but not limited to attorney fees, court costs, expert witness fees, and the cost of appellate proceedings, relating to, arising out of, or alleged to have resulted from the Consultant's acts, errors, omissions, or mistakes relating to Consultant's services under this Contract.

22. **Right to Assurance.** Whenever one party to this Contract in good faith has reason to question the other party's intent to perform, the former party may demand that the other party give a written assurance of this intent to perform. If a demand is made and no written assurance is given within five (5) business days, the demanding party may treat this failure as an anticipatory repudiation with this Contract.

23. **Advertising.** Consultant shall not advertise or publish information concerning this Contract without prior written consent of PMGAA.

24. **Right to Inspect.** PMGAA may, at reasonable times, and at PMGAA's expense, inspect the place of Consultant's or any of Consultant's subcontractor's business, which is related to the performance of this Contract or related subcontract.

25. **Force Majeure.** In the event either party shall be delayed or hindered in or prevented from the performance of any covenant, agreement, work, service, or other act required under this Contract to be performed by such party ("Required Act"), and such delay or hindrance is due to causes entirely beyond its control such as riots, insurrections, martial law, civil commotion, war, fire, flood, earthquake, or other casualty or acts of God ("Force Majeure Event"), then the performance of such Required Act shall be excused for the period of delay and the time period for performance of the Required Act shall be extended by the same number of days in the period of delay. For purposes of this Contract, the financial inability of Consultant to perform any Required Act, including, without limitation, failure to obtain adequate or other financing shall not be deemed to constitute a Force Majeure Event. A Force Majeure Event shall not be deemed to commence until ten (10) days before the date on which the party who asserts some right, defense, or remedy arising from or based upon such Force Majeure Event gives written notice thereof to the other party. If abnormal adverse weather conditions are the basis for a claim for an extension of time due to a Force Majeure Event, the written notice shall be accompanied by data substantiating (a) that the weather conditions were abnormal for the time and could not have been reasonably anticipated and (b) that the weather conditions complained of had a significant adverse effect on the performance of a Required Act. To establish the extent of any delay to the performance of a Required Act due to abnormal adverse weather, a comparison will be made of the weather for the time of performance of the Required Act with the average of the preceding ten (10) years' climatic range based on the National Weather Service statistics for the nearest weather reporting station to the Premises. No extension of time for or excuse for a delay in the performance of a Required Act will be granted for rain, snow, wind, cold temperatures, flood, or other natural phenomena of normal intensity for the locality where the Premises are located.

26. **Inspection.** All material or service is subject to final inspection and acceptance by PMGAA. Material or service failing to conform to the specifications of this Contract will be held at Consultant's risk and may be returned to Consultant. If so returned, all costs are the responsibility of Consultant. Noncompliance shall conform to the cancellation clause set forth in this Contract.

27. **Exclusive Possession.** All services, information, computer program elements, reports, and other deliverables, which may be created under this Contract, are the sole property of PMGAA and shall not be used or released by Consultant or any other person except with prior written permission by PMGAA.

28. **Title and Risk of Loss.** The title and risk of loss of materials or services shall not pass to PMGAA until PMGAA actually receives the material or service at the Airport, unless otherwise provided within this Contract.

29. **Liens.** All materials, services, and other deliverables supplied to PMGAA under this Contract must be free of all liens and other encumbrances. Upon request of PMGAA, Consultant shall provide a formal release of all liens.

30. **Licenses.** Consultant shall maintain in current status all federal, state, and local licenses and permits required for the operation of the business conducted by Consultant as applicable to this Contract.

31. **Subsequent Employment.** PMGAA may cancel this Contract without penalty or further obligation in accordance with A.R.S. Section 38-511 if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract, on behalf of the PMGAA is or becomes, at any time while the Contract or any extension of the contract is in effect, an employee of, or a contractor to any other party to this Contract with respect to the subject matter of the Contract. Such cancellation shall be effective when the parties to this Contract receive written notice from PMGAA, unless the notice specifies a later time.

32. **Clean Up.** Consultant shall at all times keep Contract performance areas, including storage areas used by the Consultant, free from accumulation of waste material or rubbish and, prior to completion of the work, remove any rubbish from the premises and all tools, scaffolding, equipment and materials not property of PMGAA. Upon completion of any repair, Consultant shall leave the work and premises in clean, neat, and workmanlike condition.

33. **Patents.** Consultant shall defend, indemnify, and hold harmless PMGAA, its officers and employees from all liabilities, claims, damages, costs, or expenses, including, but not limited to attorneys' fees, for any alleged infringement of any person's patent rights or copyrights in consequence of the use by PMGAA, its officers, employees, agents, and other duly authorized representatives of tangible or intellectual property supplied to PMGAA by Consultant under this Contract.

34. **Records and Audit Rights.** Consultant's and all of its approved subcontractors' books, records, correspondence, accounting procedures and practices, and any other supporting evidence relating to this Contract, including the papers of all Consultant and subcontractor employees that work on the Contract (all the foregoing collectively referred to as "Records"), must be open to inspection and subject to audit and/or reproduction during normal working hours by PMGAA. PMGAA is entitled to evaluate and verify all invoices, payments or claims based on Consultant's and its subcontractor's actual costs (including direct and indirect costs and overhead allocations) incurred or units expended directly in the performance of work under this Contract. For any audit under this Section, Consultant and its subcontractors hereby waive the right to keep such Records confidential. PMGAA is entitled to access to these Records from the effective date of this Contract for the duration of the work and until five years after the date of final payment by PMGAA to Consultant under the Contract. During normal working hours, PMGAA is entitled to access to all necessary Consultant and subcontractor facilities and shall be provided adequate and appropriate workspace, in order to conduct audits under this Section. PMGAA shall give Consultant or subcontractors reasonable advance notice of intended audits. Consultant shall require its subcontractors to comply with the provisions of this Section by including its requirements in all subcontracts related to this Contract.

35. **E-Verify Requirements.** To the extent applicable under A.R.S. § 41-4401, Consultant and its subcontractors warrant compliance with all federal immigration laws and regulations that relate to their employees, and compliance with the E-Verify requirements under A.R.S. §23-214(A). Consultant's or its subcontractors' failure to comply with such warranty shall be deemed a material breach of this Contract and may result in the termination of this Contract by PMGAA. PMGAA shall have the right to inspect the papers of Consultant's and any of Consultant's subcontractor's employee who works on this Contract to ensure the Consultant is complying with this paragraph.

EXHIBIT E – CONSULTANT'S RFQ SUBMITTAL

Consultant's Statement of Qualifications in response to Phoenix-Mesa Gateway Airport Authority's Solicitation 2024-007-RFQ dated September 14, 2023, is hereby incorporated herein and made part of this Contract.

Board Action Item

Re: Resolution 23-59

To:	**Board of Directors**
From:	**Bob Draper, P.E., LEED AP, CM Engineering & Facilities Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**Fire Pump Skids and Installation Services – Cross Fire Protection LLC – CIP1259**
Date:	**November 21, 2023**

Proposed Motion

To authorize the purchase and installation of two (2) 2500GPM Fire Pump Skids with new tanks and stands, from Cross Fire Protection LLC (Cross Fire) in an amount not to exceed $260,589.27 under CIP1259.

Narrative

Two of the current Fire Protection Pump Units located at South Central (Fire Tanks), have reached the end of their useful life cycle and are in need of replacement. The current costs to repair and maintain these units is increasing significantly, many parts are no longer available, and downtime would cause a safety issue due to having no fire protection to the buildings supported by these Pumps.

The Request for Proposal (RFP), Solicitation 2024-010-RFP - Fire Pump Skids & Installation Services, was issued on September 6, 2023, and advertised in the Arizona Business Gazette on 9/14, 9/21, and 9/28/23. It was also posted on the AzAA, ACC, and ACI-NA Websites as well as the Phoenix-Mesa Gateway Airport Authority Website. In addition, the RFP was emailed to a list of 22 prospective firms.

PMGAA staff received one bid, from Cross Fire. Following PMGAA's Procurement Policy 22-01 when only one submittal is received, PMGAA staff confirmed that the specifications contained in the RFP were not overly restrictive and performed a price analysis to ensure the pricing received was in line with the equipment requested. PMGAA staff are recommending to award the purchase of the fire pumps and tanks to Cross Fire.

Fiscal Impact

This purchase was included in the FY24 Capital Budget and is funded with PMGAA non-grant funds under CIP1259.

Attachment(s): Proposal

RESOLUTION NO. 23-59

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize the purchase and installation of two (2) 2500GPM Fire Pump Skids with new tanks and stands, from Cross Fire Protection LLC (Cross Fire) in an amount not to exceed $260,589.27 under CIP1259;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

The Board of Directors of the Authority hereby authorizes the purchase and installation of two (2) 2500GPM Fire Pump Skids with new tanks and stands, from Cross Fire Protection LLC (Cross Fire) in an amount not to exceed $260,589.27 under CIP1259. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.

Passed and adopted by the Authority this 21st day of November, 2023.

Board Action Item

Re: Resolution 23-60

To:	**Board of Directors**
From:	**Lori Collins, Director of Business and Economic Development**
Through:	**J. Brian O'Neill, A.A.E., Executive Director/CEO**
Subject:	**Car Rental Concession Agreements**
Date:	**November 21, 2023**

Proposed Motion

Authorize Phoenix-Mesa Gateway Airport Authority (PMGAA) staff to negotiate and execute final Concession Agreements for Rental Car Concessions with Enterprise Leasing Company of Phoenix LLC, Avis Budget Car Rental LLC, and The Hertz Corporation for non-exclusive on-airport rental car concessions at PMGAA.

Narrative

The Airport's existing car rental concessions program (Program) consists of counter, office, and support space in the Terminal, parking spaces and facilities in the Ready Lot, parking space and facilities in the Return Lot, parking spaces and facilities in the Quick Turn Around Lot, and parking spaces near the General Aviation Center. The current Program is operated by Enterprise Leasing Company of Phoenix, LLC, and The Hertz Corporation; and these existing Car Rental Concession Agreements will expire on December 31, 2023.

To support the rental car operations, the Airport is constructing new, modern facilities that will add capacity, increase efficiency, improve security, and heighten the customer experience. These improvements include a redesigned Return Lot and a complete renovation of the Quick Turn Around (QTA) Lot that includes a new carwash building, office buildings, maintenance bays, reconfigured queuing and staging lanes, new lights, access controls, and an additional paved lot for overflow parking.

Agreement Term and Rate

Airport staff divided the rental car concessions into three distinct opportunities, referred to as Package 1, Package 2, and Package 3 (collectively "Packages") and an additional opportunity at the Airport's Fixed Base Operator's location. Each Package has been allocated a set number or percentage of resources that are used to determine the rents and fees, excluding Customer Facility Charges (CFC) which are set per transaction. Initial Package market share is as follows:

Package 1: 55%
Package 2: 30%
Package 3: 15%

Rents and Fees to be paid by the concessionaires are a Concession Fee which includes both Percentage Rent and Minimum Annual Guarantee Rent, Premises Rent, Operational and Maintenance Fees, and CFC's.

The start date of the agreements is January 1, 2024, with an initial term of seven (7) years with one (1) 2-year extension option, to be exercised at the sole discretion of PMGAA.

The Request for Qualifications (RFQ), Solicitation 2024-002-RFQ, was issued on July 27, 2023, and advertised in the Arizona Business Gazette on 8/03, 8/10, 8/17 and 8/24/23; it was also posted on the AzAA, ACC, ACI-NA, and Phoenix-Mesa Gateway Airport Authority Websites. In addition, the RFQ was emailed to a list of six (6) prospective firms. PMGAA received three (3) Statements of Qualifications (SOQ) on September 19, 2023, from the following firms:

Avis Budget Car Rental, LLC
Enterprise Leasing Company of Phoenix, LLC
The Hertz Corporation

The evaluation panel reviewed the submitted SOQ's and, based on the evaluation criteria, determined award recommendation as follows:

Package 1:	**Enterprise Leasing Company of Phoenix LLC**
Package 2:	**Avis Budget Car Rental LLC**
Package 3:	**The Hertz Corporation**
FBO Option:	**Enterprise Leasing Company of Phoenix LLC**

Board Action Item

Re: Resolution 23-61

To:	**Board of Directors**
From:	**Bob Draper, P.E., LEED AP, CM Engineering & Facilities Director**
Through:	**Scott Brownlee, Deputy Director/COO** **J. Brian O'Neill, A.A.E., Executive Director/CEO**
Subject:	**FY24 Capital Budget Amendment - Rental Car Care Facility Improvements - CIP1242**
Date:	**November 21, 2023**

Proposed Motion

To authorize an Amendment of the FY24 Capital Budget to add $200,000 to the Rental Car Care Facility Improvements Project, for the purchase and site preparation of a Kiosk for the Car Rental Return Lot under CIP 1242. This will be funded with CFC funds.

Narrative

The growth of commercial service at the Airport benefits the car rental companies and generates revenue for the Airport through Customer Facility Charges (CFC). CFC's are daily transaction fees imposed upon a customer renting a vehicle from an on-airport car rental company. CFC revenues are used to pay for costs associated with the design and construction of facilities or improvements used for the car rental companies located at the Airport.

Our current Car Care Facility is outdated, inadequate, and lacks the capacity and efficiency needed to service our customers effectively. This facility is currently being upgraded and expanded to accommodate the increased number of rental cars presently in service. An additional Kiosk in the Car Rental Return Lot is needed since a new rental car company will be operating at the Airport in addition to the existing rental car companies.

Fiscal Impact

Requesting to have $200,000 in additional funds, added to the Rental Car Care Facility Improvements Project, for the purchase and site preparation of a Kiosk for the Car Rental Return Lot, utilizing CFC funds under CIP 1242.

Re: Resolution 23-62

To:	**Board of Directors**
From:	**Bob Draper, P.E., LEED AP, CM Engineering & Facilities Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**Customer Service Booth - Rental Car Care Facility Improvements – CIP 1242**
Date:	**November 21, 2023**

Proposed Motion
To authorize the purchase of one (1) Customer Service Booth (Kiosk), for the Rental Car Return Lot, from Madison Industries (Madison) in an amount not to exceed $94,783 under CIP 1242.

Narrative
The growth of commercial service at the Airport benefits the car rental companies and generates revenue for the Airport through Customer Facility Charges (CFC). CFC's are daily transaction fees imposed upon a customer renting a vehicle from an on-airport car rental company. CFC revenues are used to pay for costs associated with the design and construction of facilities or improvements used for the car rental companies located at the Airport.

Our current Car Care Facility is outdated, inadequate, and lacks the capacity and efficiency needed to service our customers effectively. This facility is currently being upgraded and expanded to accommodate the increased number of rental cars presently in service. With the addition of a new rental car company to begin operating at the Airport, we need to provide a Kiosk for them at the Rental Car Return Lot.

Due to the urgent need for the kiosk, Airport staff is unable to issue a formal solicitation for the procurement, as required by the Airport's Procurement Policy. Staff secured a price quote from Madison, the company that provided the existing kiosks, in order to obtain a similar kiosk in materials, look, and size. Staff contacted 7 different companies and received an estimate to ensure the pricing received from Madison was in line with the product requested.

Fiscal Impact
This purchase was included in the FY24 Capital Budget utilizing $94,783 in CFC Funding under CIP 1242.

Payment Terms: Per Payment Terms in Exhibit "B"

Notes: Terms subject to verification of a completed credit application.
Price does not Include costs of special union or code requirements that may be incurred in certain areas. These costs will be billed at cost + 15% on the final invoice.

PROPOSAL IS SUBJECT TO ACCEPTANCE WITHIN 30 DAYS, DELIVERY WITHIN 160 DAYS FROM ACCEPTANCE. IF MADISON INDUSTRIES, INC. or any assignee thereof is required to employ counsel, or to bring legal action to collect the above price of any part thereof you will pay in addition, reasonable attorney's fees, court costs and cost of any investigation necessary. All engineering drawings and calculations are the property of MADISON INDUSTRIES, INC. unless otherwise stipulated hereon; this proposal is submitted contingent upon strikes, fires, accidents, acts of God and war, and other causes beyond our control: terms of sale, as above. Buyer shall, in addition to the payments required under the terms of the proposal, pay all sales, use and transfer taxes, whether national, state or local, however designated, which are levied or imposed by reason of the project contemplated. Buyer shall reimburse Madison Industries, Inc. for the amount of any such taxes paid or accrued by Madison Industries, Inc. as a result of the project.

ARCHITECTURAL PRODUCTS, BUILDINGS, CANOPIES and CARWASHES

Exhibit B

Proposal #MCA-23-JF068

Budgetary Price and Terms:

Budgetary Cost to Fabricate and Deliver the following structures:

I.	Engineering drawings and state certification	$4,500.00
II.	One (1) 8'-0" x 12'-0" Customer Service Booth	$67,640.00
III.	Delivery	$4,800.00
IV.	Installation	$9,620.00
V.	Sales Tax	$8,223.00
		$94,783.00

Payment Terms:

1. 45% to initiate fabrication
2. 45% prior to delivery
3. 100% upon completion.

Notes:

1. Pricing excludes prevailing wage rates for Meas, AZ
2. Price does not include cost of special Union and Code requirements that may be incurred in certain areas. These costs will be added to the final billing plus 15%.
3. If any discrepancies are found between scope of work provided and Madison drawings, the drawings shall take precedence.
4. Pricing is budgetary and will be confirmed upon completion of state approved drawings and when booth is ready to release for fabrication.

Scope of work for One (1) 8'-0" x 12'-0" Customer Service Booth

Items Furnished and Installed by Madison

1. Primed Rigid structural framing.
2. Pre-finished white interior wall panels
3. Exterior wall construction:
   a. Pre-finished ACM wall panels with "route and return" installation method. Stock color to be selected by customer.
   b. Insulation per code requirements.
4. Roof construction to consist of steel panels with polyisocyanurate rigid insulation covered with a fully adhered roofing membrane.
5. Pre-finished white ceiling panels.
4. Johnsonite Inertia Black rubber flooring and 4" rubber cove base over cement subfloor attached to structural frame.
6. One (1) 3068 hollow metal exit door with view window, frame and hardware.
7. All glazing to be insulated tempered clear glass in an anodized aluminum sash, to also include three (3) manual customer service sliding windows with insulated glass.
8. Exterior customer service counter to be stainless steel.
9. Stainless steel interior work counter laminated to ¾" plywood.
10. Onsite installation and equipment rental.

Electrical

1. All lighting per specifications and drawings.

2. 100 amp single phase service panel.
3. All switches, isolated receptacles, receptacles, j-boxes and conduits.
4. All electrical and mechanical work to comply with national electrical codes (NEC).
5. Furnishing and installation of main service disconnect, CT Cabinet and meter shall be by others.
6. Final hook up to the electrical service and testing shall be by others.

HVAC

1. Furnish and install one (1) Mitsubishi ductless system.
2. Madison to run condensate drain line to exterior of booth. Final connection to terminating point by EHI's General Contractor.
3. Final hook up of condenser, start up and testing to be performed onsite by customers General Contractor.

Items Not By Madison

1. Permits, licenses, inspection.
2. Signage.
3. All concrete work.
4. All concrete scanning
5. Wall coverings, if applicable.
6. Fire sprinkler system if required.
7. Fire alarm devices and smoke detectors.
8. Telephone, computers and data equipment.
9. Final hook up to electrical service, main disconnect, power mast, meter and testing.
10. Any items not listed in the scope of work.
11. Any items listed as being by others in the scope of work.

Warranty

A one (1) year parts and labor warranty is provided for items manufactured by Madison Industries, Inc. The manufacturer's warranty will be passed on for any parts not manufactured by Madison Industries, Inc. This warranty is effective as of the completion date of field installation. The warranty is only effective when the building is reviewed and a punch list is signed by the Customers' Project engineer and a Madison Industries Representative within thirty (30) days of completion in the field.

Board Action Item

Re: Resolution 23-63

To:	**Board of Directors**
From:	**Lori Collins, Director of Business and Economic Development**
Through:	**J. Brian O'Neill, A.A.E., Executive Director/CEO**
Subject:	**Sun Country, Inc. Operating Agreement**
Date:	**November 21, 2023**

Proposed Motion
Authorizing the Executive Director to execute an Air Carrier Operating Agreement with Sun Country, Inc. for commercial air service at the Airport.

Narrative
Sun Country, Inc. ("Sun Country") is a privately held company based in the Twin Cities of Minneapolis-St. Paul. The award-winning airline is a leader in leisure travel flying to popular destinations across North America, Central America, and the Caribbean, having earned a reputation for offering world-class service at an affordable price.

Sun Country recently notified the Phoenix-Mesa Gateway Airport Authority ("Authority") that it intends to resume seasonal, non-stop service from the Phoenix-Mesa Gateway Airport to Minneapolis-St. Paul International Airport returning in October 2023.

The Air Carrier Operating Agreement between the Authority and Sun Country outlines the requirements for offering commercial passenger service at the Airport, identifies the applicable changes for facilities and services at the Airport, and contractually obligates Sun Country to adhere to the Airport's Rules and Regulations and Minimum Standards.

Fiscal Impact
Variable revenues are difficult to forecast because they are based on passenger activity. However, the Airport anticipates increases in concessionaire revenue, rental car fees, Car Rental Facility Charges (CFC's), parking fees, Passenger Facility Charges (PFC's) and fuel service charges.

Attachment(s)
Air Carrier Operating Agreement

RESOLUTION NO. 23-63

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize the Executive Director to execute an Air Carrier Operating Agreement with Sun Country, Inc. for commercial air service at the Airport;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes the Executive Director to execute an Air Carrier Operating Agreement with Sun Country, Inc. for commercial air service at the Airport. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**
>
> Passed and adopted by the Authority this 21st day of November, 2023.

Walter Wilson, Chair

ATTEST:

Misty Johnson, Clerk of the Board

Phoenix-Mesa Gateway Airport Authority
AIR CARRIER OPERATING AGREEMENT

This Air Carrier Operating Agreement (the "Agreement") is executed to be effective the 1st day of November 2023 (the "Effective Date") between the **PHOENIX-MESA GATEWAY AIRPORT AUTHORITY ("PMGAA")**, a joint powers airport authority authorized under the laws of the State of Arizona ("PMGAA"), and **Sun Country, Inc.** ("CARRIER"). PMGAA and CARRIER may be referred to collectively as "Parties," and each separately may be referred to as a "Party."

WITNESSETH:

WHEREAS, PMGAA is the owner and operator of the Phoenix-Mesa Gateway Airport generally located at the intersection of Ray Road and Sossaman Road, City of Mesa, Maricopa County, Arizona (the "Airport"); and

WHEREAS, PMGAA has the right to enter into Agreement, license and grant the use of property and facilities on the Airport and has full power and authority to enter into this Agreement in respect thereof; and

WHEREAS, CARRIER provides commercial airline services, charters, flight crews, aircraft and desires to use the Airport facilities for commercial operations; and

WHEREAS, CARRIER desires to obtain certain non-exclusive rights to use the common use areas of the passenger terminal, services and privileges in connection with the use of the Airport and its facilities, and PMGAA is willing to grant the same to CARRIER upon the terms and conditions hereinafter stated; and

WHEREAS, the Parties agree to enter into this Agreement, specifying the rights and obligations of the Parties with respect to the operation of the Airport by PMGAA and the use and/or occupancy of the Airport by CARRIER;

NOW, THEREFORE, for good and valuable consideration, the mutual covenants and conditions herein set forth and the sufficiency of which is agreed to by the Parties, the Parties hereby agree as follows:

1. PERMITTED ACTIVITIES AND CONDITIONS OF AIRPORT USE.

1.1 CARRIER shall have the right to use, in common with others, the passenger terminal, taxiways, runways and air navigational aids of the Airport for the purpose of conducting its Federal Aviation Regulation (FAR) Part 121 scheduled domestic operations, public charter, private charter and the landing and taking off of aircraft incidental thereto, and provided, however, such activities and services are performed in strict accordance with applicable PMGAA Minimum Standards, upon terms and conditions as herein provided.

1.2 RESERVED.

1.3 CARRIER shall not engage in any other commercial or revenue producing activity at the Airport (excluding charter activities by CARRIER, and charter activities requested by PMGAA) without first applying for and receiving written approval for such activity from PMGAA. In the event any other commercial or revenue producing activity is engaged in by CARRIER prior to obtaining such approval, without waiver or limitation of any other remedies available to PMGAA at law or equity, CARRIER hereby agrees to remit to PMGAA the sum equal to TEN PERCENT (10%) of gross billings for such unauthorized activity, plus any expenses incurred by PMGAA in the course of any audit conducted for all of CARRIER's activities.

DocuSign Envelope ID: 0CCF8EFD-667C-4B61-A12F-2C740F0113E7

1.4 CARRIER shall at all times comply with all Federal, State and local laws, ordinances, rules and regulations which are applicable to its operations or the Premises itself (including but not limited to the Americans with Disabilities Act), including all laws, ordinances, rules and regulations adopted after the Effective Date. Carrier shall at all times comply with the PMGAA Rules and Regulations, as the same may be amended from time to time in the Authority's sole and absolute discretion.

2. TERM.

2.1 Initial Term. Subject to earlier termination as provided herein, the term of this Agreement shall be one (1) year, commencing on the Effective Date (the "Term").

2.2 Renewal Term. Provided CARRIER is not then in default of this Agreement, the Term may be extended for one (1) year, without action by the Parties, unless otherwise terminated as provided herein.

2.3 Either Party may terminate this Agreement by providing the notified Party ninety (90) calendar days advance written notice of the terminating Party's intent to do so.

3. NONEXCLUSIVE RIGHTS.

CARRIER shall have the non-exclusive right to occupy and use the designated areas of the Airport while in compliance with the terms and conditions of this Agreement. All rights granted to CARRIER under this Agreement are nonexclusive, except by express written agreement herein. PMGAA may, in its sole discretion and at any time, permit third parties to conduct any and all business activities at the Airport that PMGAA deems appropriate, or conduct such activities itself, provided that such activities do not require or materially interfere with CARRIER's use of the Airport.

3.1 CARRIER shall not schedule or advertise flight schedules originating from or destined for Phoenix-Mesa Gateway Airport without prior coordination with PMGAA and confirmation from PMGAA of terminal availability.

3.2 Pursuant to PMGAA's Common Use Facilities Operating Procedures (attached as **EXHIBIT C**), CARRIER shall submit a copy of CARRIER's proposed schedule to PMGAA no less than 60 days prior to the schedule effective date. Along with the schedule submission, CARRIER shall include the name and contact information of the individual responsible for setting CARRIER's schedule at the Airport.

3.3 PMGAA shall provide CARRIER with common use of one (1) boarding gate and four (4) ticketing positions. In addition, CARRIER shall have common use access to additional ticket counters, gate hold rooms, and the baggage claim area for scheduled flight operations, the scheduling of such use is subject to the guidelines outlined in PMGAA's Common Use Facilities Operating Procedures. Common use requirements shall be scheduled with PMGAA's Operations & Maintenance department prior to any planned use.

3.4 PMGAA has implemented Common Use Facilities Operating Procedures. PMGAA reserves the right to modify said procedures from time-to-time, as it deems necessary in its sole and absolute discretion and authority to accomplish its purposes. CARRIER shall at all times comply with these operating procedures.

3.5 PMGAA has implemented an Airport Security Program in a form acceptable to the Transportation Security Administration (TSA). PMGAA reserves the right to modify said program from time-to-time, as it deems necessary to accomplish its purposes. CARRIER shall at all times comply with the Airport Security Program and indemnify, defend, hold and save PMGAA, its board members, member governments, officers, officials, employees, and agents free and harmless for, from, and against any violations of said Security Program caused, or alleged to be caused, by the acts, errors or omissions of CARRIER, its employees, agents, invitees or contractors.

DocuSign Envelope ID: 0CCF8EFD-667C-4B61-A12F-2C740F0113E7

4. RENTALS, FEES AND CHARGES.

4.1 General. Rent for use of any exclusive use space due and payable at the beginning of each month. All other fees are assessed at the time of each use, flight, or service, as applicable, and are due and payable no later than the twentieth (20th) day of the following month in which the use or activity occurred ("Fee Due Date"). The CARRIER shall self- report its flight activity monthly to PMGAA pursuant to Section 5. Delinquent rents and fees shall be assessed a finance charge in accordance with Section 4.11.2. Any ground handling services requested of PMGAA or other authorized service provider by Carrier shall be governed by a separate agreement. In any event, CARRIER shall be the responsible party for the purposes of this Air Carrier Operating Agreement, and therefore CARRIER shall pay, or cause to be paid, to PMGAA, the fees and charges as outlined below:

4.2 Landing Fees. CARRIER shall pay a landing fee at a rate equal to the amount reflected on the most current Airport Rates & Charges Schedule at the time of the aircraft operation, for each flight operated by or in conjunction with CARRIER that is subject to a landing fee. The weight used to determine the landing fee for any particular aircraft shall be its maximum certificated gross landing weight (MGLW), as certified by the Federal Aviation Administration.

4.3 Terminal Use Fees. Terminal Use includes ticket counter(s) and lobby area, secure hold room and boarding area podium, aircraft parking position, baggage claim area, and common use computer equipment per flight. CARRIER shall pay PMGAA a Terminal Use Fee in the amount reflected on the most current Airport Rates & Charges Schedule.

4.4 Common Use Set-up and Operating Fees. CARRIER shall pay PMGAA for common use terminal equipment, internet connection, and dark fiber per the most current Airport Rates & Charges Schedule.

4.5 Aircraft Parking Fees. CARRIER shall pay PMGAA a fee per the most recent Airport Rates & Charges Schedule for any aircraft occupying an aircraft parking position, including terminal gates and remote parking positions, for more than three hours; and for any portion of each 24-hour parking period. This fee shall be waived if the aircraft performed a revenue service operation the day prior or will perform a revenue service operation the day after being parked for more than three hours.

4.6 Passenger Facility Charges. CARRIER shall pay monthly to PMGAA, on or before the Twentieth (20th) day of each month (the "Due Date"), a PFC in the amount of Four and 50/100 Dollars ($4.50) for each Enplaned Passenger departing the Airport on an CARRIER Revenue Flight during the previous calendar month. The collection of said fees by CARRIER shall be subject to the terms, conditions and methods of collection set forth in the Aviation Safety and Capacity Expansion Act of 1990, Section 9110, at it now exists or is modified hereafter (the "PFC Act") and 14 CFR 158.53.

4.7 Monthly Tie Down Fees. CARRIER shall pay Monthly Tie Down Fees per Rates and Charges.

4.8 Fueling Fees. CARRIER shall execute a Fuel Service Agreement with PMGAA.

4.9 Aircraft Ramp Space and Services. CARRIER shall pay PMGAA monthly for any aircraft line services, out-of-station Aircraft Rescue and Firefighting (ARFF) services, operations safety officers, ground service equipment use, fuel spill response teams and any other space or service requirements as specified in the Airport Rates & Charges Schedule or, if not so specified in that Schedule, as determined by PMGAA (collectively, "Additional Services").

4.10 Other Fees. Unless specified otherwise herein, CARRIER shall pay PMGAA for its usage or rental of PMGAA equipment and the performance of services by PMGAA within TEN (10) business days of CARRIER's receipt of an invoice (the "Due Date") for same from PMGAA. The amount of such fees shall be as provided by separate agreement between CARRIER and PMGAA, or, in the absence of such agreement, as specified in the most current Airport Rates and Charges Schedule or Airport Fees, Services & Rental Rates in effect when the charge or fee was incurred. Failure to remit payment by the Due Date may result in the suspension of further equipment rentals or services until payment is made to PMGAA in full.

DocuSign Envelope ID: 0CCF8EFD-667C-4B61-A12F-2C740F0113E7

4.11 With regard to the fees and charges specified in this SECTION 4, the following conditions and considerations shall apply:

4.11.1 Airport Rates & Charges Schedule. The Airport Rates & Charges Schedule and Airport Fees, Services and Rental Rates referred to in this Agreement may be revised from time to time. CARRIER shall pay the most current fee(s) at the time of the event or service, as applicable, unless specifically outlined in this Agreement. The current Airport Rates & Charges Schedule and the Airport Fees, Services and Rental Rates are attached as **EXHIBIT A** and is subject to change without prior notice or approval of CARRIER.

4.11.2 Finance Charges and Late Fees. If CARRIER fails to pay any charge due and owing to PMGAA in full on or before the applicable due date, CARRIER shall be responsible for interest on the unpaid fee or charge at the rate of EIGHTEEN PERCENT (18%) per annum from the due date until payment in full is made. In addition, in the event any payment is received more than TEN (10) days after the due date, a late penalty of TEN PERCENT (10%) of the amount of such delinquent amount shall be due and payable in addition thereto.

4.11.3 Books and Records. CARRIER shall maintain permanent books, records and ledgers accurately reflecting the total passengers, and total number of monthly aircraft landings for all aircraft subject to a landing fee indicating the make, type (including model designation), registration number, maximum certificated gross landing weight, and arrival and departure time of each aircraft involved. These records shall be made available to PMGAA upon request. PMGAA may audit the books, records and ledgers maintained by CARRIER in accordance with this SECTION 4. In the event an audit reveals a deficiency of TWO PERCENT (2%) or greater in the amount of payment made pursuant to this SECTION 4, CARRIER shall not only pay such deficiency but also the cost of any audit performed by PMGAA.

5. REPORTING REQUIREMENTS.

5.1 CARRIER shall file with PMGAA written reports for the items specified below no later than the TENTH (10th) day of the calendar month following the month in which the specified activities occurred (the "Due Date"). Such reports shall cover all of CARRIER's Airport activities during said month, and include activity handled by CARRIER for other Air Transportation Companies not having an agreement with PMGAA providing for its own submission of activity data to PMGAA.

5.1.1 A complete listing of all of CARRIERS's actual aircraft landings at the Airport, including aircraft type and MGLW; and a listing, by destinations, of the number of flights that qualify under applicable waiver agreements for any landing fee waivers;

5.1.2 A complete listing of CARRIER's Enplaned Passengers and Deplaned Passengers, specified by and including the type of aircraft;

5.1.3 A complete listing, by date and flight number, of CARRIER's commercial cargo loaded and off loaded.

5.2 PMGAA shall have the right to rely on said activity reports in determining rentals and other charges due hereunder; provided, however, CARRIER shall have full responsibility for the accuracy of said reports. Payment deficiencies due to incomplete or inaccurate activity reports shall be subject to interest charges as set forth in SECTION 4.11.2 herein.

5.3 CARRIER shall at all times maintain and keep books, ledgers, accounts or other records wherein are accurately kept all entries reflecting the activity statistics to be reported pursuant to SECTION 5. Such records shall be retained by CARRIER for a period of THREE (3) years subsequent to the activities reported therein, or such other retention period as set forth in 14 CFR Part 249.7, and made available at Mesa, Arizona for audit and/or examination by PMGAA or its duly

DocuSign Envelope ID: 0CCF8EFD-667C-4B61-A12F-2C740F0113E7

authorized representative during all normal business hours. CARRIER shall produce such books and records at Mesa, Arizona within THIRTY (30) calendar days of PMGAA's notice to do so or pay all reasonable expenses, including but not limited to, transportation, food, lodging and other related expenses, necessary for an auditor selected by PMGAA to audit said books and records.

5.4 The cost of audit, with the exception of the aforementioned expenses, shall be borne by PMGAA; provided, however, the total cost of said audit shall be borne by CARRIER if either or both of the following conditions exist:

5.4.1 The audit reveals an underpayment of more than TWO PERCENT (2%) of rentals, fees and charges due hereunder, as determined by said audit; and/or

5.4.2 CARRIER has failed to maintain true and complete books, records, accounts and supportive source documents in accordance with SECTION 5.

5.5 Payments. All payments due and payable hereunder shall be paid in lawful money of the United States of America, without set off, by check made payable to the Phoenix-Mesa Gateway Airport Authority and delivered to:

Phoenix-Mesa Gateway Airport Authority
Attn.: Accounts Receivable
5835 S. Sossaman Road
Mesa, Arizona 85212-0614

6. INSURANCE.

6.1 General. Carrier shall procure and maintain the following types and amounts of insurance for its operations at the Airport throughout the Term of this Agreement and any extension thereto:

Aircraft Liability insurance covering third party bodily injury and property damage, and passenger and contractual liabilities which shall protect and indemnify PMGAA from any and all claims arising in connection with aircraft movement on the Airport in amounts as are customarily carried by a carrier of like kind and size, but in no event less than $250,000,000.00 per occurrence. Such insurance shall also insure against third party liabilities arising from War Risk perils.

Airport Premises Liability insurance third party bodily injury and property damage, including coverage for "premises/operations," "products and completed operations," "host liquor" and "blanket contractual" liabilities in an amount not less than $250,000,000.00 per occurrence.

Comprehensive Automobile Liability insurance for all owned, non-owned and hired vehicles operated airside on the Airport that are assigned to or used in the performance of commercial activities in the amount of $25,000,000.00 per occurrence or combined single limit. If any hazardous materials are transported in conjunction with Carrier's business operations at or on the Airport, an MSC 90 endorsement shall be required in addition thereto.

Workers' Compensation insurance, as required by law, and *Employer's Liability* insurance in the amount of $1,000,000.

6.2 Additional Insurance. At any time during the Term of this Agreement, including any extension thereto, PMGAA may, in its reasonable determination decide that the insurance coverage required by this SECTION 6 is no longer adequate, require CARRIER to increase its coverage to commercially reasonable amounts.

6.3 Blanket Insurance. CARRIER's insurance obligations under this Agreement may be satisfied by means of the general corporate "blanket" policies carried by it and evidenced by the insurance carrier's standard certificates thereof.

6.3.1 Use of Proceeds. Proceeds of any liability and property damage insurance required under this SECTION 6 shall be applied toward extinguishing, satisfying or remedying the liability, loss or damage with respect to which such proceeds may be paid.

DocuSign Envelope ID: 0CCF8EFD-667C-4B61-A12F-2C740F0113E7

6.4 Indemnity. To the fullest extent permitted by law CARRIER (as "indemnitor") shall indemnify, defend, hold and save PMGAA, its board members, and its member governments, officers, officials, employees, and agents (as "indemnitee") free and harmless of, for, from and against any and all Losses caused in whole or in part by (a) any act or omission of CARRIER (including indemnitor's officers, officials, agents, employees, contractors or invitees), (b) CARRIER's operations at the Airport, (c) CARRIER's violations of said Security Program caused, or alleged to be caused, by the acts, errors or omissions of CARRIER, its employees, agents, invitees or contractors, or (d) any default by CARRIER hereunder. This indemnification shall exclude responsibility for any consequential damages and for claims arising by reason of the negligent or wrongful act of PMGAA or its employees, contractors or agents. For purposes hereof "Losses" shall mean any and all losses, liabilities, judgments, suits, claims, damages, fines, penalties, costs and expenses (including reasonable attorneys and consultant fees, investigation costs, monitoring costs, remediation costs, and court costs), of any kind or nature." In carrying out the defense of any claim subject to its indemnification obligations hereunder, CARRIER shall use counsel reasonably acceptable to PMGAA.

6.5 Insurance Form. Each insurance policy obtained pursuant to this SECTION 6, except for Workers' Compensation and Employer Liability policies, shall: (i) name PMGAA as a certificate holder or an additional insured to the extent of Operator's contractual indemnity obligations; (ii) contain a provision that written notice of cancellation or modification thereof shall be given to PMGAA not less than THIRTY (30) calendar days before such cancellation or modification takes effect (TEN (10) days in the case of nonpayment of premium); and (iii) contain a waiver of subrogation in favor of PMGAA. Operator shall not permit any insurance policy to be canceled or modified without PMGAA's written consent unless equivalent replacement policies are issued with no lapse in coverage. All policies shall be obtained from insurance companies licensed to do business in the State of Arizona and possessing a rating of at least A - VII or higher from the A.M. Best Company, or an equivalent rating approved by PMGAA.

7. DISABLED OR ABANDONED AIRCRAFT.

7.1 Should any aircraft owned or operated by CARRIER, through accident or for any other reason, become disabled or be abandoned in any area which could interfere with the continuous, normal operations of any of the runways, taxiways and airfield facilities at the Airport, CARRIER shall, at CARRIER'S sole cost and expense:

7.1.1 Immediately remove said aircraft to such location as may be designated by PMGAA, unless such aircraft is required to remain in place pending investigation by the appropriate regulatory agency or agencies of the federal government; and

7.1.2 In the event of any accident where federal investigation in place is required, immediately upon receiving clearance to do so from the appropriate federal agency, remove said aircraft and any wreckage or debris resulting therefrom to the area(s) designated by said federal agency authorizing such removal; otherwise, such aircraft wreckage and debris shall be immediately removed from the Airport or stored at a location approved by PMGAA.

7.2 Should CARRIER fail to proceed immediately to remove disabled aircraft, or should aircraft owned or operated by CARRIER be abandoned on the Airport, PMGAA shall have the right to remove such aircraft by any means PMGAA deems necessary under the circumstances, and CARRIER shall, to the fullest extent permitted by law, indemnify, defend, keep and hold PMGAA, its members, board of directors, officers, agents, officials, servants, employees and contractors harmless from and against any and all claims, costs, loss, liability, actions, suits, proceedings, damage or expense (including costs of suit and attorneys' fees and expenses) incurred by PMGAA or claimed by anyone by reason of removal of said aircraft, injury to persons or property or damages to such aircraft caused by such removal, as well as storage costs therefor. CARRIER shall reimburse PMGAA for any costs incurred by PMGAA in removing and storing any aircraft, at PMGAA's sole discretion, and as provided herein in performing authorized maintenance on its aircraft on the Airport.

7.3 Sound and Noise Suppression. CARRIER shall comply fully with Airport Rules & Regulations and

DocuSign Envelope ID: 0CCF8EFD-667C-4B61-A12F-2C740F0113E7

Minimum Standards when performing high-speed engine test operations at the Airport, if any, and SECTION 10.3 to mitigate excessive ambient sound and/or noise that may be generated incident thereto and that have or may have an adverse effect on other Airport tenant operations and the surrounding community. CARRIER acknowledges and agrees that the Airport Rules & Regulation for such test operations may change from time to time at PMGAA's sole and absolute discretion. CARRIER also agrees that any costs associated with compliance with Airport Rules & Regulations for sound or noise suppression or mitigation shall be borne solely by CARRIER.

8. ENVIRONMENTAL COMPLIANCE.

CARRIER shall at all times during the existence of this Agreement promptly observe and comply with applicable Federal, State, and local laws, regulations, rules and standards concerning the environment (collectively, the "Environmental Laws"). CARRIER shall be responsible for collecting, storing, recycling and/or disposing of its hazardous or toxic waste, if any, in compliance with the Environmental Laws governing the storage and disposal of hazardous or toxic waste. CARRIER shall ensure its employees and agents are aware that domestic drains, storm drains, or industrial waste drains shall not be used to dispose of gasoline, hydraulic fluid, solvents, concentrated cleaning agents or any other hazardous or toxic materials. Where so required, PMGAA may act on behalf of CARRIER, as and if appropriate, to dispose of CARRIER's waste, sign manifests on behalf of CARRIER and assign such disposal to CARRIER's EPA identification (ID) number. CARRIER shall repay PMGAA the costs and fees for doing so within TEN (10) days of demand therefor. CARRIER shall, to the fullest extent permitted by law, indemnify, defend and hold PMGAA, its members, board of directors, officers, agents, officials, employees, and contractors harmless from and against any and all claims, costs, loss, liability, actions, suits, proceedings, damage or expense including, but not limited to, the costs of suit and reasonable attorneys' fees and expenses of any nature whatsoever arising out of or related to CARRIER's failure to comply with the Environmental Laws.

9. TAXES AND RELATED IMPOSITIONS.

In the event any governmental authority shall impose a tax or imposition based upon this Agreement, upon CARRIER or its aircraft, or upon payments to be made hereunder, CARRIER shall pay such amounts either to PMGAA or the appropriate governmental authority on or before any delinquency date. Specifically, CARRIER shall be responsible for any transaction privilege, sales, excise or other similar tax except income taxes as a result of this Agreement. CARRIER shall also pay all licensing or permitting fees necessary or required by law for the conduct of its aeronautical operations hereunder, or any other matters hereunder. CARRIER shall be responsible for any property interests created hereunder, which may constitute or be deemed to be a possessory interest for purposes of taxation.

10. RULES, REGULATIONS AND MINIMUM STANDARDS.

10.1 CARRIER shall at all times comply with all federal, State and local laws and ordinances, rules and regulations, which are applicable to its operations, or the operation, management, maintenance, or administration of the Airport, including but not limited to the Americans with Disabilities Act, and all laws, ordinances, rules and regulations adopted after the Effective Date. CARRIER shall at all times comply with all Airport Rules and Regulations, and Minimum Standards established by PMGAA regarding operation and maintenance of the Airport, copies of which are attached as **EXHIBIT B** and are incorporated herein. CARRIER will be responsible for controlling and preventing disruptive pedestrian and vehicle traffic, if any, associated with its activities on the Airport. CARRIER also shall display or provide copies to PMGAA of any permits, licenses, or other evidence of compliance with laws upon request.

10.2 PMGAA shall operate the Airport in compliance with all applicable Federal state and local laws, ordinances, rules and regulations, and shall enforce the Airport Rules and Regulations established by it to ensure the effective and orderly operation of the Airport, and to prevent any disruption caused by CARRIER's operations at and on the Airport.

10.3 CARRIER acknowledges receipt of and agrees to abide by PMGAA's *Fly Friendly* noise abatement procedures and will provide such information to flight crews and/or students, post

DocuSign Envelope ID: 0CCF8EFD-667C-4B61-A12F-2C740F0113E7

the information in CARRIER's flight planning area, and use the procedures to the extent possible when consistent with safety and air traffic control directives.

11. DEFAULT: TERMINATION BY PMGAA.

11.1 General Grounds. PMGAA may terminate this Agreement upon the occurrence of any of the following events:

11.1.1 Failure of CARRIER to perform any of its obligations under this Agreement, or any other contract, license or agreement between the Parties, which failure shall not be cured within FIVE (5) business days after delivery by PMGAA **to** CARRIER of a written notice of such failure.

11.1.2 The filing of any lien against the Airport because of any act or omission of CARRIER which is not discharged within FIVE (5) business days of receipt of actual notice of such lien by CARRIER.

CARRIER may terminate this Agreement upon the occurrence of any of the following events:

11.1.3 Failure of PMGAA to perform any of its obligations under this Agreement, or any other contract, license or agreement between the Parties, which failure shall not be cured within FIVE (5) business days after delivery by CARRIER **to** PMGAA of a written notice of such failure.

11.1.4 The filing of any lien against the CARRIER because of any act or omission of PMGAA which is not discharged within FIVE (5) business days of receipt of actual notice of such lien by PMGAA.

11.2 Failure to Pay Fees. PMGAA may declare CARRIER in default of this Agreement by giving CARRIER FIVE (5) business day's written notice of CARRIER's failure to timely pay any fees or payments due pursuant to this Agreement. If CARRIER fails to cure such payment default within said FIVE (5) business day period, PMGAA may, in its sole discretion, elect to do any one or more than one of the following:

11.2.1 Institute action(s) to enforce this Agreement; or

11.2.2 Terminate this Agreement automatically without further notice to CARRIER; or

11.2.3 Exercise any other remedy allowed by law or equity.

11.3 Failure to Provide Insurance. In the event CARRIER at any time fails to maintain all insurance coverage required by this Agreement, PMGAA shall have the right, upon written notice to CARRIER, **to** immediately terminate this Agreement or secure the required insurance at CARRIER's expense.

11.4 No Waiver by PMGAA. No waiver by PMGAA of any default by CARRIER in the performance of its obligations under this Agreement shall be deemed to be a waiver of any subsequent default by CARRIER in the performance of any such obligations.

12. GOVERNING LAW; ATTORNEY'S FEES.

The laws of the State of Arizona shall govern this Agreement and the matters set forth therein, without regard to its conflict of law principles. Venue of any action brought under this Agreement shall, at the option of PMGAA, lie in Maricopa County, Arizona. In the event of any litigation or arbitration between PMGAA and CARRIER arising under this Agreement, the successful party shall be entitled to recover its attorney's fees, expert witness fees and other costs incurred in connection with such litigation or arbitration.

13. NONWAIVER.

PMGAA's right to revoke this Agreement shall be absolute. Any election by PMGAA to not enforce any

DocuSign Envelope ID: 0CCF8EFD-667C-4B61-A12F-2C740F0113E7

provision of this Agreement, or any failure by PMGAA to exercise any of the remedies allowed PMGAA under this Agreement, shall not operate as a waiver by PMGAA of any of its right hereunder.

14. ASSIGNMENT.

CARRIER shall not assign or transfer any right or interest in this Agreement.

15. OTHER RESTRICTIONS.

CARRIER shall comply with all rules, laws, ordinances, and statues of any governmental authority having jurisdiction over the Airport or the matters provided in this Agreement.

16. AIRPORT SECURITY.

PMGAA maintains an approved Airport Security Plan (the "Security Plan") pursuant to 49 CFR Parts 1540 and 1542. CARRIER shall at all times comply with the Security Plan and the written and verbal directives issued by PMGAA supporting the Security Plan.

16.1 The CARRIER shall immediately correct physical or procedural deficiencies which are contrary to the Security Plan, security directives, security bulletins, or verbal notifications existing now or in the future. CARRIER is responsible for maintaining security practices, facilities, and perimeter boundaries on their leasehold that meet the security standards of the Security Plan.

16.2 CARRIER shall, to the fullest extent permitted by law, indemnify, defend, and hold PMGAA harmless for, from, and against any violations of the Security Plan committed by any agents, employees, invitees, subcontractors, or independent contractors of the CARRIER.

16.3 CARRIER shall conduct and document all self-audits and self-inspections as required by the TSA or PMGAA and make such audits available for inspection.

16.4 CARRIER shall designate a primary security coordinator to receive security -related briefings, bulletins, and sensitive security information ("SSI").

16.5 PMGAA reserves the right to modify the Security Plan from time-to-time, as necessary, or as directed by the TSA.

17. AIRPORT SECURITY BADGE.

17.1 Carrier employees/contractors that require a badge shall be obligated to complete all training and comply with all security requirements and directives issued by PMGAA, TSA, or other entities having jurisdiction at PMGAA.

17.2 CARRIER and employees/contractors shall comply with all security-related audits, inspection, and screenings conducted by PMGAA.

17.3 CARRIER will immediately notify PMGAA and promptly return badges to the Airport Badging Office when badge holders terminate employment, the badge is no longer needed, or the employee/contractor is on extended leave.

17.4 Misuse of a badge or security procedures will bring about punitive action including suspension or revocation of one or all badges.

18. NOTICE.

18.1 All notices required or permitted under this Agreement shall not be deemed effective unless personally delivered or mailed by certified mail, return receipt requested, postage prepaid, or by reputable commercial overnight courier service, to the following addresses:

DocuSign Envelope ID: 0CCF8EFD-667C-4B61-A12F-2C740F0113E7

TO PMGAA: Phoenix-Mesa Gateway Airport Authority
Attn.: Business Development Department
5835 S. Sossaman Road
Mesa, Arizona 85212-0614

TO CARRIER: Sun Country, Inc.
Attn: Senior Director of Airport Affairs
2005 Cargo Road
Minneapolis, MN 55450
With copy to: General Counsel
legal@suncountry.com

18.2 Notices shall be deemed to have been received TWO (2) business days after the date of mailing, if given by certified mail, or upon actual receipt if personally delivered or if given by reputable commercial overnight courier service. Any Party may designate in writing a different address for notice purposes pursuant to this SECTION.

19. PRIOR AGREEMENTS AND PERMITS.

Upon execution hereof, this Agreement shall supersede and cancel any prior agreements between PMGAA and CARRIER with respect to the business activities governed hereby. CARRIER shall not construe PMGAA's execution of this Agreement as a waiver of any prior indebtedness or obligation to PMGAA under any prior agreement or license, nor does PMGAA waive any claim or cause of action arising therefrom.

20. CORPORATE AUTHORIZATION.

In executing this Agreement, CARRIER represents and warrants to PMGAA that if CARRIER is a corporation, CARRIER has obtained and been granted the full right, power and authority to enter into this Agreement.

21. MISCELLANEOUS.

21.1 Personal Liability. No member of or employee of either Party shall be charged personally or held contractually liable by or to the other Party under any term or provision of this Agreement because of any breach thereof or because of its execution or attempted execution.

21.2 No Waiver. No provision of this Agreement may be waived or modified except by a writing signed by the Party against whom such waiver or modification is sought.

21.3 Non-Waiver of Rights. No waiver or default by PMGAA of any of the terms, conditions, covenants or agreements hereof to be performed, kept or observed by CARRIER shall be construed or act as a waiver of any subsequent default of any of the terms, covenants, conditions or agreements herein contained to be performed, kept or observed by CARRIER, and PMGAA shall not be restricted from later enforcing any of the terms and conditions of this Agreement.

21.4 Amendment. Only a written instrument executed by the Parties may amend this Agreement.

21.5 Invalid Provisions. Should any provision of this Agreement or any application thereof be held invalid by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby, unless one or both Parties would be substantially and materially prejudiced.

21.6 Headings. The headings contained herein are for convenience in reference only and are not intended to define or limit the scope of this Agreement or any term thereof.

21.7 Entire Agreement. This Agreement, including **EXHIBITS** attached hereto at the time of its execution, constitutes the entire agreement between the Parties hereto and supersedes all prior negotiations, understandings and agreements between the Parties concerning such matters.

22. INCORPORATION OF RECITALS.

The recitals set forth above are acknowledged by the Parties to be true and correct and are incorporated herein by this reference.

IN WITNESS WHEREOF, the Parties have executed this Agreement to be effective on the Effective Date specified above.

Re: Solicitation Notification
Date: **November 21, 2023**

This report is to provide notification of the active and upcoming solicitations to help ensure compliance with the Phoenix-Mesa Gateway Airport Authority procurement transparency clause. The active activities include the following:

Active/Pending Solicitations

Type Solicitation	Number	Title	Anticipated Contract Award (Board Action)
Request for Qualifications	2024-002-RFQ	Car Rental Concessions	November 2023
Request for Qualifications	2024-007-RFQ	Airport Entry Monument Design Services	November 2023
Request for Proposals	2024-010-RFP	Fire Pumps & Installation Services	November 2023
Request for Proposals	2024-008-RFP	Access Control & Alarm Monitoring System Services	December 2023
Request for Qualifications	2024-005-RFQ	On-Call Engineering Services	December 2023

Future Solicitations

Type Solicitation	Number	Title	Scheduled for Release	Anticipated Contract Award (Board Action)
Invitation for Bid	2024-011-IFB	Refuel Defuel Cart	November 2023	December 2023
Request for Qualifications	2024-009-RFQ	CMAR for Demolition of Airport Facilities	November 2023	January 2024
Invitation for Bid	2024-012-IFB	Taxiway Whiskey Rehabilitation	December 2023	February 2024
Request for Qualifications	2024-006-RFQ	FBO Consulting Services	December 2023	March 2024
Request for Qualifications	2024-001-RFQ	CMAR for In-Line Checked Baggage Improvements	January 2024	April 2024
Request for Qualifications	2024-013-RFQ	Primary Legal Services	January 2024	April 2024

Request for Proposals	2024-014-RFP	Website Redesign	January 2024	April 2024

Equipment Disposals

Fiscal year totals from sales of decommissioned / nonworking equipment total $12,550.00

If you have any questions about the solicitations or the procurement process, please feel free to contract me at 480-988-7613.

NOTICE AND AGENDA OF MEETING OF THE
PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
BOARD OF DIRECTORS

Pursuant to A.R.S. § 38-431.02, notice is hereby given to the members of the Phoenix-Mesa Gateway Airport Authority and to the public that the Phoenix-Mesa Gateway Airport Authority will hold a telephonic meeting open to the public on **Tuesday, December 19, 2023 beginning at 9:00 a.m.** in the Board Room (Saguaro A & B) of the Gateway Administration Building, 5835 South Sossaman Road, Mesa, Arizona. The Board may vote to hold an executive session for the purpose of obtaining legal advice from the Board's attorney on any matter listed on the agenda pursuant to A.R.S. § 38-431.03 (A)(3)&(4).

The agenda for the meeting is as follows:

1. **Call to Order** (Mayor Chip Wilson, Chair)
   Members of the Phoenix-Mesa Gateway Airport Authority will attend either in person or via videoconference.

2. **Roll Call** (Mayor Chip Wilson, Chair)

3. **Call to the Public**
   Members of the Board may not discuss items that are not on the agenda. Therefore, action taken as a result of public comment will be limited to directing staff to study the matter or scheduling the matter for further consideration and decision at a later date. Maximum of three minutes per speaker.

4. **Executive Director's Report** - J. Brian O'Neill, A.A.E., Executive Director/CEO

5. **Presentation: Gateway Tomorrow Planning Study** – Tony Bianchi, Planning Project Manager

6. **Consent Agenda**

   a) **Minutes** of the Board Meeting held on **November 21, 2023**.

   b) **Resolution No. 23-64 –** Adopting the revised **Airport Rates and Charges** schedule with an effective date of January 1, 2024.

   c) **Resolution No. 23-65 –** Authorizing Professional Service Agreements for On-Call Engineering Services with **Kimley-Horn and Associates, Inc**. and **Olsson, Inc**. for various grant and non-grant projects.

   d) **Resolution No. 23-66 –** Authorizing the Executive Director to execute an Air Carrier Operating Agreement with **Allegiant Air, LLC** for commercial air service at the Airport.

   e) **Resolution No. 23-67 –** Authorizing a contract with **Premise One, LLC** to provide preventative maintenance for Access Control and Alarm Monitoring System Services (ACAMS) at a fixed fee, in an amount not to exceed $243,237.98, for the length of the base term of three years, with two optional one-year extensions not to exceed $85,992.01 and $88,571.77 respectively. This amount does not include variable costs for projects or Ad Hoc repairs.

   f) **Resolution No. 23-68 –** Authorizing an **Amendment of the FY24 Capital Budget** to add $428,639.07 in funding to the current Rental Car Care Facility Improvements Project (CIP 1242)

CMAR Contract, with Willmeng Construction, Inc., due to owner-driven changes that are necessary to meet the actual needs of the car rental companies..

g) **Resolution No. 23-69 –** Authorizing a contract modification to the current Rental Car Care Facility Improvements Project CMAR Contract, with **Willmeng Construction, Inc.,** due to requests from the rental car companies and SRP for changes to meet the desired operational needs of the car rental companies. This contract modification amount is not to exceed $428,639.07 under CIP 1242.

h) **Resolution No. 23-70 –** Authorize an **Amendment of the FY24 Capital Budget** to provide an additional $1,400,000 to the existing $800,000 budget due to a 100% ADOT Grant for Taxiway W PCCP Repairs under CIP 744. The new project total will be $2,200,000.

Consideration and Possible Approval of:

7. **Resolution No. 23-71 –** Authorizing a Land Lease Agreement with **VTWV GATEWAY INDUSTRIAL I, LLC** for Lots 101, 102, and 103, consisting of approximately 7.5 acres (327,252.46 SF). The lease term is sixty (60) years, with no renewal options. The annual Base Rent is $202,896.60 annually, payable in equal monthly installments of $16,908.05 plus applicable taxes.

8. **Board Member Comments/Announcements**

9. **Next Meeting: Tuesday, January 16, 2024 at 9:00 a.m.**

10. **Adjournment**

Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting Misty Johnson at 480-988-7607 or mrjohnson@gatewayairport.com. Requests should be made as early as possible to allow time to arrange the accommodation.

Phoenix-Mesa Gateway Airport

- **Record-Setting Passenger Activity in October 2023**

- **Private Development Construction Update**
- **Gateway Tomorrow Planning Study Selects Preferred Terminal Alternative**
- **Allegiant Begins Twice-Weekly Nonstop Service to Portland, OR**
- **Terminal's Enclosed Pedestrian Walkway Taking Shape**

Executive Director's Report
December 2023

HAPPY HOLIDAYS!

Financial Snapshot

OPERATING INCOME	October		Month Variance	FYTD Comparison		FYTD Variance
	2022	2023		FY23	FY24	
Revenues	$2,584,735	$2,472,269	**($112,466)**	$9,168,477	$9,860,770	**$692,293**
Less Expenses	$2,344,244	$2,220,453	**($123,791)**	$8,340,843	$8,342,186	**$1,343**
Operating Income *(Before Depreciation)*	**$240,491**	**$251,816**	**$11,325**	**$827,634**	**$1,518,584**	**$690,950**

Investment Fund Balances: As of October, the Local Governmental Investment Pool (LGIP) 700 = $6,237,003; Wells Fargo; Collateralized Money Market = $5,774,203 and Brokered CD's = $53,538,087; Total $65,549,293. PMGAA invests in fixed rate instruments.

Finance and Accounting

Phoenix-Mesa Gateway Airport Authority (PMGAA, Authority) reported a net operating income of $251,816 for October 2023, approximately the same positive operating result as October last year ($240,491). Fiscal year-to-date 2024 (FYTD24), PMGAA has a net operating income of $1,518,584, an 83% increase over the same time period last fiscal year. October aeronautical revenues decreased by 9% on a year-over-year monthly comparison due to decreased Jet A fuel sales. Non-aeronautical revenue this October improved by 5%, compared to October 2022 due to a 26% increase in vehicle parking revenue during the month.

Operating expenditures for October 2023 decreased by 5% due to maintenance expenses incurred last year. FYTD24 operating expenditures are the same as FYTD23 and remain 7% under budget.

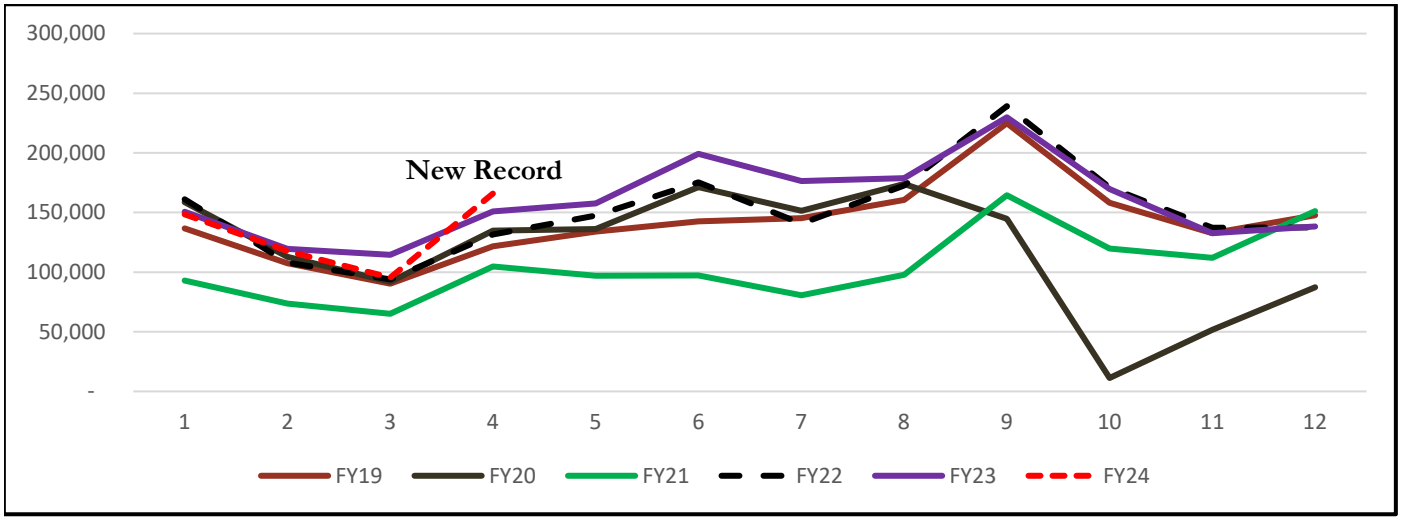
Airport Operations

Record-Setting Passenger Activity in October 2023



Airports across the country are setting new passenger activity records, as more and more air travelers take to the skies for important business trips, visits with family and friends, or much-needed vacations. Phoenix-Mesa Gateway Airport (Airport, Gateway Airport) is experiencing the same growth in passenger activity, setting a new yearly record in FY23, and more recently, a new October record in 2023. For FY23, the Airport welcomed 1,917,911 total passengers, beating FY22 by more than 100,000 passengers. This October, Gateway Airport welcomed 165,886 total passengers, a 10% increase over the previous high-water mark for October.

Allegiant Begins Twice-Weekly Nonstop Service to Portland, OR

ATTENTION FOODIES, OUTDOOR ENTHUSIASTS, AND CRAFT BEER LOVERS!

On November 17th, Allegiant began nonstop service to **Portland, Or** from Gateway Airport. Portland is well-known as a bike-friendly, hike-friendly, walkable city with world-renowned chefs, a thriving arts scene, and a high concentration of craft breweries.

Planning a trip or looking for a quick getaway this winter? Visit www.allegiantair.com and check out the deals on flights to Portland!

Portland was one of the Airport's most requested cities and represents Allegiant's 45th nonstop destination at Gateway Airport. Other popular nonstop destinations on Allegiant include, **Provo, Idaho Falls, Pasco, Bismarck, Billings, Eugene, Sioux Falls, Fargo, Boise, Las Vegas, Houston, Bellingham/Vancouver, Minneapolis, Appleton/Green Bay, Bozeman, Memphis, Traverse City, Toledo, Cincinnati, Northern Kentucky, Omaha, South Bend, Des Moines, Wichita, Spokane, Rockford/Chicago, Memphis, Bentonville, Kalispell, AND MORE!**

Engineering and Planning

Terminal's Enclosed Pedestrian Walkway Taking Shape

Air travelers using Gateway Airport currently must exit the Ticketing Terminal and travel up an outdoor walkway to access the Transportation Security Administration (TSA) Security Screening Checkpoint (Checkpoint). During much of the year, it's an experience that most passengers don't really seem to mind. However, at 4:30 a.m. in January when it's 35 degrees, or 4:30 p.m. in August when it's 115 degrees, that short walk can be rather unpleasant. And if the Checkpoint is busy, standing outside for a prolonged period of time waiting to get into the cue is additionally challenging.

Ticketing Terminal Improvements

In February 2024, PMGAA will open a new Enclosed Pedestrian Walkway connecting the Ticketing Terminal to the Checkpoint. This new facility addition, paid for with a $4.4MM Bipartisan Infrastructure Law (BIL) Grant, is a major customer experience enhancement that will allow customers to remain inside from the airline ticket counter to their gate.

Airport Owners Tour New Five-Gate, 30,000 Sq. Ft. Terminal Addition

Apache Junction Mayor Chip Wilson and Mesa Councilmember Scott Somers Tour the Project

Great progress is being made on construction of the Airport's new five-gate, 30,000 sq. ft. terminal addition. Exterior windows are in, concourse hold room flooring installed, and bathroom tile grouted. The contractor is on schedule to open the new South Concourse on February 21, 2024.

Several representatives from the PMGAA Board of Directors and the Authority's Member Communities have recently toured the project to see the impressive new facility first-hand. PMGAA Chairman Chip Wilson, Mayor of Apache Junction, and Mesa District 6 Councilmember Scott Somers joined PMGAA staff for a tour after the November PMGAA Board meeting. Other Airport owners have been onsite during various phases of construction to check on the progress and share their thoughts.

A Ribbon-Cutting Ceremony is being held on February 20, 2024.

Business Development

Private Development Construction Update

SkyBridge Arizona Industrial Buildings

Virgin Galactic Hangar/Manufacturing Facility

Gulfstream West Coast Service Center

Gateway Airport has more than one million square feet of private development projects currently under construction. These future aeronautical and non-aeronautical tenants represent a significant number of high-wage jobs, increased local taxes, and long-term economic stability for the Phoenix East Valley.

Gulfstream Aerospace is constructing a 225,000 sq. ft. West Coast Service Center on the east side of the airfield adjacent to Ellsworth Road. This state-of-the art facility is scheduled to be operational in Q2 2024.

Virgin Galactic is constructing a 40,000 sq. ft. hangar and a 125,000 sq. ft. manufacturing facility on the north end of the airfield adjacent to Cessna, Embraer, and Boeing. The hangar will house the "mothership" and the manufacturing facility will produce up to six completed spaceships each year. The mothership will transport the spaceships to New Mexico for horizontal launch. The Virgin Galactic complex is scheduled to be completed in Q2 2024.

SkyBridge Arizona is constructing two 250,000 sq. ft. flex industrial building designed to accommodate both single and multi-tenant users. The two buildings are scheduled to be completed in Q2 2024.

The Boyer Company has begun clearing and prepping a 17-acre site within the Gateway East Master Development for a 275,000 sq. ft. manufacturing facility for XNRGY Climate Systems, a leader in the design and manufacturing of advanced energy-efficient commercial climate control systems. This will be XNRGY's U.S. headquarters. XNRGY also has options to build future phases totaling an additional 750,000 sq. ft adjacent to their Phase I facility.

PMGAA Team Member Spotlight

Employee Name: **Jacob Fleming**
Employee Title: **Customer Service Representative**
PMGAA Department: **Gateway Aviation Services**
Years with PMGAA: **5+**

What are your job responsibilities for PMGAA I provide the best customer service possible to all customers who fly into the FBO. I'm responsible for taking reservations for general aviation and corporate aircraft that want to fly into Gateway Airport. I also help set up rental car reservations and hotel reservations for the passengers and/or crew. I make sure that we receive payment for fuel and any other services provided to based or transient aircraft. Another big responsibility that I have is to dispatch out fuel trucks to any aircraft requesting fuel.

What is your most memorable Gateway Airport moment? It is hard to choose just one because I have had so many. The two times the Blue Angels have flow in has to be at the top of my most memorable moments here at Gateway Airport.

What is something people may not know about you? I love good "dad" jokes. For example, why do fish always sing off key? Because you can't Tuna fish.

Community and Government Relations

Gateway Tomorrow Planning Study Selects Preferred Terminal Alternative

At some point in the future, Gateway Airport will outgrow its commercial passenger terminal. In preparation for that day, PMGAA has embarked upon a new planning study to identify facility and infrastructure requirements for a new, demand-driven commercial passenger terminal campus on the west side of the Airport. Roadways, vehicle parking, fuel storage, terminal size, ground transportation, and international capabilities are just a few of the campus components being discussed.

Reasonable Facsimile of New Terminal Design

The Gateway Tomorrow East Side Terminal Planning Study Advisory Committee (SAC) is comprised of representatives from the six Member Communities, key stakeholder groups, and various government agencies. The SAC has identified a preferred terminal alternative and broad project cost estimates. It's now identifying all available local/state/federal funding sources for consideration in an eventual project funding plan.

MINUTES OF THE PUBLIC MEETING OF THE
PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
BOARD OF DIRECTORS - TELEPHONIC | November 21, 2023

A public meeting of the Phoenix-Mesa Gateway Airport Authority (PMGAA, Authority) was convened on Tuesday, November 21, 2023, beginning at 9:00 a.m. in the Board Room (Saguaro A&B) of the Gateway Administration Building, 5835 S Sossaman Road, Mesa, Arizona.

Members Present

Mayor Chip Wilson, Apache Junction
Lt. Governor Monica Antone, Gila River Indian Community *(via telephone)*
Mayor Julia Wheatley, Queen Creek *
Mayor John Giles, Mesa *(via telephone)*
Mayor Brigette Peterson, Gilbert *(via telephone)*
Councilmember Jim Waring, Phoenix *
** Neither present nor represented*

Airport Staff Present

J. Brian O'Neill, Executive Director/CEO
Scott Brownlee, Deputy Director/COO
Chuck Odom, CFO
Misty Johnson, Clerk of the Board
Jill Casson Owen, Attorney *(via telephone)*

Former City of Phoenix Councilwoman Thelda Williams served as a member of the PMGAA Board of Directors from February 2009, until March 2021. She sadly passed away on November 14, 2023. Mayor Wilson asked for a moment of silence to honor the memory and legacy of the Honorable Thelda Williams.

1. **Call to Order** at 9:09 a.m. (Mayor Wilson, Chair)

2. **Roll Call**

3. **Pledge of Allegiance**

4. **Call to the Public**
   There were no public comments.

5. **Consent Agenda**

   a) **Minutes** of the Board Meeting held on **October 17, 2023**.

   b) **Resolution No. 23-58 –** Authorizing an agreement with **EPS Group, Inc. (EPS)**, for Design Services for the Airport Entrance Monument Signage Project, in an amount not to exceed $69,844.20, under CIP 1268.

   c) **Resolution No. 23-59 –** Authorizing the purchase and installation of two (2) 2500GPM Fire Pump Skids with new tanks and stands, from **Cross Fire Protection LLC (Cross Fire)** in an amount not to exceed $260,589.27 under CIP1259.

   d) **Resolution No. 23-60 –** Authorizing Phoenix-Mesa Gateway Airport Authority (PMGAA) staff to negotiate and execute final Concession Agreements for Rental Car Concessions with **Enterprise Leasing Company of Phoenix LLC, Avis Budget Car Rental LLC, and The Hertz Corporation** for non-exclusive on-airport rental car concessions at PMGAA.

DRAFT

e) **Resolution No. 23-61 –** Authorizing an amendment of the **FY24 Capital Budget** to add $200,000 to the Rental Car Care Facility Improvements Project, for the purchase and site preparation of a Kiosk for the Car Rental Return Lot under CIP 1242. This will be funded with CFC funds.

f) **Resolution No. 23-62 –** Authorizing the purchase of one (1) Customer Service Booth (Kiosk), for the Rental Car Return Lot, from **Madison Industries (Madison)** in an amount not to exceed $94,783 under CIP 1242.

g) **Resolution No. 23-63 –** Authorizing the Executive Director to execute an Air Carrier Operating Agreement with **Sun Country, Inc.** for commercial air service at the Airport.

Mayor Brigette Peterson moved to approve the Consent Agenda.
Mayor John Giles seconded the motion.
The motion was carried unanimously.

8. **Board Member Comments/Announcements.**
Lt. Governor Monica Antone announced December 19, 2023, will be her final meeting as a member of the PMGAA Board of Directors. Her successor as Lt. Governor of the Gila River Indian Community will be Regina Antone.

Mayor Wilson thanked Lt. Governor Antone for her service and wished everyone a happy Thanksgiving.

9. **Next Meeting: Tuesday, December 19, 2023,** at 9:00 a.m. in the Board Room (Saguaro A&B) of the Gateway Administration Building, 5835 S Sossaman Road, Mesa, Arizona. Members of the Phoenix-Mesa Gateway Airport Authority may attend either in person or by audioconference.

10. **Adjournment.**
The meeting adjourned at 9:12 a.m.

Dated this _____ day of _____ 20___.

Board Action Item

Re: Resolution 23-64

To: **Board of Directors**
From: **Chuck Odom, Chief Financial Officer**
Through: **J. Brian O'Neill, A.A.E., Executive Director/CEO**
Subject: **Airport Rates and Charges- Recommended Revision Effective January 1, 2024**
Date: **December 19, 2023**

Proposed Motion
To adopt the revised PMGAA Board Approved Airport Rates and Charges schedule with an effective date of January 1, 2024.

Narrative
Airport staff is recommending the below changes to the current PMGAA Board Approved Airport Rates & Charges schedule.

1) **Aircraft Landing Fee -** Signatory Commercial Carriers – a 3% rate increase from $1.36 to $1.40 per 1,000 lbs. maximum gross landing weight (MGLW).
2) **Aircraft Landing Fee -** Non-Signatory Commercial Carriers, Scheduled Cargo, General Aviation, and other eligible aircraft - a 3% rate increase from $2.04 to $2.10 per 1,000 lbs. MGLW.

As current standard, landing fee exemptions will continue to be the following:

- U.S. government owned aircraft
- Non-revenue and flight training aircraft up to 12,500 MGLW
- All based flight training aircraft.

Fiscal Impact:

Six months of increased Landing Fees in FY24 will generate an additional $29,157 of revenue.

Attachment(s)
Proposed changes to PMGAA Board Approved Airport Rates & Charges

RESOLUTION NO. 23-64

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to adopt the revised Airport Rates and Charges schedule with an effective date of January 1, 2024;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby adopts the revised Airport Rates and Charges schedule with an effective date of January 1, 2024. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**

Passed and adopted by the Authority this 19th day of December, 2023.

Walter Wilson, Chair

Board Action Item

Re: Resolution 23-65

To:	**Board of Directors**
From:	**Bob Draper, P.E., LEED AP, CM Engineering & Facilities Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**On-Call Engineering Services – Kimley-Horn and Associates, Inc. and Olsson, Inc.**
Date:	**December 19, 2023**

Proposed Motion
To authorize Professional Service Agreements for On-Call Engineering Services with Kimley-Horn and Associates, Inc. and Olsson, Inc. for various grant and non-grant projects.

Narrative
In support of the Capital Improvement Program, the Phoenix-Mesa Gateway Airport Authority (PMGAA) requires periodic engineering services for various grant and non-grant projects. The type of projects includes engineering services related to runways, taxiways, aprons, parking lots, drainage, roadways, building projects and other improvements.

The Request for Qualifications, 2024-005-RFQ, On-Call Engineering Services, was issued on 9/7/2023 and advertised in the Arizona Business Gazette on 9/7, 9/14, 9/21, and 9/28/23, it was also posted on the AzAA, ACC, ACI-NA, SWAAAE, and FAA Matchmaker websites, as well as the Phoenix-Mesa Gateway Airport Authority Website. In addition, the RFQ was emailed to 68 prospective firms and sub-consultants and included DBE/SBC outreach. Statement of Qualifications (SOQ's) were received, on October 12, 2023, from six (6) Firms.

Kimley-Horn and Associates, Inc.
RS&H, Inc.
Martin, White & Griffis Structural Engineers, Inc.
Stantec Consulting Services Inc.
Olsson, Inc.
Dibble & Associates Consulting Engineers, Inc.

The Evaluation Panel reviewed all submitted SOQ's and selected three (3) firms for further consideration to present/interview (Kimley-Horn and Associates, Inc., Dibble & Associates Consulting Engineers, Inc. and Olsson, Inc.). Based on the Statement of Qualifications, the firm's presentation, responses to interview questions, and the overall ranking, the Evaluation Panel recommends placing the two top ranked firms, Kimley-Horn and Associates, Inc. and Olsson, Inc., under contract for On-Call Airport Engineering Services.

Fiscal Impact

The Authorization of Services (AOS) for individual projects under these Professional Service Agreements may be funded with Federal, State, Local Matching or Non-grant dollars depending on the project and will be subject to Board approval as required.

Phoenix-Mesa Gateway Airport Authority, a joint powers airport authority authorized by the State of Arizona ("PMGAA") desires performance of the services more fully described in this **Contract Number 20240076** ("Contract") and the attached exhibits. Kimley-Horn and Associates, Inc., a North Carolina Corporation ("Consultant"), with its principal offices located at 7740 North 16th Street, Suite 300, Phoenix, Arizona, 85020, desires to perform these services.

Recitals

A. PMGAA requires the services as described in this Contract, including any and all exhibits and amendments, and Consultant is willing to provide these and other services under this Contract; and

B. PMGAA desires to contract with Consultant to provide services as noted herein.

Now therefore, in consideration of the recitals and the mutual covenants set forth below, PMGAA and Consultant agree as follows.

SECTION I – CONSULTANT SERVICES

The services to be performed by Consultant are specified in this Contract. PMGAA will not pay Consultant for any services that have not been authorized under the Contract. There is no guarantee of a minimum purchase of services.

The anticipated services to be provided by Consultant under to this Contract shall generally include, but not be limited to, the following: On-Call Engineering Services, as more specifically described in Consultant's detailed scope of work attached as **EXHIBIT A**, "Scope of Services & Fee Schedule."

PMGAA's authorized representative shall be the PMGAA Director of Engineering and Facilities or his/her duly authorized representative, and that he/she shall be the sole contact for administering this Contract.

All services provided by Consultant under this Contract must be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances in Arizona. Consultant makes no other warranty, expressed or implied.

SECTION II – PMGAA RESPONSIBILITIES

PMGAA shall furnish Consultant, at no cost to Consultant, the following information or services for this Contract:

A. Access to copies of readily available maps, records, as-built drawings, benchmarks or other data pertinent to work assignments affiliated with this Contract. This does not, however, relieve Consultant of the responsibility of searching records for additional information, for requesting specific information or for verification of that information provided. PMGAA does not warrant the accuracy or comprehensiveness of any information or documents provided to Consultant.

B. In PMGAA's discretion and upon Consultant's reasonable request, access to staff for consultation with Consultant during the performance of this contract in order to identify the problems, needs, and other functional aspects of the work.

C. Prompt review of and feedback on Consultant's deliverables. PMGAA will advise Consultant concerning progress of PMGAA's review of the work, as needed.

SECTION III - PERIOD OF SERVICE

Consultant shall complete all work in accordance with the provisions of this Contract as amended.

All work initiated under this Contract must have an Authorization of Services issued against this Contract and fully executed, by both parties, on or before the expiration date of the Contract.

This Contract shall commence on December 20, 2023 and ends on December 19, 2026 ("Base Term"), unless terminated, canceled or extended as provided in this Contract. This Contract has two (2) optional one-year extensions that PMGAA may exercise at its sole discretion. Prior to the expiration of the Contract Base Term, PMGAA may elect to extend the Contract. If PMGAA exercises such right, all terms, conditions and provisions of the original Contract shall remain the same and apply during the extended period, with the possible exception of fees, as provided for in Exhibit A. Any extension of this Contract shall require an Amendment signed by both parties.

Consultant shall commence its services within seven (7) days of the written authorization by PMGAA. Consultant shall perform its services in a diligent manner and in accordance with this Contract.

SECTION IV – KEY PERSONNEL

The Consultant itself shall provide all services to be performed under this Contract. If Sub-Consultants are required by Consultant to perform any services listed under this contract, Consultant shall notify PMGAA prior to authorizing work by said Sub-Consultants. PMGAA may, at its sole discretion, accept or reject proposed Sub-Consultants.

SECTION V - PAYMENTS TO THE CONSULTANT

Consultant will be paid for work performed under this Contract plus any adjustments that have been approved in writing by PMGAA in accordance with the Phoenix-Mesa Gateway Airport Authority Procurement Policy. Payments will be made for the actual hours worked and/or other costs incurred or provided for in accordance with **EXHIBIT B**, "Compensation."

All services to be rendered by Consultant are subject to the terms of **EXHIBIT B**, "Compensation" attached hereto.

PMGAA does not guarantee any minimum or maximum fee during the Term of this Contract, and Consultant, in executing this Contract, shall not anticipate or require any minimum or maximum fee.

PMGAA shall pay Consultant in agreed upon installments for services authorized and rendered under this Contract at the completion of each work assignment, provided Consultant has satisfactorily completed the requested work. If any such work requires time in excess of 30 calendar days to complete, progress payment(s) may be made on invoices certified and approved by PMGAA.

SECTION VI - ALTERATION IN SCOPE OF SERVICES

For any alteration in the Scope of Services that would materially increase or decrease the Contract fee, the parties shall negotiate an amendment to the Contract to be executed by PMGAA and Consultant. No work shall commence on any amendment or change until the amendment has been approved by PMGAA and Consultant has been notified to proceed by PMGAA. No claim for extra work done or materials furnished by Consultant will be allowed by PMGAA, except as provided herein, nor shall Consultant do any work or furnish any materials not covered by this Contract unless the work is first authorized in writing by PMGAA and the change complies with PMGAA's Procurement Policy. Any work or materials furnished by Consultant without advance, written authorization will be at Consultant's own risk, cost, and expense. Without written authorization, Consultant shall make no claim for compensation for such work or materials furnished.

SECTION VII - WORK ASSIGNMENT COMPLETION

If, during the Term of this Contract, situations arise which prevent work completion within the allotted time, PMGAA may grant an appropriate time extension.

SECTION VIII - OWNERSHIP OF DOCUMENTS

Any documents, including all electronic copies thereof, prepared under or as a result of this Contract, shall be the property of PMGAA. To the extent necessary to effectuate such ownership, Consultant hereby assigns all right, title and interests to such documents to PMGAA. Consultant shall execute any separate agreements or documents, if any, which may be necessary to implement the terms of this Section.

All of Consultant's documents prepared under this Contract, including electronic files, are instruments of service. All of these documents become the property of PMGAA upon completion of the services and payment in full to Consultant. PMGAA may reuse or modify the documents, as it deems necessary, without Consultant's prior written authorization. PMGAA shall indemnify and hold harmless Consultant, its officers, directors, employees and subconsultants (collectively, the "Consultant") against any and all damages, liabilities or costs arising from PMGAA's modification of documents produced by Consultant under this Contract unless Consultant authorizes the modification in writing.

SECTION IX - COMPLIANCE WITH LAWS

Consultant shall comply with all federal, state and local laws, local ordinances and regulations throughout the Term.

Consultant's signature on this Contract certifies compliance with the provisions of the I-9 requirements of the *Immigration Reform and Control Act of 1986* for all personnel that Consultant and any Subcontractors employ to complete any work assignment.

PMGAA shall administer this Contract in accordance with PMGAA's Procurement Policy.

SECTION X - GENERAL CONSIDERATIONS

A. The failure of either party to enforce any of the provisions of this Contract or require performance of the other party of any of the provisions hereof shall not be construed to be a waiver of the provisions, nor shall it affect the validity of this Contract or the right of either party to enforce each and every provision.

B. The fact that PMGAA has accepted or approved Consultant's work shall in no way relieve Consultant of responsibility for the work under this Contract.

C. This Contract shall be governed by the laws of the state of Arizona, both as to interpretation and performance. Any action at law, suit in equity, or judicial proceeding for the enforcement of this Contract, or any provision thereof, shall be instituted only in the courts of the state of Arizona.

D. All exhibits to this Contract and any amendments to the Contract are incorporated into it.

SECTION XI - NO KICK-BACK CERTIFICATION

Consultant warrants that no person has been employed or retained to solicit or secure this Contract upon any agreement or understanding for a commission, percentage, brokerage, or contingent fee and that no member of the PMGAA Board of Directors or any employee of PMGAA has any interest, financially or otherwise, in Consultant's firm.

For breach or violation of this warranty, PMGAA may annul this Contract without liability.

SECTION XII – SUSPENSION OF SERVICES

Consultant shall, within five (5) business days upon receiving written notice from PMGAA, suspend, delay, or interrupt all or a part of the Scope of Services. Consultant shall resume the Scope of Services within five (5) business days of receiving written notice from PMGAA.

SECTION XIII – TIMES OF PAYMENTS

Consultant shall submit periodic invoices for any unbilled portion of the services actually completed. PMGAA shall review, certify, and approve or reject each invoice in whole or in part. PMGAA shall pay each approved invoice within 30 calendar days of the date that PMGAA approves the invoice.

SECTION XIV – TIMELY REVIEW

PMGAA will review Consultant's studies, reports, proposals, and other related documents and render any decisions required by Consultant in a timely manner. Notwithstanding these reviews, Consultant remains solely responsible for all of its deliverables and services under this Contract. By PMGAA's reviews, PMGAA does not assume any liability for or retained control over Consultant's work or Consultant's responsibility for the safety of its employees.

SECTION XV – DISPUTE RESOLUTION

All disputes between PMGAA and Consultant arising out of or relating to this Contract will be subject to the Dispute Resolution provisions as set forth in **EXHIBIT D**, "PMGAA Standard Terms and Conditions", attached hereto and incorporated herein by reference.

PMGAA and Consultant shall include a similar dispute resolution provision in all agreements with other contractors and consultants retained for the Project and shall require all other independent contractors and consultants to include a similar dispute resolution provision in all agreements with subcontractors, subconsultants, suppliers or fabricators retained by them.

SECTION XVI - LIABILITY OF CONSULTANT

To the fullest extent permitted by law, Consultant shall indemnify, and hold harmless PMGAA, its member governments, departments, officers, employees, and agents from liabilities, damages, losses and costs, including reasonable attorney fees and court costs, but only to the extent caused by negligence, recklessness or intentional misconduct of Consultant or other persons employed or used by Consultant in the performance of this Contract.

SECTION XVII - LAWS AND REGULATIONS

All federal, state, and local laws and regulations that relate to Consultant's services apply to Consultant's performance of this Contract throughout. These laws and regulations are deemed included in this Contract the same as though written

out in full, especially the current applicable Federal Aviation Administration (FAA) rules and regulations associated with airport projects; pertinent Airport engineering standards; and local rules, regulations, and industry standards.

SECTION XVIII – ARCHAEOLOGICAL RESOURCE PROTECTION

While performing services under this Contract, Consultant may encounter a known or unknown archaeological site located at the Airport. If Consultant encounters what it believes to be an archaeological site, Consultant shall immediately notify PMGAA of the site's location and take all reasonable precautions to protect and preserve the site until PMGAA otherwise directs.

SECTION XIX – INSURANCE REQUIREMENTS FOR PROFESSIONAL SERVICES CONTRACTS

A. Consultant shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Consultant, its agents, representatives, or employees.

B. All insurance policies required by this Contact, except *Workers Compensation* and *Professional Liability*, shall name PMGAA, its agents, representatives, officers, directors, officials and employees as Additional Insured.

C. Minimum Scope and Limits of Insurance. Coverage shall be at least as broad as:

   i. Professional Liability (Errors and Omissions): Insurance appropriate to the Consultant's profession, with limit no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate.
   ii. Commercial General Liability: Insurance Services Office Form CG 00 01 covering Bodily Injury and Property Damage on an "occurrence" basis, including personal & advertising injury with limits no less than $1,000,000 per occurrence, $2,000,000 General Aggregate.
   iii. Auto Liability: ISO Form CA 00 01 covering any auto (Symbol 1), or if Consultant has no owned autos, hired, (Symbol 8) and non-owned autos (Symbol 9), with limit no less than $1,000,000 Combined Single limit per accident for bodily injury and property damage ($5,000,000 if operating in the Air Operations Area of the Airport).
   iv. Workers' Compensation: Statutory Limits as required by the state of Arizona, and Employer's Liability Insurance with limit of no less than $1,000,000 per accident for bodily injury or disease.

D. If the Consultant maintains higher limits than the minimums shown above, PMGAA requires and shall be entitled to coverage for the higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to PMGAA.

E. Additional insurance provisions.

   The insurance policies shall provide, or be endorsed to include:

   i. Notice of Cancellation: Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to PMGAA.

   ii. Waiver of Subrogation: Consultant waives any right to subrogation. Consultant shall obtain an endorsement necessary to affect this waiver of subrogation from the insurer for all lines of coverage required by this Contract.

   iii. Primary Coverage: For all claims related to this Contract, all of Consultant's insurance policies will be primary and non-contributory. Any insurance or self-insurance maintained by PMGAA, its officers, officials, employees, or volunteers will be in excess of Consultant's insurance and will not contribute with it.

   iv. Deductibles and Self-Insured Retentions: Any deductibles or self-insured retentions must be declared to and approved by the PMGAA. PMGAA may require the Consultant to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

   v. Acceptability of Insurers: Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A, VII, unless otherwise acceptable to PMGAA.

   vi. Claims Made Policies: No Claims Made policies (other than Professional Liability) will be accepted.

For policies that provide claims-made coverage:

a) The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.

b) Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract of work.

c) If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of five (5) years after completion of work.

vii. Verification of Coverage: Consultant shall furnish PMGAA with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by PMGAA before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Consultant's obligation to provide the required insurance. PMGAA reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

viii. Subcontractors: Consultant shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Consultant shall ensure that PMGAA is an additional insured on insurance required from subcontractors.

ix. Special Risks or Circumstances: PMGAA reserves the right to modify these requirements, including limits, based on the nature of the risk, scope of services, prior experience, insurer, coverage, or other special circumstances.

SECTION XX – NOTICES

Any notice, report or information which may be or is required to be given under this Contract will be in writing and shall be sent by registered or certified mail, return receipt requested, postage prepaid, addressed as follows:

TO PMGAA: Phoenix-Mesa Gateway Airport Authority
Attn: Director of Engineering and Facilities
5835 South Sossaman Road
Mesa, Arizona 85212

TO CONSULTANT: Kimley-Horn and Associates, Inc.
Attn: Steve Reeder
7740 North 16th Street, Suite 300
Phoenix, AZ 85020

or to such other person(s) or address(es) as any such Party may designate from time to time by notice to the other Parties in accordance with this Section.

SECTION XXI – DISADVANTAGED BUSINESS ENTERPRISE

A. The requirements of 49 CFR Part 26, regulations of the U.S. Department of Transportation, applies to this Contract for all federally funded projects/work. It is the policy of the Phoenix-Mesa Gateway Airport Authority to practice nondiscrimination based on race, color, sex, or national origin in the award or performance of this contract.

B. PMGAA encourages the use of DBEs and other small businesses in the performance of this opportunity. While only DBE certified firms will count towards PMGAA's overall program goal, utilization of small

business is encouraged. In order to be counted toward PMGAA's overall DBE program goal, a business must be certified as a DBE by a certifying agency within the Arizona UCP.

C. Consultant's DBE Performance Plan (DBEPP)
Consultant shall utilize its DBEPP as submitted under solicitation 2024-005-RFQ, throughout the duration of the federally funded project(s)/Contract. Failure to fulfill the plan's terms and the plan's intent, shall be a material breach of the contract.

D. Subcontracts for Federally Funded Projects

i. Consultant is required to include the required clauses and obtain the required certifications, as provided for in Exhibit E, Federal Contract Provisions, in all subcontracts or agreements it enters into, and all lower tier subcontracts and agreements, as a result of this contract, regardless of whether or not the subcontractor is a DBE.
ii. Consultant is required to make available to PMGAA, a copy of all subcontracts, regardless of whether or not the subcontractors are DBEs, prior to any commencement of work by any of Consultant's subcontractors. The Consultant shall ensure that all subcontracts or agreements to supply labor or materials be performed in accordance with this part's provisions.

E. Required Outreach Documentation
The following documentation is required, prior to the execution of each Authorization of Services (AOS) that is federally funded under this Contract, to demonstrate that sufficient outreach efforts have been made to engage DBE subcontractors in the performance of this contract:

i. Detailed evidence that the Consultant's DBE Performance Plan (DBEPP), as submitted under solicitation 2024-005-RFQ, was and will continue to be utilized in obtaining DBE participation for the scope of work under the AOS. This should include such things as the following, depending on the Consultant's DBEPP:
   a) Copy of notifications sent to DBE firms of subcontracting opportunities
   b) Documentation of each DBE firms contacted and their response or other action taken as a result of the contact.
   c) Documentation of bid responses and/or quotes from all subcontractors who bid to perform work on the project in the areas that DBE firms were also bidding on, including information regarding the reasons why DBE bids were not considered or chosen if applicable).
   d) Dates and times of outreach events held and a list of attendees.

The following are examples of factors that are illustrative of whether or not the Consultant implemented its DBEPP in good faith:
   a) The number of contacts attempted or made with DBE firms that perform in trade areas where subcontracting work was identified.
   b) The timeliness of contacts made with DBE firms so as to allow the firms a reasonable amount of time to respond
   c) Attempts made to break down portions of the project into economically feasible units to facilitate DBE participation.
   d) Whether the bidder negotiated in good faith with interested DBEs and did not reject a bid as unqualified without sound reason.

ii. **Attachment A**: Subcontracting and Outreach Efforts Summary.

The Consultants' proposed subcontracting and summary of outreach efforts form (Attachment A) must reflect the scope of work that was identified to be potentially subcontracted and the result of the outreach efforts conducted by the Consultant for each scope of work. The Consultant shall clearly list the scope of work to be subcontracted. Consultant must complete one Attachment A for each scope of work (NAICS or group of NAICS codes) that has been identified to potentially be subcontracted.
Note: It is the responsibility of the Consultant to ensure that the scope of work to be performed by the subcontractor(s) is consistent with the area in which the firm is qualified, and in the case of a DBE subcontractor, that the firm has been granted DBE certification. The Consultant can confirm what

NAICS code(s) a DBE is certified for by visiting: https://utracs.azdot.gov/ **DBE scopes of work listed on the form that fall outside the trade or performance area in which a DBE has been granted certification shall not be counted as work subcontracted to a DBE firm.** If there are questions, the Consultant should contact the Phoenix-Mesa Gateway Airport Authority Procurement Department for verification. Owner reserves the right to validate information on the form with the DBE subcontractor and/or other certifying entities or licensing agents as part of the verification process.

iii. **Attachment B**: Letter of Intent to Perform as a Subcontractor/Supplier.

a) The dollar value and the scope of work **every** subcontractor, regardless of DBE/SBE status, is bidding to perform must be completed in full on the form.

b) For scopes of work where a total contract amount cannot be determined, the Letter of Intent to Perform as a Subcontractor/Supplier should reflect the minimum amount agreed upon between the Consultant and the subcontractor that will be paid to the subcontractor. When the form contains scopes of work where all of the dollars that will be paid to a DBE cannot be counted towards achieving the DBE program goal, the form should reflect the amount that is applicable to the program goal.

F. DBE Participation Calculation

i. **Subcontracts with DBE Firms:** DBE participation on the contract will be calculated based on that portion (dollar value) of the contract that DBEs actually perform with their own forces. This includes the cost of supplies and materials obtained by the DBE for the work on the contract, ***except*** when supplies and/or equipment is purchased or leased from the prime Consultant or its affiliate. Special emphasis and care should be taken to ensure that the following types of participation are handled properly when preparing your bid packet.

ii. **Fees & Commissions*:*** DBE firms that supply a bona fide service for a fee or commission may be counted only to the extent of the fees or commissions charged by the DBE. This includes, but is not limited to, providing professional, technical, consultant, or managerial services, and bonds or insurance specifically required for the performance of a contract. The fees must be reasonable and not excessive as compared with fees customarily allowed for similar services. ***Example:*** *A DBE firm that supplies uniformed officers for security or traffic control may count only the amounts shared as a commission. The hourly amount paid to the officers may not be counted. If the "per hour" bid amount to the prime Consultant is $30, and $21 per hour will be paid to the officers, only $9 per hour can be counted towards achieving the DBE program goal. If the firm estimates that there will be 200 hours of work, only $2,700 of the total $6,000 bid could be counted.*

iii. **Trucking & Hauling*:*** The amount of a trucking/hauling subcontract that may be counted towards the DBE utilization may be limited. A DBE must itself own and operate at least one fully licensed, insured, and operational truck that will be used on the contract. The DBE subcontractor may lease trucks from another DBE firm and receive full credit for the services of those leased vehicles. Non-DBE trucks may also be leased to perform work on the contract, but non-DBE leased trucks can be counted fully **only up to the value of transportation services provided by all DBE-owned trucks on the contract**. Any additional non-DBE leased trucks may only be credited for the fees or commissions the DBE subcontractor retains over and above the cost of the lease arrangement. ***Example:*** *A DBE trucking firm uses seven trucks on a job. Two are owned by the DBE and one is leased from another certified DBE firm. Four trucks are leased from a non-DBE. The amounts paid to the DBE for the services of three of the non-DBE trucks can be counted in full towards meeting the DBE requirement. Only the amount that the DBE subcontractor receives that is over and above the cost of leasing the fourth truck may be counted as DBE utilization.*

iv. **DBE Prime Consultant:** A DBE prime Consultant will be credited with DBE participation for that portion of the contract that they themselves perform, in addition to any portion of the contract that is subcontracted and performed by an eligible DBE subcontractor.

v. **DBE/Non-DBE Joint Ventures:** A DBE/non-DBE joint venture, functioning as the prime Consultant or as a subcontractor on a Phoenix-Mesa Gateway Airport Authority project, will be credited with DBE participation on the basis of the percentage of profit accruing to the DBE firm. **E*xample:*** *A joint venture made up of one DBE and one non-DBE proposes to perform 60 percent of a project quoted at $400,000. A total of 50 percent of the profits for performing the work will go to the DBE partner in the joint venture. DBE participation will be credited at 30 percent, or $120,000.*

vi. **Lower Tier Non-DBE Participation:** Subcontract dollars paid by DBE primes and/or qualifying joint ventures to non-DBE subcontractors will not be considered when determining the percentage of DBE participation on this contract. Amounts subcontracted to a non-DBE by a DBE subcontractor (2nd tier or lower) may not be counted.

vii. **Lower Tier DBE Participation:** Consultant is obligated and must report all utilization of DBEs of lower tier subcontracts and ensure subcontractors comply with all applicable DBE reporting requirements.

viii. **DBE Suppliers:** Purchases from DBE suppliers may be counted towards the program goal as follows:

ix. **Manufacturers:** Amounts paid to a DBE supplier that manufactures or substantially alters the material or product it supplies will be credited at 100% of the expenditure when determining the percentage of DBE participation.

x. **Regular Dealer:** Purchases from a DBE firm that is an established, regular business that engages, as its principal business, in the purchase, sale, or lease of the products being supplied **may be credited towards the DBE program goal at sixty percent (60%) of the sale price** when determining the percentage of DBE participation.

xi. **Packagers, Brokers, Manufacturers' Representatives:** Purchases from a DBE firm who arranges or expedites transactions not as regular dealers, **may not be counted in full** when determining DBE participation. Only the fees or commissions charged in the procurement of the materials or supplies, or fees or transportation charges for the delivery of the materials or supplies may be credited towards achievement of the DBE program goal.

G. Definitions

i. **Disadvantaged Business Enterprise (DBE)** means a small business concern that has successfully completed a DBE certification process and been granted DBE status by a certifying agency within the Arizona Unified Certification Program

ii. **Small Business Enterprise** (SBE) means a small business as defined pursuant to Section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto. A small business concern shall not include any concern or group of concerns controlled by the same socially and economically disadvantaged individual(s) that has annual average gross receipts in excess of the cap established by federal regulation. The Secretary shall adjust this figure from time to time for inflation.

iii. **Socially and Economically Disadvantaged Individuals** means those individuals who are citizens of the United States (or lawfully admitted permanent residents) and who are women, Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, or Asian-Indian Americans. Membership in one of the above-mentioned groups does not qualify the firm to be considered a DBE for purposes of this contract. Only firms that have completed a DBE certification process and been granted DBE status shall be considered socially and economically disadvantaged individuals for purposes of this contract.

iv. **DBE Joint Venture** is an association between two or more persons, partnerships, corporations, or any combination thereof, formed to carry on a single business activity. One participant in the joint venture arrangement must hold DBE status from a recognized certifying entity. The joint venture is limited in scope and duration to this contract, and resources, assets and labor of the participants must be combined in an effort to accrue profit.

v. **Sole Proprietorship** is a DBE for purposes of this contract, if it is 100 percent owned, operated, and controlled by a socially and economically disadvantaged individual.

vi. **Corporation** is a DBE, for purposes of this contract, if the ownership, operation, and control of the business is conditioned upon the control of its shares of stock or other equitable securities, at least 51 percent of which (of all shares) is legally and equitably owned by socially and economically disadvantaged individuals.

vii. **Partnership** is a DBE, for purposes of this contract, if one or more socially and economically disadvantaged individuals own more than 51 percent of the assets or interest in the partnership's property.

viii. **Purchaser** for purposes of this contract, means the Phoenix-Mesa Gateway Airport Authority.

ix. **Bidder** is an individual, partnership, joint venture, corporation or firm submitting a proposal or bid to the Phoenix-Mesa Gateway Airport Authority to perform services required by the contract. The submittal may be direct or through an authorized representative.

x. **Contract** is a written agreement obligating the seller or business enterprise to furnish goods or services as proposed and the Purchaser or Buyer to pay for such goods or services.

xi. **Subcontract** is any contract at any tier below the prime contract, including purchase orders.

xii. **Supplier** is a business enterprise that manufactures the goods or materials it sells.

xiii. **Wholesaler, Distributor, Broker, or Jobber** is a business enterprise that does not manufacture the goods or materials it sells or does not perform the essential work of the contract. ***Example:*** *1) A trucking company who does not own or operate the trucks necessary to perform the work, but brokers the work to another trucking firm; 2) A distributor who supplies goods or materials as a pass through from the manufacturer, without substantial alteration of the goods or materials; and, 3) A sub-tier bidder who purchases and supplies the goods and materials on behalf of the prime bidder, and delivers the goods and materials to the prime bidder without substantial alteration of the goods and materials.*

H. Enforcement

i. This contract and all subsequent subcontracts entered into as a result of this contract, are subject to the requirements, provisions, and enforcement actions of 49 CFR Part 26, Subpart F, *Compliance and Enforcement*, § 26.107. Further, Consultant is required to insert the below clause from § 26.107 in all subcontracts entered into with a DBE as a result of this Contract.

ii. § 26.107 Enforcement Actions for firms participating as a DBE:

a) If you are a firm that does not meet the eligibility criteria of 49 CFR Part 26,Subpart D, Certification Standards, and that attempts to participate in a Department of Transportation (DOT)-assisted program as a DBE on the basis of false, fraudulent, or deceitful statements or representations or under circumstances indicating a serious lack of business integrity or honesty, the DOT may initiate suspension or debarment proceedings against you under 2 CFR parts 180 and 1200.

b) If you are a firm that, in order to meet DBE contract goals or other DBE program requirements, uses or attempts to use, on the basis of false, fraudulent or deceitful statements or representations or under circumstances indicating a serious lack of business integrity or honesty, another firm that does not meet the eligibility criteria of 49 CFR Part 26, Subpart D, the DOT may initiate suspension or debarment proceedings against you under 2 CFR parts 180 and 1200.

c) In a suspension or debarment proceeding brought under paragraph (a) or (b) of this section, the concerned operating administration may consider the fact that a purported DBE has been certified by a recipient. Such certification does not preclude the DOT from determining that the purported DBE, or another firm that has used or attempted to use it to meet DBE goals, should be suspended or debarred.

d) The DOT may take enforcement action under 49 CFR Part 31, Program Fraud and Civil Remedies, against any participant in the DBE program whose conduct is subject to such action under 49 CFR part 31.

The DOT may refer to the Department of Justice, for prosecution under 18 U.S.C. 1001 or other applicable provisions of law, any person who makes a false or fraudulent statement in connection with participation of a DBE in any DOT-assisted program or otherwise violates applicable Federal statutes.

EXHIBIT A - SCOPE OF SERVICES & FEE SCHEDULE

The services to be performed by Consultant and the completion of related efforts are specified in the following Scope of Services & Fee Schedule agreed to by the parties.

SCOPE OF SERVICES

The Scope of Services to be performed by Consultant for each task under this Contract will be specified in one or more written "Authorization of Services" to be issued and agreed to by the parties during the term of the Contract. The services that are anticipated to be performed under this Contract generally consist of labor, equipment, supplies and materials to produce and deliver documents and specifications related to necessary Airport Engineering Services for various local, state and federally funded projects for PMGAA.

Any and all services to be performed as part of the Contract require an approved Authorization of Services. The Authorization of Services for each individual project under this Contract shall be used to describe in detail the scope of work to be performed, the amount of time required for performance, fees associated with that performance, and any other applicable terms or conditions for that project. Fees for individual Authorization of Services will be based on the Fees included in this section unless modified in writing by PMGAA. Either party may elect not to perform any services before mutual execution of such an Authorization of Services.

In connection with FAA Advisory Circular 150/1500-14E, Architectural, Engineering, and Planning Consultant Services for Airport Grant Projects, as updated and amended, the Airport Engineering basic services include, but are not limited to, the four distinct and sequential phases summarized below:

1. **Preliminary Phase**
   This phase involves those activities required for defining the scope of a project and establishing preliminary requirements. Some examples of activities within this phase of a project include, but are not limited to:
   a. Coordinating with PMGAA on project scope requirements, finances, schedules, operational safety and phasing considerations, site access and other pertinent matters.
   b. As applicable, coordinating project with local FAA personnel and other interested stakeholders to identify potential impacts to their operations.
   c. Planning, procuring, and/or preparing necessary surveys, geotechnical engineering investigations, field investigations, and engineering studies required for design considerations.
   d. Developing design schematics, sketches, environmental and aesthetic considerations, project recommendations, and preliminary layouts and cost estimates.
   e. Preparing project design criteria and other bridging documents commonly used for alternative project delivery methods such as design-build, JOC or CMAR contracting.

2. **Design Phase**
   This phase includes all activities required to undertake and accomplish a full and complete project design. Examples include, but are not limited to, those below:
   a. Conducting and attending meetings and design conferences to obtain information and to coordinate or resolve design matters.
   b. Collecting engineering or other data and undertaking field investigations; performing geotechnical engineering studies; and performing engineering, and special environmental studies.
   c. Preparing necessary engineering or architectural reports and recommendations.
   d. Preparing detailed plans, specifications, cost estimates, and design/construction schedules.
   e. Preparing Construction Safety and Phasing Plan (CSPP).
   f. Printing and providing necessary copies of engineering drawings and contract specifications.

3. **Bidding and Negotiation Phase**
   These activities are also sometimes considered part of the design phase and sometimes the construction phase. They involve assisting PMGAA in advertising and securing bids, negotiating for services, analyzing bid results, furnishing recommendations on the award of contracts and preparing contract documents.

4. **Construction Phase**

This phase may include all basic services rendered after the award of a construction contract, including, but not limited to, the following activities:

a. Providing consultation and advice to PMGAA during all phases of construction.
b. Representing the PMGAA at preconstruction conferences.
c. Inspecting work in progress periodically and providing appropriate reports to PMGAA.
d. Reviewing and approving shop and erection drawings submitted by contractors for compliance with design concept/drawings.
e. Reviewing, analyzing, and accepting laboratory and mill test reports of materials and equipment.
f. Assisting in the negotiation of change orders and supplemental agreements.
g. Observing or reviewing performance tests required by specifications.
h. Assisting in the negotiation of change orders and supplemental agreements.
i. Observing or reviewing performance tests required by specifications.
j. Determining amounts owned to contractors and assisting sponsors in the preparation of payment requests for amounts reimbursable from grant projects.
k. Making final inspections and submitting punch-lists and a report of the completed project to the PMGAA.
l. Reviewing operations and maintenance manuals.

5. **Project Closeout Phase**

This phase includes all basic services rendered after the completion of a construction contract, including, but not limited to, the following activities:

a. Making final inspections and submitting punch-lists and a report of the completed project to PMGAA.
b. Providing record drawings.
c. Preparing summary of material testing report.
d. Preparing summary of project change orders.
e. Preparing grant amendment request and associated justification, if applicable.
f. Preparing final project reports including financial summary.
g. Obtaining release of liens from all contractors.

All work will be required to meet FAA Standards, the ADOT Multimodal Planning Department, Aeronautics Group Standards and/or City of Mesa requirements. All work shall be accomplished in accordance with all Federal, State, Airport and local guidelines and regulations including FAA Advisory Circulars, the National Environmental Policy Act (NEPA) and Arizona Environmental Statutes. Federal, State, Airport and local requirements will apply to each of the listed projects in the event projects are reimbursed through FAA's Airport Improvement Program or an approved Passenger Facility Charge at a later date.

The scope of work includes the pre-design, design and deliverables necessary to complete projects anticipated over the term of the Contract. It is anticipated that individual projects may be assigned to Consultant periodically, on an as-needed basis, over the contracted period. PMGAA reserves the right to stop assigning projects to Consultant at any time and to perform a new consultant selection or engage the services of other consultants for specific projects on a case-by-case basis.

The projects identified below may be assigned over the term of the Contract and may or may not be included in PMGAA's Capital Improvement Program. The projects listed below include federally funded AIP, State-funded grant projects and non-grant projects, and are not listed in order of priority:

Facilities:

Fuel Farm Capacity Analysis Study
Fuel Farm Improvements, Tanks etc.
Replace Terminal Seats Ph1, 2 Gates
Replace Carpeting at the Terminal Gates

Baggage Claim 2 Canopy
Replace Terminal Seats Ph 2, 2 gates
TSA Checked Baggage System Construction
Baggage Claim Improvements
Replace Terminal Seats Ph 3, 2 gates
Airport Buildings Roof Recoating
GAS, Building 46, Remodel
Demolish Existing Structures on Airport

Airfield Projects:

Repackage and Re-Bid Reconstruction of Runway 12R/30L
Repackage and Re-Bid Taxiway H Between B and 12R Reconstruction
Repackage and Re-Bid Taxiway W Reconstruction
Runway 12C/30C Asphalt Mill & RDR Signs and Runway Edge Lights Replacement
Replace TWY C Sign Panels C2-C3
Taxilane S Construction Administration
Taxiway Golf Realignment Design & Construction
Compass Rose Design and Relocation
Midfield Connectors Design & Construction
Parallel Taxiway West of Rwy 12C/30C Design & Construction
Lighting Vaults, Generators, LED upgrade 12L/30R
Westside Apron Design and Construction
General Aviation and Maintenance /run-up Areas with Blast Fence
Runway 12L/30R Extension 200-foot Extension
Eastside Taxiway/Taxilane Improvements
Eastside Apron Design and Construction
Safety Management System (SMS) Update

Landside Projects:

Construction of Rental Car Care Facility
Taxiway Circle Access Rd Reconstruction
Mill & Replace Asphalt Parking Lots
Gateway Blvd Design and Reconstruction
Landside Roadways Design and Construction
Access Roads Construction and/or Asphalt Overlay

FEE SCHEDULE

The fees stated herein shall remain in effect for the first year of the Contract. Consultant may increase fees effective on each annual anniversary date of the Contract, up to 5%, with the prior written approval of PMGAA. Such increases, if any, shall not apply to projects that PMGAA has issued and executed an Authorization of Services to the Consultant.

Kimley-Horn and Associates, Inc.
2024 Hourly Rates

1. Direct Salary Costs (Category)	Direct Hourly Labor Rate	Hourly Billable Rate
Title		
Project Manager	$ 70.56	$ 226.05
Senior Project Manager	82.28	263.60
Principal Engineer	93.24	298.71
Senior Professional/Engineer	62.37	199.81
Electrical/Comm Engineer	67.99	217.82
Professional Engineer II	57.54	184.34
Professional Engineer I	54.80	175.56
Senior Designer	52.86	169.34
Senior Analyst	51.03	163.48
Analyst	43.63	139.77
Designer	39.06	125.13
Finance/Project Accountant	43.47	139.26
Grant Adminstration	34.39	110.17
Admin/Clerical	28.35	90.82
Resident Engineer	66.57	213.27
Senior Inspector	49.93	159.96
Inspector	43.26	138.59

2. Labor and General & Administrative Overhead

Percentage of Direct Salary Costs By 191.24%

3. Fixed Payment

10% of Item No. 1 and 2:

Notes:
Calculation Formula: [Direct Hourly Labor Rate + (Direct Hourly Labor Rate x Labor Overhead Percentage)] + 10% Profit = Hourly Billable Rate

We anticipate these rates will remain in effect for a period of 1 year from the contract date. For purposes of contract renewal, we anticipate rates may escalate up to 5% per year (per contract).

EXHIBIT B - COMPENSATION

All compensation for services rendered by Consultant shall be based upon criteria established below and in accordance with each Authorization of Services initiated under this Contract. All services must be billed through the Consultant.

1. Fees to be Specified in Contract

Any and all services to be performed under this Contract require approval. All compensation for services shall be identified in writing. The Contract shall describe the scope of services to be performed (by tasks and subtasks, where appropriate), the amount of time required for performance, the fees associated with that performance, and any applicable special provisions. Consultant's compensation for services included in this Contract is totaled and set forth in **EXHIBIT B**, "Scope of Services and Fee Schedule".

2. Method of Payment

For services rendered in accordance with the Contract, Consultant shall submit to PMGAA an invoice or payment application depicting tasks performed, hours spent, utilized and expenses incurred for services performed. Invoices or payment applications must be based on the actual hours required and expenses incurred for the services completed during the billing period. Consultant's invoices or payment applications must specify that Consultant has performed the services, and PMGAA must certify and approve each invoice or application as a condition to payment.

3. Consultant Responsibilities for Compensation

Consultant shall prepare monthly invoices and progress reports in accordance with terms specified in the Contract, which clearly indicate the progress to date and the amount of compensation due by virtue of that progress. All invoices/requisitions for payment shall be for work completed unless otherwise agreed to by PMGAA. Invoices/requisitions for payment for services subject to funding by the FAA and/or ADOT shall include the documentation requirements of the FAA and/or ADOT, which are outlined in the *Airport Improvement Program (AIP) Handbook* dated September 30, 2014, or most current version.

4. PMGAA Responsibilities for Compensation

PMGAA agrees to pay Consultant's invoices/requisitions for payment within 30 calendar days after the invoice is approved. PMGAA may withhold payment on any invoice if it believes that Consultant has not performed the work in a satisfactory manner. If PMGAA withholds payment to Consultant, PMGAA shall promptly notify Consultant and explain the reasons for the decision to withhold payment.

5. Billing Address

All invoices submitted to PMGAA for payment shall be submitted to:

Accounts Payable: ap@gatewayairport.com

EXHIBIT C – SPECIAL PROVISIONS

1. Project Security

As some or all portions of work possible during the Term of this Contract may be located inside the secured area of the Airport, adherence to and familiarity with federal security regulations is essential. For these projects, Consultant shall be responsible for fulfilling the security requirements described herein.

a. Secured Area Access – All Consultant personnel who require unescorted access to the secured area of the Airport, prior to the issuance of an Airport Identification badge, must successfully complete the Security Badge Application and Security Badge Authorization forms.

b. Employee Security Badges – If deemed necessary by PMGAA all Consultant's and/or subcontractor personnel performing work functions in accordance with this Contract shall obtain and properly display an Airport security badge. Consultant shall submit a Security Badge Application form to the PMGAA security office for each employee requiring unescorted access, along with the current fee for each badge. Badge fees are identified on the current *Airport Fees, Services and Rental Rates* listing available via the Airport website at www.gatewayairport.com and are subject to change.

   i. All fees must be paid to PMGAA by cash or check.
   ii. Airport Security Badge Application forms and instructions are available via the Airport website at www.gatewayairport.com.
   iii. An authorized representative of Consultant must also obtain and submit a Security Media Authorization form, which is to be submitted to the PMGAA badging office. The Security Media Authorization form and instructions are available via the Airport website at www.gatewairport.com.
   iv. A training class on aviation security must be successfully completed before individuals are issued a badge. Fees for the security badge include attendance for the necessary training classes. Attendance at the security classes and issuance of the security badge may take two hours per person.
   v. Additional information, including a "Frequently Asked Questions" is available via the Airport website at www.gatewairport.com or by contacting the PMGAA Badging Office at (480) 988-7522. The Badging Office is located at 5803 S. Sossaman Road, Mesa AZ 85212.
   vi. Consultant shall immediately notify the PMGAA Badging Office of any Consultant personnel whose employment status has changed.
   vii. Consultant shall retrieve all security badges and keys and return them to the PMGAA Badging Office. A fee, as indicated on the most current *Airport Rates and Charges Schedule*, will be charged for each badge that is damaged, lost or not returned.
   viii. The PMGAA Badging Office will require a completed Security Badge Application from each Consultant employee so certified by Consultant as requiring such before a Security Badge is issued.
   ix. Under certain circumstances and out of control of PMGAA, security measures may change on short notice. No deviations from any security measure shall be allowed at any time.
   x. At all times, aircraft shall have the right-of-way over all vehicle traffic.

c. Fines – Due to both the safety and security precautions necessary at the Airport, any failure of the Consultant to adhere to prescribed Airport requirements/regulations has consequences that may jeopardize the health, welfare and lives of Airport customers and employees, as well as the Consultant's own employees. Therefore, if Consultant is found to be in non-compliance with any security, airfield badging/licensing and airfield safety requirement, a Notice of Violations (NOV) may be issued. A current listing of fines is available by contacting the PMGAA Badging Office.

2. Standard Terms & Conditions

PMGAA's Standard Terms & Conditions (in **EXHIBIT D** attached) include clauses that pertain to both construction and professional services. For such, the term "contractor" is to be considered same as "consultant." If a clause implies construction service then it is waived for a professional services contract. PMGAA reserves the right to make that determination if there is a conflict. Wherever Standard Terms & Conditions are in conflict with conditions stated in this Special Provisions Section, the conditions stated in this Section shall take precedence.

3. Federal and State Guidelines and Regulations

All work performed under this Contract must satisfy FAA and applicable agency standards, and be accomplished in accordance with applicable federal, state and local guidelines and regulations, including FAA Advisory Circulars, NEPA and Arizona environmental statutes.

Consultant shall perform the services as described in approved Contract in accordance with the applicable requirements imposed by PMGAA, ADOT, FAA and any other applicable sponsoring agencies. Consultant and its subconsultants/subcontractors, if any, shall comply with any and all applicable laws, regulations, executive orders, policies, guidelines, and any other requirements for FAA Airport Improvement Program (AIP) projects. Consultant shall provide PMGAA all information, reports, documents, and/or certifications requested by PMGAA for the satisfaction of any grant requirements for the reimbursement of services, including, without limitation, identifying the specific services provided by Consultant and the billing period(s) during which services were or are to be provided. Nothing herein shall be construed as making the FAA or ADOT a party to this Contract.

4. Right to Contract With Other Firms

PMGAA shall have the right to contract with other firms and/or persons and/or to self-perform additional services, which may be the subject of this Contract. Consultant shall conduct its operations and perform any services authorized under the Contract so as not to interfere with or hinder the progress of completion of the work being performed by PMGAA and/or other firms and/or persons. Consultants working on the same project shall cooperate with each other in the performance, scheduling, and, if applicable, the integration of their respective services.

5. Independent Contractor Status

At all relevant times, Consultant is - and shall remain - an independent contractor with regard to performance of its services. PMGAA retains no control over Consultant, the performance of its work or services, or the safety of its employees. Consultant is not authorized to enter into any contract or commitment, authorize any payment, or accept any document, services, goods or materials for, in the name of, or on behalf of PMGAA.

EXHIBIT D – PMGAA STANDARD TERMS & CONDITIONS

1. Certification

By signature of this Contract, Consultant certifies:

a. The award of this Contract did not involve collusion or other anti-competitive practices.
b. It shall not discriminate against any employee or applicant for employment in violation of Federal Executive Order 11246, or A.R.S. Section 31-1461, et. seq.
c. It has not given, offered to give, nor intends to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with this Contract; and Consultant hereby certifies that the individual signing this Contract is an authorized agent for Consultant and has the authority to bind the Consultant to the Contract.

2. Dispute Resolution

a. Negotiations. If a dispute arises out of or relates to this Contract or its breach, the parties to this Contract shall endeavor to settle the dispute through direct discussions as a condition precedent to mediation or binding dispute resolution.
b. Mediation. Should the parties to this Contract be unable to resolve their dispute through direct negotiations, the parties to this Contract, upon the written request of either, shall engage in mediation, to be administered privately by a mediator and according to rules mutually agreed upon by the parties to this Contract, or, the absence of such mutual agreement, by a mediator appointed by JAMS and administered by JAMS in accordance with its then-current mediation rules. The fees and costs of mediation shall be split equally by the parties to this Contract, but subject to reallocation following binding dispute resolution.
c. Binding Dispute Resolution. Should the parties to this Contract be unable to resolve their dispute through direct negotiations or mediation, either party may, within the time limitations for bringing claims under Arizona law and this Contract, commence formal dispute resolution proceedings. Both parties to this Contract consent to binding arbitration administered by JAMS according to its then current arbitration rules, provided, however, that (i) in the event both parties agree, the arbitration may be administered privately by an arbitrator and according to rules mutually agreed upon by the parties to this Contract, and (ii) in the event any party seeks relief against the other party or against a non-party which cannot fully be granted in arbitration, by reason of non-joinder or otherwise, the parties to this Contract are excused from this arbitration requirement and the parties to this Contract shall proceed in the state or federal courts of competent jurisdiction and located in Maricopa County, Arizona. In any arbitration or litigation, the prevailing party shall be entitled to an award of its reasonable attorneys' fees and costs as determined by the arbitrator or court as applicable.

3. Independent Contractor

At all times, each party acts in its individual capacity and not as agent, employee, partner, joint venturer, or associate the other party. An employee or agent of one party may not be deemed or construed to be the employee or agent of the other party for any purpose whatsoever. Neither Consultant nor any of its employees are entitled to compensation from PMGAA in the form of salaries, paid vacation, or sick days.

PMGAA will not provide any insurance to Consultant, including *Workers' Compensation* coverage. PMGAA will not withhold FICA, taxes, or any similar deductions from PMGAA's payments under this Contract.

4. Affirmative Action

Consultant shall abide by all the federal and state of Arizona provisions for equal opportunity in the work place.

5. Human Relations

Consultant shall abide by all the federal and state of Arizona provisions against discrimination of disadvantaged business enterprises in applicable PMGAA contracts.

6. Non-Exclusive Contract

This Contract is for the sole convenience of PMGAA. PMGAA reserves the right in its discretion to obtain the same or similar goods or services from any other source.

7. Americans with Disabilities Act

Consultant shall comply with all applicable provisions of the *Americans with Disabilities Act* (Public Law 101-336, 42 U.S.C. 12101-12213) and applicable federal regulations under the *Act*.

8. Confidentiality of Records

Consultant shall establish and maintain procedures and controls that are acceptable to PMGAA for the purpose of assuring that no information contained in its records or obtained from PMGAA or from others in carrying out its functions under the Contract shall be used by or disclosed by it, its agents, officers, or employees, except as required to efficiently perform duties under this Contract. Persons requesting such information should be referred to PMGAA. Consultant also agrees that any information pertaining to individual persons shall not be divulged other than to employees or officers of Consultant as needed for the performance of duties under the Contract, unless otherwise agreed to in writing by PMGAA.

9. Gratuities

PMGAA may, by written notice to the Consultant, cancel this Contract if it is found that gratuities, in the form of entertainment, gifts or otherwise, were offered or given by Consultant or any agent or representative of Consultant, to any officer or employee of PMGAA involved in the amending, or the making of any determinations with respect to the performing of such Contract. If this Contract is canceled by PMGAA under this provision, PMGAA shall, in addition to any other rights and remedies, repay to the Consultant the amount of the gratuity.

10. Applicable Law

This Contract shall be governed by the laws of the state of Arizona, and suits pertaining to this Contract shall be brought only in federal or state courts in the state of Arizona.

11. Contract

This Contract is based on and the result of a negotiated Scope of Services and Fee Schedule submitted by Consultant. The Contract contains the entire agreement between PMGAA and Consultant. No prior oral or written agreements, contracts, proposals, negotiations, purchase orders, or master agreements (in any form) are enforceable between the parties.

12. Contract Amendments

This Contract shall be modified only by a written amendment signed by the PMGAA Executive Director or his/her designee, and persons duly authorized to enter into contracts on behalf of Consultant.

13. Provisions Required by Law

Each and every provision of law and any clause required by law to be in the Contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either party the Contract shall forthwith be physically amended to make such insertion or correction.

14. Severability

The provisions of this Contract are severable to the extent that any provision or application held to be invalid shall not affect any other provision or application of the Contract, which may remain in effect without the valid provision, or application.

15. Protection of Government Property

Consultant shall use reasonable care to avoid damaging all PMGAA property, including buildings, equipment, and vegetation (such as trees, shrubs, and grass). If Consultant damages PMGAA's property in any way, Consultant shall immediately report such damage to PMGAA and repair or replace the damage at no cost to PMGAA, as directed by the PMGAA Executive Director. If Consultant fails or refuses to repair or replace the damage, then PMGAA may terminate the Contract, and PMGAA shall deduct the repair or replacement cost from money due Consultant under the Contract.

16. Interpretation – Parol Evidence

This Contract is intended by the parties as a final expression of their agreement and is intended also as a complete and exclusive statement of the terms thereof. No course of prior dealings between the parties and no usage of the trade

shall be relevant to supplement or explain any term used in this Contract. Acceptance or acquiescence in a course of performance rendered under this Contract shall not be relevant to determine the meaning of this Contract even though the accepting or acquiescing party has knowledge of the nature of the performance and opportunity to object.

17. Subcontracts

Offeror shall not assign any rights or interest nor enter into any subcontract with any other party to furnish any of the materials, goods or services specified herein without the prior written permission of PMGAA. PMGAA may, at its sole discretion, accept or reject proposed subcontractors or assignment. PMGAA shall notify Offeror of its acceptance or rejection within forty-five (45) days or written request by Offeror. All subcontracts shall comply with federal and state laws and regulations applicable to the materials, goods or services covered by the subcontract and shall include all the terms and conditions set forth herein, which shall apply with equal force to the subcontract, as if the subcontractor were the Offeror referred to herein. Offeror is responsible for Contract performance whether or not subcontractors are used.

18. No Waiver

No provision in this Contract shall be construed, expressly or by implication, to waive either party's existing or future claim, right, or remedy available by law for breach of contract. The failure of either party to insist on strict performance of any Contract term or condition; to exercise or delay exercising any right or remedy provided in the Contract or by law; or to accept materials, services, or Consultant's services under this Contract or imposed by law, shall not be deemed a waiver of any right of either party to insist upon strict performance of the Contract.

19. Warranties

Consultant warrants that all materials and services delivered under this Contract shall conform to the specifications thereof. Mere receipt of shipment of the material or service specified and any inspection incidental thereto by PMGAA, shall not alter or affect the obligations of Consultant or the rights of PMGAA under the foregoing warranties. Additional warranty requirements may be set forth in this Contract.

20. Indemnification

To the fullest extent permitted by law, Consultant shall indemnify, and hold harmless PMGAA, its agents, representatives, officers, directors, officials, and employees (collectively the "Indemnitees"), from liabilities, damages, losses and costs, including reasonable attorney fees and court costs, but only to the extent caused by the negligence, recklessness or intentional wrongful conduct of Consultant or other persons employed or used by Consultant in the performance of this Contract.

21. Right to Assurance

Whenever one party to this Contract in good faith has reason to question the other party's intent to perform, the former party may demand that the other party give a written assurance of this intent to perform. If a demand is made and no written assurance is given within five (5) business days, the demanding party may treat this failure as an anticipatory repudiation with this Contract.

22. Advertising

Consultant shall not advertise or publish information concerning this Contract without prior written consent of PMGAA.

23. Right to Inspect

PMGAA may, at reasonable times, and at PMGAA's expense, inspect the place of a Consultant's or subcontractor's business, which is related to the performance of this Contract or related subcontract.

24. Force Majeure

In the event either party shall be delayed or hindered in or prevented from the performance of any covenant, agreement, work, service, or other act required under this Contract to be performed by such party ("Required Act"), and such delay or hindrance is due to causes entirely beyond its control such as riots, insurrections, martial law, civil commotion, war, fire, flood, earthquake, or other casualty or acts of God ("Force Majeure Event"), then the performance of such Required

Act shall be excused for the period of delay and the time period for performance of the Required Act shall be extended by the same number of days in the period of delay. For purposes of this Contract, the financial inability of Consultant to perform any Required Act, including, without limitation, failure to obtain adequate or other financing shall not be deemed to constitute a Force Majeure Event. A Force Majeure Event shall not be deemed to commence until ten (10) days before the date on which the party who asserts some right, defense, or remedy arising from or based upon such Force Majeure Event gives written notice thereof to the other party. If abnormal adverse weather conditions are the basis for a claim for an extension of time due to a Force Majeure Event, the written notice shall be accompanied by data substantiating (a) that the weather conditions were abnormal for the time and could not have been reasonably anticipated and (b) that the weather conditions complained of had a significant adverse effect on the performance of a Required Act. To establish the extent of any delay to the performance of a Required Act due to abnormal adverse weather, a comparison will be made of the weather for the time of performance of the Required Act with the average of the preceding ten (10) years' climatic range based on the National Weather Service statistics for the nearest weather reporting station to the Premises. No extension of time for or excuse for a delay in the performance of a Required Act will be granted for rain, snow, wind, cold temperatures, flood, or other natural phenomena of normal intensity for the locality where the Premises are located.

25. Inspection

All material or service is subject to final inspection and acceptance by PMGAA. Material or service failing to conform to the specifications of this Contract will be held at Consultant's risk and may be returned to Consultant. If so returned, all costs are the responsibility of Consultant. Noncompliance shall conform to the cancellation clause set forth in this Contract.

26. Exclusive Possession

All services, information, computer program elements, reports, and other deliverables, which may be created under this Contract, are the sole property of PMGAA and shall not be used or released by Consultant or any other person except with prior written permission by PMGAA.

27. Title and Risk of Loss

The title and risk of loss of materials or services shall not pass to PMGAA until PMGAA actually receives the material or service at the Airport, unless otherwise provided within this Contract.

28. Liens

All materials, services, and other deliverables supplied to PMGAA under this Contract must be free of all liens and other encumbrances. Upon request of PMGAA, Consultant shall provide a formal release of all liens.

29. Licenses

Consultant shall maintain in current status all federal, state, and local licenses and permits required for the operation of the business conducted by Consultant as applicable to this Contract.

30. Subsequent Employment

PMGAA may cancel this Contract without penalty or further obligation in accordance with A.R.S. Section 38-511 if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract, on behalf of PMGAA is or becomes, at any time while the Contract or any extension of the contract is in effect, an employee of, or a contractor to any other party to this Contract with respect to the subject matter of the Contract. Such cancellation shall be effective when the parties to this Contract receive written notice from PMGAA, unless the notice specifies a later time.

31. Clean Up

Consultant shall at all times keep Contract performance areas, including storage areas used by the Consultant, free from accumulation of waste material or rubbish and, prior to completion of the work, remove any rubbish from the premises and all tools, scaffolding, equipment and materials not property of PMGAA. Upon completion of any repair, Consultant shall leave the work and premises in clean, neat, and workmanlike condition.

32. Patents

Consultant shall defend, indemnify, and hold harmless PMGAA, its officers and employees from all liabilities, claims, damages, costs, or expenses, including, but not limited to attorneys' fees, for any alleged infringement of any person's patent rights or copyrights in consequence of the use by PMGAA, its officers, employees, agents, and other duly

authorized representatives of tangible or intellectual property supplied to PMGAA by Consultant under this Contract.

33. Records and Audit Rights

Consultant's and all of its approved subcontractors' books, records, correspondence, accounting procedures and practices, and any other supporting evidence relating to this Contract, including the papers of all Consultant and subcontractor employees that work on the Contract (all the foregoing collectively referred to as "Records"), must be open to inspection and subject to audit and/or reproduction during normal working hours by PMGAA. PMGAA is entitled to evaluate and verify all invoices, payments or claims based on Consultant's and its subcontractor's actual costs (including direct and indirect costs and overhead allocations) incurred or units expended directly in the performance of work under this Contract. For any audit under this Section, Consultant and its subcontractors hereby waive the right to keep such Records confidential. PMGAA is entitled to access to these Records from the effective date of this Contract for the duration of the work and until five years after the date of final payment by PMGAA to Consultant under the Contract. During normal working hours, PMGAA is entitled to access to all necessary Consultant and subcontractor facilities and shall be provided adequate and appropriate workspace, in order to conduct audits under this Section. PMGAA shall give Consultant or subcontractors reasonable advance notice of intended audits. Consultant shall require its subcontractors to comply with the provisions of this Section by including its requirements in all subcontracts related to this Contract.

34. E-Verify Requirements

To the extent applicable under A.R.S. § 41-4401, Offeror and its subcontractors warrant compliance with all federal immigration laws and regulations that relate to their employees, and compliance with the E-Verify requirements under A.R.S. §23-214(A). Offeror's or its subcontractors' failure to comply with such warranty shall be deemed a material breach of this Contract and may result in the termination of this Contract by PMGAA. PMGAA shall have the right to inspect the papers of Consultant's and any of Consultant's subcontractor's employee who works on this Contract to ensure the Consultant is complying with this paragraph.

35. Availability of Project Funding

This Contract's approval and continuation is conditioned on the availability of funds appropriated by PMGAA for this purpose. If funds are not available or appropriated for the Contract's requirements, PMGAA may terminate the Contract. Possible sources of funding for this Contract include FAA and ADOT, and this Contract is contingent on the availability of those funds to PMGAA.

EXHIBIT E – FEDERAL PROVISIONS

For this Exhibit: Contractor shall mean the same as "Consultant", "Offeror", "Bidder", "Proposer" or "Firm"
Owner and Sponsor shall mean Phoenix Mesa Gateway Airport Authority

The provisions in this Exhibit E apply to all federally funded Projects/Authorization of Services, unless stated otherwise herein.

A1 ACCESS TO RECORDS AND REPORTS

The Contractor must maintain an acceptable cost accounting system. The Contractor agrees to provide the Owner, the Federal Aviation Administration and the Comptroller General of the United States or any of their duly authorized representatives access to any books, documents, papers and records of the Contractor which are directly pertinent to the specific contract for the purpose of making audit, examination, excerpts and transcriptions. The Contractor agrees to maintain all books, records and reports required under this contract for a period of not less than three years after final payment is made and all pending matters are closed.

A2 AFFIRMATIVE ACTION REQUIREMENT

This provision is applicable if the Scope of Work to be performed in the Authorization of Services (AOS) includes tasks that meet the definition of construction work (as defined by the U.S. Department of Labor). Owner shall include the goals for minority participation for each trade in the AOS.

1. The Offeror's or Bidder's attention is called to the "Equal Opportunity Clause" and the "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth herein.
2. The goals and timetables for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, are as follows:

Timetables

Goals for minority participation for each trade:	**TBD**
Goals for female participation in each trade:	**6.9%**

These goals are applicable to all of the Contractor's construction work (whether or not it is Federal or federally assisted) performed in the covered area. If the Contractor performs construction work in a geographical area located outside of the covered area, it shall apply the goals established for such geographical area where the work is actually performed. With regard to this second area, the Contractor also is subject to the goals for both its federally involved and nonfederally involved construction.

The Contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set forth in 41 CFR 60-4.3(a) and its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the Contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor or from project to project for the sole purpose of meeting the Contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total work hours performed.

3. The Contractor shall provide written notification to the Director of the Office of Federal Contract Compliance Programs (OFCCP) within 10 working days of award of any construction subcontract in excess of $10,000 at any tier for construction work under the contract resulting from this solicitation. The notification shall list the name, address, and telephone number of the subcontractor; employer identification number of the subcontractor; estimated dollar amount of the subcontract; estimated starting and completion dates of the subcontract; and the geographical area in which the subcontract is to be performed.
4. As used in this notice and in the contract resulting from this solicitation, the "covered area" is the State of Arizona, Maricopa County, in the city of Mesa.

A3 BREACH OF CONTRACT TERMS

Any violation or breach of terms of this contract on the part of the Consultant or its subcontractors may result in the suspension or termination of this contract or such other action that may be necessary to enforce the rights of the parties of this agreement.

Owner will provide Consultant written notice that describes the nature of the breach and corrective actions the Consultant must undertake in order to avoid termination of the contract. Owner reserves the right to withhold payments to Consultant until such time the Consultant corrects the breach or the Owner elects to terminate the contract. The Owner's notice will identify a specific date by which the Consultant must correct the breach. Owner may proceed with termination of the contract if the Consultant fails to correct the breach by the deadline indicated in the Owner's notice.

The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder are in addition to, and not a limitation of, any duties, obligations, rights and remedies otherwise imposed or available by law.

A4 BUY AMERICAN PREFERENCE

This provision is applicable if the Scope of Work to be performed in the AOS includes a deliverable of a manufactured product. The Contractor will be required to complete the Buy American Preference Certification prior to execution of the AOS.

The Contractor certifies that its bid/offer is in compliance with 49 USC § 50101, BABA and other related Made in America Laws, U.S. statutes, guidance, and FAA policies, which provide that Federal funds may not be obligated unless all iron, steel and manufactured goods used in AIP funded projects are produced in the United States, unless the Federal Aviation Administration has issued a waiver for the product; the product is listed as an Excepted Article, Material Or Supply in Federal Acquisition Regulation subpart 25.108; or is included in the FAA Nationwide Buy American Waivers Issued list.

The bidder or offeror must complete and submit the certification of compliance with FAA's Buy American Preference, BABA and Made in America laws included herein with their bid or offer. The Airport Sponsor/Owner will reject as nonresponsive any bid or offer that does not include a completed certification of compliance with FAA's Buy American Preference and BABA.

The bidder or offeror certifies that all constructions materials, defined to mean an article, material, or supply other than an item of primarily iron or steel; a manufactured product; cement and cementitious materials; aggregates such as stone, sand, or gravel; or aggregate binding agents or additives that are or consist primarily of: non-ferrous metals; plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables); glass (including optic glass); lumber; or drywall used in the project are manufactured in the U.S.

[1] Per Executive Order 14005 "Made in America Laws" means all statutes, regulations, rules, and Executive Orders relating to federal financial assistance awards or federal procurement, including those that refer to "Buy America" or "Buy American," that require, or provide a preference for, the purchase or acquisition of goods, products, or materials produced in the United States, including iron, steel, and manufactured products offered in the United States.

Certification of Compliance with FAA Buy American Preference – Equipment/Building Projects
As a matter of bid responsiveness, the bidder or offeror must complete, sign, date, and submit this certification statement with their proposal. The bidder or offeror must indicate how they intend to comply with 49 USC § 50101, and other Made in America Laws, U.S. statutes, guidance, and FAA policies by selecting one on the following certification statements. These statements are mutually exclusive. Bidder must select one or the other (not both) by inserting a checkmark (✓) or the letter "X".

☐ Bidder or offeror hereby certifies that it will comply with 49 USC § 50101, BABA and other related U.S. statutes, guidance, and policies of the FAA by:

a) Only installing steel and manufactured products produced in the United States;
b) Only installing construction materials defined as: an article, material, or supply – other than an item of primarily iron or steel; a manufactured product; cement and cementitious materials; aggregates such as stone, sand, or gravel; or aggregate binding agents or additives that are or consist primarily of non-ferrous metals; plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables); glass (including optic glass); lumber or drywall that have been manufactured in the United States.
c) Installing manufactured products for which the Federal Aviation Administration (FAA) has issued a waiver as indicated by inclusion on the current FAA Nationwide Buy American Waivers Issued listing; or
d) Installing products listed as an Excepted Article, Material or Supply in Federal Acquisition Regulation Subpart 25.108.

By selecting this certification statement, the bidder or offeror agrees:

a) To provide to the Airport Sponsor or FAA evidence that documents the source and origin of the steel and manufactured product.
b) To faithfully comply with providing U.S. domestic product.
c) To furnish U.S. domestic product for any waiver request that the FAA rejects.
d) To refrain from seeking a waiver request after establishment of the contract, unless extenuating circumstances emerge that the FAA determines justified.

☐ The bidder or offeror hereby certifies it cannot comply with the 100 percent Buy American Preferences of 49 USC § 50101(a) but may qualify for a Type 3 waiver under 49 USC § 50101(b). By selecting this certification statement, the apparent bidder or offeror with the apparent low bid agrees:

a) To submit to the Airport Sponsor or FAA within 15 calendar days of being selected as the responsive bidder, a formal waiver request and required documentation that supports the type of waiver being requested.
b) That failure to submit the required documentation within the specified timeframe is cause for a non-responsive determination that may result in rejection of the proposal.
c) To faithfully comply with providing U.S. domestic products at or above the approved U.S. domestic content percentage as approved by the FAA.

d) To refrain from seeking a waiver request after establishment of the contract, unless extenuating circumstances emerge that the FAA determines justified.

Required Documentation

Type 2 Waiver (Nonavailability) - The iron, steel, manufactured goods or construction materials are not available in sufficient quantity or quality in the United States. The required documentation for the Nonavailability waiver is:

a) Completed Content Percentage Worksheet and Final Assembly Questionnaire
b) Record of thorough market research, consideration where appropriate of qualifying alternate items, products, or materials including;
c) A description of the market research activities and methods used to identify domestically manufactured items capable of satisfying the requirement, including the timing of the research and conclusions reached on the availability of sources.

Type 3 Waiver – The cost of the item components and subcomponents produced in the United States is more that 60 percent of the cost of all components and subcomponents of the "item". The required documentation for a Type 3 waiver is:

a) Completed Content Percentage Worksheet and Final Assembly Questionnaire including;
b) Listing of all product components and subcomponents that are not comprised of 100 percent U.S. domestic content (Excludes products listed on the FAA Nationwide Buy American Waivers Issued listing and products excluded by Federal Acquisition Regulation Subpart 25.108 (products of unknown origin must be considered as non-domestic products in their entirety).
c) Cost of non-domestic components and subcomponents, excluding labor costs associated with final assembly at place of manufacture.
d) Percentage of non-domestic component and subcomponent cost as compared to total "item" component and subcomponent costs, excluding labor costs associated with final assembly at place of manufacture.

Type 4 Waiver (Unreasonable Costs) - Applying this provision for iron, steel, manufactured goods or construction materials, would increase the cost of the overall project by more than 25 percent. The required documentation for this waiver is:

a) Completed Content Percentage Worksheet and Final Assembly Questionnaire from
b) At minimum two comparable equal bidders and/or offerors;
c) Receipt or record that demonstrates that supplier scouting called for in Executive Order 14005, indicates that no domestic source exists for the project and/or component;
d) Completed waiver applications for each comparable bid and/or offer.

False Statements: Per 49 USC § 47126, this certification concerns a matter within the jurisdiction of the Federal Aviation Administration and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code.

Company Name	Title

A5 CIVIL RIGHTS - GENERAL

This provision is applicable to **all** projects/AOS, regardless of funding source.

In all its activities within the scope of its airport program, the Contractor agrees to comply with pertinent statutes, Executive Orders, and such rules as identified in Title VI List of Pertinent Nondiscrimination Acts and Authorities to ensure that no person shall, on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance.

This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

The above provision binds the Contractor and subcontractors from the bid solicitation period through the completion of the contract.

A6 CIVIL RIGHTS

This provision is applicable to all projects/AOS, regardless of funding source.

The Phoenix Mesa Gateway Airport Authority, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 USC §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders or offerors that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and no businesses will be discriminated against on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in consideration for an award.

Title VI List of Pertinent Nondiscrimination Acts and Authorities
During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

- Title VI of the Civil Rights Act of 1964 (42 USC § 2000d *et seq*., 78 stat. 252) (prohibits discrimination on the basis of race, color, national origin);
- 49 CFR part 21 (Non-discrimination in Federally-Assisted programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964);
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 USC § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Section 504 of the Rehabilitation Act of 1973 (29 USC § 794 *et seq*.), as amended (prohibits discrimination on the basis of disability); and 49 CFR part 27 (Nondiscrimination on the Basis of Disability in Programs or Activities Receiving Federal Financial Assistance);
- The Age Discrimination Act of 1975, as amended (42 USC § 6101 *et seq*.) (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982 (49 USC § 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987 (PL 100-259) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act of 1990 (42 USC § 12101, et seq) (prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities) as implemented by U.S. Department of Transportation regulations at 49 CFR parts 37 and 38;
- The Federal Aviation Administration's Nondiscrimination statute (49 USC § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations);
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited

English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs [70 Fed. Reg. 74087 (2005)];

- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 USC § 1681, et seq).

Nondiscrimination Requirements/Title VI Clauses for Compliance

Compliance with Nondiscrimination Requirements:

During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor"), agrees as follows:

1. **Compliance with Regulations:** The Contractor (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.
2. **Nondiscrimination:** The Contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.
3. **Solicitations for Subcontracts, including Procurements of Materials and Equipment:** In all solicitations, either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Contractor of the contractor's obligations under this contract and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.
4. **Information and Reports:** The Contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Sponsor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the Contractor will so certify to the Sponsor or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.
5. **Sanctions for Noncompliance:** In the event of a Contractor's noncompliance with the non-discrimination provisions of this contract, the Sponsor will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:
    a. Withholding payments to the Contractor under the contract until the Contractor complies; and/or
    b. Cancelling, terminating, or suspending a contract, in whole or in part.
6. **Incorporation of Provisions:** The Contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations, and directives issued pursuant thereto. The Contractor will take action with respect to any subcontract or procurement as the Sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the Contractor may request the Sponsor to enter into any litigation to protect the interests of the Sponsor. In addition, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

A7 CLEAN AIR AND WATER POLLUTION CONTROL

Contractor agrees to comply with all applicable standards, orders, and regulations issued pursuant to the Clean Air Act (42 USC §§ 7401-7671q) and the Federal Water Pollution Control Act as amended (33 USC §§ 1251-1387). The Contractor agrees to report any violation to the Owner immediately upon discovery. The Owner assumes responsibility for notifying the Environmental Protection Agency (EPA) and the Federal Aviation Administration. Contractor must include this requirement in all subcontracts that exceed $150,000.

A8 CONTRACT WORKHOURS AND SAFETY STANDARDS ACT REQUIREMENTS

This provision is applicable if the Scope of Work to be performed in the AOS includes the Consultant to employ laborers, mechanics, guards, survey crews and drilling.

1. Overtime Requirements.
No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic, including watchmen and guards, in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

2. Violation; Liability for Unpaid Wages; Liquidated Damages.
In the event of any violation of the clause set forth in paragraph (1) of this clause, the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this clause, in the sum of $29 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this clause.

3. Withholding for Unpaid Wages and Liquidated Damages.
The Federal Aviation Administration (FAA) or the Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this clause.

4. Subcontractors.
The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraphs (1) through (4) and also a clause requiring the subcontractor to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this clause.

A9 COPELAND "ANTI-KICKBACK" ACT

This provision is applicable if the Scope of Work to be performed in the AOS includes tasks that meet the definition of construction, alternation, or repair.

Contractor must comply with the requirements of the Copeland "Anti-Kickback" Act (18 USC 874 and 40 USC 3145), as supplemented by Department of Labor regulation 29 CFR part 3. Contractor and subcontractors are prohibited from inducing, by any means, any person employed on the project to give up any part of the compensation

to which the employee is entitled. The Contractor and each Subcontractor must submit to the Owner, a weekly statement on the wages paid to each employee performing on covered work during the prior week. Owner must report any violations of the Act to the Federal Aviation Administration.

A10 DAVIS-BACON REQUIREMENTS

Davis Bacon Requirements are applicable if the Scope of Work to be performed in the AOS includes tasks that meet the definition of construction, alteration, or repair (as defined in 29 CFR Part 5).
Owner shall include the applicable Wage Determination in the AOS if this provision is required.

1. Minimum Wages.
(i) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalent thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can easily be seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:
(1) The work to be performed by the classification requested is not performed by a classification in the wage determination;
(2) The classification is utilized in the area by the construction industry; and
(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
(B) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.
(C) In the event the Contractor, the laborers, or mechanics to be employed in the classification, or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt

and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.
(D) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii) (B) or (C) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.
(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
(iv) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

2. Withholding. The Federal Aviation Administration or the Sponsor shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the Federal Aviation Administration may, after written notice to the Contractor, Sponsor, Applicant, or Owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

3. Payrolls and Basic Records.
(i) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker; his or her correct classification; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 1(b)(2)(B) of the Davis-Bacon Act); daily and weekly number of hours worked; deductions made; and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records that show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual costs incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.
(ii)(A) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Federal Aviation Administration if the agency is a party to the contract, but if the agency is not such a party, the Contractor will submit the payrolls to the applicant, Sponsor, or Owner, as the case may be, for transmission to the Federal Aviation Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR § 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (*e.g.,* the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division Web site at *https://www.dol.gov/agencies/whd/government-contracts/construction/payroll-certification* or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker and shall provide them upon request to the Federal Aviation Administration if the agency is a party to the contract, but if the agency is not such a party, the Contractor will submit them to the applicant, Sponsor, or Owner, as the case may be, for transmission to the Federal Aviation Administration, the Contractor, or the Wage and Hour Division of the Department of Labor for purposes of an

investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, Sponsor, or Owner).
(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:
(1) That the payroll for the payroll period contains the information required to be provided under 29 CFR § 5.5(a)(3)(ii), the appropriate information is being maintained under 29 CFR § 5.5 (a)(3)(i), and that such information is correct and complete;
(2) That each laborer and mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR Part 3;
(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.
(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (3)(ii)(B) of this section.
(D) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.
(iii) The Contractor or subcontractor shall make the records required under paragraph (3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Sponsor, the Federal Aviation Administration, or the Department of Labor and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the Contractor, Sponsor, applicant, or Owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR § 5.12.

4. Apprentices and Trainees.
(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the Contractor

will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
(ii) Trainees. Except as provided in 29 CFR § 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination that provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate that is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
(iii) Equal Employment Opportunity. The utilization of apprentices, trainees, and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

5. Compliance with Copeland Act Requirements.
The Contractor shall comply with the requirements of 29 CFR Part 3, which are incorporated by reference in this contract.

6. Subcontracts.
The Contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR §§ 5.5(a)(1) through (10) and such other clauses as the Federal Aviation Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR § 5.5.

7. Contract Termination: Debarment.
A breach of the contract clauses in paragraph 1 through 10 of this section may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR § 5.12.

8. Compliance with Davis-Bacon and Related Act Requirements.
All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

9. Disputes Concerning Labor Standards.
Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of Eligibility.
(i) By entering into this contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR § 5.12(a)(1).
(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR § 5.12(a)(1).
(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 USC § 1001.

A11 DEBARMENT AND SUSPENSION

CERTIFICATION OF OFFEROR/BIDDER REGARDING DEBARMENT

By submitting a bid/proposal under this solicitation, the bidder or offeror certifies that neither it nor its principals are presently debarred or suspended by any Federal department or agency from participation in this transaction.

CERTIFICATION OF LOWER TIER CONTRACTORS REGARDING DEBARMENT

The successful bidder, by administering each lower tier subcontract that exceeds $25,000 as a "covered transaction", must confirm each lower tier participant of a "covered transaction" under the project is not presently debarred or otherwise disqualified from participation in this federally-assisted project. The successful bidder will accomplish this by:

1. Checking the System for Award Management at website: http://www.sam.gov.
2. Collecting a certification statement similar to the Certification of Offeror /Bidder Regarding Debarment, above.
3. Inserting a clause or condition in the covered transaction with the lower tier contract.
   If the Federal Aviation Administration later determines that a lower tier participant failed to disclose to a higher tier participant that it was excluded or disqualified at the time it entered the covered transaction, the FAA may pursue any available remedies, including suspension and debarment of the non-compliant participant.

A12 DISADVANTAGED BUSINESS ENTERPRISE

The requirements of 49 CFR part 26 apply to this contract. It is the policy of the Phoenix Mesa Gateway Airport Authority to practice nondiscrimination based on race, color, sex, or national origin in the award or performance of this contract. The Owner encourages participation by all firms qualifying under this solicitation regardless of business size or ownership.

Contract Assurance
The Contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

1) Withholding monthly progress payments;
2) Assessing sanctions;
3) Liquidated damages; and/or
4) Disqualifying the Contractor from future bidding as non-responsible.

Prompt Payment
The prime contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than 30 days from the receipt of each payment the prime contractor receives from Phoenix Mesa Gateway Airport Authority. The prime contractor agrees further to return retainage payments to each subcontractor within 30 days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of the Phoenix Mesa Gateway Airport Authority. This clause applies to both DBE and non-DBE subcontractors.

See Section XXI of this Contract for additional information and requirements regarding DBE. Consultant agrees to all rules, policies, and requirements a set forth in these Contract documents and Exhibits.

A13 DISTRACTED DRIVING

TEXTING WHEN DRIVING

In accordance with Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving", (10/1/2009) and DOT Order 3902.10, "Text Messaging While Driving", (12/30/2009), the Federal Aviation Administration encourages recipients of Federal grant funds to adopt and enforce safety policies that decrease crashes by distracted drivers, including policies to ban text messaging while driving when performing work related to a grant or subgrant.
In support of this initiative, the Owner encourages the Contractor to promote policies and initiatives for its employees and other work personnel that decrease crashes by distracted drivers, including policies that ban text messaging while driving motor vehicles while performing work activities associated with the project. The Contractor must include the substance of this clause in all sub-tier contracts exceeding $10,000 that involve driving a motor vehicle in performance of work activities associated with the project.

A14 PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT

Contractor and Subcontractor agree to comply with mandatory standards and policies relating to use and procurement of certain telecommunications and video surveillance services or equipment in compliance with the National Defense Authorization Act [Public Law 115-232 § 889(f)(1)].

A15 DRUG FREE WORKPLACE REQUIREMENTS

Not Applicable.

A16 EQUAL EMPLOYEMENT OPPORTUNITY (EEO)

This provision is applicable if the Scope of Work to be performed in the AOS includes tasks that meet the definition of construction.

During the performance of this contract, the Contractor agrees as follows:

(1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identify, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff, or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or

charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The Contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the Contractor's commitments under this section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The Contractor will include the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

STANDARD FEDERAL EQUAL EMPLOYMENT OPPORTUNITY CONSTRUCTION CONTRACT SPECIFICATIONS

1. As used in these specifications:
   a. "Covered area" means the geographical area described in the solicitation from which this contract resulted;
   b. "Director" means Director, Office of Federal Contract Compliance Programs (OFCCP), U.S. Department of Labor, or any person to whom the Director delegates authority;
   c. "Employer identification number" means the Federal social security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941;
   d. "Minority" includes:
      (1) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
      (2) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race);
      (3) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and
      (4) American Indian or Alaskan native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

2. Whenever the Contractor, or any subcontractor at any tier, subcontracts a portion of the work involving any construction trade, it shall physically include in each subcontract in excess of $10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this contract resulted.

3. If the Contractor is participating (pursuant to 41 CFR part 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each contractor or subcontractor participating in an approved plan is individually required to comply with its obligations under the EEO clause and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other contractors or subcontractors toward a goal in an approved Plan does not excuse any covered contractor's or subcontractor's failure to take good faith efforts to achieve the Plan goals and timetables.

4. The Contractor shall implement the specific affirmative action standards provided in paragraphs 7a through 7p of these specifications. The goals set forth in the solicitation from which this contract resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. Covered construction contractors performing construction work in a geographical areas where they do not have a Federal or federally assisted construction contract shall apply the minority and female goals established for the geographical area where the work is being performed. Goals are published periodically in the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from Federal procurement contracting officers. The Contractor is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.

5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor's obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.

6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.

7. The Contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:

a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each construction project. The Contractor shall specifically ensure that all foremen, superintendents, and other onsite supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.
b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.
c. Maintain a current file of the names, addresses, and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source, or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.
d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.

e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under 7b above.

f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.

g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination, or other employment decisions including specific review of these items with onsite supervisory personnel such superintendents, general foremen, etc., prior to the initiation of construction work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Contractor's EEO policy with other contractors and subcontractors with whom the Contractor does or anticipates doing business.

i. Direct its recruitment efforts, both oral and written, to minority, female, and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.

j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer, and vacation employment to minority and female youth both on the site and in other areas of a contractor's work force.

k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR part 60-3.

l. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel, for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.

m. Ensure that seniority practices, job classifications, work assignments, and other personnel practices do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations under these specifications are being carried out.

n. Ensure that all facilities and company activities are nonsegregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.

p. Conduct a review, at least annually, of all supervisor's adherence to and performance under the Contractor's EEO policies and affirmative action obligations.

8. Contractors are encouraged to participate in voluntary associations, which assist in fulfilling one or more of their affirmative action obligations (7a through 7p). The efforts of a contractor association, joint contractor-union, contractor-community, or other similar group of which the Contractor is a member and participant may be asserted as fulfilling any one or more of its obligations under 7a through 7p of these specifications provided that the Contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female workforce participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf

of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.

9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation of the Executive Order if a specific minority group of women is underutilized).

10. The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, sexual orientation, gender identity, or national origin.

11. The Contractor shall not enter into any subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.

12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination, and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations, by the Office of Federal Contract Compliance Programs. Any contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.

13. The Contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph 7 of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR part 60-4.8.

14. The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government, and to keep records. Records shall at least include for each employee, the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, contractors shall not be required to maintain separate records.

15. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g. those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

A17 FEDERAL FAIR LABOR STANDARDS ACT (FEDERAL MINIMUM WAGE)

All contracts and subcontracts that result from this solicitation incorporate by reference the provisions of 29 CFR part 201, et seq, the Federal Fair Labor Standards Act (FLSA), with the same force and effect as if given in full text. The FLSA sets minimum wage, overtime pay, recordkeeping, and child labor standards for full and part-time workers.

The Consultant has full responsibility to monitor compliance to the referenced statute or regulation. The Consultant must address any claims or disputes that arise from this requirement directly with the U.S. Department of Labor – Wage and Hour Division.

A18 LOBBYING AND INFLUENCING FEDERAL EMPLOYEES

The Bidder or Offeror certifies by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the Bidder or Offeror, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
(3) The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

A19 PROHIBITION of SEGREGATED FACILITIES

This provision is applicable if the Scope of Work to be performed in the AOS includes tasks that meet the definition of construction work as defined by 41 CFR part 60-1.

(a) The Contractor agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The Contractor agrees that a breach of this clause is a violation of the Equal Employment Opportunity clause in this contract.

(b) "Segregated facilities," as used in this clause, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin because of written or oral policies or employee custom. The term does not include separate or single-user rest rooms or necessary dressing or sleeping areas provided to assure privacy between the sexes.

(c) The Contractor shall include this clause in every subcontract and purchase order that is subject to the Equal Employment Opportunity clause of this contract.

A20 OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970

All contracts and subcontracts that result from this solicitation incorporate by reference the requirements of 29 CFR Part 1910 with the same force and effect as if given in full text. The employer must provide a work environment that is free from recognized hazards that may cause death or serious physical harm to the employee. The employer retains full responsibility to monitor its compliance and their subcontractor's compliance with the applicable requirements of the Occupational Safety and Health Act of 1970 (29 CFR Part 1910). The employer must address any claims or disputes that pertain to a referenced requirement directly with the U.S. Department of Labor – Occupational Safety and Health Administration.

A21 PROCUREMENT OF RECOVERED MATERIALS

Contractor and subcontractor agree to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, and the regulatory provisions of 40 CFR Part 247. In the performance of this contract and to the extent practicable, the Contractor and subcontractors are to use products containing the highest percentage of recovered materials for items designated by the Environmental Protection Agency (EPA) under 40 CFR Part 247 whenever:

a) The contract requires procurement of $10,000 or more of a designated item during the fiscal year; or
b) The contractor has procured $10,000 or more of a designated item using Federal funding during the previous fiscal year.

The list of EPA-designated items is available at www.epa.gov/smm/comprehensive-procurement-guidelines-construction-products.
Section 6002(c) establishes exceptions to the preference for recovery of EPA-designated products if the contractor can demonstrate the item is:

a) Not reasonably available within a timeframe providing for compliance with the contract performance schedule;
b) Fails to meet reasonable contract performance requirements; or
c) Is only available at an unreasonable price.

A22 RIGHT TO INVENTIONS

This provision applies to all contracts and subcontracts with small business firms or nonprofit organizations that include performance of *experimental, developmental, or research work only*.

Contracts or agreements that include the performance of experimental, developmental, or research work must provide for the rights of the Federal Government and the Owner in any resulting invention as established by 37 CFR part 401, Rights to Inventions Made by Non-profit Organizations and Small Business Firms under Government Grants, Contracts, and Cooperative Agreements. This contract incorporates by reference the patent and inventions rights as specified within 37 CFR § 401.14. Contractor must include this requirement in all sub-tier contracts involving experimental, developmental, or research work.

A23 SEISMIC SAFETY

This provision is applicable if the Scope of Work to be performed in the AOS involves the design and/or construction of a new building(s) or structural addition to an existing building(s).

In the performance of design services, the Consultant agrees to furnish a building design and associated construction specification that conform to a building code standard that provides a level of seismic safety substantially equivalent to standards as established by the National Earthquake Hazards Reduction Program (NEHRP). Local building codes that model their building code after the current version of the International Building Code (IBC) meet the NEHRP equivalency level for seismic safety. At the conclusion of the design services, the Consultant agrees to furnish the Owner a "certification of compliance" that attests conformance of the building design and the construction specifications with the seismic standards of NEHRP or an equivalent building code.

A24 TAX DELINQUENCY AND FELONY CONVICTIONS

Consultant has completed and submitted the following certification statements under the Owners solicitation and has indicated its current status as it relates to tax delinquency and felony conviction by inserting a checkmark (✓) in the space following the applicable response. The applicant agrees that, if awarded a contract resulting from the solicitation, it will incorporate this provision for certification in all lower tier subcontracts.

The clause is stated again below for inclusion in this section.

Certifications

a) The applicant represents that it is ( ) is not ( ) a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.
b) The applicant represents that it is ( ) is not ( ) a corporation that was convicted of a criminal violation under any Federal law within the preceding 24 months.

Note

If an applicant responds in the affirmative to either of the above representations, the applicant is ineligible to receive an award unless the Sponsor has received notification from the agency suspension and debarment official (SDO) that the SDO has considered suspension or debarment and determined that further action is not required to protect the Government's interests. The applicant therefore must provide information to the owner about its tax liability or conviction to the Owner, who will then notify the FAA Airports District Office, which will then notify the agency's SDO to facilitate completion of the required considerations before award decisions are made.

Term Definitions

Felony conviction: Felony conviction means a conviction within the preceding twenty four (24) months of a felony criminal violation under any Federal law and includes conviction of an offense defined in a section of the U.S. Code that specifically classifies the offense as a felony and conviction of an offense that is classified as a felony under 18 USC § 3559.

Tax Delinquency: A tax delinquency is any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.

A25 TERMINATION OF CONTRACT

Termination for Cause

Either party may terminate this Agreement for cause if the other party fails to fulfill its obligations that are essential to the completion of the work per the terms and conditions of the Agreement. The party initiating the termination action must allow the breaching party an opportunity to dispute or cure the breach.

The terminating party must provide the breaching party at least 7 days advance written notice of its intent to terminate the Agreement. The notice must specify the nature and extent of the breach, the conditions necessary to cure the breach, and the effective date of the termination action. The rights and remedies in this clause are in addition to any other rights and remedies provided by law or under this agreement.

a) **Termination by Owner**: The Owner may terminate this Agreement for cause in whole or in part, for the failure of the Consultant to:
   1. Perform the services within the time specified in this contract or by Owner approved extension;
   2. Make adequate progress so as to endanger satisfactory performance of the Project; or
   3. Fulfill the obligations of the Agreement that are essential to the completion of the Project.

   Upon receipt of the notice of termination, the Consultant must immediately discontinue all services affected unless the notice directs otherwise. Upon termination of the Agreement, the Consultant must deliver to the Owner all data, surveys, models, drawings, specifications, reports, maps, photographs, estimates, summaries, and other documents and materials prepared by the Engineer under this contract, whether complete or partially complete.

   Owner agrees to make just and equitable compensation to the Consultant for satisfactory work completed up through the date the Consultant receives the termination notice. Compensation will not include anticipated profit on non-performed services.

If, after finalization of the termination action, the Owner determines the Consultant was not in default of the Agreement, the rights and obligations of the parties shall be the same as if the Owner issued the termination for the convenience of the Owner.

b) **Termination by Consultant**: The Consultant may terminate this Agreement for cause in whole or in part, if the Owner:
   1. Defaults on its obligations under this Agreement;
   2. Fails to make payment to the Consultant in accordance with the terms of this Agreement;
   3. Suspends the project for more than 180 days due to reasons beyond the control of the Consultant.

   Upon receipt of a notice of termination from the Consultant, Owner agrees to cooperate with Consultant for the purpose of terminating the agreement or portion thereof, by mutual consent. If Owner and Consultant cannot reach mutual agreement on the termination settlement, the Consultant may, without prejudice to any rights and remedies it may have, proceed with terminating all or parts of this Agreement based upon the Owner's breach of the contract.

   In the event of termination due to Owner breach, the Consultant is entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all justified, and approved by Owner, reimbursable expenses incurred by the Consultant through the effective date of termination action.

Termination for Convenience

This Contract may be terminated at any time by mutual written consent or by Owner - with or without cause - provided the terminating party gives fourteen (14) calendar days' advance written notice to the other party. Owner may terminate this Contract, in whole or in part, for Owner's convenience and with fourteen (14) days' written notice. If this Contract is terminated, then Owner is liable only for services rendered and material received, certified, and approved by Owner under the Contract before the termination effective date.

Each payment obligation of Owner created hereby is conditioned on the availability of Owner, state, or federal funds appropriated for payment of the obligation. If funds are not available or allocated by Owner for continuance of service under this Contract, then Owner may terminate the Contract. Owner shall promptly notify Consultant regarding the service that may be affected by a shortage of funds. No penalty accrues to Owner if this provision is exercised, and Owner shall not be liable for any future payments due or for any damages as a result of termination under this paragraph.

Upon termination of the Contract, the Consultant must deliver to PMGAA all data, surveys, models, drawings, specifications, reports, maps, photographs, estimates, summaries, and other documents and materials prepared by Owner, its Engineer, Architect, or representative, under this contract, whether complete or partially complete.

A26 TRADE RESTRICTION CERTIFICATION

By submission of an offer, the Offeror certifies that with respect to this solicitation and any resultant contract, the Offeror –

1) is not owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms as published by the Office of the United States Trade Representative (USTR);
2) has not knowingly entered into any contract or subcontract for this project with a person that is a citizen or national of a foreign country included on the list of countries that discriminate against U.S. firms as published by the USTR; and
3) has not entered into any subcontract for any product to be used on the Federal project that is produced in a foreign country included on the list of countries that discriminate against U.S. firms published by the USTR.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18 USC § 1001.

The Offeror/Contractor must provide immediate written notice to the Owner if the Offeror/Contractor learns that its certification or that of a subcontractor was erroneous when submitted or has become erroneous by reason of changed circumstances. The Contractor must require subcontractors provide immediate written notice to the Contractor if at any time it learns that its certification was erroneous by reason of changed circumstances.
Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR § 30.17, no contract shall be awarded to an Offeror or subcontractor:

1) who is owned or controlled by one or more citizens or nationals of a foreign country included on the list of countries that discriminate against U.S. firms published by the USTR; or
2) whose subcontractors are owned or controlled by one or more citizens or nationals of a foreign country on such USTR list; or
3) who incorporates in the public works project any product of a foreign country on such USTR list.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of a contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

The Offeror agrees that, if awarded a contract resulting from this solicitation, it will incorporate this provision for certification without modification in all lower tier subcontracts. The Contractor may rely on the certification of a prospective subcontractor that it is not a firm from a foreign country included on the list of countries that discriminate against U.S. firms as published by USTR, unless the Offeror has knowledge that the certification is erroneous.

This certification is a material representation of fact upon which reliance was placed when making an award. If it is later determined that the Contractor or subcontractor knowingly rendered an erroneous certification, the Federal Aviation Administration (FAA) may direct through the Owner cancellation of the contract or subcontract for default at no cost to the Owner or the FAA.

A27 VETERAN'S PREFERENCE

In the employment of labor (excluding executive, administrative, and supervisory positions), the Contractor and all sub-tier contractors must give preference to covered veterans as defined within Title 49 United States Code Section 47112. Covered veterans include Vietnam-era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns (as defined by 15 USC § 632) owned and controlled by disabled veterans. This preference only applies when there are covered veterans readily available and qualified to perform the work to which the employment relates.

A28 DOMESTIC PREFERENCES FOR PROCUREMENTS

CERTIFICATION REGARDING DOMESTIC PREFERENCES FOR PROCUREMENTS

The Bidder or Offeror certifies by signing and submitting this bid or proposal that, to the greatest extent practicable, the Bidder or Offeror has provided a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including, but not limited to, iron, aluminum, steel, cement, and other manufactured products) in compliance with 2 CFR § 200.322.

EXHIBIT F- SUBCONTRACTING AND DBE OUTREACH FORMS

Consultant shall submit the following Attachments at time Consultant submits it's fee proposal for **each** AOS that is federally funded:

Attachment(s) A – Subcontracting and Outreach Efforts Summary
Attachment(s) B – Letter of Intent to Perform as a Subcontractor

ATTACHMENT A
SUBCONTRACTING AND OUTREACH EFFORTS SUMMARY

Submit: **Prior to AOS award for each subcontracting opportunity identified** **(even if it did not result in a subcontract)**
Completed By: **Prime Consultant**

NAME OF CONSULTANT: _____ **PROJECT DESCRIPTION:** _____

Scope of Work That May Be Subcontracted	NAICS Code(s) for Scope

FIRMS CONTACTED	NOTES / OUTCOME	DBE (Y/N)	SBE (Y/N)	SELECTED (Y/N)

THIS FORM SHALL NOT RELEASE CONSULTANT FROM PROVIDING DETAILED DOCUMENTATION OF OUTREACH EFFORTS AS SPECIFIED IN THE CONTRACT

1. **CONSULTANT SHALL COMPLETE THIS FORM TO SUMMARIZE THEIR OUTREACH EFFORTS FOR EACH SCOPE OF WORK OPPORTUNITY IDENTIFIED TO SUBCONTRACT (A SEPARATE FORM IS REQUIRED FOR EACH TYPE/SCOPE OF WORK) MAKE COPIES OF THIS FORM AS NECESSARY. EXPAND TEXT BOXES OR ATTACH INFORMATION AS NEEDED.**

Consultant Hereby affirms that the above information, as well as the detailed documentation submitted regarding Consultant's outreach efforts, is true and complete to the best of Consultant's knowledge.

Further, Consultant hereby affirms that the Consultant will enter into a formal agreement with the identified selected subcontractors/suppliers listed herein conditioned upon the execution of a contract with the Phoenix-Mesa Gateway Airport Authority.

OVER FOR INSTRUCTIONS

PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
CERTIFICATION OF PROMPT PAYMENT TO SUBCONTRACTORS

INSTRUCTIONS

Prime Consultant or Subcontractor will prepare a form for each Subcontractor being paid from each Airport payment for services when the Subcontractor is being paid. The amount paid to each Subcontractor should match the amount earned less any retention held on a pay application as shown on Attachment C.

The date documented by the Prime Consultant or Subcontractor must be the date a check is issued or that an Electronic Fund Transfer is completed as payment to the Subcontractor. This must be in conformance with State and Federal prompt payment regulations per the contract.

The authorized Prime Consultant or Subcontractor must sign and certify the accuracy of the information on this Attachment E and send it to the Subcontractor.

The Subcontractor must document the amount of payment received and the date payment from the Prime Consultant or Subcontractor was received. The authorized Subcontractor representative must sign and certify accuracy of the information.

The Subcontractor must email a scan of the record to the Airport within five (5) days of receipt of the Prime Consultant or Subcontractor payment. Airport contact information is as follows:

PromptPayment@gatewayairport.com

The Subcontractor should also copy the Prime Consultant or Subcontractor on the record.

The Prime Consultant and Subcontractor must retain the payment records and evidence of compliance for three years following completion of the contract.

FOR QUESTIONS ON COMPLETING THIS FORM, PLEASE CONTACT THE PHOENIX-MESA GATEWAY AIRPORT AUTHORITY AT (480) 988-7628.

Subcontractors may file complaints on alleged violations of the Prompt Payment standards by contacting the Airport Project Manager or Airport Staff at the number noted above.

EXHIBIT H – CONSULTANT'S DBE PERFORMANCE PLAN

PMGAA and Consultant acknowledge that certain projects may be funded with Federal funds and Consultant's approved DBE Performance Plan submitted under PMGAA's solicitation 2024-005-RFQ is hereby incorporated into the Contract and will be utilized by Consultant throughout the duration of each federally funded project.

EXHIBIT I – CONSULTANT'S RFQ SUBMITTAL

Consultant's Statement of Qualifications in response to Phoenix-Mesa Gateway Airport Authority's Solicitation 2024-005-RFQ dated October 12, 2023, is hereby incorporated into the Contract and made part of this Contract.

Phoenix-Mesa Gateway Airport Authority, a joint powers airport authority authorized by the State of Arizona ("PMGAA") desires performance of the services more fully described in this **Contract Number 20240077** ("Contract") and the attached exhibits. Olsson, Inc., a Nebraska Corporation ("Consultant"), with its principal offices located at 6437 West Chandler Boulevard, Suite 1, Chandler, Arizona, 85226, desires to perform these services.

Recitals

A. PMGAA requires the services as described in this Contract, including any and all exhibits and amendments, and Consultant is willing to provide these and other services under this Contract; and

B. PMGAA desires to contract with Consultant to provide services as noted herein.

Now therefore, in consideration of the recitals and the mutual covenants set forth below, PMGAA and Consultant agree as follows.

SECTION I – CONSULTANT SERVICES

The services to be performed by Consultant are specified in this Contract. PMGAA will not pay Consultant for any services that have not been authorized under the Contract. There is no guarantee of a minimum purchase of services.

The anticipated services to be provided by Consultant under to this Contract shall generally include, but not be limited to, the following: On-Call Engineering Services, as more specifically described in Consultant's detailed scope of work attached as **EXHIBIT A**, "Scope of Services & Fee Schedule."

PMGAA's authorized representative shall be the PMGAA Director of Engineering and Facilities or his/her duly authorized representative, and that he/she shall be the sole contact for administering this Contract.

All services provided by Consultant under this Contract must be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances in Arizona. Consultant makes no other warranty, expressed or implied.

SECTION II – PMGAA RESPONSIBILITIES

PMGAA shall furnish Consultant, at no cost to Consultant, the following information or services for this Contract:

A. Access to copies of readily available maps, records, as-built drawings, benchmarks or other data pertinent to work assignments affiliated with this Contract. This does not, however, relieve Consultant of the responsibility of searching records for additional information, for requesting specific information or for verification of that information provided. PMGAA does not warrant the accuracy or comprehensiveness of any information or documents provided to Consultant.

B. In PMGAA's discretion and upon Consultant's reasonable request, access to staff for consultation with Consultant during the performance of this contract in order to identify the problems, needs, and other functional aspects of the work.

C. Prompt review of and feedback on Consultant's deliverables. PMGAA will advise Consultant concerning progress of PMGAA's review of the work, as needed.

SECTION III - PERIOD OF SERVICE

Consultant shall complete all work in accordance with the provisions of this Contract as amended.

All work initiated under this Contract must have an Authorization of Services issued against this Contract and fully executed, by both parties, on or before the expiration date of the Contract.

This Contract shall commence on December 20, 2023 and ends on December 19, 2026 ("Base Term"), unless terminated, canceled or extended as provided in this Contract. This Contract has two (2) optional one-year extensions that PMGAA may exercise at its sole discretion. Prior to the expiration of the Contract Base Term, PMGAA may elect to extend the Contract. If PMGAA exercises such right, all terms, conditions and provisions of the original Contract shall remain the same and apply during the extended period, with the possible exception of fees, as provided for in Exhibit A. Any extension of this Contract shall require an Amendment signed by both parties.

Consultant shall commence its services within seven (7) days of the written authorization by PMGAA. Consultant shall perform its services in a diligent manner and in accordance with this Contract.

SECTION IV – KEY PERSONNEL

The Consultant itself shall provide all services to be performed under this Contract. If Sub-Consultants are required by Consultant to perform any services listed under this contract, Consultant shall notify PMGAA prior to authorizing work by said Sub-Consultants. PMGAA may, at its sole discretion, accept or reject proposed Sub-Consultants.

SECTION V - PAYMENTS TO THE CONSULTANT

Consultant will be paid for work performed under this Contract plus any adjustments that have been approved in writing by PMGAA in accordance with the Phoenix-Mesa Gateway Airport Authority Procurement Policy. Payments will be made for the actual hours worked and/or other costs incurred or provided for in accordance with **EXHIBIT B**, "Compensation."

All services to be rendered by Consultant are subject to the terms of **EXHIBIT B**, "Compensation" attached hereto.

PMGAA does not guarantee any minimum or maximum fee during the Term of this Contract, and Consultant, in executing this Contract, shall not anticipate or require any minimum or maximum fee.

PMGAA shall pay Consultant in agreed upon installments for services authorized and rendered under this Contract at the completion of each work assignment, provided Consultant has satisfactorily completed the requested work. If any such work requires time in excess of 30 calendar days to complete, progress payment(s) may be made on invoices certified and approved by PMGAA.

SECTION VI - ALTERATION IN SCOPE OF SERVICES

For any alteration in the Scope of Services that would materially increase or decrease the Contract fee, the parties shall negotiate an amendment to the Contract to be executed by PMGAA and Consultant. No work shall commence on any amendment or change until the amendment has been approved by PMGAA and Consultant has been notified to proceed by PMGAA. No claim for extra work done or materials furnished by Consultant will be allowed by PMGAA, except as provided herein, nor shall Consultant do any work or furnish any materials not covered by this Contract unless the work is first authorized in writing by PMGAA and the change complies with PMGAA's Procurement Policy. Any work or materials furnished by Consultant without advance, written authorization will be at Consultant's own risk, cost, and expense. Without written authorization, Consultant shall make no claim for compensation for such work or materials furnished.

SECTION VII - WORK ASSIGNMENT COMPLETION

If, during the Term of this Contract, situations arise which prevent work completion within the allotted time, PMGAA may grant an appropriate time extension.

SECTION VIII - OWNERSHIP OF DOCUMENTS

Any documents, including all electronic copies thereof, prepared under or as a result of this Contract, shall be the property of PMGAA. To the extent necessary to effectuate such ownership, Consultant hereby assigns all right, title and interests to such documents to PMGAA. Consultant shall execute any separate agreements or documents, if any, which may be necessary to implement the terms of this Section.

All of Consultant's documents prepared under this Contract, including electronic files, are instruments of service. All of these documents become the property of PMGAA upon completion of the services and payment in full to Consultant. PMGAA may reuse or modify the documents, as it deems necessary, without Consultant's prior written authorization. PMGAA shall indemnify and hold harmless Consultant, its officers, directors, employees and subconsultants (collectively, the "Consultant") against any and all damages, liabilities or costs arising from PMGAA's modification of documents produced by Consultant under this Contract unless Consultant authorizes the modification in writing.

SECTION IX - COMPLIANCE WITH LAWS

Consultant shall comply with all federal, state and local laws, local ordinances and regulations throughout the Term.

Consultant's signature on this Contract certifies compliance with the provisions of the I-9 requirements of the *Immigration Reform and Control Act of 1986* for all personnel that Consultant and any Subcontractors employ to complete any work assignment.

PMGAA shall administer this Contract in accordance with PMGAA's Procurement Policy.

SECTION X - GENERAL CONSIDERATIONS

A. The failure of either party to enforce any of the provisions of this Contract or require performance of the other party of any of the provisions hereof shall not be construed to be a waiver of the provisions, nor shall it affect the validity of this Contract or the right of either party to enforce each and every provision.

B. The fact that PMGAA has accepted or approved Consultant's work shall in no way relieve Consultant of responsibility for the work under this Contract.

C. This Contract shall be governed by the laws of the state of Arizona, both as to interpretation and performance. Any action at law, suit in equity, or judicial proceeding for the enforcement of this Contract, or any provision thereof, shall be instituted only in the courts of the state of Arizona.

D. All exhibits to this Contract and any amendments to the Contract are incorporated into it.

SECTION XI - NO KICK-BACK CERTIFICATION

Consultant warrants that no person has been employed or retained to solicit or secure this Contract upon any agreement or understanding for a commission, percentage, brokerage, or contingent fee and that no member of the PMGAA Board of Directors or any employee of PMGAA has any interest, financially or otherwise, in Consultant's firm.

For breach or violation of this warranty, PMGAA may annul this Contract without liability.

SECTION XII – SUSPENSION OF SERVICES

Consultant shall, within five (5) business days upon receiving written notice from PMGAA, suspend, delay, or interrupt all or a part of the Scope of Services. Consultant shall resume the Scope of Services within five (5) business days of receiving written notice from PMGAA.

SECTION XIII – TIMES OF PAYMENTS

Consultant shall submit periodic invoices for any unbilled portion of the services actually completed. PMGAA shall review, certify, and approve or reject each invoice in whole or in part. PMGAA shall pay each approved invoice within 30 calendar days of the date that PMGAA approves the invoice.

SECTION XIV – TIMELY REVIEW

PMGAA will review Consultant's studies, reports, proposals, and other related documents and render any decisions required by Consultant in a timely manner. Notwithstanding these reviews, Consultant remains solely responsible for all of its deliverables and services under this Contract. By PMGAA's reviews, PMGAA does not assume any liability for or retained control over Consultant's work or Consultant's responsibility for the safety of its employees.

SECTION XV – DISPUTE RESOLUTION

All disputes between PMGAA and Consultant arising out of or relating to this Contract will be subject to the Dispute Resolution provisions as set forth in **EXHIBIT D**, "PMGAA Standard Terms and Conditions", attached hereto and incorporated herein by reference.

PMGAA and Consultant shall include a similar dispute resolution provision in all agreements with other contractors and consultants retained for the Project and shall require all other independent contractors and consultants to include a similar dispute resolution provision in all agreements with subcontractors, subconsultants, suppliers or fabricators retained by them.

SECTION XVI - LIABILITY OF CONSULTANT

To the fullest extent permitted by law, Consultant shall defend, save, indemnify, and hold harmless PMGAA, its member governments, departments, officers, employees, and agents from and against damages arising out of any act, error, or omission of Consultant relating to its services under this Contract.

SECTION XVII - LAWS AND REGULATIONS

All federal, state, and local laws and regulations that relate to Consultant's services apply to Consultant's performance of this Contract throughout. These laws and regulations are deemed included in this Contract the same as though written

out in full, especially the current applicable Federal Aviation Administration (FAA) rules and regulations associated with airport projects; pertinent Airport engineering standards; and local rules, regulations, and industry standards.

SECTION XVIII – ARCHAEOLOGICAL RESOURCE PROTECTION

While performing services under this Contract, Consultant may encounter a known or unknown archaeological site located at the Airport. If Consultant encounters what it believes to be an archaeological site, Consultant shall immediately notify PMGAA of the site's location and take all reasonable precautions to protect and preserve the site until PMGAA otherwise directs.

SECTION XIX – INSURANCE REQUIREMENTS FOR PROFESSIONAL SERVICES CONTRACTS

A. Consultant shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Consultant, its agents, representatives, or employees.

B. All insurance policies required by this Contact, except *Workers Compensation* and *Professional Liability*, shall name PMGAA, its agents, representatives, officers, directors, officials and employees as Additional Insured.

C. Minimum Scope and Limits of Insurance. Coverage shall be at least as broad as:

   i. Professional Liability (Errors and Omissions): Insurance appropriate to the Consultant's profession, with limit no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate.
   ii. Commercial General Liability: Insurance Services Office Form CG 00 01 covering Bodily Injury and Property Damage on an "occurrence" basis, including personal & advertising injury with limits no less than $1,000,000 per occurrence, $2,000,000 General Aggregate.
   iii. Auto Liability: ISO Form CA 00 01 covering any auto (Symbol 1), or if Consultant has no owned autos, hired, (Symbol 8) and non-owned autos (Symbol 9), with limit no less than $1,000,000 Combined Single limit per accident for bodily injury and property damage ($5,000,000 if operating in the Air Operations Area of the Airport).
   iv. Workers' Compensation: Statutory Limits as required by the state of Arizona, and Employer's Liability Insurance with limit of no less than $1,000,000 per accident for bodily injury or disease.

D. If the Consultant maintains higher limits than the minimums shown above, PMGAA requires and shall be entitled to coverage for the higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to PMGAA.

E. Additional insurance provisions.

   The insurance policies shall provide, or be endorsed to include:

   i. Notice of Cancellation: Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to PMGAA.

   ii. Waiver of Subrogation: Consultant waives any right to subrogation. Consultant shall obtain an endorsement necessary to affect this waiver of subrogation from the insurer for all lines of coverage required by this Contract.

   iii. Primary Coverage: For all claims related to this Contract, all of Consultant's insurance policies will be primary and non-contributory. Any insurance or self-insurance maintained by PMGAA, its officers, officials, employees, or volunteers will be in excess of Consultant's insurance and will not contribute with it.

   iv. Deductibles and Self-Insured Retentions: Any deductibles or self-insured retentions must be declared to and approved by the PMGAA. PMGAA may require the Consultant to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

   v. Acceptability of Insurers: Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A, VII, unless otherwise acceptable to PMGAA.

   vi. Claims Made Policies: No Claims Made policies (other than Professional Liability) will be accepted.

For policies that provide claims-made coverage:

a) The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.

b) Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract of work.

c) If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of five (5) years after completion of work.

vii. Verification of Coverage: Consultant shall furnish PMGAA with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by PMGAA before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Consultant's obligation to provide the required insurance. PMGAA reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

viii. Subcontractors: Consultant shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Consultant shall ensure that PMGAA is an additional insured on insurance required from subcontractors.

ix. Special Risks or Circumstances: PMGAA reserves the right to modify these requirements, including limits, based on the nature of the risk, scope of services, prior experience, insurer, coverage, or other special circumstances.

SECTION XX – NOTICES

Any notice, report or information which may be or is required to be given under this Contract will be in writing and shall be sent by registered or certified mail, return receipt requested, postage prepaid, addressed as follows:

TO PMGAA: Phoenix-Mesa Gateway Airport Authority
Attn: Director of Engineering and Facilities
5835 South Sossaman Road
Mesa, Arizona 85212

TO CONSULTANT: Olsson, Inc.
Attn: Kim Wheeler
6437 W. Chandler Boulevard, Suite 1
Chandler, AZ 85226

or to such other person(s) or address(es) as any such Party may designate from time to time by notice to the other Parties in accordance with this Section.

SECTION XXI – DISADVANTAGED BUSINESS ENTERPRISE

A. The requirements of 49 CFR Part 26, regulations of the U.S. Department of Transportation, applies to this Contract for all federally funded projects/work. It is the policy of the Phoenix-Mesa Gateway Airport Authority to practice nondiscrimination based on race, color, sex, or national origin in the award or performance of this contract.

B. PMGAA encourages the use of DBEs and other small businesses in the performance of this opportunity. While only DBE certified firms will count towards PMGAA's overall program goal, utilization of small

business is encouraged. In order to be counted toward PMGAA's overall DBE program goal, a business must be certified as a DBE by a certifying agency within the Arizona UCP.

C. Consultant's DBE Performance Plan (DBEPP)
Consultant shall utilize its DBEPP as submitted under solicitation 2024-005-RFQ, throughout the duration of the federally funded project(s)/Contract. Failure to fulfill the plan's terms and the plan's intent, shall be a material breach of the contract.

D. Subcontracts for Federally Funded Projects

i. Consultant is required to include the required clauses and obtain the required certifications, as provided for in Exhibit E, Federal Contract Provisions, in all subcontracts or agreements it enters into, and all lower tier subcontracts and agreements, as a result of this contract, regardless of whether or not the subcontractor is a DBE.
ii. Consultant is required to make available to PMGAA, a copy of all subcontracts, regardless of whether or not the subcontractors are DBEs, prior to any commencement of work by any of Consultant's subcontractors. The Consultant shall ensure that all subcontracts or agreements to supply labor or materials be performed in accordance with this part's provisions.

E. Required Outreach Documentation
The following documentation is required, prior to the execution of each Authorization of Services (AOS) that is federally funded under this Contract, to demonstrate that sufficient outreach efforts have been made to engage DBE subcontractors in the performance of this contract:

i. Detailed evidence that the Consultant's DBE Performance Plan (DBEPP), as submitted under solicitation 2024-005-RFQ, was and will continue to be utilized in obtaining DBE participation for the scope of work under the AOS. This should include such things as the following, depending on the Consultant's DBEPP:
   a) Copy of notifications sent to DBE firms of subcontracting opportunities
   b) Documentation of each DBE firms contacted and their response or other action taken as a result of the contact.
   c) Documentation of bid responses and/or quotes from all subcontractors who bid to perform work on the project in the areas that DBE firms were also bidding on, including information regarding the reasons why DBE bids were not considered or chosen if applicable).
   d) Dates and times of outreach events held and a list of attendees.

The following are examples of factors that are illustrative of whether or not the Consultant implemented its DBEPP in good faith:
   a) The number of contacts attempted or made with DBE firms that perform in trade areas where subcontracting work was identified.
   b) The timeliness of contacts made with DBE firms so as to allow the firms a reasonable amount of time to respond
   c) Attempts made to break down portions of the project into economically feasible units to facilitate DBE participation.
   d) Whether the bidder negotiated in good faith with interested DBEs and did not reject a bid as unqualified without sound reason.

ii. **Attachment A**: Subcontracting and Outreach Efforts Summary.

The Consultants' proposed subcontracting and summary of outreach efforts form (Attachment A) must reflect the scope of work that was identified to be potentially subcontracted and the result of the outreach efforts conducted by the Consultant for each scope of work. The Consultant shall clearly list the scope of work to be subcontracted. Consultant must complete one Attachment A for each scope of work (NAICS or group of NAICS codes) that has been identified to potentially be subcontracted.
Note: It is the responsibility of the Consultant to ensure that the scope of work to be performed by the subcontractor(s) is consistent with the area in which the firm is qualified, and in the case of a DBE subcontractor, that the firm has been granted DBE certification. The Consultant can confirm what

NAICS code(s) a DBE is certified for by visiting: https://utracs.azdot.gov/ **DBE scopes of work listed on the form that fall outside the trade or performance area in which a DBE has been granted certification shall not be counted as work subcontracted to a DBE firm.** If there are questions, the Consultant should contact the Phoenix-Mesa Gateway Airport Authority Procurement Department for verification. Owner reserves the right to validate information on the form with the DBE subcontractor and/or other certifying entities or licensing agents as part of the verification process.

iii. **Attachment B**: Letter of Intent to Perform as a Subcontractor/Supplier.

a) The dollar value and the scope of work **every** subcontractor, regardless of DBE/SBE status, is bidding to perform must be completed in full on the form.

b) For scopes of work where a total contract amount cannot be determined, the Letter of Intent to Perform as a Subcontractor/Supplier should reflect the minimum amount agreed upon between the Consultant and the subcontractor that will be paid to the subcontractor. When the form contains scopes of work where all of the dollars that will be paid to a DBE cannot be counted towards achieving the DBE program goal, the form should reflect the amount that is applicable to the program goal.

F. DBE Participation Calculation

i. **Subcontracts with DBE Firms:** DBE participation on the contract will be calculated based on that portion (dollar value) of the contract that DBEs actually perform with their own forces. This includes the cost of supplies and materials obtained by the DBE for the work on the contract, ***except*** when supplies and/or equipment is purchased or leased from the prime Consultant or its affiliate. Special emphasis and care should be taken to ensure that the following types of participation are handled properly when preparing your bid packet.

ii. **Fees & Commissions*:*** DBE firms that supply a bona fide service for a fee or commission may be counted only to the extent of the fees or commissions charged by the DBE. This includes, but is not limited to, providing professional, technical, consultant, or managerial services, and bonds or insurance specifically required for the performance of a contract. The fees must be reasonable and not excessive as compared with fees customarily allowed for similar services. ***Example:*** *A DBE firm that supplies uniformed officers for security or traffic control may count only the amounts shared as a commission. The hourly amount paid to the officers may not be counted. If the "per hour" bid amount to the prime Consultant is $30, and $21 per hour will be paid to the officers, only $9 per hour can be counted towards achieving the DBE program goal. If the firm estimates that there will be 200 hours of work, only $2,700 of the total $6,000 bid could be counted.*

iii. **Trucking & Hauling*:*** The amount of a trucking/hauling subcontract that may be counted towards the DBE utilization may be limited. A DBE must itself own and operate at least one fully licensed, insured, and operational truck that will be used on the contract. The DBE subcontractor may lease trucks from another DBE firm and receive full credit for the services of those leased vehicles. Non-DBE trucks may also be leased to perform work on the contract, but non-DBE leased trucks can be counted fully **only up to the value of transportation services provided by all DBE-owned trucks on the contract**. Any additional non-DBE leased trucks may only be credited for the fees or commissions the DBE subcontractor retains over and above the cost of the lease arrangement. ***Example:*** *A DBE trucking firm uses seven trucks on a job. Two are owned by the DBE and one is leased from another certified DBE firm. Four trucks are leased from a non-DBE. The amounts paid to the DBE for the services of three of the non-DBE trucks can be counted in full towards meeting the DBE requirement. Only the amount that the DBE subcontractor receives that is over and above the cost of leasing the fourth truck may be counted as DBE utilization.*

iv. **DBE Prime Consultant:** A DBE prime Consultant will be credited with DBE participation for that portion of the contract that they themselves perform, in addition to any portion of the contract that is subcontracted and performed by an eligible DBE subcontractor.

v. **DBE/Non-DBE Joint Ventures:** A DBE/non-DBE joint venture, functioning as the prime Consultant or as a subcontractor on a Phoenix-Mesa Gateway Airport Authority project, will be credited with DBE participation on the basis of the percentage of profit accruing to the DBE firm. ***Example:*** *A joint venture made up of one DBE and one non-DBE proposes to perform 60 percent of a project quoted at $400,000. A total of 50 percent of the profits for performing the work will go to the DBE partner in the joint venture. DBE participation will be credited at 30 percent, or $120,000.*

vi. **Lower Tier Non-DBE Participation:** Subcontract dollars paid by DBE primes and/or qualifying joint ventures to non-DBE subcontractors will not be considered when determining the percentage of DBE participation on this contract. Amounts subcontracted to a non-DBE by a DBE subcontractor (2nd tier or lower) may not be counted.

vii. **Lower Tier DBE Participation:** Consultant is obligated and must report all utilization of DBEs of lower tier subcontracts and ensure subcontractors comply with all applicable DBE reporting requirements.

viii. **DBE Suppliers:** Purchases from DBE suppliers may be counted towards the program goal as follows:

ix. **Manufacturers:** Amounts paid to a DBE supplier that manufactures or substantially alters the material or product it supplies will be credited at 100% of the expenditure when determining the percentage of DBE participation.

x. **Regular Dealer:** Purchases from a DBE firm that is an established, regular business that engages, as its principal business, in the purchase, sale, or lease of the products being supplied **may be credited towards the DBE program goal at sixty percent (60%) of the sale price** when determining the percentage of DBE participation.

xi. **Packagers, Brokers, Manufacturers' Representatives:** Purchases from a DBE firm who arranges or expedites transactions not as regular dealers, **may not be counted in full** when determining DBE participation. Only the fees or commissions charged in the procurement of the materials or supplies, or fees or transportation charges for the delivery of the materials or supplies may be credited towards achievement of the DBE program goal.

G. Definitions

i. **Disadvantaged Business Enterprise (DBE)** means a small business concern that has successfully completed a DBE certification process and been granted DBE status by a certifying agency within the Arizona Unified Certification Program

ii. **Small Business Enterprise** (SBE) means a small business as defined pursuant to Section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto. A small business concern shall not include any concern or group of concerns controlled by the same socially and economically disadvantaged individual(s) that has annual average gross receipts in excess of the cap established by federal regulation. The Secretary shall adjust this figure from time to time for inflation.

iii. **Socially and Economically Disadvantaged Individuals** means those individuals who are citizens of the United States (or lawfully admitted permanent residents) and who are women, Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, or Asian-Indian Americans. Membership in one of the above-mentioned groups does not qualify the firm to be considered a DBE for purposes of this contract. Only firms that have completed a DBE certification process and been granted DBE status shall be considered socially and economically disadvantaged individuals for purposes of this contract.

iv. **DBE Joint Venture** is an association between two or more persons, partnerships, corporations, or any combination thereof, formed to carry on a single business activity. One participant in the joint venture arrangement must hold DBE status from a recognized certifying entity. The joint venture is limited in scope and duration to this contract, and resources, assets and labor of the participants must be combined in an effort to accrue profit.

v. **Sole Proprietorship** is a DBE for purposes of this contract, if it is 100 percent owned, operated, and controlled by a socially and economically disadvantaged individual.

vi. **Corporation** is a DBE, for purposes of this contract, if the ownership, operation, and control of the business is conditioned upon the control of its shares of stock or other equitable securities, at least 51 percent of which (of all shares) is legally and equitably owned by socially and economically disadvantaged individuals.

vii. **Partnership** is a DBE, for purposes of this contract, if one or more socially and economically disadvantaged individuals own more than 51 percent of the assets or interest in the partnership's property.

viii. **Purchaser** for purposes of this contract, means the Phoenix-Mesa Gateway Airport Authority.

ix. **Bidder** is an individual, partnership, joint venture, corporation or firm submitting a proposal or bid to the Phoenix-Mesa Gateway Airport Authority to perform services required by the contract. The submittal may be direct or through an authorized representative.

x. **Contract** is a written agreement obligating the seller or business enterprise to furnish goods or services as proposed and the Purchaser or Buyer to pay for such goods or services.

xi. **Subcontract** is any contract at any tier below the prime contract, including purchase orders.

xii. **Supplier** is a business enterprise that manufactures the goods or materials it sells.

xiii. **Wholesaler, Distributor, Broker, or Jobber** is a business enterprise that does not manufacture the goods or materials it sells or does not perform the essential work of the contract. ***Example:*** *1) A trucking company who does not own or operate the trucks necessary to perform the work, but brokers the work to another trucking firm; 2) A distributor who supplies goods or materials as a pass through from the manufacturer, without substantial alteration of the goods or materials; and, 3) A sub-tier bidder who purchases and supplies the goods and materials on behalf of the prime bidder, and delivers the goods and materials to the prime bidder without substantial alteration of the goods and materials.*

H. Enforcement

i. This contract and all subsequent subcontracts entered into as a result of this contract, are subject to the requirements, provisions, and enforcement actions of 49 CFR Part 26, Subpart F, *Compliance and Enforcement*, § 26.107. Further, Consultant is required to insert the below clause from § 26.107 in all subcontracts entered into with a DBE as a result of this Contract.

ii. § 26.107 Enforcement Actions for firms participating as a DBE:

a) If you are a firm that does not meet the eligibility criteria of 49 CFR Part 26,Subpart D, Certification Standards, and that attempts to participate in a Department of Transportation (DOT)-assisted program as a DBE on the basis of false, fraudulent, or deceitful statements or representations or under circumstances indicating a serious lack of business integrity or honesty, the DOT may initiate suspension or debarment proceedings against you under 2 CFR parts 180 and 1200.

b) If you are a firm that, in order to meet DBE contract goals or other DBE program requirements, uses or attempts to use, on the basis of false, fraudulent or deceitful statements or representations or under circumstances indicating a serious lack of business integrity or honesty, another firm that does not meet the eligibility criteria of 49 CFR Part 26, Subpart D, the DOT may initiate suspension or debarment proceedings against you under 2 CFR parts 180 and 1200.

c) In a suspension or debarment proceeding brought under paragraph (a) or (b) of this section, the concerned operating administration may consider the fact that a purported DBE has been certified by a recipient. Such certification does not preclude the DOT from determining that the purported DBE, or another firm that has used or attempted to use it to meet DBE goals, should be suspended or debarred.

d) The DOT may take enforcement action under 49 CFR Part 31, Program Fraud and Civil Remedies, against any participant in the DBE program whose conduct is subject to such action under 49 CFR part 31.

The DOT may refer to the Department of Justice, for prosecution under 18 U.S.C. 1001 or other applicable provisions of law, any person who makes a false or fraudulent statement in connection with participation of a DBE in any DOT-assisted program or otherwise violates applicable Federal statutes.

EXHIBIT A - SCOPE OF SERVICES & FEE SCHEDULE

The services to be performed by Consultant and the completion of related efforts are specified in the following Scope of Services & Fee Schedule agreed to by the parties.

SCOPE OF SERVICES

The Scope of Services to be performed by Consultant for each task under this Contract will be specified in one or more written "Authorization of Services" to be issued and agreed to by the parties during the term of the Contract. The services that are anticipated to be performed under this Contract generally consist of labor, equipment, supplies and materials to produce and deliver documents and specifications related to necessary Airport Engineering Services for various local, state and federally funded projects for PMGAA.

Any and all services to be performed as part of the Contract require an approved Authorization of Services. The Authorization of Services for each individual project under this Contract shall be used to describe in detail the scope of work to be performed, the amount of time required for performance, fees associated with that performance, and any other applicable terms or conditions for that project. Fees for individual Authorization of Services will be based on the Fees included in this section unless modified in writing by PMGAA. Either party may elect not to perform any services before mutual execution of such an Authorization of Services.

In connection with FAA Advisory Circular 150/1500-14E, Architectural, Engineering, and Planning Consultant Services for Airport Grant Projects, as updated and amended, the Airport Engineering basic services include, but are not limited to, the four distinct and sequential phases summarized below:

1. **Preliminary Phase**
   This phase involves those activities required for defining the scope of a project and establishing preliminary requirements. Some examples of activities within this phase of a project include, but are not limited to:
   a. Coordinating with PMGAA on project scope requirements, finances, schedules, operational safety and phasing considerations, site access and other pertinent matters.
   b. As applicable, coordinating project with local FAA personnel and other interested stakeholders to identify potential impacts to their operations.
   c. Planning, procuring, and/or preparing necessary surveys, geotechnical engineering investigations, field investigations, and engineering studies required for design considerations.
   d. Developing design schematics, sketches, environmental and aesthetic considerations, project recommendations, and preliminary layouts and cost estimates.
   e. Preparing project design criteria and other bridging documents commonly used for alternative project delivery methods such as design-build, JOC or CMAR contracting.

2. **Design Phase**
   This phase includes all activities required to undertake and accomplish a full and complete project design. Examples include, but are not limited to, those below:
   a. Conducting and attending meetings and design conferences to obtain information and to coordinate or resolve design matters.
   b. Collecting engineering or other data and undertaking field investigations; performing geotechnical engineering studies; and performing engineering, and special environmental studies.
   c. Preparing necessary engineering or architectural reports and recommendations.
   d. Preparing detailed plans, specifications, cost estimates, and design/construction schedules.
   e. Preparing Construction Safety and Phasing Plan (CSPP).
   f. Printing and providing necessary copies of engineering drawings and contract specifications.

3. **Bidding and Negotiation Phase**
   These activities are also sometimes considered part of the design phase and sometimes the construction phase. They involve assisting PMGAA in advertising and securing bids, negotiating for services, analyzing bid results, furnishing recommendations on the award of contracts and preparing contract documents.

4. **Construction Phase**

This phase may include all basic services rendered after the award of a construction contract, including, but not limited to, the following activities:

a. Providing consultation and advice to PMGAA during all phases of construction.
b. Representing the PMGAA at preconstruction conferences.
c. Inspecting work in progress periodically and providing appropriate reports to PMGAA.
d. Reviewing and approving shop and erection drawings submitted by contractors for compliance with design concept/drawings.
e. Reviewing, analyzing, and accepting laboratory and mill test reports of materials and equipment.
f. Assisting in the negotiation of change orders and supplemental agreements.
g. Observing or reviewing performance tests required by specifications.
h. Assisting in the negotiation of change orders and supplemental agreements.
i. Observing or reviewing performance tests required by specifications.
j. Determining amounts owned to contractors and assisting sponsors in the preparation of payment requests for amounts reimbursable from grant projects.
k. Making final inspections and submitting punch-lists and a report of the completed project to the PMGAA.
l. Reviewing operations and maintenance manuals.

5. **Project Closeout Phase**

This phase includes all basic services rendered after the completion of a construction contract, including, but not limited to, the following activities:

a. Making final inspections and submitting punch-lists and a report of the completed project to PMGAA.
b. Providing record drawings.
c. Preparing summary of material testing report.
d. Preparing summary of project change orders.
e. Preparing grant amendment request and associated justification, if applicable.
f. Preparing final project reports including financial summary.
g. Obtaining release of liens from all contractors.

All work will be required to meet FAA Standards, the ADOT Multimodal Planning Department, Aeronautics Group Standards and/or City of Mesa requirements. All work shall be accomplished in accordance with all Federal, State, Airport and local guidelines and regulations including FAA Advisory Circulars, the National Environmental Policy Act (NEPA) and Arizona Environmental Statutes. Federal, State, Airport and local requirements will apply to each of the listed projects in the event projects are reimbursed through FAA's Airport Improvement Program or an approved Passenger Facility Charge at a later date.

The scope of work includes the pre-design, design and deliverables necessary to complete projects anticipated over the term of the Contract. It is anticipated that individual projects may be assigned to Consultant periodically, on an as-needed basis, over the contracted period. PMGAA reserves the right to stop assigning projects to Consultant at any time and to perform a new consultant selection or engage the services of other consultants for specific projects on a case-by-case basis.

The projects identified below may be assigned over the term of the Contract and may or may not be included in PMGAA's Capital Improvement Program. The projects listed below include federally funded AIP, State-funded grant projects and non-grant projects, and are not listed in order of priority:

Facilities:

Fuel Farm Capacity Analysis Study
Fuel Farm Improvements, Tanks etc.
Replace Terminal Seats Ph1, 2 Gates
Replace Carpeting at the Terminal Gates

Baggage Claim 2 Canopy
Replace Terminal Seats Ph 2, 2 gates
TSA Checked Baggage System Construction
Baggage Claim Improvements
Replace Terminal Seats Ph 3, 2 gates
Airport Buildings Roof Recoating
GAS, Building 46, Remodel
Demolish Existing Structures on Airport

Airfield Projects:

Repackage and Re-Bid Reconstruction of Runway 12R/30L
Repackage and Re-Bid Taxiway H Between B and 12R Reconstruction
Repackage and Re-Bid Taxiway W Reconstruction
Runway 12C/30C Asphalt Mill & RDR Signs and Runway Edge Lights Replacement
Replace TWY C Sign Panels C2-C3
Taxilane S Construction Administration
Taxiway Golf Realignment Design & Construction
Compass Rose Design and Relocation
Midfield Connectors Design & Construction
Parallel Taxiway West of Rwy 12C/30C Design & Construction
Lighting Vaults, Generators, LED upgrade 12L/30R
Westside Apron Design and Construction
General Aviation and Maintenance /run-up Areas with Blast Fence
Runway 12L/30R Extension 200-foot Extension
Eastside Taxiway/Taxilane Improvements
Eastside Apron Design and Construction
Safety Management System (SMS) Update

Landside Projects:

Construction of Rental Car Care Facility
Taxiway Circle Access Rd Reconstruction
Mill & Replace Asphalt Parking Lots
Gateway Blvd Design and Reconstruction
Landside Roadways Design and Construction
Access Roads Construction and/or Asphalt Overlay

FEE SCHEDULE

The fees stated herein shall remain in effect for the first year of the Contract. Consultant may increase fees effective on each annual anniversary date of the Contract, up to 5%, with the prior written approval of PMGAA. Such increases, if any, shall not apply to projects that PMGAA has issued and executed an Authorization of Services to the Consultant.

EXHIBIT B - COMPENSATION

All compensation for services rendered by Consultant shall be based upon criteria established below and in accordance with each Authorization of Services initiated under this Contract. All services must be billed through the Consultant.

1. Fees to be Specified in Contract

Any and all services to be performed under this Contract require approval. All compensation for services shall be identified in writing. The Contract shall describe the scope of services to be performed (by tasks and subtasks, where appropriate), the amount of time required for performance, the fees associated with that performance, and any applicable special provisions. Consultant's compensation for services included in this Contract is totaled and set forth in **EXHIBIT B**, "Scope of Services and Fee Schedule".

2. Method of Payment

For services rendered in accordance with the Contract, Consultant shall submit to PMGAA an invoice or payment application depicting tasks performed, hours spent, utilized and expenses incurred for services performed. Invoices or payment applications must be based on the actual hours required and expenses incurred for the services completed during the billing period. Consultant's invoices or payment applications must specify that Consultant has performed the services, and PMGAA must certify and approve each invoice or application as a condition to payment.

3. Consultant Responsibilities for Compensation

Consultant shall prepare monthly invoices and progress reports in accordance with terms specified in the Contract, which clearly indicate the progress to date and the amount of compensation due by virtue of that progress. All invoices/requisitions for payment shall be for work completed unless otherwise agreed to by PMGAA. Invoices/requisitions for payment for services subject to funding by the FAA and/or ADOT shall include the documentation requirements of the FAA and/or ADOT, which are outlined in the *Airport Improvement Program (AIP) Handbook* dated September 30, 2014, or most current version.

4. PMGAA Responsibilities for Compensation

PMGAA agrees to pay Consultant's invoices/requisitions for payment within 30 calendar days after the invoice is approved. PMGAA may withhold payment on any invoice if it believes that Consultant has not performed the work in a satisfactory manner. If PMGAA withholds payment to Consultant, PMGAA shall promptly notify Consultant and explain the reasons for the decision to withhold payment.

5. Billing Address

All invoices submitted to PMGAA for payment shall be submitted to:

Accounts Payable: ap@gatewayairport.com

EXHIBIT C – SPECIAL PROVISIONS

1. Project Security

As some or all portions of work possible during the Term of this Contract may be located inside the secured area of the Airport, adherence to and familiarity with federal security regulations is essential. For these projects, Consultant shall be responsible for fulfilling the security requirements described herein.

a. Secured Area Access – All Consultant personnel who require unescorted access to the secured area of the Airport, prior to the issuance of an Airport Identification badge, must successfully complete the Security Badge Application and Security Badge Authorization forms.

b. Employee Security Badges – If deemed necessary by PMGAA all Consultant's and/or subcontractor personnel performing work functions in accordance with this Contract shall obtain and properly display an Airport security badge. Consultant shall submit a Security Badge Application form to the PMGAA security office for each employee requiring unescorted access, along with the current fee for each badge. Badge fees are identified on the current *Airport Fees, Services and Rental Rates* listing available via the Airport website at www.gatewayairport.com and are subject to change.

   i. All fees must be paid to PMGAA by cash or check.
   ii. Airport Security Badge Application forms and instructions are available via the Airport website at www.gatewayairport.com.
   iii. An authorized representative of Consultant must also obtain and submit a Security Media Authorization form, which is to be submitted to the PMGAA badging office. The Security Media Authorization form and instructions are available via the Airport website at www.gatewairport.com.
   iv. A training class on aviation security must be successfully completed before individuals are issued a badge. Fees for the security badge include attendance for the necessary training classes. Attendance at the security classes and issuance of the security badge may take two hours per person.
   v. Additional information, including a "Frequently Asked Questions" is available via the Airport website at www.gatewairport.com or by contacting the PMGAA Badging Office at (480) 988-7522. The Badging Office is located at 5803 S. Sossaman Road, Mesa AZ 85212.
   vi. Consultant shall immediately notify the PMGAA Badging Office of any Consultant personnel whose employment status has changed.
   vii. Consultant shall retrieve all security badges and keys and return them to the PMGAA Badging Office. A fee, as indicated on the most current *Airport Rates and Charges Schedule*, will be charged for each badge that is damaged, lost or not returned.
   viii. The PMGAA Badging Office will require a completed Security Badge Application from each Consultant employee so certified by Consultant as requiring such before a Security Badge is issued.
   ix. Under certain circumstances and out of control of PMGAA, security measures may change on short notice. No deviations from any security measure shall be allowed at any time.
   x. At all times, aircraft shall have the right-of-way over all vehicle traffic.

c. Fines – Due to both the safety and security precautions necessary at the Airport, any failure of the Consultant to adhere to prescribed Airport requirements/regulations has consequences that may jeopardize the health, welfare and lives of Airport customers and employees, as well as the Consultant's own employees. Therefore, if Consultant is found to be in non-compliance with any security, airfield badging/licensing and airfield safety requirement, a Notice of Violations (NOV) may be issued. A current listing of fines is available by contacting the PMGAA Badging Office.

2. Standard Terms & Conditions

PMGAA's Standard Terms & Conditions (in **EXHIBIT D** attached) include clauses that pertain to both construction and professional services. For such, the term "contractor" is to be considered same as "consultant." If a clause implies construction service then it is waived for a professional services contract. PMGAA reserves the right to make that determination if there is a conflict. Wherever Standard Terms & Conditions are in conflict with conditions stated in this Special Provisions Section, the conditions stated in this Section shall take precedence.

3. Federal and State Guidelines and Regulations

All work performed under this Contract must satisfy FAA and applicable agency standards, and be accomplished in accordance with applicable federal, state and local guidelines and regulations, including FAA Advisory Circulars, NEPA and Arizona environmental statutes.

Consultant shall perform the services as described in approved Contract in accordance with the applicable requirements imposed by PMGAA, ADOT, FAA and any other applicable sponsoring agencies. Consultant and its subconsultants/subcontractors, if any, shall comply with any and all applicable laws, regulations, executive orders, policies, guidelines, and any other requirements for FAA Airport Improvement Program (AIP) projects. Consultant shall provide PMGAA all information, reports, documents, and/or certifications requested by PMGAA for the satisfaction of any grant requirements for the reimbursement of services, including, without limitation, identifying the specific services provided by Consultant and the billing period(s) during which services were or are to be provided. Nothing herein shall be construed as making the FAA or ADOT a party to this Contract.

4. Right to Contract With Other Firms

PMGAA shall have the right to contract with other firms and/or persons and/or to self-perform additional services, which may be the subject of this Contract. Consultant shall conduct its operations and perform any services authorized under the Contract so as not to interfere with or hinder the progress of completion of the work being performed by PMGAA and/or other firms and/or persons. Consultants working on the same project shall cooperate with each other in the performance, scheduling, and, if applicable, the integration of their respective services.

5. Independent Contractor Status

At all relevant times, Consultant is - and shall remain - an independent contractor with regard to performance of its services. PMGAA retains no control over Consultant, the performance of its work or services, or the safety of its employees. Consultant is not authorized to enter into any contract or commitment, authorize any payment, or accept any document, services, goods or materials for, in the name of, or on behalf of PMGAA.

EXHIBIT D – PMGAA STANDARD TERMS & CONDITIONS

1. Certification

By signature of this Contract, Consultant certifies:

a. The award of this Contract did not involve collusion or other anti-competitive practices.
b. It shall not discriminate against any employee or applicant for employment in violation of Federal Executive Order 11246, or A.R.S. Section 31-1461, et. seq.
c. It has not given, offered to give, nor intends to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with this Contract; and Consultant hereby certifies that the individual signing this Contract is an authorized agent for Consultant and has the authority to bind the Consultant to the Contract.

2. Dispute Resolution

a. Negotiations. If a dispute arises out of or relates to this Contract or its breach, the parties to this Contract shall endeavor to settle the dispute through direct discussions as a condition precedent to mediation or binding dispute resolution.
b. Mediation. Should the parties to this Contract be unable to resolve their dispute through direct negotiations, the parties to this Contract, upon the written request of either, shall engage in mediation, to be administered privately by a mediator and according to rules mutually agreed upon by the parties to this Contract, or, the absence of such mutual agreement, by a mediator appointed by JAMS and administered by JAMS in accordance with its then-current mediation rules. The fees and costs of mediation shall be split equally by the parties to this Contract, but subject to reallocation following binding dispute resolution.
c. Binding Dispute Resolution. Should the parties to this Contract be unable to resolve their dispute through direct negotiations or mediation, either party may, within the time limitations for bringing claims under Arizona law and this Contract, commence formal dispute resolution proceedings. Both parties to this Contract consent to binding arbitration administered by JAMS according to its then current arbitration rules, provided, however, that (i) in the event both parties agree, the arbitration may be administered privately by an arbitrator and according to rules mutually agreed upon by the parties to this Contract, and (ii) in the event any party seeks relief against the other party or against a non-party which cannot fully be granted in arbitration, by reason of non-joinder or otherwise, the parties to this Contract are excused from this arbitration requirement and the parties to this Contract shall proceed in the state or federal courts of competent jurisdiction and located in Maricopa County, Arizona. In any arbitration or litigation, the prevailing party shall be entitled to an award of its reasonable attorneys' fees and costs as determined by the arbitrator or court as applicable.

3. Independent Contractor

At all times, each party acts in its individual capacity and not as agent, employee, partner, joint venturer, or associate the other party. An employee or agent of one party may not be deemed or construed to be the employee or agent of the other party for any purpose whatsoever. Neither Consultant nor any of its employees are entitled to compensation from PMGAA in the form of salaries, paid vacation, or sick days.

PMGAA will not provide any insurance to Consultant, including *Workers' Compensation* coverage. PMGAA will not withhold FICA, taxes, or any similar deductions from PMGAA's payments under this Contract.

4. Affirmative Action

Consultant shall abide by all the federal and state of Arizona provisions for equal opportunity in the work place.

5. Human Relations

Consultant shall abide by all the federal and state of Arizona provisions against discrimination of disadvantaged business enterprises in applicable PMGAA contracts.

6. Non-Exclusive Contract

This Contract is for the sole convenience of PMGAA. PMGAA reserves the right in its discretion to obtain the same or similar goods or services from any other source.

7. Americans with Disabilities Act

Consultant shall comply with all applicable provisions of the *Americans with Disabilities Act* (Public Law 101-336, 42 U.S.C. 12101-12213) and applicable federal regulations under the *Act*.

8. Confidentiality of Records

Consultant shall establish and maintain procedures and controls that are acceptable to PMGAA for the purpose of assuring that no information contained in its records or obtained from PMGAA or from others in carrying out its functions under the Contract shall be used by or disclosed by it, its agents, officers, or employees, except as required to efficiently perform duties under this Contract. Persons requesting such information should be referred to PMGAA. Consultant also agrees that any information pertaining to individual persons shall not be divulged other than to employees or officers of Consultant as needed for the performance of duties under the Contract, unless otherwise agreed to in writing by PMGAA.

9. Gratuities

PMGAA may, by written notice to the Consultant, cancel this Contract if it is found that gratuities, in the form of entertainment, gifts or otherwise, were offered or given by Consultant or any agent or representative of Consultant, to any officer or employee of PMGAA involved in the amending, or the making of any determinations with respect to the performing of such Contract. If this Contract is canceled by PMGAA under this provision, PMGAA shall, in addition to any other rights and remedies, repay to the Consultant the amount of the gratuity.

10. Applicable Law

This Contract shall be governed by the laws of the state of Arizona, and suits pertaining to this Contract shall be brought only in federal or state courts in the state of Arizona.

11. Contract

This Contract is based on and the result of a negotiated Scope of Services and Fee Schedule submitted by Consultant. The Contract contains the entire agreement between PMGAA and Consultant. No prior oral or written agreements, contracts, proposals, negotiations, purchase orders, or master agreements (in any form) are enforceable between the parties.

12. Contract Amendments

This Contract shall be modified only by a written amendment signed by the PMGAA Executive Director or his/her designee, and persons duly authorized to enter into contracts on behalf of Consultant.

13. Provisions Required by Law

Each and every provision of law and any clause required by law to be in the Contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either party the Contract shall forthwith be physically amended to make such insertion or correction.

14. Severability

The provisions of this Contract are severable to the extent that any provision or application held to be invalid shall not affect any other provision or application of the Contract, which may remain in effect without the valid provision, or application.

15. Protection of Government Property

Consultant shall use reasonable care to avoid damaging all PMGAA property, including buildings, equipment, and vegetation (such as trees, shrubs, and grass). If Consultant damages PMGAA's property in any way, Consultant shall immediately report such damage to PMGAA and repair or replace the damage at no cost to PMGAA, as directed by the PMGAA Executive Director. If Consultant fails or refuses to repair or replace the damage, then PMGAA may terminate the Contract, and PMGAA shall deduct the repair or replacement cost from money due Consultant under the Contract.

16. Interpretation – Parol Evidence

This Contract is intended by the parties as a final expression of their agreement and is intended also as a complete and exclusive statement of the terms thereof. No course of prior dealings between the parties and no usage of the trade

shall be relevant to supplement or explain any term used in this Contract. Acceptance or acquiescence in a course of performance rendered under this Contract shall not be relevant to determine the meaning of this Contract even though the accepting or acquiescing party has knowledge of the nature of the performance and opportunity to object.

17. Subcontracts

Offeror shall not assign any rights or interest nor enter into any subcontract with any other party to furnish any of the materials, goods or services specified herein without the prior written permission of PMGAA. PMGAA may, at its sole discretion, accept or reject proposed subcontractors or assignment. PMGAA shall notify Offeror of its acceptance or rejection within forty-five (45) days or written request by Offeror. All subcontracts shall comply with federal and state laws and regulations applicable to the materials, goods or services covered by the subcontract and shall include all the terms and conditions set forth herein, which shall apply with equal force to the subcontract, as if the subcontractor were the Offeror referred to herein. Offeror is responsible for Contract performance whether or not subcontractors are used.

18. No Waiver

No provision in this Contract shall be construed, expressly or by implication, to waive either party's existing or future claim, right, or remedy available by law for breach of contract. The failure of either party to insist on strict performance of any Contract term or condition; to exercise or delay exercising any right or remedy provided in the Contract or by law; or to accept materials, services, or Consultant's services under this Contract or imposed by law, shall not be deemed a waiver of any right of either party to insist upon strict performance of the Contract.

19. Warranties

Consultant warrants that all materials and services delivered under this Contract shall conform to the specifications thereof. Mere receipt of shipment of the material or service specified and any inspection incidental thereto by PMGAA, shall not alter or affect the obligations of Consultant or the rights of PMGAA under the foregoing warranties. Additional warranty requirements may be set forth in this Contract.

20. Indemnification

To the fullest extent permitted by law, Consultant shall defend, save, indemnify, and hold harmless PMGAA, its agents, representatives, officers, directors, officials, and employees (collectively the "Indemnitees"), for, from and against all claims, damages, losses and expenses, including but not limited to attorney fees, court costs, expert witness fees, and the cost of appellate proceedings, relating to, arising out of, or alleged to have resulted from the Consultant's acts, errors, omissions, or mistakes relating to Consultant's services under this Contract.

21. Right to Assurance

Whenever one party to this Contract in good faith has reason to question the other party's intent to perform, the former party may demand that the other party give a written assurance of this intent to perform. If a demand is made and no written assurance is given within five (5) business days, the demanding party may treat this failure as an anticipatory repudiation with this Contract.

22. Advertising

Consultant shall not advertise or publish information concerning this Contract without prior written consent of PMGAA.

23. Right to Inspect

PMGAA may, at reasonable times, and at PMGAA's expense, inspect the place of a Consultant's or subcontractor's business, which is related to the performance of this Contract or related subcontract.

24. Force Majeure

In the event either party shall be delayed or hindered in or prevented from the performance of any covenant, agreement, work, service, or other act required under this Contract to be performed by such party ("Required Act"), and such delay or hindrance is due to causes entirely beyond its control such as riots, insurrections, martial law, civil commotion, war, fire, flood, earthquake, or other casualty or acts of God ("Force Majeure Event"), then the performance of such Required Act shall be excused for the period of delay and the time period for performance of the Required Act shall be extended by the same number of days in the period of delay. For purposes of this Contract, the financial inability of Consultant to

perform any Required Act, including, without limitation, failure to obtain adequate or other financing shall not be deemed to constitute a Force Majeure Event. A Force Majeure Event shall not be deemed to commence until ten (10) days before the date on which the party who asserts some right, defense, or remedy arising from or based upon such Force Majeure Event gives written notice thereof to the other party. If abnormal adverse weather conditions are the basis for a claim for an extension of time due to a Force Majeure Event, the written notice shall be accompanied by data substantiating (a) that the weather conditions were abnormal for the time and could not have been reasonably anticipated and (b) that the weather conditions complained of had a significant adverse effect on the performance of a Required Act. To establish the extent of any delay to the performance of a Required Act due to abnormal adverse weather, a comparison will be made of the weather for the time of performance of the Required Act with the average of the preceding ten (10) years' climatic range based on the National Weather Service statistics for the nearest weather reporting station to the Premises. No extension of time for or excuse for a delay in the performance of a Required Act will be granted for rain, snow, wind, cold temperatures, flood, or other natural phenomena of normal intensity for the locality where the Premises are located.

25. Inspection

All material or service is subject to final inspection and acceptance by PMGAA. Material or service failing to conform to the specifications of this Contract will be held at Consultant's risk and may be returned to Consultant. If so returned, all costs are the responsibility of Consultant. Noncompliance shall conform to the cancellation clause set forth in this Contract.

26. Exclusive Possession

All services, information, computer program elements, reports, and other deliverables, which may be created under this Contract, are the sole property of PMGAA and shall not be used or released by Consultant or any other person except with prior written permission by PMGAA.

27. Title and Risk of Loss

The title and risk of loss of materials or services shall not pass to PMGAA until PMGAA actually receives the material or service at the Airport, unless otherwise provided within this Contract.

28. Liens

All materials, services, and other deliverables supplied to PMGAA under this Contract must be free of all liens and other encumbrances. Upon request of PMGAA, Consultant shall provide a formal release of all liens.

29. Licenses

Consultant shall maintain in current status all federal, state, and local licenses and permits required for the operation of the business conducted by Consultant as applicable to this Contract.

30. Subsequent Employment

PMGAA may cancel this Contract without penalty or further obligation in accordance with A.R.S. Section 38-511 if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract, on behalf of PMGAA is or becomes, at any time while the Contract or any extension of the contract is in effect, an employee of, or a contractor to any other party to this Contract with respect to the subject matter of the Contract. Such cancellation shall be effective when the parties to this Contract receive written notice from PMGAA, unless the notice specifies a later time.

31. Clean Up

Consultant shall at all times keep Contract performance areas, including storage areas used by the Consultant, free from accumulation of waste material or rubbish and, prior to completion of the work, remove any rubbish from the premises and all tools, scaffolding, equipment and materials not property of PMGAA. Upon completion of any repair, Consultant shall leave the work and premises in clean, neat, and workmanlike condition.

32. Patents

Consultant shall defend, indemnify, and hold harmless PMGAA, its officers and employees from all liabilities, claims, damages, costs, or expenses, including, but not limited to attorneys' fees, for any alleged infringement of any person's patent rights or copyrights in consequence of the use by PMGAA, its officers, employees, agents, and other duly authorized representatives of tangible or intellectual property supplied to PMGAA by Consultant under this Contract.

33. Records and Audit Rights

Consultant's and all of its approved subcontractors' books, records, correspondence, accounting procedures and practices, and any other supporting evidence relating to this Contract, including the papers of all Consultant and subcontractor employees that work on the Contract (all the foregoing collectively referred to as "Records"), must be open to inspection and subject to audit and/or reproduction during normal working hours by PMGAA. PMGAA is entitled to evaluate and verify all invoices, payments or claims based on Consultant's and its subcontractor's actual costs (including direct and indirect costs and overhead allocations) incurred or units expended directly in the performance of work under this Contract. For any audit under this Section, Consultant and its subcontractors hereby waive the right to keep such Records confidential. PMGAA is entitled to access to these Records from the effective date of this Contract for the duration of the work and until five years after the date of final payment by PMGAA to Consultant under the Contract. During normal working hours, PMGAA is entitled to access to all necessary Consultant and subcontractor facilities and shall be provided adequate and appropriate workspace, in order to conduct audits under this Section. PMGAA shall give Consultant or subcontractors reasonable advance notice of intended audits. Consultant shall require its subcontractors to comply with the provisions of this Section by including its requirements in all subcontracts related to this Contract.

34. E-Verify Requirements

To the extent applicable under A.R.S. § 41-4401, Offeror and its subcontractors warrant compliance with all federal immigration laws and regulations that relate to their employees, and compliance with the E-Verify requirements under A.R.S. §23-214(A). Offeror's or its subcontractors' failure to comply with such warranty shall be deemed a material breach of this Contract and may result in the termination of this Contract by PMGAA. PMGAA shall have the right to inspect the papers of Consultant's and any of Consultant's subcontractor's employee who works on this Contract to ensure the Consultant is complying with this paragraph.

35. Availability of Project Funding

This Contract's approval and continuation is conditioned on the availability of funds appropriated by PMGAA for this purpose. If funds are not available or appropriated for the Contract's requirements, PMGAA may terminate the Contract. Possible sources of funding for this Contract include FAA and ADOT, and this Contract is contingent on the availability of those funds to PMGAA.

EXHIBIT E – FEDERAL PROVISIONS

For this Exhibit: Contractor shall mean the same as "Consultant", "Offeror", "Bidder", "Proposer" or "Firm"
Owner and Sponsor shall mean Phoenix Mesa Gateway Airport Authority

The provisions in this Exhibit E apply to all federally funded Projects/Authorization of Services, unless stated otherwise herein.

A1 ACCESS TO RECORDS AND REPORTS

The Contractor must maintain an acceptable cost accounting system. The Contractor agrees to provide the Owner, the Federal Aviation Administration and the Comptroller General of the United States or any of their duly authorized representatives access to any books, documents, papers and records of the Contractor which are directly pertinent to the specific contract for the purpose of making audit, examination, excerpts and transcriptions. The Contractor agrees to maintain all books, records and reports required under this contract for a period of not less than three years after final payment is made and all pending matters are closed.

A2 AFFIRMATIVE ACTION REQUIREMENT

This provision is applicable if the Scope of Work to be performed in the Authorization of Services (AOS) includes tasks that meet the definition of construction work (as defined by the U.S. Department of Labor). Owner shall include the goals for minority participation for each trade in the AOS.

1. The Offeror's or Bidder's attention is called to the "Equal Opportunity Clause" and the "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth herein.
2. The goals and timetables for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, are as follows:

Timetables

Goals for minority participation for each trade:	**TBD**
Goals for female participation in each trade:	**6.9%**

These goals are applicable to all of the Contractor's construction work (whether or not it is Federal or federally assisted) performed in the covered area. If the Contractor performs construction work in a geographical area located outside of the covered area, it shall apply the goals established for such geographical area where the work is actually performed. With regard to this second area, the Contractor also is subject to the goals for both its federally involved and nonfederally involved construction.

The Contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set forth in 41 CFR 60-4.3(a) and its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the Contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor or from project to project for the sole purpose of meeting the Contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total work hours performed.

3. The Contractor shall provide written notification to the Director of the Office of Federal Contract Compliance Programs (OFCCP) within 10 working days of award of any construction subcontract in excess of $10,000 at any tier for construction work under the contract resulting from this solicitation. The notification shall list the name, address,

and telephone number of the subcontractor; employer identification number of the subcontractor; estimated dollar amount of the subcontract; estimated starting and completion dates of the subcontract; and the geographical area in which the subcontract is to be performed.
4. As used in this notice and in the contract resulting from this solicitation, the "covered area" is the State of Arizona, Maricopa County, in the city of Mesa.

A3 BREACH OF CONTRACT TERMS

Any violation or breach of terms of this contract on the part of the Consultant or its subcontractors may result in the suspension or termination of this contract or such other action that may be necessary to enforce the rights of the parties of this agreement.

Owner will provide Consultant written notice that describes the nature of the breach and corrective actions the Consultant must undertake in order to avoid termination of the contract. Owner reserves the right to withhold payments to Consultant until such time the Consultant corrects the breach or the Owner elects to terminate the contract. The Owner's notice will identify a specific date by which the Consultant must correct the breach. Owner may proceed with termination of the contract if the Consultant fails to correct the breach by the deadline indicated in the Owner's notice.

The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder are in addition to, and not a limitation of, any duties, obligations, rights and remedies otherwise imposed or available by law.

A4 BUY AMERICAN PREFERENCE

This provision is applicable if the Scope of Work to be performed in the AOS includes a deliverable of a manufactured product. The Contractor will be required to complete the Buy American Preference Certification prior to execution of the AOS.

The Contractor certifies that its bid/offer is in compliance with 49 USC § 50101, BABA and other related Made in America Laws, U.S. statutes, guidance, and FAA policies, which provide that Federal funds may not be obligated unless all iron, steel and manufactured goods used in AIP funded projects are produced in the United States, unless the Federal Aviation Administration has issued a waiver for the product; the product is listed as an Excepted Article, Material Or Supply in Federal Acquisition Regulation subpart 25.108; or is included in the FAA Nationwide Buy American Waivers Issued list.

The bidder or offeror must complete and submit the certification of compliance with FAA's Buy American Preference, BABA and Made in America laws included herein with their bid or offer. The Airport Sponsor/Owner will reject as nonresponsive any bid or offer that does not include a completed certification of compliance with FAA's Buy American Preference and BABA.

The bidder or offeror certifies that all constructions materials, defined to mean an article, material, or supply other than an item of primarily iron or steel; a manufactured product; cement and cementitious materials; aggregates such as stone, sand, or gravel; or aggregate binding agents or additives that are or consist primarily of: non-ferrous metals; plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables); glass (including optic glass); lumber; or drywall used in the project are manufactured in the U.S.

[1] Per Executive Order 14005 "Made in America Laws" means all statutes, regulations, rules, and Executive Orders relating to federal financial assistance awards or federal procurement, including those that refer to "Buy America" or "Buy American," that require, or provide a preference for, the purchase or acquisition of goods, products, or materials produced in the United States, including iron, steel, and manufactured products offered in the United States.

Certification of Compliance with FAA Buy American Preference – Equipment/Building Projects

As a matter of bid responsiveness, the bidder or offeror must complete, sign, date, and submit this certification statement with their proposal. The bidder or offeror must indicate how they intend to comply with 49 USC § 50101, and other Made in America Laws, U.S. statutes, guidance, and FAA policies by selecting one on the following certification statements. These statements are mutually exclusive. Bidder must select one or the other (not both) by inserting a checkmark (✓) or the letter "X".

☐ Bidder or offeror hereby certifies that it will comply with 49 USC § 50101, BABA and other related U.S. statutes, guidance, and policies of the FAA by:

a) Only installing steel and manufactured products produced in the United States;
b) Only installing construction materials defined as: an article, material, or supply – other than an item of primarily iron or steel; a manufactured product; cement and cementitious materials; aggregates such as stone, sand, or gravel; or aggregate binding agents or additives that are or consist primarily of non-ferrous metals; plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables); glass (including optic glass); lumber or drywall that have been manufactured in the United States.
c) Installing manufactured products for which the Federal Aviation Administration (FAA) has issued a waiver as indicated by inclusion on the current FAA Nationwide Buy American Waivers Issued listing; or
d) Installing products listed as an Excepted Article, Material or Supply in Federal Acquisition Regulation Subpart 25.108.

By selecting this certification statement, the bidder or offeror agrees:

a) To provide to the Airport Sponsor or FAA evidence that documents the source and origin of the steel and manufactured product.
b) To faithfully comply with providing U.S. domestic product.
c) To furnish U.S. domestic product for any waiver request that the FAA rejects.
d) To refrain from seeking a waiver request after establishment of the contract, unless extenuating circumstances emerge that the FAA determines justified.

☐ The bidder or offeror hereby certifies it cannot comply with the 100 percent Buy American Preferences of 49 USC § 50101(a) but may qualify for a Type 3 waiver under 49 USC § 50101(b). By selecting this certification statement, the apparent bidder or offeror with the apparent low bid agrees:

a) To submit to the Airport Sponsor or FAA within 15 calendar days of being selected as the responsive bidder, a formal waiver request and required documentation that supports the type of waiver being requested.
b) That failure to submit the required documentation within the specified timeframe is cause for a non-responsive determination that may result in rejection of the proposal.
c) To faithfully comply with providing U.S. domestic products at or above the approved U.S. domestic content percentage as approved by the FAA.
d) To refrain from seeking a waiver request after establishment of the contract, unless extenuating circumstances emerge that the FAA determines justified.

Required Documentation

Type 2 Waiver (Nonavailability) - The iron, steel, manufactured goods or construction materials are not available in sufficient quantity or quality in the United States. The required documentation for the Nonavailability waiver is:

a) Completed Content Percentage Worksheet and Final Assembly Questionnaire
b) Record of thorough market research, consideration where appropriate of qualifying alternate items, products, or materials including;
c) A description of the market research activities and methods used to identify domestically manufactured items capable of satisfying the requirement, including the timing of the research and conclusions reached on the availability of sources.

Type 3 Waiver – The cost of the item components and subcomponents produced in the United States is more that 60 percent of the cost of all components and subcomponents of the "item". The required documentation for a Type 3 waiver is:

a) Completed Content Percentage Worksheet and Final Assembly Questionnaire including;
b) Listing of all product components and subcomponents that are not comprised of 100 percent U.S. domestic content (Excludes products listed on the FAA Nationwide Buy American Waivers Issued listing and products excluded by Federal Acquisition Regulation Subpart 25.108 (products of unknown origin must be considered as non-domestic products in their entirety).
c) Cost of non-domestic components and subcomponents, excluding labor costs associated with final assembly at place of manufacture.
d) Percentage of non-domestic component and subcomponent cost as compared to total "item" component and subcomponent costs, excluding labor costs associated with final assembly at place of manufacture.

Type 4 Waiver (Unreasonable Costs) - Applying this provision for iron, steel, manufactured goods or construction materials, would increase the cost of the overall project by more than 25 percent. The required documentation for this waiver is:

a) Completed Content Percentage Worksheet and Final Assembly Questionnaire from
b) At minimum two comparable equal bidders and/or offerors;
c) Receipt or record that demonstrates that supplier scouting called for in Executive Order 14005, indicates that no domestic source exists for the project and/or component;
d) Completed waiver applications for each comparable bid and/or offer.

False Statements: Per 49 USC § 47126, this certification concerns a matter within the jurisdiction of the Federal Aviation Administration and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code.

A5 CIVIL RIGHTS - GENERAL

This provision is applicable to **all** projects/AOS, regardless of funding source.

In all its activities within the scope of its airport program, the Contractor agrees to comply with pertinent statutes, Executive Orders, and such rules as identified in Title VI List of Pertinent Nondiscrimination Acts and Authorities to ensure that no person shall, on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance.

This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

The above provision binds the Contractor and subcontractors from the bid solicitation period through the completion of the contract.

A6 CIVIL RIGHTS

This provision is applicable to all projects/AOS, regardless of funding source.

The Phoenix Mesa Gateway Airport Authority, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 USC §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders or offerors that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and no businesses will be discriminated against on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in consideration for an award.

Title VI List of Pertinent Nondiscrimination Acts and Authorities

During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

- Title VI of the Civil Rights Act of 1964 (42 USC § 2000d *et seq*., 78 stat. 252) (prohibits discrimination on the basis of race, color, national origin);
- 49 CFR part 21 (Non-discrimination in Federally-Assisted programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964);
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 USC § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Section 504 of the Rehabilitation Act of 1973 (29 USC § 794 *et seq*.), as amended (prohibits discrimination on the basis of disability); and 49 CFR part 27 (Nondiscrimination on the Basis of Disability in Programs or Activities Receiving Federal Financial Assistance);
- The Age Discrimination Act of 1975, as amended (42 USC § 6101 *et seq*.) (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982 (49 USC § 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987 (PL 100-259) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act of 1990 (42 USC § 12101, et seq) (prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities) as implemented by U.S. Department of Transportation regulations at 49 CFR parts 37 and 38;
- The Federal Aviation Administration's Nondiscrimination statute (49 USC § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations);
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs [70 Fed. Reg. 74087 (2005)];
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 USC § 1681, et seq).

Nondiscrimination Requirements/Title VI Clauses for Compliance

Compliance with Nondiscrimination Requirements:

During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor"), agrees as follows:

1. **Compliance with Regulations:** The Contractor (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

2. **Nondiscrimination:** The Contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.

3. **Solicitations for Subcontracts, including Procurements of Materials and Equipment:** In all solicitations, either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Contractor of the contractor's obligations under this contract and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.

4. **Information and Reports:** The Contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Sponsor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the Contractor will so certify to the Sponsor or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

5. **Sanctions for Noncompliance:** In the event of a Contractor's noncompliance with the non-discrimination provisions of this contract, the Sponsor will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:

    a. Withholding payments to the Contractor under the contract until the Contractor complies; and/or

    b. Cancelling, terminating, or suspending a contract, in whole or in part.

6. **Incorporation of Provisions:** The Contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations, and directives issued pursuant thereto. The Contractor will take action with respect to any subcontract or procurement as the Sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the Contractor may request the Sponsor to enter into any litigation to protect the interests of the Sponsor. In addition, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

A7 CLEAN AIR AND WATER POLLUTION CONTROL

Contractor agrees to comply with all applicable standards, orders, and regulations issued pursuant to the Clean Air Act (42 USC §§ 7401-7671q) and the Federal Water Pollution Control Act as amended (33 USC §§ 1251-1387). The Contractor agrees to report any violation to the Owner immediately upon discovery. The Owner assumes responsibility for notifying the Environmental Protection Agency (EPA) and the Federal Aviation Administration. Contractor must include this requirement in all subcontracts that exceed $150,000.

A8 CONTRACT WORKHOURS AND SAFETY STANDARDS ACT REQUIREMENTS

This provision is applicable if the Scope of Work to be performed in the AOS includes the Consultant to employ laborers, mechanics, guards, survey crews and drilling.

1. Overtime Requirements.

No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic, including watchmen and guards, in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

2. Violation; Liability for Unpaid Wages; Liquidated Damages.
In the event of any violation of the clause set forth in paragraph (1) of this clause, the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this clause, in the sum of $29 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this clause.

3. Withholding for Unpaid Wages and Liquidated Damages.
The Federal Aviation Administration (FAA) or the Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this clause.

4. Subcontractors.
The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraphs (1) through (4) and also a clause requiring the subcontractor to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this clause.

A9 COPELAND "ANTI-KICKBACK" ACT

This provision is applicable if the Scope of Work to be performed in the AOS includes tasks that meet the definition of construction, alternation, or repair.

Contractor must comply with the requirements of the Copeland "Anti-Kickback" Act (18 USC 874 and 40 USC 3145), as supplemented by Department of Labor regulation 29 CFR part 3. Contractor and subcontractors are prohibited from inducing, by any means, any person employed on the project to give up any part of the compensation to which the employee is entitled. The Contractor and each Subcontractor must submit to the Owner, a weekly statement on the wages paid to each employee performing on covered work during the prior week. Owner must report any violations of the Act to the Federal Aviation Administration.

A10 DAVIS-BACON REQUIREMENTS

Davis Bacon Requirements are applicable if the Scope of Work to be performed in the AOS includes tasks that meet the definition of construction, alteration, or repair (as defined in 29 CFR Part 5).
Owner shall include the applicable Wage Determination in the AOS if this provision is required.

1. Minimum Wages.
(i) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of

wages and bona fide fringe benefits (or cash equivalent thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can easily be seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:
(1) The work to be performed by the classification requested is not performed by a classification in the wage determination;
(2) The classification is utilized in the area by the construction industry; and
(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
(B) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.
(C) In the event the Contractor, the laborers, or mechanics to be employed in the classification, or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.
(D) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii) (B) or (C) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.
(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
(iv) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

2. Withholding. The Federal Aviation Administration or the Sponsor shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-

assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the Federal Aviation Administration may, after written notice to the Contractor, Sponsor, Applicant, or Owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

3. Payrolls and Basic Records.
(i) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker; his or her correct classification; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 1(b)(2)(B) of the Davis-Bacon Act); daily and weekly number of hours worked; deductions made; and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records that show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual costs incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.
(ii)(A) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Federal Aviation Administration if the agency is a party to the contract, but if the agency is not such a party, the Contractor will submit the payrolls to the applicant, Sponsor, or Owner, as the case may be, for transmission to the Federal Aviation Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR § 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (*e.g.,* the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division Web site at *https://www.dol.gov/agencies/whd/government-contracts/construction/payroll-certification* or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker and shall provide them upon request to the Federal Aviation Administration if the agency is a party to the contract, but if the agency is not such a party, the Contractor will submit them to the applicant, Sponsor, or Owner, as the case may be, for transmission to the Federal Aviation Administration, the Contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, Sponsor, or Owner).
(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:
(1) That the payroll for the payroll period contains the information required to be provided under 29 CFR § 5.5(a)(3)(ii), the appropriate information is being maintained under 29 CFR § 5.5 (a)(3)(i), and that such information is correct and complete;
(2) That each laborer and mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR Part 3;
(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (3)(ii)(B) of this section.
(D) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.
(iii) The Contractor or subcontractor shall make the records required under paragraph (3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Sponsor, the Federal Aviation Administration, or the Department of Labor and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the Contractor, Sponsor, applicant, or Owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR § 5.12.

4. Apprentices and Trainees.
(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
(ii) Trainees. Except as provided in 29 CFR § 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination that provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate that is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable

wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
(iii) Equal Employment Opportunity. The utilization of apprentices, trainees, and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

5. Compliance with Copeland Act Requirements.
The Contractor shall comply with the requirements of 29 CFR Part 3, which are incorporated by reference in this contract.

6. Subcontracts.
The Contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR §§ 5.5(a)(1) through (10) and such other clauses as the Federal Aviation Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR § 5.5.

7. Contract Termination: Debarment.
A breach of the contract clauses in paragraph 1 through 10 of this section may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR § 5.12.

8. Compliance with Davis-Bacon and Related Act Requirements.
All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

9. Disputes Concerning Labor Standards.
Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of Eligibility.
(i) By entering into this contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR § 5.12(a)(1).
(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR § 5.12(a)(1).
(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 USC § 1001.

A11 DEBARMENT AND SUSPENSION

CERTIFICATION OF OFFEROR/BIDDER REGARDING DEBARMENT

By submitting a bid/proposal under this solicitation, the bidder or offeror certifies that neither it nor its principals are presently debarred or suspended by any Federal department or agency from participation in this transaction.

CERTIFICATION OF LOWER TIER CONTRACTORS REGARDING DEBARMENT

The successful bidder, by administering each lower tier subcontract that exceeds $25,000 as a "covered transaction", must confirm each lower tier participant of a "covered transaction" under the project is not presently debarred or otherwise disqualified from participation in this federally-assisted project. The successful bidder will accomplish this by:

1. Checking the System for Award Management at website: http://www.sam.gov.

2. Collecting a certification statement similar to the Certification of Offeror /Bidder Regarding Debarment, above.
3. Inserting a clause or condition in the covered transaction with the lower tier contract.
   If the Federal Aviation Administration later determines that a lower tier participant failed to disclose to a higher tier participant that it was excluded or disqualified at the time it entered the covered transaction, the FAA may pursue any available remedies, including suspension and debarment of the non-compliant participant.

A12 DISADVANTAGED BUSINESS ENTERPRISE

The requirements of 49 CFR part 26 apply to this contract. It is the policy of the Phoenix Mesa Gateway Airport Authority to practice nondiscrimination based on race, color, sex, or national origin in the award or performance of this contract. The Owner encourages participation by all firms qualifying under this solicitation regardless of business size or ownership.

Contract Assurance
The Contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

1) Withholding monthly progress payments;
2) Assessing sanctions;
3) Liquidated damages; and/or
4) Disqualifying the Contractor from future bidding as non-responsible.

Prompt Payment
The prime contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than 30 days from the receipt of each payment the prime contractor receives from Phoenix Mesa Gateway Airport Authority. The prime contractor agrees further to return retainage payments to each subcontractor within 30 days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of the Phoenix Mesa Gateway Airport Authority. This clause applies to both DBE and non-DBE subcontractors.

See Section XXI of this Contract for additional information and requirements regarding DBE. Consultant agrees to all rules, policies, and requirements a set forth in these Contract documents and Exhibits.

A13 DISTRACTED DRIVING

TEXTING WHEN DRIVING

In accordance with Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving", (10/1/2009) and DOT Order 3902.10, "Text Messaging While Driving", (12/30/2009), the Federal Aviation Administration encourages recipients of Federal grant funds to adopt and enforce safety policies that decrease crashes by distracted drivers, including policies to ban text messaging while driving when performing work related to a grant or subgrant.
In support of this initiative, the Owner encourages the Contractor to promote policies and initiatives for its employees and other work personnel that decrease crashes by distracted drivers, including policies that ban text messaging while driving motor vehicles while performing work activities associated with the project. The Contractor must include the substance of this clause in all sub-tier contracts exceeding $10,000 that involve driving a motor vehicle in performance of work activities associated with the project.

A14 PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT

Contractor and Subcontractor agree to comply with mandatory standards and policies relating to use and procurement of certain telecommunications and video surveillance services or equipment in compliance with the National Defense Authorization Act [Public Law 115-232 § 889(f)(1)].

A15 DRUG FREE WORKPLACE REQUIREMENTS

Not Applicable.

A16 EQUAL EMPLOYEMENT OPPORTUNITY (EEO)

This provision is applicable if the Scope of Work to be performed in the AOS includes tasks that meet the definition of construction.

During the performance of this contract, the Contractor agrees as follows:

(1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identify, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff, or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The Contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the Contractor's commitments under this section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The Contractor will include the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

STANDARD FEDERAL EQUAL EMPLOYMENT OPPORTUNITY CONSTRUCTION CONTRACT SPECIFICATIONS

1. As used in these specifications:
   a. "Covered area" means the geographical area described in the solicitation from which this contract resulted;
   b. "Director" means Director, Office of Federal Contract Compliance Programs (OFCCP), U.S. Department of Labor, or any person to whom the Director delegates authority;
   c. "Employer identification number" means the Federal social security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941;
   d. "Minority" includes:
      (1) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
      (2) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race);
      (3) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and
      (4) American Indian or Alaskan native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

2. Whenever the Contractor, or any subcontractor at any tier, subcontracts a portion of the work involving any construction trade, it shall physically include in each subcontract in excess of $10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this contract resulted.

3. If the Contractor is participating (pursuant to 41 CFR part 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each contractor or subcontractor participating in an approved plan is individually required to comply with its obligations under the EEO clause and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other contractors or subcontractors toward a goal in an approved Plan does not excuse any covered contractor's or subcontractor's failure to take good faith efforts to achieve the Plan goals and timetables.

4. The Contractor shall implement the specific affirmative action standards provided in paragraphs 7a through 7p of these specifications. The goals set forth in the solicitation from which this contract resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. Covered construction contractors performing construction work in a geographical areas where they do not have a Federal or

federally assisted construction contract shall apply the minority and female goals established for the geographical area where the work is being performed. Goals are published periodically in the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from Federal procurement contracting officers. The Contractor is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.

5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor's obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.

6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.

7. The Contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:

a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each construction project. The Contractor shall specifically ensure that all foremen, superintendents, and other onsite supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.
b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.
c. Maintain a current file of the names, addresses, and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source, or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.
d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.
e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under 7b above.
f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.
g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination, or other employment decisions including specific review of these items with onsite supervisory personnel such superintendents, general foremen, etc., prior to the initiation of construction work at any job site. A written

record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Contractor's EEO policy with other contractors and subcontractors with whom the Contractor does or anticipates doing business.

i. Direct its recruitment efforts, both oral and written, to minority, female, and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.

j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer, and vacation employment to minority and female youth both on the site and in other areas of a contractor's work force.

k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR part 60-3.

l. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel, for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.

m. Ensure that seniority practices, job classifications, work assignments, and other personnel practices do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations under these specifications are being carried out.

n. Ensure that all facilities and company activities are nonsegregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.

p. Conduct a review, at least annually, of all supervisor's adherence to and performance under the Contractor's EEO policies and affirmative action obligations.

8. Contractors are encouraged to participate in voluntary associations, which assist in fulfilling one or more of their affirmative action obligations (7a through 7p). The efforts of a contractor association, joint contractor-union, contractor-community, or other similar group of which the Contractor is a member and participant may be asserted as fulfilling any one or more of its obligations under 7a through 7p of these specifications provided that the Contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female workforce participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.

9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation of the Executive Order if a specific minority group of women is underutilized).

10. The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, sexual orientation, gender identity, or national origin.

11. The Contractor shall not enter into any subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.

12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination, and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations, by the Office of Federal Contract Compliance Programs. Any contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.

13. The Contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph 7 of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR part 60-4.8.

14. The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government, and to keep records. Records shall at least include for each employee, the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, contractors shall not be required to maintain separate records.

15. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g. those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

A17 FEDERAL FAIR LABOR STANDARDS ACT (FEDERAL MINIMUM WAGE)

All contracts and subcontracts that result from this solicitation incorporate by reference the provisions of 29 CFR part 201, et seq, the Federal Fair Labor Standards Act (FLSA), with the same force and effect as if given in full text. The FLSA sets minimum wage, overtime pay, recordkeeping, and child labor standards for full and part-time workers.

The Consultant has full responsibility to monitor compliance to the referenced statute or regulation. The Consultant must address any claims or disputes that arise from this requirement directly with the U.S. Department of Labor – Wage and Hour Division.

A18 LOBBYING AND INFLUENCING FEDERAL EMPLOYEES

The Bidder or Offeror certifies by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the Bidder or Offeror, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

A19 PROHIBITION of SEGREGATED FACILITIES

This provision is applicable if the Scope of Work to be performed in the AOS includes tasks that meet the definition of construction work as defined by 41 CFR part 60-1.

(a) The Contractor agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The Contractor agrees that a breach of this clause is a violation of the Equal Employment Opportunity clause in this contract.

(b) "Segregated facilities," as used in this clause, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin because of written or oral policies or employee custom. The term does not include separate or single-user rest rooms or necessary dressing or sleeping areas provided to assure privacy between the sexes.

(c) The Contractor shall include this clause in every subcontract and purchase order that is subject to the Equal Employment Opportunity clause of this contract.

A20 OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970

All contracts and subcontracts that result from this solicitation incorporate by reference the requirements of 29 CFR Part 1910 with the same force and effect as if given in full text. The employer must provide a work environment that is free from recognized hazards that may cause death or serious physical harm to the employee. The employer retains full responsibility to monitor its compliance and their subcontractor's compliance with the applicable requirements of the Occupational Safety and Health Act of 1970 (29 CFR Part 1910). The employer must address any claims or disputes that pertain to a referenced requirement directly with the U.S. Department of Labor – Occupational Safety and Health Administration.

A21 PROCUREMENT OF RECOVERED MATERIALS

Contractor and subcontractor agree to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, and the regulatory provisions of 40 CFR Part 247. In the performance of this contract and to the extent practicable, the Contractor and subcontractors are to use products containing the highest percentage of recovered materials for items designated by the Environmental Protection Agency (EPA) under 40 CFR Part 247 whenever:

a) The contract requires procurement of $10,000 or more of a designated item during the fiscal year; or
b) The contractor has procured $10,000 or more of a designated item using Federal funding during the previous fiscal year.

The list of EPA-designated items is available at www.epa.gov/smm/comprehensive-procurement-guidelines-construction-products.
Section 6002(c) establishes exceptions to the preference for recovery of EPA-designated products if the contractor can demonstrate the item is:

a) Not reasonably available within a timeframe providing for compliance with the contract performance schedule;
b) Fails to meet reasonable contract performance requirements; or
c) Is only available at an unreasonable price.

A22 RIGHT TO INVENTIONS

This provision applies to all contracts and subcontracts with small business firms or nonprofit organizations that include performance of *experimental, developmental, or research work only*.

Contracts or agreements that include the performance of experimental, developmental, or research work must provide for the rights of the Federal Government and the Owner in any resulting invention as established by 37 CFR part 401, Rights to Inventions Made by Non-profit Organizations and Small Business Firms under Government Grants, Contracts, and Cooperative Agreements. This contract incorporates by reference the patent and inventions rights as specified within 37 CFR § 401.14. Contractor must include this requirement in all sub-tier contracts involving experimental, developmental, or research work.

A23 SEISMIC SAFETY

This provision is applicable if the Scope of Work to be performed in the AOS involves the design and/or construction of a new building(s) or structural addition to an existing building(s).

In the performance of design services, the Consultant agrees to furnish a building design and associated construction specification that conform to a building code standard that provides a level of seismic safety substantially equivalent to standards as established by the National Earthquake Hazards Reduction Program (NEHRP). Local building codes that model their building code after the current version of the International Building Code (IBC) meet the NEHRP equivalency level for seismic safety. At the conclusion of the design services, the Consultant agrees to furnish the Owner a "certification of compliance" that attests conformance of the building design and the construction specifications with the seismic standards of NEHRP or an equivalent building code.

A24 TAX DELINQUENCY AND FELONY CONVICTIONS

Consultant has completed and submitted the following certification statements under the Owners solicitation and has indicated its current status as it relates to tax delinquency and felony conviction by inserting a checkmark (✓) in the space following the applicable response. The applicant agrees that, if awarded a contract resulting from the solicitation, it will incorporate this provision for certification in all lower tier subcontracts.

The clause is stated again below for inclusion in this section.

Certifications

a) The applicant represents that it is ( ) is not ( ) a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.
b) The applicant represents that it is ( ) is not ( ) a corporation that was convicted of a criminal violation under any Federal law within the preceding 24 months.

Note

If an applicant responds in the affirmative to either of the above representations, the applicant is ineligible to receive an award unless the Sponsor has received notification from the agency suspension and debarment official (SDO) that the SDO has considered suspension or debarment and determined that further action is not required to protect the Government's interests. The applicant therefore must provide information to the owner about its tax liability or conviction to the Owner, who will then notify the FAA Airports District Office, which will then notify the agency's SDO to facilitate completion of the required considerations before award decisions are made.

Term Definitions

Felony conviction: Felony conviction means a conviction within the preceding twenty four (24) months of a felony criminal violation under any Federal law and includes conviction of an offense defined in a section of the U.S. Code that specifically classifies the offense as a felony and conviction of an offense that is classified as a felony under 18 USC § 3559.

Tax Delinquency: A tax delinquency is any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.

A25 TERMINATION OF CONTRACT

Termination for Cause

Either party may terminate this Agreement for cause if the other party fails to fulfill its obligations that are essential to the completion of the work per the terms and conditions of the Agreement. The party initiating the termination action must allow the breaching party an opportunity to dispute or cure the breach.

The terminating party must provide the breaching party at least 7 days advance written notice of its intent to terminate the Agreement. The notice must specify the nature and extent of the breach, the conditions necessary to cure the breach, and the effective date of the termination action. The rights and remedies in this clause are in addition to any other rights and remedies provided by law or under this agreement.

a) **Termination by Owner**: The Owner may terminate this Agreement for cause in whole or in part, for the failure of the Consultant to:
   1. Perform the services within the time specified in this contract or by Owner approved extension;
   2. Make adequate progress so as to endanger satisfactory performance of the Project; or
   3. Fulfill the obligations of the Agreement that are essential to the completion of the Project.

   Upon receipt of the notice of termination, the Consultant must immediately discontinue all services affected unless the notice directs otherwise. Upon termination of the Agreement, the Consultant must deliver to the Owner all data, surveys, models, drawings, specifications, reports, maps, photographs, estimates, summaries, and other documents and materials prepared by the Engineer under this contract, whether complete or partially complete.

   Owner agrees to make just and equitable compensation to the Consultant for satisfactory work completed up through the date the Consultant receives the termination notice. Compensation will not include anticipated profit on non-performed services.

   If, after finalization of the termination action, the Owner determines the Consultant was not in default of the Agreement, the rights and obligations of the parties shall be the same as if the Owner issued the termination for the convenience of the Owner.

b) **Termination by Consultant**: The Consultant may terminate this Agreement for cause in whole or in part, if the Owner:
   1. Defaults on its obligations under this Agreement;
   2. Fails to make payment to the Consultant in accordance with the terms of this Agreement;
   3. Suspends the project for more than 180 days due to reasons beyond the control of the Consultant.

   Upon receipt of a notice of termination from the Consultant, Owner agrees to cooperate with Consultant for the purpose of terminating the agreement or portion thereof, by mutual consent. If Owner and Consultant cannot reach mutual agreement on the termination settlement, the Consultant may, without prejudice to any rights and remedies it may have, proceed with terminating all or parts of this Agreement based upon the Owner's breach of the contract.

In the event of termination due to Owner breach, the Consultant is entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all justified, and approved by Owner, reimbursable expenses incurred by the Consultant through the effective date of termination action.

Termination for Convenience

This Contract may be terminated at any time by mutual written consent or by Owner - with or without cause - provided the terminating party gives fourteen (14) calendar days' advance written notice to the other party. Owner may terminate this Contract, in whole or in part, for Owner's convenience and with fourteen (14) days' written notice. If this Contract is terminated, then Owner is liable only for services rendered and material received, certified, and approved by Owner under the Contract before the termination effective date.

Each payment obligation of Owner created hereby is conditioned on the availability of Owner, state, or federal funds appropriated for payment of the obligation. If funds are not available or allocated by Owner for continuance of service under this Contract, then Owner may terminate the Contract. Owner shall promptly notify Consultant regarding the service that may be affected by a shortage of funds. No penalty accrues to Owner if this provision is exercised, and Owner shall not be liable for any future payments due or for any damages as a result of termination under this paragraph.

Upon termination of the Contract, the Consultant must deliver to PMGAA all data, surveys, models, drawings, specifications, reports, maps, photographs, estimates, summaries, and other documents and materials prepared by Owner, its Engineer, Architect, or representative, under this contract, whether complete or partially complete.

A26 TRADE RESTRICTION CERTIFICATION

By submission of an offer, the Offeror certifies that with respect to this solicitation and any resultant contract, the Offeror –

1) is not owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms as published by the Office of the United States Trade Representative (USTR);
2) has not knowingly entered into any contract or subcontract for this project with a person that is a citizen or national of a foreign country included on the list of countries that discriminate against U.S. firms as published by the USTR; and
3) has not entered into any subcontract for any product to be used on the Federal project that is produced in a foreign country included on the list of countries that discriminate against U.S. firms published by the USTR.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18 USC § 1001.

The Offeror/Contractor must provide immediate written notice to the Owner if the Offeror/Contractor learns that its certification or that of a subcontractor was erroneous when submitted or has become erroneous by reason of changed circumstances. The Contractor must require subcontractors provide immediate written notice to the Contractor if at any time it learns that its certification was erroneous by reason of changed circumstances.
Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR § 30.17, no contract shall be awarded to an Offeror or subcontractor:

1) who is owned or controlled by one or more citizens or nationals of a foreign country included on the list of countries that discriminate against U.S. firms published by the USTR; or
2) whose subcontractors are owned or controlled by one or more citizens or nationals of a foreign country on such USTR list; or
3) who incorporates in the public works project any product of a foreign country on such USTR list.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of a contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

The Offeror agrees that, if awarded a contract resulting from this solicitation, it will incorporate this provision for certification without modification in all lower tier subcontracts. The Contractor may rely on the certification of a prospective subcontractor that it is not a firm from a foreign country included on the list of countries that discriminate against U.S. firms as published by USTR, unless the Offeror has knowledge that the certification is erroneous.

This certification is a material representation of fact upon which reliance was placed when making an award. If it is later determined that the Contractor or subcontractor knowingly rendered an erroneous certification, the Federal Aviation Administration (FAA) may direct through the Owner cancellation of the contract or subcontract for default at no cost to the Owner or the FAA.

A27 VETERAN'S PREFERENCE

In the employment of labor (excluding executive, administrative, and supervisory positions), the Contractor and all sub-tier contractors must give preference to covered veterans as defined within Title 49 United States Code Section 47112. Covered veterans include Vietnam-era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns (as defined by 15 USC § 632) owned and controlled by disabled veterans. This preference only applies when there are covered veterans readily available and qualified to perform the work to which the employment relates.

A28 DOMESTIC PREFERENCES FOR PROCUREMENTS

CERTIFICATION REGARDING DOMESTIC PREFERENCES FOR PROCUREMENTS

The Bidder or Offeror certifies by signing and submitting this bid or proposal that, to the greatest extent practicable, the Bidder or Offeror has provided a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including, but not limited to, iron, aluminum, steel, cement, and other manufactured products) in compliance with 2 CFR § 200.322.

EXHIBIT F- SUBCONTRACTING AND DBE OUTREACH FORMS

Consultant shall submit the following Attachments at time Consultant submits it's fee proposal for **each** AOS that is federally funded:

Attachment(s) A – Subcontracting and Outreach Efforts Summary
Attachment(s) B – Letter of Intent to Perform as a Subcontractor

ATTACHMENT A
SUBCONTRACTING AND OUTREACH EFFORTS SUMMARY

Submit: **Prior to AOS award for each subcontracting opportunity identified** **(even if it did not result in a subcontract)**
Completed By: **Prime Consultant**

NAME OF CONSULTANT: _____ **PROJECT DESCRIPTION:** _____

OVER FOR INSTRUCTIONS

PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
CERTIFICATION OF PROMPT PAYMENT TO SUBCONTRACTORS

INSTRUCTIONS

Prime Consultant or Subcontractor will prepare a form for each Subcontractor being paid from each Airport payment for services when the Subcontractor is being paid. The amount paid to each Subcontractor should match the amount earned less any retention held on a pay application as shown on Attachment C.

The date documented by the Prime Consultant or Subcontractor must be the date a check is issued or that an Electronic Fund Transfer is completed as payment to the Subcontractor. This must be in conformance with State and Federal prompt payment regulations per the contract.

The authorized Prime Consultant or Subcontractor must sign and certify the accuracy of the information on this Attachment E and send it to the Subcontractor.

The Subcontractor must document the amount of payment received and the date payment from the Prime Consultant or Subcontractor was received. The authorized Subcontractor representative must sign and certify accuracy of the information.

The Subcontractor must email a scan of the record to the Airport within five (5) days of receipt of the Prime Consultant or Subcontractor payment. Airport contact information is as follows:

PromptPayment@gatewayairport.com

The Subcontractor should also copy the Prime Consultant or Subcontractor on the record.

The Prime Consultant and Subcontractor must retain the payment records and evidence of compliance for three years following completion of the contract.

FOR QUESTIONS ON COMPLETING THIS FORM, PLEASE CONTACT THE PHOENIX-MESA GATEWAY AIRPORT AUTHORITY AT (480) 988-7628.

Subcontractors may file complaints on alleged violations of the Prompt Payment standards by contacting the Airport Project Manager or Airport Staff at the number noted above.

EXHIBIT H – CONSULTANT'S DBE PERFORMANCE PLAN

PMGAA and Consultant acknowledge that certain projects may be funded with Federal funds and Consultant's approved DBE Performance Plan submitted under PMGAA's solicitation 2024-005-RFQ is hereby incorporated into the Contract and will be utilized by Consultant throughout the duration of each federally funded project.

EXHIBIT I – CONSULTANT'S RFQ SUBMITTAL

Consultant's Statement of Qualifications in response to Phoenix-Mesa Gateway Airport Authority's Solicitation 2024-005-RFQ dated October 12, 2023, is hereby incorporated into the Contract and made part of this Contract.

Board Action Item

Re: Resolution 23-66

To:	**Board of Directors**
From:	**Lori Collins, Director of Business and Economic Development**
Through:	**J. Brian O'Neill, A.A.E., Executive Director/CEO**
Subject:	**Allegiant Air, LLC, Air Carrier Operating Agreement**
Date:	**December 19, 2023**

Proposed Motion

To authorize the Executive Director to execute an Air Carrier Operating Agreement with Allegiant Air, LLC for commercial air service at the Airport.

Narrative

Allegiant Air, LLC ("Allegiant"), a wholly owned subsidiary of Allegiant Travel Company, currently provides commercial passenger transportation services to forty-five domestic destinations at Phoenix-Mesa Gateway Airport ("Airport"). Allegiant's operation at the Airport is governed and guided by an Air Carrier Operating Agreement that specifies exclusive, preferential, and non-exclusive rights to facilities and infrastructure; as well as establishes associated operating costs.

This new one-year agreement accomplishes several important goals:

- Maintains and promotes a low-cost operating structure for Allegiant at the Airport
- Allocates facilities for Allegiant's preferential use.
- Encourages and rewards future growth at the Airport by Allegiant through a defined incentive and non-airline revenue sharing program.
- Preserves and enhances an operating environment at the Airport that provides Allegiant unparalleled efficiency and convenience.

Fiscal Impact

The Airport receives revenue from Allegiant through facility leases; aircraft landing and parking fees; terminal and terminal equipment use fees; and fuel storage/upload fees. The Airport also receives revenue from Allegiant's customers for vehicle parking and other ground transportation services; food/beverage/retail purchases; Passenger Facility Charges (PFC); Customer Facility Charges (CFC); and Federal Aviation Administration (FAA) Airport Improvement Program (AIP) Entitlement Grants.

Attachment(s)

Air Carrier Operating Agreement

RESOLUTION NO. 23-66

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize the Executive Director to execute an Air Carrier Operating Agreement with Allegiant Air, LLC for commercial air service at the Airport;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes the Executive Director to execute an Air Carrier Operating Agreement with Allegiant Air, LLC for commercial air service at the Airport. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**

Passed and adopted by the Authority this 19th day of December, 2023.

Walter Wilson, Chair

PHOENIX-MESA GATEWAY AIRPORT AUTHORITY
AIR CARRIER OPERATING AGREEMENT

This Air Carrier Operating Agreement (the "Agreement") is executed to be effective the 1st day of January 2024 (the "Effective Date") between the **PHOENIX-MESA GATEWAY AIRPORT AUTHORITY** ("PMGAA"), a joint powers airport authority authorized under the laws of the State of Arizona ("PMGAA"), and **ALLEGIANT AIR, LLC** ("CARRIER"). PMGAA and CARRIER may be referred to collectively as "Parties," and each separately may be referred to as a "Party."

RECITALS:

A. PMGAA is the owner and operator of the Phoenix-Mesa Gateway Airport generally located at the intersection of Ray Road and Sossaman Road, City of Mesa, Maricopa County, Arizona (the "Airport"); and

B. PMGAA has the right to enter into Agreement, license and grant the use of property and facilities on the Airport and has full power and authority to enter into this Agreement in respect thereof; and

C. CARRIER provides commercial airline services, charters, flight crews, aircraft and desires to use the Airport facilities for commercial operations; and

D. CARRIER desires to obtain certain non-exclusive rights to use the common use areas of the passenger terminal, services and privileges in connection with the use of the Airport and its facilities, and PMGAA is willing to grant the same to CARRIER upon the terms and conditions hereinafter stated; and

E. The Parties agree to enter into this Agreement, specifying the rights and obligations of the Parties with respect to the operation of the Airport by PMGAA and the use and/or occupancy of the Airport by CARRIER;

NOW, THEREFORE, for good and valuable consideration, the mutual covenants and conditions herein set forth and the sufficiency of which is agreed to by the Parties, the Parties hereby agree as follows:

1. PERMITTED ACTIVITIES AND CONDITIONS OF AIRPORT USE.

1.1 CARRIER shall have the right to use, in common with others, the passenger terminal, taxiways, runways and air navigational aids of the Airport for the purpose of conducting its Federal Aviation Regulation (FAR) Part 121 scheduled domestic operations, public charter, private charter and the landing and taking off of aircraft incidental thereto, and provided, however, such activities and services are performed in strict accordance with applicable PMGAA Minimum Standards, upon terms and conditions as herein provided.

1.2 RESERVED.

1.3 CARRIER shall not engage in any other commercial or revenue producing activity at the Airport (excluding charter activities by CARRIER, and charter activities requested by PMGAA) without first applying for and receiving written approval for such activity from PMGAA. In the event any other commercial or revenue producing activity is engaged in by CARRIER prior to obtaining such approval, without waiver or limitation of any other remedies available to PMGAA at law or equity, CARRIER hereby agrees to remit to PMGAA the sum equal to TEN PERCENT (10%) of gross billings for such unauthorized activity, plus any expenses incurred by PMGAA in the course of any audit conducted for all of CARRIER's activities.

1.4 CARRIER shall at all times comply with all Federal, State and local laws, ordinances, rules and regulations which are applicable to its operations or the Premises itself (including but not limited to the Americans with Disabilities Act), including all laws, ordinances, rules and regulations adopted after the Effective Date. Carrier shall at all times comply with the PMGAA Rules and Regulations, as the same may be amended from time to time in the Authority's sole and absolute discretion.

2. TERM.

2.1 Subject to earlier termination as provided herein, the term of this Agreement shall be one (1) year, commencing on the Effective Date (the "Term").

2.2 Either Party may terminate this Agreement by providing the notified Party ninety (90) calendar days advance written notice of the terminating Party's intent to do so.

3. EXCLUSIVE, PREFERENTIAL, AND NONEXCLUSIVE RIGHTS.

CARRIER shall have the exclusive, preferential, and non-exclusive rights, as applicable, to occupy and use the designated areas of the Airport while in compliance with the terms and conditions of this Agreement. All rights granted to CARRIER under this Agreement are nonexclusive, except as otherwise expressly stated in this Agreement. PMGAA may, in its sole discretion and at any time, permit third parties to conduct any and all business activities at the Airport that PMGAA deems appropriate, or conduct such activities itself, provided that such activities do not require or materially interfere with CARRIER's use of the Airport.

3.1 CARRIER shall not schedule or advertise flight schedules originating from or destined for Phoenix-Mesa Gateway Airport without prior coordination with PMGAA and confirmation from PMGAA of terminal availability.

Pursuant to PMGAA's Common Use Facilities Operating Procedures (attached as **EXHIBIT C**), CARRIER shall submit a copy of CARRIER's proposed schedule to PMGAA no less than 60 days prior to the schedule effective date. Along with the schedule submission, CARRIER shall include the name and contact information of the individual responsible for setting CARRIER's schedule at the Airport.

3.2 PMGAA shall provide CARRIER with exclusive use of the Airport facilities identified in **EXHIBIT D**.

3.3 PMGAA shall provide CARRIER with preferential use of five (5) boarding gates and twelve (12) ticketing positions. In addition, CARRIER shall have common use access to additional ticket counters, gate hold rooms, and the baggage claim area for scheduled flight operations, the scheduling of such use is subject to the guidelines outlined in PMGAA's Common Use Facilities Operating Procedures. Common use requirements shall be scheduled with PMGAA's Operations & Maintenance department prior to any planned use.

3.4 PMGAA has implemented Common Use Facilities Operating Procedures. PMGAA reserves the right to modify said procedures from time-to-time, as it deems necessary in its sole and absolute discretion and authority to accomplish its purposes. CARRIER shall at all times comply with these operating procedures.

3.5 PMGAA has implemented an Airport Security Program in a form acceptable to the Transportation Security Administration (TSA). PMGAA reserves the right to modify said program from time-to-time, as it deems necessary to accomplish its purposes. CARRIER shall at all times comply with the Airport Security Program and indemnify, defend, hold and save PMGAA, its board members, member governments, officers, officials, employees, and agents free and harmless for, from, and against any violations of said Security Program caused, or alleged to be caused, by the acts, errors or omissions of CARRIER, its employees, agents, invitees or contractors.

4. RENTALS, FEES AND CHARGES

4.1 General. Rent for use of any exclusive use space is due and payable at the beginning of each month. All other fees are assessed at the time of each use, flight, or service, as applicable, and are due and payable no later than the twentieth (20th) day of the following month in which the use or activity occurred ("Fee Due Date"). CARRIER shall self-report its flight activity monthly to PMGAA pursuant to Section 5. Delinquent rents and fees shall be assessed a finance charge in accordance with Section 4.11.2. Any ground handling services requested of PMGAA or other authorized service provider by CARRIER shall be governed by a separate agreement. In any event, CARRIER shall be the responsible party for the purposes of this Air Carrier Operating Agreement, and therefore CARRIER shall pay, or cause to be paid, to PMGAA, the fees and charges as outlined below.

4.2 Landing Fees. CARRIER shall pay a landing fee at a rate equal to the amount reflected on the most current Airport Rates & Charges Schedule at the time of the aircraft operation, for each flight operated by or in conjunction with CARRIER that is subject to a landing fee. The weight used to determine the landing fee for any particular aircraft shall be its maximum certificated gross landing weight (MGLW), as certified by the Federal Aviation Administration (FAA).

4.3 Terminal Use Fees. Terminal Use includes ticket counter(s) and lobby area, secure hold room and boarding area podium, aircraft parking position, baggage claim area, and common use computer equipment per flight. CARRIER shall pay PMGAA a Terminal Use Fee in the amount reflected on the most current Airport Rates & Charges Schedule.

4.4 Common Use Set-up and Operating Fees. CARRIER shall pay PMGAA for common use terminal equipment, internet connection, and dark fiber per the most current Airport Rates & Charges Schedule.

4.5 Aircraft Parking Fees. CARRIER shall pay PMGAA a fee per the most recent Airport Rates & Charges Schedule for any aircraft occupying an aircraft parking position, including terminal gates and remote parking positions, for more than three hours. This fee shall be waived if the aircraft performed a revenue service operation the day prior or will perform a revenue service operation the day after being parked for more than three hours.

4.6 Passenger Facility Charges. CARRIER shall pay monthly to PMGAA, on or before the Twentieth (20th) day of each month (the "PFC Due Date"), a Passenger Facility Charges (PFC) in the amount of Four and 50/100 Dollars ($4.50) for each Enplaned Passenger departing the Airport on a CARRIER Revenue Flight during the previous calendar month. The collection of said fees by CARRIER shall be subject to the terms, conditions and methods of collection set forth in the Aviation Safety and Capacity Expansion Act of 1990, Section 9110, at it now exists or is modified hereafter (the "PFC Act") and 14 CFR 158.53.

4.7 Monthly Tie Down Fees. CARRIER shall pay Monthly Tie Down Fees per Airports Rates and Charges.

4.8 Fueling Fees. CARRIER shall execute a Fueling Service Agreement with PMGAA co-terminous with this Agreement.

4.9 Aircraft Ramp Space and Services. CARRIER shall pay PMGAA monthly for any aircraft line services, out-of-station Aircraft Rescue and Firefighting (ARFF) services, operations safety officers, ground service equipment use, fuel spill response teams and any other space or service requirements as specified in the Airport Rates & Charges Schedule or, if not so specified in that Schedule, as determined by PMGAA (collectively, "Additional Services").

4.10 Other Fees. Unless specified otherwise herein, CARRIER shall pay PMGAA for its usage or rental of PMGAA equipment and the performance of services by PMGAA within TEN (10) business days of CARRIER's receipt of an invoice (the "Invoice Due Date") for same from PMGAA. The

amount of such fees shall be as provided by separate agreement between CARRIER and PMGAA, or, in the absence of such agreement, as specified in the most current Airport Rates and Charges Schedule or Airport Fees, Services & Rental Rates in effect when the charge or fee was incurred. Failure to remit payment by the Invoice Due Date may result in the suspension of further equipment rentals or services until payment is made to PMGAA in full.

4.11 Requirements. With regard to the fees and charges specified in this SECTION 4, the following conditions and considerations shall apply:

4.11.1 Airport Rates & Charges Schedule. The Airport Rates & Charges Schedule and Airport Fees, Services and Rental Rates referred to in this Agreement may be revised from time to time. CARRIER shall pay the most current fee(s) at the time of the event or service, as applicable, unless specifically outlined in this Agreement. The current Airport Rates & Charges Schedule and the Airport Fees, Services and Rental Rates are attached as **EXHIBIT A** and is subject to change without prior notice or approval of CARRIER.

4.11.2 Finance Charges and Late Fees. If CARRIER fails to pay any charge due and owing to PMGAA in full on or before Fee Due Date, Invoice Due Date or PFC Due Date, as applicable, CARRIER shall be responsible for interest on the unpaid fee or charge at the rate of EIGHTEEN PERCENT (18%) per annum from the applicable due date until payment in full is made. In addition, in the event any payment is received more than TEN (10) days after the applicable due date, a late penalty of TEN PERCENT (10%) of the amount of such delinquent amount shall be due and payable in addition thereto.

4.11.3 Books and Records. CARRIER shall maintain permanent books, records and ledgers accurately reflecting the total passengers, and total number of monthly aircraft landings for all aircraft subject to a landing fee indicating the make, type (including model designation), registration number, maximum certificated gross landing weight, and arrival and departure time of each aircraft involved. These records shall be made available to PMGAA upon request. PMGAA may audit the books, records and ledgers maintained by CARRIER in accordance with this SECTION 4. In the event an audit reveals a deficiency of TWO PERCENT (2%) or greater in the amount of payment made pursuant to this SECTION 4, CARRIER shall not only pay such deficiency but also the cost of any audit performed by PMGAA.

4.12 Airport Incentives. As an inducement for CARRIER to initiate additional airline services at the Airport, PMGAA is prepared to provide a comprehensive package of incentives that could include landing fee and terminal use fee waivers, specific route revenue guarantees, and non-airline revenue sharing for eligible new nonstop destinations, increased frequency to existing destinations identified as underserved by PMGAA, and total annual emplaned passenger activity. The PMGAA Air Service Incentive Program for CARRIER is attached as **EXHIBIT E**.

5. REPORTING REQUIREMENTS

5.1 CARRIER shall file with PMGAA written reports for the items specified below no later than the TENTH (10th) day of the calendar month following the month in which the specified activities occurred. Such reports shall cover all of CARRIER's Airport activities during said month, and include activity handled by CARRIER for other Air Transportation Companies not having an agreement with PMGAA providing for its own submission of activity data to PMGAA.

5.1.1 A complete listing of all of CARRIERS's actual aircraft landings at the Airport, including aircraft type and MGLW; and a listing, by destinations, of the number of flights that qualify under applicable waiver agreements for any landing fee waivers;

5.1.2 A complete listing of CARRIER's Enplaned Passengers and Deplaned Passengers, specified by and including the type of aircraft;

5.1.3 A complete listing, by date and flight number, of CARRIER's commercial cargo loaded and off loaded.

5.2 PMGAA shall have the right to rely on said activity reports in determining rentals and other charges due hereunder; provided, however, CARRIER shall have full responsibility for the accuracy of said reports. Payment deficiencies due to incomplete or inaccurate activity reports shall be subject to interest charges as set forth in SECTION 4.11.2 herein.

5.3 CARRIER shall at all times maintain and keep books, ledgers, accounts or other records wherein are accurately kept all entries reflecting the activity statistics to be reported pursuant to SECTION 5. Such records shall be retained by CARRIER for a period of THREE (3) years subsequent to the activities reported therein, or such other retention period as set forth in 14 CFR Part 249.7, and made available at Mesa, Arizona for audit and/or examination by PMGAA or its duly authorized representative during all normal business hours. CARRIER shall produce such books and records at Mesa, Arizona within THIRTY (30) calendar days of PMGAA's notice to do so or pay all reasonable expenses, including but not limited to, transportation, food, lodging and other related expenses, necessary for an auditor selected by PMGAA to audit said books and records.

5.4 The cost of audit, with the exception of the aforementioned expenses, shall be borne by PMGAA; provided, however, the total cost of said audit shall be borne by CARRIER if either or both of the following conditions exist:

5.4.1 The audit reveals an underpayment of more than TWO PERCENT (2%) of rentals, fees and charges due hereunder, as determined by said audit; and/or

5.4.2 CARRIER has failed to maintain true and complete books, records, accounts and supportive source documents in accordance with SECTION 5.

5.5 All payments due and payable hereunder shall be paid in lawful money of the United States of America, without set off, by check made payable to the Phoenix-Mesa Gateway Airport Authority and delivered to:

Phoenix-Mesa Gateway Airport Authority
Attn.: Accounts Receivable
5835 S. Sossaman Road
Mesa, Arizona 85212-0614

6. INSURANCE

6.1 General. Carrier shall procure and maintain the following types and amounts of insurance for its operations at the Airport throughout the Term of this Agreement and any extension thereto:

Aircraft Liability insurance covering third party bodily injury and property damage, and passenger and contractual liabilities which shall protect and indemnify PMGAA from any and all claims arising in connection with aircraft movement on the Airport in amounts as are customarily carried by a carrier of like kind and size, but in no event less than $250,000,000.00 per occurrence. Such insurance shall also insure against third party liabilities arising from War Risk perils.

Airport Premises Liability insurance third party bodily injury and property damage, including coverage for "premises/operations," "products and completed operations," "host liquor" and "blanket contractual" liabilities in an amount not less than $250,000,000.00 per occurrence.

Comprehensive Automobile Liability insurance for all owned, non-owned and hired vehicles operated airside on the Airport that are assigned to or used in the performance of commercial activities in the amount of $25,000,000.00 per occurrence or combined single limit. If any hazardous materials are transported in conjunction with Carrier's business operations at or on the Airport, an MSC 90 endorsement shall be required in addition thereto.

Workers' Compensation insurance, as required by law, and *Employer's Liability* insurance in the amount of $1,000,000.

6.2 Additional Insurance. At any time during the Term of this Agreement, including any extension thereto, PMGAA may, in its reasonable determination decide that the insurance coverage required by this SECTION 6 is no longer adequate, require CARRIER to increase its coverage to commercially reasonable amounts.

6.3 Blanket Insurance. CARRIER's insurance obligations under this Agreement may be satisfied by means of the general corporate "blanket" policies carried by it and evidenced by the insurance carrier's standard certificates thereof.

6.3.1 Use of Proceeds. Proceeds of any liability and property damage insurance required under this SECTION 6 shall be applied toward extinguishing, satisfying or remedying the liability, loss or damage with respect to which such proceeds may be paid.

6.4 Indemnity. To the fullest extent permitted by law CARRIER (as "indemnitor") shall indemnify, defend, hold and save PMGAA, its board members, and its member governments, officers, officials, employees, and agents (as "indemnitee") free and harmless of, for, from and against any and all Losses caused in whole or in part by (a) any act or omission of CARRIER (including indemnitor's officers, officials, agents, employees, contractors or invitees), (b) CARRIER's operations at the Airport, (c) CARRIER's violations of said Security Program caused, or alleged to be caused, by the acts, errors or omissions of CARRIER, its employees, agents, invitees or contractors, or (d) any default by CARRIER hereunder. This indemnification shall exclude responsibility for any consequential damages and for claims to the extent arising by reason of the negligent or wrongful act of PMGAA or its employees, contractors or agents. For purposes hereof "Losses" shall mean any and all losses, liabilities, judgments, suits, claims, damages, fines, penalties, costs and expenses (including reasonable attorneys and consultant fees, investigation costs, monitoring costs, remediation costs, and court costs), of any kind or nature." In carrying out the defense of any claim subject to its indemnification obligations hereunder, CARRIER shall use counsel reasonably acceptable to PMGAA.

6.5 Insurance Form. Each insurance policy obtained pursuant to this SECTION 6, except for Workers' Compensation and Employer Liability policies, shall: (i) name PMGAA as a certificate holder or an additional insured to the extent of Operator's contractual indemnity obligations; (ii) contain a provision that written notice of cancellation or modification thereof shall be given to PMGAA not less than THIRTY (30) calendar days before such cancellation or modification takes effect (TEN (10) days in the case of nonpayment of premium); and (iii) contain a waiver of subrogation in favor of PMGAA. Operator shall not permit any insurance policy to be canceled or modified without PMGAA's written consent unless equivalent replacement policies are issued with no lapse in coverage. All policies shall be obtained from insurance companies licensed to do business in the State of Arizona and possessing a rating of at least A - VII or higher from the A.M. Best Company, or an equivalent rating approved by PMGAA.

7. DISABLED OR ABANDONED AIRCRAFT.

7.1 Removal of Disabled Aircraft. Should any aircraft owned or operated by CARRIER, through accident or for any other reason, become disabled or be abandoned in any area which could interfere with the continuous, normal operations of any of the runways, taxiways and airfield facilities at the Airport, CARRIER shall, at CARRIER'S sole cost and expense:

7.1.1 Immediately remove said aircraft to such location as may be designated by PMGAA, unless such aircraft is required to remain in place pending investigation by the appropriate regulatory agency or agencies of the federal government; and

7.1.2 In the event of any accident where federal investigation in place is required, immediately upon receiving clearance to do so from the appropriate federal agency, remove said aircraft and any wreckage or debris resulting therefrom to the area(s) designated by said federal agency authorizing such removal; otherwise, such aircraft wreckage and debris shall be immediately removed from the Airport or stored at a location approved by PMGAA.

7.2 Failure to Remove Disabled Aircraft. Should CARRIER fail to proceed immediately to remove disabled aircraft, or should aircraft owned or operated by CARRIER be abandoned on the Airport, PMGAA shall have the right to remove such aircraft by any means PMGAA deems necessary under the circumstances, and CARRIER shall, to the fullest extent permitted by law, indemnify, defend, keep and hold PMGAA, its members, board of directors, officers, agents, officials, servants, employees and contractors harmless from and against any and all claims, costs, loss, liability, actions, suits, proceedings, damage or expense (including costs of suit and attorneys' fees and expenses) incurred by PMGAA or claimed by anyone by reason of removal of said aircraft, injury to persons or property or damages to such aircraft caused by such removal, as well as storage costs therefor. CARRIER shall reimburse PMGAA for any costs incurred by PMGAA in removing and storing any aircraft, at PMGAA's sole discretion, and as provided herein in performing authorized maintenance on its aircraft on the Airport.

7.3 Sound and Noise Suppression. CARRIER shall comply fully with Airport Rules & Regulations and Minimum Standards when performing high-speed engine test operations at the Airport, if any, and SECTION 10.3 to mitigate excessive ambient sound and/or noise that may be generated incident thereto and that have or may have an adverse effect on other Airport tenant operations and the surrounding community. CARRIER acknowledges and agrees that the Airport Rules & Regulation for such test operations may change from time to time at PMGAA's sole and absolute discretion. CARRIER also agrees that any costs associated with compliance with Airport Rules & Regulations for sound or noise suppression or mitigation shall be borne solely by CARRIER.

8. ENVIRONMENTAL COMPLIANCE.

CARRIER shall at all times during the existence of this Agreement promptly observe and comply with applicable Federal, State, and local laws, regulations, rules and standards concerning the environment (collectively, the "Environmental Laws"). CARRIER shall be responsible for collecting, storing, recycling and/or disposing of its hazardous or toxic waste, if any, in compliance with the Environmental Laws governing the storage and disposal of hazardous or toxic waste. CARRIER shall ensure its employees and agents are aware that domestic drains, storm drains, or industrial waste drains shall not be used to dispose of gasoline, hydraulic fluid, solvents, concentrated cleaning agents or any other hazardous or toxic materials. Where so required, PMGAA may act on behalf of CARRIER, as and if appropriate, to dispose of CARRIER's waste, sign manifests on behalf of CARRIER and assign such disposal to CARRIER's EPA identification (ID) number. CARRIER shall repay PMGAA the costs and fees for doing so within TEN (10) days of demand therefor. CARRIER shall, to the fullest extent permitted by law, indemnify, defend and hold PMGAA, its members, board of directors, officers, agents, officials, employees, and contractors harmless from and against any and all claims, costs, loss, liability, actions, suits, proceedings, damage or expense including, but not limited to, the costs of suit and reasonable attorneys' fees and expenses of any nature whatsoever arising out of or related to CARRIER's failure to comply with the Environmental Laws.

9. TAXES AND RELATED IMPOSITIONS.

In the event any governmental authority shall impose a tax or imposition based upon this Agreement, upon CARRIER or its aircraft, or upon payments to be made hereunder, CARRIER shall pay such amounts either to PMGAA or the appropriate governmental authority on or before any delinquency date. Specifically, CARRIER shall be responsible for any transaction privilege, sales, excise or other similar tax except income taxes as a

result of this Agreement. CARRIER shall also pay all licensing or permitting fees necessary or required by law for the conduct of its aeronautical operations hereunder, or any other matters hereunder. CARRIER shall be responsible for any property interests created hereunder, which may constitute or be deemed to be a possessory interest for purposes of taxation.

10. RULES, REGULATIONS AND MINIMUM STANDARDS.

10.1 CARRIER shall at all times comply with all federal, State and local laws and ordinances, rules and regulations, which are applicable to its operations, or the operation, management, maintenance, or administration of the Airport, including but not limited to the Americans with Disabilities Act, and all laws, ordinances, rules and regulations adopted after the Effective Date. CARRIER shall at all times comply with all Airport Rules and Regulations, and Minimum Standards established by PMGAA regarding operation and maintenance of the Airport, copies of which are attached as **EXHIBIT B** and are incorporated herein. CARRIER will be responsible for controlling and preventing disruptive pedestrian and vehicle traffic, if any, associated with its activities on the Airport. CARRIER also shall display or provide copies to PMGAA of any permits, licenses, or other evidence of compliance with laws upon request.

10.2 PMGAA shall operate the Airport in compliance with all applicable Federal state and local laws, ordinances, rules and regulations, and shall enforce the Airport Rules and Regulations established by it to ensure the effective and orderly operation of the Airport, and to prevent any disruption caused by CARRIER's operations at and on the Airport.

10.3 CARRIER acknowledges receipt of and agrees to abide by PMGAA's *Fly Friendly* noise abatement procedures and will provide such information to flight crews and/or students, post the information in CARRIER's flight planning area, and use the procedures to the extent possible when consistent with safety and air traffic control directives.

11. DEFAULT: TERMINATION BY PMGAA

11.1 General Grounds. PMGAA may terminate this Agreement upon the occurrence of any of the following events:

11.1.1 Failure of CARRIER to perform any of its obligations under this Agreement, or any other contract, license or agreement between the Parties, which failure shall not be cured within FIVE (5) business days after delivery by PMGAA **to** CARRIER of a written notice of such failure.

11.1.2 The filing of any lien against the Airport because of any act or omission of CARRIER which is not discharged within FIVE (5) business days of receipt of actual notice of such lien by CARRIER.

CARRIER may terminate this Agreement upon the occurrence of any of the following events:

11.1.3 Failure of PMGAA to perform any of its obligations under this Agreement, or any other contract, license or agreement between the Parties, which failure shall not be cured within FIVE (5) business days after delivery by CARRIER **to** PMGAA of a written notice of such failure.

11.1.4 The filing of any lien against CARRIER because of any act or omission of PMGAA which is not discharged within FIVE (5) business days of receipt of actual notice of such lien by PMGAA.

11.2 Failure to Pay Fees. PMGAA may declare CARRIER in default of this Agreement by giving CARRIER FIVE (5) business day's written notice of CARRIER's failure to timely pay any fees or payments due pursuant to this Agreement. If CARRIER fails to cure such payment

default within said FIVE (5) business day period, PMGAA may, in its sole discretion, elect to do any one or more than one of the following:

11.2.1 Institute action(s) to enforce this Agreement; or

11.2.2 Terminate this Agreement automatically without further notice to CARRIER; or

11.2.3 Exercise any other remedy allowed by law or equity.

11.3 Failure to Provide Insurance. In the event CARRIER at any time fails to maintain all insurance coverage required by this Agreement, PMGAA shall have the right, upon written notice to CARRIER, **to** immediately terminate this Agreement or secure the required insurance at CARRIER's expense.

11.4 No Waiver by PMGAA. No waiver by PMGAA of any default by CARRIER in the performance of its obligations under this Agreement shall be deemed to be a waiver of any subsequent default by CARRIER in the performance of any such obligations.

12. GOVERNING LAW; ATTORNEY'S FEES.

The laws of the State of Arizona shall govern this Agreement and the matters set forth therein, without regard to its conflict of law principles. Venue of any action brought under this Agreement shall, at the option of PMGAA, lie in Maricopa County, Arizona. In the event of any litigation or arbitration between PMGAA and CARRIER arising under this Agreement, the successful party shall be entitled to recover its attorney's fees, expert witness fees and other costs incurred in connection with such litigation or arbitration.

13. NONWAIVER.

PMGAA's right to revoke this Agreement shall be absolute. Any election by PMGAA to not enforce any provision of this Agreement, or any failure by PMGAA to exercise any of the remedies allowed PMGAA under this Agreement, shall not operate as a waiver by PMGAA of any of its right hereunder.

14. ASSIGNMENT.

CARRIER shall not assign or transfer any right or interest in this Agreement.

15. OTHER RESTRICTIONS.

CARRIER shall comply with all rules, laws, ordinances, and statues of any governmental authority having jurisdiction over the Airport or the matters provided in this Agreement.

16. AIRPORT SECURITY.

PMGAA maintains an approved Airport Security Plan (the "Security Plan") pursuant to 49 CFR Parts 1540 and 1542. CARRIER shall at all times comply with the Security Plan and the written and verbal directives issued by PMGAA supporting the Security Plan.

16.1 CARRIER shall immediately correct physical or procedural deficiencies which are contrary to the Security Plan, security directives, security bulletins, or verbal notifications existing now or in the future. CARRIER is responsible for maintaining security practices, facilities, and perimeter boundaries on their leasehold that meet the security standards of the Security Plan.

16.2 CARRIER shall, to the fullest extent permitted by law, indemnify, defend, and hold PMGAA harmless for, from, and against any violations of the Security Plan committed by any agents, employees, invitees, subcontractors, or independent contractors of CARRIER.

16.3 CARRIER shall conduct and document all self-audits and self-inspections as required by the TSA or PMGAA and make such audits available for inspection.

16.4 CARRIER shall designate a primary security coordinator to receive security -related briefings, bulletins, and sensitive security information ("SSI").

16.5 PMGAA reserves the right to modify the Security Plan from time-to-time, as necessary, or as directed by the TSA.

17. AIRPORT SECURITY BADGE

17.1 Carrier employees/contractors that require a badge shall be obligated to complete all training and comply with all security requirements and directives issued by PMGAA, TSA, or other entities having jurisdiction at PMGAA.

17.2 CARRIER and employees/contractors shall comply with all security-related audits, inspection, and screenings conducted by PMGAA.

17.3 CARRIER will immediately notify PMGAA and promptly return badges to the Airport Badging Office when badge holders terminate employment, the badge is no longer needed, or the employee/contractor is on extended leave.

17.4 Misuse of a badge or security procedures will bring about punitive action including suspension or revocation of one or all badges.

18. NOTICE.

18.1 All notices required or permitted under this Agreement shall not be deemed effective unless personally delivered or mailed by certified mail, return receipt requested, postage prepaid, or by reputable commercial overnight courier service, to the following addresses:

TO PMGAA:

Phoenix-Mesa Gateway Airport Authority
Attn.: Business Development Department
5835 S. Sossaman Road
Mesa, Arizona 85212-0614

TO CARRIER:

Allegiant Air, LLC
Attn: Director of Airports
1201 N. Town Center Drive
Las Vegas, NV 89144

18.2 Notices shall be deemed to have been received TWO (2) business days after the date of mailing, if given by certified mail, or upon actual receipt if personally delivered or if given by reputable commercial overnight courier service. Any Party may designate in writing a different address for notice purposes pursuant to this SECTION.

19. PRIOR AGREEMENTS AND PERMITS.

Upon execution hereof, this Agreement shall supersede and cancel any prior air carrier operating agreements between PMGAA and CARRIER with respect to the business activities governed hereby. CARRIER shall not construe PMGAA's execution of this Agreement as a waiver of any prior indebtedness or obligation to PMGAA under any prior agreement or license, nor does PMGAA waive any claim or cause of action arising therefrom.

20. CORPORATE AUTHORIZATION.

In executing this Agreement, CARRIER represents and warrants to PMGAA that if CARRIER is a corporation, CARRIER has obtained and been granted the full right, power and authority to enter into this Agreement.

21. MISCELLANEOUS.

21.1 Personal Liability. No member of or employee of either Party shall be charged personally or held contractually liable by or to the other Party under any term or provision of this Agreement because of any breach thereof or because of its execution or attempted execution.

21.2 No Waiver. No provision of this Agreement may be waived or modified except by a writing signed by the Party against whom such waiver or modification is sought.

21.3 Non-Waiver of Rights. No waiver or default by PMGAA of any of the terms, conditions, covenants or agreements hereof to be performed, kept or observed by CARRIER shall be construed or act as a waiver of any subsequent default of any of the terms, covenants, conditions or agreements herein contained to be performed, kept or observed by CARRIER, and PMGAA shall not be restricted from later enforcing any of the terms and conditions of this Agreement.

21.4 Amendment. Only a written instrument executed by the Parties may amend this Agreement.

21.5 Invalid Provisions. Should any provision of this Agreement or any application thereof be held invalid by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby, unless one or both Parties would be substantially and materially prejudiced.

21.6 Headings. The headings contained herein are for convenience in reference only and are not intended to define or limit the scope of this Agreement or any term thereof.

21.7 Entire Agreement. This Agreement, including **EXHIBITS** attached hereto at the time of its execution, constitutes the entire agreement between the Parties hereto and supersedes all prior negotiations, understandings and agreements between the Parties concerning such matters.

22. INCORPORATION OF RECITALS.

The recitals set forth above are acknowledged by the Parties to be true and correct and are incorporated herein by this reference.

IN WITNESS WHEREOF, the Parties have executed this Agreement to be effective on the Effective Date specified above.

Board Action Item

Re: Resolution 23-67

To:	**Board of Directors**
From:	**Margi EvanSon, Operations & Maintenance Director**
Through:	**Scott Brownlee, Deputy Director/COO**
	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**Access Control and Alarm Monitoring System Services**
Date:	**December 19, 2023**

Proposed Motion
To authorize a contract with Premise One, LLC to provide preventative maintenance for Access Control and Alarm Monitoring System Services (ACAMS) at a fixed fee, in an amount not to exceed $243,237.98, for the length of the base term of three years, with two optional one-year extensions not to exceed $85,992.01 and $88,571.77 respectively. This amount does not include variable costs for projects or Ad Hoc repairs.

The ACAMS is an integral part of airport security and a central component in maintaining a secure workplace. A preventative maintenance program consists of scheduled testing, inspection, calibration, and maintenance to keep hardware and software in good operating condition. Preventative maintenance of the ACAMS is necessary to increase the system's reliability and reduce operational downtime, preventing potential severe security threats and vulnerabilities. A good preventative maintenance program extends the service life of the system components and is a valuable budgeting reference.

Request for Proposal # 2024-008-RFP for ACAMS Services was issued on August 31, 2023. The RFP was posted on the Airport's website and on the following websites: Arizona Association of Airports, International Parking Institute, Airports Council International North America, Airport Consultants Council, and the Southwest Chapter of the American Association of Airport Executives. The RFP was also advertised in the Arizona Business Gazette on September 7, 14, and 21, 2023, and emailed to eleven perspective respondents. Airport staff received two proposals on September 27, 2023:

1. Convergint Technologies LLC
2. Premise One LLC

After review of the qualifications, presentations, and interviews, the evaluation panel unanimously selected Premise One, LLC as the firm that best satisfied the requirements, based on the qualifications, experience, project understanding and approach, and pricing proposal.

Fiscal Impact
This contract was included in the FY24 operating budget and is funded under Operations & Maintenance, Contractual Services.

Attachment(s)
Contract

RESOLUTION NO. 23-67

WHEREAS, the Phoenix-Mesa Gateway Airport Authority ("Authority"), a joint powers airport authority formed pursuant to Arizona Revised Statute §28-8521 *et seq.* owns and operates the Phoenix-Mesa Gateway Airport ("Airport"); and

WHEREAS the Authority desires to authorize a contract with Premise One, LLC to provide preventative maintenance for Access Control and Alarm Monitoring System Services (ACAMS) at a fixed fee, in an amount not to exceed $243,237.98, for the length of the base term of three years, with two optional one-year extensions not to exceed $85,992.01 and $88,571.77 respectively. This amount does not include variable costs for projects or Ad Hoc repairs;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Authority as follows:

> **The Board of Directors of the Authority hereby authorizes a contract with Premise One, LLC to provide preventative maintenance for Access Control and Alarm Monitoring System Services (ACAMS) at a fixed fee, in an amount not to exceed $243,237.98, for the length of the base term of three years, with two optional one-year extensions not to exceed $85,992.01 and $88,571.77 respectively. This amount does not include variable costs for projects or Ad Hoc repairs. This resolution also authorizes the Chair or Executive Director/CEO to make such additions, deletions, and changes as may be approved by the Chair or Executive Director/CEO, necessary to carry out the purposes and intent of this Resolution.**

Passed and adopted by the Authority this 19th day of December, 2023.

Phoenix-Mesa Gateway Airport Authority, a joint powers airport authority authorized by the State of Arizona ("PMGAA") desires performance of the services more fully described in this **Contract Number 20240060** ("Contract") and the attached exhibits. Premise One, LLC, an Arizona Limited Liability Company ("Consultant"), with its principal offices located at 1917 E. 5th Street, Tempe, Arizona, 85288, desires to perform these services.

Recitals

A. PMGAA requires the services as described in this Contract, including any and all exhibits and amendments, and Consultant is willing to provide these and other services under this Contract; and

B. PMGAA desires to contract with Consultant to provide services as noted herein.

Now therefore, in consideration of the recitals and the mutual covenants set forth below, PMGAA and Consultant agree as follows.

SECTION I – CONSULTANT SERVICES

The services to be performed by Consultant are specified in this Contract. PMGAA will not pay Consultant for any services that have not been authorized under the Contract. There is no guarantee of a minimum purchase of services.

The anticipated services to be provided by Consultant under this Contract shall generally include, but not be limited to, the following: Access Control and Alarm Monitoring System Services, as more specifically described in the detailed scope of services attached as **EXHIBIT A**, "Scope of Services & Fee Schedule."

PMGAA's authorized representative shall be the PMGAA Director of Operations and Maintenance, or his/her duly authorized representative, and that he/she shall be the sole contact for administering this Contract.

All services provided by Consultant under this Contract must be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances in Arizona. Consultant makes no other warranty, expressed or implied.

SECTION II – PMGAA RESPONSIBILITIES

PMGAA shall furnish Consultant, at no cost to Consultant, the following information or services for this Contract:

A. Access to copies of readily available maps, records, as-built drawings, benchmarks or other data pertinent to work assignments affiliated with this Contract. This does not, however, relieve Consultant of the responsibility of searching records for additional information, for requesting specific information or for verification of that information provided. PMGAA does not warrant the accuracy or comprehensiveness of any information or documents provided to Consultant.

B. In PMGAA's discretion and upon Consultant's reasonable request, access to staff for consultation with Consultant during the performance of this contract in order to identify the problems, needs, and other functional aspects of the work.

C. Prompt review of and feedback on Consultant's deliverables. PMGAA will advise Consultant concerning progress of PMGAA's review of the work, as needed.

SECTION III - PERIOD OF SERVICE

Consultant shall complete all work in accordance with the provisions of this Contract as amended.

All work initiated under this Contract must be completed on or before the expiration date of the Contract.

This Contract is effective January 1, 2024 and ends on December 31, 2026 ("Base Term"), unless terminated, canceled or extended as provided in this Contract.

This Contract has two (2) optional one-year extensions that PMGAA may exercise at its sole discretion. Prior to the expiration of the Contract Base Term, PMGAA may elect to extend the Contract. If PMGAA exercises such right, all terms, conditions and provisions of the original Contract shall remain the same and apply during the extended

period with the possible exception of fees, as provided for in **EXHIBIT A**, "Scope of Services & Fee Schedule.". Any extension of this Contract shall require an amendment signed by both parties.

Consultant shall commence its services within seven (7) days of the written authorization by PMGAA. Consultant shall perform its services in a diligent manner and in accordance with this Contract.

SECTION IV – KEY PERSONNEL

The Consultant itself shall provide all services to be performed under this Contract. If Sub-Consultants are required by Consultant to perform any services listed under this contract, Consultant shall notify PMGAA prior to authorizing work by said Sub-Consultants. PMGAA may, at its sole discretion, accept or reject proposed Sub-Consultants.

SECTION V - PAYMENTS TO THE CONSULTANT

Consultant will be paid for work performed under this Contract plus any adjustments that have been approved in writing by PMGAA in accordance with PMGAA's Procurement Policy. Payments will be made in accordance with **EXHIBIT B**, "Compensation."

All services to be rendered by Consultant are subject to the terms of **EXHIBIT B**, "Compensation" attached hereto.

PMGAA does not guarantee any minimum or maximum fee during the Term of this Contract, and Consultant, in executing this Contract, shall not anticipate or require any minimum or maximum fee.

PMGAA shall pay Consultant in agreed upon installments for services authorized and rendered under this Contract at the completion of each work assignment, provided Consultant has satisfactorily completed the requested work. If any such work requires time in excess of 30 calendar days to complete, progress payment(s) may be made on invoices certified and approved by PMGAA.

SECTION VI - ALTERATION IN SCOPE OF SERVICES

For any alteration in the Scope of Services that would materially increase or decrease the Contract fee, the parties shall negotiate an amendment to the Contract to be executed by PMGAA and Consultant. No work shall commence on any amendment or change until the amendment has been approved by PMGAA and Consultant has been notified to proceed by PMGAA. No claim for extra work done or materials furnished by Consultant will be allowed by PMGAA, except as provided herein, nor shall Consultant do any work or furnish any materials not covered by this Contract unless the work is first authorized in writing by PMGAA and the change complies with PMGAA's Procurement Policy. Any work or materials furnished by Consultant without advance, written authorization will be at Consultant's own risk, cost, and expense. Without written authorization, Consultant shall make no claim for compensation for such work or materials furnished.

SECTION VII - WORK ASSIGNMENT COMPLETION

If, during the Term of this Contract, situations arise which prevent work completion within the allotted time, PMGAA may grant an appropriate time extension.

SECTION VIII - OWNERSHIP OF DOCUMENTS

Any documents, including all electronic copies thereof, prepared under or as a result of this Contract, shall be the property of PMGAA. To the extent necessary to effectuate such ownership, Consultant hereby assigns all right, title and interests to such documents to PMGAA. Consultant shall execute any separate contracts or documents, if any, which may be necessary to implement the terms of this Section.

All of Consultant's documents prepared under this Contract, including electronic files, are instruments of service. All of these documents become the property of PMGAA upon completion of the services and payment in full to Consultant. PMGAA may reuse or modify the documents, as it deems necessary, without Consultant's prior written authorization. PMGAA shall indemnify and hold harmless Consultant, its officers, directors, employees and subconsultants (collectively, the "Consultant") against any and all damages, liabilities or costs arising from PMGAA's modification of documents produced by Consultant under this Contract unless Consultant authorizes the modification in writing.

SECTION IX - COMPLIANCE WITH LAWS

Consultant shall comply with all federal, state and local laws, local ordinances and regulations throughout the Term.

Consultant's signature on this Contract certifies compliance with the provisions of the I-9 requirements of the *Immigration Reform and Control Act of 1986* for all personnel that Consultant and any subconsultants employ to complete any work assignment.

PMGAA shall administer this Contract in accordance with PMGAA's Procurement Policy.

SECTION X - GENERAL CONSIDERATIONS

A. The failure of either party to enforce any of the provisions of this Contract or require performance of the other party of any of the provisions hereof shall not be construed to be a waiver of the provisions, nor shall it affect the validity of this Contract or the right of either party to enforce each and every provision.

B. The fact that PMGAA has accepted or approved Consultant's work shall in no way relieve Consultant of responsibility for the work under this Contract.

C. This Contract shall be governed by the laws of the state of Arizona, both as to interpretation and performance. Any action at law, suit in equity, or judicial proceeding for the enforcement of this Contract, or any provision thereof, shall be instituted only in the courts of the state of Arizona.

D. All exhibits to this Contract and any amendments to the Contract are incorporated into it.

SECTION XI - NO KICK-BACK CERTIFICATION

Consultant warrants that no person has been employed or retained to solicit or secure this Contract upon any agreement or understanding for a commission, percentage, brokerage, or contingent fee and that no member of the PMGAA Board of Directors or any employee of PMGAA has any interest, financially or otherwise, in Consultant's firm.

For breach or violation of this warranty, PMGAA may annul this Contract without liability.

SECTION XII – SUSPENSION OF SERVICES

Consultant shall, within five (5) business days upon receiving written notice from PMGAA, suspend, delay, or interrupt all or a part of the Scope of Services. Consultant shall resume the Scope of Services within five (5) business days of receiving written notice from PMGAA.

SECTION XIII – TIMES OF PAYMENTS

The Annual Preventative Maintenance cost, per **EXHIBIT A**, "Scope of Services & Fee Schedule," shall be paid on an annual basis during each year upon receipt of Consultant's invoice and within thirty (30) days after acceptance of the invoice.

For all other services performed by Consultant under this Contract, Consultant shall submit periodic invoices for any unbilled portion of the services actually completed. PMGAA shall review, certify, and approve or reject each invoice in whole or in part. PMGAA shall pay each approved invoice within 30 calendar days of the date that PMGAA approves the invoice.

SECTION XIV – TIMELY REVIEW

PMGAA will review Consultant's studies, reports, proposals, and other related documents and render any decisions required by Consultant in a timely manner. Notwithstanding these reviews, Consultant remains solely responsible for all of its deliverables and services under this Contract. By PMGAA's reviews, PMGAA does not assume any liability for or retained control over Consultant's work or Consultant's responsibility for the safety of its employees.

SECTION XV – DISPUTE RESOLUTION

All disputes between PMGAA and Consultant arising out of or relating to this Contract will be subject to the Dispute Resolution provisions as set forth in **EXHIBIT D**, "PMGAA Standard Terms and Conditions", attached hereto and incorporated herein by reference.

PMGAA and Consultant shall include a similar dispute resolution provision in all contracts with other contractors and consultants retained for the Project and shall require all other independent contractors and consultants to include a similar dispute resolution provision in all contracts with subcontractors, subconsultants, suppliers or fabricators retained by them.

SECTION XVI - LIABILITY OF CONSULTANT

To the fullest extent permitted by law, Consultant shall defend, save, indemnify, and hold harmless PMGAA, its member governments, departments, officers, employees, and agents from and against damages arising out of any act, error, or omission of Consultant relating to its services under this Contract.

SECTION XVII - LAWS AND REGULATIONS

All federal, state, and local laws and regulations that relate to Consultant's services apply to Consultant's performance of this Contract throughout. These laws and regulations are deemed included in this Contract the same as though written out in full, especially the current applicable Federal Aviation Administration (FAA) rules and regulations associated with airport projects; pertinent Airport engineering standards; and local rules, regulations, and industry standards.

SECTION XVIII – ARCHAEOLOGICAL RESOURCE PROTECTION

While performing services under this Contract, Consultant may encounter a known or unknown archaeological site located at the Airport. If Consultant encounters what it believes to be an archaeological site, Consultant shall immediately notify PMGAA of the site's location and take all reasonable precautions to protect and preserve the site until PMGAA otherwise directs.

SECTION XIX INSURANCE REQUIREMENTS

A. Consultant shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Consultant, its agents, representatives, or employees.

B. All insurance policies required by this Contact, except *Workers Compensation* and *Technology Professional Liability*, shall name PMGAA, its agents, representatives, officers, directors, officials and employees as Additional Insured.

C. Minimum Scope and Limits of Insurance. Coverage shall be at least as broad as:

   i. Commercial General Liability: Insurance Services Office Form CG 00 01 covering Bodily Injury and Property Damage on an "occurrence" basis, including personal & advertising injury with limits no less than $1,000,000 per occurrence, $2,000,000 General Aggregate.
   ii. Auto Liability: ISO Form CA 00 01 covering any auto (Symbol 1), or if Consultant has no owned autos, hired, (Symbol 8) and non-owned autos (Symbol 9), with limit no less than $5,000,000 Combined Single limit per accident for bodily injury and property damage
   iii. Workers' Compensation: Statutory Limits as required by the state of Arizona, and Employer's Liability Insurance with limit of no less than $1,000,000 per accident for bodily injury or disease.
   iv. Network Security Liability: Liability arising from the interruption of your systems caused by damage to your computer programs or data that results from virus, hacking, a denial of service attack, a denial of access or a simple mistake by your authorized personnel in the administration of your computer system or handling of your e-Business information assets (administrative error). This also includes liability for transmission of a computer virus to a third party via a covered computer system or the failure to prevent the use of your computer system in a denial of service attack.
   v. Technology Professional Liability: Liability arising from Errors and Omission in rendering computer information technology services.

D. If the Consultant maintains higher limits than the minimums shown above, PMGAA requires and shall be entitled to coverage for the higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to PMGAA.

E. Additional insurance provisions. The insurance policies shall provide, or be endorsed to include, the following provisions:

i. Notice of Cancellation: Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to PMGAA.

ii. Waiver of Subrogation: Consultant waives any right to subrogation. Consultant shall obtain an endorsement necessary to affect this waiver of subrogation from the insurer for all lines of coverage required by this Contract, except *Workers Compensation* and *Professional Liability,* for claims arising out of the Consultant's work or service.

iii. Primary Coverage: For all claims related to this Contract, all of Consultant's insurance policies will be primary and non-contributory. Any insurance or self-insurance maintained by PMGAA, its officers, officials, employees, or volunteers will be in excess of Consultant's insurance and will not contribute with it.

iv. Deductibles and Self-Insured Retentions: Any deductibles or self-insured retentions must be declared to and approved by PMGAA. PMGAA may require the Consultant to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

v. Acceptability of Insurers: Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A, VII, unless otherwise acceptable to PMGAA.

vi. Claims Made Policies: No Claims Made policies (other than Professional Liability) will be accepted. For policies that provide claims-made coverage:

a) The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.

b) Insurance must be maintained, and evidence of insurance must be provided for at least five (5) years after completion of the contract of work.

c) If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of five (5) years after completion of work.

vii. Verification of Coverage: Consultant shall furnish PMGAA with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by PMGAA before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Consultant's obligation to provide the required insurance. PMGAA reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

viii. Subcontractors: Consultant shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Consultant shall ensure that PMGAA is an additional insured on insurance required from subcontractors.

ix. Special Risks or Circumstances: PMGAA reserves the right to modify these requirements, including limits, based on the nature of the risk, scope of services, prior experience, insurer, coverage, or other special circumstances.

SECTION XX NOTICES

Any notice, report or information which may be or is required to be given under this Contract will be in writing and shall be sent by registered or certified mail, return receipt requested, postage prepaid, addressed as follows:

TO PMGAA: Phoenix-Mesa Gateway Airport Authority
Attn: Director of Operations and Maintenance
5835 South Sossaman Road
Mesa, Arizona 85212

TO CONSULTANT: Premise One, LLC
Attn: Mike Anderson
1917 E. 5th Street
Tempe, AZ 85288

or to such other person(s) or address(es) as any such Party may designate from time to time by notice to the other Parties in accordance with this Section.

SECTION XXI MINIMUM REQUIREMENTS

During the Term of the Contract, or any extension thereof, Consultant and Consultant's technician(s) shall have the appropriate manufacturer license(s) / certification(s) for all components they work on. License(s) / certification(s) shall be available to PMGAA upon request. The following qualifications are required:

1. Lenel Value Added Retailer Certification
2. Lenel Certified Professional in Access Control (all badged technicians)
3. Premier Milestone Partner Reseller
    a. Integration Technician Certification (all badged technicians)
    b. Integration Engineer Certification (at least 1)
    c. Milestone Certified Design Engineer (at least 1)
4. BICSI Structural Cabling Certification for all technicians adding or maintaining any structural cabling.
5. All technicians responding to the Airport must be able to pass and maintain a Criminal History Records Check and pass security training to be able to be an Airport Security Badge Holder.
6. A company signatory will be required to manage the security protocol for the company regarding Airport Security Badge responsibilities.
7. All equipment users will hold active and current operator license(s) / certification(s) according to local requirements. (forklifts; man-lifts; cranes; trenchers; vehicles; etc.).

SECTION XXII LIQUDATED DAMAGES

In addition to any other remedy available to PMGAA at law or in equity, the Consultant will be liable for and must pay to PMGAA the amounts listed below for each violation by the Consultant. The parties further agree that the amounts are reasonable and approximate and the actual or anticipated loss to PMGAA at the time and making of this Contract in the event that the Consultant commits a breach. The parties acknowledge and agree to the fixed amounts set forth below because of the difficulty of proving PMGAA's actual damages in the event that the Consultant commits a breach. PMGAA may impose liquidated damages as follows:

1	Consultant or it's representative(s) fail to adhere to Company Signatory Responsibilities and/or Airport Security Badging Agreement(s)	$250 per instance
2	Consultant or it's representative(s) receive a Notice of Violation (NOV) for failure to adhere to Airport Rules & Regulations as posted to the public	$250 per violation
3	Consultant or it's representative(s) cause a significant interruption of operations or services as a result of negligent action or inaction	$500 per instance
4	Recurring offenses and/or violations (as listed here in) of the same nature that exceeds three (3) instances in any 90-day period.	$500 per instance/violation

Consultant shall pay PMGAA any amount(s) under Liquidated Damages within thirty (30) days of written notice to Consultant from PMGAA.

Consultant agrees all of the deficiencies listed in this section shall result in PMGAA incurring damages that are impractical or impossible to determine. Consultant agrees the monetary assessments set forth in this section are reasonable approximations of such damages. The parties intend that Consultant's payment of the liquidated damages amount would serve to compensate PMGAA for any breach by Consultant of its obligations under this section, and they do not intend for it to serve as punishment for any such breach by Consultant, but rather a reasonable measure of damages.

SECTION XXIII INVENTORY STOCKING PROGRAM

During the Term of the Contract, or any extension thereof, Consultant shall stock sufficient inventory of critical parts for PMGAA's ACAMS system. Consultant will not charge PMGAA for stocking the critical part(s) nor will Consultant charge PMGAA for the critical part(s) until PMGAA requests a critical part(s) for use. The list of critical parts shall be mutually agreed upon by PMGAA and Consultant.

Executed as of the Commencement Date.

EXHIBIT A – SCOPE OF SERVICES & FEE SCHEDULE

The services to be performed by Consultant and the completion of related efforts are specified in the following Scope of Services & Fee Schedule agreed to by the parties.

SCOPE OF SERVICES

1. Remedial Maintenance
    a. Remedial maintenance corrects faults and returns the system to operation in the event that a hardware or software component fails.
    b. All remedial maintenance of the ACAMS is managed by PMGAA.
    c. Offer shall have a digital work order system with a customer access point to submit and monitor work progress.
    d. Selected Consultant shall adhere to the following response times. Priority levels are assigned by PMGAA.

TYPE	PRIORITY	CONFIRMATION (hours)	ON-SITE (hours)	LABOR TYPE
P1	Emergency/Critical	2	6	24/7/365
P2	High	4	12	Business Hours/ 365
P3	Next Available	4	48	Business Hours / Business Days
P4	Scheduled	4	Per Schedule	Per Schedule
P5	Install	24	Per Schedule	Business Hours / Business Days
P6	Proposal / Quote	24	5 Business Days	Business Hours / Business Days
P7	Parts Only	24	Per Schedule	Business Hours / Business Days

2. Preventative Maintenance
    a. Preventative maintenance consists of scheduled maintenance to keep the hardware and software in good operating condition. Preventative maintenance includes, but is not limited to the following:
        i. Replacing discontinued and end of support components to keep the ACAMS up to current manufacture specifications as well as maintaining a congruent and balanced ACAMS.
        ii. Updating system and application software. This includes software updates and patches to the ACAMS systems.
        iii. Testing and performing manufacture specified maintenance actions.
        iv. Replacing components that fail testing.
        v. Creating and analyzing ACAMS testing reports.
        vi. Updating system documentation as applicable.
    b. ACAMS component manufacturer's provide recommendations as to the types of testing, inspection, calibration, and maintenance that should be performed and the frequency with which those activities should be performed. PMGAA intends to ensure that these activities are performed in accordance with the manufacturer's instructions and as frequently as the manufacturer recommends. Consultant will be responsible for reviewing the patch notes to ensure they apply to PMGAA's environment and recommend the appropriate patches to be applied in accordance with the manufacturer. If a component of the ACAMS arrives lacking such instructions, Consultant shall contact either the manufacturer or the vendor to obtain recommendations concerning performance of any specific activities.
    c. On a scheduled basis, and annually at minimum, Consultant shall provide systems preventive services for components listed within the Equipment List, or as amended. All preventive maintenance testing will be performed in accordance with manufacturer's recommendations and will address areas that can adversely affect system performance. Preventive maintenance will include a visual inspection, cleaning, and

functional testing and applicable calibration of system components. The intent is to maintain the original condition of installed and commissioned systems.

i. For all Internet of Things (IoT) and Operational Technology (OT) devices firmware updates and password updates shall be conducted during the scheduled preventative maintenance services and as recommended by the manufacture.
ii. Replacement of consumable items such as batteries, UPS, tamper switches, etc. shall be completed each preventative maintenance.
iii. After each preventative testing, a detailed report shall be provided documenting at a minimum:
    a) Status / Condition of each component
    b) Detail on the cleaning, testing, and calibration of each component
    c) Lifecycle status of each component; including replacement schedule recommendations. When in the Consultant's evaluation, the Equipment or any major sub-system or major component thereof as so classified by the Consultant becomes worn out due to normal wear and tear or, becomes obsolete or outdated due to advances in technology, Consultant shall submit to PMGAA a cost estimate for its replacement.
iv. Verification of As-Built documentation accuracy.

3. Professional Consulting Services
    a. Consultant will work with PMGAA in the support and development of planned airport projects.
    b. Consultant will work with PMGAA in the support and development of tenant projects.

4. Hardware
    a. Only standardized materials as defined in the approved Equipment List (Exhibit E) are to be used within the ACAMS environment. Consistency with hardware deployments advocates for a healthier system lifecycle and promotes reliability. Parts substitutions are only permitted with prior written permission from PMGAA.

5. Installations
    a. Offeror shall perform installations according to hardware, architecture & design, and typical standards. Additionally, they are to align with the following requirements.
    b. Location Specific Requirements
        i. Roof Access
        ii. Confined Space
        iii. Hot Work
        iv. Terminal Activity Coordination
        v. Restricted Areas; Airport Security Badges
        vi. Apron Access (Air Operations Area)
    c. General Best Practices
        i. All portions of the installation shall be completed in a neat and orderly manner.
        ii. All portions of the installation shall comply with all applicable codes.
        iii. All other aspects of the installation method shall conform to the supplied installation drawings.
        iv. Once all equipment is installed and tested and building construction allows, equipment should be cleaned, and any cosmetic damages corrected so that the system is left in like new condition.
        v. Camera domes shall be completely free of dirt and dust.
        vi. Security cabinets shall be cleaned of all excess wire and bits of metal.
        vii. Coordinate time and date for final walk-through of the project with PMGAA.
        viii. Submit all required close-out documentation to PMGAA.
        ix. All equipment shall be clean and neat prior to entering the warranty period.

6. Testing & Commissioning
    a. Upon completion of any installation, Offeror shall complete performance tests of each device, alarm zone, video analytic, switch, control unit, power supply, battery standby unit, and all other equipment and material required by the contract and as recommended by the manufacture or industry best practice. Testing and commissioning shall be conducted in the presence of PMGAA, including the appropriate airport operations team representation.
    b. All camera views must be approved by PMGAA prior to project close out.
    c. Offeror must conduct tests of the system during installation and prior to the formal final test. Only after the system is ready to be tested will a test be scheduled.
    d. Offeror shall, at a minimum, test the system to show that:
        i. The complete system is free from grounding or open circuits.
        ii. The emergency power source can operate the system as specified.
        iii. Conduit is properly installed.
        iv. The system is operable under the specified trouble or power fail conditions.
        v. The software functions properly as specified, and the equipment is properly programmed.
        vi. The system as installed matches the record "as-installed" drawings. As built drawings are required for the close out test so have them completed before calling for the test.
        vii. Equipment is installed properly and neatly, and clean-up has occurred.
        viii. Every device in the system will be tested. It is important to not call for a test until the system has performed to 100% compliance in the pre-test.

7. Safety
    a. All site work is subject to approval by PMGAA. This includes but is not limited to; confined space; fall protection; hot work; and high voltage.
    b. Job Hazard Analysis is required during all site surveys and prior to on-site work. A copy may be requested from PMGAA.
    c. Offeror shall inspect the area and ensure it is free of any hazards before starting any work.
    d. Offeror shall ensure areas which are under scope are properly identified with the appropriate safety and warning equipment such as cones and barriers.
    e. Offeror shall follow all posted signage.
    f. Offeror assumes the responsibility of promptly and accurately reporting all on-the-job accidents/injuries to PMGAA. This should be done by contacting Airport Operations immediately after emergency services have been requested by telephone to 9-1-1. All incidents and accidents must be reported in a timely manner to Airport Operations at 480-988-7570 regardless of severity and before the scene is modified other than to support life, safety, and further property damage.

8. Personal Protective Equipment (PPE)
    a. Offeror, when onsite to perform work are required to provide and use the following as applicable to the work environment and in accordance with NIOSH & OSHA and site signage;
        i. Hard Hat
        ii. Hearing Protection – ear plugs/headset
        iii. Eye Protection – safety glasses / goggles
        iv. Safety Harnesses
        v. Steel or Composite Toed Boots
        vi. Gloves (Kevlar, with full length sleeves)
    b. Offeror is required to wear a reflective safety vest with employer's name or logo and carry a personal First Aid Kit.

9. Drawings
   If requested by PMGAA, the following drawings shall be submitted to PMGAA by Offeror for each project:
   a. Typical drawings ("Typicals") inform key construction stakeholders such as Architects, General Contractors, and Service Providers of system, hardware, and installation standards. They reflect standard and approved devices, their installation requirements, and how they interact with their environment. Typicals are helpful throughout the lifecycle of systems and devices.
   b. Pre-Construction drawings, sometimes referred to as 'Spots & Dots', are early design drawings which capture the general scope of work which can be leveraged by key construction stakeholders to ensure general alignment on needs. Pre-Construction drawings will typically come with, and support, a quote for a service.
   c. As-Builts are construction drawings that reflect the final, tested, and commissioned system. They provide documentation of the exact locations and wiring of all devices, panels, panel layouts, cable paths, floor plans, device addressed, device numbers and IP addresses. As-Builts are required upon close out of all installations.

10. Housekeeping
    a. Offeror, when onsite to perform work, shall maintain a reasonable cleanup at the work site, keep work site areas clear of hazardous or unsightly accumulations of material or rubbish, and keep on-site equipment in an orderly arrangement and in such a manner as to allow clear access to plant facilities and firefighting equipment during the performance of the services.
    b. Additionally, Offeror when onsite to perform work, will keep access to emergency exits clear at all times.
    c. Project storage shall be approved by PMGAA prior to personnel departing the project site.
    d. Tools and equipment will be under the control of Offeror at all times within controlled security or safety areas.
    e. Cellular phones are prohibited in some controlled environments including the Airport Operations Center (AOC) and the Air Traffic Control Tower (ATCT) Cab.

11. Sales Prerequisites to Site Visits
    a. All communication & coordination requirements
    b. All local safety requirements
    c. All Phoenix-Mesa Gateway Airport policies and procedures
    d. Nondisclosure Agreement
    e. Sensitive Security Training

12. Security Badges
    a. See Exhibit C, Special Provisions, for Security Badge information and requirements.
    b. Fines – Due to both the safety and security precautions necessary at the Airport, any failure of the Offeror to adhere to prescribed Airport requirements/regulations has consequences that may

       jeopardize the health, welfare and lives of Airport customers and employees, as well as the Offeror's own employees. Therefore, if Offeror is found to be in non-compliance with any security, airfield badging/licensing and airfield safety requirement, a Notice of Violations (NOV) may be issued. A current listing of fines is available by contacting the PMGAA Badging Office.

13. On-Boarding Assessment
    Within thirty (30) days of Contract commencement, Consultant shall perform a full audit of PMGAA's ACAMS system. Upon completion of the audit, Consultant shall provide recommendations on a critical parts list to be maintained by Consultant and critical parts list to be maintained by PMGAA (to include recommended

quantities), preventative maintenance schedule and scope for each component, findings and risk assessment, corrective actions and quotation for recommended work. The audit and report are at no cost to PMGAA.

FEE SCHEDULE

For the services provided herein, PMGAA agrees to pay Consultant the following rates and fees:

With the exception of prices for Equipment purchases, the fees/prices stated herein shall remain in effect for the first year of the Contract. Consultant may increase fees/prices effective on each annual anniversary date of the Contract, up to 3%, with the prior written approval of PMGAA. Consultant must request such increase in writing at least 60 days prior to the anniversary date.

Such increases, if any, shall not apply to projects that Consultant has already started work on, equipment that is on rent prior to the anniversary date of the Contract and consumables that PMGAA has already issued a purchase order for prior to the anniversary date of the Contract but has not yet taken delivery of.

If PMGAA increases the number of equipment pieces on the Equipment List (Exhibit E), Consultant shall not increase the Annual Preventative Maintenance for such additions.

Preventative Maintenance:

Annual Preventative Maintenance, year one (1) price: $ 78,694.87

Annual Preventative Maintenance shall be completed annually or, more frequent if specified by a specific equipment manufacturer, in October of each year.

Equipment:

Attachment B: Price Proposal Equipment

All pricing below is for hardware only. Not included are any cable requirements, licensing, control boards, labor, commissioning, or programming. All these factors would be impacted by the specific requirements of a specific job, numbers below are meant to be representative of a basic hardware configuration for each of these categories.

Description	Cost Per Item
Access Controlled Door (free exit; includes fire exit) Assume single reader, REX, Handset, and DC.	$2300
Access Controlled Door (controlled exit) Assume Dual reader, REX, Handset, and DC.	$2600
Access Controlled Gate (free exit)	NA Per RFI
Access Controlled Gate (controlled exit)	NA Per RFI
Access Control Panel Assume 4 door Life Safety Panel	$1240
Audible Door Sounder Assume Pizeo Electric sounder.	$180
Badging Station Assume USB enrollment Reader, no licensing/cards/printer	$202
Power Supply Assume 4 door power supply (no can)	$430
Badge/Card Reader Assume Signo 40	$275
Server (not including video recorders) Assume Management Server only	$6300
Video Management System (VMS) Assume single Pro+ Base license	$487
Camera POE Injector Assume 30w injector.	$89
Exterior Cameras (lower than 15' AFG) Assume outdoor dome surface mount (P3265-LVE). Ladder Accessible	$705
Exterior Cameras (higher than 15' AFG) Assume outdoor dome surface mount (P3265-LVE). Less than 20', scissor lift.	$705
Interior Cameras (lower than 15' AFG) Assume Indoor dome surface mount (P3265-V). Ladder Accessible.	$512
Interior Cameras (higher than 15' AFG) Assume Indoor dome surface mount (P3265-V). Less than 20', scissor lift.	$512
Network Video Recorder Assume IVO350 Tower	$3300
Camera Feeds Assume single Pro + License	$146

EXHIBIT B - COMPENSATION

All compensation for services rendered by Consultant shall be based upon criteria established below. All services must be billed through the Consultant.

1. Fees to be Specified in Contract

Any and all services to be performed under this Contract require approval. All compensation for services shall be identified in writing. The Contract shall describe the scope of services to be performed (by tasks and subtasks, where appropriate), the fees associated with that performance, and any applicable special provisions. Consultant's compensation for services included in this Contract is totaled and set forth in **EXHIBIT A**, "Scope of Services and Fee Schedule".

2. Method of Payment

Subject to the terms of this Contract, PMGAA shall pay Consultant the appropriate rate or fixed price amount for services rendered as described in the Contract only after Consultant has submitted an invoice for services performed and PMGAA has certified and approved each invoice.

For services rendered in accordance with the Contract, Consultant shall submit to PMGAA an invoice depicting tasks performed and/or hours spent for services performed. Invoices must be based on the actual hours and/or expenses incurred for the services completed during the billing period. Consultant's invoices must specify that Consultant has performed the services, and PMGAA must certify and approve each invoice as a condition to payment.

3. Consultant Responsibilities for Compensation

Consultant shall prepare monthly invoices and/or progress reports in accordance with terms specified in the Contract. Progress reports will clearly indicate the progress to date and the amount of compensation due by virtue of that progress. All invoices for payment shall be for work completed unless otherwise agreed to by PMGAA. Invoices/requisitions for payment for services subject to funding by the FAA and/or ADOT shall include the documentation requirements of the FAA and/or ADOT, which are outlined in the *Airport Improvement Program (AIP) Handbook* dated September 30, 2014, or most current version.

4. PMGAA Responsibilities for Compensation

PMGAA agrees to pay Consultant's invoices for payment within 30 calendar days after the invoice is approved. PMGAA may withhold payment on any invoice if it believes that Consultant has not performed the work in a satisfactory manner. If PMGAA withholds payment to Consultant, PMGAA shall promptly notify Consultant and explain the reasons for the decision to withhold payment.

5. Billing Address

All invoices submitted to PMGAA for payment shall be submitted to:

Accounts Payable: ap@gatewayairport.com

EXHIBIT C - SPECIAL PROVISIONS

1. Civil Rights Act of 1964, Title VI – General

In all its activities within the scope of its airport program, the Contractor agrees to comply with pertinent statutes, Executive Orders, and such rules as identified in Title VI List of Pertinent Nondiscrimination Acts and Authorities to ensure that no person shall, on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance.

This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

2. Civil Rights Act of 1964, Title VI – Assurance

Title VI List of Pertinent Nondiscrimination Acts and Authorities:

During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

- Title VI of the Civil Rights Act of 1964 (42 USC § 2000d *et seq*., 78 stat. 252) (prohibits discrimination on the basis of race, color, national origin);
- 49 CFR part 21 (Non-discrimination in Federally-Assisted programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964);
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 USC § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Section 504 of the Rehabilitation Act of 1973 (29 USC § 794 *et seq*.), as amended (prohibits discrimination on the basis of disability); and 49 CFR part 27 (Nondiscrimination on the Basis of Disability in Programs or Activities Receiving Federal Financial Assistance);
- The Age Discrimination Act of 1975, as amended (42 USC § 6101 *et seq*.) (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982 (49 USC § 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987 (PL 100-259) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act of 1990 (42 USC § 12101, et seq) (prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities) as implemented by U.S. Department of Transportation regulations at 49 CFR parts 37 and 38;
- The Federal Aviation Administration's Nondiscrimination statute (49 USC § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations);
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English

proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs [70 Fed. Reg. 74087 (2005)];

- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 USC § 1681, et seq).

Title VI Compliance With Nondiscrimination Requirements:
During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor"), agrees as follows:

1. Compliance with Regulations: The Contractor (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

2. Nondiscrimination: The Contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.

3. Solicitations for Subcontracts, including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Contractor of the contractor's obligations under this contract and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.

4. Information and Reports: The Contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Sponsor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the Contractor will so certify to the Sponsor or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

5. Sanctions for Noncompliance: In the event of a Contractor's noncompliance with the non-discrimination provisions of this contract, the Sponsor will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:

a. Withholding payments to the Contractor under the contract until the Contractor complies; and/or

b. Cancelling, terminating, or suspending a contract, in whole or in part.

6. Incorporation of Provisions: The Contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations, and directives issued pursuant thereto. The Contractor will take action with respect to any subcontract or procurement as the Sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the Contractor may request the Sponsor to enter into any litigation to protect the interests of the Sponsor. In addition, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

3. <u>Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion</u>
Consultant, by accepting this Contract, certifies that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any government department or agency.

4. Project Security

As some or all portions of work possible during the Term of this Contract may be located inside the secured area of the Airport, adherence to and familiarity with federal security regulations is essential. For these projects, Consultant shall be responsible for fulfilling the security requirements described herein.

a. Secured Area Access – All Consultant personnel who require unescorted access to the secured area of the Airport, prior to the issuance of an Airport Identification badge, must successfully complete the Security Badge Application and Security Badge Authorization forms.

b. Employee Security Badges – If deemed necessary by PMGAA all Consultant and/or subcontractor personnel performing work functions in accordance with this Contract shall obtain and properly display an Airport security badge. Consultant shall submit a Security Badge Application form to the PMGAA security office for each employee requiring unescorted access, along with the current fee for each badge. Badge fees are identified on the current *Airport Fees, Services and Rental Rates* available via the Airport website at www.gatewayairport.com and are subject to change.

   i. All fees must be paid to PMGAA by cash or check.
   ii. Airport Security Badge Application forms and instructions are available via the Airport website at www.gatewayairport.com.
   iii. An authorized representative of Consultant must also obtain and submit a Security Media Authorization form, which is to be submitted to the PMGAA badging office. The Security Media Authorization form and instructions are available via the Airport website at www.gatewairport.com.
   iv. A training class on aviation security must be successfully completed before individuals are issued a badge. Fees for the security badge include attendance for the necessary training classes. Attendance at the security classes and issuance of the security badge may take two hours per person.
   v. Additional information, including a "Frequently Asked Questions" is available via the Airport website at www.gatewairport.com or by contacting the PMGAA Badging Office at (480) 988-7522. The Badging Office is located at 5803 S. Sossaman Road, Mesa AZ 85212.
   vi. Consultant shall immediately notify the PMGAA Badging Office of any Consultant personnel whose employment status has changed.
   vii. Consultant shall retrieve all security badges and keys and return them to the PMGAA Badging Office. A fee, as indicated on the most current *Airport Rates and Charges Schedule*, will be charged for each badge that is damaged, lost or not returned.
   viii. The PMGAA Badging Office will require a completed Security Badge Application from each Consultant employee so certified by Consultant as requiring such before a Security Badge is issued.
   ix. Under certain circumstances and out of control of PMGAA, security measures may change on short notice. No deviations from any security measure shall be allowed at any time.
   x. At all times, aircraft shall have the right-of-way over all vehicle traffic.

c. Fines – Due to both the safety and security precautions necessary at the Airport, any failure of the Consultant to adhere to prescribed Airport requirements/regulations has consequences that may jeopardize the health, welfare and lives of Airport customers and employees, as well as the Consultant's own employees. Therefore, if Consultant is found to be in non-compliance with any security, airfield badging/licensing and airfield safety requirement, a Notice of Violations (NOV) may be issued. A current listing of fines is available by contacting the PMGAA Badging Office.

5. Standard Terms & Conditions

PMGAA's Standard Terms & Conditions (in **EXHIBIT D** attached) include clauses that pertain to both construction and professional services. For such, the term "contractor" is to be considered same as "consultant." If a clause implies construction service then it is waived for a professional services contract. PMGAA reserves the right to make that determination if there is a conflict.

6. Federal and State Guidelines and Regulations

All work performed under this Contract must satisfy FAA and applicable agency standards, and be accomplished in accordance with applicable federal, state and local guidelines and regulations, including FAA Advisory Circulars, NEPA and Arizona environmental statutes.

Consultant shall perform the services as described in approved Contract in accordance with the applicable requirements imposed by PMGAA, ADOT, FAA and any other applicable sponsoring agencies. Consultant and its subconsultants/subcontractors, if any, shall comply with any and all applicable laws, regulations, executive orders, policies, guidelines, and any other requirements for FAA Airport Improvement Program (AIP) projects. Consultant shall provide PMGAA all information, reports, documents, and/or certifications requested by PMGAA for the satisfaction of any grant requirements for the reimbursement of services, including, without limitation, identifying the specific services provided by Consultant and the billing period(s) during which services were or are to be provided. Nothing herein shall be construed as making the FAA or ADOT a party to this Contract.

7. Right to Contract With Other Firms

PMGAA shall have the right to contract with other firms and/or persons and/or to self-perform additional services, which may be the subject of this Contract. Consultant shall conduct its operations and perform any services authorized under the Contract so as not to interfere with or hinder the progress of completion of the work being performed by PMGAA and/or other firms and/or persons. Consultants working on the same project shall cooperate with each other in the performance, scheduling, and, if applicable, the integration of their respective services.

8. Independent Contractor Status

At all relevant times, Consultant is - and shall remain - an independent contractor with regard to performance of its services. PMGAA retains no control over Consultant, the performance of its work or services, or the safety of its employees. Consultant is not authorized to enter into any contract or commitment, authorize any payment, or accept any document, services, goods or materials for, in the name of, or on behalf of PMGAA.

EXHIBIT D – PMGAA STANDARD TERMS & CONDITIONS

1. **Certification.** Consultant certifies:
   a. The award of this Contract did not involve collusion or other anti-competitive practices.
   b. It shall not discriminate against any employee or applicant for employment in violation of Federal Executive Order 11246, or A.R.S. Section 31-1461, et. seq.
   c. It has not given, offered to give, nor intends to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with this Contract; and Consultant hereby certifies that the individual signing this Contract is an authorized agent for Consultant and has the authority to bind the Consultant to the Contract.

2. **Termination of Contract.**

   a. Termination for cause. PMGAA reserves the right to cancel this Contract in whole or in part due to failure of Consultant to carry out any term, promise, or condition of the Contract. At least ten (10) business days before terminating the Contract, PMGAA will issue a written notice of default specifying one of the following reasons. PMGAA shall, at all times during the term of the Contract or any extension term thereto, have the sole authority to determine if the default has been cured to its satisfaction. The rights and remedies in this clause are in addition to any other rights and remedies provided by law or under this Contract.

      (1) Consultant has provided personnel that do not meet the requirements of the Contract.

      (2) Consultant has failed to perform adequately the stipulations, conditions or services/specifications required in this Contract.

      (3) Consultant has attempted to impose on PMGAA personnel or materials, products, or workmanship of unacceptable quality.

      (4) Consultant has failed to furnish the required service(s) and/or product(s) within the time stipulated in the Contract or associated Authorization of Services.

      (5) Consultant has failed to make progress in the performance of the requirements of the Contract or Authorization of Services, or Consultant fails to give PMGAA adequate assurance the Consultant will perform the Contract in full and on time.

      (6) Each payment obligation of PMGAA created hereby is conditioned on the availability of PMGAA, state, or federal funds appropriated for payment of the obligation. If funds are not available or allocated by PMGAA for continuance of service under this Contract, then PMGAA may terminate the Contract. PMGAA shall promptly notify Consultant regarding the service that may be affected by a shortage of funds. No penalty accrues to PMGAA if this provision is exercised, and PMGAA shall not be liable for any future payments due or for any damages as a result of termination under this paragraph.

   b. Termination for convenience. This Contract may be terminated at any time by mutual written consent or by PMGAA - with or without cause - provided the terminating party gives thirty (30) calendar days' advance written notice to the other party. PMGAA may terminate this Contract, in whole or in part, for PMGAA's convenience and with thirty (30) days' written notice.

   c. If this Contract is terminated, then PMGAA is liable only for services rendered and material received, certified, and approved by PMGAA under the Contract before the termination effective date. If the Preventative Maintenance, as detailed in **EXHIBIT A**, "Scope of Services & Fee Schedule," has not been completed but PMGAA has been invoiced and paid Consultant for such annual fee, PMGAA shall be entitled to a full refund of payment for any portion that has not been completed.

   d. Upon termination of the Contract, the Consultant must deliver to PMGAA all data, surveys, models, drawings, specifications, reports, maps, photographs, estimates, summaries, and other documents and

materials prepared by PMGAA and/or Consultant under this contract, whether complete or partially complete.

3. **Dispute Resolution**.

   a. **Negotiations**. If a dispute arises out of or relates to this Contract or its breach, the parties to this Contract shall endeavor to settle the dispute through direct discussions as a condition precedent to mediation or binding dispute resolution.

   b. **Mediation**. Should the parties to this Contract be unable to resolve their dispute through direct negotiations, the parties to this Contract, upon the written request of either, shall engage in mediation, to be administered privately by a mediator and according to rules mutually agreed upon by the parties to this Contract, or, the absence of such mutual agreement, by a mediator appointed by JAMS and administered by JAMS in accordance with its then-current mediation rules. The fees and costs of mediation shall be split equally by the parties to this Contract, but subject to reallocation following binding dispute resolution.

   c. **Binding Dispute Resolution**. Should the parties to this Contract be unable to resolve their dispute through direct negotiations or mediation, either party may, within the time limitations for bringing claims under Arizona law and this Contract, commence formal dispute resolution proceedings. Both parties to this Contract consent to binding arbitration administered by JAMS according to its then current arbitration rules, provided, however, that (i) in the event both parties agree, the arbitration may be administered privately by an arbitrator and according to rules mutually agreed upon by the parties to this Contract, and (ii) in the event any party seeks relief against the other party or against a non-party which cannot fully be granted in arbitration, by reason of non-joinder or otherwise, the parties to this Contract are excused from this arbitration requirement and the parties to this Contract shall proceed in the state or federal courts of competent jurisdiction and located in Maricopa County, Arizona. In any arbitration or litigation, the prevailing party shall be entitled to an award of its reasonable attorneys' fees and costs as determined by the arbitrator or court as applicable.

4. **Independent Contractor.** At all times, each party acts in its individual capacity not as agent, employee, partner, joint venturer, or associate of the other party. An employee or agent of one party may not be deemed or construed to be the employee or agent of the other party for any purpose whatsoever. Neither Consultant nor any of its employees are entitled to compensation from PMGAA in the form of salaries, paid vacation, or sick days. PMGAA will not provide any insurance to Consultant, including *Workers' Compensation* coverage. PMGAA will not withhold FICA, taxes, or any similar deductions from PMGAA's payments under this Contract.

5. **Affirmative Action.** Consultant shall abide by all the federal and state of Arizona provisions for equal opportunity in the work place.

6. **Human Relations**. Consultant shall abide by all the federal and state of Arizona provisions against discrimination of disadvantaged business enterprises in applicable PMGAA contracts.

7. **Non-Exclusive Contract**. This Contract is for the sole convenience of PMGAA. PMGAA reserves the right in its discretion to obtain the same or similar goods or services from any other source.

8. **Americans with Disabilities Act.** Consultant shall comply with all applicable provisions of the *Americans with Disabilities Act* (Public Law 101-336, 42 U.S.C. 12101-12213) and applicable federal regulations under the *Act*.

9. **Confidentiality of Records**. Consultant shall establish and maintain procedures and controls that are acceptable to PMGAA for the purpose of assuring that no information contained in its records or obtained from PMGAA or from others in carrying out its functions under the Contract shall be used by or disclosed by it, its agents, officers, or employees, except as required to efficiently perform duties under this Contract. Persons requesting such information should be referred to PMGAA. Consultant also agrees that any information pertaining to individual persons shall not be divulged other than to employees or officers of Consultant as needed for the performance of duties under the Contract, unless otherwise agreed to in writing by PMGAA.

10. **Gratuities.** PMGAA may, by written notice to the Consultant, cancel this Contract if it is found that gratuities, in the form of entertainment, gifts or otherwise, were offered or given by Consultant or any agent or representative of Consultant, to any officer or employee of PMGAA involved in the amending, or the making of any determinations with respect to the performing of such Contract. If this Contract is canceled by PMGAA under this provision, PMGAA shall, in addition to any other rights and remedies, repay to the Consultant the amount of the gratuity.

11. **Applicable Law.** This Contract shall be governed by, and PMGAA and Consultant shall have, all remedies afforded each by the *Uniform Commercial Code*, as adopted in the state of Arizona, except as otherwise provided in this Contract or in laws pertaining specifically to PMGAA. This Contract shall be governed by the laws of the state of Arizona, and suits pertaining to this Contract shall be brought only in federal or state courts in the state of Arizona.

12. **Contract**. This Contract is based on and the result of a negotiated Scope of Work and Proposal, Bid or Statement of Qualifications submitted by Consultant under an RFP, IFB or RFQ. The Contract contains the entire agreement between PMGAA and Consultant. No prior oral or written agreements, contracts, proposals, negotiations, purchase orders, or master agreements (in any form) are enforceable between the parties.

13. **Contract Amendments**. This Contract shall be modified only by a written amendment signed by the PMGAA Executive Director or his/her designee, and persons duly authorized to enter into contracts on behalf of Consultant.

14. **Provisions Required by Law**. Each and every provision of law and any clause required by law to be in the Contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either party the Contract shall forthwith be physically amended to make such insertion or correction.

15. **Severability.** The provisions of this Contract are severable to the extent that any provision or application held to be invalid shall not affect any other provision or application of the Contract, which may remain in effect without the valid provision, or application.

16. **Protection of Government Property.** Consultant shall use reasonable care to avoid damaging all PMGAA property, including buildings, equipment, and vegetation (such as trees, shrubs, and grass). If Consultant damages PMGAA's property in any way, Consultant shall immediately report such damage to PMGAA and repair or replace the damage at no cost to PMGAA, as directed by the PMGAA Executive Director. If Consultant fails or refuses to repair or replace the damage, then PMGAA may terminate the Contract, and PMGAA shall deduct the repair or replacement cost from money due Consultant under the Contract.

17. **Interpretation – Parol Evidence.** This Contract is intended by the parties as a final expression of their agreement and is intended also as a complete and exclusive statement of the terms thereof. No course of prior dealings between the parties and no usage of the trade shall be relevant to supplement or explain any term used in this Contract. Acceptance or acquiescence in a course of performance rendered under this Contract shall not be relevant to determine the meaning of this Contract even though the accepting or acquiescing party has knowledge of the nature of the performance and opportunity to object.

18. **Subcontracts.** Consultant shall not assign any rights or interest nor enter into any subcontract with any other party to furnish any of the materials, goods or services specified herein without the prior written permission of PMGAA. PMGAA may, at its sole discretion, accept or reject proposed subcontractors or assignment. PMGAA shall notify Consultant of its acceptance or rejection within forty-five (45) days or written request by Consultant. All subcontracts shall comply with federal and state laws and regulations applicable to the materials, goods or services covered by the subcontract and shall include all the terms and conditions set forth herein, which shall apply with equal force to the subcontract, as if the subcontractor were the Consultant referred to herein. Consultant is responsible for Contract performance whether subcontractors are used.

19. **No Waiver.** No provision in this Contract shall be construed, expressly or by implication, to waive either party's existing or future claim, right, or remedy available by law for breach of contract. The failure of either party to insist on strict performance of any Contract term or condition; to exercise or delay exercising any

right or remedy provided in the Contract or by law; or to accept materials, services, or Consultant's services under this Contract or imposed by law, shall not be deemed a waiver of any right of either party to insist upon strict performance of the Contract.

20. **Warranties.** Consultant warrants that all materials and services delivered under this Contract shall conform to the specifications thereof. Mere receipt of shipment of the material or service specified and any inspection incidental thereto by PMGAA, shall not alter or affect the obligations of Consultant or the rights of PMGAA under the foregoing warranties. Additional warranty requirements may be set forth in this Contract.

21. **Indemnification.** To the fullest extent permitted by law, Consultant shall defend, save, indemnify, and hold harmless PMGAA, its agents, representatives, officers, directors, officials, and employees (collectively the "Indemnitees"), for, from and against all claims, damages, losses and expenses, including but not limited to attorney fees, court costs, expert witness fees, and the cost of appellate proceedings, relating to, arising out of, or alleged to have resulted from the Consultant's acts, errors, omissions, or mistakes relating to Consultant's services under this Contract.

22. **Right to Assurance.** Whenever one party to this Contract in good faith has reason to question the other party's intent to perform, the former party may demand that the other party give a written assurance of this intent to perform. If a demand is made and no written assurance is given within five (5) business days, the demanding party may treat this failure as an anticipatory repudiation with this Contract.

23. **Advertising.** Consultant shall not advertise or publish information concerning this Contract without prior written consent of PMGAA.

24. **Right to Inspect.** PMGAA may, at reasonable times, and at PMGAA's expense, inspect the place of Consultant's or any of Consultant's subcontractor's business, which is related to the performance of this Contract or related subcontract.

25. **Force Majeure.** In the event either party shall be delayed or hindered in or prevented from the performance of any covenant, agreement, work, service, or other act required under this Contract to be performed by such party ("Required Act"), and such delay or hindrance is due to causes entirely beyond its control such as riots, insurrections, martial law, civil commotion, war, fire, flood, earthquake, or other casualty or acts of God ("Force Majeure Event"), then the performance of such Required Act shall be excused for the period of delay and the time period for performance of the Required Act shall be extended by the same number of days in the period of delay. For purposes of this Contract, the financial inability of Consultant to perform any Required Act, including, without limitation, failure to obtain adequate or other financing shall not be deemed to constitute a Force Majeure Event. A Force Majeure Event shall not be deemed to commence until ten (10) days before the date on which the party who asserts some right, defense, or remedy arising from or based upon such Force Majeure Event gives written notice thereof to the other party. If abnormal adverse weather conditions are the basis for a claim for an extension of time due to a Force Majeure Event, the written notice shall be accompanied by data substantiating (a) that the weather conditions were abnormal for the time and could not have been reasonably anticipated and (b) that the weather conditions complained of had a significant adverse effect on the performance of a Required Act. To establish the extent of any delay to the performance of a Required Act due to abnormal adverse weather, a comparison will be made of the weather for the time of performance of the Required Act with the average of the preceding ten (10) years' climatic range based on the National Weather Service statistics for the nearest weather reporting station to the Premises. No extension of time for or excuse for a delay in the performance of a Required Act will be granted for rain, snow, wind, cold temperatures, flood, or other natural phenomena of normal intensity for the locality where the Premises are located.

26. **Inspection.** All material or service is subject to final inspection and acceptance by PMGAA. Material or service failing to conform to the specifications of this Contract will be held at Consultant's risk and may be returned to Consultant. If so returned, all costs are the responsibility of Consultant. Noncompliance shall conform to the cancellation clause set forth in this Contract.

27. **Exclusive Possession.** All services, information, computer program elements, reports, and other deliverables, which may be created under this Contract, are the sole property of PMGAA and shall not be used or released by Consultant or any other person except with prior written permission by PMGAA.

28. **Title and Risk of Loss.** The title and risk of loss of materials or services shall not pass to PMGAA until PMGAA actually receives the material or service at the Airport, unless otherwise provided within this Contract.

29. **Liens.** All materials, services, and other deliverables supplied to PMGAA under this Contract must be free of all liens and other encumbrances. Upon request of PMGAA, Consultant shall provide a formal release of all liens.

30. **Licenses.** Consultant shall maintain in current status all federal, state, and local licenses and permits required for the operation of the business conducted by Consultant as applicable to this Contract.

31. **Subsequent Employment.** PMGAA may cancel this Contract without penalty or further obligation in accordance with A.R.S. Section 38-511 if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract, on behalf of the PMGAA is or becomes, at any time while the Contract or any extension of the contract is in effect, an employee of, or a contractor to any other party to this Contract with respect to the subject matter of the Contract. Such cancellation shall be effective when the parties to this Contract receive written notice from PMGAA, unless the notice specifies a later time.

32. **Clean Up.** Consultant shall at all times keep Contract performance areas, including storage areas used by the Consultant, free from accumulation of waste material or rubbish and, prior to completion of the work, remove any rubbish from the premises and all tools, scaffolding, equipment and materials not property of PMGAA. Upon completion of any repair, Consultant shall leave the work and premises in clean, neat, and workmanlike condition.

33. **Patents.** Consultant shall defend, indemnify, and hold harmless PMGAA, its officers and employees from all liabilities, claims, damages, costs, or expenses, including, but not limited to attorneys' fees, for any alleged infringement of any person's patent rights or copyrights in consequence of the use by PMGAA, its officers, employees, agents, and other duly authorized representatives of tangible or intellectual property supplied to PMGAA by Consultant under this Contract.

34. **Records and Audit Rights.** Consultant's and all of its approved subcontractors' books, records, correspondence, accounting procedures and practices, and any other supporting evidence relating to this Contract, including the papers of all Consultant and subcontractor employees that work on the Contract (all the foregoing collectively referred to as "Records"), must be open to inspection and subject to audit and/or reproduction during normal working hours by PMGAA. PMGAA is entitled to evaluate and verify all invoices, payments or claims based on Consultant's and its subcontractor's actual costs (including direct and indirect costs and overhead allocations) incurred or units expended directly in the performance of work under this Contract. For any audit under this Section, Consultant and its subcontractors hereby waive the right to keep such Records confidential. PMGAA is entitled to access to these Records from the effective date of this Contract for the duration of the work and until five years after the date of final payment by PMGAA to Consultant under the Contract. During normal working hours, PMGAA is entitled to access to all necessary Consultant and subcontractor facilities and shall be provided adequate and appropriate workspace, in order to conduct audits under this Section. PMGAA shall give Consultant or subcontractors reasonable advance notice of intended audits. Consultant shall require its subcontractors to comply with the provisions of this Section by including its requirements in all subcontracts related to this Contract.

35. **E-Verify Requirements.** To the extent applicable under A.R.S. § 41-4401, Consultant and its subcontractors warrant compliance with all federal immigration laws and regulations that relate to their employees, and compliance with the E-Verify requirements under A.R.S. §23-214(A). Consultant's or its subcontractors' failure to comply with such warranty shall be deemed a material breach of this Contract and may result in the termination of this Contract by PMGAA. PMGAA shall have the right to inspect the papers of Consultant's and any of Consultant's subcontractor's employee who works on this Contract to ensure the Consultant is complying with this paragraph.

EXHIBIT E – PMGAA EQUIPMENT LIST

At the time of execution of this Contract, PMGAA has the following equipment for it's ACAMS:

Quantity	Description
53	Access Controlled Door (free exit; includes fire exit)
50	Access Controlled Door (controlled exit)
4	Access Controlled Gate (free exit)
13	Access Controlled Gate (controlled exit)
31	Access Control Panel
12	Audible Door Sounder
1	Badging Station
48	Power Supply
176	Badge/Card Reader
3	Server (not including video recorders)
1	Video Management System (VMS)
138	Camera POE Injector
54	Exterior Cameras (lower than 15' AFG)
3	Exterior Cameras (higher than 15' AFG)
81	Interior Cameras (lower than 15' AFG)
1	Interior Cameras (higher than 15' AFG)
3	Network Video Recorder
205	Camera Feeds

EXHIBIT F – CONSULTANT'S RFP SUBMITTAL

Consultant's Proposal in response to Phoenix-Mesa Gateway Airport Authority's Solicitation 2024-008-RFP dated September 25, 2023, is hereby incorporated herein and made part of this Contract.

Board Action Item

Re: Resolution 23-68

To:	**Board of Directors**
From:	**Bob Draper, P.E., LEED AP, CM Engineering & Facilities Director**
Through:	**Scott Brownlee, Deputy Director/COO** **J. Brian O'Neill, A.A.E., Executive Director/CEO**
Subject:	**FY24 Capital Budget Amendment - Rental Car Care Facility Improvements - CIP 1242**
Date:	**December 19, 2023**

Proposed Motion

To authorize an Amendment of the FY24 Capital Budget to add $428,639.07 in funding to the current Rental Car Care Facility Improvements Project (CIP 1242) CMAR Contract, with Willmeng Construction, Inc., due to owner-driven changes that are necessary to meet the actual needs of the car rental companies.

Narrative

The growth of commercial service at the Airport benefits the car rental companies and generates revenue for the Airport through Customer Facility Charges (CFC). CFC's are daily transaction fees imposed upon a customer renting a vehicle from an on-airport car rental company. CFC revenues are used to pay for costs associated with the design and construction of facilities or improvements used for the car rental companies located at the Airport.

Our current Car Care Facility is outdated, inadequate, and lacks the capacity and efficiency needed to service our customers effectively. This facility needs to be upgraded and expanded to accommodate the increased number of rental cars currently in service. Willmeng Construction, Inc. is providing CMAR Construction Services that include the removal of existing facilities, building a new car care building, vacuum, car wash, and light maintenance facilities, office and restroom space, increased car queuing, signage, asphalt, pavement, striping, and lighting. This contract modification includes; SRP post design changes including permits, bollards, conduit, and conductor totaling $103,078.50, City of Mesa post design changes for bollards totaling $14,904.00, tenant-requested security measures (curb and bollards) and devices (entry and exit gates) totaling $197,754.84, tenant requested pre-wash equipment totaling $57,138.00, tenant requested division of the middle office building totaling $25,353.76. This increase in the contract value also increases the taxes, insurance, bonds, and allowable markup totaling $30,409.97. The costs have been reviewed by Airport staff and deemed reasonable and acceptable.

Fiscal Impact

Requesting to have these additional project funds, for the Rental Car Care Facility Improvements Construction Services Project, added and included in the FY24 Capital Budget utilizing CFC funds under CIP 1242.

From:	**Bob Draper, P.E., LEED AP, CM Engineering & Facilities Director**
Through:	**Scott Brownlee, Deputy Director/COO** **J. Brian O'Neill, A.A.E., Executive Director/CEO**
Subject:	**Rental Car Care Facility Improvements Contract Modification – Willmeng Construction, Inc. - CIP 1242**
Date:	**December 19, 2023**

Proposed Motion

To authorize a contract modification to the current Rental Car Care Facility Improvements Project CMAR Contract, with Willmeng Construction, Inc., due to requests from the rental car companies and SRP for changes to meet the desired operational needs of the car rental companies. This contract modification amount is not to exceed $428,639.07 under CIP 1242.

Narrative

The growth of commercial service at the Airport benefits the car rental companies and generates revenue for the Airport through Customer Facility Charges (CFC). CFC's are daily transaction fees imposed upon a customer renting a vehicle from an on-airport car rental company. CFC revenues are used to pay for costs associated with the design and construction of facilities or improvements used for the car rental companies located at the Airport.

Our current Car Care Facility is outdated, inadequate, and lacks the capacity and efficiency needed to service our customers effectively. This facility needs to be upgraded and expanded in order to accommodate the increased number of rental cars currently in service. Willmeng Construction, Inc. is providing CMAR Construction Services. 	J. Brian O'Neill, A.A.E., Executive Director/CEO
Subject:	**FY24 Capital Budget Amendment – Taxiway W PCCP Repairs –CIP 744**
Date:	**December 19, 2023**

Proposed Motion

To Authorize an Amendment of the FY24 Capital Budget to provide an additional $1,400,000 to the existing $800,000 budget due to a 100% ADOT Grant for Taxiway W PCCP Repairs under CIP 744. The new project total will be $2,200,000.

Narrative

Due to the deteriorating pavement condition of Taxiway W, rehabilitation of the concrete pavement is required. ADOT has provided an additional $1,400,000 grant to assist in the rehabilitation of the pavement. A separate Board action will be submitted for the construction project once the project bids have been received.

Fiscal Impact

Requesting that these additional funds, $1,400,000 for the Taxiway W project be added to the FY24 Capital Budget utilizing ADOT grant funds under CIP 744, for a new project total of $2,200,000

Attachment(s)

Board Action Item

Re: Resolution 23-71

To:	**Board of Directors**
From:	**Lori Collins, Director of Business and Economic Development**
Through:	**J. Brian O'Neill, A.A.E., Executive Director/CEO**
Subject:	**VTWV GATEWAY INDUSTRIAL I, LLC – Land Lease for Lots 101, 102 and 103**
Date:	**December 19, 2023**

Proposed Motion

To authorize a Land Lease Agreement with VTWV GATEWAY INDUSTRIAL I, LLC for Lots 101, 102, and 103, consisting of approximately 7.5 acres (327,252.46 SF). The lease term is sixty (60) years, with no renewal options. The annual Base Rent is $202,896.60 annually, payable in equal monthly installments of $16,908.05 plus applicable taxes.

Narrative

Lots 101, 102, and 103 are non-aeronautical land sites, generally located at the southeast corner of the intersection of Sossaman Rd. and Velocity Way and consisting of approximately 327,252 total square feet (the "Premises"). VTWV Gateway Industrial I, LLC ("Lessee") plans to lease the Premises to develop two industrial buildings totaling approximately 96,000 SF with an estimated capital investment of approximately $16,000,000 (the "Improvements").

Agreement Term and Rate

The Term of this agreement is for sixty (60) years with no options to extend. The Base Rent is $202,896.53 annually ($0.62 per sq. ft.), payable in monthly installments of $16,908.04 plus applicable taxes. The agreement also includes an annual three percent (3%) increase to the base rent and is subject to market rate adjustments every ten years.

The Base Rent becomes due and payable at the first of either (i) the delivery of a Certificate of Occupancy ("CofO") or its equivalent from the City of Mesa or; (ii) July 1, 2025, (the "Rent Commencement Date").

DECLARATION OF RECIPROCAL ACCESS EASEMENT

THIS DECLARATION OF RECIPROCAL ACCESS EASEMENT ("**Declaration**") is made as of the _____ day of _____, 202__ by PHOENIX-MESA GATEWAY AIRPORT AUTHORITY, a Joint Powers Airport Authority authorized under the laws of the State of Arizona ("**PMGAA**").

RECITALS

A. PMGAA is the owner and operator of the Phoenix-Mesa Gateway Airport in Maricopa County, Arizona.

B. PMGAA is the fee owner of two adjacent parcels of real property located in Maricopa County, Arizona. One parcel comprises lots commonly known as Lots 101, 102 and 103 and is more particularly described on **EXHIBIT A** attached hereto ("**101-103 Parcel**"), and the other parcel comprises lots commonly referred to as Lot 116-B and is more particularly described on **EXHIBIT B** attached hereto ("**116-B Parcel**"). The 101-103 Parcel and the 116-B Parcel are collectively referred to herein as the "**Parcels**".

C. The Parcels or portions thereof are or will be subject to leases with PMGAA. For purposes hereof, any lease covering the 101-103 Parcel from time to time is referred to as the "**101-103 Lease**" and the tenant pursuant to a 101-103 Lease is referred to as the "**101-103 Lessee**". Any lease covering the 116-B Parcel from time to time is referred to as a "**116-B Lease**" and the tenant pursuant to a 116-B Lease is referred to as the "**116-B Lessee.**" The 101-103 Lessee and the 116-B Lessee are sometimes individually referred to herein as a "**Parcel Tenant**" and collectively as the "**Parcel Tenants**." The 101-103 Lease and 116-B Lease are each individually a "**Lease**" and collectively referred to as the "**Leases**".

D. PMGAA desires to establish and declare hereby a mutual reciprocal easement in favor of the Parcels, for the purpose of pedestrian and vehicular access, ingress, and egress in, over, and under a portion of the Parcels, in accordance with the terms and conditions set forth herein.

DECLARATION

NOW THEREFORE, PMGAA hereby declares as follows:

1. Creation of Easement. PMGAA does hereby reserve, grant and declare a perpetual, nonexclusive reciprocal easement in, over, and under a portion of the 116-B Parcel set forth on **EXHIBIT C** attached hereto ("**Easement Area**") for the purpose of pedestrian and vehicular ingress and egress ("**Access Easement**"). The Access Easement is created for the benefit of, and may be used by the Parcel Tenants and their respective employees, customers, contractors, subtenants, agents, invitees, subtenants, successors and assigns ("**Permittees**").

2. Initial Construction.

(a) *Responsibility for Initial Construction*. The 116-B Lessee will be responsible for the initial construction of the Easement Area and any improvements located thereon ("**Easement Construction**"). The Easement Construction will include installing in a good and workmanlike manner the pavement, curbing, striping, and if necessary any drainage system and other improvements for the Easement Area as generally depicted on **EXHIBIT D** attached hereto. The 116-B Lessee shall use commercially reasonable efforts to complete the Easement Construction on or before December 1, 2024 (the "**Completion Deadline**"). Notwithstanding the foregoing, in the event the 116-B Lessee is diligently proceeding with the Easement Construction, the 116-B Lessee shall have the right to extend the Completion Deadline for a period of up to forty-five (45) days upon written notice to PMGAA and the 101-103 Lessee.

(b) *Costs and Expenses*.

(i) The Easement Construction will be undertaken by the 116-B Lessee in connection with the original construction of the 116-B Parcel, at 116-B Lessee's sole cost and expense except as provided for herein. The 116-B Lessee will document and keep a record of the costs incurred with respect to the concrete/asphalt paving, the landscaping, any mark-ups, and permit fees, included in the Easement Construction ("**Easement Construction Expenses**").

(ii) Upon execution of the first 101-103 Lease executed between PMGAA and the 101-103 Lessee (for purposes hereof, the "**Initial 101-103 Lease**") and thereafter, the first 101-103 Lessee (for purposes hereof "**Initial 101-103 Lessee**") must reimburse the 116-B Lessee for fifty percent (50%) of the Easement Construction Expenses ("**Construction Reimbursement**") within thirty (30) days of the Initial 101-103 Lessee's receipt of an invoice therefor, along with reasonable supporting documentation of the Easement Construction Expenses. If the Initial 101-103 Lessee fails to reimburse the 116-B Lessee for the Construction Reimbursement within the applicable thirty (30) day period, such unpaid amount shall accrue interest at the rate of eighteen percent (18%) per annum, compounded annually, from the date due until paid. The Construction Reimbursement will constitute the personal obligation of the Initial 101-103 Lessee. In no event will the 116-B Lessee have any right to file, record, or claim a lien against the underlying Parcels.

(c) *Construction Self-Help Rights*. If the 116-B Lessee fails to complete the Easement Construction by the Completion Deadline (as may be extended pursuant to Section 2(a) above), the 101-103 Lessee may notify the 116-B Lessee in writing ("**Self-Help Notice**") of such failure and of 101-103 Lessee's intent to complete the Easement Construction on 116-B Lessee's behalf if the 116-B Lessee fails to complete the Easement Construction within sixty (60) days following receipt of the Self-Help Notice, or such longer time, not to exceed an additional ninety (90) days, as may be reasonably necessary provided that the 116-B Lessee has commenced to cure such failure within the initial sixty (60) day period and is diligently pursuing the same ("**Cure Period**"). Within the Self-Help Notice, the 101-103 Lessee must provide an estimate for the completion of the Easement Construction Expenses required to complete the remaining Easement Construction. In the event the 116-B Lessee fails to complete the Easement Construction within the Cure Period, the 101-103 Lessee may proceed with completing the Easement Construction in accordance with the Self-Help Notice. In exercising its rights hereunder, the 101-103 Lessee may not unreasonably interfere with the operations on the 116-B Parcel and must use commercially reasonable efforts to complete the Easement Construction within a commercially reasonable period and perform the completion of the Easement Construction in a manner so as to minimize any interference with the operations on the 116-B Parcel. If the 101-103 Lessee performs the Easement Construction, the 116-B Lessee must reimburse the 101-103 Lessee for fifty percent (50%) of the actual Easement Construction Expenses required to complete the remaining Easement Construction, within thirty (30) days of a receipt of an invoice therefor along with reasonable supporting documentation of the Easement Construction Expenses incurred by the 101-103 Lessee. If the 116-B Lessee fails to reimburse the 101-103 Lessee for the Construction Reimbursement within the applicable thirty (30) day period, such unpaid amount shall accrue interest at the rate of eighteen percent (18%) per annum,

compounded annually, from the date due until paid. In the event the 101-103 Lessee exercises the rights hereunder, any contractor employed by the 101-103 Lessee shall be commercially licensed, bonded and insured in the state of Arizona. Before the commencement of any work by such contractor, 101-103 Lessee shall provide 116-B Lessee with copies of such contractor's applicable insurance policies prior to entering onto the 116-B Parcel. At a minimum, such policies shall include builder's all-risk coverage, liability for death, personal injury and property damage arising out of the performance of any work at or about the 116-B Parcel by contractor, any subcontractor or any other party required to be under the control of contractor, and shall provide comprehensive automobile liability insurance, shall be primary and non-contributing and shall provide for the insurer to provide written notice to 116-B Lessee thirty (30) days prior to any cancellation, expiration or modification of such coverage. Said policies shall each name 116-B Lessee, PMGAA and 116-B Lessee's lender(s), if applicable, as additional insured parties and shall each cover any occurrence caused by or occurring because of activities or failure to properly and safely perform the work.

(d) All construction performed under this Declaration, whether performed by 116-B Lessee or 101-103 Lessee, shall be performed in a good and workmanlike manner and in manner to keep the 116-B Parcel free and clear of any liens arising out of any such work performed.

3. Maintenance.

(a) *Responsibility for Maintenance*. Subject to Section 3(d) below, the 116-B Lessee will be responsible to maintain, inspect, repair and replace (if necessary) the Easement Area and any improvements located thereon ("**Easement Maintenance**"). The Easement Maintenance must include keeping all improvements in a neat and clean condition and in good order, condition and repair, including without limitation the patching of pavement, resurfacing, sweeping and removing trash and debris, and maintaining any drainage system.

(b) *Costs and Expenses*.

(i) Until such time as the Initial 101-103 Lease is first executed, the 116-B Lessee will be exclusively responsible for the cost and expenses incurred in performing the Easement Maintenance ("**Easement Maintenance Expenses**").

(ii) Upon the execution of the Initial 101-103 Lease and continuing thereafter, the Easement Maintenance Expenses will be shared equally by the 116-B Lessee and the 101-103 Lessee (including the Initial 101-103 Lessee). The 101-103 Lessee must reimburse the 116-B Lessee fifty percent (50%) of the Easement Maintenance Expenses within thirty (30) days of a receipt of an invoice therefor along with reasonable supporting documentation of the Easement Maintenance Expenses. If the 101-103 Lessee fails to reimburse the 116-B Lessee its proportionate share of the Easement Maintenance Expenses within the applicable thirty (30) day period, such unpaid amount shall accrue interest at the rate of eighteen percent (18%) per annum, compounded annually, from the date due until paid. The applicable proportionate share of Easement Maintenance Expenses will constitute the personal obligation of the 101-103 Lessee. In no event will the 116-B Lessee have any right to file, record, or claim a lien against the underlying Parcels.

(iii) During any period of time during which there is no Lease for one or both of the Parcels, PMGAA will assume the responsibilities for Easement Maintenance and/or Easement Maintenance Expenses in connection with the Parcel without a tenant, as applicable.

(c) *Maintenance Self-Help Rights*. If the 116-B Lessee fails to perform the Easement Maintenance, the 101-103 Lessee may notify the 116-B Lessee in writing of such failure. If the 116-B Lessee fails to object on the basis that such maintenance or repairs are not required or fails to complete any required Easement Maintenance within thirty (30) days following receipt of such written notice, or such longer time, not to exceed an additional ninety (90) days, as may be reasonably necessary provided that the 116-B Lessee has

commenced to perform the Easement Maintenance within the initial thirty (30) day period and is diligently pursuing the same, the 101-103 Lessee may perform the Easement Maintenance. In exercising its rights hereunder, the 101-103 Lessee may not unreasonably interfere with the operations on the 116-B Parcel and must use commercially reasonable efforts to perform the maintenance in a manner so as to minimize any interference with the operations on the 116-B Parcel. If the 101-103 Lessee performs the Easement Maintenance, the 116-B Lessee must reimburse the 101-103 Lessee for fifty percent (50%) of the Easement Maintenance Expenses within thirty (30) days of a receipt of an invoice therefor, along with reasonable supporting documentation of the Easement Maintenance Expenses incurred by the 101-103 Lessee, together with interest thereon at the rate of eighteen percent (18%) per annum, compounded annually, from the date of expenditure until paid.

(d) *PMGAA's Election to Perform*. Notwithstanding anything to the contrary herein, PMGAA may elect by written notice to the 116-B Lessee and 101-103 Lessee, at any time and from time to time in PMGAA's sole discretion, to perform the Easement Maintenance and seek reimbursement from the Parcel Tenants for their share of the Easement Maintenance Expenses. Such election may be relinquished or revoked at any time and from time to time by PMGAA upon written notice to the 116-B Lessee and 101-103 Lessee, following which the 116-B Lessee will resume performing the Easement Maintenance in accordance with Section 3(a).

(e) *No Obligation of PMGAA*. For avoidance of doubt, except as provided for in Section 3(b)(iii) and Section 3(d) above, PMGAA has no obligation to construct any improvements, perform the Easement Maintenance, or pay any costs or expenses set forth herein (including, without limitation, any Easement Construction Expenses, Construction Reimbursement, and any Easement Maintenance Expenses).

4. Damage or Destruction.

(a) *By Fire or Other Casualty*. If any portion of the Easement Area or improvements thereon are destroyed or damaged by fire or other casualty, the terms of the 101-103 Lease and the 116-B Lease will govern with respect to the such portion of the Easement Area located on each of the Parcels, respectively; provided however, that prior to the Initial 101-103 Lease, the 116-B Lease will govern as to the entirety of the Easement Area, as if the entire Easement Area is located within the 116-B Parcel.

(b) *By Act of the Parcel Tenants*. Notwithstanding any other provision herein, (a) in the event any portion of the Easement Area, or any improvement located thereon, is damaged or destroyed by a willful or grossly negligent act of the 101-103 Lessee or its Permittees, the Lot 101-103 Lessee will be responsible for the entire cost of repairing all damage resulting from such act; and (b) in the event any portion of the Easement Area, or any improvement located thereon, is damaged or destroyed by a willful or grossly negligent act of the 116-B Lessee or its Permittees, the 116-B Lessee will be responsible for the entire cost of repairing all damage resulting from such act.

5. Barriers; Obstructions. Any fence, wall, or other barrier or structure of any kind on the Easement Area which would prevent, obstruct or impair the passage of pedestrian and vehicular traffic over and across the Easement Area to and from the Parcels is prohibited. Parking of vehicles upon the Easement Area is prohibited.

6. Indemnity. Except to the extent covered by insurance required to be carried by 101-103 Lessee under this Declaration, 101-103 Lessee shall and hereby does indemnify, defend and hold harmless 116-B Lessee for, from and against all claims, including any action or proceeding brought therein, and all costs, losses, expenses and liabilities (including reasonable attorneys' fees and costs of suit) ("**Claims**") arising from or in connection with any person using the Easement Area for the purposes of traveling to or from the 101-103 Parcel. The foregoing indemnity shall not apply to any Claims arising from 116-B Lessee's gross negligence or

willful misconduct or 116-B Lessee's breach of its maintenance obligations under this Declaration. The provisions of this Section shall survive any termination of this Declaration or the easement.

7. Insurance. Prior to exercise any of its rights with respect to the easement, including the construction or placement of any improvements within the Easement Area, both Parcel Tenants shall obtain, and shall thereafter maintain at all times, commercial general liability insurance for the Easement Area and against the risks of death, bodily injury, property damage and personal injury liability (including contractual liability arising under any indemnity contained herein) occurring therein, with at least the coverage limits required pursuant to the Leases. Such insurance shall name the other Parcel Tenant and PMGAA as additional insureds. Each Parcel Tenant shall provide to the other Parcel Tenant a certificate evidencing the required insurance within 15 days of request from such Parcel Tenant. If a notice of non-renewal, cancellation or material change is issued with respect to either Parcel Tenant's required insurance, such Parcel Tenant shall obtain replacement insurance and provide a replacement certificate to the other Parcel Tenant within 10 days, or the requesting Parcel Tenant may obtain the insurance and certificate and be entitled to reimbursement by the other Parcel Tenant for all reasonable costs incurred in connection therewith.

8. Attorneys' Fees. In the event of any action to enforce the provisions of this instrument, the prevailing party will be entitled to receive reimbursement for reasonable costs and attorneys' fees, in an amount determined by the court and not by a jury.

9. No Public Dedication; Running of Benefits and Burdens; No Merger. The provisions of this Declaration are not intended to and do not constitute a dedication for public use of any portion of the Easement Area. All provisions of this Declaration, including the benefits and burdens, shall run with the land, and shall be binding upon and shall inure to the benefit of the successors and assigns of PMGAA. The common ownership of all or any portion of the Parcels shall not extinguish or merge the interests created under this Declaration at any time unless the then-current owner(s) of all the Parcels records an instrument in the records of Maricopa County, Arizona terminating this Declaration.

10. Subsequent Liability. Whenever the transfer or termination of any ownership of or leasehold interest in all or any part of the Parcels occurs, the transferor or former leasehold interest holder will not be liable for the breach, subsequent to such transfer or termination, of any of the covenants contained herein; provided, however, that the transferor or former leasehold interest holder will remain liable for any obligations hereunder of such transferor or former leasehold interest holder that accrued prior to the transfer or termination.

11. Applicable Law. This Declaration must be construed and interpreted under, and governed and enforced according to, the laws of the State of Arizona.

12. Headings and Counterparts. The headings of this Declaration are for purposes of reference only and will not limit or define the meaning of any provision of this Declaration. This Declaration may be executed in any number of counterparts, each of which will be an original but all of which will constitute one and the same instrument.

13. Amendments. PMGAA may amend, modify or revoke this Declaration at any time in its sole discretion, by recording in the office of the Recorder of Maricopa County, Arizona an instrument in writing reciting such revocation or amendment.

[*Remainder of page intentionally left blank; signature page follows*]

IN WITNESS WHEREOF, PMGAA has caused this Declaration of Reciprocal Access Easement to be executed as of the date first above-written.

DESCRIPTION FOR ACCESS EASEMENT PHOENIX-MESA GATEWAY AIRPORT A.P.N. 304-36-002G

A portion of Section 32, Township 1 South, Range 7 East of the Gila and Salt River Base and Meridian, Maricopa County, being more particularly described as follows:

Commencing at the Southwest corner of said Section 32, being marked with an aluminum cap in a handhole stamped "L.S. 32778" said point lies South 00 degrees 59 minutes 50 seconds East 2631.46 feet from the West quarter corner of said Section 32, being marked with a 3 inch brass cap;

Thence, along the West line of the Southwest quarter of said Section 32, North 00 degrees 59 minutes 50 seconds West 1324.14 feet;

Thence North 89 degrees 00 minutes 10 seconds East 68.62 feet to a point on the Southwesterly line of the Phoenix–Mesa Gateway Airport, said point also being the POINT OF BEGINNING;

Thence North 79 degrees 16 minutes 14 seconds East 39.80 feet;

Thence North 11 degrees 45 minutes 41 seconds West 26.18 feet to a point on the South line of the Phoenix–Mesa Gateway Airport Lease Parcel 101;

Thence, along said South line, North 79 degrees 17 minutes 31 seconds East 40.01 feet;

Thence South 11 degrees 45 minutes 41 seconds East 71.17 feet;

Thence South 79 degrees 16 minutes 14 seconds West 80.84 feet to a point on a non–tangent curve on the aforementioned Southwesterly line of said Airport property;

Thence along said Southwesterly line and said non–tangent curve turning to the left, the radius point of which bears South 80 degrees 16 minutes 01 seconds West 1811.00 feet, through a central angle of 01 degrees 25 minutes 25 seconds, an arc length of 45.00' to the POINT OF BEGINNING.

Comprising 0.107 acres or 4657 square feet, subject to all easements of record.

For Recorder's Use

DECLARATION OF UTILITY EASEMENT

THIS DECLARATION OF UTILITY EASEMENT ("**Declaration**") is made as of the _____ day of _____, 202__ by PHOENIX-MESA GATEWAY AIRPORT AUTHORITY, a Joint Powers Airport Authority authorized under the laws of the State of Arizona ("**PMGAA**").

RECITALS

A. PMGAA is the owner and operator of the Phoenix-Mesa Gateway Airport in Maricopa County, Arizona.

B. PMGAA is the fee owner of two adjacent parcels of real property located in Maricopa County, Arizona. One parcel comprises lots commonly known as Lots 101, 102 and 103 and is more particularly described on **EXHIBIT A** attached hereto ("**101-103 Parcel**"), and the other parcel comprises lots commonly referred to as Lot 116-B and is more particularly described on **EXHIBIT B** attached hereto ("**116-B Parcel**"). The 101-103 Parcel and the 116-B Parcel are sometimes individually referred to herein as a "**Parcel**" and collectively as the "**Parcels**".

C. The Parcels or portions thereof are or will be subject to leases with PMGAA. For purposes hereof, any lease covering the 101-103 Parcel from time to time is referred to as the "**101-103 Lease**" and the tenant pursuant to a 101-103 Lease is referred to as the "**101-103 Lessee**". Any lease covering the 116-B Parcel from time to time is referred to as a "**116-B Lease**" and the tenant pursuant to a 116-B Lease is referred to as the "**116-B Lessee.**" The 101-103 Lessee and the 116-B Lessee are sometimes individually referred to herein as a "**Parcel Tenant**" and collectively as the "**Parcel Tenants**." The 101-103 Lease and 116-B Lease are each individually a "**Lease**" and collectively referred to as the "**Leases**".

D. PMGAA desires to establish and declare hereby a utility easement in favor of the 101-103 Parcel over a portion of the 116-B Parcel, for the purpose of allowing the installation, operation and maintenance of wet and dry utility lines over such portion of the 116-B Parcel, in accordance with the terms and conditions set forth herein.

DECLARATION

NOW THEREFORE, PMGAA hereby declares as follows:

1. Creation of Easements. PMGAA does hereby reserve, grant and declare for the benefit of the 101-103 Parcel a perpetual, nonexclusive easement in, over, and under the following portions of the 116-B Parcel: (i) that certain area set forth on **EXHIBIT C** attached hereto ("**Water Easement Area**") for the

purpose of the installation, construction, maintenance, operation, use, repair and replacement of underground water services, lines and appurtenant facilities, structures and improvements to service the 101-103 Parcel (the "**Water Improvements**"), and (ii) that certain area set forth on **EXHIBIT D** hereto ("**Sewer Easement Area**") for the purpose of the installation, construction, maintenance, operation, use, repair and replacement of underground sewer services, lines and appurtenant facilities, structures and improvements to serve the 101-103 Parcel (the "**Sewer Improvements**"). The Water Easement Area and Sewer Easement Area are collectively referred to herein as the "**Easement Areas**". The Water Improvements and Sewer Improvements are collectively referred to herein as the "**Utility Improvements**". In connection with the easements granted herein, PMGAA grants to the Parcel Tenants non-exclusive and reasonably necessary rights of ingress and egress from the public right of way over and across the Easement Areas for purposes of exercising the easement rights granted herein. In exercising the easement rights provided herein, 101-103 Lessee shall use commercially reasonable efforts not to interfere with the operations on the 116-B Parcel.

The 116-B Lessee may use the Easement Areas for any use consistent with the 116-B Lease and this Declaration and the easements and rights granted herein. Further, no vertical improvements may be constructed or located within the Easement Areas, and any horizontal improvements constructed or located within the Easement Areas must be consistent with other properties within the Phoenix-Mesa Gateway Airport.

2. Initial Construction.

(a) *Construction by 101-103 Lessee.* Neither 116-B Lessee nor 101-103 Lessee shall have any obligation to PMGAA to install any improvements in the Easement Areas pursuant to this Declaration. The 101-103 Lessee shall be solely responsible, at its expense, for the construction of all Utility Improvements required by the 101-103 Lessee within the respective Easement Areas in connection with the development of the 101-103 Parcel, unless previously installed by the 116-B Lessee as set forth below. All Utility Improvements constructed and installed by or on behalf of the 101-103 Lessee in the Easement Areas shall be constructed in a good and workmanlike and lien-free manner and in accordance with the applicable final plans and specifications therefor approved by the City of Mesa (the "**City**"), PMGAA and any applicable utility company serving the 101-103 Parcel. Any contractor employed by the 101-103 Lessee shall be commercially licensed, bonded and insured in the state of Arizona. Before the commencement of any work by such contractor, 101-103 Lessee shall provide 116-B Lessee with copies of such contractor's applicable insurance policies prior to entering onto the 116-B Parcel. At a minimum, such policies shall include builder's all risk coverage, liability for death, personal injury and property damage arising out of the performance of any work at or about the 116-B Parcel by contractor, any subcontractor or any other party required to be under the control of contractor, and shall provide comprehensive automobile liability insurance, shall be primary and non contributing and shall provide for the insurer to provide written notice to 116-B Lessee thirty (30) days prior to any cancellation, expiration or modification of such coverage. Said policies shall each name 116-B Lessee, PMGAA and 116-B Lessee's lender(s), if applicable, as additional insured parties and shall each cover any occurrence caused by or occurring because of activities or failure to properly and safely perform the work.

(b) *Construction by 116-B Lessee.* If the 116-B Lessee desires to install hardscape on the 116-B Parcel prior to completion of the Utility Improvements by the 101-103 Lessee, then the 116-B Lessee may notify the 101-103 Lessee in writing of such desire. If the 101-103 Lessee fails to complete the Utility Improvements within sixty (60) days following receipt of such written notice, the 116-B Lessee shall install and complete the Utility Improvements as part of such hardscape improvements within nine (9) months thereafter. All Utility Improvements constructed and installed by or on behalf of the 116-B Lessee in the Easement Areas shall be constructed in a good and workmanlike and lien-free manner and in accordance with the applicable final plans and specifications therefor provided by the 101-103 Lessee and approved by the City, PMGAA and any applicable utility company serving the 101-103 Parcel. If the 116-B Lessee installs the Utility Improvements, the 101-103 Lessee must reimburse the 116-B Lessee for the reasonable costs incurred in connection therewith within thirty (30) days of a receipt of an invoice therefor along with reasonable supporting documentation of such costs and expenses incurred by the 116-B Lessee, together with interest thereon at the

rate of eighteen percent (18%) per annum, compounded annually, from the date of expenditure until paid. If the 116-B Lessee gives such notice but fails to timely complete the Utility Improvements, the 101-103 Lessee shall have the right to complete such Utility Improvements in accordance with Section 2(a) above.

(c) *Shared Connections*. In the event that one or more shared points of connection to any utility, including either a "T" split or manhole (each a "**Shared Connection**") must be installed within the Easement Areas in order for both the 116-B Parcel and 101-103 Parcel to access public sewer or water utilities from the public right of way, then the Parcel Tenant first seeking connection to the utilities shall be responsible to construct and install the Shared Connection ("**Constructing Tenant**"). The Parcel Tenants shall reasonably agree on the location of any Shared Connection. Any Shared Connection constructed and installed in the Easement Areas shall be constructed in a good and workmanlike and lien-free manner and in accordance with the applicable final plans and specifications therefor provided by the Constructing Tenant and approved by the City, PMGAA and any applicable utility company serving the Parcels. Following completion of construction of the Shared Connection and at such time as the Parcel Tenant that did not install the Shared Connection ("**Non-Constructing Tenant**") wishes to make connection to the Shared Connection, the Non-Constructing Tenant must reimburse the Constructing Tenant for fifty percent (50%) of the actual cost to construct and install the Shared Connection ("**Construction Reimbursement**") within thirty (30) days of the Non-Constructing Tenant's receipt of an invoice therefor, along with reasonable supporting documentation of the cost to construct and install the Shared Connection. If the Non-Constructing Tenant fails to reimburse the Constructing Tenant for the Construction Reimbursement within the applicable thirty (30) day period, such unpaid amount shall accrue interest at the rate of eighteen percent (18%) per annum, compounded annually, from the date due until paid. The Construction Reimbursement will constitute the personal obligation of the Non-Constructing Tenant. In no event will the Constructing Tenant have any right to file, record, or claim a lien against the underlying Parcels.

(d) All construction performed under this Declaration, whether performed by 116-B Lessee or 101-103 Lessee, shall be performed in a good and workmanlike manner and in manner to keep the 116-B Parcel free and clear of any liens arising out of any such work performed.

3. Maintenance.

(a) *Responsibility for Maintenance*. Subject to Section 3(d) below, the Easement Areas, Utility Improvements and Shared Connection will be maintained as follows:

(i) The 116-B Lessee shall be responsible to maintain, inspect, repair and replace (if necessary) the surface of the Water Easement Area, excluding any Utility Improvements located thereon, as part of the overall maintenance of the 116-B Parcel, at 116-B Lessee's sole cost and expense ("**Water Easement Maintenance**")

(ii) The Parcel Tenants acknowledge that the Sewer Easement Area is located within the Access Easement Area pursuant to that certain Declaration of Reciprocal Access Easement ("**RAE**") recorded by PMGAA against the Parcels contemporaneously herewith, and that as a result, the maintenance obligations for the surface of the Sewer Easement Area will be included within the Easement Maintenance as defined in the RAE.

(iii) The 101-103 Lessee shall be responsible to maintain, inspect, repair, and replace (if necessary) the Utility Improvements located in the Easement Areas at 101-103 Lessee's sole cost and expense ("**Utility Improvements Maintenance**").

(iv) The Constructing Tenant shall be responsible to maintain, inspect, repair, and replace (if necessary) any Shared Connection located in the Easement Areas ("**Shared Connection Maintenance**"). Until such time as the Non-Constructing Tenant connects to the Shared Connection, the

Constructing Tenant will be exclusively responsible for the cost and expenses incurred in performing the Shared Connection Maintenance ("**Shared Connection Maintenance Expenses**"). At such time as the Non-Constructing Tenant connects to the Shared Connection, the Shared Connection Maintenance Expenses will be equally shared by the Constructing Tenant and the Non-Constructing Tenant. The Non-Constructing Tenant must reimburse the Constructing Tenant fifty percent (50%) of the Shared Connection Maintenance Expenses within thirty (30) days of a receipt of an invoice therefor along with reasonable supporting documentation of the Shared Connection Maintenance Expenses. If the Non-Constructing Tenant fails to reimburse the Constructing Tenant its proportionate share of the Shared Connection Maintenance Expenses within the applicable thirty (30) day period, such unpaid amount shall accrue interest at the rate of eighteen percent (18%) per annum, compounded annually, from the date due until paid. The applicable proportionate share of the Shared Connection Maintenance Expenses will constitute the personal obligation of the Non-Constructing Tenant. In no event will the Constructing Tenant have any right to file, record, or claim a lien against the underlying Parcels. For purposes of this Section 3(a)(iv) only, use of the defined term "Constructing Tenant" means the initial Constructing Tenant and subsequent Parcel Tenants of the same Parcel leased by said initial Constructing Tenant, and use of the defined term "Non-Constructing Tenant" means the initial Non-Constructing Tenant and subsequent Parcel Tenants of the same Parcel leased by said initial Non-Constructing Tenant.

(v) The Water Easement Maintenance, Utility Improvements Maintenance, and Shared Connections Maintenance are collectively referred to as the "**Required Maintenance**". During any period of time during which there is no Lease for one or both of the Parcels, PMGAA will assume the responsibilities for Required Maintenance and/or any Required Maintenance expenses in connection with the Parcel without a tenant, as applicable.

(b) *Maintenance Requirements*. In connection with the performance of any of the 101-103 Lessee's Required Maintenance obligations hereunder, the 101-103 Lessee may not unreasonably interfere with the operations on the 116-B Parcel and must use commercially reasonable efforts to perform the maintenance in a manner so as to minimize any interference with the operations on the 116-B Parcel. In connection with the 101-103 Lessee's performance of the Required Maintenance, the 101-103 Lessee will restore, at no cost to the 116-B Lessee, the surface area of the Easement Areas to as good a condition which existed prior to the commencement of such Required Maintenance. In the event the 101-103 Lessee damages the Easement Areas in connection with its performance of the Required Maintenance, the 101-103 Lessee will repair, at no cost to the 116-B Lessee, any and all damage and restore the affected portion of the surface area of the Easement Areas so damaged to as good a condition which existed prior to such damage.

(c) *Maintenance Self-Help Rights*. If any Parcel Tenant fails to perform the Required Maintenance of which it is responsible (either being the "**Defaulting Tenant**"), the non-defaulting Parcel Tenant ("**Non-Defaulting Tenant**") may notify the Defaulting Tenant in writing of such failure in the Required Maintenance. If the Defaulting Tenant fails to object on the basis that such Required Maintenance is not required or fails to complete any Required Maintenance within thirty (30) days following receipt of such written notice, or such longer time, not to exceed an additional sixty (60) days, as may be reasonably necessary provided that the Defaulting Tenant has commenced to perform the Required Maintenance within the initial thirty (30) day period and is diligently pursuing the same, the Non-Defaulting Tenant may perform the Required Maintenance. In exercising its rights hereunder, the Non-Defaulting Tenant may not unreasonably interfere with the operations on the Defaulting Tenant's Parcel and must use commercially reasonable efforts to perform the maintenance in a manner so as to minimize any interference with the operations on the Defaulting Tenant's Parcel. If the Non-Defaulting Tenant performs the Required Maintenance, the Defaulting Tenant must reimburse the Non-Defaulting Tenant for the costs incurred in connection therewith within thirty (30) days of a receipt of an invoice therefor along with reasonable supporting documentation of such costs and expenses incurred by the Non-Defaulting Tenant, together with interest thereon at the rate of eighteen percent (18%) per annum, compounded annually, from the date of expenditure until paid.

(d) *PMGAA's Election to Perform*. Notwithstanding anything to the contrary herein, PMGAA may elect by written notice to the responsible 116-B Lessee or 101-103 Lessee, as appliable, at any time and from time to time in PMGAA's sole discretion, to perform the Required Maintenance and seek reimbursement from the responsible 116-B Lessee and/or the 101-103 Lessee, for the costs incurred in connection therewith. Such election may be relinquished or revoked at any time and from time to time by PMGAA upon written notice to the responsible 116-B Lessee or 101-103 Lessee, following which the responsible 116-B Lessee or 101-103 Lessee, as applicable, will resume performing the respective Required Maintenance in accordance with Section 3(a).

(e) *No obligation of PMGAA*. For avoidance of doubt, except as provided for in Section 3(a)(v) and Section 3(d) above, PMGAA has no obligation to construct any improvements, perform the Required Maintenance, or pay any costs or expenses set forth herein (including, without limitation, any Construction Reimbursement, Shared Connection Maintenance Expenses and Required Maintenance expenses).

4. Damage or Destruction.

(a) *By Fire or Other Casualty*. If any portion of the Easement Areas or Utility Improvements thereon are destroyed or damaged by fire or other casualty, the terms of the 116-B Lease will govern with respect to the entirety of the Easement Areas.

(b) *By Act of the Parcel Tenants*. Notwithstanding any other provision herein, (a) in the event any portion of the Easement Areas, any Utility Improvements located thereon or any improvements related to the 116-B Parcel's utilities located within the Easement Areas, is damaged or destroyed by a willful or grossly negligent act of the 101-103 Lessee or its employees, customers, contractors, subtenants, agents, invitees, subtenants, successors and assigns ("**Permittees**"), the 101-103 Lessee will be responsible for the entire cost of repairing all damage resulting from such act; and (b) in the event any portion of the Easement Areas, any Utility Improvements located thereon or any improvements related to the 116-B Parcel's utilities located within the Easement Areas, is damaged or destroyed by a willful or grossly negligent act of the 116-B Lessee or its Permittees, the 116-B Lessee will be responsible for the entire cost of repairing all damage resulting from such act.

5. Indemnity. Except to the extent covered by insurance required to be carried by 101-103 Lessee under this Declaration, 101-103 Lessee shall and hereby does indemnify, defend and hold harmless 116-B Lessee for, from and against all claims, including any action or proceeding brought therein, and all costs, losses, expenses and liabilities (including reasonable attorneys' fees and costs of suit) ("**Claims**") arising from or in connection with any person using the Easement Areas or Utility Improvements for the purposes granted to the 101-103 Parcel herein. The foregoing indemnity shall not apply to any Claims arising from 116-B Lessee's gross negligence or willful misconduct or 116-B Lessee's breach of its Required Maintenance obligations under this Declaration. The provisions of this Section shall survive any termination of this Declaration or the easement.

6. Insurance. Prior to exercise any of its rights with respect to the easement, including the construction or placement of any Utility Improvements within the Easement Areas, both Parcel Tenants shall obtain, and shall thereafter maintain at all times, commercial general liability insurance for the Easement Areas and against the risks of death, bodily injury, property damage and personal injury liability (including contractual liability arising under any indemnity contained herein) occurring therein, with at least the coverage limits required pursuant to the Leases. Such insurance shall name the other Parcel Tenant and PMGAA as additional insureds. Each Parcel Tenant shall provide to the other Parcel Tenant a certificate evidencing the required insurance within 15 days of request from such Parcel Tenant. If a notice of non-renewal, cancellation or material change is issued with respect to either Parcel Tenant's required insurance, such Parcel Tenant shall obtain replacement insurance and provide a replacement certificate to the other Parcel Tenant within 10 days,

or the requesting Parcel Tenant may obtain the insurance and certificate and be entitled to reimbursement by the other Parcel Tenant for all reasonable costs incurred in connection therewith.

7. Attorneys' Fees. In the event of any action to enforce the provisions of this instrument, the prevailing party will be entitled to receive reimbursement for reasonable costs and attorneys' fees, in an amount determined by the court and not by a jury.

8. No Public Dedication; Running of Benefits and Burdens; No Merger. The provisions of this Declaration are not intended to and do not constitute a dedication for public use of any portion of the Easement Area. All provisions of this Declaration, including the benefits and burdens, shall run with the land, and shall be binding upon and shall inure to the benefit of the successors and assigns of PMGAA. The common ownership of all or any portion of the Parcels shall not extinguish or merge the interests created under this Declaration at any time unless the then-current owner(s) of all the Parcels records an instrument in the records of Maricopa County, Arizona terminating this Declaration.

9. Subsequent Liability. Whenever the transfer or termination of any ownership of or leasehold interest in all or any part of the Parcels occurs, the transferor or former leasehold interest holder will not be liable for the breach, subsequent to such transfer or termination, of any of the covenants contained herein; provided, however, that the transferor or former leasehold interest holder will remain liable for any obligations hereunder of such transferor or former leasehold interest holder that accrued prior to the transfer or termination.

10. Applicable Law. This Declaration must be construed and interpreted under, and governed and enforced according to, the laws of the State of Arizona.

11. Headings and Counterparts. The headings of this Declaration are for purposes of reference only and will not limit or define the meaning of any provision of this Declaration. This Declaration may be executed in any number of counterparts, each of which will be an original but all of which will constitute one and the same instrument.

12. Amendments. PMGAA may amend, modify or revoke this Declaration at any time in its sole discretion, by recording in the office of the Recorder of Maricopa County, Arizona an instrument in writing reciting such revocation or amendment.

PHOENIX-MESA GATEWAY AIRPORT AUTHORITY

LAND LEASE

This Land Lease (the "**Lease**") is executed to be effective the FIRST (1ST) day of JANUARY, 2024 (the "**Effective Date**") between the **PHOENIX-MESA GATEWAY AIRPORT AUTHORITY**, a joint powers airport authority authorized and existing under the laws of the State of Arizona ("**Lessor**"), and **VTWV GATEWAY INDUSTRIAL I, LLC**, an Arizona limited liability company ("**Lessee**"). Lessor and Lessee may be referred to jointly as "**Parties**," and each separately may be referred to as a "**Party**."

RECITALS:

A. Lessor is the owner and operator of the Phoenix-Mesa Gateway Airport generally located at the intersection of Ray Road and Sossaman Road, City of Mesa, Maricopa County, Arizona (the "**Airport**"); and

B. Lessor has the right to lease, license and grant the use of property and facilities on the Airport and has full power and authority to enter into this Lease in respect thereof; and

C. Lessor desires to lease to Lessee, and Lessee desires to lease from Lessor, that certain real property at the Airport located at 6459 South Sossaman Road, Mesa, Arizona 85212, consisting of approximately THREE HUNDRED TWENTY-SEVEN THOUSAND, TWO HUNDRED FIFTY-TWO AND 46/100 (327,252.46) square feet, and described as Lots 101, 102 and 103, as set forth in **EXHIBIT A-1** and **EXHIBIT A-2** attached hereto ("**Premises**"); and

D. Lessor desires to lease the Premises to Lessee on the terms and conditions set forth herein;

NOW THEREFORE, in consideration of the foregoing and of the mutual covenants and agreements herein contained, the Parties do hereby undertake, promise and agree, each for itself and its successors and assigns, as follows:

1. LEASE

Lessor hereby leases the Premises to Lessee, subject to all easements and rights of way that may encumber the Premises, and further subject to all operational and use restrictions and other terms and conditions set forth in this Lease.

1.1 **Right to Use Premises**. Lessor agrees that so long as no Event of Default shall have occurred and is continuing, Lessee shall peaceably have and enjoy the use of the Premises without hindrance from Lessor and those claiming through Lessor. Lessee specifically acknowledges that Lessee has inspected the Premises prior to entering into this Lease and agrees to accept the Premises in an "as is, where is" condition without any warranty or representation from Lessor, either express or implied, of any kind or nature whatsoever with respect to the Premises, including, but not limited to, any warranty of merchantability, habitability, or fitness for any particular or specific purpose, and all such warranties are hereby disclaimed, except for representations and warranties contained in this Lease. Should Lessee desire any inspection report, environmental assessment, survey, creation of a legal description, drainage report, or any similar study, Lessee shall be responsible for the same at Lessee's sole expense. Lessor agrees to cooperate with Lessee, at no or nominal cost to Lessor, in connection with such activities and undertakings.

1.2 **Reserved**.

1.3 **Access**. Lessee is granted the right of reasonable access to and from the Premises via such portions of the Airport as are or may be necessary to allow Lessee to conduct its business operations permitted herein at and on the Premises and the Airport. Lessor reserves the right to designate the location of such access and to change its location from time to time, as Lessor deems reasonably necessary and appropriate; provided such changes do not materially interfere with Lessee's use of or access to the Premises.

1.4 **Permitted Uses**. Subject to the provisions of SECTION 1.5, Lessee may use the Premises for development, construction and use of one (1) or two (2) multi-tenant industrial buildings totaling an aggregate of approximately 96,060 square feet and to lease such building or buildings in accordance with SECTION 9 and for no other use. Lessee's use of the Premises and operation of its business at and on the Airport and the Premises is subject to all applicable laws, rules and regulations of any governmental authority, including Lessor, and to Lessee's compliance with applicable provisions of the *Airport Rules and Regulations* and *Airport Minimum Standards*.

1.5 **Prohibited Activities**. Lessee shall not use or permit its agents, employees, contractors, invitees, licensees or customers to use the Premises or the Airport for any use that is in violation of the *Airport Rules and Regulations*, the *Airport Minimum Standards*, any matters of record, or applicable laws, rules, regulations and operating policies of any governmental authority, including Lessor, or for any other activity or operation not specified in SECTION 1.4 herein, or that does not have advance, written approval of Lessor's Executive Director.

1.6 **Property Manager**. Upon commencement of business operations at and on the Premises and the Airport, Lessee shall designate a property manager for the term of this Lease who shall be available to Lessor and Lessee's customers, if any, during normal business hours, and otherwise as required by the *Airport Minimum Standards*, as applicable.

1.7 **Lessee Acknowledgement**. Lessee acknowledges and agrees that its obligations to pay Base Rent and all other charges due and owing under the terms hereof shall be absolute and unconditional, and shall not be affected by any circumstances whatsoever, including, without limitation: (i) any set-off, counterclaim, recoupment, defense or other right which Lessee may have against Lessor or the United States of America or anyone else for any reason whatsoever; (ii) any liens, encumbrances or rights of others with respect to the Premises; (iii) the invalidity or unenforceability or lack of due authorization or other infirmity of this Lease or any lack of right, power or authority of Lessor or Lessee to enter into this Lease; (iv) any insolvency, bankruptcy, reorganization or similar proceedings by or against Lessee, or any other person; or (v) any other cause, whether similar or dissimilar to the foregoing, any future or present law notwithstanding, it being the intention of the Parties hereto that all rent being payable by Lessee hereunder shall continue to be payable in all events and in the manner and at the times provided herein.

2. TERM

2.1 **Initial Term**. The initial term of this Lease shall be for a period of SIXTY (60) years, commencing on the Effective Date and terminating on JANUARY 1, 2084 thereafter (the "**Term**").

2.2 **Intentionally Omitted**.

3. NONEXCLUSIVE RIGHTS

Lessee shall have the exclusive right to occupy and use the Premises while in compliance with the terms and conditions of this Lease, subject to SECTION 27 below. All other rights granted to Lessee under this Lease

are nonexclusive. Lessor may, in its sole discretion and at any time, permit third parties to conduct any and all business activities at the Airport that Lessor deems appropriate, or conduct such activities itself, provided that such activities do not require or materially interfere with Lessee's or any permitted sublessee's use of the Premises.

4. RENT

4.1 **Base Rent**. Subject to the increases provided SECTION 4.3 and 4.4 below, Lessee agrees to pay Lessor annual rental for the use of the Premises in the amount of TWO HUNDRED TWO THOUSAND, EIGHT HUNDRED NINETY-SIX AND 60/100 DOLLARS ($202,896.60), payable in equal monthly installments of SIXTEEN THOUSAND, NINE HUNDRED EIGHT AND 05/100 DOLLARS ($16,908.05) (the "**Base Rent**").

The Base Rent shall be payable in advance, without any prior demand therefor and without any abatement, deductions or set-offs whatsoever, and tendered in lawful currency of the United States, either by check or electronic transfer.

4.2 **Rent Commencement**. Base Rent shall become due and payable on the earlier of either (i) the delivery of a Certificate of Occupancy ("**CofO**") or its equivalent from the City of Mesa for the first building (if multiple buildings are to be constructed on the Premises) or; (ii) July 1, 2025 (the "**Rent Commencement Date**").

4.3 **Base Rent Percentage Annual Increases**. The annual Base Rent paid by Lessee shall be increased (but never decreased) on every ONE (1) year anniversary of the Rent Commencement Date of this Lease by an amount equal to THREE PERCENT (3%) of the amount of Base Rent due hereunder for the immediately preceding year of the Term.

4.4 **Market Adjustments to Base Rent**.

4.4.1 Notwithstanding the Base Rent increases referenced in Section 4.3, the annual Base Rent shall be increased (but never decreased) on each Ten (10) year anniversary of the Effective Date of this Lease (the "Adjustment Date(s)") as hereinafter set forth in this Section. On each such Adjustment Date, the Base Rent shall be adjusted to the fair market base rental rate of the Premises, in relation to comparable (in quality, size, and value) industrial facilities in the Gateway Airport submarket ("**Fair Market Base Rent**").

4.4.2 Lessor's determination of such Fair Market Base Rent for the Premises shall be delivered to Lessee no later than Ninety (90) calendar days prior to the Adjustment Date. If Lessee disputes Lessor's determination of such Fair Market Base Rent, Lessee shall deliver written notice of such dispute, together with Lessee's determination of such Fair Market Base Rent, to Lessor within THIRTY (30) calendar days of Lessee's receipt of Lessor's determination. The Parties shall then attempt in good faith to agree upon such Fair Market Base Rent. If the Parties fail to agree within FIFTEEN (15) business days, they shall, within SEVEN (7) calendar days thereafter, mutually appoint an appraiser to determine the Fair Market Base Rent. Said appraiser shall have at least FIVE (5) years of full-time commercial appraisal experience and be a member of the Appraisal Institute or comparable professional organization. Within SEVEN (7) calendar days of the appointment of the appraiser, the Parties shall submit to the appraiser, with a copy to the other Party, their respective determinations of the Fair Market Base Rent and any/all substantiated information. Within TWENTY (20) business days thereafter, the appraiser shall review each Party's submittal and shall select one Party's submittal as representing the most reasonable approximation of such Fair Market Base Rent. The appraiser shall promptly notify the Parties of its decision, which shall be final and binding upon Lessor and Lessee. The appraiser's fees and expenses shall be paid by the Party whose submittal was not selected.

4.4.3 If the Parties are unable to agree upon an appraiser pursuant to Section 4.4.2 within such Seven (7) calendar days, then within three (3) business days after expiration of the 7-day period, Lessor

and Lessee shall each (a) appoint an appraiser with the above qualifications, and (b) give notice to the other identifying that Party's appraiser. Not later than SEVEN (7) calendar days after both appraisers have been appointed, Lessor and Lessee shall each submit to each appraiser, with a copy to the other Party, their respective determinations of the Fair Market Base Rent and any/all substantiated information. Within TWENTY-ONE (21) calendar days after receipt of both Parties' proposals, the appraisers shall review the submissions and shall select one Party's submittal as representing the most reasonable approximation of such Fair Market Base Rent. The appraisers shall promptly notify the Parties of their decision, which shall be final and binding upon Lessor and Lessee. Each Party shall be responsible for the fees and expenses of their own selected appraiser.

4.4.4 If the appraisers selected pursuant to Section 4.4.3 do not agree as to which Party's proposal is closest to the actual Fair Market Base Rent, then not later than ten (10) business days after the appraisers have notified the Parties of this fact, unless both Lessor and Lessee direct otherwise, the appraisers shall jointly select an arbitrator who shall determine which proposal is the closest to the actual Fair Market Base Rent. The arbitrator must have the same qualifications stated for an appraiser under subsection 4.4.2 above. The arbitrator shall conduct an arbitration under the provisions of the commercial arbitration rules of the American Arbitration Association. The arbitrator shall decide only which Fair Market Base Rent submission is closest to the actual Fair Market Base Rent for the Premises. The arbitrator's decision shall be binding on all Parties and shall apply retroactively as of the Adjustment Date. The arbitrator shall make a final decision within THIRTY (30) calendar days of the arbitrator's appointment. The arbitrator's fees and expenses shall be paid by the Party whose submittal was not selected.

4.5 **Airport Rates and Charges Schedule**. Lessee or its subtenants, as applicable and including its contractors, agents, etc., shall pay all fees identified in the most current *Airport Rates and Charges Schedule* and/or *Airport Fees, Services and Rental Rates Schedule* at the time of receipt of any covered service or use of any covered facilities, unless specifically outlined in this Lease. The current *Airport Rates and Charges Schedule* and *Airport Fees, Services and Rental Rates Schedule* are included as **EXHIBIT B** and are subject to change without prior notice to or approval of Lessee. Lessee acknowledges and agrees that Lessor may amend the *Airport Rates and Charges Schedule* and/or *Airport Fees, Services and Rental Rates Schedule* at any time at Lessor's sole discretion. No fee shall apply to the use of the Premises or access to the Premises.

4.6 **Payment**.

4.6.1 Unless otherwise specified herein, the first payment of Base Rent shall be paid to Lessor upon the Rent Commencement Date, for the period from the Rent Commencement Date until the end of the calendar month in which the Rent Commencement Date occurs, prorated on the basis of the number of such days to the total number of days in said month. Thereafter, all Base Rent payments shall be paid in monthly installments, in advance, on the first day of each calendar month. On each such date, Lessee shall pay the full Base Rent payment.

4.6.2 No payment to or receipt by Lessor of a lesser amount than that which is due and payable under the provisions of this Lease at the time of such payment shall be deemed to be other than a payment on account of the earliest payment due, nor shall any endorsement or statement on any check or payment prejudice in any way Lessor's right to recover the balance of such payment or pursue any other remedy provided in this Lease or by law.

4.6.3 All payments (and reports, if any) required by this Section 4.6 shall be remitted to the following address by the due date(s) specified hereinabove:

Phoenix-Mesa Gateway Airport Authority
Attn.: Department of Finance (Accounts Receivable)
5835 S. SOSSAMAN ROAD
Mesa, Arizona 85212-6014

or such other address specified in writing by Lessor to Lessee.

4.7 **Finance Charges and Late Fees**. If Lessee fails to pay any installment of Base Rent or any other charge due and owing to Lessor in full on or before the applicable due date, Lessee shall be responsible for interest on the unpaid installment at the rate of EIGHTEEN PERCENT (18%) per annum (but not to exceed the maximum interest rate permissible by law), from the due date until payment in full is made. In addition, in the event any installment of Base Rent or other charge owing to Lessor is paid more than TEN (10) calendar days after the due date, a late penalty of TEN PERCENT (10%) of the amount of such delinquent Base Rent installment or other charge shall be due and payable in addition thereto.

4.8 **Taxes**. Lessee shall pay, prior to delinquency, any leasehold tax, sales tax, personal property tax, transaction privilege tax, license or permit fee, or any other tax or assessment imposed during the Term against the Premises or as the result of Lessee's occupancy of Premises or conduct of any activity at the Airport under authority of this Lease, including any such tax assessable on Lessor. Lessee shall pay such taxes and assessments directly to the taxing authority charged with collecting such taxes and assessments, provided that in the event that laws or judicial decisions result in the imposition of a real property tax or any other form of tax or imposition on the interest of Lessor and to the extent such taxes are reasonably attributable to the Premises or a portion thereof or the operation of Lessee's business, Lessee shall pay such amounts to Lessor in the manner set forth in SECTION 4.6. Such taxes to be paid directly to Lessor include, without limitation, payment of all rent taxes, i.e. taxes imposed specifically on the gross receipts in the form of rent received by Lessor.

4.9 **Survival**. Lessee's obligation to pay all amounts stated herein, together with any interest thereon and/or penalties therefor, shall survive the termination of this Lease.

5. PERFORMANCE GUARANTEE

5.1 **Security Deposit**.

5.1.1 On or before the Effective Date, Lessee shall pay to Lessor an amount equivalent to Thirty-Three Thousand, Eight Hundred Sixteen and 09/100 Dollars ($33,816.09), as a security deposit (the "Security Deposit") to insure the faithful performance of all of Lessee's obligations hereunder.

5.1.2 The Security Deposit, at the election of Lessor, may be applied in reduction of any loss and/or damage sustained by Lessor by reason of any Event of Default without the waiver of any other right or remedy available to Lessor at law, in equity or under the terms of this Lease. If any portion of the Security Deposit is so used or applied, Lessee shall, within FIVE (5) business days after written notice from Lessor, deposit with Lessor immediately available funds in an amount sufficient to restore the Security Deposit to its original amount. In the event of a sale or other transfer of the Premises by Lessor, Lessor shall transfer the remaining balance (if any) of the Security Deposit to Lessor's successor in interest, whereupon the transferor Lessor shall be released from liability to Lessee for the return of such Security Deposit. Unless this Lease is terminated as a result of Lessee's default whereupon Lessee shall immediately forfeit its Security Deposit to Lessor, upon termination, Lessor shall return to Lessee all portions of the Security Deposit which were not otherwise applied by Lessor as permitted above. Lessor shall have no obligation to maintain a separate account for such security deposit and shall have no obligation to pay interest thereon.

5.2 **Construction Payment and Performance Guarantees**.

5.2.1 Payment Guarantee. Notwithstanding and in addition to the Security Deposit, Lessee shall protect claimants supplying labor and materials in connection with any construction on the Premises, by providing, at Lessee's sole cost and expense and prior to commencement of construction of any improvements on the Premises, one of the following instruments, chosen at Lessee's discretion:

(a) Payment Bond. Lessee shall require the contractor to provide a labor and materials payment bond in the full contract amount to protect claimants supplying labor and materials in connection with the construction. The bond shall comply in all respects with the requirements of A.R.S. § 33-1003 as it may be amended or renumbered from time to time. The Parties agree that Lessee is not a public body, and the improvements to be constructed under this Lease by Lessee at Lessee's sole cost are not public buildings, public works or public improvements. The bond shall be issued by a surety company reasonably acceptable to Lessor and duly licensed for such undertaking in the state of Arizona and shall be accompanied by a power of attorney disclosing the authority of the person executing it on behalf of the surety. The bond and a copy of the contract shall be recorded in the office of the Maricopa County Recorder as required under A.R.S. § 33-1003, and a copy of the bond shall be provided to Lessor; or

(b) Letter of Credit. Such instrument ("**Letter of Credit**") shall be irrevocable, in an amount equal to the total amount of the construction contract(s) for the construction of the Improvements (as defined in SECTION 7 below) plus TEN PERCENT (10%) of such amount and be issued to Lessee by a financial institution ("**Bank**") reasonably acceptable to Lessor. The Letter of Credit shall have a term extending from the date of commencement of construction until the date which is TWENTY-FOUR (24) months thereafter, after which date it shall be renewed on a year-to-year basis until construction of the Improvements are completed, and final and unconditional lien waivers have been obtained from all contractors supplying labor and materials in connection with the construction. Should Lessee utilize the Letter of Credit option hereunder, and should Lessee fail to pay any sum owing to contractors supplying labor and materials in connection with the construction then, in addition to any other remedies set forth in this Lease, Lessor shall be entitled to apply to the Bank, following a period of THIRTY (30) calendar days prior written notice to Lessee (which notice shall include a reasonably-detailed description of Lessee's failure to pay any sum owing), for release to Lessor (in accordance with the terms of the Letter of Credit) from the Letter of Credit of a dollar amount sufficient to pay amounts owing to contractors supplying labor and materials in connection with the construction and obtain final, unconditional lien waivers in connection therewith. Lessor's application shall contain evidence of the failure of payment and the estimated dollar amount needed to satisfy payment obligations. The terms of the Letter of Credit shall require prompt payment to Lessor for the amount set forth in Lessor's application upon satisfaction of the conditions set forth in the Letter of Credit. Upon and following any partial payment to Lessor, the Letter of Credit shall remain in full force for the remaining undisbursed amount of the Letter of Credit to accommodate further applications, if any, and shall not be subject to cancellation or revocation until fully drawn or otherwise released or satisfied upon completion of construction of the Improvements and final, unconditional lien waivers have been obtained from all contractors supplying labor and materials in connection with the construction. Lessor must approve the form and content of any Letter of Credit in writing, which approval shall not be unreasonably withheld, conditioned, or delayed.

5.2.2 Performance Guarantee. In addition to the Security Deposit, Lessee's obligation to timely complete the Improvements shall be secured, at Lessee's sole cost and expense and prior to commencement of construction of said Improvements, by any one of the following instruments, chosen at Lessee's discretion:

(a) Performance Bond. Lessee shall require the contractor to provide a performance bond in the full contract amount conditioned upon the faithful performance of the contract in accordance with plans, specifications and conditions thereof. The bond shall be in a form reasonably acceptable to Lessor; shall be issued by a surety company reasonably acceptable to Lessor and duly licensed for such undertaking in the state of Arizona; and shall be accompanied by a power of attorney disclosing the authority of the person executing it on behalf of the surety.; or

(b) Completion Bond. Lessee shall deliver to Lessor a completion bond in form and substance reasonably acceptable to Lessor pursuant to which Lessor shall have the unconditional, direct and unilateral right to draw upon or use such bond for completion of construction of the Improvements under SECTION 7.1 of this Lease if an Event of Default occurs and is continuing under SECTION 7.2 of this Lease.

The bond shall be in a form reasonably acceptable to Lessor; shall be issued by a surety company reasonably acceptable to Lessor and duly licensed for such undertaking in the state of Arizona; and shall be accompanied by a power of attorney disclosing the authority of the person executing it on behalf of the surety.

6. AIRPORT OPERATING AGREEMENT

If and to the extent that Lessee, including its subtenants, contractors, and agents, operates aircraft at or on the Airport, Lessee shall enter, or shall cause the applicable subtenant, contractor or agent operating aircraft at or on the Airport to enter, into an operating agreement with Lessor covering such operations prior to the commencement of any such operations. The current form of the *Airport Operating Agreement* is included in **EXHIBIT C** and is subject to change without prior notice or approval of Lessee. If any of Lessee's subtenants, subcontractors or agents operating aircraft at or on the Airport has not entered into its own *Airport Operating Agreement* and is operating under Lessee's *Airport Operating Agreement*, Lessee shall be responsible for such subtenant's contractors or agents compliance with Lessee's *Airport Operating Agreement*. Lessee shall be responsible for compliance by its subtenants, contractors and agents with the *Airport Rules and Regulations* and *Airport Minimum Standards*.

7. IMPROVEMENTS

7.1 **Construction by Lessee**. Lessee shall, at its sole cost and expense, construct improvements on the Premises that generally shall consist of one (1) or two (2) industrial buildings totaling an aggregate of approximately 96,060 square feet, with an estimated capital investment (inclusive of all hard costs and soft costs, including, without limitation, tenant improvement costs, development fees, engineering fees, and architectural fees) of SIXTEEN MILLION DOLLARS ($16,000,000.00) as generally depicted in **EXHIBIT F** (the "**Improvements**") and in accordance with a site plan prepared by Lessee and approved by Lessor's Design Review Committee, such approval not to be unreasonably withheld or delayed, and in compliance with all applicable governmental regulations, restrictions and building codes. Lessor and Lessee agree that Lessee shall be solely responsible for: (i) any required connection(s) between the Premises and the terminating point of the existing vehicular access way to the Premises, as reasonably required by Lessor; (ii) constructing all Improvements necessary to bring all utilities onto the Premises, including, without limitation, electrical, gas, water, sewer, cable and telephone utilities; (iii) installing all utility meters and water and sewer lines to service all Improvements constructed on the Premises; and (iv) constructing all Improvements necessary to connect the Premises to existing taxiways or taxilanes in accordance with and if allowable under all Airport and FAA rules, regulations and other requirements.

7.2 **Construction Milestones**. Lessee shall construct its Improvements pursuant to the following schedule (each of which events are herein called a "**Construction Milestone**"):

7.2.1 Lessee has submitted and Lessor has approved Lessee's initial Improvement design plans prior to the Effective Date hereof;

7.2.2 Lessee shall submit its Improvement construction plans to the City of Mesa for a construction permit no later than May 31, 2024;

7.2.3 Lessee shall commence construction of the Improvements within Sixty (60) calendar days after the issuance of all necessary construction permits and receipt of all approvals required for such, including any approvals required from the FAA, but no later than January 2, 2025, and Lessee shall provide contemporaneous written notice to Lessor of such. If Lessee fails to commence construction within SIXTY (60) calendar days after the issuance of all necessary construction permits and receipt of all approvals required for such, including any approvals required from the FAA, but subject to any applicable notice and cure periods provided for in SECTION 11, Lessor shall have the right to terminate this Lease by written notice to Lessee delivered at any time prior to commencement of construction. For purposes of this section "commencement

of construction" shall be the date on which Lessee has obtained it permits, has executed a contract for construction of the Improvements and has engaged in material work, such as grading or pouring of footings and slabs.

7.2.4 Lessee shall diligently prosecute construction of all Improvements and shall complete construction of all Improvements to be constructed by Lessee at and on the Premises, and shall have obtained a CofO (or its equivalent) from the City of Mesa therefor, no later than September 19, 2025.

7.2.5 If Lessee fails to complete construction by the date specified in Section 7.2.4, Lessee shall pay to Lessor an amount equal to Four Hundred Dollars and No/100 ($400.00) for each day that Lessee is late completing such construction (a "Late Completion Fee"), which payment by Lessee shall be in addition to any Base Rent due from Lessee hereunder. Lessee shall pay Lessor all Late Completion Fees to Lessor on the FIRST (1st) day of the month following the date on which such Late Completion Fee first accrues, until such time as all Late Completion Fees are paid in full. If Lessee is unable to meet any Construction Milestone due to Unavoidable Delay (as defined in SECTION 39), then the applicable Construction Milestone shall be extended by ONE (1) day for each day of such delay, as determined in Lessor's reasonable discretion.

7.3 **No Alterations**. Lessee shall not make any material improvements or alterations to the exterior of the Premises, any structural alterations, any alterations to any mechanical systems within the Premises, or any signage on the Premises during the Term of this Lease without the prior written permission of Lessor, which shall not be unreasonably withheld or delayed and, if and to the extent applicable, without the approval by Lessor's Design Review Committee. Lessee shall provide Lessor with electronic as-built drawings (or their equivalent) when any improvement or alteration is completed for which such drawings are reasonably required.

7.4 **Title to Alterations and Improvements**. Title to all improvements and alterations on the Premises (but not personal property or trade fixtures) shall automatically vest in Lessor upon the expiration or termination of this Lease, and Lessee agrees to execute and deliver to Lessor, within TEN (10) business days after Lessor's request therefor, a quitclaim deed or other instrument satisfactory to Lessor confirming that title to such improvements and alterations is vested in Lessor. This SECTION 7.4 shall survive the termination of this Lease.

7.5 **Mechanics' Liens**. Lessee shall keep the Premises and all improvements constructed by Lessee thereon free of any mechanic or materialmen's liens. In the event that any such lien is filed, Lessee shall, at its sole cost, cause such lien to be removed from the Premises by bonding or otherwise within THIRTY (30) calendar days of notice thereof.

7.6 **Permit Required**. Lessee shall be responsible for determining whether it is subject to local building/construction codes or permit requirements, and for compliance with them to the extent they are applicable. All structural, electrical, plumbing or mechanical construction or reconstruction shall conform to City of Mesa (the "**City**") construction and technical codes. No such work shall be commenced without first submitting required plans and obtaining required permits from the City. All such work shall be permitted, inspected and approved by the City prior to concealment or use. Lessee shall provide to Lessor a contemporaneous copy of Lessee's permit application and the associated plans and specifications.

7.7 **Damage or Destruction**. Lessee shall maintain insurance on all of Lessee's Improvements to the Premises, including any subsequent alterations and improvements thereto. In the event that all or any portion of Lessee's Improvements are destroyed or rendered unusable due to fire or other catastrophe, Lessee shall replace, repair, restore, modify or improve said Improvements, subject to the provisions of SECTION 7.6, using available insurance proceeds together with any additional funds from other available sources, or, alternatively, Lessee shall pay the replacement cost of the Improvements to Lessor.

8. MAINTENANCE.

8.1 **Lessee Responsibilities**. Lessee shall, at its sole cost and expense, keep the Premises and all improvements thereon in a neat and clean condition and in good order and repair throughout the Term, reasonable wear and tear excepted. Lessee shall prepare, maintain and follow a preventative maintenance schedule in keeping with industry-standard good practices for all mechanical, electrical plumbing, drain, piping, and air conditioning systems on the Premises. Lessee's maintenance of the Premises shall include, without limitation, as may be reasonably necessary, the inspection, servicing and repair of all improvements, including pest control, landscaping and grounds maintenance.

8.2 **Damage to Lessor Property**. Any real or personal property of Lessor damaged or destroyed by Lessee as a result of Lessee's use or occupancy of the Premises shall be promptly repaired or replaced by Lessee to the reasonable satisfaction of Lessor. In lieu of such repair or replacement, where required by Lessor, Lessee shall pay to Lessor an amount sufficient to compensate for the loss sustained by Lessor.

8.3 **Trash Removal**. Lessee shall at all times keep the Premises in a neat, clean, safe, sanitary and orderly condition and shall keep such area free of all trash and debris. Lessee shall be responsible for all trash removal from the Premises and Lessee shall deposit all trash and debris only at collection stations located on or in proximity to the Premises, in accordance with City code.

8.4 **Emergency Contact**. Within FIFTEEN (15) days of the Effective Date, Lessee shall provide Lessor with a list of names and telephone numbers for 24-hour emergency contact for the Premises. Lessee shall promptly provide Lessor with updated lists and changes as they occur.

9. ASSIGNMENT, SUBLETTING AND OTHER TRANSFERS.

9.1 **Any Transfer of Lease Interest Requires Lessor Advance Written Approval**. In the event Lessee desires to transfer, assign, encumber, pledge or hypothecate any portion of its interest in this Lease or any right or interest hereunder (including, but not limited to as part of a mortgagor deed of trust or an assignment by means of a foreclosure or trustee's sale thereunder)(individually and collectively, "**Transfer**"), or sublet the Premises or any part thereof, except as otherwise set forth in SECTION 9.4.1 below, Lessee must obtain the prior written consent of Lessor, such consent not to be unreasonably conditioned, withheld or delayed. Lessor will not be deemed to have acted unreasonably in withholding consent to any proposed Transfer to an entity that does not have the financial ability to make the Base Rent payments required under this Lease and to otherwise satisfy its financial obligations under this Lease. In connection with Lessee's request for Lessor's approval of a Transfer, Lessee and or the proposed transferee shall provide to Lessor written financial assurances, including, but not limited to financial statements, business plans and other information related to the financial condition and plans of any proposed transferee. Lessee understands and agrees to these terms and conditions regarding any proposed Transfer, and that any violation of this SECTION 9, may irreparably harm Lessor as the requirements set forth herein are directly related to Lessor's (and any Lessee's) legal and financial obligations to the Federal Aviation Administration. This SECTION 9 shall remain valid and enforceable even in the event of amendment to or repeal of FAA regulations, so long as this SECTION 9 does not directly conflict therewith.

9.2 **Lessee's Required Advance Notice to Lessor of Proposed Transfer**. In order for Lessor to consider approval of a Transfer, Lessee must: (i) notify Lessor in writing at least FORTY-FIVE (45) days prior to such proposed transfer; (ii) deliver to Lessor, at the time of Lessee's notice, current financial statements of Lessee and the proposed transferee (along with transferee's business plans) that are reasonably acceptable to Lessor; and (iii) the transferee assumes and agrees in writing to perform Lessee's obligations under this Lease. However, nothing herein shall be construed as Lessor providing its consent to any Transfer or relieving Lessee of any legal, financial or other obligation under the Lease, regardless of Lessor's acceptance or refusal to accept such proposed transfer of Lease.

9.3 **Deemed Transfers**. For the purposes of this Lease, a Transfer shall be deemed to include the following: (i) if Lessee is a corporation, partnership, limited liability company or other legal entity, the transfer of any ownership interest in such entity resulting in a change in the present control of such entity by the person or persons owning a majority of the ownership interest thereof as of the date of this Lease; provided, however, if Lessee is a corporation whose stock is traded on a nationally recognized stock exchange, the transfer of Lessee's stock shall not constitute a Transfer requiring Lessor's consent; or (ii) the sale of TWENTY-FIVE PERCENT (25%) or more in value of the assets of Lessee. For purposes of this Lease, "control" shall mean possessing the power to direct or cause the direction of the management and policies of the entity by the ownership of a majority of the voting securities of the entity.

9.4 **Subletting**.

9.4.1 Lessee may sublease all or portions of the Premises if the following conditions are met:

(a) The sublease (including any amendments or modifications thereto) is substantially in the form attached hereto as Exhibit E, or in any other form that is approved in advance and in writing by Lessor, such consent not to be unreasonably conditioned, withheld or delayed (except for changes that do not materially impact Lessor's rights and interests).

(b) Rent for subleased premises shall not be less than fair market value unless otherwise approved in writing by Lessor.

(c) The sublease(s) and sublessee(s) shall at all times be subject to the terms and conditions of this Lease.

(d) The permitted and prohibited uses of the Premises under any sublease shall be the same as that permitted and prohibited under this Lease. Sublessees shall agree in the sublease not to engage in any prohibited use.

(e) The term of any sublease shall not extend beyond the stated expiration of this Lease.

(f) Except for the payment of a security deposit, the sublessee under such sublease shall not pay rent more than one (1) month in advance of its due date under the sublease.

9.4.2 Upon request from Lessee and any sublessee, Lessor shall enter into a Non-Disturbance and Attornment Agreement (in form and substance reasonably acceptable to Lessor, Lessee, sublessee and any applicable Leasehold Mortgagee (as defined in Section 22.2)) so long as (i) the conditions of Section 9.4.1 have been met; (ii) the sublessee is not then in default beyond an applicable notice and cure period under the sublease and there is no existing Event of Default under this Lease; and (iii) the sublessee does not have a history of five (5) or more documented events of noncompliance with the Airport Rules and Regulations or Airport Minimum Standards. All legal fees incurred by Lessor in connection with any reasonably necessary legal counsel review and approval of a Non-Disturbance and Attornment Agreement shall be reimbursed in advance by Lessee.

9.4.3 Lessee shall not permit any sublessee unescorted access to the secured areas of the Airport unless and until the sublessee has obtained its own valid Airport security clearance and media from Lessor. Lessee acknowledges that it may take THIRTY (30) calendar days or more to process sublessee for security clearance and media.

9.4.4 Lessee shall submit a copy of each fully executed sublease to Lessor as soon as possible, but no later than Five (5) business days after execution.

10. IDENTIFICATION SIGNS.

Lessee may install on the building in which the Premises is located, a sign or signs identifying its business on the exterior of the Premises; provided, however, that the general type, size, and location of such sign(s) shall conform to Lessor's Comprehensive Sign Plan, be approved in writing by Lessor, such approval not to be unreasonably conditioned, withheld or delayed, in advance of installation and be subject to any signage rules, codes and/or regulations of any governmental authority.

11. DEFAULT; TERMINATION BY LESSOR.

11.1 **Events of Default**. Each of the following shall constitute a material default of this Lease by Lessee (an "**Event of Default**"):

11.1.1 Failure to pay any installment of Base Rent or other amount due from Lessee hereunder, or required by any other agreement between the Parties, provided that Lessee does not cure such failure within Ten (10) business days after delivery by Lessor of a written notice of such failure.

11.1.2 Failure to perform any of its other obligations under this Lease, provided that Lessee does not cure such failure within Thirty (30) calendar days after delivery by Lessor of a written notice of such default; and further provided, however, if a cure of the default reasonably requires more than Thirty (30) calendar days to complete, then the time to cure shall be extended so long as the cure is being diligently pursued, not to exceed one hundred twenty (120) days.

11.1.3 Failure of Lessee to pay any monetary obligation or reimbursement due from the "101-103 Lessee" as required by any of the REA. No. 1, REA No. 2, or Utility Easement (all as defined in SECTION 42 below), provided that Lessee does not cure such failure within TEN (10) business days after delivery by Lessor of a written notice of such failure.

11.1.4 Failure to perform any of the other non-monetary obligations of the "101-103 Lessee" as required by any of the REA. No. 1, REA No. 2, or Utility Easement, provided that Lessee does not cure such failure within THIRTY (30) calendar days after delivery by Lessor of a written notice of such default; and further provided, however, if a cure of the default reasonably requires more than THIRTY (30) calendar days to complete, then the time to cure shall be extended so long as the cure is being diligently pursued, not to exceed ONE HUNDRED TWENTY (120) days.

11.1.5 The filing of any mechanic's, materialmen's or other lien or any kind against the Premises because of any act or omission of Lessee which lien is not discharged, by bonding or otherwise, within Thirty (30) calendar days of receipt of actual notice thereof by Lessee.

11.1.6 The Transfer or attempted transfer of any interest in the Lease to any transferee, other than in accordance with Sections 9 and 22 hereof, without Lessor's advance written authorization, which Lessor may withhold in its sole and absolute discretion.

11.2 **Lessor's Remedies**. Upon the occurrence of an Event of Default under this Lease, Lessor may, without prejudice to any other rights and remedies available to a Lessor at law, in equity or by statute, exercise one or more of the following remedies, all of which shall be construed and held to be cumulative and non-exclusive:

11.2.1 Terminate this Lease and re-enter and take possession of the Premises; or

11.2.2 Without terminating this Lease, re-enter and take possession of the Premises; or

11.2.3 Without such re-entry, recover possession of the Premises in the manner prescribed by any statute relating to summary process, and any demand for Base Rent, re-entry for condition broken, and any and all notices to quit, or other formalities of any nature to which Lessee may be entitled, are hereby specifically waived to the extent permitted by law; or

11.2.4 With or without terminating this Lease, Lessor may re-let the Premises or any portion thereof.

11.3 **No Implied Termination**. Lessor shall not be deemed to have terminated this Lease unless Lessor shall have notified Lessee in writing that it has so elected to terminate this Lease. Lessee hereby waives all claims based on Lessor's reentering and taking possession of the Premises, or removing and storing the property of Lessee, and shall save Lessor harmless from all losses, costs or damages occasioned thereby. No such reentry shall be considered or construed to be a forcible entry by Lessor.

11.4 **Lessor's Current Damages**. Upon the occurrence and during the continuance of an Event of Default, Lessor is authorized to make such repairs, refurbishments or improvements to the Premises as may be necessary for the purpose of attempting to re-let the Premises, and the reasonable costs and expenses incurred in respect of such repairs, redecorating, refurbishments and improvements shall be paid by Lessee to Lessor within TEN (10) business days after receipt of Lessor's statement. If Lessor exercises any of the remedies stated above, Lessor shall be entitled to recover from Lessee all actual damages incurred by Lessor by reason of the Event of Default, which shall include, without limitation, (i) the equivalent of the present value amount of the Base Rent and all other payments which would be payable under this Lease by Lessee for the remainder of the Term as if this Lease were still in effect, less (ii) the net proceeds of any re-letting by Lessor after deducting all of Lessor's reasonable expenses in connection with such re-letting, which shall include, without limitation, repossession costs, repairs, redecorating, refurbishments or improvements to the Premises, brokerage commissions, attorneys' fees, and legal expenses. Lessee shall pay such current damages to Lessor, in the amount set forth in the preceding sentence ("**Deficiency**"), in monthly installments on the days on which the Base Rent would have been payable under this Lease as if this Lease were still in effect. Lessor agrees to mitigate damages to the extent required by applicable law.

11.5 **Lessor's Final Damages**. At any time after an Event of Default, whether or not Lessor shall have collected any monthly Deficiency as set forth above, Lessor shall be entitled to recover (without duplication) from Lessee, and Lessee shall pay to Lessor, promptly on demand, as Lessor's final damages for the applicable Event of Default, the sum of (a) the then present worth (at a discount of SIX PERCENT (6%) per annum) of (i) the aggregate of the Base Rent and all other amounts to be paid by Lessee hereunder for the unexpired portion of the Term of this Lease (assuming this Lease had not been terminated), less (ii) the amount of Base Rent and any losses that could have been reasonably avoided, plus (b) reasonable repossession costs, reasonable Lessor's expenses in connection with any attempts it may have made to re-let the Premises (which shall include, without limitation, repairs, refurbishments or improvements to the Premises and brokerage commissions), reasonable attorneys' fees, reasonable legal expenses, and all other damages incurred by Lessor as a result of such Event of Default.

11.6 **No Waiver by Lessor**. No waiver by Lessor of any breach or default by Lessee in the performance of its obligations under this Lease shall be deemed to be a waiver of any subsequent default by Lessee in the performance of any such obligations, and no express waiver shall affect an Event of Default in a manner other than as specified in said waiver. The consent or approval by Lessor to or of any act by Lessee requiring Lessor's consent or approval shall not be deemed to waive or render unnecessary Lessor's consent or approval to or of any subsequent similar acts by Lessee.

11.7 **Content of Default Notice**. Any default notice tendered to Lessee hereunder shall be deemed to be sufficient if it is reasonably calculated to put Lessee on inquiry as to the nature and extent of such default, and is made in accordance with SECTION 19 herein.

11.8 **Limitation on Exercise of Termination Remedy by Lessor**. Notwithstanding anything to the contrary in SECTION 11.2 hereinabove, if an Event of Default occurs, Lessor shall not have the remedy of terminating this Lease or of taking possession of the Premises unless: (i) the Event of Default consists of a failure to pay Base Rent or other amounts owed to Lessor; or (ii) Lessor has no other remedy that is adequate to protect Lessor's interests. Other remedies that are available to Lessor include self-help and recovery of damages, and nothing in this SECTION 11 shall limit the exercise of any such other remedy.

11.9 **Subordination of Landlord's Lien**. Lessor hereby agrees from time to time to subordinate to one or more Leasehold Mortgagees all statutory or common law landlord's lien rights with respect to property or assets of Lessee located on the Premises, including, without limitation, Lessor's rights under Arizona Revised Statutes Sections 33-361 and 362 and other similar laws. Upon written request from Lessee, Lessor agrees to promptly execute and deliver such commercially reasonable landlord subordination agreement and access agreement that any Leasehold Mortgagee may request of Lessor. Lessee shall reimburse Lessor for reasonable third-party costs, including reasonable attorneys' fees, incurred by Lessor in connection with the review and negotiation of any such agreement within THIRTY (30) calendar days after receipt of an invoice from Lessor.

11.10 **Punitive and Speculative Damages**. Notwithstanding anything herein to the contrary, neither Lessee nor Lessor will be liable for punitive or speculative damages under this Lease.

12. RESERVED

13. INDEMNIFICATION

13.1 **Lessee's Indemnity**. To the fullest extent permitted by law, Lessee hereby agrees to defend, indemnify and hold harmless Lessor and its members, elected or appointed officials, agents, contractors, subcontractors, boards, commissions and employees (hereinafter referred to collectively as the "Lessor" for purposes of this SECTION 13.1) for, from and against any and all third-party claims, causes of action, liability, suits, litigation (including reasonable attorney's fees and other costs of investigation and litigation), actions, losses, damages or claims of any nature whatsoever to the extent such arise out of or in connection with (i) any accident, injury or actual damages occurring within the Premises during the Term; (ii) any negligent act or omission of Lessee or its agents, employees, contractors, or subcontractors (hereinafter referred to collectively as "Lessee" for purposes of this SECTION 13.1) on the Premises or the Airport and which result directly or indirectly in the injury to or death of any persons or the damage to or loss of any property or other damages or losses to Lessor; and/or (iii) the failure of Lessee to comply with any provisions of this Lease. This indemnification shall exclude responsibility for any damages and for claims arising by reason of the acts or omissions of Lessor or its employees, contractors or agents.

13.2 **Lessor's Indemnity**. To the fullest extent permitted by law, Lessor hereby agrees to defend, indemnify and hold harmless Lessee and its members, elected or appointed officials, agents, contractors, subcontractors, boards, commissions and employees (hereinafter referred to collectively as the "Lessee" for purposes of this SECTION 13.2) for, from and against any and all third-party claims, causes of action, liability, suits, litigation (including reasonable attorney's fees and other costs of investigation and litigation), actions, losses, damages or claims of any nature whatsoever to the extent such arise out of or in connection with (i) any negligent act or omission or intentional misconduct by Lessor or its agents, employees, contractors, or subcontractors (hereinafter referred to collectively as "Lessor" for purposes of this SECTION 13.2) on the Premises, and which result directly or indirectly in the injury to or death of any persons or the damage to or loss of any property or other damages or losses to Lessee, or (ii) the failure of Lessor to comply with any provisions of this Lease. This indemnification shall exclude responsibility for any damages and for claims

arising by reason of the acts or omissions of Lessee or its employees, contractors or agents.

14. ENVIRONMENTAL PROTECTION

14.1 **Definitions**. Unless the context shall clearly require otherwise, the terms defined in this SECTION 14.1 shall, for all purposes of this Lease and of any agreement amendatory hereof or supplemental hereto, have the meanings herein specified, with the following definitions to be equally applicable to both the single and plural forms of any of the following:

14.1.1 Environmental Laws. The term "**Environmental Laws**" shall mean any one or all of the following, as the same are amended from time to time: the *Comprehensive Environmental Response, Compensation, and Liability Act*, 42 USC Section 9601 et seq.; the *Solid Waste Disposal Act*, 42 USC Section 6901, et seq.; the *Toxic Substances Control Act*, 15 USC Section 2601 et seq.; the *Safe Drinking Water Act*, 42 USC Section 300f et seq.; the Clean Water Act, 33 USC Section 1251 et seq.; the *Clean Air Act*, 42 USC Section 7401 et seq.; A.R.S. Title 49; and all regulations thereunder and any other laws, regulations and ordinances (whether enacted by the local, state or federal government) now in effect or hereafter enacted that deal with the regulation or protection of the environment, including the ambient (including indoor and outdoor) air, ground water, surface water, and land use, including substrata land, or that govern the use of hazardous materials, hazardous waste and hazardous substances and petroleum products.

14.1.2 Hazardous Material. The term "**Hazardous Material**" shall mean any toxic or hazardous material, substance or waste, or any pollutant or contaminant as defined or regulated pursuant to any Environmental Laws, per- and polyfluoroalkyl substances, and petroleum products. For purposes of this definition, petroleum includes petroleum-based substances comprised of a complex blend of hydrocarbons derived from crude oil through processes of separation, conversion, upgrading and finishing (e.g., distillate fuel oils, petroleum solvents and used oils). For purposes of this definition, per- and polyfluoroalkyl substances shall include aqueous film-forming foams.

14.2 **Environmental Compliance**.

14.2.1 Lessee shall, at the Lessee's own expense, comply with all present and hereafter enacted Environmental Laws, including any amendments thereto, affecting Lessee's activities on and property interest in the Premises during the period of Lessee's occupancy of thereof under this Lease. To the extent that Lessor, or any Lessor's employees, agents or contractors, conducts any activities on the Premises during the period of Lessee's occupancy, Lessor shall, at Lessor's own expense, comply with all present and hereafter enacted Environmental Laws, including any amendments thereto, affecting any of Lessor's activities on the Premises.

14.2.2 Lessee shall not cause or permit any Hazardous Material to be brought upon, kept or used in or about the Premises or the Airport by Lessee's agents, employees, contractors or invitees in violation or threatened or suspected violation of any Environmental Laws. The Parties recognize and agree that Lessee may bring on the Premises and Airport and use Hazardous Material that is ordinarily and customarily used in the conduct of Lessee's permitted activities under this Lease, provided that such use shall comply fully with all applicable Environmental Laws. Lessor shall not cause or permit any Hazardous Material to be brought upon, kept, or used in or about the Premises or by Lessor's agents, employees, contractors for any activity Lessor conducts on the Premises during Lessee's occupancy, without prior notification to and approval by Lessee (which shall not be unreasonably withheld), and any such use or presence shall be in compliance with Environmental Laws.

14.2.3 Intentionally Omitted.

14.3 **Indemnification**. To the fullest extent permitted by law, Lessee shall indemnify, defend (with

counsel reasonably acceptable to Lessor), protect and hold harmless Lessor and its employees and agents for, from and against any and all liability, loss, damage, expense, penalties and legal and investigation fees or costs, arising from or related to any claim or action for injury, liability, or damage to persons or property and any and all claims or actions brought by any person, entity or governmental body, alleging or arising in connection with contamination of the environment, the presence of Hazardous Material on the Premises, Airport or neighboring properties, or violation of any Environmental Laws or other statute, ordinance, rule, regulation, judgment or order of any government or judicial entity ("**Environmental Damages**") which are incurred or assessed as a result of any of Lessee's activities or operations on the Premises or Airport. This obligation includes, but is not limited to, all costs and expenses related to cleaning up the property, land, soil and underground or surface water as required under the law. Lessee's obligations and liabilities under this SECTION 14.3 shall survive the termination of this Lease. The indemnification of Lessor by Lessee as described above includes, without limitation, costs incurred in connection with any investigation of site conditions or any cleanup, remedial, removal or restoration work required by any federal, state or local governmental agency or political subdivision. Lessor reserves the right to seek injunctive relief as may be permitted under law and equity. This SECTION 14.3 explicitly excludes Lessee's duty, liability or indemnity to Lessor for any claims or Environmental Damages of any kind whatsoever arising from or in connection with any contamination of any kind existing on the Premises prior to the Effective Date, except and only to the extent known contamination is caused by or exacerbated by Lessee or unknown contamination is caused by or exacerbated by Lessee's negligence.

14.4 **Remediation**. Without limiting the foregoing, if the presence of any Hazardous Material during the Term of this Lease caused or permitted by Lessee to be first brought on the Airport or Premises upon or after the Effective Date results in any Release on the Airport or Premises in violation of any Environmental Laws, Lessee shall promptly take action to remediate the affected property at its sole expense as necessary to return the Airport or Premises to the condition existing prior to the introduction of any such Hazardous Material to the Airport or Premises; provided that Lessor's approval of such actions shall first be obtained, which approval shall not, except in an emergency, be unreasonably withheld so long as such actions would not potentially have any material adverse long-term effect on the Airport and Lessee is not under administrative or court order related to such remediation action. Notwithstanding Lessor's approval pursuant to this SECTION 14.4, Lessor is not responsible for directing or managing any remediation action. The term "**Release**" means any releasing, spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, disposing, or dumping. Notwithstanding anything in this SECTION 14.4 to the contrary, Lessee shall have no obligation to remediate any contamination of any kind existing on the Premises or Airport prior to the Effective Date, except and only to the extent known contamination is caused by or exacerbated by Lessee or unknown contamination is caused by or exacerbated by Lessee's negligence.

14.5 **Governmental Submittals**. Lessee shall, at Lessee's own expense, make all submissions to, provide all information to, and comply with all requirements of the appropriate governmental authority ("**Government**") under the Environmental Laws. Should the Government determine that a site characterization, site assessment and/or cleanup plan should be prepared and/or that a cleanup should be undertaken because of any Release of Hazardous Material by reasons of Lessee's activities or actions at the Airport which occur during the Term of this Lease, then Lessee shall, at Lessee's own expense, prepare and submit the required plans and financial assurances, and carry out the approved plans.

14.6 **Information Sharing**. Lessee shall immediately notify Lessor of any of the following: (i) Lessee's receipt of any notification from any governmental entity either charging or informing Lessee that it will be charged with a violation of Environmental Laws, and (ii) any significant change in Lessee's activities on the Premises that is reasonably likely to adversely change Lessee's obligations or liabilities under the Environmental Laws. In addition, Lessee agrees to provide Lessor with non-privileged copies of documents reflecting the physical condition of the Premises, including but not limited to, environmental testing of soils and groundwater, and existing, non-privileged information reasonably requested by Lessor to determine the applicability of the Environmental Laws to the Premises, or to assist in the response to any governmental investigation or claim of liability by third parties which is related to environmental contamination of the

Premises, to the extent that such investigations or claims are related to Lessee's activities thereon.

14.7 **Sublease**. Lessee shall insert provisions substantially identical to the provisions of this SECTION 14 in any sublease agreement or contract by which it grants a right or privilege to any person, firm, corporation or other entity under this Lease.

14.8 **Actions of Lessee**. The activities or actions of Lessee under this SECTION 14 shall include the activities or actions of Lessee's officers, directors, employees, agents, contractors, invitees and successors.

14.9 **CLEAN WATER ACT; NPDES PERMITS AND SWPPPS**. Without in any way limiting the foregoing, Lessee shall comply with all Environmental Laws regarding discharges to water and land, including, without limitation, obtaining and complying with an individual National Pollutant Discharge Elimination System (NPDES) permit, or requesting coverage under and complying with any applicable Multi-Sector General Permit ("**MSGP**"). If applicable, Lessee shall also prepare and comply with a site-specific MSGP with an individual Storm Water Pollution Prevention Plan ("**SWPPP**") or any revisions to a SWPPP, with respect to Lessee's operations or activities on the Premises or Airport. Proof of individual compliance shall be provided in the form of both the Lessee's Notice of Intent ("**NOI**") that has been received by the Arizona Department of Environmental Quality ("**ADEQ**") and the individual Arizona Multi-Sector General Permit (AZMSGP) number associated with the NOI, within the times prescribed by law.

14.10 **Reserved**.

14.11 **Protective Devices and Plans**. If Lessee is required by the City to estimate the possible constituents of sanitary sewer discharges in order that the City may define certain discharge limitations for the Premises, Lessee shall complete and return an *Industrial Wastewater Discharge Questionnaire* ("**Questionnaire**") to the City and promptly provide Lessor with updates to the Questionnaire as they arise. Also, if the City so requires, Lessee shall install and maintain appropriate protective devices to prevent accidental discharge of any Hazardous Material into domestic or industrial drains on or near the Premises and elsewhere on the Airport, as appropriate, and for any other material for which a slug load discharge could pollute the Airport's storm water discharge or disrupt operations at the sewage treatment plant serving the Premises. Lessee shall post a notice in a prominent place on the Premises advising employees what actions to take and whom to call in the event of said discharge, and shall ensure that all employees of Lessee are trained with regard to the spill protection plan hereinafter referenced. Lessee also shall provide Lessor with immediate notice of any spill.

14.12 **Right to Enter Premises**. In addition to the rights afforded to Lessor in SECTION 18, this Lease specifically includes the right of the United States Government, the Environmental Protection Agency ("**EPA**"), ADEQ, Lessor, and the Arizona Department of Occupational Safety and Health (ADOSH) to enter the Premises upon reasonable notice to Lessee for purposes of: (i) inspecting Lessee's compliance with environmental, occupational safety and health laws and regulations, whether or not such party is responsible for enforcing such laws; (ii) conducting environmental investigation or remediation, including, without limitation, performing tests and surveys, drillings, test-pitting, borings, compiling data and/or records, and other activities related to environmental investigation; and (iii) carrying out remedial or removal actions as required or necessary under applicable laws, including, without limitation, installing monitoring wells, pumping wells and/or treatment facilities. Lessee shall have no claim against Lessor for any entries by the United States, EPA, ADEQ, Arizona ADOSH, or any officer, agent, employee or contractor thereof.

14.13 **U.S. Air Force Use and Remedial Action**.

14.13.1 The Parties assume no liability or responsibility for environmental impacts and Environmental Damages or claims of any kind whatsoever caused by or resulting from the U.S. Air Force's use of Hazardous Material on any portion of the Airport, including the Premises, prior to the Effective Date, and have no obligation under this Lease to undertake the defense of any claim or action, whether in existence now

or brought in the future, solely arising out of the use of or release of any Hazardous Material or deposits of solid waste on or from any part of the Airport, including, but not limited to, the Premises, even if such claims or contamination are first discovered or made after the Effective Date. Further, the Parties have no obligation under this Lease to undertake environmental response, remediation, or cleanup relating to any contamination caused by or related to such use or release. For purposes of this SECTION 14.13, "defense" or "environmental response, remediation, or cleanup" shall include liability and responsibility for the costs of damage, penalties, legal and investigative services relating to such use or release.

14.13.2 Pursuant to Section VII.E.3 of the Deed (as defined herein), the U.S. AIR FORCE WARRANTS AND COVENANTS THAT ALL REMEDIAL ACTION NECESSARY TO PROTECT HUMAN HEALTH AND THE ENVIRONMENT WITH RESPECT TO HAZARDOUS SUBSTANCES REMAINING ON THE AIRPORT, INCLUDING THE PREMISES, HAS BEEN COMPLETED PRIOR TO THE DATE OF THE DEED AND, FURTHER, ANY REMEDIAL ACTION FOUND TO BE NECESSARY AFTER THE DATE OF THE DEED SHALL BE CONDUCTED BY THE U.S. AIR FORCE; PROVIDED, HOWEVER, THAT THE FOREGOING COVENANT DOES NOT APPLY WHERE LESSOR OR LESSEE IS A POTENTIALLY RESPONSIBLE PARTY WITH RESPECT TO ANY PORTION OF THE PREMISES OR THE AIRPORT.

14.14 **Cleanup Requirements**. Lessee agrees that Lessor assumes no liability to Lessee should Hazardous Material cleanup or related requirements, whether imposed by law, regulatory agencies, the U.S. Air Force or Department of Defense cause delays or interferes with Lessee's use of the Premises. Lessee shall have no claim against Lessor or the United States or any officer, agent, employee or contractor thereof on account of any such interference whether due to entry, performance of remedial or removal investigations, or exercise of any right with respect to the Federal Facilities Agreement (FFA) or the Installation Restoration Program (IRP) or under this Lease or otherwise. Lessee agrees to comply with the provisions of any health or safety plan in effect under the IRP or any hazardous substance remediation or response agreement with environmental regulatory authorities during the course of any of the above described response or remedial actions. Any inspection, survey, investigation, or other response or remedial action conducted by governmental authorities or Lessor shall, to the extent practicable, be coordinated with representatives designated by Lessee.

14.15 **Spill Protection Plan**. In the event Lessee undertakes any type of manufacturing, maintenance or other activities on the Premises involving the use or generation of any Hazardous Material regulated by Hazardous Material Laws, Lessee shall have a plan for responding to Hazardous Material, fuel, and other chemical spills prior to commencement of activities on the Premises and other approved Airport locations. Such plan shall comply with all applicable requirements of said plan which shall be updated from time to time or as may be required to comply with changes in site conditions or applicable requirements, and shall be approved by all agencies that are obligated by law to approve such plan. Such plan shall be independent of Lessor's spill prevention and response plans, if any. Lessee shall not rely on use of Lessor or Lessor personnel or Lessor equipment in execution of its plan. Lessee shall file a copy of the plan and amendments thereto with Lessor's Environmental and Safety Coordinator within THIRTY (30) calendar days of receipt of a CofO from the City. Notwithstanding the foregoing, should Lessor provide any personnel or equipment, whether for initial fire response and/or spill containment, on the request of Lessee, or because Lessee was not, in the opinion of Lessor, conducting fire fighting, containment or timely cleanup actions, Lessee agrees to reimburse Lessor for its actual costs in accordance with all applicable laws and regulations, except to the extent that Lessor was responding to conditions caused by events occurring at the Airport (not including the Premises) or by the negligence or omission of Lessor or its employees, agents or contractors.

14.16 **Wells**. Lessee shall not install any drinking water or other wells in any location on the Premises without the prior written approval of Lessor.

14.17 **Surface Disturbances**. After construction of Lessee's Improvements on the Premises as provided herein, Lessee shall not conduct any subsurface excavation, digging, drilling or other disturbance of

the surface other than what is usual and customary for the anticipated uses without the prior written approval of Lessor, which shall not be unreasonably withheld, conditioned or delayed.

14.18 **Later Discovered Hazmat**. If any Hazardous Material is newly discovered on a portion of the Premises after the Effective Date that: (a) (i) were not placed on or introduced to the Premises by Lessee, and (ii) were present on the Premises prior to the Effective Date (collectively, "**Later-Discovered, Pre-Existing Hazmat**"); and (b) such Later-Discovered, Pre-Existing Hazmat will cause Unavoidable Delay in the construction of Improvements; Lessee shall immediately notify Lessor and cease development activity in the impacted area of the Premises, and Lessee shall have the right to either (a) conduct such investigations and remedial actions as necessary under applicable Environmental Laws and continue development activity as the remedial process allows (and reserve any rights it may have to seek whatever compensation it is entitled to recover), if Lessor does not agree, within SEVEN (7) business days of receiving notice contemplated under this SECTION, to promptly investigate and remediate the detected contamination in accordance with Environmental Laws, and on a schedule and in a manner that does not interfere with Lessee's development, use or construction plans, or (b) terminate this Lease upon written notice to Lessor.

15. PROTECTION OF WETLANDS

Lessee shall minimize the destruction, loss, or degradation of any wetlands located on the Premises. Lessor believes there are no wetlands existing on the Premises as of the Effective Date. However, before locating new construction in wetlands, if any exist, Lessee shall contact Lessor and the United States Army Corps of Engineers and obtain a permit or waivers under Section 404 of the Clean Water Act(or if such regulatory authority has been delegated to ADEQ, shall obtain the equivalent permit or waivers from ADEQ). For purposes of this SECTION 15, the term, "new construction," includes structures, facilities, draining, dredging, channeling, filling, diking, impounding, and related activities.

16. INSURANCE

16.1 **Coverage Required**. Lessee shall procure and maintain, or cause to be procured and maintained, the following types and amounts of insurance with respect to the Premises:

16.1.1 Builders Risk INSURANCE COVERING THE INSURED'S PREMISES AND ALL REPLACEMENTS AND/OR ADDITIONS THERETO FOR THEIR FULL INSURABLE VALUE ON A "REPLACEMENT COST" BASIS WITH AN ISO SPECIAL CAUSES OF LOSS FORM OR EQUIVALENT REQUIRED UNTIL COMPLETION OF CONSTRUCTION OF THE IMPROVEMENTS UPON THE PREMISES. Builder's Risk Insurance shall be in place during active construction of the Improvements. Lessor agrees that Builder's Risk Insurance shall be, upon acceptance of the Improvements by the City of Mesa and/or occupancy of the Improvements for the intended use, no longer required in the form of Builder's Risk Insurance and shall be replaced by Property coverage as placed upon completion of the construction of the Improvements. Lessor agrees to perform this transition without any lapse or gap in coverage.

16.1.2 Comprehensive General Liability - $5,000,000 PER OCCURRENCE COVERING THIRD PARTY BODILY INJURY AND PROPERTY DAMAGE ON AN OCCURRENCE BASIS IN AN AMOUNT NOT LESS THAN, INCLUDING COVERAGE FOR "PREMISES/OPERATIONS", "PRODUCTS AND COMPLETED OPERATIONS", "HOST LIQUOR" AND "BLANKET CONTRACTUAL LIABILITIES".

16.1.3 Commercial Auto Liability - $1,000,000 PER ACCIDENT COVERING ALL OWNED, NON-OWNED AND HIRE VEHICLES OPERATED ON THE AIRPORT THAT ARE ASSIGNED TO OR USED IN THE PERFORMANCE OF COMMERCIAL ACTIVITIES. If any hazardous materials are transported with Airport boundaries in conjunction with the operator's business

activities, and MSC-90 Endorsement is required.

16.1.4 Environmental Coverage - $2,000,000 PER CLAIM, COVERING THIRD PARTY BODILY INJURY AND PROPERTY DAMAGE ASSOCIATED WITH HAZARDOUS MATERIAL STORAGE FACILITIES, TANKS, PINING, ANCILLARY EQUIPMENT AND CONTAINMENT STRUCTURES, OR STRUCTURES THAT ARE USED, CONTROLLED, CONSTRUCTED OR MAINTAINED AT THE AIRPORT, AND INCLUDING EXPENSES FOR DEFENSE, RELEASE MITIGATION AND OFF-AND ON-SITE REMEDIATION.

16.1.5 Personal Property Coverage – COVERS ALL ESSENTIAL PERSONAL PROPERTY (PROPERTY ESSENTIAL TO CONTINUED BUSINESS OPERATIONS) AND ALL OPERATOR IMPROVEMENTS MADE TO BUILDINGS OR FACILITIES ON THE AIRPORT, INCLUDING ALL REPLACEMENTS AND./OR ADDITIONS THERETO, FOR THEIR FULL INSURABLE VALUE (ALL RISKS) ON A REPLACEMENT COST BASIS, AND REQUIRES AND ISO SPECIAL CAUSE OF LOSS FORM. Coverage shall be for risks of direct physical loss or damage, including the perils of Equipment Breakdown/Boiler & Machinery, with appropriate sub limits for Flood and Earth Movement. The limit shall be equivalent to at least full replacement cost value of personal property & improvements. Coverage shall be on a replacement cost basis. If there is a coinsurance provision, it shall be waived by an Agreed Amount endorsement. Lessee's policy shall name Lessor as Loss Payee as their interest may appear.

16.1.6 Worker's Compensation INSURANCE, AS REQUIRED BY LAW, AND EMPLOYER'S LIABILITY INSURANCE IN THE AMOUNT OF $1,000,000 COVERING WORK-RELATED INJURIES TO EMPLOYEES AND OTHERS PERMITTED TO OPERATE OR OTHERWISE CONDUCT BUSINESS ON THE PREMISES.

16.2 **Form**. Each insurance policy obtained pursuant to this SECTION, except for *Worker's Compensation* and *Employer's Liability* policies, shall: (i) include Lessor as a certificate holder and additional insured via endorsement; (ii) contain a provision that written notice of cancellation or modification thereof shall be given to Lessor not less than THIRTY (30) calendar days before such cancellation or modification takes effect; and (iii) contain a waiver of subrogation in favor of Lessor. Lessee shall not permit any insurance policy to be canceled or modified without Lessor's written consent unless equivalent replacement policies are issued with no lapse in coverage. All policies shall be obtained from insurance companies licensed to do business in the State of Arizona and possessing a rating of at least A – VII or higher from the A.M. Best Company, or an equivalent rating and approved by Lessor.

16.3 **Certificates of Insurance**. Lessee shall deliver a certificate of insurance for each policy required along with an endorsement naming Phoenix-Mesa Gateway Airport Authority as additional insured, herein to Lessor, in standard Acord or equivalent form, prior to the Effective Date and shall continue to provide such certificates throughout the term of this Lease.

16.4 **Additional Insurance**. At any time during the term of this Lease, Lessor may, if in its reasonable determination the insurance coverage required by this SECTION 16 is no longer adequate, require Lessee to increase its coverage to commercially reasonable amounts.

16.5 **Blanket Insurance**. Lessee's insurance obligations under this Lease may be satisfied by means of "blanket" or excess policies.

16.6 **Insurance by Lessor**. In the event Lessee shall fail to procure any insurance required hereunder, Lessor may, upon written notice to Lessee, procure and maintain any or all of the insurance required of Lessee under this SECTION. In such event, all costs of such insurance procured and maintained by Lessor on behalf of Lessee shall be the responsibility of Lessee and shall be fully reimbursed to Lessor within TEN

(10) business days after Lessor advises Lessee of the cost thereof.

17. SURRENDER OF POSSESSION.

17.1 **Condition of Property**.

17.1.1 Upon the expiration or earlier termination of this Lease, Lessee's right to occupy the Premises and exercise the privileges and rights granted thereunder shall cease, and Lessee shall peaceably surrender the same and leave the Premises broom clean and in good condition except for normal wear and tear. All trade fixtures, equipment, and other personal property installed or placed by Lessee on the Premises which are not permanently affixed thereto shall remain the property of Lessee, and Lessee shall have the right at any time during the term of this Lease, to remove the same from the Airport and Lessee shall repair, at its sole cost, any damage caused by such removal. Any property not removed by Lessee within FIFTEEN (15) calendar days of the expiration or earlier termination of this Lease, or revocation of Lessee's right to occupy the Premises, shall be deemed abandoned, and ownership thereof shall vest in Lessor. Lessee shall, however, remain financially liable to Lessor for the cost of repairs to the Premises incurred as a result of Lessor's removal and/or relocation of property formerly belonging to Lessee and not otherwise removed from the Premises, as provided herein, and shall remit to Lessor payment for such costs within TEN (10) business days of Lessee's receipt of Lessor's invoice therefor.

17.1.2 Any trade fixtures, equipment or other property affixed to the Premises by Lessee shall, if required by Lessor, be permanently removed from the Premises by Lessee, at Lessee's expense, within Five (5) business days of Lease termination. Should Lessee fail to remove such trade fixtures, equipment or other property within said time, Lessor may remove and dispose of such trade fixtures, equipment or other property at Lessee's expense, and Lessee shall reimburse Lessor for the costs thereof within TEN (10) business days of receipt of Lessor's invoice therefor.

17.2 **Holding Over**. Lessee shall not remain in possession of the Premises after the expiration or earlier termination of the Term without the express written consent of Lessor. Should Lessee hold over without the express written consent of Lessor, such tenancy shall be at the sufferance of Lessor and not a renewal of the Term. In such case, the Base Rent and all other charges due pursuant to this Lease shall be payable at ONE HUNDRED FIFTY PERCENT (150%) of the amount payable during the last year of the Term, and such tenancy at sufferance shall be subject to every other term, covenant and provision of this Lease. In the event Lessee holds over, Lessee shall be liable for all of Lessor's direct and consequential damages, which shall include, without limitation, costs, fees, expenses, damages and attorneys' fees incurred by Lessor as a result of Lessee's holding over, and damages and expenses incurred by Lessor for its inability to deliver possession of the Premises to a new lessee.

18. INSPECTION BY LESSOR

Lessor may enter upon the Premises at reasonable times during Lessee's normal business hours and upon at least TWO (2) business days' prior written notice to Lessee (except in emergencies, in which event Lessor may enter immediately and shall notify Lessee promptly following such emergency entry) for any reasonable purpose, including, but not limited to, compliance with the terms and conditions of this Lease and the exercise of its governmental functions for such activities as fire protection or security. Lessee may accompany Lessor on any Lessor inspections and entries. Lessor shall take reasonable steps to avoid interrupting or disrupting the conduct of business of Lessee on the Premises.

19. NOTICES

19.1 All notices required or permitted under this Lease shall not be effective unless personally delivered or mailed by certified mail, return receipt requested, postage prepaid, or by reputable commercial

overnight courier service, to the following addresses or at such address as either Party may advise the other from time to time:

TO LESSOR: Phoenix-Mesa Gateway Airport Authority
Attn: Business Development Department
5835 South Sossaman Road
Mesa, Arizona 85212

TO LESSEE: VTWV Gateway Industrial I, LLC
c/o Wetta Ventures, LLC
Attn.: David Wetta
3104 East Camelback Road #957
Phoenix, Arizona 85016

And to: VTWV Gateway Industrial I, LLC
c/o Van Tuyl Companies
Attn.: John Snyder
14747 N. Northsight Blvd., Suite 111-431
Scottsdale, Arizona 85260

19.2 Any notice shall be deemed to have been received Two (2) business days after the date of mailing, if given by certified mail, or upon actual receipt if personally delivered or if given by reputable commercial overnight courier service.

20. SEVERABILITY

Should a court of competent jurisdiction declare any provision of this Lease invalid, the remaining terms shall remain effective.

21. APPROVALS, CONSENTS AND NOTICES

All approvals, consents and notices called for in this Lease shall be in writing, signed by the appropriate Party, and may not be established solely by oral testimony.

22. LIENS AND MORTGAGES

22.1 **Fee Mortgagees**. Lessor may mortgage its fee interest in the Premises.**Mortgaging of the Leasehold**.

22.2.1 Definitions. "**Leasehold Mortgage**" shall mean any loan financing obtained by Lessee, as evidenced by any mortgage, deed of trust, assignment of leases and rents, financing statement, or other instrument and secured by Lessee's interest in this Lease and the leasehold estate created hereby, including any extensions, modifications, amendments, replacements, supplements, renewals, refinancing, and consolidation thereof. "**Leasehold Mortgagee**" shall mean the holder of a Leasehold Mortgage.

22.2.2 Leasehold Mortgage. Lessee, and any of its permitted successors and assigns, may encumber its interest in this Lease with Lessor's prior written consent, not to be unreasonably withheld, conditioned, or delayed, under any one or more Leasehold Mortgages, provided that all rights acquired under the Leasehold Mortgage(s) shall be subject to the provisions in this Lease and to all rights and interests of the Lessor herein. Lessee shall reimburse Lessor for all legal fees reasonably incurred by Lessor in connection with

legal counsel review and approval of Lessee's Leasehold Mortgage and associated documents. If, from time to time, Lessee or Lessee's permitted successors or assigns encumbers this Lease with a Leasehold Mortgage, and if the Leasehold Mortgagee delivers to Lessor: (a) an executed counterpart of such Leasehold Mortgage; (b) any assignment thereof; (c) written notice of the Leasehold Mortgagee's name and address; and (d) the pertinent recording data for the Leasehold Mortgage, Lessor agrees that from and after the date of receipt by Lessor of such notice and for the duration of such Leasehold Mortgage, the provisions of this SECTION 22 shall apply. There shall be no material modification in the Leasehold Mortgage or related documentation without Lessor's prior written consent.

22.3 **Termination of Lease**. There shall be no cancellation, surrender, or modification of this Lease by Lessor or Lessee without the prior written consent of Leasehold Mortgagee. Notwithstanding the foregoing (but subject to Leasehold Mortgagee's rights set forth in SECTION 22.6 and SECTION 22.7 hereof), nothing herein shall be deemed to prohibit Lessor from terminating this Lease in accordance with its terms.

22.4 **Notices to Leasehold Mortgagees**. If serving Lessee with any notice of default or termination, Lessor shall simultaneously send a copy of such notice to Leasehold Mortgagee. Leasehold Mortgagee may remedy or cause to be remedied Lessee's default under this Lease and Lessor shall accept performances by, or at the instigation of, Leasehold Mortgagee as if it had been done by Lessee. Any notice required to be given to Leasehold Mortgagee shall be given in the same manner as sent to Lessee, addressed to Leasehold Mortgagee at the address and to the attention of the person designated by such Leasehold Mortgagee under SECTION 22.2 hereof.

22.5 **Curative Rights of Leasehold Mortgagees**. Leasehold Mortgagee shall have an additional period of THIRTY (30) calendar days to remedy or cause to be remedied any default of which it receives notice pursuant to SECTION 22.4, provided such Leasehold Mortgagee shall reimburse Lessor, at the time of so remedying the default, for all reasonable costs and expenses of Lessor for maintaining, protecting, insuring, and operating the Premises during the additional THIRTY (30) calendar day period.

22.6 **Limitation Upon Termination Rights of Lessor**. If Lessor elects to terminate this Lease because of an Event of Default, Leasehold Mortgagee may postpone and extend the date of termination for not more than SIX (6) months after the timing specified in SECTION 22.5 hereof if the Leasehold Mortgagee: (a) has cured, or has caused to be cured, any then-existing money or non-monetary Event of Default (with the exception of Lessee's non-monetary defaults of such a nature that they cannot be cured by Leasehold Mortgagee); and (b) pays the Base Rent and other charges due under this Lease. Leasehold Mortgagee shall take steps necessary to acquire Lessee's interest and estate in this Lease by foreclosure of its Leasehold Mortgage, or otherwise, and shall prosecute such action to completion with diligence. If at the end of the period identified in this SECTION 22.6 Leasehold Mortgagee shall be actively engaged in steps to acquire Lessee's interest in the Lease, and all Events of Default have been cured (with the exception of Lessee's non-monetary Events of Default of such a nature that they cannot be cured by Leasehold Mortgagee), the time for Leasehold Mortgagee to comply with the provisions of this SECTION 22.6 shall be extended for such period as shall be reasonably necessary to complete these steps with reasonable diligence and continuity. In no event shall Leasehold Mortgagee have any obligation to cure any default of Lessee under this Lease.

22.7 **Mortgagee Lease**. Lessor agrees that if this Lease is terminated based on any Event of Default, or if Lessee rejects the Lease in a bankruptcy proceeding, subject to the rights herein granted to Leasehold Mortgagee, Lessor will enter into a lease (the "**Mortgagee Lease**") of the Premises with the Leasehold Mortgagee for the remainder of the Term effective as of the date of termination, at the same Base Rent and on the same terms, provisions, covenants, and agreements as contained in this Lease, provided;

22.7.1 Leasehold Mortgagee shall request Lessor execute such a Mortgagee Lease within thirty (30) calendar days after the date of termination and shall, within Sixty (60) calendar days after its receipt from Lessor of a written statement of all amounts then due to Lessor under this Lease, pay to Lessor all such

amounts (with the exception of amounts due by reason of Lessee's indemnification obligations set forth in Section 14);

22.7.2 Leasehold Mortgagee shall pay to Lessor at the time of the execution and delivery of the Mortgagee Lease: (a) any sums due under this Lease but for the termination; and (b) all reasonable attorney's fees and expenses actually incurred by Lessor;

22.7.3 Leasehold Mortgagee shall remedy any matters that Lessee was obligated to perform under the terms of this Lease; and

22.7.4 Leasehold Mortgagee, as replacement Lessee under the Mortgagee Lease, shall have the same right, title, and interest in and to the Premises and the right to use the Improvements thereon as Lessee had under this Lease.

22.8 **Agreement Between Lessor and Leasehold Mortgagee**. Lessor, upon request, shall execute, acknowledge, and deliver to Leasehold Mortgagee an agreement, by and among Lessor, Lessee, and Leasehold Mortgagee (provided the same has been previously executed by Lessee and Leasehold Mortgagee) agreeing to all of the provisions of this SECTION 22, in form and substance reasonably satisfactory to Leasehold Mortgagee and Lessor.

22.9 **Limitation on Liability of Leasehold Mortgagee**. Notwithstanding any other provision of this Lease, Lessor agrees that Leasehold Mortgagee shall in no manner or respect whatsoever be liable or responsible for any of Lessee's obligations or covenants under this Lease (nor shall any rights of such Leasehold Mortgagee be contingent on the satisfaction of such obligations or covenants), unless and until Leasehold Mortgagee becomes the owner of said leasehold estate by foreclosure, sale in lieu of foreclosure, or otherwise, in which event such Leasehold Mortgagee shall remain liable for such obligations and covenants only while it remains the owner of said leasehold estate.

22.10 **No Merger**. So long as any Leasehold Mortgage remains outstanding, the fee title and the leasehold estate created by this Lease shall not merge but shall always be kept separate and distinct, notwithstanding the union of such estates in either the Lessor or the Lessee or a third party, by purchase or otherwise.

23. GOVERNING LAW; ATTORNEY'S FEES

The laws of the State of Arizona shall govern the matters set forth in this Lease. Venue of any action brought under this Lease shall, at the option of Lessor, lie in Maricopa County, Arizona.

24. COMPLIANCE WITH LAWS, RULES AND REGULATIONS

Lessee shall at all times comply with all Federal, state and local laws, ordinances, rules, and regulations which are applicable to its activities on the Airport, the Premises itself (including but not limited to the *Americans with Disabilities Act*), or the operation, management, maintenance, or administration of the Airport, including all laws, ordinances, rules and regulations adopted after the Effective Date. Lessee shall at all times comply with the *Airport Minimum Standards* and *Airport Rules and Regulations*, as the same may be amended from time to time. Copies of the current *Airport Minimum Standards* and *Airport Rules and Regulations* are attached hereto as **EXHIBIT D**. Lessee acknowledges and agrees that Lessor may amend the *Airport Minimum Standards* and *Airport Rules and Regulations* at any time in Lessor's sole discretion. Lessee shall be responsible for controlling and preventing disruptive pedestrian and vehicle traffic associated with its activities on the Premises and at the Airport. Lessee also shall display to Lessor any permits, licenses, or other evidence of compliance with laws upon request.

25. CORPORATE AUTHORIZATION

In executing this Lease, Lessee represents and warrants to Lessor that if Lessee is a corporation, Lessee has obtained and been granted the full right, power and authority to enter into this Lease.

26. UTILITY LINES AND SERVICE CHARGES

26.1.1 Connections and Services. Lessee shall, at no cost or expense to Lessor, provide or arrange for any public utility, water and sewage lines, connections and services that are needed in connection with any building(s), structure(s) or other improvement(s) placed on the Premises by Lessee, or required for Lessee's activities thereon, and shall be responsible for the maintenance of such lines and connections from where they enter the Premises. If requested in advance to do so by Lessee, Lessor will grant reasonable rights-of-way on or across the Airport to suppliers of public utility services for the purpose of supplying Lessee with such services, but Lessor reserves the right to designate the lands along which such rights-of-way shall be granted so as to cause the least inconvenience in the operation of the Airport and other Airport tenants.

26.1.2 Payment. Lessee shall pay for all utilities, including trash collection, used in its operations at the Airport and the Premises. The charges and method of payment for each utility or service shall be determined by the appropriate supplier of the utility or service in accordance with applicable laws and regulations, on such basis as the appropriate supplier of the utility or service may establish.

26.1.3 Continued Use and Repair. Notwithstanding the execution of this Lease, Lessor retains the right to the continued use of such utility lines and services as are presently on the Premises and the right to repair the same when necessary in Lessor's sole discretion, including but not limited to, any utility easements on the Premises. Lessor shall conduct such repairs in such a manner and at such times as to not unreasonably interfere with Lessee's activities thereon.

27. RESERVATIONS TO LESSOR

The Premises are accepted "as is, where is" by Lessee, subject to any and all existing easements or other encumbrances. Lessor reserves the right to grant reasonable easements, rights-of-way, and permits, over, on, or across any portions of the Premises for commercially reasonable purposes; provided, that Lessor and the grantee, as applicable, shall not exercise such rights so as to unreasonably interfere with or disrupt Lessee's activities on the Premises, including the development of the Premises, to be determined in the reasonable judgment of Lessor and Lessee, and all such interference shall be minimized. Lessor shall provide Lessee reasonable notice of any plan to undertake the activities contemplated under this SECTION and shall coordinate with Lessee regarding the execution of such plans to minimize any interference with Lessee's or any subtenant's activities on the Premises. All work shall be in compliance with all applicable laws, including Environmental Laws, and the surface of the Premises shall be restored to its original condition, including any necessary remediation in accordance with Environmental Laws of any contamination associated with any Hazardous Material disturbed during any construction, at no cost to Lessee, upon the completion of any construction. Lessor agrees that any rights granted to any parties by reason of this clause shall contain provisions obligating such parties to, at a minimum, the same conditions applicable to Lessor under this SECTION 27, including but not limited to that the surface of the Premises and any Improvements shall be promptly restored to their original condition, at no cost to Lessee, promptly upon the completion of any construction.

28. FEDERAL AVIATION ADMINISTRATION (FAA) PROVISIONS

28.1 Lessee agrees that in the event improvements are constructed, maintained, or otherwise operated on the Premises for a purpose for which a Department of Transportation (DOT) program or activity is intended, or for another purpose involving the providing of similar services or benefits, Lessee shall maintain and operate such facilities and services in compliance with all other requirements imposed pursuant to 49 CFR

Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation, as it may be amended.

28.2 Lessee agrees that: (I) NO PERSON SHALL BE EXCLUDED FROM PARTICIPATION IN, DENIED THE BENEFITS OF, OR BE OTHERWISE SUBJECTED TO DISCRIMINATION ON THE GROUNDS OF RACE, COLOR, CREED, DISABILITY, AGE, SEX OR NATIONAL ORIGIN IN THE USE OF THE PREMISES; (II) THAT IN THE CONSTRUCTION OF ANY IMPROVEMENTS ON, OVER, OR UNDER THE PREMISES AND THE FURNISHING OF SERVICES THEREON, NO PERSON SHALL BE EXCLUDED FROM PARTICIPATION IN, DENIED THE BENEFITS OF, OR OTHERWISE BE SUBJECTED TO DISCRIMINATION ON THE GROUNDS OF RACE, COLOR, OR NATIONAL ORIGIN; AND (III) THAT LESSEE SHALL USE THE PREMISES IN COMPLIANCE WITH ALL OTHER REQUIREMENTS IMPOSED BY OR PURSUANT TO 49 CFR PART 21, AS IT MAY BE AMENDED.

28.3 Lessee assures Lessor that it will comply with pertinent statutes, Executive Orders, and rules promulgated to assure that no person shall, on the grounds of race, creed, color, national origin, or sex, age or handicap, be excluded from participating in any activity.

28.4 Lessor reserves the right to further develop or improve the landing area of the Airport as it sees fit, regardless of the desires or view of Lessee, and without interference or hindrance therefrom.

28.5 Lessor reserves the right, but shall not be obligated to Lessee, to maintain and keep in repair the landing area of the Airport and all publicly owned facilities of the Airport, together with the right to direct and control all activities of Lessee in this regard. Lessor and Lessee agree that Lessee has no responsibility whatsoever with respect to maintenance and repair of the landing area of the Airport, or any publicly owned facilities of the Airport.

28.6 This Lease shall be subordinate to the provisions and requirements of any existing or future agreement between Lessor and the United States relative to the development, operation or maintenance of the Airport.

28.7 There is reserved unto Lessor, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Premises, which shall include the right to cause in the airspace any noise inherent in the operation of aircraft, now known or hereafter used for navigation of or flight in or through the airspace, and for the use of such airspace for landing on, taking off from, or operation on the Airport.

28.8 Lessee agrees to comply with the notification and review requirements covered in 14 CFR Part 77 in the event future construction of a building is planned for the Premises or in the event of any planned modification or alteration of any present or future building or structure situated on the Premises.

28.9 Lessee shall not erect or permit the erection of any structure or building, nor permit the growth of any tree on the Premises, or any other obstruction that exceeds height requirements contained in 14 CFR Part 77 or amendments thereto, or interferes with the runway and/or taxiway "line of sight" of the control tower. In the event these covenants are breached, Lessor reserves the right to enter upon the Premises and to remove the offending structure or object at the expense of Lessee.

28.10 Lessee shall not make use of the Premises in any manner that might interfere with the landing and taking off of aircraft from the Airport or otherwise constitute a hazard. In the event this covenant is breached, Lessor reserves the right to enter upon the Premises and cause the abatement of such interference at the expense of Lessee.

28.11 Nothing contained in this Lease shall be construed to grant or authorize the granting of an exclusive right within the meaning 49 U.S.C. §40103(e) and 47107 (a)(4).

28.12 This Lease and all of the provisions hereof shall be subject to whatever right the United States government now has, or in the future may have or acquire, affecting the control, operation, regulation and taking over of the Airport, or the exclusive or non-exclusive use of the Airport by the United States during the time of war or national emergency.

28.13 To the extent that Lessee conducts or engages in any aeronautical activity for furnishing services to the public at the Airport, Lessee shall furnish its services on a reasonable and not unjustly discriminatory basis to all users and charge reasonable and not unjustly discriminatory prices for each unit or service; except, however, that Lessee may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar type of price reductions to volume purchasers.

28.14 Lessee shall conform to Lessor and FAA safety and security rules and regulations regarding use of the Airport air operations area including runways, taxiways, taxilanes and aircraft aprons by vehicles, employees, customers, visitors, etc., in order to prevent security breaches and avoid aircraft incursions and vehicle/pedestrian deviations; complete and pass an airfield safe driving instruction program when offered or required by Lessor; and be subject to penalties as prescribed by Lessor for violations of Airport safety and security requirements.

29. TITLE VI

29.1 Lessee agrees to comply with pertinent statues, Executive Orders and such rules as are promulgated or identified in Title VI List of Pertinent Nondiscrimination Acts and Authorities to ensure that no person shall, on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance. Lessee understands and acknowledges that the FAA requires inclusion of and adherence to the terms and conditions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§2000d to 2000d-4) ("**Title VI**") in all airport/aviation lease agreements where Lessor receives federal funding, including the Lease in this instance.

29.2 During the Term, Lessee, for itself, its assignees, and successors in interest agrees as follows:

29.2.1 Compliance with Regulations. Lessee will comply with the Title VI List of Pertinent Non-Discrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this Lease.

29.2.2 Non-discrimination. Lessee, with regard to the work performed by it during Lease, will not discriminate on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment. Lessee will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.

29.2.3 Solicitations for Subcontracts, Including Procurements of Materials and Equipment. In all solicitations, either by competitive bidding, or negotiation made by Lessee for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by Lessee of Lessee's obligations under this Lease and the Non-discrimination Acts And Authorities on the grounds of race, color, or national origin.

29.2.4 Information and Reports. Lessee will provide all information and reports required by the Acts, the Regulations and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by Lessor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of Lessee is in the exclusive possession of another who fails or refuses to furnish the information, Lessee will so certify to Lessor or the Federal Aviation Administration as appropriate, and will set forth what efforts it has made to obtain the information.

29.2.5 Sanctions for Noncompliance. In the event of Lessee's noncompliance with the Nondiscrimination provisions of this Lease, Lessor will impose such default remedies as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:

(a) withholding payments, if any, to Lessee under the Lease until Lessee complies; and/or

(b) cancelling, terminating, or suspending the Lease, in whole or in part.

29.2.6 Incorporation of Provisions. Lessee will include the provisions subsections 29.2.1 through 29.2.6 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. Lessee will take action with respect to any subcontract or procurement as the sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if Lessee becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, Lessee may request Lessor to enter into any litigation to protect the interests of Lessor. In addition, Lessee may request the United States to enter into the litigation to protect the interests of the United States.

29.3 The Lessee for itself, and its successors in interest and assigns, as a part of the consideration hereof, does hereby covenant and agree that (a) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (b) that in the construction of any improvements on, over, or under such land, and the furnishing of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (c) that Lessee will use the Premises in compliance with all other requirements imposed by or pursuant to the List of Pertinent Non-Discrimination Acts and Authorities.

29.4 During the performance of this Lease, Lessee, for itself, its assignees, and successors in interest agrees to comply with the following non-discrimination statutes and authorities; including but not limited to the following (which Lessor is required to disclose and include in such Lease and other agreements, pursuant to FAA regulation):

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*, 78 Stat. 252) (prohibits discrimination on the basis of race, color, national origin);
- 49 CFR Part 21 (Non-discrimination In Federally-Assisted Programs of The Department of Transportation—Effectuation of Title VI of The Civil Rights Act of 1964);
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended

(prohibits discrimination on the basis of disability); and 49 CFR part 27 (Nondiscrimination on the Basis of Disability in Programs or Activities Receiving Federal Financial Assistance);

- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 *et seq.*) (prohibits discrimination on the basis of age);

- Airport and Airway Improvement Act of 1982, (49 USC § 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);

- The Civil Rights Restoration Act of 1987 (PL 100-209) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);

- Titles II and III of the Americans with Disabilities Act of 1990 (42 USC § 12101, et seq), (prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities) as implemented by Department of Transportation regulations at 49 CFR parts 37 and 38;

- The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);

- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations);

- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 (2005));

- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et *seq.*).

29.5 Lessee agrees that in the event improvements are constructed, maintained, or otherwise operated on the Premises for a purpose for which a Department of Transportation (DOT) program or activity is intended, or for another purpose involving the providing of similar services or benefits, Lessee shall maintain and operate such facilities and services in compliance with all other requirements imposed pursuant to 49 CFR Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation, as it may be amended.

30. FEDERAL FAIR LABOR STANDARDS ACT

This Lease incorporates by reference the provisions of 29 CFR Part 201, the Federal Fair Labor Standards Act (FLSA), with the same force and effect as if given in full text. Lessee has full responsibility to monitor compliance to the referenced statue or regulation. Lessee must address any claims or disputes that arise from this requirement directly with the U.S. Department of Labor – Wage and Hour Division.

31. OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970

This Lease incorporates by reference the provisions of 29 CFR Part 1910 with the same force and effect as if given in full text. Lessee must provide a work environment that is free from recognized hazards that may cause death or serious physical harm to the employee. Lessee retains full responsibility to monitor its compliance and their subcontractor's compliance with the applicable requirements of the Occupational Safety and Health Act of 1970 (20CFR Part 1910). Lessee must address any claims or disputes that pertain to a referenced requirement directly with the U.S. Department of Labor – Occupational Safety and Health Administration.

32. INCORPORATION OF QUITCLAIM DEED

Lessor owns the Airport pursuant to a Quitclaim Deed from the United States Government (the "**Deed**"), a copy of which is available to Lessee upon request and is hereby incorporated in its entirety. To the extent the Deed has terms, conditions, obligations, requirements or restrictions that apply to this Lease, Lessor, Lessee or any matter in connection herewith, Lessee agrees to be bound by all the terms, covenants and conditions of the Deed, including the following:

32.1 That this Lease is subject to all terms and conditions of the Deed; and

32.2 That in case of any conflict between the Deed and this Lease, the Deed shall control.

33. REQUIRED PROVISIONS OF QUITCLAIM DEED

33.1 Section VI (A)(5)(c) of the Deed requires that the following provisions be included in this Lease:

33.1.1 In furnishing services to the public, Lessee shall not discriminate against any person or class of persons by reason of race, color, creed, or national origin, and Lessee shall otherwise provide such services on a fair, equal, and not unjustly discriminatory basis to all users thereof.

33.1.2 Lessee shall charge fair, reasonable, and not unjustly discriminatory prices for each unit for service; except, however, that the Lessee may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

33.2 If the Premises are within any of the archaeological sites identified in Section VIII.A of the Deed, then, the provisions of Section VIII of the Deed shall be deemed incorporated in this Lease by this express reference to Section VIII of the Deed.

33.3 To the extent the Deed requires that other specific provisions thereof be inserted in this Lease by express reference to the Deed, this sentence shall constitute an express reference to all such applicable provisions of the Deed.

34. INTENTIONALLY OMITTED

35. DEFAULT BY LESSOR

In the event of any alleged breach by Lessor of its covenants contained in this Lease, Lessee shall have available all rights and remedies provided at law or in equity, subject to the terms and conditions of this Lease; provided, however, Lessee may not exercise any such right or remedy unless Lessee has notified Lessor by written notice of such alleged default, and Lessor has not cured such default within the THIRTY (30) calendar day period subsequent to receipt of such notice or, in the event such alleged default is of such a nature that it cannot reasonably be cured within such THIRTY (30) calendar day period, Lessor has failed to cure such alleged default with all due diligence. Notwithstanding anything to the contrary contained in this Lease, in no event shall Lessee be entitled to terminate this Lease or abate or offset any installment of Base Rent, or any other payments to be made by Lessee hereunder.

36. BROKERS

Lessor and Lessee each represents and warrants to the other Party that it has not had any dealings with any real estate brokers, finders or agents in connection with this Lease. Lessor and Lessee each agrees to indemnify, defend (with counsel selected by the other) and hold the other Party and other Party's nominees, successors and assigns harmless from any and all claims, costs, commissions, fees or damages arising from a breach of such Party's representation and warranty in this SECTION.

37. SALE BY LESSOR

Lessee agrees to look solely to Lessor's interest in the Premises for the recovery of any judgment from Lessor, it being agreed that neither Lessor nor the holders of the equity interests of Lessor, nor the members, partners, officers, directors or shareholders of Lessor shall be personally liable for any such judgment. In the event of any sale or other conveyance by Lessor of its interest in the Premises, Lessor shall be automatically freed and released from all personal liability accruing from and after the date of such sale or conveyance as respects the performance of any covenant or obligation on the part of Lessor contained in this Lease to be performed, it being intended hereby that the covenants and obligations contained in this Lease on the part of Lessor shall be binding on the Lessor and its successors and assigns only during and in respect to the respective successive periods of ownership of the Premises.

38. ESTOPPEL CERTIFICATE

Lessee shall, without charge, at any time and from time to time hereafter, within TEN (10) business days after written request of Lessor to do so, certify, by written instrument duly executed and acknowledged by Lessee and certified to Lessor and to any prospective lender or purchaser: (a) as to whether this Lease has been supplemented or amended, and if so, the substance and manner of such supplement or amendment; (b) as to the existence of any default hereunder to the best of Lessee's knowledge; (c) as to the date on which Lessee was obligated to commence paying Base Rent and all other charges hereunder and the expiration date of the Term; (d) as to whether the Lessee has assigned or transferred its interests or any portion thereof in this Lease; and (e) as to any other matters as may be reasonably requested. Lessor and any prospective purchaser or lender to whom the same was certified may rely upon any such certificate.

39. UNAVOIDABLE DELAY

In the event either Party shall be delayed or hindered in or prevented from the performance of any covenant, agreement, work, service, or other act required under this Lease to be performed by such Party ("**Required Act**"), and such delay or hindrance is due to Unavoidable Delay (as defined below), then the performance of such Required Act shall be excused for the period of delay and the time period for performance

of the Required Act shall be extended by the same number of days in the period of Unavoidable Delay. For purposes of this Lease, "**Unavoidable Delay**" shall mean, with respect to either Party, an unavoidable delay in the performance by such Party of any non-monetary conditions or obligations under this Lease due including but not limited to: (a) construction delay to the extent caused by the other Party, (b) legal proceeding brought by a non-Party with respect to the Improvements or any provision or requirement of this Lease which by its nature prohibits the Improvements from being commenced, continued and/or completed, (c) a Party not receiving a governmental permit, license, approval or inspection in time to meet a contractual time period imposed hereunder provided that Party, in good faith, was diligent in the application or request for and prosecution of the process to obtain that permit, license, approval or inspection, (d) flood, (e) epidemic, (f) quarantine restriction, (g) unusually severe weather not reasonably anticipated, (h) strike, (i) walkout, (j) lock-out, (k) war, (l) national emergency, (m) fire, (n) act of God, (o) act of terrorism, (p) natural disaster, (q) explosion, (r) default by the other Party hereunder in the performance of its obligations hereunder, (s) delay caused by the discovery, presences or actions necessary to investigate or remediate Hazardous Material under SECTION 14 (but excluding Hazardous Material attributable to the Party claiming Unavoidable Delay), or (t) other causes beyond such Party's control; provided that no Unavoidable Delay shall exist unless the Party claiming such Unavoidable Delay shall give written notice to the other Party of the occurrence of the Unavoidable Delay not later than FORTY-FIVE (45) days after the commencement of such Unavoidable Delay.

40. MISCELLANEOUS

40.1 **Personal Liability**. No member of or employee of either Party shall be charged personally or held contractually liable by or to the other Party under any term or provision of this Lease because of any breach thereof, or because of its execution or attempted execution.

40.2 **No Waiver**. No provision of this Lease may be waived or modified except by a writing signed by the Party against whom such waiver or modification is sought.

40.3 **Non-Waiver of Rights**. No waiver or default by Lessor of any of the terms, conditions, covenants or agreements hereof to be performed, kept or observed by Lessee shall be construed or act as a waiver of any subsequent default of any of the terms, covenants, conditions or agreements herein contained to be performed, kept or observed by Lessee, and Lessor shall not be restricted from later enforcing any of the terms and conditions of this Lease.

40.4 **Amendment**. This Lease contains all agreements of the Parties as of the date hereof with respect to any matter mentioned herein. No prior agreement, correspondence, or understanding pertaining to any such matter shall be effective to interpret or modify the terms hereof. Oral commitments or promises are not enforceable and shall not be binding or made part of this Lease. Any revisions or modifications to this Lease must be in writing and mutually accepted by persons with full and complete authority to bind the Party.

40.5 **Litigation Expenses**. In the event of litigation between Lessor and Lessee in connection with this Lease, the prevailing Party shall be entitled to recover its attorneys' fees and all costs and expenses of litigation, including witness fees, expert witness fees, and court costs.

40.6 **Headings**. The headings contained herein are for convenience in reference only and are not intended to define or limit the scope of this Lease or any term thereof.

40.7 **Entire Agreement**. This Lease, including exhibits attached hereto at the time of its execution, constitutes the entire agreement between the Parties hereto and supersedes all prior negotiations, understandings and agreements between the Parties concerning such matters.

40.8 **Memorandum of Lease**. Lessor or Lessee may record a short form or memorandum of lease ("**Memorandum of Lease**") at the requesting Party's expense, substantially in the form attached to this Lease as **Exhibit G**. At Lessor's or Lessee's request, the Parties shall execute a memorandum of lease in recordable form giving notice of such non-monetary terms as Lessee may reasonably request. If Lessee elects to record a Memorandum of Lease and Lessor requests in writing the removal of same upon the expiration or earlier termination of this Lease, Lessee shall (at Lessee's expense) remove the recorded Memorandum of Lease from the title records.

41. INCORPORATION OF RECITALS

The recitals set forth herein are acknowledged by the Parties to be true and correct and are incorporated herein by this reference.

42. RECIPROCAL CROSS ACCESS EASEMENT AND UTILITY AGREEMENTS

42.1 The Premises is encumbered by a Declaration of Reciprocal Access Easement recorded on March 16, 2023, Recording No. 20230132401, Official Records of Maricopa County ("REA No. 1"), which REA No. 1 provides for cross access by and between the Premises and adjacent lots 104 and 105. Lessee acknowledges receipt of the REA No. 1 and understands, agrees and acknowledges that, notwithstanding anything herein to the contrary, Lessor's leasing of the Premises to Lessee is subject to the provisions of the REA No. 1; access, ingress and egress to and from the Premises or portions thereof are subject to the REA No. 1; this Lease is deemed a "101-103 Lease" and the "Initial 101-103 Lease" for the "101-103 Parcel;" and Lessee is deemed the "101-103 Lessee" and Lessee, as the "101-103 Lessee," is subject to and responsible to perform, as applicable, all covenants, restrictions, obligations and benefits of the "101-103 Lessee" including, without limitation, responsibility for "Easement Maintenance Expenses" as set forth in Section 2(b) of the REA No. 1 and responsibility for maintenance, repair and restoration of the Wall as set forth in Section 3 of the REA No. 1. This SECTION 42.1 does not limit, alter or amend the REA No. 1 in any respect.

42.2 The Premises will be encumbered by a Declaration of Reciprocal Access Easement in a form approved by the parties prior to the date hereof and which is intended to be executed and recorded in the Official Records of Maricopa County on or around the Effective Date ("REA No. 2"), which REA No. 2 provides for cross access by and between the Premises and adjacent lot 116-B. Lessee acknowledges receipt of the REA No. 2 and understands, agrees and acknowledges that, notwithstanding anything herein to the contrary, Lessor's leasing of the Premises to Lessee is subject to the provisions of the REA No. 2; access, ingress and egress to and from the Premises or portions thereof are subject to the REA No. 2; this Lease is deemed a "101-103 Lease" and the "Initial 101-103 Lease" for the "101-103 Parcel;" and Lessee is deemed the "101-103 Lessee" and Lessee, as the "101-103 Lessee," is subject to and responsible to perform, as applicable, all covenants, restrictions, obligations and benefits of the "101-103 Lessee" including, without limitation, responsibility for the "Construction Reimbursement" as set forth in Section 2(b) of the REA No. 2 and the "Easement Maintenance Expenses" as set forth in Section 3(b) of the REA No. 2. This SECTION 42.2 does not limit, alter or amend the REA No. 2 in any respect.

42.3 The Premises will be encumbered by a Declaration of Utility Easement in a form approved by the parties prior to the date hereof and which is intended to be executed and recorded in the Official Records of Maricopa County on or around the Effective Date ("Utility Easement"), which Utility Easement provides for a perpetual easement under the adjacent lot 116-B for the benefit of the Premises. Lessee acknowledges receipt of the Utility Easement and understands, agrees and acknowledges that, notwithstanding anything herein to the contrary, Lessor's leasing of the Premises to Lessee is subject to the provisions of the Utility Easement; this Lease is deemed a "101-103 Lease" for the "101-103 Parcel;" and Lessee is deemed the "101-103 Lessee" and Lessee, as the "101-103 Lessee," is subject to and responsible to perform, as applicable, all covenants, restrictions, obligations and benefits of the "101-103 Lessee" including, without limitation, the responsibility for the "Shared Connection Maintenance Expenses" as set forth in Section 3(a) of the Utility Easement. This

Section 42.3 does not limit, alter or amend the Utility Easement in any respect.

42.4 Nothing herein shall be interpreted as Lessor requiring Lessee (i) to exercise any rights of self-help under the REA No. 1, REA No. 2, or Utility Easement, respectively, whether such self-help rights relate to construction or maintenance, or (ii) to cure any breach by any other Parcel Tenant under the REA No. 1, REA No. 2, or Utility Easement.

43. EXISTING STORM DRAIN INFRASTRUCTURE

Lessee acknowledges that, among other matters of record, the Premises are subject to existing agreement(s) and easement(s) relating to storm drainage. Lessee acknowledges that it is required to conduct all necessary due diligence and investigations relating to such matters to determine feasibility of the Improvements and any conditions or adjustments necessary to Lessee's proposed and planned Improvements as a result of such matters, and submit all such findings, reports and information to Lessor and the City in its submittals required under SECTION 7.

EXECUTED to be effective on the date specified above.

MEMORANDUM OF LEASE

This MEMORANDUM OF LEASE ("**Memorandum**"), is made and executed as of the ____ day of _____, 20_____ ("**Effective Date**"), by and between **PHOENIX-MESA GATEWAY AIRPORT AUTHORITY**, a joint powers airport authority authorized and existing under the laws of the State of Arizona ("**Lessor**"), whose mailing address is Phoenix-Mesa Gateway Airport Authority, Attn: Business Development Department, 5835 South Sossaman Road, Mesa, Arizona 85212, and _____ ("**Lessee**"), whose mailing address is _____.

1. **LEASE AND PREMISES**. Lessor and Lessee entered into that certain Land Lease dated _____, 20_____ ("**Lease**"), covering that certain real property legally described on Exhibit A attached hereto and incorporated herein by this reference (the "**Premises**"). Subject to the covenants and conditions contained in the Lease, Lessor has leased to Lessee, and Lessee has leased from Lessor, the Premises.

2. **TERM**. The term of the Lease commenced on _____, 20__, and expires on _____, unless earlier terminated pursuant to the terms of the Lease.

3. **USE**. Lessee may use and occupy the Premises for development, construction and use of one (1) or two (2) multi-tenant industrial buildings totaling an aggregate of approximately 96,060 square feet and to lease such building or buildings in accordance with the Lease and for no other use.

4. **NO MODIFICATION**. This Memorandum shall not, under any circumstances, be deemed to modify or change any provisions of the Lease, the provisions of which shall in all instances prevail.

5. **COUNTERPARTS**. This Memorandum may be executed in one or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same document, provided that all parties are furnished a copy thereof reflecting the signature of all parties.

(*Signatures appear on the following page.*)

IN WITNESS WHEREOF, the parties hereto have duly executed this Memorandum as of the Effective Date set forth above.

15.	**Broker(s):**	_____ (See Section 19.11)
16.	**Guarantor(s):**	_____ (if applicable) (See separate Guaranty of any Guarantor)

Article 1 -- Lease of Subleased Premises; Incorporation of Primary Lease and Sublease Term

1.1 Subleased Premises; Primary Lease. In consideration of the covenants and agreements set forth in this Sublease and other good and valuable consideration, Sublessor subleases the Subleased Premises to Sublessee and Sublessee subleases the Subleased Premises from Sublessor, upon and subject to the terms and conditions set forth in this Sublease and the applicable provisions of the Primary Lease. The approximate sizes of the Subleased Premises and Building are set forth in the Basic Terms. Pending determination as provided below, such figures will be used for determining Basic Rent and Sublessee's Share of Property Expenses Percentage. Prior to or upon Substantial Completion, Sublessor will deliver a certification to Sublessee of the respective rentable square footages of the Subleased Premises (based on the Issued for Construction Plans) and the Building. The size of the Subleased Premises will be determined from the exterior surface of exterior walls to the centerline of all walls common to the Subleased Premises of other sublessees in the Building. The size of the Building will be determined from the exterior surface of all exterior walls of the Building. The square footages so determined, together with the Basic Rent and Sublessee's Share of Property Expenses Percentage, will be specified in the Commencement Date Memorandum executed as provided in Section 1.2. Sublessor and Sublessee agree that the foregoing determinations will conclusively establish the size of the Subleased Premises and the Building for determining Rent and for all other purposes under this Sublease.

1.1.1 Incorporation of Primary Lease. The terms, covenants and conditions of the Primary Lease are incorporated herein by reference, except to the extent they are in conflict with or are deleted or modified by the provisions of this Sublease. Every term, covenant and condition of the Primary Lease binding upon or inuring to the benefit of Lessor shall, in respect of this Sublease, be binding upon or inure to the benefit of Sublessor and every term, covenant and condition of the Primary Lease binding upon or inuring to the benefit of Sublessor shall, in respect of this Sublease, be binding upon and inure to the benefit of Sublessee. Whenever the term "**Lessor**" appears in the Primary Lease, the word "**Sublessor**" shall be substituted therefor (to the extent such substitution is not in conflict with any of the terms, covenants or conditions of this Sublease); whenever the term "**Lessee**" appears in the Primary Lease, the word "**Sublessee**" shall be substituted therefor; and whenever the word "**Premises**" appears in the Primary Lease, the word "**Subleased Premises**" shall be substituted therefor. Notwithstanding the foregoing, the following numbered paragraphs of the Primary Lease shall not apply to this Sublease: §2 (Term), §4 (Rent), §5 (Performance Guaranty), §7.1 (Construction by Lessee) and §7.2 (Construction Milestones), and §9 (Assignment, Subletting and Other Transfers). In addition, if any of the terms, covenants or conditions of this Sublease shall conflict with any of the terms, covenants or conditions of the Primary Lease, then, as between Sublessor and Sublessee, the terms, covenants and conditions of this Sublease shall govern.

1.2 Term; Commencement. The Term of this Sublease is the period stated in the Basic Terms. The Term commences on the Commencement Date and expires at 5:00 p.m. on the last day of the last calendar month of the Term. Sublessor will tender possession of the Subleased Premises to Sublessee upon Substantial Completion of Sublessee's Improvements pursuant to Article 17. Promptly after the Commencement Date (and within 10 Business Days after Sublessor's presentation thereof), Sublessor and Sublessee will execute a "Commencement Date

Memorandum" in substantially the form of the attached Exhibit D. In no event shall the Term hereof, as same may be extended in accordance with the terms hereof, exceed the term of the Primary Lease.

1.3 Access Prior to Substantial Completion. Subject to this Section 1.3, beginning on or about _____, 202__ (or such later date as may be required in the event of Sublessee Delays or other Force Majeure), Sublessee will be allowed access to the warehouse portion of the Subleased Premises to install its racking and related trade fixtures in the Subleased Premises and to any proposed computer room to install wiring; provided, however, that (a) Sublessee must comply with and observe, all applicable Laws (including, without limitation, any required Certificate of Occupancy), all safety rules and procedures, and all other terms and conditions of this Sublease, (b) Sublessee will not interfere with the construction of Sublessee's Improvements or cause any labor dispute as a result of Sublessee's installations, (c) Sublessee assumes all risk of loss or damage to Sublessee's racking and related trade fixtures and to any and all personal property of Sublessee or its contractors, subcontractors, agents and employees, and (d) Sublessee will indemnify, defend, save and hold harmless the Sublessor Parties from and against any loss or damage to such racking, trade fixtures and other personal property, and all liability, loss or damage arising from any injury to the property of Sublessor, or its contractors, subcontractors or materialmen, and any death or personal injury to any person or persons to the extent arising out of such installations or the presence of Sublessee or its contractors, subcontractors, agents and employees on the Subleased Premises. Sublessor may, at any time, suspend Sublessee's rights to the aforesaid access prior to the Commencement Date if Sublessor determines that such access or any work being performed by or for Sublessee is interfering with the construction of Sublessee's Improvements, is creating security or safety risks or is otherwise not in conformance with the conditions of this Section 1.3. Beginning on the date that Sublessee commences any activities in the Subleased Premises pursuant to this Section 1.3, and continuing through the day before the Commencement Date, Sublessee will contribute to the payment of the utility charges at the Subleased Premises, if such charges are higher than would customarily be the case for contractors performing the construction of Sublessee's Improvements, or otherwise would have been the case, in the absence of such work by or for Sublessee. The parties will cooperate to arrive at an equitable allocation of any such charges. Such allocation will be generally designed to result in Sublessee's paying that portion of such utility charges attributable to Sublessee's activities at the Subleased Premises. In no event may Sublessee conduct business in the Subleased Premises during such early access period.

1.4 Quiet Enjoyment. So long as Sublessee pays all Rent as and when due and keeps, observes and fully satisfies all other covenants, obligations and agreements of Sublessee under this Sublease, Sublessor covenants and agrees that, from and after the Commencement Date, Sublessee may quietly hold, occupy and enjoy the Subleased Premises during the Term (24 hours per day, seven days per week), subject to the terms and conditions of this Sublease, free from molestation or hindrance by Sublessor or any person claiming by, through or under Sublessor.

1.5 Common Area. Sublessee will have the non-exclusive right, together with the other occupants and users of the Property, to use the Common Area during the Term for the purposes intended, subject to such reasonable rules and regulations as Sublessor may establish from time to time. Such right to use the Common Area is subject to all of the terms and conditions of this Sublease, including, without limitation, all Property Rules and other Laws.

1.6 Extension of Term. Provided that no Event of Default exists at the time of exercise, Sublessee may extend the Term of this Sublease for up to _____ consecutive periods of ____ years each. Sublessee must exercise each such right of extension by delivering written notice of Sublessee's exercise at least 12, but not more than 15, months prior to the expiration of the Term (as may have been extended). Each extension of the Term will be on the same terms, covenants and conditions as in this Sublease, other than Basic Rent. Basic Rent for the extension period will be the Fair Market Basic Rent determined in accordance with the terms and conditions of this Sublease. Sublessor will reasonably determine such Fair Market Basic Rent and deliver Sublessor's determination to Sublessee at least 11 months prior to the expiration of the then-current Term. In no event will the Fair Market Basic Rent for an extension of the Term be less than the Basic Rent payable by Sublessee for the Lease Year immediately prior to commencement of the applicable extension period. These extension rights are personal to Sublessee and may not be assigned or transferred in any manner except in connection with an approved Transfer under Article 13.

1.6.1 Rent Appraisal. If Sublessee disputes Sublessor's determination of the Fair Market Basic Rent for an extension of the Term, Sublessee will deliver notice of such dispute, together with Sublessee's proposed Fair Market Basic Rent, to Sublessor within five days after Sublessor's delivery of its determination. The parties will then attempt in good faith to agree upon the Fair Market Basic Rent. If the parties fail to agree within 15 days after

the delivery of Sublessee's notice of dispute, then either party will be entitled to give notice to the other electing to have the Fair Market Basic Rent selected by an appraiser as provided in this Section 1.6.1. Upon delivery and receipt of such notice, the parties will, within five days thereafter, mutually appoint the Deciding Appraiser. The Deciding Appraiser must have at least five years of full-time commercial appraisal experience with projects comparable to the Property and be a member of the American Institute of Real Estate Appraisers or a similar appraisal association. The Deciding Appraiser may not have any material financial or business interest in common with either Sublessor or Sublessee or their respective Affiliates. If Sublessor and Sublessee are not able to agree upon a Deciding Appraiser within such five days, each party will within the next five days thereafter separately select an appraiser meeting the criteria set forth above, which two appraisers will, within five days after their selection, mutually appoint a third appraiser meeting the criteria set forth above to be the Deciding Appraiser. Within 10 days after the appointment (by either method) of the Deciding Appraiser, Sublessor and Sublessee will submit to the Deciding Appraiser their respective determinations of Fair Market Basic Rent and any related information that Sublessor or Sublessee, as the case may be, wishes the Deciding Appraiser to consider. Within 30 days after such appointment of the Deciding Appraiser, the Deciding Appraiser will review each party's submittal (and such other information as the Deciding Appraiser deems necessary) and will select, in total and without modification, the submittal presented by either Sublessor or Sublessee as the Fair Market Basic Rent; provided, however, that in no event will the Fair Market Basic Rent for an extension of the Term be less than the Basic Rent payable by Sublessee immediately prior to commencement of the applicable extension period. Subject to the previous sentence, if the Deciding Appraiser timely receives one party's submittal, but not both, the Deciding Appraiser must designate the submitted proposal as the Fair Market Basic Rent for the applicable extension of the Term. Any determination of Fair Market Basic Rent made by the Deciding Appraiser in violation of the provisions of this Section 1.6.1 will be beyond the scope of authority of the Deciding Appraiser and will be null and void. If the determination of Fair Market Basic Rent is made by a Deciding Appraiser, Sublessor and Sublessee will each pay, directly to the Deciding Appraiser, 50% of all fees, costs and expenses of the Deciding Appraiser. Sublessor and Sublessee will each separately pay all costs, fees and expenses of their respective additional appraiser (if any) used to determine the Deciding Appraiser.

1.7 Subordination to Primary Lease. Except as otherwise expressly provided herein, this Sublease is subject and subordinate to the Primary Lease. A redacted copy of the Primary Lease is attached hereto as **Exhibit J** and made a part of this Sublease. Sublessee shall not be entitled to exercise any options to extend or renew the term of the Primary Lease. These options are expressly retained by Sublessor and may be exercised or waived by Sublessor in its sole and absolute discretion.

1.8 Access to Secured Areas. Notwithstanding anything to the contrary herein, Sublessee and any of Sublessee's agents, employees, representatives, and assigns, shall have no right of access to the secured areas of the airport, unless and until Sublessee has obtained its own valid airport security clearance and media from Prime Lessor. Sublessee acknowledges that it may take thirty (30) calendar days or more to process Sublessee and its agents, employees, representatives, assigns, and other parties thereto, if applicable, for security clearance and media.

Article 2 -- Rental and Other Payments

2.1 Basic Rent. Sublessee will pay Basic Rent in monthly installments to Sublessor, in advance, beginning on the Commencement Date and thereafter on the first day of each and every calendar month during the Term. Sublessee will make all Basic Rent payments by means of ACH or wire transfer of immediately available funds, using transfer instructions that Sublessor may from time to time provide in writing. In the absence of such instructions, Sublessee will make all Basic Rent payments to the Rent Payment Address specified in the Basic Terms or at such other place or in such other manner as Sublessor may from time to time designate in writing. Sublessee will make all Basic Rent payments without offset or deduction (except as expressly set forth in this sublease) and without any previous demand, invoice or notice for payment. Sublessor and Sublessee will prorate, on a per diem basis, Basic Rent for any partial month within the Term. Notwithstanding anything to the contrary set forth herein, in no event shall Basic Rent during the Term hereof be less than the fair market base rental rate for the Subleased Premises, as determined by Prime Lessor pursuant to the terms and provisions of the Primary Lease.

2.2 Additional Rent. Article 3 requires Sublessee to pay Sublessee's Share of Property Expenses as Additional Rent pursuant to estimates Sublessor delivers to Sublessee. Sublessee will make all such payments in accordance with Section 3.3 without offset or deduction and without any previous demand, invoice or notice for payment. Sublessee will pay all other Additional Rent described in this sublease within 30 days after receiving

Sublessor's invoice for such Additional Rent. Sublessee will make all Additional Rent payments to the same location and, except as described in the previous sentence, in the same manner as Basic Rent payments.

2.3 Delinquent Rental Payments. If Sublessor does not receive any installment of Basic Rent or any Additional Rent on the date the payment is due, Sublessee will pay Sublessor a late payment charge equal to 5% of the amount of the delinquent payment. Further, if Sublessor does not receive any installment of Basic Rent or any Additional Rent on the date the payment is due, Sublessee will pay Sublessor interest on the delinquent payment calculated at the Maximum Rate from the date the payment is due through the date the payment is made. The parties agree that such amounts represent a fair and reasonable estimate of the damages Sublessor will incur by reason of such late payment. Such charges will be considered Additional Rent and Sublessor's right to such compensation for the delinquency is in addition to all of Sublessor's rights and remedies under this sublease, at law or in equity.

2.4 No Accord and Satisfaction. No statement on a payment check from Sublessee or in a letter accompanying a payment check is binding on Sublessor. Sublessor may, with or without notice to Sublessee, negotiate such check without being bound to the conditions of any such statement. No acceptance by Sublessor of full or partial Rent during the continuance of any breach or default by Sublessee constitutes a waiver of any such breach or default. If Sublessee pays any amount other than the actual amount due Sublessor, receipt or collection of such partial payment does not constitute an accord and satisfaction. Sublessor may retain any such partial payment, whether restrictively endorsed or otherwise, without prejudice to Sublessor's right to collect the balance properly due. If all or any portion of any payment is dishonored for any reason, payment will not be deemed made until the entire amount due is actually collected by Sublessor. The foregoing provisions apply in kind to the receipt or collection of any amount by a lock box agent or other person on Sublessor's behalf.

2.5 Rent Tax. Sublessee will pay to Sublessor all Rent Tax (if any) due in connection with this sublease or the payment of Rent hereunder, which Rent Tax will be paid by Sublessee to Sublessor concurrently with each payment of Rent made by Sublessee to Sublessor under this sublease. Any Rent Tax will be considered as Additional Rent payable by Sublessee hereunder.

Article 3 -- Property Expenses

3.1 Payment of Property Expenses. Sublessee will pay, as Additional Rent and in the manner this Article 3 describes, Sublessee's Share of Property Expenses incurred at any time during the Term.

3.2 Estimation of Sublessee's Share of Property Expenses. Sublessor will deliver to Sublessee a written estimate of the following for each calendar year of the Term (or applicable portion thereof): (a) Property Expenses, (b) Sublessee's Share of Property Expenses, and (c) the annual and monthly Additional Rent attributable to Sublessee's Share of Property Expenses. Sublessor may re-estimate Property Expenses from time to time during the Term. In such event, Sublessor will revise the monthly Additional Rent attributable to Sublessee's Share of Property Expenses to an amount sufficient for Sublessee to pay the re-estimated amount over the balance of the calendar year. Sublessor will notify Sublessee at least 30 days prior to the effective date of any such re-estimate.

3.3 Payment of Estimated Sublessee's Share of Property Expenses. Sublessee will pay the amount Sublessor estimates as Sublessee's Share of Property Expenses under Section 3.2 in equal monthly installments, in advance, beginning on the Commencement Date and thereafter on the first day of each and every calendar month during the Term If Sublessor has not delivered a new estimate to Sublessee by the first day of January of the applicable calendar year, Sublessee will continue paying Sublessee's Share of Property Expenses based on Sublessor's estimates for the previous calendar year. When Sublessee receives Sublessor's estimates for the current calendar year, Sublessee will pay the estimated amount for such calendar year (less amounts Sublessee paid to Sublessor in accordance with the immediately preceding sentence) in equal monthly installments over the balance of such calendar year, with the number of installments being equal to the number of full calendar months remaining in such calendar year.

3.4 Confirmation of Sublessee's Share of Property Expenses. After the end of each calendar year within the Term, Sublessor will determine the actual amount of Sublessee's Share of Property Expenses for the expired calendar year and deliver to Sublessee a written statement of such amount. If the Term ends during a calendar year, Sublessor may (but is not obligated to) deliver such written statement prior to the end of the applicable calendar year, in which event such statement shall prorate Sublessee's Share of Property Expenses for the portion of the Term within

such partial calendar year. If Sublessee paid less than the amount of Sublessee's Share of Property Expenses specified in the statement, Sublessee will pay the difference to Sublessor as Additional Rent. If Sublessee paid more than the amount of Sublessee's Share of Property Expenses specified in the statement, Sublessor will, at Sublessor's option, either (a) refund the excess amount to Sublessee, or (b) credit the excess amount against Sublessee's next due monthly installment or installments of estimated Additional Rent. If Sublessor is delayed in delivering such statement to Sublessee, such delay does not constitute a waiver of either party's rights under this Section 3.4.

3.5 Sublessee's Inspection and Audit Rights. If Sublessee desires to audit Sublessor's determination of the actual amount of Sublessee's Share of Property Expenses for any calendar year, Sublessee must deliver to Sublessor written notice of Sublessee's election to audit within 60 days after Sublessor's delivery of the statement of such amount under Section 3.4, which notice will identify with reasonable specificity those items that are in dispute. If such notice is timely delivered, and provided that no Event of Default, or event that with the passage of time or the giving of notice would constitute an Event of Default, then exists under this sublease, Sublessee (but not any subsublessee or assignee) may, at Sublessee's sole cost and expense, cause a certified public accountant reasonably acceptable to Sublessor (and whose compensation is not incentive-based or otherwise dependent, in whole or in part, on the discovery of errors in the determination of Sublessee's Share of Property Expenses) to audit Sublessor's records relating to such amounts. Such audit will take place during regular business hours at a time and place reasonably acceptable to Sublessor (which may be the location where Sublessor or Property Manager maintains the applicable records). Sublessee's election to audit Sublessor's determination of Sublessee's Share of Property Expenses is deemed withdrawn unless Sublessee completes and delivers the audit report to Sublessor within 90 days after the date Sublessee delivers its notice of election to audit to Sublessor under this Section 3.5. If the audit report shows that the amount Sublessor charged Sublessee for Sublessee's Share of Property Expenses was greater than the amount this Article 3 obligates Sublessee to pay, then unless Sublessor reasonably contests the audit, Sublessor will refund the excess amount to Sublessee within 30 days after Sublessor receives a copy of the audit report. If the audit report shows that the amount Sublessor charged Sublessee for Sublessee's Share of Property Expenses was less than the amount this Article 3 obligates Sublessee to pay, then Sublessee will pay to Sublessor within 30 days after the completion of the audit, as Additional Rent, the difference between the amount Sublessee paid and the amount determined in the audit. Pending resolution of any audit under this Section 3.5, Sublessee will continue to pay to Sublessor all estimated amounts of Sublessee's Share of Property Expenses in accordance with Section 3.3. Sublessee may audit Sublessee's Share of Property Expenses only one time for any given calendar year. Sublessee must keep all information it obtains in any audit strictly confidential and may only use such information for the limited purpose this Section 3.5 describes and for Sublessee's own account.

3.6 Adjustment to Property Expenses. If less than all of the rentable area of the Building is occupied at any time during any calendar year pursuant to leases under which the terms and rents have commenced for such calendar year, Sublessor will reasonably and equitably adjust its computation of Property Expenses for such calendar year to include all components of Property Expenses that vary based on occupancy in an amount equal to Sublessor's reasonable estimate of the amount Sublessee would have paid for such components of Property Expenses had all of the rentable area of the Building been so occupied at all times during such calendar year. If at any time or from time to time any components of Property Expenses relate to (a) services or benefits that are received by Sublessee but not all other sublessees in the Building; (b) costs that are incurred by Sublessor on behalf of Sublessee but not all other sublessees in the Building; (c) costs that are incurred by Sublessor solely, or in disproportionate amounts, as a result of Sublessee's particular use or occupancy of the Subleased Premises or Property as compared to other sublessees in the Building; or (d) services, benefits or costs that are otherwise received or incurred in differing amounts by, for or as a result of Sublessee's particular use or occupancy of the Subleased Premises or Property as compared to other sublessees of the Building, then Sublessor may, in Sublessor's reasonable discretion, adjust Sublessor's computation of such components of Property Expenses to allocate such components of Property Expenses equitably among Sublessee and the other sublessees of the Building, as applicable, in amounts Sublessor reasonably determines to be proportionate to the amounts of such services, benefits and costs received by or incurred for or as a result of Sublessee and each such other sublessee.

3.7 Personal Property Taxes. Sublessee will pay, prior to delinquency, all taxes charged against Sublessee's Personal Property. Sublessee will use all reasonable efforts to have Sublessee's Personal Property taxed separately from the Property. If any of Sublessee's Personal Property is taxed with the Property, Sublessee will pay the taxes attributable to Sublessee's Personal Property to Sublessor as Additional Rent.

3.8 Sublessor's Right to Contest Property Taxes. Sublessor may, but is not obligated to, contest the amount or validity, in whole or in part, of any Property Taxes. If Property Taxes are reduced (or if a proposed increase is avoided or reduced) because Property Taxes are contested, Sublessor may include in its computation of Property Taxes the costs and expenses incurred in connection with such contest, including, without limitation, reasonable attorney's fees, up to the amount of any Property Tax reduction obtained in connection with the contest or any Property Tax increase avoided or reduced in connection with the contest, as the case may be. Sublessee may not contest Property Taxes.

Article 4 -- Sublessee's Use

4.1 Permitted Use. Sublessee will use the Subleased Premises only for the permitted use specified in the Basic Terms and may not use the Subleased Premises for any other purposes. Sublessee will not use the Property or permit the Property to be used in violation of any Laws or the Primary Lease or in any manner that would (a) violate any certificate of occupancy affecting the Property; (b) violate, invalidate or cause a loss of coverage under any insurance now or after the Effective Date in force with respect to the Property; (c) cause injury or damage to the Property or to the person or property of any other sublessee on the Property or interfere with the use and enjoyment of the Property by any other sublessee or occupant of the Property; or (d) cause diminution in the value or usefulness of all or any part of the Property (reasonable wear and tear excepted). Sublessee will not commit any nuisance or waste in, on or about the Subleased Premises or the Property. Sublessee will obtain and maintain, at Sublessee's sole cost and expense, all permits and approvals required under the Laws for Sublessee's use of the Subleased Premises. Sublessee will not vacate or abandon the Subleased Premises prior to 60 days before the expiration of the Term without Sublessor's prior written consent. If Sublessee's particular use or occupancy of the Subleased Premises or the Property (even though within the scope of Sublessee's permitted use) causes or requires Sublessor to incur any unusual or extraordinary costs or expenses (including, without limitation, costs for any (i) special governmental permits, (ii) special maintenance, monitoring, inspection or reporting requirements, (iii) additional insurance premiums, surcharges, policies or coverages, or (iv) other matters required solely as a result of Sublessee's particular use or occupancy of the Subleased Premises or Property), Sublessor may bill Sublessee directly therefor and Sublessee will pay all such costs and expenses as Additional Rent.

4.2 Acceptance of Subleased Premises. Except as expressly provided in Section 17.7 with respect to Sublessee's Improvements, (a) Sublessee acknowledges that neither Sublessor nor any agent, contractor or employee of Sublessor has made any representation or warranty of any kind with respect to the Subleased Premises, the Building or the Property, specifically including, without limitation, any representation or warranty of suitability or fitness of the Subleased Premises, the Building or the Property for any particular purpose; and (b) Sublessee's acceptance and occupancy of the Subleased Premises conclusively establishes Sublessee's acceptance of the Subleased Premises (including, without limitation, Sublessee's Improvements), the Building (including, without limitation, Sublessor's Improvements) and the Property in an "AS IS - WHERE IS" condition.

4.3 Laws/Property Rules. This sublease is subject and subordinate to all Laws. A copy of the current Property Rules is attached to this sublease as Exhibit E. Sublessor may revise the Property Rules from time to time in Sublessor's reasonable discretion.

4.4 Claims Arising From Sublessee's Use. Except for the Claims waived by Sublessor in Section 10.3.2, Sublessee will, to the fullest extent allowable under the Laws, indemnify, protect, defend (with counsel reasonably acceptable to Sublessor) and hold harmless the Sublessor Parties from and against all Claims arising from (a) any use of the Subleased Premises or Property by Sublessee that violates the terms of this sublease, (b) any breach or default by Sublessee in the performance of any of Sublessee's covenants or agreements in this sublease, (c) any act, omission, negligence or misconduct of Sublessee, (d) any accident, injury, occurrence or damage in or to the Subleased Premises, and (e) if caused in whole or in part by Sublessee, any accident, injury, occurrence or damage in, about or to the Property.

4.5 Increased Insurance. Sublessee will not do on the Property or permit to be done on the Subleased Premises anything that will (a) increase the premium of any insurance policy that Sublessor carries covering the Subleased Premises or the Property; (b) cause a cancellation of or be in conflict with any such insurance policy; (c) result in any insurance company's refusal to issue or continue any such insurance in amounts satisfactory to Sublessor; or (d) subject Sublessor to any liability or responsibility for injury to any person or property by reason of Sublessee's

operations in the Subleased Premises or use of the Property. Sublessee, at Sublessee's sole cost and expense, will comply with all rules, orders, regulations and requirements of insurers and of the American Insurance Association or any other organization performing a similar function. Sublessee will reimburse Sublessor, as Additional Rent, for any additional premium charges for such policy or policies resulting from Sublessee's failure to comply with the provisions of this Section 4.5.

4.6 Parking. Subject to this Section 4.6, Sublessor will make available on the Property a parking area or areas containing spaces for ____ automobiles and ____ semi-trailers, as generally designated on the Site Plan for the non-exclusive use of Sublessee, and its employees and invitees. All of such parking areas and the use thereof will be subject to Laws and such reasonable rules and regulations as Sublessor may from time to time institute. Sublessor reserves the right to designate areas of the appurtenant parking facilities where Sublessee, and its agents, contractors, employees, invitees or licensees, will park, and may exclude Sublessee, and its agents, contractors, employees, invitees or licensees, from parking in other areas as designated by Sublessor; provided, however, that Sublessor will not be liable to Sublessee for the failure of any sublessee or other person or entity, or their respective agents, contractors, employees, invitees or licensees, to abide by Sublessor's designations or restrictions. In no event is Sublessor liable for any loss, damage or theft of, to or from any vehicle at the Property.

4.7 Signage. Subject to this Section 4.7 and otherwise except as specifically approved in writing by Sublessor, Sublessee will not place, or permit to be placed or maintained, on any exterior door, wall or window of the Subleased Premises any sign, awning or canopy, or advertising matter or other thing of any kind, and will not place or maintain any decoration, lettering or advertising matter on the glass of any window or door, or that can be seen through the glass, of the Subleased Premises. Sublessee further agrees to maintain such sign, awning, canopy, decoration, lettering, advertising matter or thing as may be approved, in good condition and repair at all times. Sublessee agrees at Sublessee's sole cost, that any Sublessee sign will be maintained in strict conformance with Sublessor's sign criteria, if any, as to design, material, color, location, size, letter style, and method of installation. All such signage will be subject to Sublessor's prior written consent as to design, material, color, location, size, letter style and method of installation, and must comply with the other requirements of this sublease and with all Laws.

Article 5 – Environmental Protection

5.1 Definitions. Unless the context shall clearly require otherwise, the terms defined in this Section 5.1 shall, for all purposes of this Sublease and of any agreement amendatory hereof or supplemental hereto, have the meanings herein specified, with the following definitions to be equally applicable to both the single and plural forms of any of the following:

5.1.1 Environmental Laws. The term "**Environmental Laws**" shall mean any one or all of the following, as the same are amended from time to time: the *Comprehensive Environmental Response, Compensation, and Liability Act*, 42 USC Section 9601 et seq.; the *Solid Waste Disposal Act*, 42 USC Section 6901, et seq.; the *Toxic Substances Control Act*, 15 USC Section 2601 et seq.; the *Safe Drinking Water Act*, 42 USC Section 300f et seq.; the Clean Water Act, 33 USC Section 1251 et seq.; the *Clean Air Act*, 42 USC Section 7401 et seq.; A.R.S. Title 49; and all regulations thereunder and any other laws, regulations and ordinances (whether enacted by the local, state or federal government) now in effect or hereafter enacted that deal with the regulation or protection of the environment, including the ambient (including indoor and outdoor) air, ground water, surface water, and land use, including substrata land, or that govern the use of hazardous materials, hazardous waste and hazardous substances and petroleum products.

5.1.2 Hazardous Material. The term "**Hazardous Material**" shall mean any toxic or hazardous material, substance or waste, or any pollutant or contaminant as defined or regulated pursuant to any Environmental Laws, per- and polyfluoroalkyl substances, and petroleum products. For purposes of this definition, petroleum includes petroleum-based substances comprised of a complex blend of hydrocarbons derived from crude oil through processes of separation, conversion, upgrading and finishing (e.g., distillate fuel oils, petroleum solvents and used oils). For purposes of this definition, per- and polyfluoroalkyl substances shall include aqueous film-forming foams.

5.2 Environmental Compliance.

5.2.1 Sublessee shall, at Sublessee's own expense, comply with all present and hereafter enacted Environmental Laws, including any amendments thereto, affecting Sublessee's activities on and property interest in

the Subleased Premises during the period of Sublessee's occupancy of thereof under this Sublease. To the extent that Sublessor, or any of Sublessor's employees, agents or contractors, conducts any activities on the Subleased Premises during the period of Sublessee's occupancy, Sublessor shall, at Sublessor's own expense, comply with all present and hereafter enacted Environmental Laws, including any amendments thereto, affecting any of Sublessor's activities on the Subleased Premises.

5.2.2. Sublessee shall not cause or permit any Hazardous Material to be brought upon, kept or used in or about the Premises or the Airport by Sublessee's agents, employees, contractors or invitees in violation or threatened or suspected violation of any Environmental Laws. The parties recognize and agree that Sublessee may bring on the Subleased Premises and Airport and use Hazardous Material that is ordinarily and customarily used in the conduct of Sublessee's permitted activities under this Sublease, provided that such use shall comply fully with all applicable Environmental Laws. Sublessor shall not cause or permit any Hazardous Material to be brought upon, kept, or used in or about the Subleased Premises or by Sublessor's agents, employees, contractors for any activity Sublessor conducts on the Subleased Premises during Sublessee's occupancy, without prior notification to and approval by Sublessee (which shall not be unreasonably withheld), and any such use or presence shall be in compliance with Environmental Laws.

5.3 Indemnification. To the fullest extent permitted by law, Sublessee shall indemnify, defend (with counsel reasonably acceptable to Sublessor), protect and hold harmless Lessor and its employees and agents for, from and against any and all liability, loss, damage, expense, penalties and legal and investigation fees or costs, arising from or related to any claim or action for injury, liability, or damage to persons or property and any and all claims or actions brought by any person, entity or governmental body, alleging or arising in connection with contamination of the environment, the presence of Hazardous Material on the Subleased Premises, Airport or neighboring properties, or violation of any Environmental Laws or other statute, ordinance, rule, regulation, judgment or order of any government or judicial entity ("**Environmental Damages**") which are incurred or assessed as a result of any of Sublessee's activities or operations on the Subleased Premises or Airport. This obligation includes, but is not limited to, all costs and expenses related to cleaning up the property, land, soil and underground or surface water as required under the law. Sublessee's obligations and liabilities under this Section 5.3 shall survive the termination of this Sublease. The indemnification of Sublessor by Sublessee as described above includes, without limitation, costs incurred in connection with any investigation of site conditions or any cleanup, remedial, removal or restoration work required by any federal, state or local governmental agency or political subdivision. Sublessor reserves the right to seek injunctive relief as may be permitted under law and equity. This Section 5.3 explicitly excludes Sublessee's duty, liability or indemnity to Sublessor for any claims or Environmental Damages of any kind whatsoever arising from or in connection with any contamination of any kind existing on the Subleased Premises prior to the date hereof, except and only to the extent known contamination is caused by or exacerbated by Sublessee or unknown contamination is caused by or exacerbated by Sublessee's negligence.

5.4 Remediation. Without limiting the foregoing, if the presence of any Hazardous Material during the Term of this Sublease caused or permitted by Sublessee to be first brought on the Airport or Subleased Premises upon or after the Effective Date results in any Release on the Airport or Subleased Premises in violation of any Environmental Laws, Sublessee shall promptly take action to remediate the affected property at its sole expense as necessary to return the Airport or Subleased Premises to the condition existing prior to the introduction of any such Hazardous Material to the Airport or Subleased Premises; provided that Sublessor's and Primary Lessor's approval of such actions shall first be obtained, which approval shall not, except in an emergency, be unreasonably withheld so long as such actions would not potentially have any material adverse long-term effect on the Airport and Sublessee is not under administrative or court order related to such remediation action. Notwithstanding Sublessor's and Primary Lessor's approval pursuant to this Section 5.4, neither Sublessor nor Primary Lessor is responsible for directing or managing any remediation action. The term "**Release**" means any releasing, spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, disposing, or dumping. Notwithstanding anything in this Section 5.4 to the contrary, Sublessee shall have no obligation to remediate any contamination of any kind existing on the Subleased Premises or Airport prior to the Effective Date, except and only to the extent known contamination is caused by or exacerbated by Sublessee or unknown contamination is caused by or exacerbated by Sublessee's negligence.

5.5 Governmental Submittals. Sublessee shall, at Sublessee's own expense, make all submissions to, provide all information to, and comply with all requirements of the appropriate governmental authority ("**Government**") under the Environmental Laws. Should the Government determine that a site characterization, site assessment and/or cleanup plan should be prepared and/or that a cleanup should be undertaken because of any Release of Hazardous Material by reasons of Sublessee's activities or actions at the Airport which occur during the Term of this Sublease, then Sublessee shall, at Sublessee's own expense, prepare and submit the required plans and financial assurances, and carry out the approved plans.

5.6 Information Sharing. Sublessee shall immediately notify Sublessor of any of the following: (i) Sublessee's receipt of any notification from any governmental entity either charging or informing Lessee that it will be charged with a violation of Environmental Laws, and (ii) any significant change in Sublessee's activities on the Subleased Premises that is reasonably likely to adversely change Sublessee's obligations or liabilities under the Environmental Laws. In addition, Sublessee agrees to provide Sublessor with non-privileged copies of documents reflecting the physical condition of the Subleased Premises, including but not limited to, environmental testing of soils and groundwater, and existing, non-privileged information reasonably requested by Sublessor to determine the applicability of the Environmental Laws to the Subleased Premises, or to assist in the response to any governmental investigation or claim of liability by third parties which is related to environmental contamination of the Subleased Premises, to the extent that such investigations or claims are related to Lessee's activities thereon.

5.7 Transfers. Sublessee shall insert provisions substantially identical to the provisions of this Article 5 in any sublease agreement or contract by which it Transfers rights or privileges under this Sublease.

5.8 Actions of Sublessee. The activities or actions of Sublessee under this Article 5 shall include the activities or actions of Sublessee's officers, directors, employees, agents, contractors, invitees and successors.

5.9 Clean Water Act; NPDES Permits and SWPPPs. Without in any way limiting the foregoing, Sublessee shall comply with all Environmental Laws regarding discharges to water and land, including, without limitation, obtaining and complying with an individual National Pollutant Discharge Elimination System (NPDES) permit, or requesting coverage under and complying with any applicable Multi-Sector General Permit ("**MSGP**"). If applicable, Sublessee shall also prepare and comply with a site-specific MSGP with an individual Storm Water Pollution Prevention Plan ("**SWPPP**") or any revisions to a SWPPP, with respect to Sublessee's operations or activities on the Premises or Airport. Proof of individual compliance shall be provided in the form of both the Sublessee's Notice of Intent ("**NOI**") that has been received by the Arizona Department of Environmental Quality ("**ADEQ**") and the individual Arizona Multi-Sector General Permit (AZMSGP) number associated with the NOI, within the times prescribed by law.

5.10 Protective Devices and Plans. If Sublessee is required by the City to estimate the possible constituents of sanitary sewer discharges in order that the City may define certain discharge limitations for the Subleased Premises, Sublessee shall complete and return an *Industrial Wastewater Discharge Questionnaire* ("**Questionnaire**") to the City and promptly provide Sublessor with updates to the Questionnaire as they arise. Also, if the City so requires, Sublessee shall install and maintain appropriate protective devices to prevent accidental discharge of any Hazardous Material into domestic or industrial drains on or near the Subleased Premises and elsewhere on the Airport, as appropriate, and for any other material for which a slug load discharge could pollute the Airport's storm water discharge or disrupt operations at the sewage treatment plant serving the Subleased Premises. Sublessee shall post a notice in a prominent place on the Subleased Premises advising employees what actions to take and whom to call in the event of said discharge, and shall ensure that all employees of Sublessee are trained with regard to the spill protection plan hereinafter referenced. Sublessee also shall provide Sublessor with immediate notice of any spill.

5.11 Right to Enter Premises. This Sublease specifically includes the right of the United States Government, the Environmental Protection Agency ("**EPA**"), ADEQ, Sublessor, Primary Lessor, and the Arizona Department of Occupational Safety and Health (ADOSH) to enter the Subleased Premises upon reasonable notice to Sublessee for purposes of: (i) inspecting Sublessee's compliance with environmental, occupational safety and health laws and regulations, whether or not such party is responsible for enforcing such laws; (ii) conducting environmental investigation or remediation, including, without limitation, performing tests and surveys, drillings, test-pitting, borings, compiling data and/or records, and other activities related to environmental investigation; and (iii) carrying

out remedial or removal actions as required or necessary under applicable laws, including, without limitation, installing monitoring wells, pumping wells and/or treatment facilities. Sublessee shall have no claim against Sublessor or Primary Lessor for any entries by the United States, EPA, ADEQ, Arizona ADOSH, or any officer, agent, employee or contractor thereof.

5.12 U.S. Air Force Use and Remedial Action.

5.12.1 The parties assume no liability or responsibility for environmental impacts and Environmental Damages or claims of any kind whatsoever caused by or resulting from the U.S. Air Force's use of Hazardous Material on any portion of the Airport, including the Subleased Premises, prior to the Effective Date, and have no obligation under this Sublease to undertake the defense of any claim or action, whether in existence now or brought in the future, solely arising out of the use of or release of any Hazardous Material or deposits of solid waste on or from any part of the Airport, including, but not limited to, the Premises, even if such claims or contamination are first discovered or made after the Effective Date. Further, the parties have no obligation under this Sublease to undertake environmental response, remediation, or cleanup relating to any contamination caused by or related to such use or release. For purposes of this Section 5.12.1, "defense" or "environmental response, remediation, or cleanup" shall include liability and responsibility for the costs of damage, penalties, legal and investigative services relating to such use or release.

5.12.2 Pursuant to Section VII.E.3 of the Quitclaim Deed from the United States Government to Primary Lessor, the U.S. Air Force warrants and covenants that all remedial action necessary to protect human health and the environment with respect to hazardous substances remaining on the Airport, including the Premises, has been completed prior to the date of the Deed and, further, any remedial action found to be necessary after the date of the Deed shall be conducted by the U.S. Air Force; provided, however, that the foregoing covenant does not apply where Primary Lessor, Sublessor or Sublessee is a potentially responsible party with respect to any portion of the Subleased Premises or the Airport.

5.13 Cleanup Requirements. Sublessee agrees that Sublessor assumes no liability to Sublessee should Hazardous Material cleanup or related requirements, whether imposed by law, regulatory agencies, the U.S. Air Force or Department of Defense cause delays or interferes with Sublessee's use of the Premises. Sublessee shall have no claim against Sublessor, Primary Lessor or the United States or any officer, agent, employee or contractor thereof on account of any such interference whether due to entry, performance of remedial or removal investigations, or exercise of any right with respect to the Federal Facilities Agreement (FFA) or the Installation Restoration Program (IRP) or under this Sublease or otherwise. Sublessee agrees to comply with the provisions of any health or safety plan in effect under the IRP or any hazardous substance remediation or response agreement with environmental regulatory authorities during the course of any of the above described response or remedial actions. Any inspection, survey, investigation, or other response or remedial action conducted by governmental authorities or Sublessor shall, to the extent practicable, be coordinated with representatives designated by Sublessee.

5.14 Spill Protection Plan. In the event Sublessee undertakes any type of manufacturing, maintenance or other activities on the Subleased Premises involving the use or generation of any Hazardous Material regulated by Hazardous Material Laws, Sublessee shall have a plan for responding to Hazardous Material, fuel, and other chemical spills prior to commencement of activities on the Subleased Premises and other approved Airport locations. Such plan shall comply with all applicable requirements of said plan which shall be updated from time to time or as may be required to comply with changes in site conditions or applicable requirements, and shall be approved by all agencies that are obligated by law to approve such plan. Such plan shall be independent of Sublessor's spill prevention and response plans, if any. Sublessee shall not rely on use of Sublessor or Sublessor personnel or Sublessor equipment in execution of its plan. Sublessee shall file a copy of the plan and amendments thereto with Primary Lessor's Environmental and Safety Coordinator within thirty (30) calendar days of receipt of a CofO from the City. Notwithstanding the foregoing, should Sublessor provide any personnel or equipment, whether for initial fire response and/or spill containment, on the request of Sublessee, or because Sublessee was not, in the opinion of Sublessor, conducting fire fighting, containment or timely cleanup actions, Sublessee agrees to reimburse Sublessor for its actual costs in accordance with all applicable laws and regulations, except to the extent that Sublessor was responding to conditions caused by events occurring at the Airport (not including the Premises) or by the negligence or omission of Sublessor or its employees, agents or contractors.

5.15 Wells. Sublessee shall not install any drinking water or other wells in any location on the Subleased Premises without the prior written approval of Sublessor.

5.16 Surface Disturbances. After construction of Sublessee's improvements on the Subleased Premises, if any, as provided herein, Sublessee shall not conduct any subsurface excavation, digging, drilling or other disturbance of the surface other than what is usual and customary for the anticipated uses without the prior written approval of Sublessor and Primary Lessor, which shall not be unreasonably withheld, conditioned or delayed.

Article 6 -- Services and Utilities

6.1 Services and Utilities. Sublessee is solely responsible for obtaining all services and utilities that Sublessee desires in connection with Sublessee's use and occupancy of the Subleased Premises (including, without limitation, the installation of all electric and gas meters), at Sublessee's sole cost and expense. Sublessee is also solely responsible for paying directly to the applicable service or utility companies, prior to delinquency, all charges of every nature, kind or description for services and utilities furnished to the Subleased Premises or chargeable against the Subleased Premises (including, without limitation, any deposits required or charges imposed by any utility or service company as a condition precedent to furnishing or continuing to furnish utilities or services to the Subleased Premises), including, without limitation, all charges for water, sewer, heat, gas, light, garbage and rubbish removal (subject to Section 6.2), electricity, telecommunications, cable, power, or other public or private utilities and services and any charges or fees for present or future water or sewer capacity to serve the Subleased Premises. Sublessee will also pay all charges relating to any addition, extension, relocation, or other change in the facilities necessary to provide the Subleased Premises with any additional utilities and services. Sublessee will provide Sublessor, on a monthly basis, with copies of paid invoices (or other commercially reasonable evidence of payment) for all such utilities and services. No interruption in, or temporary stoppage of, any utility or service to the Subleased Premises will be deemed an eviction or disturbance of Sublessee's use and possession of the Subleased Premises, nor does any interruption or stoppage relieve Sublessee from any obligations under this sublease, render Sublessor liable for damages or entitle Sublessee to any Rent abatement.

6.2 Garbage and Rubbish Disposal. All garbage, rubbish, trash and refuse generated by or in connection with Sublessee's use of the Subleased Premises will be stored in covered, rodent proof containers within the Subleased Premises, and Sublessee will be responsible for the removal thereof from the Property. Sublessor will have the right to approve the contractor used by Sublessee for removal of Sublessee's garbage, rubbish, trash and refuse and, if Sublessor designates an independent contractor for such purpose, Sublessee will use such contractor to the exclusion of all other collection services, so long as the rates charged by such independent contractor are competitive. Sublessee will pay the charges for such service directly to such contractor. Sublessee, or its contractor, will not utilize dumpsters, trash compactors or other rubbish containers situated outside the Subleased Premises without the prior written consent of Sublessor, which Sublessor may withhold in its sole and absolute discretion. If such approval is granted, Sublessee will maintain such exterior dumpsters, compactors or containers and the surrounding area in good and slightly condition and in compliance with Laws. Sublessee acknowledges that the dumpster designated for use by the Subleased Premises may not be for Sublessee's exclusive use and may be shared with one or more other sublessees in the Building. Anything in this Section 6.2 to the contrary notwithstanding, Sublessor reserves the right during the Term to elect to provide trash removal services for the dumpsters allocated to the Subleased Premises, in which event Sublessor will engage a third party vendor to provide such services at competitive rates and will bill Sublessee from time to time for Sublessee's proportionate share thereof, as reasonably determined by Sublessor, which proportionate share will be Additional Rent hereunder.

6.3 Airport Rates and Charges Schedule. Sublessee, in accordance with §4.5 (Airport Rates and Charges Schedule) of the Primary Lease, shall pay all fees identified in the most current *Airport Rates and Charges Schedule* and/or *Airport Fees, Services and Rental Rates Schedule* at the time of receipt of any covered service requested by Sublessee at the Subleased Premises or use of any covered facilities by Sublessee, unless specifically outlined in this Sublease. The current *Airport Rates and Charges Schedule* and/or *Airport Fees, Services and Rental Rates Schedule* is included as **Exhibit K** and is subject to change without prior notice or approval of Sublessee. Sublessee further acknowledges and agrees that Prime Lessor may amend the *Airport Rates and Charges Schedule* and/or *Airport Fees, Services and Rental Rates Schedule* at any time at Prime Lessor's sole discretion, and that no fee shall apply to the use of the Subleased Premises or access to the Subleased Premises. All payments required by this

Section 7 shall be remitted to the following address by the due date(s) specified hereinabove or as otherwise set forth in the *Airport Rates and Charges Schedule* and/or *Airport Fees, Services and Rental Rates Schedule*:

Phoenix-Mesa Gateway Airport Authority
Attn.: Department of Finance (Accounts Receivable)
5835 S. Sossaman Road
Mesa, Arizona 85212-6014

Article 7 -- Maintenance and Repair

7.1 Sublessor's Obligations. Sublessor will keep and maintain in good order, condition and repair, reasonable wear and tear excepted, (a) the footings, foundation, exterior surfaces of the exterior walls (excluding windows and plate glass) and roof of the Building, (b) that portion of the sprinkler/fire suppression and monitoring system equipment (such as the riser and electric pump, if applicable) serving the Building or Property generally, as well as the sprinkler heads and other portions of the sprinkler/fire monitoring system (even if located in the Subleased Premises), but excluding other portions of such system serving the Subleased Premises exclusively, (c) utility facilities serving the Subleased Premises from the boundary line of the Property (or other connection point with the main utility line) to the point of connection to the applicable meter serving the Subleased Premises, and (d) the Common Area. Sublessor will also perform any repairs or replacements to the Subleased Premises or Property necessitated by Casualty or Taking, subject to the provisions of Articles 11 and 12. Neither Basic Rent nor Additional Rent will be reduced, nor will Sublessor be liable, for loss or injury to or interference with Sublessee's property, profits or business arising from or in connection with Sublessor's performance of its obligations under this Section 7.1. The costs and expenses incurred by Sublessor in performing its obligations under this Section 7.1 will be included in Operating Expenses (but only to the extent not excluded under the definition thereof).

7.2 Sublessee's Obligations.

7.2.1 Maintenance of Subleased Premises. Except for Sublessor's obligations expressly set forth in Section 7.1, Sublessee, at its sole cost and expense, will keep and maintain the Subleased Premises in good, clean, sanitary, neat and fully operative condition and repair, reasonable wear and tear excepted. Sublessee's obligations under this Section 7.2.1 include, without limitation, maintenance and repair (including, without limitation, replacements) of all (a) non-structural interior portions, systems and equipment; (b) interior surfaces of exterior walls; (b) interior moldings, partitions and ceilings; (c) slabs, floors and structural columns; (d) windows, plate glass, and doors; (e) utility facilities serving the Subleased Premises from the point of connection to the applicable meter serving the Subleased Premises through all of the points of usage within the Subleased Premises; and (f) electrical, lighting, sprinkler, mechanical, plumbing, heating, ventilation, air conditioning, exhaust, smoke evacuation and similar systems, facilities, fixtures and components serving the Subleased Premises. Any repairs or replacements performed by Sublessee must be at least equal in quality and workmanship to the original work and be in accordance with all Laws. Sublessee will, at all times and at Sublessee's sole cost and expense, keep a preventative maintenance and repair contract in force and effect for the heating, ventilation and air conditioning system serving the Subleased Premises. Such contract (including, without limitation, the schedule and scope of services provided and the identity and capabilities of the contractor) must be approved by Sublessor in Sublessor's reasonable discretion.

7.2.2 Sublessee Damage. Notwithstanding anything to the contrary in Section 7.1 or elsewhere in this sublease, if any Sublessee Damage occurs Sublessor may, at Sublessor's option and in Sublessor's sole discretion, require Sublessee to (a) pay to or reimburse Sublessor for the actual reasonable cost of any repairs or replacements necessitated by such Sublessee Damage that are performed by Sublessor, and (b) perform, at Sublessee's sole cost and expense, any repairs or replacements necessitated by such Sublessee Damage that are not performed by Sublessor.

7.2.3 Notice to Sublessor. If Sublessee believes any maintenance or repair Sublessor is obligated under Section 7.1 to perform is needed at the Property, Sublessee will promptly provide written notice to Sublessor specifying in detail the nature and extent of any condition requiring maintenance or repair. Sublessor will not be deemed to have failed to perform its obligations under Section 7.1 with respect to any maintenance or repair unless Sublessee has provided such written notice and Sublessor has had a commercially reasonable time within which to respond to such notice and effect the needed maintenance or repair.

Article 8 -- Alterations

8.1 Sublessor Approval. Sublessee will not make any Major Alterations without Sublessor's prior written consent, which consent Sublessor may grant, withhold or condition in Sublessor's sole and absolute discretion. Sublessee will not make any other Alterations without Sublessor's prior written consent, which consent Sublessor will not unreasonably condition or withhold. Among other things, Sublessor's consent to any proposed Alterations may take into account the cost of Sublessor's insuring the same under Section 10.2.1, and to what extent (if any) Sublessor will require Sublessee to contribute to such cost directly (as opposed to doing so through Sublessee's Share of Property Expenses). Along with any request for Sublessor's consent, Sublessee will deliver to Sublessor plans and specifications for the Alterations, the names and addresses of all prospective contractors for the Alterations, and information regarding the Alterations as Sublessor may require in connection with its insuring the same under Section 10.2.1 and its determining the allocation of the cost of insuring the same as described above (which information Sublessee will update and confirm upon the completion of such Alterations). Any consent by Sublessor to Sublessee's proposed Alterations will be confirmed by Sublessor's completing and executing a "Sublessor Approval of Sublessee Plans" in substantially the form of the attached Exhibit F-5. If Sublessor consents to the proposed Alterations, Sublessee will, before commencing the Alterations or delivering (or accepting delivery of) any materials to be used in connection with the Alterations, deliver to Sublessor certificates evidencing the insurance coverages and copies of any bonds required by Section 8.2, copies of all necessary permits and licenses, and such other information relating to the Alterations as Sublessor reasonably requests. Sublessee will not commence the Alterations before Sublessor has, in Sublessor's reasonable discretion, provided Sublessor's written approval of the foregoing deliveries. At Sublessor's written request, Sublessee will cause the construction of, and payment for, the Alterations to be made through a construction escrow at a title company reasonably designated by Sublessor. At the time of its consent to any Alterations (if such consent is required under this Section 8.1), Sublessor will inform Sublessee whether Sublessee will be required to remove the Alterations at the expiration or earlier termination of this sublease. Sublessee will remove (a) any Alterations that Sublessor requires to be removed, at the expiration or earlier termination of this sublease, and (b) any Alterations that Sublessee constructs without obtaining Sublessor's consent, within 10 days after Sublessor's written request. No Alterations may adversely affect, or unreasonably interfere with the operations of, any other sublessees or occupants in the Building.

8.2 Sublessee Responsible for Cost and Insurance. Sublessee will pay the entire cost and expense of all Alterations, including, without limitation, for any painting, restoring or repairing of the Subleased Premises or the Property necessitated by the Alterations and a reasonable charge for Sublessor's review, inspection and engineering time. Sublessee will also obtain and require (a) demolition (if applicable) and payment and performance bonds in an amount not less than the full cost of the Alterations; (b) builder's "all risk" insurance in an amount at least equal to the replacement value of the Alterations; and (c) liability insurance insuring Sublessee and each of Sublessee's contractors against construction related risks in at least the form, amounts and coverages required of Sublessee under Article 10. The insurance policies described in clauses (b) and (c) of this Section 8.2 must name Sublessor, Sublessor's lender (if any) and Property Manager as additional insureds, specifically including completed operations.

8.3 Construction Obligations; Ownership of Alterations. Sublessee will notify Sublessor in writing 30 days prior to commencing any Alterations in order to provide Sublessor the opportunity to record and post notices of non-responsibility or such other protective notices available to Sublessor under the Laws. Sublessee will cause all Alterations to be constructed (a) promptly by contractors approved by Sublessor as provided above; (b) in a good and workmanlike manner; (c) in compliance with all Laws; (d) in a manner that will minimize interference with other sublessees' use and enjoyment of the Property; and (e) in full compliance with all of Sublessor's rules and regulations applicable to third party contractors, subcontractors and suppliers performing work at the Property (Sublessor's current rules and regulations in this regard are set forth on the attached Exhibit I). Sublessor may inspect construction of the Alterations. All Alterations (including, without limitation, all telephone, computer, security and other wiring and cabling located within the walls of and outside the Subleased Premises, but excluding Sublessee's Personal Property) become the property of Sublessor and a part of the Building immediately upon installation. Unless Sublessor requires Sublessee to remove the Alterations, Sublessee will surrender the Alterations to Sublessor upon the expiration or earlier termination of this sublease at no cost to Sublessor; provided, however, that in all cases, Sublessee will be required to comply with the restoration requirements set forth in Exhibit H attached hereto and made a part hereof.

8.4 Liens. Sublessee will keep the Property free from any mechanics', materialmen's', designers' or other liens arising out of any work performed, materials furnished or obligations incurred by or for Sublessee or any person or entity claiming by, through or under Sublessee. Immediately after completing the Alterations, Sublessee will furnish Sublessor with contractor affidavits and full and final lien waivers covering all labor and materials expended and used in connection with the Alterations. If any liens are filed against the Property and Sublessee, within 15 days after such filing, does not release the same of record or provide Sublessor with a bond or other security satisfactory to Sublessor protecting Sublessor and the Property against such liens, Sublessor may, without waiving its rights and remedies based upon such breach by Sublessee and without releasing Sublessee from any obligation under this sublease, cause such liens to be released by any means Sublessor deems proper, including, without limitation, paying the claim giving rise to the lien or posting security to cause the discharge of the lien. In such event, Sublessee will reimburse Sublessor, as Additional Rent, for all amounts Sublessor pays (including, without limitation, reasonable attorneys' fees and costs).

8.5 Indemnification. To the fullest extent allowable under the Laws, Sublessee releases and will indemnify, protect, defend (with counsel reasonably acceptable to Sublessor) and hold harmless the Sublessor Parties and the Property from and against any Claims in any manner relating to or arising out of any Alterations or any other work performed, materials furnished or obligations incurred by or for Sublessee or any person or entity claiming by, through or under Sublessee.

8.6 Alterations Required by Laws. If any governmental authority requires any Alteration to the Property or the Subleased Premises as a result of Sublessee's particular use of the Subleased Premises or as a result of any Alteration to the Subleased Premises made by or on behalf of Sublessee, or if Sublessee's particular use of the Subleased Premises subjects Sublessor or the Property to any obligation under any Laws, Sublessee will pay the cost of all such Alterations or the cost of compliance, as the case may be. If any such Alterations are Major Alterations, Sublessor will have the right to make the Major Alterations, provided that Sublessor may first require Sublessee to deposit with Sublessor an amount sufficient to pay the cost of the Major Alterations (including, without limitation, reasonable overhead and administrative costs). Subject to the immediately preceding sentence, Sublessee will make the Alterations at Sublessee's sole cost and expense in accordance with this Article 8.

Article 9 -- Rights Reserved by Sublessor

9.1 Sublessor's Entry. Sublessor and its authorized representatives may at all reasonable times and upon reasonable notice to Sublessee enter the Subleased Premises to (a) inspect the Subleased Premises; (b) show the Subleased Premises to prospective purchasers, mortgagees and, within the last 12 months of the Term, sublessees; (c) post notices of non-responsibility or other protective notices available under the Laws; or (d) exercise and perform Sublessor's rights and obligations under this sublease. Sublessee acknowledges and agrees that Sublessor's entry pursuant to clause (d) may require that Sublessee temporarily vacate all or a portion of the Subleased Premises and/or temporarily relocate items of Sublessee's Personal Property, all as Sublessor may determine is reasonably necessary to properly exercise such rights or perform such obligations. Sublessor may in the event of any emergency enter the Subleased Premises without notice to Sublessee. Sublessor's entry into the Subleased Premises is not to be construed as a forcible or unlawful entry into, or detainer of, the Subleased Premises or as an eviction of Sublessee from all or any part of the Subleased Premises. Sublessee will also permit Sublessor to erect, install, use, maintain, replace and repair pipes, cables, conduits, plumbing and vents, and telephone, electric and other wires or other items, in, to and through the Subleased Premises if Sublessor determines that such activities are necessary or appropriate for properly operating and maintaining the Building.

9.2 Control of Property. Sublessor reserves all rights respecting the Property and Subleased Premises not specifically granted to Sublessee under this sublease, including, without limitation, the right to (a) change the name or street address of the Building; (b) designate and approve all types of signs, window coverings, lighting and other aspects of the Subleased Premises that may be visible from the exterior of the Subleased Premises; (c) grant any party the exclusive right to conduct any business or render any service in the Property, provided such exclusive right does not prohibit Sublessee from any permitted use for which Sublessee is then using the Subleased Premises; (d) install and maintain pipes, ducts, conduits, wires and structural elements in the Subleased Premises that serve other parts or other sublessees of the Property; (e) approve the weight, size and location of safes and other heavy equipment and articles in and about the Subleased Premises and the Property and to require all such items to be moved into and out of the Property and the Subleased Premises only at such times and in such manner as Sublessor will direct in writing;

and (f) retain and receive master keys or pass keys to the Subleased Premises and all doors in the Subleased Premises. Notwithstanding the foregoing, Sublessor is not responsible for the security of persons or property on or about the Property and Sublessor is not and will not be liable in any way whatsoever for any criminal activity or any breach of security on or about the Property.

9.3 Common Area. Sublessor may, at Sublessor's sole and exclusive discretion, make changes to the Common Area. Sublessor's rights regarding the Common Area include, without limitation, the right to (a) restrain unauthorized persons from using the Common Area; (b) temporarily close any portion of the Common Area; (c) change the shape and size of the Common Area; (d) add, eliminate or change the location of any improvements located in the Common Area and construct buildings or other structures in the Common Area; and (e) impose and revise Property Rules concerning use of the Common Area, including, without limitation, any parking facilities comprising a portion of the Common Area. Notwithstanding the foregoing, Sublessor will not exercise such rights in a manner that unreasonably interferes with Sublessee's access to and use of the Subleased Premises.

9.4 Right to Cure. If Sublessee fails to perform any of Sublessee's obligations under this sublease Sublessor may, but is not obligated to, perform any such obligation on Sublessee's part without waiving any rights based upon such failure and without releasing Sublessee from any obligations hereunder. Sublessee must pay to or reimburse Sublessor for, as Additional Rent, all expenditures reasonably made and obligations reasonably incurred by Sublessor pursuant to this Section 9.4.

Article 10 -- Insurance

10.1 Sublessee's Insurance. Sublessee will maintain Sublessee's Insurance at all times during the Term and during any early occupancy period, at Sublessee's sole cost and expense.

10.1.1 Liability Insurance. Sublessee will maintain commercial general liability insurance providing coverage at least as broad as the current ISO form on an "occurrence" basis, with minimum limits of $3,000,000 each occurrence and $5,000,000 general aggregate. Sublessee's liability insurance will (a) name Sublessor, Property Manager and the other Sublessor Parties as additional insureds with respect to all matters arising out of the occupancy or use of the Subleased Premises or Property by Sublessee; (b) be primary to any other insurance maintained by the Sublessor Parties; and (c) include contractual liability coverage. Such insurance may have a reasonable deductible but may not include self-insured retention in excess of $25,000 (unless Sublessor otherwise reasonably consents, in writing, on the basis of Sublessee's tangible net worth). If Sublessee's liability insurance is provided under a blanket policy, the above coverage limits must be made specifically applicable to the Subleased Premises on a "per location" basis.

10.1.2 Umbrella Liability Insurance. Sublessee will maintain umbrella liability insurance over the primary general liability, automobile liability and employers' liability insurance policies with minimum limits of $5,000,000 each occurrence and $5,000,000 general aggregate (per project).

10.1.3 Property Insurance. Sublessee will maintain a policy or policies of special cause of loss (special form) property insurance (or an equivalent form acceptable to Sublessor) insuring all of Sublessee's Personal Property to the extent of its full replacement cost and including, without limitation, vandalism, malicious mischief, mechanical breakdown and sprinkler leakage endorsements, the proceeds of which will, so long as this sublease is in effect, be used for the repair or replacement of such Sublessee's Personal Property so insured. All of Sublessee's Personal Property is located at the Property at Sublessee's sole risk, and Sublessor is not liable for any Casualty to Sublessee's Personal Property or for any other damage, theft, misappropriation or loss thereto or thereof.

10.1.4 Other Insurance. Sublessee will maintain (a) business automobile liability insurance covering owned, hired and non-owned vehicles with limits of $1,000,000 combined single limit per accident, (b) workers compensation in statutory amounts and employers liability insurance, which insurance will comply with Sublessee's obligations to its employees under the laws of the state in which the Subleased Premises are located and which employers liability insurance will afford limits not less than $1,000,000 per accident, $1,000,000 per employee for bodily injury by disease, and $1,000,000 policy limit for bodily injury by disease, (c) business income and extra expense insurance with limits not less than 100% of all charges payable by Sublessee under this sublease for a period of 12 months, and (d) pollution liability insurance, if reasonably required by Sublessor given Sublessee's particular

use of the Subleased Premises. In addition, if insurance obligations generally required of sublessees in similar space in similar buildings in the area in which the Subleased Premises is located increase or otherwise change, Sublessor may similarly change Sublessee's insurance obligations under this sublease.

10.1.5 Primary Lease Insurance Requirements. Sublessee shall cause its insurance carriers to include any clauses or endorsements in favor of Sublessor, Prime Lessor and any additional parties which Sublessor is required to provide pursuant to the provisions of the Primary Lease.

10.1.6 General Insurance Requirements. Each policy of Sublessee's Insurance shall be written with a company or companies reasonably satisfactory to Sublessor, having a policyholder rating of at least "A" and be assigned a financial size category of at least "Class VIII" as rated in the most recent edition of "Best's Key Rating Guide" for insurance companies, and authorized to engage in the business of insurance in the state in which the Subleased Premises are located. Sublessee will deliver an appropriate ACORD Form certificate or other evidence of insurance satisfactory to Sublessor with respect to each policy of Sublessee's Insurance (i) prior to any use or occupancy of the Subleased Premises by Sublessee, (ii) not later than 10 days prior to the expiration of any current policy or certificate, and (iii) at such other times as Sublessor may reasonably request. All such policies shall require a 30-day notice of cancellation or non-renewal to the Sublessor, Property Manager, and Sublessor's mortgage lender (if requested by Sublessor) and such other Sublessor Parties as Sublessor may request. Upon the 10th anniversary of the Commencement Date and every 10 years thereafter and at the beginning of each extension term, if any, Sublessee shall cause such coverages and liability limits to be increased as Sublessor may reasonably require in view of inflation and other relevant factors.

10.2 Sublessor's Insurance. Sublessor will at all times during the Term maintain the insurance this Section 10.2 requires.

10.2.1 Property Insurance. Sublessor will maintain insurance on the Property providing coverage comparable to that provided by a standard ISO special causes of loss form property insurance policy in an amount not less than the full replacement cost of the Building (less foundation, grading and excavation costs). Such insurance will include, without limitation, coverage for Sublessee's Improvements and any Alterations that Sublessee constructs (or causes to be constructed) within the Subleased Premises; provided, however, that Sublessor will not be obligated to insure those Alterations, if any, of which Sublessee has failed to notify Sublessor, in writing, or with respect to which Sublessee has failed to provide Sublessor with written information, in each case as required under Section 8.1. Sublessor may, at its option, obtain such additional coverages or endorsements as Sublessor reasonably deems appropriate. Sublessor may maintain such insurance in whole or in part under blanket policies. Such insurance will not cover or be applicable to any of Sublessee's Personal Property.

10.2.2 Liability Insurance. Sublessor will maintain commercial general liability insurance for bodily injury, personal injury, and property damage occurring at the Property with such liability limits as Sublessor deems necessary or appropriate. Such liability insurance will protect only Sublessor and, at Sublessor's option, Sublessor's lender and some or all of the Sublessor Parties, and does not protect Sublessee or replace or supplement the liability insurance this sublease obligates Sublessee to carry.

10.3 Waivers and Releases of Claims and Subrogation.

10.3.1 Sublessee's Waiver and Release. To the fullest extent allowable under the Laws, and except for Sublessee's Unreleased Casualty Claims, Sublessee, on behalf of Sublessee and its insurers, waives, releases and discharges the Sublessor Parties from all Claims for any Casualty to the Subleased Premises, Property or Sublessee's Personal Property, and any resulting loss of use or business interruption, regardless of whether such Casualty is caused by the negligent acts or omissions of any person or entity (including, without limitation, Sublessor or Sublessee). Sublessee will look only to any insurance coverage Sublessee may elect to maintain (regardless of whether Sublessee actually obtains any such coverage or whether such coverage is sufficient) with respect to the Claims that Sublessee is waiving, releasing and discharging under this Section 10.3.1. Any property insurance Sublessee maintains must permit or include a waiver of subrogation in favor of the Sublessor Parties consistent with the provisions of this Section 10.3.1. In addition, Sublessee acknowledges and agrees that it is the intent of the parties to this sublease, that to the fullest extent possible, all risk of loss with respect to any personal property located at the Property shall be assumed by the party in the best position to insure against such loss, and that, as between Sublessor

and Sublessee, Sublessee shall bear the risk of loss with respect to all property located within the Subleased Premises whether owned by Sublessee or owned by any third-party (including, without limitation, property stored by Sublessee on behalf of a third-party). Accordingly, Sublessee shall, to the fullest extent allowable under the Laws (except to the extent caused by the willful misconduct of Sublessor) indemnify, protect, defend (with counsel reasonably acceptable to Sublessor) and hold harmless the Sublessor Parties from and against all Claims made by any third-party (a) arising from damage to any personal property located in the Subleased Premises (other than Sublessor's personal property) and/or (b) arising from damage to Sublessee's Personal Property located at the Property. The foregoing indemnifications shall apply even if such damage is caused by the negligence of Sublessor or a breach or default of this sublease by Sublessor. The terms of this Section 10.3.1 shall survive the expiration or early termination of this sublease.

10.3.2 Sublessor's Waiver and Release. To the fullest extent allowable under the Laws, and except for Sublessor's Unreleased Casualty Claims, Sublessor, on behalf of Sublessor and its insurers, waives, releases and discharges the Sublessee Parties from all Claims for any Casualty to the Property or Sublessor's Personal Property, and any resulting loss of use or business interruption, regardless of whether such Casualty is caused by the negligent acts or omissions of any person or entity (including, without limitation, Sublessor or Sublessee). Sublessor will look only to any insurance coverage Sublessor may elect to maintain (regardless of whether Sublessor actually obtains any such coverage or whether such coverage is sufficient) with respect to the Claims Sublessor is waiving, releasing and discharging under this Section 10.3.2. Any property insurance Sublessor maintains must permit or include a waiver of subrogation in favor of the Sublessee Parties consistent with the provisions of this Section 10.3.2.

10.3.3 Limitation on Waivers of Claims. The provisions of Sections 10.3.1 and 10.3.2 above, (a) do not limit the duty of Sublessor and Sublessee to perform their respective obligations under Article 5, Article 7 or Article 11, (b) apply only with respect to the Sublessor Parties and the Sublessee Parties and do not limit or waive, release or discharge any Claims that either Sublessor or Sublessee may have against any "third-party" person or entity (including, without limitation, any contractor, service provider, agent, licensee, or invitee that is not a Sublessor Party or a Sublessee Party) arising from any Casualty to the Subleased Premises, Property, Sublessee's Personal Property or Sublessor's Personal Property caused by any such third party, and (c) do not apply to Sublessee's liability under this sublease with respect to Sublessee Damage or to Claims arising out of Sublessee's failure to perform its duties and obligations under Article 5.

10.4 Sublessee's Failure to Insure. If Sublessee fails to provide Sublessor with evidence of insurance as required under Section 10.1, and if such failure is not cured by Sublessee within five days after Sublessor's request therefor, Sublessor may, but is not obligated to, obtain such insurance for Sublessor's benefit without waiving or releasing Sublessee from any obligation contained in or default under this sublease. Sublessee will pay to Sublessor, as Additional Rent, all costs and expenses Sublessor reasonably incurs in obtaining such insurance.

10.5 No Limitation. Sublessor's establishment of minimum liability insurance requirements for Sublessee in this sublease is not a representation by Sublessor that such limits are sufficient and does not limit Sublessee's liability under this sublease in any manner.

Article 11 -- Damage or Destruction

11.1 Tenantable Within 270 Days. If any Casualty renders the whole or any material part of the Subleased Premises untenantable and Sublessor determines (in Sublessor's reasonable discretion) that Sublessor can make the whole Subleased Premises (including, without limitation, Sublessee's Improvements and any Alterations, but not those Alterations, if any, that Sublessor is not obligated to insure under Section 10.2.1) tenantable within 270 days after the date of the Casualty, then Sublessor will notify Sublessee of such determination within 60 days after the date of the Casualty. Sublessor's notice will specify the anticipated date the Subleased Premises would be made tenantable. If based upon such anticipated date, the repairs will take longer than 30 days and less than 12 months will remain in the Term upon completion, either Sublessor or Sublessee may elect to terminate this sublease by notifying the other within 15 days after the date of Sublessor's notice, which termination will be effective 60 days after the date of such notice of termination. For all purposes of this Article 11, (a) the term "tenantable" means that the Subleased Premises (or the applicable portion thereof) are in a condition that will allow for the commercially reasonable conduct therein of Sublessee's normal business operations (in substantially the same manner as conducted immediately prior

to the Casualty); and (b) the 270-day threshold to achieve tenantability in the event of a Casualty will be increased by the additional time reasonably required for the procurement of all materials necessary for such achievement.

11.2 Not Tenantable Within 270 Days. If any Casualty renders the whole or any material part of the Subleased Premises untenantable and Sublessor determines (in Sublessor's reasonable discretion) that Sublessor cannot make the whole Subleased Premises (including, without limitation, Sublessee's Improvements and any Alterations, but not those Alterations, if any, that Sublessor is not obligated to insure under Section 10.2.1) tenantable within 270 days after the date of the Casualty, then Sublessor will notify Sublessee of such determination (including the anticipated date of restoration) within 60 days after the date of the Casualty. Sublessor may, in such notice, terminate this sublease effective on the date 60 days after the date of Sublessor's notice. If Sublessor does not so terminate this sublease, and provided the Casualty was not caused by Sublessee, Sublessee may terminate this sublease by notifying Sublessor within 15 days after the date of Sublessor's notice, which termination will be effective 60 days after the date of Sublessee's notice.

11.3 Property Substantially Damaged. If the Property is damaged or destroyed by any Casualty (regardless of whether the Subleased Premises is affected) and the damage reduces the value of the improvements on the Property by more than 50% (as Sublessor reasonably determines value before and after the Casualty), then notwithstanding anything to the contrary in Sections 11.1 or 11.2, Sublessor may, at Sublessor's option, by notifying Sublessee within 60 days after the Casualty, terminate this sublease effective on the date 60 days after the date of Sublessor's notice.

11.4 Insufficient Proceeds. If Sublessor does not receive sufficient insurance proceeds (including the amount of any policy deductible) to repair all damage to the Subleased Premises (including, without limitation, Sublessee's Improvements and any Alterations, but not those Alterations, if any, that Sublessor is not obligated to insure under Section 10.2.1) or the Property caused by any Casualty, or if Sublessor's lender does not allow Sublessor to use sufficient proceeds to repair all such damage, then notwithstanding anything to the contrary in Sections 11.1, 11.2 or 11.3, Sublessor may, at Sublessor's option, by notifying Sublessee within 60 days after the Casualty, terminate this sublease effective on the date 60 days after the date of Sublessor's notice.

11.5 Sublessor's Repair. If this sublease is not terminated under Sections 11.1 through 11.4 following any Casualty, then Sublessor will repair and restore the Subleased Premises (including, without limitation, Sublessee's Improvements and any Alterations that Sublessor is obligated to insure under Section 10.2.1) and the Property to as near their condition prior to the Casualty as is reasonably practicable with all commercially reasonable diligence and speed (subject to Sublessor's rights under Section 7.2.2 with respect to Sublessee Damage). Basic Rent and Sublessee's Share of Property Expenses for any period during which the Subleased Premises are untenantable as a result of the Casualty will not be abated and Sublessee will continue to pay Rent for the Subleased Premises. In no event is Sublessor obligated to repair or restore any Alterations that have not been previously disclosed to and approved by Sublessor, any special equipment or fixtures installed by Sublessee, or any other Sublessee's Personal Property. Sublessor will, if necessary, equitably adjust Sublessee's Share of Property Expenses Percentage to account for any reduction in the rentable area of the Subleased Premises or Building resulting from a Casualty.

11.6 Intentionally Omitted.

11.7 Exclusive Casualty Remedy. The provisions of this Article 11 are Sublessee's sole and exclusive rights and remedies in the event of a Casualty. To the extent permitted by the Laws, Sublessee waives the benefits of any Law that provides Sublessee any abatement or termination rights (by virtue of a Casualty) not specifically described in this Article 11.

11.8 Notice to Sublessor. If any Casualty to any portion of the Subleased Premises or Property occurs, Sublessee will immediately provide written notice of such Casualty to Sublessor. None of the obligations of Sublessor under this Article 11 will be deemed to have arisen unless and until Sublessor has received actual notice that the Casualty has occurred and has had a commercially reasonable time within which to respond to such notice. Sublessee is liable to Sublessor for any uninsured loss or other Claims Sublessor incurs if (a) Sublessee fails to timely report any Casualty to the Subleased Premises or (to the extent Sublessee has actual knowledge thereof) the Property or Sublessor's Personal Property to Sublessor, (b) Sublessor does not otherwise have actual knowledge of such Casualty,

and (c) the failure to timely report such Casualty results in Sublessor's property insurance carrier refusing to cover all or any portion of the loss.

Article 12 -- Eminent Domain

12.1 Termination of Sublease. If a Condemning Authority desires to effect a Taking of all or any material part of the Property, Sublessor will notify Sublessee and Sublessor and Sublessee will reasonably determine whether the Taking will render the Subleased Premises unsuitable for Sublessee's intended purposes. If Sublessor and Sublessee conclude that the Taking will render the Subleased Premises unsuitable for Sublessee's intended purposes, Sublessor and Sublessee will document such determination and this sublease will terminate as of the date the Condemning Authority takes possession of the portion of the Property taken. Sublessee will pay Rent to the date of termination. If a Condemning Authority takes all or any material part of the Building or if a Taking reduces the value of the Property by 50% or more (as reasonably determined by Sublessor), regardless of whether the Subleased Premises is affected and regardless of whether the Taking will render the Subleased Premises unsuitable for Sublessee's intended purposes, then Sublessor, at Sublessor's option, by notifying Sublessee prior to the date the Condemning Authority takes possession of the portion of the Property taken, may terminate this sublease effective on the date the Condemning Authority takes possession of the portion of the Property taken.

12.2 Sublessor's Repair Obligations. If this Sublease does not terminate with respect to the entire Subleased Premises under Section 12.1 and the Taking includes a portion of the Subleased Premises, this sublease automatically terminates as to the portion of the Subleased Premises taken as of the date the Condemning Authority takes possession of the portion taken and Sublessor will, at its sole cost and expense, restore the remaining portion of the Subleased Premises to a complete architectural unit with all commercially reasonable diligence and speed and will reduce the Basic Rent for the period after the date the Condemning Authority takes possession of the portion of the Subleased Premises taken to a sum equal to the product of the Basic Rent provided for in this sublease multiplied by a fraction, the numerator of which is the rentable area of the Subleased Premises after the Taking and after Sublessor restores the Subleased Premises to a complete architectural unit, and the denominator of which is the rentable area of the Subleased Premises prior to the Taking. Sublessor will also equitably adjust Sublessee's Share of Property Expenses Percentage for the same period to account for the reduction in the rentable area of the Subleased Premises or the Building resulting from the Taking. Sublessee's obligation to pay Basic Rent and Sublessee's Share of Property Expenses will abate on a proportionate basis with respect to that portion of the Subleased Premises remaining after the Taking that Sublessee is unable to use during Sublessor's restoration for the period of time that Sublessee is unable to use such portion of the Subleased Premises.

12.3 Sublessee's Participation. Sublessor is entitled to receive and keep all damages, awards or payments resulting from or paid on account of a Taking. Accordingly, Sublessee waives and assigns to Sublessor any interest of Sublessee in any such damages, awards or payments. Sublessee may prove in separate Taking proceedings and may receive a separate award for damages to or Taking of Sublessee's Personal Property and for moving expenses; provided however, that Sublessee has no right to receive any award for its interest in this sublease or for loss of leasehold.

12.4 Exclusive Taking Remedy. The provisions of this Article 12 are Sublessee's sole and exclusive rights and remedies in the event of a Taking. To the extent permitted by the Laws, Sublessee waives the benefits of any Law that provides Sublessee any abatement or termination rights or any right to receive any payment or award (by virtue of a Taking) not specifically described in this Article 12.

Article 13 -- Transfers

13.1 Restriction on Transfers. Sublessee shall not Transfer all or any portion of the Subleased Premises without the prior written consent of: (i) Sublessor, which consent may be unreasonably withheld or may be withheld in its sole and absolute discretion, and (ii) the Prime Lessor.

13.4 Sublessor's Consent Standards. For purposes of Section 13.1 and in addition to any other reasonable grounds for denial, Sublessor's consent to a Transfer will be deemed reasonably withheld if, in Sublessor's good faith judgment, any one or more of the following apply: (a) the proposed transferee does not have the financial strength to perform the Sublessee's obligations under this sublease; (b) the business and operations of the proposed

transferee are not of comparable quality to the business and operations being conducted by other sublessees in the Building; (c) either the proposed transferee, or any Affiliate of the proposed transferee, occupies or is negotiating with Sublessor to lease space in the Building or occupies or is negotiating with Sublessor to lease space in another building on the Property; (d) the proposed transferee does not have a good business reputation; (e) the use of the Subleased Premises by the proposed transferee would, in Sublessor's reasonable judgment, impact the Building or the Property in a negative manner; (f) if the subject space is only a portion of the Subleased Premises and the physical subdivision of such portion is, or would render the Subleased Premises, not regular in shape with appropriate means of ingress and egress and facilities suitable for normal renting purposes, or is otherwise not readily divisible from the Subleased Premises; (g) the Transfer would require Alteration to the Building or the Property to comply with applicable Laws; (h) the transferee is a government (or agency or instrumentality thereof); (i) a proposed transferee whose occupancy will require any variation in the terms and conditions of this sublease; (j) an Event of Default, or an event that with the passage of time or the giving of notice would result in an Event of Default, exists under this sublease at the time Sublessee requests consent to the proposed Transfer; or (k) the Prime Lessor does not approve the Transfer.

Article 14 -- Defaults; Remedies

14.1 Events of Default. The occurrence of any of the following constitutes an Event of Default by Sublessee under this sublease. Sublessor and Sublessee agree that the notices required by this Section 14.1 are intended to satisfy any and all notice requirements imposed by the Laws and are not in addition to any such requirements.

14.1.1 Failure to Pay Rent. Sublessee fails to pay Basic Rent, any monthly installment of Sublessee's Share of Property Expenses or any other Additional Rent amount as and when due.

14.1.2 Failure to Perform. Sublessee breaches or fails to perform any of Sublessee's non-monetary obligations under this sublease and such breach or failure is not cured within 15 days after Sublessor notifies Sublessee of Sublessee's breach or failure; provided that if Sublessee is not able through the use of commercially reasonable efforts to cure such breach or failure within a 15-day period, Sublessee's breach or failure is not an Event of Default if Sublessee commences to cure such breach or failure within the 15-day period and thereafter diligently pursues the cure and effects the cure within a period of time that does not exceed an additional 60 days after the expiration of the initial 15-day period. Notwithstanding the foregoing, Sublessee is not entitled to any cure period before a breach or failure of this sublease becomes an Event of Default if (a) the same breach or failure has previously occurred at least one time during the prior 12 months, or (b) the breach or failure cannot be cured by Sublessee within the time periods permitted above, or (c) the breach or failure would subject Sublessor or any of the Sublessor Parties to criminal liability, (d) Sublessee causes or allows a Transfer in violation of the terms of Article 13 hereof, (e) the breach or failure is otherwise described in Section 14.1.3 or 14.1.4 hereof, (f) Sublessee fails to maintain insurance (or to timely provide Sublessor with evidence of such insurance) as required under Article 10 hereof, or (g) Sublessee fails to timely deliver an estoppel certificate as required by Section 15.4 hereof.

14.1.3 Misrepresentation. The existence of any material misrepresentation or omission in any financial statements, correspondence or other information provided to Sublessor by or on behalf of Sublessee or any Guarantor in connection with (a) Sublessee's negotiation or execution of this sublease; (b) Sublessor's evaluation of Sublessee as a prospective sublessee at the Property; (c) any proposed or attempted Transfer; or (d) any consent or approval Sublessee requests under this sublease.

14.1.4 Other Defaults. The occurrence of any one or more of the following: (a) Sublessee's filing of a petition under any chapter of the Bankruptcy Code, or under any federal, state or foreign bankruptcy or insolvency statute now existing or hereafter enacted, or Sublessee's making a general assignment or general arrangement for the benefit of creditors; (b) the filing of an involuntary petition under any chapter of the Bankruptcy Code, or under any federal, state or foreign bankruptcy or insolvency statute now existing or hereafter enacted, or the filing of a petition for adjudication of bankruptcy or for reorganization or rearrangement, by or against Sublessee and such filing not being dismissed within 60 days; (c) the entry of an order for relief under any chapter of the Bankruptcy Code, or under any federal, state or foreign bankruptcy or insolvency statute now existing or hereafter enacted; (d) the appointment of a "custodian," as such term is defined in the Bankruptcy Code (or of an equivalent thereto under any federal, state or foreign bankruptcy or insolvency statute now existing or hereafter enacted), for Sublessee, or the appointment of a trustee or receiver to take possession of substantially all of Sublessee's assets (or Sublessee's assets

located at the Subleased Premises) or of Sublessee's interest in this sublease; or (e) the subjection of all or substantially all of Sublessee's assets located at the Subleased Premises or of Sublessee's interest in this sublease to attachment, execution or other judicial seizure. If a court of competent jurisdiction determines that any act described in this Section 14.1.4 does not constitute an Event of Default, and the court appoints a trustee to take possession of the Subleased Premises (or if Sublessee remains a debtor in possession of the Subleased Premises) and such trustee or Sublessee Transfers Sublessee's interest hereunder, then Sublessor is entitled to receive the same amount of Additional Rent as Sublessor would be entitled to receive if such a Transfer had occurred pursuant to Section 13.1.

14.1.4 Primary Lease Defaults. The taking of any action by Sublessee, or the failure of Sublessee to take any action, that causes a default under the Primary Lease.

14.2 Remedies. Upon the occurrence of any Event of Default, Sublessor may at any time and from time to time, without notice or demand and without preventing Sublessor from exercising any other right or remedy, exercise any one or more of the following remedies:

14.2.1 Termination of Sublessee's Possession/Re-Entry and Reletting Right. Terminate Sublessee's right to possess the Subleased Premises by any lawful means with or without terminating this sublease, in which event Sublessee will immediately surrender possession of the Subleased Premises to Sublessor. In such event, this sublease continues in full force and effect (except for Sublessee's right to possess the Subleased Premises) and Sublessee continues to be obligated for and must pay all Rent as and when due under this sublease. Unless Sublessor specifically states that it is terminating this sublease, Sublessor's termination of Sublessee's right to possess the Subleased Premises is not to be construed as an election by Sublessor to terminate this sublease or Sublessee's obligations and liabilities under this sublease. If Sublessor terminates Sublessee's right to possess the Subleased Premises, Sublessor is not obligated to, but may re-enter the Subleased Premises and remove all persons and property from the Subleased Premises. Sublessor may store any property Sublessor removes from the Subleased Premises in a public warehouse or elsewhere at the cost and for the account of Sublessee, and if Sublessee fails to pay the storage charges therefor as and when due Sublessor may deem such property abandoned and cause such property to be sold or otherwise disposed of without further obligation or any accounting to Sublessee. Upon such re-entry, Sublessor is not obligated to, but may relet all or any part of the Subleased Premises to a third party or parties for Sublessee's account. Sublessee is immediately liable to Sublessor for all Re-Entry Costs and must pay Sublessor the same within five days after Sublessor's notice to Sublessee. Sublessor may relet the Subleased Premises for a period shorter or longer than the remaining Term. If Sublessor relets all or any part of the Subleased Premises, Sublessee remains obligated to pay all Rent when due under this sublease; provided that Sublessor will, on a monthly basis, credit any Net Rent received for the current month against Sublessee's Rent obligation for the next succeeding month. If the Net Rent received for any month exceeds Sublessee's Rent obligation for the succeeding month, Sublessor may retain the surplus.

14.2.2 Termination of Lease. Terminate this sublease effective on the date Sublessor specifies in Sublessor's notice to Sublessee. Upon termination, Sublessee will immediately surrender possession of the Subleased Premises to Sublessor as provided in Article 16. Such termination will not extinguish any obligations that survive termination as provided elsewhere in this sublease. If Sublessor terminates this sublease, Sublessor may recover from Sublessee and Sublessee will pay to Sublessor on demand all damages Sublessor incurs by reason of Sublessee's default, including, without limitation, (a) all Rent due and payable under this sublease as of the effective date of the termination; (b) any amount necessary to compensate Sublessor for any detriment proximately caused Sublessor by Sublessee's failure to perform its obligations under this sublease or that in the ordinary course would likely result from Sublessee's failure to perform, including, without limitation, any Re-Entry Costs and the unamortized amounts of Sublessor's costs to construct Sublessee's Improvements and real estate commissions paid in connection with this sublease; (c) an amount equal to the amount by which (i) the present worth, as of the effective date of the termination, of the Rent for the balance of the Term remaining after the effective date of the termination (assuming no termination) exceeds (ii) the present worth, as of the effective date of the termination, of a fair market Rent for the Subleased Premises for the same period (as Sublessor reasonably determines the fair market Rent); and (d) Sublessee's Share of Property Expenses to the extent Sublessor is not otherwise reimbursed for such Property Expenses. For purposes of this Section 14.2.2, Sublessor will compute present worth by utilizing a discount rate of 6% per annum. Nothing in this Section 14.2.2 limits or prejudices Sublessor's right to prove and obtain damages in an amount equal to the maximum amount allowed by the Laws, regardless of whether such damages are greater than the amounts set forth in this Section 14.2.2.

14.2.3 Present Worth of Rent. Recover from Sublessee, and Sublessee will pay to Sublessor on demand, an amount equal to the sum of (a) all Rent past due (together with interest thereon at the Maximum Rate), plus (b) the then present worth, as of the date of such recovery, of the aggregate of the Rent and any other charges payable by Sublessee under this sublease for the then-unexpired portion of the Term. Sublessor will employ a discount rate of 6% per annum to compute present worth.

14.2.4 Other Remedies. Pursue any other remedy now or hereafter available to Sublessor under the laws or judicial decisions of the State. All rights and remedies of Sublessor under this sublease are cumulative and the exercise of any one or more remedies at any time or from time to time does not limit or preclude the further exercise by Sublessor of the same or any other rights or remedies at any time or from time to time.

14.3 Costs. Sublessee will reimburse and compensate Sublessor on demand and as Additional Rent for any actual loss Sublessor incurs in connection with, resulting from or related to any breach or default of Sublessee under this sublease, regardless of whether the breach or default constitutes an Event of Default, and regardless of whether suit is commenced or judgment is entered. Such loss includes all reasonable legal fees, costs and expenses (including paralegal fees, expert fees, and other professional fees and expenses) Sublessor incurs investigating, negotiating, settling or enforcing any of Sublessor's rights or remedies or otherwise protecting Sublessor's interests under this sublease. In addition to the foregoing, Sublessor is entitled to reimbursement of all of Sublessor's fees, expenses and damages, including, without limitation, reasonable attorneys' fees and paralegal and other professional fees and expenses, Sublessor incurs in connection with any bankruptcy or insolvency proceeding involving Sublessee including, without limitation, any proceeding under any chapter of the Bankruptcy Code; by exercising and advocating rights under Section 365 of the Bankruptcy Code; by proposing a plan of reorganization and objecting to competing plans; and by filing motions for relief from stay. Such fees and expenses are payable on demand, or, in any event, upon assumption or rejection of this sublease in bankruptcy.

14.4 Waiver of Re-Entry Claims. Sublessee waives and releases all Claims Sublessee may have resulting from Sublessor's re-entry and taking possession of the Subleased Premises pursuant to this Article 14 by any lawful means and removing, storing or disposing of Sublessee's property as permitted under this sublease, regardless of whether this sublease is terminated and, to the fullest extent allowable under the Laws, Sublessee releases and, to the fullest extent allowable under the Laws, will indemnify, protect, defend (with counsel reasonably acceptable to Sublessor) and hold harmless the Sublessor Parties from and against any and all Claims arising therefrom. No such re-entry is to be considered or construed as a forcible entry by Sublessor.

14.5 Sublessor's Default. Sublessor will not be in default under this sublease unless Sublessor breaches or fails to perform any of Sublessor's obligations under this sublease and the breach or failure continues for a period of 30 days after Sublessee notifies Sublessor in writing of Sublessor's breach or failure; provided that if Sublessor is not able through the use of commercially reasonable efforts to cure the breach or failure within such 30-day period, Sublessor's breach or failure is not a default as long as Sublessor commences to cure its breach or failure within the 30-day period and thereafter diligently pursues the cure to completion.

14.6 No Waiver. No failure by either Sublessor or Sublessee to insist upon the performance of any provision of this sublease or to exercise any right or remedy upon a breach or default hereof constitutes a waiver of any such breach or default. Any such waiver may be made only by a writing signed by the party providing the waiver. One or more waivers by a party is not to be construed as a waiver by that party of a subsequent breach or default of the same provision.

Article 15 -- Creditors; Estoppel Certificates

15.1 Subordination. This sublease, all rights of Sublessee in this sublease, and all interest or estate of Sublessee in the Property, are subject and subordinate to any Mortgage. Sublessee will, on Sublessor's demand, execute and deliver to Sublessor or to any other person Sublessor designates any instruments, releases or other documents reasonably required to confirm the self-effectuating subordination of this sublease as provided in this Section 15.1 to any Mortgage. The subordination to any future Mortgage provided in this Section 15.1 is expressly conditioned upon the Mortgage holder's agreement that as long as no Event of Default occurs under this sublease, the

holder of the Mortgage will not disturb Sublessee's rights of possession under this sublease. The lien of any existing or future Mortgage will not cover Sublessee's Personal Property.

15.2 Attornment. If any ground lessor, the holder of any Mortgage at a foreclosure sale or any other transferee acquires Sublessor's interest in this sublease, the Subleased Premises or the Property, Sublessee will attorn to and recognize such transferee or successor as Sublessor under this sublease. Sublessee waives the protection of any statute or rule of law that gives or purports to give Sublessee any right to terminate this sublease or surrender possession of the Subleased Premises upon the transfer of Sublessor's interest.

15.3 Mortgagee Protection Clause. Sublessee will give the holder of any Mortgage, by registered mail, a copy of any notice of default Sublessee serves on Sublessor, provided that Sublessor or the holder of the Mortgage previously notified Sublessee (by way of notice of assignment of rents and leases or otherwise) of the address of such holder. Sublessee further agrees that if Sublessor fails to cure such default within the time provided for in this sublease, then Sublessee will provide written notice of such failure to such holder and such holder will have an additional 30 days after the later of (a) receipt of such notice, or (b) the expiration of Sublessor's cure period, within which to cure the default. If the default cannot be cured within that additional 30-day period, then the holder will have such additional time as may be necessary to effect the cure if, within the 30-day period, the holder has commenced and is diligently pursuing the cure. If Sublessor, Sublessee and the holder of any Mortgage enter into any separate agreement regarding the matters addressed in Sections 15.1, 15.2 and this Section 15.3, then to the extent of any conflict between the provisions of such separate agreement and the provisions of Section 15.1, 15.2 or this Section 15.3 , the provisions of such separate agreement shall control.

15.4 Estoppel Certificates.

15.4.1 Contents. Upon Sublessor's written request, Sublessee will execute, acknowledge and deliver to Sublessor a written statement, addressed to any Estoppel Addressee designated by Sublessor, in form satisfactory to such Estoppel Addressee, certifying: (a) that this sublease (and all guaranties, if any) is unmodified and in full force and effect (or, if there have been any modifications, that this sublease is in full force and effect, as modified, and stating the modifications); (b) that this sublease has not been canceled or terminated; (c) the last date of payment of Rent and the time period covered by such payment; (d) whether there are then existing any breaches or defaults by Sublessor under this sublease known to Sublessee, and, if so, specifying the same; (e) specifying any existing claims or defenses in favor of Sublessee against the enforcement of this sublease (or of any guaranties); and (f) such other factual statements as any Estoppel Addressee may request. Sublessee will deliver the statement to Sublessor or any other Estoppel Addressee (as Sublessor may direct) within 10 Business Days after Sublessor's request. Each Estoppel Addressee may conclusively rely upon such statement as true and correct.

15.4.2 Failure to Deliver. If Sublessee does not timely deliver to Sublessor the statement referenced in Section 15.4.1, Sublessor and any lender, prospective lender, investor or purchaser may conclusively presume and rely that, except as otherwise represented by Sublessor, (a) the terms and provisions of this sublease have not been changed; (b) this sublease has not been canceled or terminated; (c) not more than one month's Rent has been paid in advance; and (d) Sublessor is not in default in the performance of any of its obligations under this sublease. In such event, Sublessee is estopped from denying the truth of such facts.

Article 16 -- Surrender; Holding Over; Failure to Surrender as Required

16.1 Surrender of Subleased Premises. At the expiration or earlier termination of this sublease, Sublessee will surrender the Subleased Premises to Sublessor in the condition and as otherwise required under this Section 16.1. Upon such surrender, Sublessee, at its sole cost and expense, will (a) deliver all keys to the Subleased Premises to Property Manager or to Sublessor at the place then fixed for Sublessee's payment of Basic Rent or as Property Manager or Sublessor otherwise directs, and inform Property Manager or Sublessor of all combinations on locks, safes and vaults, if any, that Sublessee is allowed to leave at the Property; (b) comply with all of the specifications and requirements (including, without limitation, the restoration requirements) set forth in Exhibit H, and otherwise cause the Subleased Premises to be in good order, condition and repair, reasonable wear and tear, Casualty (subject to Sublessor's rights with respect to Sublessee Damage) and Taking excepted; and (c) remove all of Sublessee's Personal Property from the Property and, if Sublessor so requires, all specified Alterations that Sublessee

placed on the Property and will promptly repair any damage to the Subleased Premises or the Property caused by such removal.

16.2 Holding Over; Failure to Surrender Subleased Premises as Required.

16.2.1 Holding Over. If Sublessee possesses the Subleased Premises after the Term expires or is otherwise terminated without executing a new lease and without Sublessor's written consent, (a) Sublessee is conclusively deemed to be occupying the Subleased Premises without claim of right as a sublessee at sufferance (but, at Sublessor's election, subject to all terms and conditions of this sublease), and (b) Sublessee will pay Sublessor a charge for each day of occupancy after expiration of the Term in an amount equal to 200% of Sublessee's then-existing Basic Rent (on a daily basis), plus all Additional Rent as described in this sublease.

16.2.2 Failure to Surrender Subleased Premises as Required. In the event that Sublessee fails to surrender the Subleased Premises, or any portion thereof, at the time, in the condition and otherwise in accordance with the requirements of Section 16.1, then Sublessee (a) releases Sublessor from, (b) will be liable to Sublessor for, and (c) to the fullest extent allowable under the Laws, will indemnify, protect, defend (with counsel reasonably acceptable to Sublessor) and hold harmless Sublessor from and against, any and all Claims resulting from such failure, including, without limitation, any Claims resulting from Sublessor's loss of, or any Claims made by, any actual or potential succeeding sublessee or occupant of the Subleased Premises due to or founded on any such failure. Further, all property of Sublessee not removed from the Subleased Premises or the Property as required under Section 16.1 will be conclusively deemed abandoned. Sublessor may thereupon remove all such abandoned property from the Property and cause its transportation and storage in a public warehouse or elsewhere at the sole cost and expense and for the account of Sublessee. If Sublessee fails to pay any of the storage charges therefor, Sublessor may cause such property to be sold or otherwise disposed of without further obligation or any accounting to Sublessee. Sublessor will not be liable for damage, theft, misappropriation or loss of any such property or in any other manner in respect thereto.

Article 17 -- Sublessor's Improvements; Sublessee's Improvements

17.1 Sublessor's Improvements. Sublessor will cause Sublessor's Improvements to be constructed, at Sublessor's sole cost and expense, in accordance with all Laws applicable thereto, as the same are in effect and enforced by governmental or other bodies having jurisdiction over such matters as of the Effective Date (other than with respect to Sublessee's use thereof and other than as Sublessor and Sublessee may otherwise agree); provided, however, that Sublessee will be solely responsible for all costs and expenses (as reasonably determined by Sublessor and its contractor) related to any Sublessee Delays.

17.2 Sublessee's Improvements. Sublessor will also cause Sublessee's Improvements to be constructed, albeit at Sublessee's sole cost and expense, subject to the Improvement Allowance as described in Section 17.2.2. Further, Sublessee will be solely responsible for (a) all costs and expenses related to any Change Orders, which costs and expenses will be determined and will be payable as provided in Section 17.3 hereof, (b) the design and installation of, and all costs and expenses related to, all furniture, fixtures, equipment and personal property that are not specified in the Outline Specifications for Sublessee's Improvements (including, without limitation, costs associated with the preparation and approval of Sublessee's racking plan and the installation of Sublessee's racking in the Subleased Premises) and all telephone, computer, data and other wiring and cabling, to be located in the Subleased Premises, and (c) all costs and expenses related to any Sublessee Delays, which costs and expenses will be determined in the same manner as the determination of Change Order Costs, and will be payable within 10 days after Sublessor's invoice to Sublessee.

17.2.1 Design; Compliance with Laws. Sublessee's Improvements will be designed as described in this Article 17. Sublessee's Improvements will automatically become the property of Sublessor and a part of the Building immediately upon installation. Subject to this Article 17, Sublessor will complete, or cause the completion of, the construction of Sublessee's Improvements in substantial accordance with all Laws applicable thereto; provided, however, that Sublessee will be solely responsible for the compliance of Sublessee's Improvements with all Laws with respect to Sublessee's use thereof, and also as Sublessor and Sublessee may agree with respect to any particular design requests of Sublessee. Among other things, Sublessor will be responsible for the compliance of Sublessee's Improvements (other than with respect to the items for which Sublessee is responsible and as aforesaid with respect to Sublessee's use and particular design requests) with the ADA, as the same are in effect and enforced by

governmental or other bodies having jurisdiction over such matters as of the Effective Date. All other compliance with Laws (including, without limitation, all other compliance with the ADA), in all cases as the same are from time to time in effect and enforced by the governmental or other bodies having jurisdiction over such matters, will be the sole responsibility of Sublessee.

17.2.2 Payment of TI Construction Costs; Improvement Allowance. Sublessor will credit an amount, not to exceed the Improvement Allowance, against Sublessee's obligation to pay the TI Construction Costs. Sublessor is not obligated to pay or incur any amounts that exceed the Improvement Allowance in connection with the TI Construction Costs. If the TI Construction Costs exceed the Improvement Allowance, then Sublessee will pay any and all of such excess to Sublessor in cash as Additional Rent within 10 Business Days after Sublessor's delivery of invoices therefor, from time to time. Further, if Sublessor reasonably estimates that the TI Construction Costs will exceed the Improvement Allowance (and Sublessor may make reasonable re-estimates from time to time), Sublessor may require Sublessee first to deposit with Sublessor a sum equal to Sublessor's reasonable estimate of the amount by which the TI Construction Costs may exceed the Improvement Allowance. Following the completion of Sublessee's Improvements, Sublessor (a) will determine the actual TI Construction Costs, (b) will reconcile the actual TI Construction Costs with the Improvement Allowance and payments and additional deposits (if any) theretofore made by Sublessee, and (c) will notify Sublessee, in writing, of such determination and reconciliation. In the event that such reconciliation shows that any additional deposits made by Sublessee hereunder in connection with Sublessee's Improvements were not applied to TI Construction Costs, then the excess (*i.e.*, the unapplied additional deposits) will be credited against either amounts owed by Sublessee to Sublessor for Change Orders or to the Basic Rent payments due hereunder from and after the Commencement Date (beginning with the first Basic Rent payment due after Sublessor's delivery of the aforesaid reconciliation notification), until the full amount of such excess has been so applied. In the alternative, at Sublessor's sole election, Sublessor will pay the full amount of such excess to Sublessee within 30 days after Sublessor's delivery of the aforesaid reconciliation notification. In the event that the reconciliation shows that the actual TI Construction Costs exceed the sum of the Improvement Allowance plus any additional deposits theretofore made by Sublessee in connection with Sublessee's Improvements, then Sublessee will pay the full amount of such excess to Sublessor within 30 days after Sublessor's delivery of the reconciliation notification.

17.2.3 Issued for Construction Plans; Confirmation of Approval of Issued for Construction Plans. Sublessor will provide Sublessee with proposed Issued for Construction Plans. Such proposed Issued for Construction Plans will be consistent with the Outline Specifications for Sublessee's Improvements and the Space Plan. Within five Business Days after Sublessor has delivered to Sublessee the proposed Issued for Construction Plans, Sublessee will notify Sublessor of any desired revisions thereto. All such revisions (if any) that Sublessee desires must be entirely consistent with the Outline Specifications for Sublessee's Improvements and the Space Plan. If Sublessee notifies Sublessor within the aforesaid five-Business Day period of Sublessee's approval of the proposed Issued for Construction Plans without requesting any revisions thereto, or if Sublessee fails to notify Sublessor within such five-Business Day period, then the proposed Issued for Construction Plans will automatically become the final Issued for Construction Plans hereunder. If Sublessee notifies Sublessor within the aforesaid five-Business Day period and requests revisions to the proposed Issued for Construction Plans that satisfy the conditions of this Section 17.2.3 but that do not constitute Change Orders (as reasonably determined by Sublessor), then Sublessor will revise the proposed Issued for Construction Plans in accordance with the request, and such revised Issued for Construction Plans will automatically become the final Issued for Construction Plans hereunder. If Sublessee notifies Sublessor within the aforesaid five-Business Day period and requests revisions to the proposed Issued for Construction Plans that satisfy the conditions of this Section 17.2.3 and that do constitute Change Orders (as reasonably determined by Sublessor), then Sublessor will notify Sublessee, in writing, as to the cost of and the anticipated delay in completing such revisions; provided, however, that any such revisions that reduce the scope of work of Sublessee's Improvements will not necessarily result in a cost reduction under the Change Order (as reasonably determined by Sublessor). Sublessee will then notify Sublessor, in writing, within two Business Days after its receipt of Sublessor's aforesaid notification as to which (if any) of the requested revisions Sublessee still desires. If Sublessee notifies Sublessor within the aforesaid two-Business Day period of its approval of some or all of the requested revisions (and the additional cost and delay thereof), then Sublessor will revise the proposed Issued for Construction Plans in accordance with the approval, and such revised Issued for Construction Plans will automatically become the final Issued for Construction Plans hereunder. If Sublessee fails to notify Sublessor of its approval or disapproval of some or all of the requested revisions (and the additional cost and delay thereof) within the aforesaid two-Business Day period, then Sublessee will be deemed to have withdrawn all of its requested revisions to the proposed Issued for Construction Plans (to the extent that such revisions constitute Change Orders as aforesaid), and the proposed Issued for Construction Plans will automatically become the

final Issued for Construction Plans hereunder. Further, even if Sublessee withdraws (or is deemed to have withdrawn) its requested revisions, Sublessee will nonetheless pay to Sublessor all of the actual design and related costs incurred in the pursuit of the requested revision and the delay resulting from such pursuit will be a Sublessee Delay, in each case to be set forth in a Change Order that Sublessor and Sublessee will execute. In addition to the formal mutual notification process described above, Sublessor and Sublessee will reasonably cooperate with each other on a less formal iterative process that may facilitate the completion of the Issued for Construction Plans more promptly and expeditiously. In all cases, whether under the formal process or the iterative process, and anything in this sublease to the contrary notwithstanding, all notifications and notices required under this Section 17.2.3 may be delivered to Sublessor's and Sublessee's respective Representatives, and all approvals may be granted and all Change Orders may be executed by Sublessor's and Sublessee's respective Representatives, as provided in Section 17.4. All delays in the finalization of the Issued for Construction Plans caused by Sublessee's request for any revisions to the proposed Issued for Construction Plans will constitute Sublessee Delays hereunder. When Sublessor and Sublessee have approved the final version of the Issued for Construction Plans pursuant to this Section 17.2.3, such approval will be simultaneously confirmed by Sublessor's and Sublessee's completing and executing (by their respective Representatives) an "Approval of Issued for Construction Plans" in substantially the form of the attached Exhibit F-3. The final version of the Issued for Construction Plans as approved by both Sublessor and Sublessee will supersede the Outline Specifications for Sublessee's Improvements except as to any non-construction matters described in the Outline Specifications for Sublessee's Improvements.

17.2.4 Change Orders for Issued for Construction Plans. In the event that any revisions to proposed Issued for Construction Plans constitute Change Orders under Section 17.2.3, then such Change Orders will be documented and confirmed in accordance with Section 17.3.1. Any such Change Orders may contain estimates as to the costs and delays with respect to the changes set forth therein, with the final cost figures and delays then to be set forth in a supplemental Change Order when the same have been finally determined.

17.3 Change Orders. With respect to Sublessee's Improvements, Sublessee may request Change Orders, so long as the same are reasonably acceptable to Sublessor. Anything in this sublease to the contrary notwithstanding, (a) Sublessee (and not Sublessor) will be responsible and liable hereunder for any delay in the construction of Sublessee's Improvements, or any portion thereof, and for any additional costs with respect thereto, to the extent that such delay or additional costs (*i.e.*, Change Order Costs) result from a Change Order; (b) no Change Order will be effected if it is not permitted by applicable building and zoning regulations or other Laws, as the same are then interpreted and enforced by the appropriate authorities having jurisdiction thereof; and (c) no Change Order will be effected unless and until Sublessee has complied with the requirements of Section 17.3.1.

17.3.1 Documentation and Confirmation of Change Orders. Except as expressly set forth in this sublease, Sublessee will confirm (by Sublessee's Representatives) any and all Change Orders under this sublease (including, without limitation, any and all revisions to proposed Issued for Construction Plans that constitute Change Orders under Section 17.2.3), any and all delays resulting from Change Orders (including, without limitation, delays due to Sublessee Delay, Force Majeure, or the revisions themselves that are the subject of the Change Orders), and any and all Change Order Costs, by executing a "Change Order" in substantially the form of the attached Exhibit F-4; provided, however, that Sublessee's confirmation of any and all Change Orders by any other means (including, without limitation, e-mail or other form of electronic or written confirmation) will be binding on Sublessee notwithstanding any failure to execute such attached form of "Change Order."

17.3.2 Change Order Payments. Sublessee will pay any and all Change Order Costs to Sublessor in cash as Additional Rent within 10 Business Days after Sublessor's delivery of invoices therefor, from time to time. Further, before Sublessor proceeds with any work that is the subject of a Change Order, Sublessee will deposit with Sublessor an amount equal to Sublessor's estimate of the Change Order Cost thereof; provided, however, that Sublessee may elect in writing to apply any then unallocated portion of the Improvement Allowance to any such deposit. Following the completion of Sublessee's Improvements, Sublessor (a) will determine the actual Change Order Costs of all Change Orders, (b) will reconcile such actual costs with the payments and deposits (or credits from unallocated portions of the Improvement Allowance) theretofore made by Sublessee, and (c) will notify Sublessee, in writing, of such determination and reconciliation. In the event that such reconciliation shows that the amount of any deposits theretofore made by Sublessee (together with payments and credits from unused portions of the Improvement Allowance) exceeds the actual Change Order Costs of all Change Orders, then the excess will be credited against the Basic Rent payments due hereunder from and after the Commencement Date (beginning with the first Basic Rent

payment due after Sublessor's delivery of the aforesaid reconciliation notification), until the full amount of such excess has been so applied. In the alternative, at Sublessor's sole election, Sublessor will pay the full amount of such excess to Sublessee within 30 days after Sublessor's delivery of the aforesaid reconciliation notification. On the other hand, in the event that such reconciliation shows that the actual Change Order Costs of all Change Orders exceed the amount of the deposits theretofore made by Sublessee (together with credits from any unused portion of the Improvement Allowance), then Sublessee will pay the full amount of such excess to Sublessor within 30 days after Sublessor's delivery of the aforesaid reconciliation notification; provided, however, that Sublessee may elect in writing to apply any then-unused portion of the Improvement Allowance to any such excess.

17.4 Sublessee's Representative; Sublessor's Representative. Sublessee designates _____ as Sublessee's Representative having authority to (a) approve the Issued for Construction Plans; (b) request or approve any Change Order; (c) give and receive all notices, consents, approvals and directions regarding Sublessee's Improvements; and (d) otherwise act for and bind Sublessee in all matters relating to Sublessee's Improvements (including, without limitation, all matters relating to budgets and schedules), and all construction matters relating to the Subleased Premises. Sublessor designates _____ as Sublessor's Representative having authority to (a) submit and approve the Issued for Construction Plans; (b) require or approve any Change Order; (c) give and receive all notices, consents, approvals and directions regarding Sublessee's Improvements; and (d) otherwise act for and bind Sublessor in all matters relating to Sublessee's Improvements (including, without limitation, all matters relating to budgets and schedules), and all construction matters relating to the Subleased Premises. Notwithstanding any provision of this sublease to the contrary, all notices, deliveries, demands, requests or other communications to or from each of Sublessee's Representative and Sublessor's Representative may be delivered and received verbally, telephonically, electronically or in writing, and will not be subject to the provisions of Section 19.1. Further, (y) all actions of Sublessee's Representative within the authority described in this Section 17.4 will be unconditionally binding on Sublessee (regardless of the cost impact thereof); and (z) all actions of Sublessor's Representative within the authority described in this Section 17.4 will be unconditionally binding on Sublessor (regardless of the cost impact thereof).

17.5 Substantial Completion. Sublessor will use commercially reasonable efforts to achieve Substantial Completion of Sublessee's Improvements on or before the Target Commencement Date, subject to delays caused by Sublessee Delays and other Force Majeure. At Sublessor's request, any such Sublessee Delays or Force Majeure will be documented and confirmed in a Change Order that Sublessor and Sublessee will execute.

17.6 Punch List. Not more than 20 days prior to the date on which Sublessor, in good faith, anticipates Substantial Completion of Sublessee's Improvements, Sublessor will notify Sublessee of the date of such anticipated date of Substantial Completion, and of a date on which Sublessor and Sublessee (or their respective representatives) will meet to inspect the Subleased Premises. Within two Business Days after that inspection Sublessor and Sublessee, acting reasonably and in good faith, will develop a "punch list" of any Sublessee's Improvements items that were either not properly completed or are in need of repair. Sublessor will complete (or repair, as the case may be) the items listed on the punch list within 60 days after the "punch list" has been developed, subject to delays caused by Sublessee Delays and other Force Majeure. If Sublessee does not inspect the Subleased Premises with Sublessor as reasonably requested by Sublessor prior to or upon Substantial Completion, Sublessee will be deemed to have accepted the Subleased Premises as delivered, subject to any punch list items Sublessor develops and Sublessee's rights under this Section 17.6.

17.7 Construction Warranty. Sublessor will exercise commercially reasonable efforts to obtain from Sublessor's general contractor a customary and reasonable form of one-year warranty against defective workmanship and materials regarding Sublessee's Improvements.

17.8 Sublessee Finish Work. All finish work and decoration desired by Sublessee, but which is not included within Sublessee's Improvements to be performed by Sublessor as set forth in the approved Issued for Construction Plans, will be designed, furnished and installed by Sublessee at Sublessee's sole expense. Sublessor is under no obligation to perform, inspect, or supervise any such work, and Sublessor will have no liability or responsibility whatsoever therefor.

17.9 Milestone Dates. In order for Sublessor to achieve the scheduled Commencement Date, Sublessee will be required to provide certain definitive information, documentation or other materials on certain specific dates. For all purposes under this sublease, any failure or delay of Sublessee, or those acting for or under Sublessee, to satisfy

any scheduled dates that are set forth in this sublease or of which Sublessee has been given reasonable advance written or oral notice will constitute a Sublessee Delay. Sublessor's execution of this sublease notwithstanding any such pre-existing failure or delay will not be considered to be an acquiescence therein or waiver thereof by Sublessor. In particular, Sublessee's failure to provide Sublessor with a commercially reasonable degree of detail regarding Sublessee's intended installations (such as a final racking layout, a final office layout, and final finish selections) sufficiently in advance of the time or times for Sublessor's intended performance of its obligations under this Article 17 (which time or times may be set forth in a notice to Sublessee's Representative), will be a Sublessee Delay.

Article 18 -- Security Deposit; Guaranty

18.1 Security Deposit. Concurrently with Sublessee's execution of this sublease, Sublessee will deposit with Sublessor the Security Deposit. If an Event of Default occurs, Sublessor may use, apply or retain the whole or any part of the Security Deposit for the payment of any Rent due or any other sum that Sublessor expends by reason of Sublessee's default. Sublessee is not entitled to any interest on the Security Deposit. It is expressly agreed that the Security Deposit is not an advance rental deposit or a measure of Sublessor's damages in the case of Sublessee's default. Upon application of all or any part of the Security Deposit, Sublessee must upon demand restore the Security Deposit to its original amount. No application of the Security Deposit by Sublessor will be deemed to have cured Sublessee's default. Sublessee waives all provisions of Law, now or hereinafter in force, which restrict the amount or types of claim that a sublessor may make upon a security deposit or imposes upon a sublessor (or its successors) any obligation with respect to the handling or return of security deposits. The Security Deposit will be released to Sublessee within 45 days after the surrender of the Subleased Premises to Sublessor subject to any deductions made by Sublessor pursuant to the terms of this sublease.

18.2 Guaranty. Sublessee will deliver to Sublessor, concurrently with Sublessee's execution and delivery of this sublease, one or more guaranty agreements in the form attached as Exhibit G hereto, duly executed by each of the Guarantors listed in the Basic Terms. Sublessee acknowledges that Sublessor would not enter into this sublease with Sublessee on the terms contained herein without the credit support provided by each Guaranty. Sublessee covenants and agrees to maintain each such Guaranty in full force and effect at all times during the Term. If any Guarantor becomes insolvent or otherwise unable to perform under its Guaranty, or if any other event of default occurs under any Guaranty, Sublessee will give Sublessor prompt written notice thereof. Sublessee will take such actions as Sublessor may request to obtain a cure of any Guaranty default and/or to replace such Guaranty with additional security satisfactory to Sublessor (which may include, without limitation and in Sublessor's discretion, additional guaranties, security deposits, letters of credit, or other security) sufficient to provide Sublessor with credit enhancement for this sublease at least equivalent in value to that provided as of the Effective Date. **[The necessity and the identity of a Guarantor remain open pending Sublessor's review of Sublessee's financial data]**

Article 19 -- Miscellaneous Provisions

19.1 Notices. All Notices must be in writing and must be sent by personal delivery, United States registered or certified mail (postage prepaid), by an independent, nationally recognized overnight courier service that guarantees next-day delivery, or by e-mail transmission, or by personal delivery, properly addressed to the addresses specified in the Basic Terms or at such other place as either party may designate to the other party by written notice given in accordance with this Section 19.1. Notices given by mail are deemed delivered within four Business Days after the party sending the Notice deposits the Notice with the United States Post Office. Notices delivered by courier are deemed delivered on the next Business Day after the day the party delivering the Notice timely deposits the Notice with the courier for overnight (next-day) delivery. Notices delivered by e-mail transmission (with proof of transmission) or by personal delivery are deemed delivered on the same day of delivery or transmission, or upon receipt or refusal of delivery. Any party may change its address for the service of notice by giving written notice of such change to the other party, in any manner above specified.

19.2 Transfer of Sublessor's Interest. If Sublessor Transfers (other than for collateral security purposes) its ownership interest in the Subleased Premises, the transferor is automatically relieved of all obligations on the part of Sublessor accruing under this sublease from and after the date of the Transfer, provided that (a) the transferee agrees in writing to assume such obligations, and (b) the transferor delivers or credits to the transferee any funds the transferor holds in which Sublessee has an interest (such as a security deposit). Sublessor's covenants and obligations in this sublease bind each successive Sublessor only during and with respect to its respective period of

ownership. However, notwithstanding any such Transfer, the transferor remains entitled to the benefits of Sublessee's releases and indemnity and insurance obligations (and similar obligations) under this sublease with respect to matters arising or accruing during the transferor's period of ownership.

19.3 Successors. Subject to the express provisions of this sublease, the covenants and agreements contained in this sublease bind and inure to the benefit of Sublessor, its successors and assigns, bind Sublessee and its successors and assigns and inure to the benefit of Sublessee and its permitted successors and assigns.

19.4 Captions and Interpretation. The captions of the articles and sections of this sublease are to assist the parties in reading this sublease and are not a part of the terms or provisions of this sublease. Whenever required by the context of this sublease, the singular includes the plural and the plural includes the singular.

19.5 Relationship of Parties. This sublease does not create, between the parties to this sublease, the relationship of principal and agent, or of partnership or joint venture, or any other association or relationship, other than that of sublessor and sublessee.

19.6 Entire Agreement; Amendment. The Basic Terms and all exhibits, addenda and schedules attached to this sublease are incorporated into and made a part of this sublease as though fully set forth in this sublease and together with this sublease contain the entire agreement between the parties with respect to the improvement and leasing of the Subleased Premises. All prior and contemporaneous negotiations, including, without limitation, any letters of intent or other proposals and any drafts and related correspondence, are merged into and superseded by this sublease. No subsequent alteration, amendment, change or addition to this sublease (other than to the Property Rules) is binding on Sublessor or Sublessee unless it is in writing and signed by the party against whom its enforcement is sought.

19.7 Severability. If any covenant, condition, provision, term or agreement of this sublease is, to any extent, held invalid or unenforceable, the remaining portion thereof and all other covenants, conditions, provisions, terms and agreements of this sublease will not be affected by such holding, and will remain valid and in force to the fullest extent permitted by law.

19.8 Sublessor's Limited Liability. Sublessee will look solely to Sublessor's interest in the Property for recovering any judgment or collecting any obligation from Sublessor or any other Sublessor Party. Sublessee agrees that neither Sublessor nor any other Sublessor Party will be personally liable for any judgment or deficiency decree. In no event is Sublessor or any Sublessor Party liable to Sublessee or any other person for consequential, indirect, special or punitive damages.

19.9 Survival. All of Sublessee's obligations under this sublease accruing prior to expiration or other termination of this sublease, or that this sublease contemplates are to survive termination, will survive the expiration or other termination of this sublease until fully paid and/or performed by Sublessee. Interest on surviving payment obligations will continue to accrue at the rates stated in this sublease until fully paid. Further, all of Sublessee's releases and indemnification, defense and hold harmless obligations under this sublease survive the expiration or other termination of this sublease until any possible Claims to which the same might apply have been absolutely barred by all applicable statutes of limitation.

19.10 Attorneys' Fees. If either Sublessor or Sublessee commences any litigation or judicial action to determine or enforce any of the provisions of this sublease, the substantially prevailing party in any such litigation or judicial action is entitled to recover all of its costs and expenses (including, without limitation, reasonable attorneys' fees, costs and expenditures) from the non-prevailing party.

19.11 Brokers. Sublessor and Sublessee each represents and warrants to the other that it has not had any dealings with any realtors, brokers, finders or agents in connection with this sublease (except as may be specifically set forth herein) and each releases and agrees to indemnify the other from and against any Claims based on the failure or alleged failure to pay any realtors, brokers, finders or agents (other than any brokers specified herein) and from any cost, expense or liability for any compensation, commission or changes claimed by any realtors, brokers, finders or agents (other than any brokers specified herein) claiming by, through or on behalf of it with respect to this sublease

or the negotiation of this sublease. Sublessor will pay any brokers named in the Basic Terms in accordance with the applicable agreements executed by Sublessor for the Property.

19.12 Sublessee's Waiver. To the fullest extent allowable under the Laws, Sublessee agrees that the Sublessor Parties are not liable to Sublessee or any other person for, and Sublessee releases the Sublessor Parties from and waives, any and all Claims resulting or arising, directly or indirectly, from (a) any existing or future breakage, defect, insufficiency, inadequacy, malfunction, interruption, failure, breakdown or similar problem in the Subleased Premises or on the Property; (b) any equipment, system or appurtenance becoming out of repair, malfunctioning or failing to function; or (c) any occurrence, event, situation, Casualty, activity, injury, emergency, condition or happening whatsoever at the Property, regardless of whether insured or insurable. This agreement, waiver and release applies regardless of whether the Claim arises (i) from personal injury, property damage, or otherwise; (ii) from the act, omission, negligence, fault or misconduct of other sublessees or occupants of the Property or any other person whatsoever; and/or (iii) from Force Majeure, or any other cause or reason whatsoever. Nothing in this Section 19.12, however, relieves Sublessor from any liability to Sublessee (A) for the breach of any obligation of Sublessor that is expressly set forth in this sublease; or (B) with respect to any remedy of Sublessee that may be specifically and expressly set forth elsewhere in this sublease.

19.13 Governing Law. This sublease is governed by, and must be interpreted under, the internal laws of the State. Any suit against Sublessor or Sublessee relating to this sublease must be brought in the county in which the Property is located or, if the suit is brought in federal court, in any federal court appropriate for suits arising in such county; Sublessor and Sublessee waive the right to bring suit against each other elsewhere.

19.14 Time is of the Essence. Time is of the essence with respect to the performance of every provision of this sublease in which time of performance is a factor.

19.15 Joint and Several Liability. All parties signing this sublease as Sublessee and any Guarantor(s) of this sublease are jointly and severally liable for performing all of Sublessee's obligations under this sublease.

19.16 Independent Obligations. Except for any right of offset or abatement that may be expressly and specifically set forth in this sublease, Sublessee's covenants and obligations to pay Rent are independent from any of Sublessor's covenants, obligations, warranties or representations in this sublease.

19.17 Sublessee's Authority. Sublessee and each individual signing this sublease on behalf of Sublessee represents and warrants that they are duly authorized to sign on behalf of and to bind Sublessee and that this sublease is a duly authorized, binding and enforceable obligation of Sublessee.

19.18 Force Majeure. Regardless of whether expressly set forth in this sublease with respect to any or more particular provisions hereof, if Sublessor is delayed in or prevented from performing any obligation under this sublease (excluding, however, the payment of money) by reason of Force Majeure, Sublessor's performance of such obligation will be excused for a period equal to the period of delay actually caused by the Force Majeure event.

19.19 Management. Property Manager is authorized to manage the Property. Sublessor appointed Property Manager to act as Sublessor's agent for leasing, managing and operating the Property. The Property Manager then serving is authorized to take actions and give notices and demands under this sublease on Sublessor's behalf.

19.20 Financial Statements. Sublessee will, without charge to Sublessor, at any time and from time to time within 10 days after written request by Sublessor, deliver to Sublessor copies of Sublessee's audited financial statement for the then most recently ended fiscal year of Sublessee, and for the preceding two fiscal years, including the certification of its auditor and any and all auditors' notes thereto, and the similar financial statement of any and all Guarantors. The aforesaid financial statements must be prepared according to generally accepted accounting principles consistently applied and must include, without limitation, Sublessee's (and, if applicable, Guarantors') balance sheet, income statement, cash flow statement, statement of sources and uses and such other statements reasonably requested by Sublessor. Such financial statements must also be certified by an independent certified public accountant or by Sublessee's (or Guarantor's, as the case may be) chief financial officer that the same are a true, complete and correct statement of Sublessee's (or Guarantor's) financial condition as of the date of such financial statements. Sublessor will use its reasonable commercial efforts to limit the number of times it requests the

information described in this Section 19.20 to not more than two times during any single year during the Term. Sublessor will be entitled to provide copies or otherwise disclose all such financials statements to actual or prospective lenders, purchasers, joint venture partners or other business associates, and their respective attorneys, accountants, brokers and other advisors.

19.21 No Recording; Digital Image. Sublessee will not record this sublease or any memorandum of this sublease. Sublessor and Sublessee agree to accept a digital image of this sublease, as executed, as a true and correct original and admissible for the purposes of state law, Federal Rule of Evidence 1002, and like statutes and regulations.

19.22 Nondisclosure of Lease Terms. The terms and conditions of this sublease constitute proprietary information of Sublessor that Sublessee will keep confidential. Sublessee's disclosure of the terms and conditions of this sublease could adversely affect Sublessor's ability to negotiate other leases and impair Sublessor's relationship with other sublessees. Accordingly, Sublessee will not, directly or indirectly, disclose the terms and conditions of this sublease to any other sublessee or prospective sublessee of the Property or to any other person or entity other than Sublessee's employees, accountants, attorneys, real estate consultants and agents who have a legitimate need to know such information (and who will also keep the same in confidence) unless, and only to the extent, any such disclosure is required by law or appropriate judicial order.

19.23 Construction of Lease and Terms. The terms and provisions of this sublease are the result of negotiations between Sublessor and Sublessee, each of which are sophisticated parties and each of which has been represented or been given the opportunity to be represented by legal counsel and/or other advisors of its own choosing, and neither of which has acted under any duress or compulsion, whether legal, economic or otherwise. Consequently, the terms and provisions of this sublease are to be interpreted and construed in accordance with their usual and customary meanings, and Sublessor and Sublessee each waive the application of any rule of law that ambiguous or conflicting terms or provisions are to be interpreted or construed against the party who drafted the same. Sublessor's submission of this instrument to Sublessee in draft or final form for examination or signature does not constitute any reservation of, or agreement or option to lease, the Subleased Premises. When executed by Sublessee and delivered to Sublessor, this sublease will be construed as an offer from Sublessee to lease the Subleased Premises on the terms set forth in this sublease. Sublessee's offer to lease may be accepted, and a binding agreement between Sublessee and Sublessor created, only by Sublessor's execution of this sublease and delivery of the fully-executed Lease to Sublessee. Once so delivered by Sublessor, this sublease will be deemed effective as of the Effective Date.

19.24 Anti-Terrorism Representation. Neither Sublessee nor any of its affiliates or constituents nor, to the best of Sublessee's knowledge, any brokers or other agents of same, have engaged in any dealings or transactions, directly or indirectly, (i) in contravention of any U.S., international or other money laundering regulations or conventions, including without limitation, the United States Bank Secrecy Act, the United States Money Laundering Control Act of 1986, the United States International Money Laundering Abatement and Anti-Terrorist Financing Act of 2001, Trading with the Enemy Act (50 U.S.C. § 1 et seq., as amended), or any foreign asset control regulations of the United States Treasury Department (31 CFR, Subtitle B, Chapter V, as amended) or any enabling legislation or executive order relating thereto, or (ii) in contravention of the Anti-Terrorism Order or on behalf of terrorists or terrorist organizations, including those persons or entities that are included on any relevant lists maintained by the United Nations, North Atlantic Treaty Organization, Organization of Economic Cooperation and Development, Financial Action Task Force, U.S. Office of Foreign Assets Control, U.S. Securities & Exchange Commission, U.S. Federal Bureau of Investigation, U.S. Central Intelligence Agency, U.S. Internal Revenue Service, or any country or organization, all as may be amended from time to time. Neither Sublessee nor any of its affiliates or constituents nor, to the best of Sublessee's knowledge, any brokers or other agents of same, (i) are or will be-conducting any business or engaging in any transaction with any person appearing on the U.S. Treasury Department's Office of Foreign Assets Control list of restrictions and prohibited persons, or (ii) are a person described in Section 1 of the Anti-Terrorism Order, and to the best of Sublessee's knowledge neither Sublessee nor any of its affiliates have engaged in any dealings or transactions, or otherwise been associated with any such person. If at any time this representation becomes false then it shall be considered a default under the Lease, and Sublessor shall have the right to exercise all of the remedies set forth in the Lease upon an Event of a Default or to terminate the Lease immediately.

19.25 Waiver of Jury Trial. UNLESS PROHIBITED BY LAW, SUBLESSOR AND SUBLESSEE WAIVE ALL RIGHT TO TRIAL BY JURY IN ANY CLAIM, ACTION, PROCEEDING OR COUNTERCLAIM BY EITHER PARTY AGAINST THE OTHER OF ANY MATTERS ARISING OUT OF OR IN ANY WAY

CONNECTED WITH THIS SUBLEASE OR SUBLESSEE'S USE OR OCCUPANCY OF THE SUBLEASED PREMISES. SUBLESSOR AND SUBLESSEE ACKNOWLEDGE AND AGREE THAT (A) THIS IS AN INTEGRAL PART OF THE LEASE; (B) THE OTHER PARTY HERETO WOULD NOT ENTER INTO THIS SUBLEASE BUT FOR THE MUTUAL AGREEMENT TO THIS WAIVER; AND (C) NEITHER PARTY NOR ANYONE ACTING ON SUCH PARTY'S BEHALF HAS MADE ANY REPRESENTATION OR OTHER STATEMENT THAT THIS PROVISION WILL NOT BE ENFORCED TO THE FULLEST EXTENT PERMITTED BY LAW.

19.26 Counterparts; Electronic Transmission. This sublease may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument. To facilitate execution of this sublease, the parties may execute and deliver counterparts hereof (or counterparts of the signature page or pages hereof) by facsimile or electronic transmission, and such facsimile or electronically transmitted counterparts will be binding and enforceable to the same extent as originals thereof.

Article 20 – Title VI

During the Term, Sublessee, for itself, its assignees, and successors in interest agrees as follows:

20.1 Compliance with Regulations. Subessee will comply with the Title VI List of Pertinent Non-Discrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this Lease.

20.1 Non-Discrimination. Sublessee, with regard to the work performed by it during Lease, will not discriminate on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment. Lessee will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.

20.3 Solicitations for Subcontracts, Including Procurements of Materials and Equipment. In all solicitations, either by competitive bidding, or negotiation made by Sublessee for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by Sublessee of Sublessee's obligations under this Sublease and the Non-discrimination Acts And Authorities on the grounds of race, color, or national origin.

20.4 Information and Reports. Sublessee will provide all information and reports required by the Acts, the Regulations and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by Sublessor, Primary Lessor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of Sublessee is in the exclusive possession of another who fails or refuses to furnish the information, Sublessee will so certify to Sublessor, Primary Lessor or the Federal Aviation Administration as appropriate, and will set forth what efforts it has made to obtain the information.

20.5 Sanctions for Noncompliance. In the event of Sublessee's noncompliance with the Nondiscrimination provisions of this Sublease, Sublessor and/or Primary Lessor will impose such default remedies as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:

(a) withholding payments, if any, to Sublessee under the Sublease until Sublessee complies; and/or

(b) cancelling, terminating, or suspending the Sublease, in whole or in part.

20.6 Incorporation of Provisions. Sublessee will include the provisions of this Article 20 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations

and directives issued pursuant thereto. Sublessee will take action with respect to any subcontract or procurement as the sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if Sublessee becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, Sublessee may request Primary Lessor to enter into any litigation to protect the interests of Primary Lessor. In addition, Sublessee may request the United States to enter into the litigation to protect the interests of the United States.

Name: _____
Its: _____

Exhibit A -- Definitions

"**ADA**" means the accessibility requirements of Title III of the applicable provisions of the Americans with Disabilities Act of 1990, as amended.

"**Additional Rent**" means any charge, fee or expense (other than Basic Rent) payable by Sublessee under this sublease, however denoted.

"**Affiliate**" means, with respect to any person or entity, any other person or entity that, directly or indirectly, controls, is controlled by or is under common control with such person or entity. For purposes of this definition, "control" means possessing the power to direct or cause the direction of the management and policies of the entity.

"**Alteration**" means any change, alteration, addition or improvement to the Subleased Premises or Property.

"**Anti-Terrorism Order**" means Executive Order No. 13224 dated September 24, 2001, issued by the President of the United States (Executive Order Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism), as may be amended or supplemented from time to time.

"**Bankruptcy Code**" means the United States Bankruptcy Code as the same now exists and as the same may be amended, including, without limitation, any and all rules and regulations issued pursuant to or in connection with the United States Bankruptcy Code now in force or in effect after the Effective Date.

"**Basic Rent**" means the basic rent payable by Sublessee under this sublease, initially in the amounts specified in the Basic Terms.

"**Basic Terms**" means the terms of this sublease identified as the "Basic Terms" located before Article 1.

"**Building**" means that certain industrial/warehouse building now existing on the Land.

"**Business Days**" means any day other than Saturday, Sunday or a legal holiday in the State.

"**Casualty**" means any physical loss, destruction or damage to property that is caused by (a) fire, windstorm, hail, lightning, vandalism, theft, explosion, collision, accident, flood, earthquake, collapse, or any other peril (including, without limitation, malfunctions or failures of equipment, machinery, sprinkling devices, or air conditioning, heating or ventilation apparatus; occurrences or presence of water, snow, frost, steam, gas, sewage, sewer backup, odors, noise, hail or excessive heat or cold; broken or falling plaster, ceiling tiles, fixtures or signs; broken glass; or the bursting or leaking of pipes or plumbing fixtures); or (b) any other event, occurrence, peril or cause whatsoever, whether similar or dissimilar to the foregoing, whether foreseeable or unforeseeable, and regardless of whether covered or coverable by insurance. "Casualty" does not include (i) any waste or excessive or unreasonable wear and tear, (ii) any loss, destruction or damage arising or resulting from the placement, disposal or release of Hazardous Materials in, on, under, about, or from the Property by either Sublessor or Sublessee, or (iii) reasonable wear and tear to the Subleased Premises, Property or Sublessor's Personal Property resulting from the uses permitted under this sublease.

"**Certificate of Occupancy**" means a certificate of occupancy, governmental sign-off or other document, permit or approval (whether conditional, unconditional, temporary or permanent) that must be obtained by Sublessor from the appropriate governmental authority as a condition to the lawful initial occupancy by Sublessee of the Subleased Premises or any applicable portion thereof.

"**Change Order**" means a written order prepared by or on behalf of Sublessor, and approved in writing by Sublessee (acting through Sublessee's Representative), stating in detail the change in the work, and, if appropriate, the increase or decrease to the scope of work, and any anticipated change in the scheduled date for the construction thereof or any change in the cost thereof resulting therefrom; provided, however, that any change in the work generally described in the Outline Specifications for Sublessee's Improvements or the Space Plan, and any revisions in the Issued for Construction Plans (either as initially proposed or as finalized) that would effect a change from the work generally described in the Outline Specifications for Sublessee's Improvements or the Space Plan, or in the theretofore

finalized Issued for Construction Plans, will constitute a Change Order hereunder, regardless of whether Sublessee approves, in writing, a change order in regard thereto. In the event any Change Order is required (a) by any governmental agency with jurisdiction over the work, (b) as a result of field conditions that cannot be reasonably avoided, (c) to substitute reasonably equivalent materials to avoid unanticipated delays, strikes or shortages, then Sublessor will be authorized (without Sublessee's foregoing approval) to make such changes at Sublessee's sole cost and expense and will provide written notice to Sublessee, or (d) with respect to allowances set forth in the Outline Specifications for Sublessee's Improvements for items identified therein, then Sublessor will be authorized (without Sublessee's foregoing approval) to make such changes at Sublessee's sole cost and expense and will provide written notice to Sublessee.

"**Change Order Costs**" means the sum of (a) all actual so-called "hard" construction costs of the Change Orders, including, without limitation, the cost of all materials, labor, equipment, hoisting, insurance, taxes and permits related thereto (all of which will be documented and verifiable); (b) all actual so-called "soft" costs in connection with the Change Orders, including, without limitation, all architect's, engineer's and design fees, and all fees and costs relating to the review and approval thereof; (c) the actual cost of all on-site and off-site project management time and other general conditions (including, without limitation, the general contractor's fee) in connection with the Change Orders; and (d) a fee equal to 10% of all of the costs described in the foregoing clauses (a), (b) and (c), which fee will be in lieu of overhead and profit, any other construction management fees, and any other fees to Sublessor. All of the aforesaid actual costs will also include, without limitation, the aggregate of all interest costs actually incurred by Sublessor arising in connection with any resultant delays and any and all enforceable payment obligations under those contracts or modifications to contracts entered into by Sublessor or its subcontractors, that are necessary to effectuate the Change Order. Anything in this sublease to the contrary notwithstanding, Change Order Costs will include, without limitation, all costs (calculated and determined in accordance with the foregoing) that exceed the allowances set forth in the Outline Specifications for Sublessee's Improvements for certain items identified therein.

"**Claims**" means all claims, actions, demands, liabilities, damages, costs, penalties, forfeitures, losses or expenses including, without limitation, reasonable attorneys' fees and the costs and expenses of enforcing any obligation under this sublease. For purposes of all indemnification obligations under this sublease, the term "Claims" will mean only third-party Claims.

"**Commencement Date**" means the earliest of (a) Substantial Completion of Sublessee's Improvements in the Subleased Premises, (b) the date Sublessee commences business operations in the Subleased Premises, or (c) the date Substantial Completion of Sublessee's Improvements in the Subleased Premises would have occurred but for Sublessee Delay; provided, however, that the Commencement Date will not be earlier than the Target Commencement Date specified in the Basic Terms unless Sublessee commences business operations in the Subleased Premises before such Target Commencement Date.

"**Common Area**" means the parking area, driveways, landscaped areas, Building electrical/sprinkler room, and other areas of the Property outside of the Subleased Premises that Sublessor may designate from time to time as common area.

"**Condemning Authority**" means any person or entity with a statutory or other power of eminent domain.

"**Deciding Appraiser**" means an appraiser who will select the Fair Market Basic Rent in the manner set forth in Section 1.6.1.

"**Effective Date**" means the date set forth as such by Sublessor when Sublessor executes this sublease, as indicated on the signature page.

"**Estoppel Addressee**" means any one or more of Sublessor or any lender, prospective lender, investor or purchaser of all or any part of the Property.

"**Event of Default**" means the occurrence of any of the events specified in Section 14.1, or the occurrence of any other event that this sublease expressly labels as an "Event of Default."

"**Fair Market Basic Rent**" means the fair market base rental rate for the Subleased Premises for the applicable extension period in relation to comparable (in quality, location and size) space located in the Building and/or the _____, _____ submarket, with due consideration given to the following factors regarding the Subleased Premises and Sublessee, on the one hand, and the comparable space(s) and sublessee(s), on the other hand: (a) the financial condition of the sublessee; (b) the location, quality and age of the building(s); (c) the extent and quality of leasehold improvements (existing or to be provided) in the Subleased Premises; (d) rent abatements, if any; (e) the location of the Subleased Premises within the building; (f) the length of the term; (g) the nature and extent of services provided by the sublessor; (h) expense stops, if any; (i) any other concessions given; and (j) other pertinent factors.

"**Force Majeure**" means acts of God; strikes; lockouts; labor troubles; inability to procure, or unanticipated delays in the procurement of, materials; inclement weather; governmental laws or regulations; war or other national or state emergency (including, without limitation, plagues, epidemics, quarantines, pandemics, orders or other matters related to COVID-19, or any matters similar or related to any one or more thereof); casualty; orders, directives, restrictions, regulations, controls, actions or inactions of any legislative, administrative, judicial or other governmental body or department (including, without limitation, any inability or delays in obtaining required approvals, permits or governmental signoffs, which are beyond the reasonable expectation of the party seeking or requiring the same, and which do not directly result from the commercially unreasonable action, inaction or delay of such party); any licenses, permissions or authorities (despite commercially reasonable pursuit of such licenses, permissions or authorities); and other similar or dissimilar causes beyond Sublessor's reasonable control (including, without limitation, Sublessee Delays). Sublessor and Sublessee acknowledge and agree that (a) as of the Effective Date, a national or regional pandemic, quarantine and other conditions exist that are related to COVID-19; (b) the impact of such pandemic, quarantine and other conditions on the parties' respective rights and obligations under this sublease is not yet fully known; and (c) the execution and delivery of this sublease with the knowledge of such ongoing pandemic, quarantine and other conditions will in no way whatsoever preclude, impair or other adversely affect the relief to which Sublessor or Sublessee is entitled as a result of the same being a Force Majeure event (*i.e.*, just as though such ongoing pandemic, quarantine and other conditions had not existed as of the date of this sublease). Anything in this definition or elsewhere in this sublease to the contrary notwithstanding, Force Majeure will not (i) permit Sublessee to hold over in the Subleased Premises after the expiration or earlier termination of this sublease, or (ii) excuse, or extend any time period for the performance of, any of Sublessee's obligations to pay Rent, to comply with Articles 5 or 10, or not to interfere with another occupant's use, occupancy or enjoyment of its Subleased Premises at the Property.

"**Guarantor**" means any person or entity at any time providing a guaranty of all or any part of Sublessee's obligations under this sublease.

"**Guaranty**" means each guaranty agreement referenced in Section 18.2.

"**Improvement Allowance**" means the allowance provided by Sublessor to Sublessee to be applied to the cost of Sublessee's Improvements, as specified in the Basic Terms.

"**Issued for Construction Plans**" means the final issued for construction working drawings and specifications that Sublessor will initially prepare and submit to Sublessee, and that will be finalized in accordance with Section 17.2.3.

"**Land**" means that certain real property legally described on the attached Exhibit B.

"**Sublessor**" means only the owner or owners of the Property at the time in question.

"**Sublessor Parties**" means Sublessor, Property Manager, their Affiliates, any mortgage lender regarding the Property, and their respective officers, directors, partners, shareholders, members, managers and employees.

"**Sublessor's Improvements**" means those certain base building/shell improvements that are generally described in the Outline Specifications for Sublessor's Improvements and the Site Plan.

"**Sublessor's Personal Property**" means any trade fixtures, inventory, equipment, vehicles, or other personal property of any type or kind located at or about the Property that is owned or leased by, or is otherwise under the care, custody or control of, Sublessor or its agents, employees, contractors, or invitees.

"**Sublessor's Representative**" means the individual who is identified in Section 17.4 as being authorized to act on behalf of Sublessor for the purposes described in Section 17.4, and such other or different persons as Sublessor may hereafter identify in a written notice to Sublessee delivered in accordance with Section 19.1, as being authorized to act on behalf of Sublessor for the purposes described in Section 17.4.

"**Sublessor's Unreleased Casualty Claims**" means any uninsured loss or deductible amount Sublessor incurs as a result of any Casualty to the Subleased Premises, Property or Sublessor's Personal Property that is caused by the negligent acts or omissions of Sublessee, up to a maximum of $50,000 (to be increased 3% per year for inflation during the Term) for any single occurrence.

"**Laws**" means any law, regulation, rule, order, statute or ordinance of any governmental or private entity in effect on or after the Effective Date and applicable to the Property or the use or occupancy of the Property, including, without limitation, Environmental Laws, Property Rules and Permitted Encumbrances; provided, however, that with respect to Sublessor's construction obligations, "Laws" will mean only any applicable building code and the dimensional aspects of any applicable zoning ordinances, except as otherwise expressly provided herein.

"**Lease**" means this Multi-Sublessee Warehouse Lease Agreement, as the same may be amended or modified from time to time after the Effective Date.

"**Major Alterations**" means Alterations involving any modifications to, or effect on, (a) the structural, mechanical, electrical, plumbing, fire/life safety or heating, ventilating and air conditioning systems of the Building, or (b) any portion of the Property outside of the interior of the Subleased Premises.

"**Maximum Rate**" means interest at a per annum rate equal to four percentage points in excess of the "prime rate" of interest from time to time published in *The Wall Street Journal* (or, if it is not then in existence or not then publishing a "prime rate" of interest, its successor, or if neither is then in existence not then publishing a "prime rate" of interest, another reasonably comparable financial publication selected by Sublessor), from the date when the same is due until the same has been paid; provided, however, that if such rate exceeds the maximum interest rate permitted by law, such rate will be reduced to the highest rate allowed by law under the circumstances.

"**Mortgage**" means any mortgage, deed of trust, security interest or other security document of like nature that at any time may encumber all or any part of the Property and any replacements, renewals, amendments, modifications, extensions or refinancings thereof, and each advance (including future advances) made under any such instrument.

"**Net Rent**" means all Rent that Sublessor actually receives from any re-letting of all or any part of the Subleased Premises, after first deducting the Re-Entry Costs and any other amounts owed by Sublessee to Sublessor.

"**Notices**" means all notices, deliveries, demands or requests that may be or are required to be given, provided, demanded or requested by either party to the other as provided in this sublease, excluding communications by Sublessor regarding Sublessee's Improvements that are made to the "Sublessee Representative" appointed by Sublessee under Article 17.

"**Operating Expenses**" means, subject to the exclusions listed below, all costs, expenses and charges that Sublessor pays or incurs in connection with managing, maintaining, repairing and operating the Property, as reasonably determined by Sublessor, including, without limitation, the following:

(a) insurance premiums and deductible amounts under any insurance policy;

(b) electricity, water, sewer, gas and other utility charges;

(c) lawn care and landscaping;

(d) re-painting, re-striping, seal-coating, cleaning, sweeping, patching and repairing paved surfaces;

(e) snow removal;

(f) maintenance and repair of the Building and Common Areas;

(g) rubbish removal and other services provided to the Property;

(h) property association fees, dues, assessments and other payments under any Permitted Encumbrance (except Mortgages);

(i) wages, benefits and other related costs and expenses payable to and associated with persons at the level of manager and below whose duties are connected with managing, maintaining, repairing and operating the Property (but only for the portion of such persons' time allocable to the Property);

(j) uniforms, supplies, materials, lighting systems (including bulbs, poles and fixtures) and equipment used in connection with managing, maintaining, repairing and operating the Property;

(k) replacements required for the normal maintenance, repair and operation of the Property;

(l) reasonable management fees;

(m) capital improvements installed by Sublessor either (i) to comply with changes in Laws or the interpretation or enforcement thereof occurring after the Effective Date, or (ii) with a reasonable expectation of reducing energy costs or other Operating Expenses; provided that in computing Operating Expenses Sublessor will amortize the cost of such capital improvements (including reasonable charges for interest on the unamortized amount) over the shorter of (A) their useful life (as reasonably determined by Sublessor), and (B) five years;

(n) costs, expenses and charges incurred by Sublessor in connection with public rights of way or other public facilities, easements or other appurtenances to the Property; and

(o) such other costs, expenses and charges as may ordinarily be incurred in connection with managing, maintaining, repairing and operating an industrial/warehouse complex similar to the Property.

"Operating Expenses" do not include the following:

(aa) the cost of capital improvements to the Property, except as provided in clause (m) above;

(bb) marketing costs, leasing commissions and sublessee expenses Sublessor incurs in connection with leasing or procuring sublessees or renovating space for new or existing sublessees;

(cc) legal expenses incident to Sublessor's enforcement of any lease;

(dd) interest or principal payments on any Mortgage of Sublessor;

(ee) any expense for which Sublessor is directly reimbursed by another sublessee other than as an Operating Expense;

(ff) the cost of any repairs, restoration or other work for which Sublessor is directly reimbursed by insurance proceeds or Taking awards;

(gg) any amount paid for products or services to an entity that is an Affiliate of Sublessor, but only to the extent such amount exceeds the fair market value of such services and products;

(hh) the costs of any utilities that are separately metered to the Subleased Premises or to another sublessee's Subleased Premises;

(ii) any fines or penalties imposed on Sublessor for failing to timely perform its obligations under this sublease;

(jj) salaries of employees not related to the management, operation, repair or maintenance of the Property;

(kk) any rent payable under the Primary Lease or any other ground lease now or hereafter affecting the Property;

(ll) expenses resulting from any violation by Sublessor of the terms of any lease of space in the Building;

(mm) any bad debt loss, rental loss, or reserves for bad debts or rental loss;

(nn) costs (other than the cost of routine maintenance and monitoring) of remediation of Hazardous Materials that are in or on the Property as of the Effective Date and that are classified as Hazardous Materials under Laws in effect as of the Effective Date; or

(oo) any costs that would allow Sublessor a "double recovery" of any other costs for which Sublessor is directly reimbursed other than as an Operating Expense.

"**Outline Specifications for Sublessor's Improvements**" means those certain outline specifications set forth in the attached Exhibit F.

"**Outline Specifications for Sublessee's Improvements**" means those certain outline specifications set forth in the attached Exhibit F-1.

"**Permitted Encumbrances**" means all easements, declarations, encumbrances, covenants, conditions, reservations, restrictions and other matters now or after the Effective Date affecting title to the Property.

"**Subleased Premises**" means that certain space situated in the Building shown and designated on the Site Plan and described in the Basic Terms.

"**Property**" means, collectively, the Land, Building and all other improvements on the Land.

"Property Expenses" means the total amount of Property Taxes and Operating Expenses due and payable with respect to the Property.

"**Property Manager**" means the property manager named in the Basic Terms or any successor property manager Sublessor may appoint from time to time to manage the Property.

"**Property Rules**" means those certain rules set forth on the attached Exhibit E, as Sublessor may amend the same from time to time.

"**Property Taxes**" means any general real property tax, improvement tax, assessment, special assessment, reassessment, in lieu tax, levy, charge, penalty or similar imposition imposed by any authority having the direct or indirect power to tax, including, without limitation, (a) any city, county, state or federal entity, (b) any school, agricultural, lighting, drainage or other improvement or special assessment district, (c) any governmental agency, or (d) any private entity having the authority to assess the Property under any of the Permitted Encumbrances. The term "Property Taxes" includes, without limitation, all charges or burdens of every kind and nature Sublessor incurs in

connection with using, occupying, owning, operating, leasing or possessing the Property, without particularizing by any known name and whether any of the foregoing are general, special, ordinary, extraordinary, foreseen or unforeseen; any tax or charge for fire protection, street lighting, streets, sidewalks, road maintenance, refuse, sewer, water or other services provided to the Property. The term "Property Taxes" does not include Sublessor's state or federal income, franchise, estate or inheritance taxes. If Sublessor is entitled to pay, and elects to pay, any of the above listed assessments or charges in installments over a period of two or more calendar years, then only such installments of the assessments or charges (including interest thereon) as are actually paid in a calendar year will be included within the term "Property Taxes" for such calendar year.

"**Re-Entry Costs**" means all costs and expenses Sublessor incurs re-entering or reletting all or any part of the Subleased Premises after an Event of Default, including, without limitation, all costs and expenses Sublessor incurs (a) maintaining or preserving the Subleased Premises; (b) recovering possession of the Subleased Premises, removing persons and property from the Subleased Premises and storing such property (including court costs and reasonable attorneys' fees); (c) renovating or altering the Subleased Premises; and/or (d) reletting the Subleased Premises (including, without limitation, real estate commissions, advertising expenses and similar expenses paid or payable in connection with reletting all or any part of the Subleased Premises). "Re-Entry Costs" also includes the value of free rent and other concessions Sublessor gives in connection with re-entering or reletting all or any part of the Subleased Premises.

"**Rent**" means, collectively, Basic Rent and Additional Rent.

"**Rent Tax**" means any tax or excise on rents and all other sums and charges required to be paid by Sublessee under this sublease, any margin tax, gross receipts tax, transaction privilege tax or other tax, however described, that is levied or assessed by the United States of America, the State or any city, municipality or political subdivision thereof, against Sublessor in respect to the Basic Rent, Additional Rent or other charges payable under this sublease or as a result of Sublessor's receipt of such rents or other sums or charges accruing under this sublease; provided, that "Rent Tax" does not include any federal, state or local income tax or other tax, however denominated, that is applied to or measured by the net income of Sublessor.

"**Representative**" means either Sublessor's Representative or Sublessee's Representative, and "**Representatives**" means both Sublessor's Representative and Sublessee's Representative.

"**Security Deposit**" means the security deposit to be provided to Sublessor in the amount set forth in the Basic Terms.

"**Site Plan**" means the site plan set forth on the attached Exhibit C.

"**Space Plan**" means that certain space plan for Sublessee's Improvements set forth in Exhibit F-2 attached hereto and made a part hereof.

"**State**" means the State in which the Property is located.

"**Substantial Completion**" means either (a) the issuance of a Certificate of Occupancy (or all approvals required for the issuance thereof) for the Subleased Premises, thereby allowing Sublessee the lawful ability to occupy the Subleased Premises, or (b) if a Certificate of Occupancy is not required as a condition to Sublessee's lawful occupancy of the Subleased Premises, the substantial completion (subject to punch list items) of Sublessee's Improvements for the Subleased Premises, as confirmed in writing by Sublessor's architect; provided, however, that if either (a) or (b) is delayed or prevented because of any Sublessee Delays or work for which Sublessee is responsible to perform in the Subleased Premises, "Substantial Completion" means the performance, subject to punch list items, of all of Sublessor's work that is necessary for either (a) or (b) to occur (or would have been performed were it not for Sublessee Delays) and Sublessor has made the Subleased Premises available to Sublessee for the performance of Sublessee's work (or would have made the Subleased Premises so available were it not for Sublessee Delays).

"**Taking**" means the exercise by a Condemning Authority of its power of eminent domain on all or any part of the Property, either by accepting a deed in lieu of condemnation or by any other manner.

"**Target Commencement Date**" means the target date for Sublessor's delivery of the Subleased Premises to Sublessee with Sublessee's Improvements having been Substantially Completed, which target date is specified in the Basic Terms.

"**Sublessee**" means the sublessee identified in this sublease and such sublessee's permitted successors and assigns. In any provision relating to the conduct, acts or omissions of "Sublessee," the term "Sublessee" includes the sublessee identified in this sublease and such sublessee's agents, employees, contractors, invitees, successors, assigns and others using the Subleased Premises or on the Property with Sublessee's express or implied permission.

"**Sublessee Damage**" means any loss, destruction or damage to the Subleased Premises, Property or Sublessor's Personal Property caused by (a) gross negligence or reckless or intentionally wrongful acts, omissions or conduct of Sublessee, (b) any waste or excessive or unreasonable wear and tear caused or permitted by Sublessee, (c) any unauthorized modifications or Alterations caused or permitted by Sublessee; (d) Sublessee's installation or removal of any Alterations or Sublessee's Personal Property; (e) Sublessee's failure to surrender possession of the Subleased Premises in accordance with the requirements of Article 16 hereof; or (f) the negligent acts or omissions of Sublessee, but only to the extent of any uninsured loss or deductible amount Sublessor incurs as a result thereof, up to a maximum of $50,000 (to be increased 3% per year for inflation during the Term for any single occurrence).

"**Sublessee Delay**" means any delay caused or contributed to by Sublessee, including, without limitation, with respect to Sublessee's Improvements, Sublessee's failure to timely prepare or approve a space plan for Sublessee's Improvements, Sublessee's failure to timely prepare or approve the Issued for Construction Plans, any delay from any revisions Sublessee proposes to the approved Issued for Construction Plans, and any delay from a revision to the Issued for Construction Plans requested by Sublessee. A Sublessee Delay excuses Sublessor's performance of any obligation related thereto for a period equal to (a) the duration of the act, occurrence or omission that constitutes the Sublessee Delay, or (b) if longer, the period of delay actually caused by such Sublessee Delay.

"**Sublessee Parties**" means Sublessee, its Affiliates, and their respective officers, directors, partners, shareholders, members, managers and employees.

"**Sublessee's Improvements**" means those initial improvements to the Subleased Premises that are generally described in the Outline Specifications for Sublessee's Improvements and the Space Plan, subject to Article 17.

"**Sublessee's Insurance**" means the insurance that Sublessee is required to carry under Section 10.1.

"**Sublessee's Personal Property**" means any trade fixtures, racking, conveyer systems, inventory, equipment, vehicles, or other personal property of any type or kind located at or about the Property that is owned or leased by, or is otherwise under the care, custody or control of, Sublessee or its agents, employees, contractors, or invitees. For the sake of clarity, Sublessee's Personal Property includes, without limitation, any and all furniture, fixtures and equipment located in the Subleased Premises at any time, even if the same had previously been owned by a prior sublessee or occupant.

"**Sublessee's Representative**" means the individual who is identified in Section 17.4 as being authorized to act on behalf of Sublessee for the purposes described in Section 17.4, and such other or different persons as Sublessee may hereafter identify in a written notice to Sublessor delivered in accordance with Section 19.1, as being authorized to act on behalf of Sublessee for the purposes described in Section 17.4.

"**Sublessee's Share of Property Expenses**" means the product obtained by multiplying the amount of Property Expenses for the period in question by the Sublessee's Share of Property Expenses Percentage.

"**Sublessee's Share of Property Expenses Percentage**" means the percentage computed by (a) dividing the rentable square feet of the Subleased Premises by the total rentable square feet of the Building and (b) multiplying the quotient by 100, and is subject to adjustment from time to time based on corrective measurement of the Subleased Premises or the Building by Sublessor.

"**Sublessee's Unreleased Casualty Claims**" means any uninsured loss or deductible amount Sublessee incurs as a result of any Casualty to Sublessee's Personal Property that is caused by the negligent acts or omissions of

Sublessor or any Sublessor Party, up to a maximum of $50,000 (to be increased 3% per year for inflation during the Term) for any single occurrence.

"**Sublessee Users**" means the Sublessee Parties and Sublessee's agents, representatives, contractors, subcontractors, invitees, guests, clients, and any other persons or entities who use, occupy or enter upon the Subleased Premises or the Property in connection with Sublessee's use and occupancy of the Subleased Premises.

"**Term**" means the initial term of this sublease specified in the Basic Terms and, if applicable, any exercised extension period then in effect.

"**TI Construction Costs**" means the sum of (a) all actual, documented and verifiable costs, expenses, charges and payments incurred or made in connection with the planning, design and construction of Sublessee's Improvements, including, without limitation, (i) all so-called "hard" construction costs, including, without limitation, the costs of all materials, labor, equipment, hoisting, insurance (including, without limitation, any builders risk insurance regardless of whether Sublessor or its contractor provides such insurance), taxes, permits, and all other savings or other payments made under or pursuant to written construction, design build or other contracts, and (ii) all so-called "soft" costs, including, without limitation, all architects', engineers' and designers' fees and costs, and all other consulting fees and costs; (b) any Change Order Costs regarding Sublessee's Improvements; (c) the actual cost of all on-site and off-site project management time and other general conditions (including, without limitation, the general contractor's fee) in connection with the construction of Sublessee's Improvements; and (d) a fee equal to 10% of all of the costs described in the foregoing clauses (a), (b) and (c), which fee will be in lieu of overhead and profit, any construction management fees, and any other fees to Sublessor. Anything in this sublease to the contrary notwithstanding, the TI Construction Costs will also include, without limitation, (y) the aggregate of all interest costs actually incurred by Sublessor or its subcontractors arising in connection with any delays, and any and all enforceable payment obligations under contracts (or modifications thereto) entered into by Sublessor or its subcontractors, which contracts (or modifications) are necessary to effectuate any Sublessee's Improvements work or any specific Change Orders with respect thereto; and (z) all costs (calculated and determined in accordance with the foregoing) that exceed the allowances set forth in the Outline Specifications for Sublessee's Improvements for certain items identified therein.

"**Transfer**" means an assignment, transfer, sublease, license or conveyance (voluntarily, by operation of law or otherwise) of this sublease or the Subleased Premises or any right, title or interest in or created by this sublease or the Subleased Premises. The term "Transfer" also includes any assignment, transfer or conveyance (voluntarily, by operation of law or otherwise) of any ownership interest in Sublessee or any Guarantor that results or could result in a change of control of Sublessee or any Guarantor.

Exhibit C -- Site Plan

Exhibit D -- Form of Commencement Date Memorandum

Commencement Date Memorandum

This Commencement Date Memorandum (**"Memorandum"**) is made and entered into as of _____, 20__, by and between _____, LLC, a(n) _____ limited liability company, as Sublessor, and _____, a _____, as Sublessee.

Recitals

A. Sublessor and Sublessee are parties to that certain Multi-Sublessee Warehouse Lease Agreement dated as of ____ ____, 202__ (**"Lease"**), relating to certain Subleased Premises (**"Subleased Premises"**) located in the building commonly known as _____, _____, _____ (**"Building"**).

B. All capitalized terms not otherwise defined in this Memorandum have the meanings given them in the Lease.

C. Sublessor and Sublessee desire to confirm the Commencement Date, the size of the Subleased Premises and Building, and Sublessee's Share of Property Expenses Percentage.

Acknowledgments

Pursuant to Section 1.2 of the Lease and in consideration of the facts set forth in the Recitals, Sublessor and Sublessee acknowledge and agree as follows:

1. The Commencement Date under the Lease is _____, 20__.

2. The Subleased Premises contain _____ rentable square feet.

3. The Building contains _____ rentable square feet.

4. The Sublessee's Share of Property Expenses Percentage is _____%.

[Signatures on following page]

Sublessor and Sublessee have each caused this Memorandum to be executed and delivered by their duly authorized representatives as of the day and date first written above. This Memorandum may be executed in counterparts, each of which is an original and all of which constitute one instrument.

Exhibit E -- Property Rules

The following Property Rules apply to and govern Sublessee's use of the Subleased Premises and Property. Capitalized terms have the meanings given in the Lease, of which these Property Rules are a part. Sublessee is responsible for all Claims arising from any violation of the Property Rules by Sublessee.

1. No awning or other projection may be attached to the outside walls of the Subleased Premises or Property. No curtains, blinds, shades or screens visible from the exterior of the Subleased Premises may be attached to or hung in, or used in connection with, any window or door of the Subleased Premises without the prior written consent of Sublessor. Such curtains, blinds, shades, screens or other fixtures must be of a quality, type, design and color, and attached in a manner, approved by Sublessor in writing.

2. No sign, lettering, picture, notice or advertisement that is visible from the exterior of the Subleased Premises or Property may be installed on or in the Subleased Premises without Sublessor's prior written consent, and then only in such manner, character and style as Sublessor may have approved in writing.

3. Sublessee will not obstruct sidewalks, driveways, parking areas or any other Common Area in and about the Property used in common with other sublessees.

4. Sublessee will not create or allow obnoxious or harmful fumes, odors, smoke or other discharges that may be offensive to the other occupants of the Property or neighboring properties, or otherwise create any nuisance.

5. The Subleased Premises may not be used for cooking (as opposed to heating of food), lodging, sleeping or for any immoral or illegal purpose.

6. Sublessee will not make excessive noises, cause disturbances or vibrations or use or operate any electrical or mechanical devices or other equipment that emit excessive sound or other waves or disturbances or that may be offensive to the other occupants of the Property, or that may unreasonably interfere with the operation of any device, equipment, computer, video, radio, television broadcasting or reception from or within the Property or elsewhere.

7. Sublessee assumes full responsibility for protecting its space from theft, robbery and pilferage, which includes keeping valuable items locked up and doors locked and other means of entry to the Subleased Premises closed and secured after business hours and at other times the Subleased Premises is not in use.

8. Unless, expressly permitted by Sublessor, no additional locks or similar devices may be attached to any door or window and no keys other than those provided by Sublessor may be made for any door. If more than two keys for one lock are desired by the Sublessee, Sublessor will provide the same upon payment by the Sublessee. Upon termination of this sublease or of Sublessee's possession, Sublessee will surrender all keys of the Subleased Premises and will explain to Sublessor all combination locks on safes, cabinets and vaults.

9. If Sublessee desires to install satellite dishes, antennae or similar equipment, Sublessee must first obtain Sublessor's written approval, and comply with Sublessor's instructions in their installation.

10. The water and wash closets, drinking fountains and other plumbing fixtures will not be used for any purpose other than those for which they were constructed, and no sweepings, rubbish, rags, coffee grounds or other substances may be thrown therein.

11. Sublessee will not overload any utilities serving the Subleased Premises.

12. Sublessee will not locate or store any equipment, materials, supplies or other property outside of the interior of the Subleased Premises.

13. All loading, unloading, receiving or delivery of goods, supplies, furniture or other items will be made only through entryways provided for such purposes. No deliveries may be made that unreasonably impede or interfere with other sublessees or the operation of the Property.

14. Canvassing, soliciting, and peddling in or about the Property is prohibited and Sublessee will cooperate to prevent the same.

15. Sublessee will store all its trash and garbage in proper receptacles or other facilities for such purpose located in the areas designated therefor by Sublessor.

16. Sublessee will comply with all safety, fire protection and evacuation procedures and regulations established by Sublessor or any governmental agency.

17. Sublessee will not park or permit parking in any areas designated by Sublessor for parking by visitors to the Property or for the exclusive use of sublessees or other occupants of the Property.

18. Parking stickers or any other device or form of identification supplied by Sublessor as a condition of use of the parking facilities will remain the property of Sublessor. Such parking identification device must be displayed as requested and may not be mutilated or obstructed in any manner. Such devices are not transferable and any device in the possession of an unauthorized holder will be void. Sublessor may charge a fee for parking stickers, cards or other parking control devices supplied by Sublessor.

19. Parking is prohibited (a) in areas not striped for parking; (b) in aisles; (c) where "no parking" signs are posted; (d) on ramps; (e) in cross-hatched areas; (f) in loading areas; and (g) in such other areas as may be designated by Sublessor.

20. All responsibility for damage, loss or theft to vehicles and the contents thereof is assumed by the person parking their vehicle.

21. Sublessor reserves the right to refuse parking identification devices and parking rights to Sublessee or any other person who fails to comply with the Property Rules applicable to the parking areas. Any violation of such rule will subject the vehicle to removal, at such person's expense.

22. Sublessee will be responsible for the observance of all of the Property Rules by Sublessee (including, without limitation, all Sublessee Users).

23. Sublessor may, from time to time, waive any one or more of these Property Rules for the benefit of Sublessee or any other sublessee, but no such waiver by Sublessor will be construed as a continuing waiver of such Property Rule(s) in favor of Sublessee or any other sublessee, nor prevent Sublessor from thereafter enforcing any such Property Rule(s) against Sublessee or any or all of the sublessees of the Property.

24. These Property Rules are in addition to, and will not be construed to in any way modify or amend, in whole or in part, the other terms, covenants, agreements and conditions of the Lease. In the event of any conflict between these Property Rules and any express term or provision otherwise set forth in the Lease, such other express term or provision of the Lease is controlling.

Exhibit F-5 -- Form of Sublessor Approval of Sublessee Plans

Sublessor Approval of Sublessee Plans

Pursuant to that certain Multi-Sublessee Warehouse Lease Agreement dated _____, 20__ ("**Lease**") by and between _____, LLC ("**Sublessor**") and _____, LLC ("**Sublessee**"), and solely for purposes of Section 8.1 of the Lease, Sublessor hereby confirms its approval of those certain plans and specifications (collectively, "**Sublessee Plans**") that are specifically identified on Exhibit A attached hereto and made a part hereof; provided, however, that the foregoing approval is strictly subject to the following terms and conditions:

1. Sublessor's approval of the Sublessee Plans does not relieve Sublessee of any of its obligations or liabilities under the Lease or otherwise, including, without limitation, Sublessee's obligation to design and construct all of the improvements that are contemplated by the Sublessee Plans in strict accordance with all applicable laws, statutes, ordinances, rules, regulations and codes (including, without limitation, the Americans With Disabilities Act, as amended from time to time) of all governmental, quasi-governmental or other regulatory or governing bodies or other authorities (public or private) having jurisdiction, and all other applicable industry standards (collectively, "**Laws and Regulations**"). Among other things, Sublessee, and not Sublessor, is responsible for all elements of the design of the Sublessee Plans, including, without limitation, compliance with all Laws and Regulations, and the functionality and the structural integrity of the design.

2. Neither Sublessor, nor any of its managers, members, contractors, agents or employees, will be responsible or liable to Sublessee, any of its managers, members, contractors, agents, employees, architects or designers, or any other third parties, for or with respect to Sublessor's foregoing approval of the Sublessee Plans, by reason of the exercise of judgment. or any mistake or nonfeasance, arising out of or in connection with such approval, or any other action in connection therewith.

3. Sublessor's foregoing approval of the Sublessee Plans will neither (a) constitute any representation, warranty, covenant or other undertaking by Sublessor in any way related to the adequacy of the design of the Sublessee Plans for Sublessee's intended use of the Subleased Premises that are the subject of the Lease, nor (b) create any liability or responsibility on the part of Sublessor for compliance of the Sublessee Plans or the improvements contemplated thereby with any Laws and Regulations.

Sublessor has caused this Sublessor Approval of Sublessee's Plans to be executed and delivered by its duly authorized representative.

Exhibit A to Sublessor Approval of Sublessee Plans -- Approved Sublessee Plans

Exhibit G -- Form of Guaranty

Guaranty

This Guaranty of Lease ("**Guaranty**") is dated as of _____, 20__, and is made and entered into by _____, a _____ ("**Guarantor**") to be effective as of the Effective Date set forth in this Sublease (as such term is defined in Recital A hereof).

Recitals

A. This Guaranty is being executed and delivered by Guarantor as an essential inducement to that certain Multi-Sublessee Warehouse Lease Agreement, dated as of _____, 20__ (as amended from time to time, "**Lease**"), between _____, a _____, as Sublessor, and _____, a _____, as Sublessee, covering the Subleased Premises as described in this Sublease.

B. Unless otherwise defined in this Guaranty, all capitalized terms used in this Guaranty have the same definitions as are set forth in this Sublease.

Agreement

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Guarantor agrees, covenants, represents and warrants as set forth below.

1. Guaranty. Guarantor hereby unconditionally guarantees the timely payment and performance of all rent, charges, and obligations of Sublessee under this Sublease and all other documents evidencing or securing the obligations under this Sublease, including, without limitation, Sublessee's obligations to pay all Basic Rent and Additional Rent and to perform all maintenance and indemnity obligations under this Sublease (collectively, "**Guarantied Obligations**"). This Guaranty is an absolute guaranty of payment and performance and not of collection. This Guaranty will survive the termination of this Sublease and will continue in full force and effect with respect to any of Sublessee's obligations under this Sublease which are not fully performed upon the termination of this Sublease.

2. Rights of Sublessor. Guarantor authorizes Sublessor to, at any time and from time to time, in Sublessor's discretion, (a) take and hold, and apply, any security for the Guarantied Obligations; (b) accept additional or substituted security; (c) subordinate, compromise or release any security; (d) release Sublessee or any other person from its liability for all or any part of the Guarantied Obligations; (e) participate in any settlement offered by Sublessee or any guarantor, whether in liquidation, reorganization, receivership, bankruptcy or otherwise; (f) release, substitute or add any one or more guarantors or endorsers; (g) assign this Guaranty and/or the Guarantied Obligations in whole or in part; or (h) modify, extend and/or amend one or both of this Sublease and the Guarantied Obligations. Sublessor may take any of the foregoing actions upon any terms and conditions as Sublessor may elect, without giving notice to Guarantor or obtaining the consent of Guarantor and without affecting the liability of Guarantor to Sublessor.

3. Independent Obligations. Guarantor's obligations under this Guaranty are independent of those of Sublessee or of any other guarantor. Sublessor may bring a separate action against Guarantor without proceeding (either before, after or concurrently) against Sublessee or any other guarantor or person or any security held by Sublessor and without pursuing any other remedy. Sublessor's rights under this Guaranty shall not be exhausted by any action of Sublessor until all of the Guarantied Obligations have been fully performed.

4. Waiver of Defenses. Guarantor waives all of the following, whether created or imposed by or under statute, common law, or otherwise:

4.1 Any right to require Sublessor to proceed against Sublessee or any other person or any security now or hereafter held by Sublessor or to pursue any other remedy whatsoever.

4.2 Any defense based upon any legal disability of Sublessee or any guarantor, or any discharge or limitation of the liability of Sublessee or any guarantor to Sublessor, or any restraint or stay applicable to actions against Sublessee or any other guarantor, whether such disability, discharge, limitation, restraint or stay is consensual, or by order of a court or other governmental authority, or arising by operation of law or any liquidation, reorganization, receivership, bankruptcy, insolvency or debtor-relief proceeding, or from any other cause.

4.3 All setoffs, counterclaims, presentment, demand, protest or notice of any kind, except for any notice which may be expressly required by the provisions of this Guaranty.

4.4 Any defense based upon the modification, renewal, extension or other alteration of the Guarantied Obligations, or of the documents executed in connection therewith.

4.5 Any defense based upon the negligence of Sublessor, including, without limitation, the failure to file a claim in any bankruptcy of the Sublessee or any guarantor.

4.6 Any defense based upon a statute of limitations and any defense based upon Sublessor's delay in enforcing this Guaranty.

4.7 All rights of subrogation, reimbursement, indemnity, all rights to enforce any remedy that Sublessor may have against Sublessee, and all rights to participate in any security held by Sublessor for the Guarantied Obligations until the Guarantied Obligations have been paid and performed in full.

4.8 Any defense based upon or arising out of any defense that the Sublessee or any other person may have to the performance of any part of the Guarantied Obligations other than Sublessor's prior material breach.

4.9 Any defense based upon the death, incapacity, lack of authority or termination of existence or revocation hereof by any person or entity or persons or entities, or the substitution of any party hereto.

4.10 Any defense based upon or related to Guarantor's lack of knowledge as to Sublessee's financial condition.

4.11 Any and all rights to revoke this Guaranty in whole or in part.

4.12 Any defense based upon any action taken or omitted by Sublessor in any bankruptcy or other insolvency proceeding involving Sublessee, including any election to have Sublessor's claim allowed as secured, partially secured or unsecured, any action taken by the Sublessor in connection with a motion to assume, assign or reject this Sublease, any extension of credit by the Sublessor to the Sublessee in any such proceeding, and the taking and holding by the Sublessor of any security for any such extension of credit.

4.13 All rights and defenses arising out of an election of remedies by Sublessor, even though that election of remedies impairs or destroys Guarantor's right of subrogation and/or reimbursement against Sublessee.

5. Bankruptcy.

5.1 Until all of the Guarantied Obligations have been paid and performed in full, Guarantor shall not, without the prior written consent of Sublessor, commence, or join with any other person in commencing, any bankruptcy, reorganization, or insolvency proceeding against Sublessee. The obligations of Guarantor under this Guaranty shall not be altered, limited, or affected by any proceeding, voluntary or involuntary, involving the bankruptcy, insolvency, receivership, reorganization, liquidation, or arrangement of Sublessee, or by any defense Sublessee may have by reason of any order, decree, or decision of any court or administrative body resulting from any such proceeding. No limitation upon or stay of the enforcement of any obligation of Sublessee by virtue of any such proceeding shall limit or stay Sublessor's enforcement of Guarantor's payment or performance of such obligation under this Guaranty. In furtherance of the foregoing, Guarantor agrees that if acceleration of the time for payment of any amount payable by Sublessee under this Sublease or in respect of the other Guarantied Obligations is stayed for any reason, all such amounts

which would be subject to acceleration shall nonetheless be deemed to be accelerated for purposes of this Guaranty and the full amount thereof shall be payable by Guarantor hereunder forthwith upon demand.

5.2 Guarantor shall file in any bankruptcy or other proceeding in which the filing of claims is required or permitted by law all claims that Guarantor may have against Sublessee relating to any indebtedness of Sublessee to Guarantor, and will upon request assign to Sublessor all rights of Guarantor thereunder. In all such cases, whether in administration, bankruptcy, or otherwise, the person or persons authorized to pay such claim shall pay to Sublessor the amount payable on such claim. Guarantor hereby assigns to Sublessor all of the Guarantor's rights to any such payments or distributions to which Guarantor would otherwise be entitled; provided, however, that Guarantor's obligations hereunder shall not be satisfied except to the extent that Sublessor receives cash by reason of any such payment or distribution. If Sublessor receives anything hereunder other than cash, the same shall be held as collateral for amounts due under this Guaranty.

6. Costs and Expenses. Guarantor agrees to pay, upon Sublessor's demand, Sublessor's reasonable out-of-pocket costs and expenses, including but not limited to attorneys' fees, costs and disbursements, incurred in any effort to collect or enforce any of the Guarantied Obligations or this Guaranty, regardless whether any lawsuit is filed, and in the representation of Sublessor in any insolvency, bankruptcy, reorganization or similar proceeding relating to Sublessee or Guarantor. Until paid to Sublessor, such sums will bear interest from the date such costs and expenses are incurred at the rate set forth in this Sublease for past due obligations. The obligations of the Guarantor under this Section shall include payment of all such costs and expenses incurred by Sublessor in enforcing any judgments.

7. Reinstatement. The liability of Guarantor hereunder shall be reinstated and revived, and the rights of Sublessor will continue, with respect to any amount at any time paid on account of the Guarantied Obligations which Sublessor is thereafter required to restore or return or which is avoided in connection with the bankruptcy, insolvency or reorganization of Sublessee or otherwise, all as though such amount had not been paid. The determination as to whether any such payment or performance must be restored or returned will be made by Sublessor in its sole discretion; provided, however, that if Sublessor chooses to contest any such matter, Guarantor agrees to indemnify, defend and hold harmless Sublessor from all costs and expenses (including, without limitation, reasonable legal fees and disbursements) of such contest. Further, upon demand from Sublessor, Guarantor will restore or return such payment or performance directly on Sublessor's behalf in furtherance of Guarantor's obligations hereunder. Sublessor will be under no obligation to return or deliver this Guaranty to Guarantor, notwithstanding the payment of the Guarantied Obligations. If this Guaranty is nevertheless returned to Guarantor or is otherwise released, then the provisions of this Guaranty shall survive such return or release, and the liability of Guarantor under this Guaranty shall be reinstated and continued under the circumstances provided herein notwithstanding such return or release.

8. Subordination. Any indebtedness of Sublessee to Guarantor now or hereafter existing shall be, and such indebtedness hereby is, deferred, postponed and subordinated to payment and performance of the Guarantied Obligations. Any payment made to Guarantor by Sublessee or any third party with respect to the indebtedness subordinated hereunder at any time when an Event of Default exists under this Sublease or while any Guarantied Obligations are otherwise then payable or performable shall be held in trust by Guarantor for the benefit of Sublessor and shall be turned over to Sublessor immediately upon receipt thereof for application by Sublessor against the Guarantied Obligations. Any lien, charge or claim which Guarantor now has or hereafter may have on or to any real or personal property of Sublessee (including without limitation any real property subject of this Sublease, the personal property located thereon, any rights therein and related thereto, and the revenue and/or income realized therefrom) and any security for any loans, advances or other indebtedness of Sublessee to Guarantor, shall be, and hereby is, subordinated to the payment and performance of the Guarantied Obligations.

9. Representations and Warranties. Guarantor, and each of the persons or entities executing this Guaranty as Guarantor individually, makes the following representations and warranties, which are deemed to be continuing representations and warranties until payment and performance in full of the Guarantied Obligations.

9.1 Guarantor has all the requisite power and authority to execute, deliver and be legally bound by this Guaranty on the terms and conditions herein stated.

9.2 Guarantor has all the requisite power and authority to transact any other business with Sublessor as necessary to fulfill the terms of this Guaranty.

9.3 This Guaranty constitutes the legal, valid and binding obligations of Guarantor enforceable against Guarantor in accordance with its terms.

9.4 Neither the execution and delivery of this Guaranty nor the consummation of the transaction contemplated hereby will, with or without notice and/or lapse of time, (a) constitute a breach of any of the terms and provisions of any note, contract, document, agreement or undertaking, whether written or oral, to which Guarantor is a party or to which Guarantor's property is subject; (b) accelerate or constitute any event entitling the holder of any indebtedness of Guarantor to accelerate the maturity of any such indebtedness; (c) conflict with or result in a breach of any writ, order, injunction or decree against Guarantor of any court or governmental agency or instrumentality; or (d) conflict with or be prohibited by any federal, state, local or other governmental law, statute, rule or regulation.

9.5 No consent of any other person not heretofore obtained and no consent, approval or authorization of any person or entity is required in connection with the valid execution, delivery or performance by Guarantor of this Guaranty.

9.6 Guarantor will receive substantial and material benefits from the leasing of the Subleased Premises to Sublessee and the consideration received by Guarantor for this Guaranty is sufficient in all respects.

9.7 Guarantor presently has and will at all times maintain sufficient assets and tangible net worth to timely pay and perform all of the Guarantied Obligations, and Guarantor will not take any action nor participate in any transaction which would materially impair Guarantor's ability to so pay and perform the Guarantied Obligations.

9.8 Neither this Guaranty nor any other statement furnished by Guarantor to Sublessor in connection with the transactions contemplated hereby (including, without limitation, any financial statements or other business information) contains any untrue statement of material fact or omits to state a material fact necessary in order to make the statements contained herein or therein true and not misleading.

10. Joint and Several Liability. The obligations, waivers, promises, representations and warranties set forth herein are the joint and several undertakings of each of the persons or entities executing this Guaranty as a Guarantor and of any other guarantors or other persons or entities obligated from time to time with respect to the Guarantied Obligations. Sublessor may proceed hereunder against any one or more of said persons or entities without waiving its rights to proceed against any of the others. Any married person who executes this Guaranty agrees that recourse may be had against his or her separate and community property.

11. Inducement; No Assignment. Guarantor acknowledges that the undertakings given in this Guaranty are given in consideration of Sublessor's entering into this Sublease and that Sublessor would not enter into this Sublease but for the execution and delivery of this Guaranty. Guarantor's obligations hereunder are personal to Guarantor and Guarantor may not assign or delegate any of its obligations under this Guaranty without Sublessor's prior written consent, which consent may be withheld in Sublessor's sole and absolute discretion.

12. Guarantor Information. Guarantor will promptly supply such financial statements and business information regarding Guarantor as may reasonably be requested from time to time by Sublessor or any lender or prospective purchaser of Sublessor for the purpose of evaluating the creditworthiness of Guarantor and Guarantor's ability to perform its obligations under this Guaranty.

13. Sublessee's Financial Condition. Guarantor is relying upon its own knowledge and has made such investigation as Guarantor has deemed necessary with respect to Sublessee's financial condition. Guarantor assumes full responsibility for keeping fully informed of the financial condition of Sublessee and all other circumstances affecting Sublessee's ability to pay and perform its obligations under this Sublease, and agrees that Sublessor will have no duty to report to Guarantor any information which Sublessor receives about Sublessee's financial condition or any circumstances bearing on Sublessee's ability to perform. Guarantor agrees that Sublessor has made no representations or assurances regarding Sublessee's financial condition or Sublessee's ability to pay and perform Sublessee's obligations under this Sublease.

14. Default. The occurrence of any one or more of the following events shall, at the election of Sublessor, be deemed an event of default under this Guaranty: (a) Guarantor fails to pay any monetary Guarantied Obligation within five days after demand from Sublessor; (b) Guarantor fails to perform any non-monetary Guarantied Obligation within 15 days after demand therefor from Sublessor (or, if Guarantor is not able through the use of commercially reasonable efforts to perform such Guarantied Obligation within a 15-day period, if Guarantor does not commence to perform such obligation within such 15-day period and diligently pursue such performance to completion within an additional 60 days after the expiration of the initial 15-day period); (c) Guarantor fails or neglects to perform, keep or observe any other term, provision, agreement or covenant contained in this Guaranty; (d) the commencement of any liquidation, reorganization, receivership, bankruptcy, assignment for the benefit of creditors or other similar proceeding by or against Guarantor; (e) if any representation or warranty made in this Guaranty shall be or become false in any material respect; or (f) the death, legal incapacity, dissolution or termination of the Guarantor. Upon the occurrence of an event of default under this Guaranty, at the option of Sublessor, the Guarantied Obligations shall be accelerated and shall all be due and payable and enforceable against Guarantor (regardless whether the Guarantied Obligations are then due and payable under this Sublease or otherwise) and Sublessor may, in its sole discretion, in addition to any other right or remedy provided by law or at equity, all of which are cumulative and non-exclusive, proceed to suit against the Guarantor.

15. Transfer by Sublessor. Sublessor may sell, assign, or otherwise transfer its interest in the Subleased Premises, this Sublease or this Guaranty at any time. If Sublessor transfers (other than for collateral security purposes) the ownership of Sublessor's interest in this Sublease, this Guaranty shall, unless Sublessor elects otherwise in writing, automatically apply in favor of the transferee with respect to all Guarantied Obligations arising or accruing from and after the date of the transfer. In addition, this Guaranty shall remain in full force and effect in favor of the transferor with respect to all Guarantied Obligations arising or accruing under this Sublease prior to the date of the transfer including, without limitation, all Guarantied Obligations relating to Sublessee's indemnity and insurance obligations (and similar obligations) under this Sublease with respect to matters arising or accruing during the transferor's period of ownership.

16. Severability. If any one or more of the covenants, provisions or terms of this Guaranty is, in any respect, held to be invalid, illegal or unenforceable for any reason, the remaining portion thereof and all other covenants, conditions, provisions, and terms of this Guaranty will not be affected by such holding, but will remain valid and in force to the fullest extent permitted by law.

17. Notices. All notices, demands and other communications with, to, from or upon the Guarantor and the Sublessor required or permitted hereunder shall be in writing and must be sent by personal delivery, United States registered or certified mail (postage prepaid), by an independent, nationally recognized overnight courier service that guarantees next-day delivery, or by e-mail transmission, or by personal delivery, properly addressed to the parties at their respective addresses as follows: (a) with respect to Sublessor, to the notice address(es) for Sublessor under this Sublease; and (b) with respect to Guarantor, unless a separate notice address is specified on the signature page of this Guaranty, to Guarantor in care of Sublessee at the notice address(es) for Sublessee under this Sublease; or (c) as to either, at such other address as shall be designated in a written notice to the other complying with the terms of this Section. Notices given by mail are deemed delivered within four Business Days after the party sending the Notice deposits the Notice with the United States Post Office. Notices delivered by courier are deemed delivered on the next Business Day after the day the party delivering the Notice timely deposits the Notice with the courier for overnight (next-day) delivery. Notices delivered by e-mail transmission (with proof of transmission) or by personal delivery are deemed delivered on the same day of delivery or transmission, or upon receipt or refusal of delivery. Any party may change its address for the service of notice by giving written notice of such change to the other party, in any manner above specified.

18. Miscellaneous. No provision of this Guaranty or Sublessor's rights hereunder may be waived or modified nor can Guarantor be released from its obligations hereunder except by a writing executed by Sublessor. No such waiver shall be applicable except in the specific instance for which given. No delay or failure by Sublessor to exercise any right or remedy against Sublessee or Guarantor will be construed as a waiver of that right or remedy. All remedies of Sublessor against Sublessee and Guarantor are cumulative. This Guaranty shall be governed by and construed under the laws of the State in which the Subleased Premises is located. The provisions of this Guaranty will bind and benefit the heirs, executors, administrators, legal representatives, successors and assigns of Guarantor and Sublessor. The term "**Sublessee**" will mean not only the Sublessee named herein but also any other person or entity at any time occupying all or any portion of the Subleased Premises or assuming or otherwise becoming liable (other than as a guarantor) for all or any part of the Guarantied Obligations. This Guaranty constitutes the entire agreement between Guarantor and Sublessor with respect to its subject matter, and supersedes all prior or contemporaneous agreements, representations and

understandings. All headings in this Guaranty are for convenience only and shall be disregarded in construing the substantive provisions of this Guaranty.

19. Electronic Transmission. This Guaranty may be transmitted by fax or by electronic mail in portable document format ("pdf") and signatures appearing on faxed instruments and/or electronic mail instruments shall be treated as original signatures. At the request of any party, any electronic or facsimile document is to be re-executed in original form by the parties who executed the electronic or facsimile document.

[Signature on following page]

In witness whereof, this Guaranty has been duly executed on behalf of Guarantor and delivered to Sublessor as of the date set forth above, to be effective as of the Effective Date set forth in this Sublease.

Exhibit H -- Repair/Restoration Specifications

1. All lighting will be placed into good working order with all non-functioning bulbs, non-functioning ballasts, and broken lenses replaced.

2. All truck doors and dock levelers will be serviced and placed in good operating order, including, without limitation, the replacement (if necessary) of any dented truck door panels and adjustment of door tension to insure proper operation. All door panels that are replaced will be painted to match the Building standard. All dock bumpers will be left in place and secured.

3. All structural steel columns in the warehouse and office will be inspected for damage. These repairs will be reasonably pre-approved by Sublessor prior to implementation.

4. Any systems installed to serve only the Subleased Premises (including, without limitation, warehouse heaters and exhaust fans, if applicable) will be placed in good working order, including, without limitation, the necessary replacement of any parts.

5. All holes in the sheetrock walls will be repaired.

6. Carpets and vinyl tiles will be cleaned. Vinyl tiles will be stripped, sealed and waxed.

7. Office areas (including, without limitation, the coffee bar, breakroom, restroom areas and interior windows) will be cleaned.

8. The warehouse will be cleaned, with all inventory and racking removed and the warehouse floor broom-cleaned. There will be no protrusion of anchors from the warehouse floor (as provided above). Floor striping does not need to be removed from warehouse. Sublessor may elect to require Sublessee paint any floor striping gray.

9. All exterior windows with cracks or breakage caused by Sublessee will be replaced.

10. All electrical systems will be in good working order, including, without limitation, the water heater. Faucets and toilets will be in good working order. Sublessee shall not be responsible for updating any building switchgear.

11. Data wiring shall remain in place.

12. All chiller and copper piping and systems, all exhaust piping and systems, and all mechanical and electrical connections to Sublessee's equipment will be removed.

13. Repair or replace, as reasonably required, all slabs and floors damaged by grooves or ruts (*e.g.*, resulting from Sublessee's use of fork lifts or other equipment).

Exhibit I -- Current Rules and Regulations for Third-Party Contractors, Subcontractors and Suppliers
Building Contractor Rules

Contractor, and all sub-contractors, suppliers, materialmen and others performing services or providing materials in connection with the subject project (collectively, "**Contractors**" and individually each, a "**Contractor**") shall be advised of the following building rules and regulations ("**Contractor Rules**") concerning their proper conduct within _____ ("**Building**"), pursuant to that certain Multi-Sublessee Warehouse Lease Agreement ("**Lease**") dated as of _____, 20__, between _____ ("**Owner**") and _____ ("**Sublessee**"), pursuant to which Sublessee is leasing all or a portion of the Building ("**Subleased Premises**"). The building is managed by _____ ("**Manager**"). _____ ("**General Contractor**", and a Contractor for purposes hereof) has been engaged by Sublessee, or Owner, to complete certain work at the Subleased Premises. Manager shall provide each Contractor a copy of these Contractor Rules. All referenced material, labor, services, taxes, after hours' costs, shipping, permits, fees or construction and/or other reference processes performed by Contractors, shall be hereinafter referred to as the "**Work**."

It is the **General Contractor's responsibility** to ensure everyone reads and understands these Contractor Rules. Ignorance of these Contactor Rules is not a waiver of liability or responsibility. Failure to comply with these Contractor Rules may result in your people being asked to leave the job site. The Contractor is ultimately responsible for the conduct of all of its Contractors. The signature block on the last page of this Agreement shall act as the written approval by the undersigned Contractor.

1.) Prior to starting any Work in the Building, Contractor, at its sole expense, should have a current Commercial General Liability Insurance including Owner, Owner's lender, if Owner has notified General Contractor thereof (**"Lender"**), and Manager, as additional insureds. The limits of liability on each Contractor's general liability insurance policies shall be listed on the construction contract, or a minimum of that indicated below:

a.) Insurance. Contractor will procure and maintain during the term of this Contract, insurance covering all Contractors and anyone directly or indirectly employed by any of them, issued by an insurance company which has an A.M. Best rating of A- VII or better and is authorized to transact business in the state which the Building is located (**"Qualified Insurer"**). All policies are to protect against liabilities arising out of the operations of all Contractors in connection with the Work, including at least and in amount not less than set forth herein and such other types and amounts of insurance as Owner deems necessary.

b.) Commercial General Liability Insurance. Commercial general liability insurance to protect against claims for bodily injury and property damage arising out of Subleased Premises operations, products, and completed operations, and advertising and personal injury liability, written on an occurrence basis using ISO Form CG0001 (or its equivalent) with no amendments to the definition of an insured contract, in limits of not less than $1,000,000 inclusive, per occurrence, and $2,000,000 annual aggregate per project with a $2,000,000 Products/Completed Operations Aggregate, or such higher limits as Owner may require. Completed Operations to remain in force for maintained for the duration of the applicable statute of repose following project completion. To the extent permitted by applicable law, such policy(ies) shall include a waiver of any right of subrogation of the insurers thereunder against Owner, VTC, Manager, and all Lenders.

c.) Commercial Automobile Liability Insurance. Commercial automobile liability insurance to include contractual liability insurance for the indemnities set forth in the applicable contract (**"Contract"**) covering all owned, non-owned and hired automobiles, in limits of not less than $1,000,000 combined single limit (each accident), or such higher limits as Owner may require. To

the extent permitted by applicable law, such policy(ies) shall include a waiver of any right of subrogation of the insurers thereunder against Owner, VTC, Manager and all Lenders.

d.) Employer's Liability Insurance and Workers Compensation. Employer's Liability insurance, with minimum limits of not less than $1,000,000 bodily injury each accident, $1,000,000 bodily injury by disease policy limit and $1,000,000 bodily injury by disease each employee, and Worker's Compensation, in form and amount as required by applicable state law. To the extent permitted by applicable law, such policy shall include a waiver of any right of subrogation of the insurers thereunder against Owner, VTC, Manager, and all Lenders.

e.) Umbrella Liability Insurance. Umbrella liability insurance over the primary general liability, automobile liability and employer's liability insurance policies in limits of not less than $5,000,000 inclusive per occurrence, and $5,000,000 annual aggregate, per project, or such higher limits as Owner may require. To the extent permitted by applicable law, such policy(ies) shall include a waiver of any right of subrogation of the insurers thereunder against Owner, VTC, Manager, and all Lenders.

f.) Builder's Risk Insurance. Builder's Risk insurance on a "Special Form" basis (including collapse) using a completed value (non-reporting) form for full replacement cost covering all work which Contractor is performing and all materials and equipment used or installed in or about the project, off site and in transit. This insurance shall include: (i) interests of Owner, VTC, Manager, all sublessees, all mortgagees of Owner, all Contractors; and (ii) a mutual release and waiver of subrogation for all parties. At Sublessor's option, Sublessor may procure the insurance policy described in this subsection (f) (which may include loss of rents coverage), and Sublessee shall reimburse Sublessor, at Sublessor's option as either Additional Rent or a deduction from any applicable Improvement Allowance, for all costs and expenses incurred by Sublessor in connection therewith.

g.) Certificates. Certificates of insurance must be provided to Owner prior to the start of the Work at the Subleased Premises. Owner, VTC, Manager, all Lenders, and others who may be required (as evidenced by inclusion in an ACORD Certificate as additional insureds), will be named as primary non-contributing additional insureds on the insurance coverages described in subsections (a) and (d) above, including completed operations with respect to all matters arising out of the performance of services under the Contract. It is Contractor's sole responsibility to procure and maintain insurance covering its personal property located at the Subleased Premises. All policies required above shall contain no exclusions for work expressly within Contractor's scope of work. It is Owner's sole responsibility to procure and maintain property insurance covering Owner's real property where the Subleased Premises are located (other than the Work) and Owner's personal property and the personal property of others located at the Project site that are under Owner's care, custody or control.

2.) Contractors working in or about the Building must have prior written approval from Owner before any type of Work may commence. A list of subcontractors must be provided by Contractor to Owner and Manager along with suitable scheduling and delivery/stocking information before construction begins. Any persons not on the approved Contractor list will be denied access to the Subleased Premises and the Building – ***no exceptions***. ***This***

list will include phone numbers and contacts for each Contractor, including home and emergency telephone numbers.

3.) An initial walk through of the job between General Contractor, its key subcontractors and Owner representation (Manager and Manager's building engineer) will be conducted prior to construction. General Contractor's superintendent, Manager and Manager's building engineer will review rules and regulations, as well as check for existing conditions of the Subleased Premises.

4.) All Contractors must be licensed in the state in which the Work is performed, and have work experience in similar commercial properties. Written documentation/certification and previous job references are required prior to the commencement of any type of Work.

5.) Where applicable, permits must be obtained, by Contractor, from the City Building Department or other governing agency prior to the commencement of Work. Permits must be posted at the job site in accordance to the governing body. All construction Work will require a permit. Approval of drawings, details, schedules and the like by Owner or Manager shall not relieve Contractor from the responsibility for compliance with local, county, state or federal laws, rules, ordinances, or rules and regulations of commissions, boards, or other authorities having jurisdiction.

6.) All Contractors shall keep the Subleased Premises, the Building and improvements free and clear of all liens arising out of or claimed by reason of any Work performed, materials furnished or obligations incurred. General Contractor is responsible for the payment of all bills for labor and materials furnished by, or to its subcontractors and itself, in connection with the Work.

7.) No one shall be allowed to endanger the Subleased Premises, the Building or its occupants in any manner whatsoever. If such a situation occurs, General Contractor and all other applicable Contractors shall immediately take steps to correct and eliminate the hazardous condition. In the event that Contractor's personnel fail to perform in a satisfactory manner, Owner and Manager reserve the right to immediately take steps to remedy the hazard at Contractor's sole expense.

8.) Contractor is not permitted to post any sign on the job site advertising the name of the Contractor or subcontractors.

9.) It is imperative that good business/professional conduct be maintained by all Contractors' personnel while they are at the Subleased Premises or the Building, and that they are properly dressed for the environment they are working in and the job being done. Contractor shall not employ any unfit person or anyone not skilled in the task assigned to him. Respect must be shown to the Building sublessees at all times. Rude and obscene behavior (harassment, sexual or otherwise), including foul and abusive language, will not be tolerated. Offenders will be asked to remove themselves from the Subleased Premises and shall not be permitted to return.

10.) All Contractors' personnel will enter and exit through the designated construction Building entrance and will only use the designated elevator or designated stairwell except in the event of an emergency evacuation. Use of Building main floor, lobbies, or elevator lobbies is prohibited for storing material even on a temporary basis. Specific Building moving and freight policies are established and must be reviewed with Owner and/or Manager. Where applicable such freight policies may include fines for breaking such policies.

11.) Owner and/or Manager, prior to the commencement of the Work, must approve hours in which the Work will commence and end each day. No variation to the agreed upon hours will be permitted unless authorization is obtained from Owner and/or Manager. These

Contractor Rules will further limit hours. Owner and/or Manager must be notified of "after hours" Work in advance. "After hours" Work is defined to be before 7:00 a.m. and after 6:00 p.m. or as governed by the City where the Building is located and its guidelines. All Contractors working over the weekend and after the normal hours shall provide Owner and Manager a list of workers prior to the worker being on site or they will be denied access. The list should also include an estimated time the Contractors will be working, the location of the work to be done and a 24-hour emergency contact for the supervisor of the Work. Contractor shall designate a superintendent to oversee all workmen at all times. Such superintendent may be given access cards and keys, these cards/keys will grant access to the Building for all workmen associated with the Work. The superintendent issued the cards/keys not permitted to give such cards/keys to any workmen for access to the Building. In no event shall any workmen be unsupervised at any time.

12.) All deliveries are to be accepted, moved and delivered to the Subleased Premises before 7:00 a.m. and after 6:00 p.m. unless prior Owner approval has been granted in writing; stocking will not be allowed during business hours once any sublessee occupancy has taken place within the Building. When accepting deliveries, Masonite must be laid to protect walls and floor finishes and elevator pads must be installed prior to delivery. It is Contractor's responsibility to keep public areas clean at all times.

13.) No windows shall be removed without prior approved permission provided by Manager or Owner.

14.) All construction waste and debris shall be removed between the hours of 6:00 p.m. to 7:00 a.m. once any sublessee occupancy within the Building has taken place. No construction waste or debris may be placed in the building dumpster/compactor. Contractor will provide for removal of waste and debris from the Building at his own expense. If a dumpster is required (space allowing), the location shall be authorized by Owner and Manager, must be in a safe location, and will meet the Building's standard relating to aesthetics. It will be the responsibility of Contractor to keep the area around the container neat and orderly daily. It will also be Contractor's responsibility to place plywood under the dumpster and to take other protective measures to protect the asphalt and concrete where the dumpster is to be place. It will be important to assure that a trail of debris is not left between the Work areas and refuse container.

15.) Construction personnel shall at all times maintain the highest level of project cleanliness. All construction debris shall be removed through the service elevator or stairs on a daily basis and shall never be allowed to produce a fire hazard. ***In the event that Contractor fails or refuses to keep the Subleased Premises free of accumulated waste, Owner and/or Manager reserve the right, but not the obligation, to enter the Subleased Premises and remove the debris, on behalf of Contractor, at Contractor's expense.*** In addition, all public areas, *i.e.*, corridors, restrooms, janitor's closets and the like shall be maintained and kept free of construction debris, dust and the like.

16.) Specific restrooms, which shall be Contractor provided portable toilets, unless agreed to otherwise in writing by Owner, will be designated for Contractor use. Anyone found using restrooms other than specified (core area restrooms on any floor(s)), or janitorial closets will be subject to immediate dismissal. No one is permitted to use the janitorial closets without permission. Contractor shall be responsible for stocking and re-stocking of restroom supplies as well as clean-up of the subject restrooms being utilized, provided such authorization of use has been granted by Owner, throughout the duration of construction. Upon completion of each sublessee improvement, Contractor will be responsible for restoring the facility to its original state. All carpeted corridors will be properly protected by Masonite or carpet mask (Polytech brand only) flush with the base, from the point of entry to the job site to the restroom. Contractor will provide walk-off mats to be placed at all locations where Contractors enter public areas of the Building. These walk-off mats

will be maintained and cleaned daily or more frequently if required, so that construction material is not transferred unto any other areas of the building. Any flammable or hazardous materials (*i.e.*, paint) may only be stored on Subleased Premises with permission of Owner and Manager who shall designate an area for such storage.

17.) ***Pre-filters shall be installed over all return air openings on floors under construction***. If Building filters or equipment requires replacement or cleaning due to construction dust, Contractor will be charged.

18.) ***Contractor should cover air transfers when working next to leased space to control the transmission of dust and dirt.*** Covering must be removed at the completion of daily construction. All sublessee entrance and exit doors must be kept closed to restrict the movement of dust or dirt. Temporary openings with polyurethane must be closed off. Due to local fire codes, no openings may be made on a leased floor to the corridor unless the door to be made on the leased floor to the corridor remains closed unless materials are being delivered. All HVAC filters in fan rooms shall also be delivered in operable condition at time of completion (thus a temporary filter should be added to the existing filter).

19.) **Electrical Panels** must be closed up at the end of each working day. Interior panels can be covered or barricaded. Doors to all electrical rooms must remain locked when not occupied or protected by barrier. No storage is allowed in the electrical room. DO NOT TAPE OVER LOCKS TO LEAVE DOOR OPEN OR USE ANY MECHANICAL DEVICE TO PROP OPEN. REPEATED VIOLATIONS WILL BE FINED **$500 PER EVENT.**

INITIAL _____

20.) Any and all safety equipment, such as traffic control, flagmen, barricades, rigging, fire extinguishers, first aid supplies, and the like, as may be necessary or required by any agency having jurisdiction, shall be the sole responsibility of, and at the expense of, Contractor. It is the responsibility of Contractor to protect all individuals surrounding the Work area. All liability shall be the responsibility of Contractor. Contractor (and its subcontractors) shall inaugurate and maintain an accident prevention program and an employee safety-training program. Proof of compliance for the state and city where the Building is located of your safety plan shall be maintained and followed. All employees on the job, regardless of whose direct payroll they are on, shall be required to respond to safety instructions from Contractor's supervision. Persons who do not respond shall be removed from the job. Contractor, its subcontractors, labor, agents and invitees shall be responsible for complying with all OSHA rules and regulations, including, without limitation, having all safety, first aid and Material Safety Data Sheet (MSDS) documentation on the jobsite at the Building.

21.) All Contractors are to take precautions to prevent the accidental tripping of the fire alarm system. ***The smoke detectors must be covered during working hours and uncovered at the end of the working day.***

False alarms shall be fined at:

First offense: **$200**
Second offense: **$500**
Third offense: **$1000** and, at the Owner's discretion, may terminate Contractor.

*INITIAL*_____

22.) No gasoline operated devices, *i.e.*, concrete saws, coring machines, welding machines, and the like, shall be permitted within the Building. All work requiring such devices shall be by means of electrically operated substitutes.

23.) All approved gas and oxygen canisters shall be properly chained and supported to eliminate all potential hazards. At the completion of use, said containers shall be removed from the Building.

24.) Please contact the Manager to schedule work on the following building systems **24- hours in advance** (any disruption of services will be scheduled at Manager's discretion).

a.) Domestic water;
b.) Fire alarm or speaker;
c.) Electrical tie-ins to base building or the addition of equipment to any area other than the Subleased Premises except sub panels located within the sublessee Subleased Premises;
d.) Sprinkler system;
e.) Any work that will take place outside the demised sublessee space;
f.) Work in occupied sublessee spaces. This includes any core drilling, plumbing, and electrical, and the like, where you will enter an adjacent sublessee space;
g.) With respect to roof access, any corrective work required in conjunction with or as a result of this Contractor's scope of work shall be performed by a firm authorized as such by roofing manufacturer (Owner and/or Manager will coordinate with Contractor in determining) for purposes of ensuring that the roofing warranty is not jeopardized in any way.

Note: If a utility or building alarm is turned off for Contractor's work, Contractor must notify Manager upon completion so the system can be turned back on as soon as possible.

25.) Construction personnel are not permitted to block open stairway doors. These doors provide the fire protection required by code. A repeated violation of this provision shall be subject to a **$500** fine. Doors to janitorial spaces shall be kept closed at all times.

*INITIAL*_____

26.) No graffiti or vandalism will be tolerated. Any individual caught in the act shall be immediately removed from the Subleased Premises and will not be allowed to return. In addition, all repairs will be at Contractor's expense.

27.) <u>No tobacco smoking or chewing</u> will be permitted in the Building or on the roof. <u>No radios or other sound producing equipment</u> will be permitted in the Building or on the roof. <u>No eating or drinking will be allowed in the common areas</u>. Building management will either provide a designated smoking area or designate the property to be non-smoking.

28.) Since Work will occur while other businesses in the Building are operating, noise is a major consideration. Therefore, excessive noise, which may disturb sublessees, will force us to halt Work temporarily. No hammer drilling, core drilling or any sublessee disturbances will be allowed between the hours of 7:00 a.m. and 6:00 p.m., Monday through Friday. It is the responsibility of Contractor to instruct all construction personnel that noise will be minimized at all times. Owner and Manager shall determine acceptable noise level.

29.) Wet paint sign must be posted in all public areas when appropriate.

30.) The odors, which arise when various construction procedures are done, can cause discomfort to the sublessees of the Building. Examples of these odor concerns are carpet adhesive, wallpaper sizing, wood stains and finishes and painting. These activities which

sometimes produce odor problems for sublessees in the Building will be done during evening non-business hours, as approved by Owner and/or Manager. Also, Owner and/or Manager should be alerted to arrange for added ventilation. Cost associated with additional ventilation shall be at Contractor's sole expense. ***In addition, all TI Contractors will cooperate with shell building contractor's air quality reading measurements as is required by LEED, when applicable. This may include temporary shutdown of activity that jeopardizes air quality readings before and during actual testing of same.***

31.) Contractor shall provide temporary electrical devices within the Subleased Premises for its subcontractor's use. Contractor will not be permitted to run extension cords through public space on occupied floors or through occupied sublessee spaces.

32.) Contractor shall use reasonable measures to minimize energy consumption in the construction area when possible. The Building shall pay for normal electrical consumption during the construction process. All lights and equipment must be extinguished at the end of Contractor's business day. In the event that Contractor continues to leave lights and equipment on during off-hours, Owner reserves the right to receive just compensation for excessive electrical consumption.

33.) Contractor/Sub-contractor may park in designated spaces only. ***This on-site parking is limited to that which is available on-site. Contractor shall be prepared to make additional arrangements should supplemental parking be required for any and all workforces working under their contracted scope. Any vehicles found in unauthorized spaces will be subject to posted parking rates, tickets, towing or other steps as may be needed to avoid conflicts with adjacent sublessee and neighbor parking.*** Specific instructions should be obtained from Manager.

34.) No work is to be performed, nor materials stored in any area other than the Subleased Premises under construction without prior authorization. No staging of trucks or materials will be allowed in areas that may affect traffic flow.

35.) Rubber wheels are required on all vehicles transporting materials in the Building.

36.) All equipment and material will be designed and attached for seismic loading in accordance with governmental agencies having jurisdiction over the Work.

Commencement of any work shall constitute acceptance or contractor will take full responsibility for the following:

1. Communicating these Contractor Rules to all Contractor's personnel and subcontractors; and

2. Enforcing these Contractor Rules in regards to employees of Contractor and subcontractors.

Contractor shall deposit $_____ with Manager prior to commencing any work. The deposit will be held in a non-segregated account of Owner or Manager. Deposit will be refunded along with the final payment, following the successful completion of the Work. In the event that Contractor fails to complete the Work in compliance with the contract, causes any damage to the Building, fails to pay subcontractors, is fined as described above, or causes any other financial loss to the Owner, then Owner shall have the right to use the deposit in part or in whole to offset those costs. However, the use of the deposit shall in no way limit the rights of Owner to collect any damages caused by Contractor.

Re: Rental Car Counter – Emergency Procurement
Date: December 19, 2023

With the addition of a new rental car company to begin operating at the Airport, we need to provide a temporary counter space in the terminal until a permanent counter and office space are constructed. Due to time constraints and our contractual requirement to provide the counter, the staff was unable to obtain three quotes. The total purchase amount, including shipping and installation, is $10,762.31. Staff reviewed the quote to ensure pricing received was in line with the product requested.

In accordance with PMGAA's Procurement Policy, this report is to notify the PGGAA Board of the emergency procurement for this urgently needed purchase.
