2017

Dear Prospective Applicant:

Thank you for your interest in joining the exciting business revolution occurring at Phoenix-Mesa Gateway Airport. In keeping with the Airport Authority's continuing emphasis on Airport development that promotes business opportunity and job growth for our entire East Valley community, we are pleased you are considering lending your voice and efforts to achieving these goals.

This Agreement Application provides a starting point for the leasing of Airport property, or authorizing business entities to conduct regulated business activities within Airport boundaries. The Application's purpose is to introduce you and your company, enable the Airport Authority staff to gain a clear understanding of who you are, the nature of the business or aeronautical activity you would like to conduct here, and how that activity can or will contribute to Airport and community development goals. Please provide all information requested and complete the Application in the most detailed manner possible.

Upon receipt of your completed Application, it will be reviewed for completeness, references will be checked, and a preliminary determination will be made regarding the compatibility of your proposed activities with available Airport resources and development guidelines. This review normally takes one to two weeks. Thereafter, you will be contacted to begin appropriate Agreement deliberations, or advised of any potential deficiencies or omissions that may have been noted. Generally, the entire agreement process, from Application receipt through Airport Authority approval, can take several weeks, depending upon the scope and complexity of your needs.

Throughout the entire Application and Agreement development process, your primary contact will be a staff member within the Business Development Department. Please feel free to contact that staff member at the telephone number above should questions or concerns arise.

Again, we thank you for your interest in Phoenix-Mesa Gateway Airport and look forward to the opportunity to serve and work with you.
