QUESTIONS

The following questions were received in writing prior to the deadline:

Q1: We would like to clarify if it is indeed a requirement to have \$5,000,000.00 in automobile insurance coverage? Answer: **Yes, the \$5 million auto insurance is required, as vehicles will be operating airside. This coverage is necessary due to the potential risk of collision with aircraft and the high cost of damage in that environment.**

Q2: Is this for every vehicle on the property or just the vehicles that are in the secured areas? Answer: **The \$5 million auto insurance requirement is for vehicles driving airside.**

Q3: If we do have a portable piece of equipment that will fit through the 31" doorways, is this equipment something that could be stored on site and be able to be dropped off at the terminal curb line and rolled to all of the secured areas that need to be washed or do we need to be able to trailer this piece of equipment to the airport each service date? Answer: **The Airport does not have a space to store equipment. The selected Offeror would need to bring the equipment to the Airport on each date of service.**

Offeror shall indicate receipt of this Addendum and any previously issued Addenda by completing and including the Addenda Acknowledgement Attachment for the IFB.

ALL OTHER TERMS AND CONDITIONS OF THE IFB REMAIN UNCHANGED.

The above-referenced IFB Addendum is hereby issued and executed August 14, 2025, at
